The CAMPUS TODAY

A Summertime Foursome

THE FOUR GOLFERS pictured on the cover, snapped by Travis Smiley, are trying to prove that it is possible to mix books with outdoor sunshine. "We won't win any trophies", they say modestly, "but we have fun."

Left to right, they are Mary Elderton of Independence, Jack McCabe of Naperville, Ill., Beth Chapler and Nick Braden, both of Charles City.

Summer classes opened June 4, with a matriculation convocation. Featured speaker was Dr. Vernon P. Bodein, director of religious activities. Simultaneously branch summer schools opened at Atlantic and Creston, Iowa. Summer graduation exercises will be August 19, with the quarter formally closing at noon August 20.

Commencement Was Colorful

MORE THAN 500 FACULTY members and students donned academic gowns and marched, in colorful academic procession, from the Campanile to the Men's Gymnasium for the 71st annual Commencement, Tuesday, May 25, at 7 p.m.

The 1948 class featured the largest group of four-year degree graduates in the history of the college—206 out of 323. Students who completed their requirements in the fall and winter quarters, along with spring quarter can-

didates, were included in the colorful ceremonies.

"What Dare We Expect from Education Today" was the topic of the address given by Dr. Kenneth Irving Brown, president of Denison University, Denison, Ohio.

"Education is a faith, an important item in the American credo," Dr. Brown declared. "There is probably more genuine family sacrifice for education today than for any other single feature of our American life."

The Baccalaureate service for the graduates was held May 23 at 10:30 a.m. in the auditorium, with the principal address by Dr. Al-

Volume 32 July, 1948 Number 3

THE ALUMNUS is entered as second class matter at the post office in Cedar Falls, Iowa, under the act of August 24, 1912. Authority granted January 27, 1930. It is published and distributed quarterly in January, April, July, and October, by the Iowa State Teachers College.

The Alumnus is mailed without charge to 18,600 alumni. As second class matter it is not forwardable without extra cost. Editorial and technical duties are handled by the Bureau of Publications.

bert C. Outler, professor of theology at Yale University.

"There are many in our times who appear to be confused by the choice between democracy even as we have it and communism as we know it in the Russian-dominated orbit of the East," Dr. Outler said.

Condemning the "super-heated" patriot as a man who lives blindly by the creed, "my country, right or wrong—my country," as a menace to peace and real patriotism, he went on to say that one should be loyal to home and class and country but should yet have a higher loyalty to truth, to social and economic justice, and to God.

Eugene Bovee Granted Leave

EUGENE BOVEE, B.A.'39, instructor in biology, will enroll at the University of California in Los Angeles, beginning September 1.

He will complete work on his Ph.D. degree in protozoology and physiology. He has also accepted a teaching fellowship. He received his master's degree at the University of Iowa. He is studying at the Iowa Lakeside Laboratory this summer.

Heavy Traffic at Placement Bureau

SCHOOL OFFICIALS from all parts of Iowa stampeded the Teachers College Placement Bureau throughout the spring months, seeking teachers.

Dr. E. W. Goetch, director of the bureau, reports that "we have been busier than ever," with some 5,000 calls coming from Iowa schools alone. As *The Alumnus* went to press, more than 500 new placements had been made.

The greatest demand for teaching candidates this spring was in the primary and elementary grades, Dr. Goetch said.

Demand was especially brisk in such fields as music (both vocal and instrumental), science, mathematics, art, physical education for women, industrial arts, English and speech.

Salaries for four-year graduates, with no

teaching experience, range from \$2400 to \$3500, with the highest salaries paid in such fields as music, industrial arts, home economics, physical education, and coaching.

Students going out to teach in the elementary grades, with only one year of training and no experience, have signed contracts calling for \$1800 to \$2000 for the nine-month period. Two-year students, Dr. Goetch reports, will receive from \$1900 to \$2300.

"A unique trend in this year's placements concerns the husband-and-wife teaching teams," Dr. Goetch pointed out. "We have placed about 12 couples, where both husband and wife want to teach in the same town."

He cited an example of one school superintendent who badly needed a home economics teacher and hired the husband-to-be as a commercial teacher, even though he had plenty of other applicants for the commercial position. Good home economics teachers are scarce.

Combined salaries, in many such cases, range from \$5300 to \$6300.

Dr. Sage Granted Leave

DR. LELAND L. SAGE, professor of history at Teachers College, has been granted a leave of absence for the summer quarter and one other quarter of the 1948-49 school year.

He has been given a grant in the form of a Newberry Library Fellowship in Midwestern Studies to enable him to complete a biography of William Boyd Allison, Iowa senator between 1873 and 1908.

Pursuit of biographical data will take Dr. Sage to Des Moines and Washington, D. C., during the five or six months he will spend in completing the Allison study. He has been collecting information and writing the biography during the past three years.

Located in Chicago, the Newberry Library is a privately-endowed research institute which specializes in studying life in the midwestern United States. Grants are given annually to historians and writers who are working on studies of midwestern culture.

Misses Brown and Sires Resign

ELIZABETH BROWN and Louise Sires, members of the education faculty at Teachers College, have resigned their posts.

Miss Brown, whose resignation was effective at the end of the spring quarter, will become supervising principal of the Washington elementary school in Jacksonville, Ill.

Miss Sires, who will remain through the summer session, will become an assistant professor in the teachers college of Marshall College, Huntington, W. Va. Specializing in the field of primary education, she will be associated with Dr. D. Banks Wilburn, former Teachers College faculty member and present dean of teacher education.

The two education faculty members joined the Teachers College staff in September, 1945. They recently authored a book, "Guiding Primary Children," which emphasizes the need for pre-reading activities.

Miss Brown was in charge of the elementary reading clinic at the Campus School for two quarters and initiated the program in remedial reading for college students. Both Miss Brown and Miss Sires did extension service work for several quarters.

Journalism Fraternity Installed

A NEW TEACHERS COLLEGE organization is Alpha Phi Gamma, honorary coeducational journalism fraternity, which was installed May 7. The retiring national president, Gil A. Cowen, was in charge.

Gordon Strayer of Drinkwater, Saskatchewan, Canada, served as the fraternity's first president. Jack McCabe of Naperville, Ill., will be the executive in charge of the next year's events.

First event sponsored by the group was the traditional journalism dinner, revived this year after a war-time lapse. The symbolic oil can "for the most outstanding service" was awarded to Strayer, who served as executive editor of the College Eye during the last year.

Scannell Replaces McGranahan

Bob McGranahan, sports assistant in the Bureau of Publications, has been granted a year's leave of absence to do graduate work at the University of Iowa.

Replacing McGranahan will be Don Scannell, who graduated June 5 from the University of Iowa School of Journalism.

Mrs. McGranahan, who has served as the managing editor of *The Alumnus*, has resigned her position.

Mr. Scannell has served as a sports reporter for the Iowa City Press-Citizen and the Daily Iowan, and as news writer for radio station WSUI, Iowa City.

Mrs. Scannell will also join the bureau of publications, serving as secretary. She formerly was employed as secretary to the director of dormitories at the University of Iowa.

MORE THAN 300 alumni and faculty members congregated in the main dining room of the Commons, Sunday, May 23, for the 65th annual Alumni Reunion.

Honorees were the classes of 1898 and 1923, celebrating their golden and silver anniversaries

respectively. The new class of 1948 also took a bow.

Elmer P. Schindler of Nevada, Iowa, vice president of the alumni association, spoke for the class of 1923, which was represented by 59 members. Humorous highlight of the day

was a skit, arranged by Mrs. Irene Davis Eaton and starring Jerry Hegarty, a student from Sioux City, as "Birdie".

New president of the alumni association is Martin Brandes, B.S. '24, coach at Waverly, Iowa. He serves for a one-year term.

Hart and Cable Retire from Their Posts

DR. RITTER AND DR. LANTZ NAMED SUCCESSORS

IRVING H. HART and DR. E. J. CABLE, long-time faculty members at Teachers College, will retire from their posts as head of the extension service and science department, July 1 and September 1, respectively. Both will continue in emeritus capacities, however.

Dr. E. L. Ritter succeeds Hart, and Dr. C. W. Lantz will take Cable's place.

The new extension director, Dr. Ritter, is the president-elect of the Iowa State Education association. A native of the Hoosier state, he received the B.A. degree from the Indiana University, and the M.A. and Ph.D. degrees from the University of Iowa.

Dr. Ritter was a member of the extension service staff until 1941, when he was transferred to the department of teaching. In addition to teaching courses in mathematics and education, Dr. Ritter has served as coordinator of rural teaching.

The new head of the science department, Dr. Lantz, has been a member of the faculty since 1921. He taught in the high schools at La Harpe and Harvey, Ill. He holds B.A., M.A., and Ph.D. degrees from the Illinois University. He was made a professor of biology in 1933.

Mr. Hart will remain on the faculty serving

as official college archivist and historian. He has contributed 34 years of service to Teachers College joining the faculty in 1914 as a field supervisor working under Dr. C. P. Colegrove, who was head of both the extension service and the department of education.

"At that time the extension office was a part-time stenographer's desk in the registrar's office. Dr. Colegrove and I didn't even have a place to sit down."

A graduate of Grinnell college, Mr. Hart has taught, done graduate work at the University of Iowa, and served as school superintendent and county superintendents in numerous Iowa towns.

Dr. Cable says he'll "just be beginning to catch up on a lot of work", when he retires. Chief among his new responsibilities will be serving as the curator of the college museum. "There are a lot of things that need to be done around the museum", he says. "I'm going to get them done now."

Dr. Cable received his undergraduate training at Cornell college, Mt. Vernon, and also received the M. S. degree in 1903. He received the Ph.D degree from the University of Iowa in 1917.

Iowans Win Farm Bureau Scholarships

THE YOUNG IOWANS pictured on these pages represent the "cream" of the state's senior crop and prospective rural teachers of 1950.

They are winners of the two-year scholarships financed by the Iowa Farm Bureau Women's Committee. In the fall, most of them will don green beanies signifying they're freshmen at the Iowa State Teachers College and will begin work on a two-year course in rural education.

These 16 students are among the 18 scholarship winners named by the Farm Bureau women, who are seeking a positive approach to solving Iowa's knotty problem—that of provid-

ing well-qualified teachers for the state's rural schools.

The first group of 18 scholarship winners have completed their first year of teacher preparation.

Selection of Farm Bureau scholarship winners is not a haphazard affair. The records of this year's 120 applicants were carefully studied by a state scholarship committee, which named 36 finalists.

The 36 finalists all appeared for personal interviews with the state committee. Since all candidates were necessarily high in scholastic ranking, the committee was especially interest-

ed in those boys and girls who have shown special ability in extra-curricular activities—music, dramatics, speech, 4-H club work.

Each winner receives a \$280 cash award to be used in a two-year teacher-training course aimed at preparation for rural teaching.

In addition to the 16 students pictured, Florence Van Maanen of Leighton, and Betty Marrs of Mount Ayr, also won Farm Bureau scholarships.

All of the winners are outstanding citizens of their high schools. For example, Harold Abbott of Conesville played "center" on his school's basketball team which went to the state tournament and was president of his class . . . Joan Milton of Little Cedar and Wanda Milburn of Kellogg authored plays produced by the

high school . . .

Marcia Schoeneman of Aplington finished at the top of her class, acted as a majorette with the high school band, and won a major award for dramatics . . . Another valedictorian was Beverly J. Donaldson of Webb, who, among other things, played basketball, edited the school paper and participated in dramatics.

Eloise Steffins of Winfield won state honors in the vocal music contest, served on the student council, and led school cheers at athletic events.

. . . Another class president, for two years, was James Jackson of Jefferson, who was outstanding in football, baseball, and basketball.

In such young people, the Farm Bureau firmly believes, lies hope for more and better teachers for Iowa's rural and elementary schools.

● Coach Dave McCuskey congratulates the London-bound Panther wrestlers, who won places on the U. S. Olympic team. left to right: "Germ" Leeman, McCuskey, Bill Koll and Bill Nelson.

Three Panthers Sail for Olympics

AMONG THE WORLD'S OUTSTANDING athletes preparing for the London Olympics this summer are three Teachers College wrestlers—Bill Koll, Gerald "Germ" Leeman and Bill Nelson.

Seeing London will be a new experience for two of the "champs," Leeman and Nelson, but for Koll, it will be a return visit.

Koll was in the European theater two years with the combat engineers during World War II. Although he spent six months in England, it wasn't until 1945 that Bill was able to spend a furlough in London.

"I'm looking forward to renewing many acquaintances in London and southern England," the Iowa Teachers champ said.

Wrestling, obviously, isn't new for this Panther trio. Their combined total of 34 years in high school and collegiate grappling experience was climaxed this spring when the Koll—Nelson—Leeman combination grabbed first team Olympic berths.

A diet of "steak and more steak," salads, eggs, toast, and tea plus daily year-around workouts on the mat are the success secrets of the three Panthers.

The late Fred Cooper started Koll on his wrestling career at Ft. Dodge in the middle thirties. He lost most of his bouts during his sophomore year and wasn't even good enough to wrestle regularly on the varsity during his junior year. However, he won several tournament matches late in his junior year before winning the state title as a senior.

"My biggest thrill was winning the state AAU title for Iowa Teachers in 1942", says Koll. "Defeating Cornell's Fred Bishop in the finals gave me the confidence I needed." Bishop placed second in the national collegiate meet later in 1942.

"My first year on the Panther varsity team and winning my first national title in 1946 were thrilling moments," concluded Koll.

The Leemans have been outstanding wrestlers at Osage high school since grappling was inaugurated there in 1935. Brother Ed Leeman, who started "Germ" wrestling, won Osage its first state titles in 1937 and 1938. "Germ" followed in his brother's footsteps with three state championships in as many years, plus a national AAU title in 1940.

"Germ's" two younger brothers, Dale and

Billy, are promising prep school mat candidates at Osage. Dale is a freshman, while Billy is in junior high school.

"Billy has been wrestling ever since he started to school, and you can bet that he'll be out to better my record," commented "Germ." And following Billy in another ten or twelve years will be "Germ's" own son, Mark, age 2.

"My prep school coach, R. T. Mitchell, taught me the fundamentals, and being around McCuskey four years was no liability," concluded "Germ."

"Germ," who will receive his degree at the end of the summer session, will be coaching and teaching in Ft. Dodge this fall. He will complete most of his academic work before July 1, but will take examinations in three courses after returning from the Olympic games in late summer.

Bill Nelson started his wrestling career in the sixth grade under the expert tutelage of A. B. Parsons at Eagle Grove. Bill recalls how he was pinned in 55 seconds in his initial bout during his freshman year.

"I climbed the ladder one rung at a time, win-

ning third in the state tournament my sophomore year, second my junior year, and first as a senior," Nelson said.

Last year Nelson won the national collegiate 165-pound title for the Panthers, and climaxed this performance by winning an Olympic berth in 1948. The sophomore sensation, a physical education major, expects his five-month-old son, William Dale, to be a champ too.

The Leeman-Koll-Nelson combination has accounted for 60 Iowa Teachers dual meet victories during their respective collegiate careers. Koll and Leeman are undefeated in dual meet competition, while Nelson has lost only two bouts to Illinois' Dave Shapiro in 1947 and to Michigan State's Gale Mikles in 1948.

All three Panthers have, at one time or another, won national collegiate wrestling titles. Koll has three championships, for 1946, 1947 and 1948. Leeman captured the national crown in 1946, while Nelson was victorious in 1947. Leeman was selected the outstanding grappler of the 1946 tourney, an honor won by Koll in 1947 and 1948.

Panthers Will Play *Night Football*

IOWA TEACHERS COMPLETE GREATEST ATHLETIC YEAR
IN HISTORY WITH 55 VICTORIES IN 8 SPORTS . . .

Two Games In Afternoon

NIGHT FOOTBALL WILL MAKE its debut at O. R. Latham field this fall. Under tentative plans two home games, against Drake October 2, and Western Michigan, October 16, will be played at night. Both contests will be Saturday night. All you Dads will be honored at the Drake tilt.

Not all games will be evening events, however. The 27th annual Homecoming classic with South Dakota State will be Saturday afternoon, October 9. The final home contest with North Dakota State, November 13, will also be an afternoon affair.

According to present plans eight poles, eighty feet in height, will alluminate O. R. Latham field. The poles, with twelve sealed beam lights each, will be placed outside of the quarter mile track. The cost is expected to be approximately \$12,000.

The Panthers' Greatest Year

It wasn't only three Olympic wrestling champions and one collegiate grappling titlist that made this the greatest year in Teachers College athletic history. Eight Panther sport teams cooperated to produce the greatest number of triumphs, 55 since 1940-41.

Coach O. M. "Hon" Nordly's basketball quintet notched the most victories, 14, in annexing the North Central conference crown. Three Panthers, Norm Jespersen, Van Combs, and Walt Kochneff, won all-conference recognition. Jespersen was also honored on Collegiate Magazine's annual all-middle western team.

Coach Dave McCuskey's wrestlers, with an 8-1 record in dual meet competition, had the highest won-lost percentage. Coach C. L. "Buck" Starbeck produced a fifth straight championship football team, a new record for the 24-year-old league.

Coach Art Dickinson's track team lost only two dual meets in eight starts. The Panthers, minus their leading scorer, Ed Herrmann (88½ counters), missed the conference track title by an eye lash. The versatile Herrmann, a five-event specialist, was sidelined with a broken ankle.

High jumper Johnny Revelle and weightman Elvin "Dutch" Goodvin were also top Panther scorers. Revelle represented the Panthers in several of the national major indoor and outdoor classics. His best effort: 6 ft., 4 7/8 in., at the Silver Anniversary Teachers College Relays.

The Panther golf and tennis teams notched five victories each, while the links-men captured the loop title.

"Buck" Calls Football Practice

Coach C. L. "Buck" Starbeck has invited 44 candidates to the opening fall session August 30. Tackle Jason Loving, two-time "Little All-American", backs Bob Williams and Paul DeVan, who won the same recognition in 1947, head the list of 17 returning lettermen. All-conference blocking back Elvin "Dutch" Goodvin, and center Dick Gant will also be back. Williams paced the Panthers in five offensive departments last year, while DeVan was the leading loop scorer.

"Mun's" Men End Big Season

Coach L. W. "Mun" Whitford's baseball team had a highly successful campaign winning 12 of 16 starts. Iowa State, Drake, Morningside, South Dakota State, and Wisconsin Teachers were among the Panthers' victims.

Hard, timely hitting featured the Panther attack as 11 men batted over the .300 mark. Heading the parade was Max Mabie who hit safely 28 times in 71 appearances at the plate for a .394 average. The slugging first sacker also slammed three homers, one triple and three doubles; finished second in runs batted in with 18; and handled 139 chances in the field with only one miscue.

Infielder-outfielder Bud Wessel finished second in the hitting department with a .383 average and drove in the most runs, 20.

Two righthanded pitchers, senior Herb Dorsey and sophomore Don Dahlke won five and four games, respectively. Freshman Jack Whipple added two triumphs and Mabie one. The versatile Dahlke, when not on the mound, played in the outfield so his hitting power could be fully utilized. He drove in 12 runs and hit a fancy .425.

Senior George Case, a big, left handed hitting outfielder, was one of the big guns in the Panther attack. Playing half time, Case hit .428 and drove in nine runs. Two first year men, outfielder Bob Vrbicek and second baseman Lee Bailey, regulars at the end of the season, are expected to be mainstays in 1949.

Athletes Honored at Dinner

Approximately 250 Teachers College athletes and band members were honored at the annual all sports-band dinner given by President Malcolm Price and the athletic board, May 18. Wrestler Koll scored another triumph, winning the annual athletic-sportsmanship-scholarship award.

OLYMPIC WRESTLERS

(Continued from page eleven)

Injuries kept Leeman from defending his title in 1947, while illness sidelined Nelson at this year's meet in Bethlehem, Pa. Leeman wrestled for Iowa Pre-Flight and Corpus Christi during the war, scoring eight victories in as many starts. Leeman captured approximately 100 high school bouts, Nelson 60 and Koll 30.

McCuskey, the man behind the Olympic champions, graduated from Teachers College, with a B.A. degree in 1930, and returned to his alma mater as wrestling coach the following fall.

One of the greatest football players in Panther history, he won four letters as a triple threat halfback. An outstanding pitcher, he won three baseball letters. The wrestling mentor found the going a bit tougher in the mat department, however. He didn't even make the first team regularly, in fact.

"Competition was too sharp for me some times," he says ruefully.

Two potential Panther wrestlers, Dave Jr., 9, and John 12, "work out" almost continuously, during the wrestling season at least, with their dad. Fishing, next to wrestling, ranks as the family's favorite sport. Fishing, they say, gives them a good chance to talk over next year's wrestling prospects!

Newest Contributors to Chapel Fund

Letters of enthusiastic approval, accompanied by contributions, daily reach the Teachers College alumni office, as alumni respond to the appeal for funds with which to build a small campus chapel.

Many more contributions are needed, however, the chapel committee reports. For the reader's convenience, a blank, which may be filled out and mailed with a contribution, is printed on the inside back cover page.

One of the recent contributors, Eva May Sinn of Jacksonville, Fla., class of '05, wrote:

"It is approaching 50 years since I entered the old State Normal School as a young girl from country school.

"I have never forgotten the friendly Christian atmosphere I found. I am glad to contribute a small bit to the chapel. I wish it could be more, but alas! Retired school teachers are not affluent" . . .

Another contributor, Harriet Milligan, B.S. '38, now of Chicago, has written, "I think it is a wonderful idea and the chapel will fill a great need."

Masculine Approval, Too

Representing the men, G. G. Ripley, class of '99, of Berkeley, Calif., puts it this way: "Think it wonderful that you plan on having a chapel on your campus as I have often thought the one at Stanford University and the one at the University of Chicago very interesting."

The newest contributors, as *The Alumnus* goes to press, are:

DR. ROBB TEACHES DRAMA

DR. KATHRYN ROBB, B.A. '24, present head of the English Department at Marygrove College, Detroit, Mich., has found a practical way to make the Greek theater come to life for her students.

Seeking a practical method to illustrate the perplexing problems of Greek drama, Dr. Robb and a former student, Theresa Parsons, designed and built a Greek stage.

In addition, they constructed 15 puppet heads to represent the traditional Greek chorus, and a number of masks. These practical materials, Miss Robb finds, have been invaluable in bringing the Greek theater to life for her students.

Will You Receive Your Next Alumnus?

You will undoubtedly not receive the next issues of *The Alumnus* if you move and fail to leave a forwarding address with the Bureau of Alumni Affairs at Teachers College.

The *Alumnus* cannot be forwarded without extra postage in advance, so postoffice officials must return to the college all unclaimed copies of the magazine — often at great expense to the college.

So if you plan to move this summer or fall, please be sure to write to the Bureau of Alumni Affairs. Give us your new address, along with a few lines of "chatter," so that we will know about your new activities.

If You Are Planning To Move Soon, Send Us Your Change of Address Now!
