This year marks the 10th anniversary of the Gerontology major at the University of Northern Iowa!

We are thrilled to announce that the number of students enrolled in our major and minor programs has more than tripled since 2005.

I am also excited about the new opportunities we will be able to pursue due to a generous gift from the Davis family. This gift was given by Sherry Davis Kleinman (Pacific Palisades, California) and Susan Davis (Sag Harbor, New York) in memory of their mother, Adele Whitenack Davis.

A purpose of the gift is to help educate today's students about the opportunities that are available to them in the field of gerontology. The gift will also support research in the field of aging.

Thanks to the Davis family for their amazing generosity!

Sincerely,

Elaine
