# **Career Readiness**

There are endless career choices. Whatever career we choose to pursue, we need to begin to develop skills that will prepare us for the future.

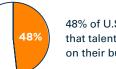

So Get Involved So with 4-H!

There is a lack of technical and workplace skills in today's workplace. According to the 2015 Manpower Group Talent Shortage Survey,

#### U.S. EMPLOYERS

One in three U.S. employers have a hard time filling positions due to potential employee's talent shortage.

48% of U.S. employers acknowledge that talent shortages have an impact on their business.

Despite this lack of know-how in today's workplace, more youth than ever are graduating high school and pursuing postsecondary education. However, youth are still lacking the critical expertise that will help them succeed in their careers. America has a very real career readiness dap (Career Readiness Framework).

4-H is the nation's largest youth development organization. The 4-H program and its project areas are proven to develop those critical skills needed in today's workplace. This is achieved by allowing youth to Explore, Learn, Practice, and Experience possible careers.
