#### Basketball Team Must Be One Of Top Four For 1947 Tournament Bid

Yesterday's story about the Fulton basketball schedule which stated that the Bulldogs will play in the Jackson Purchase tournament January 31-February 1 was not entirely correct—unless our crystal ball was in good working order.

Only the top four teams in the Purchase conference will participate in the tournament. These teams will be selected on their own-loss record for the season prior to January 31.

Thus, Fulton must earn one of the top spots in the conference to enter the tournament.

### Official Returns From Nov. 5th Election Are Announced Today

Frankfort, Ky., Nov. 20—(AP)—Official totals of the November 5 election compiled in the Secretary of State's office today gave John B. Cooper, Republican, a 41,833 majority over John V. Brown, Democrat, in the race for the United States Senate. The returns showed Cooper got 327,852 votes and Brown, 285,929.

W. A. Sandefur, Socialist, and only other candidate in the race got 1,828.

In the Court of Appeals race, Third Appellate District, incumbent Judge Clyde B. Latimer, Republican, received a 10,099 majority over his Democratic opponent, Joseph O. Polln. The official totals were: Latimer, 44,889 and Polln, 33,940.

The official tabulation of the congressional races was compiled in the Secretary of State's office as follows:

### Mrs. Sudie Root Tuggle Dies At Barbourville

#### CIO Condemns Order Against Miners' Strike

##### Says U. S. Action Violates Norris-LaGuardia Bill

LEWIS NOT MENTIONED

Atlantic City, N. J., Nov. 20—(AP)—The CIO convention today condemned a Federal Court order designed to head off a full-scale coal work stoppage as a "clear violation of the Norris-LaGuardia Act."

The delegates approved unanimously an anti-labor injunction resolution to which they added:

"We condemn the action taken by the Federal Government in obtaining a sweeping injunction against the United Mine Workers of America.

"This is a clear violation of the Norris-LaGuardia Act.

"No anti-labor injunctions can dispose of the problems now confronting workers who see their earnings shrink before the fast rising cost of living.

"American Democracy cannot tolerate any attempt to impose economic slavery through vicious anti-labor injunctions.

The name of John L. Lewis, Mine Workers' president who returned from the CIO to the AFL last winter, was not mentioned during the proceedings on the anti-labor injunctions resolution.

Van Bittner, chairman of the Resolutions Committee and of the CIO's southern organizing drive, told the delegates before they voted that he had as much experience on labor injunctions as anyone in the room.

"Insofar as the mine workers are concerned, we are not going into the merit of the controversy in any way, except as it involves use of the injunction to settle labor disputes," Bittner said, adding:

"We are against labor injunctions anywhere at any time."

In a drive to put industry on the defensive the CIO predicted manufacturers would have \$7,700,000,000 fund available for pay raises in 1947.

### Seek Larger Hunting Area

#### Obion Countians Renew Fight For More Shooting Grounds At Reelfoot

Union City, Tenn.—Renewal of a fight to open additional areas of the present federal game refuge on Reelfoot Lake to duck hunting was announced yesterday by a group of Obion county sportsmen, including the Obion county Isaak Walton League and a group of militant ex-GI's.

Spearheading the movement to extend the area for duck hunting is Ralph Morton, Union City hotel man, sportsman and ardent advocate of Reelfoot Lake as a hunting ground.

In a statement Monday, Morton declared, "At the present time, nobody knows where he can go on Reelfoot to kill a duck. People ask me where to go—I can't tell them. The guides can't tell them. There just isn't any hunting area left."

Morton recalled a statement made here in January, 1945, by Bill Gistead, manager of the federal refuge at Reelfoot, that the ducks were being saved for the GIs' who were at that time fighting the war.

"We have waited and we have saved the ducks for the GIs," Morton said Monday. "Now the GIs are back and they want to go hunting; but the limits of the refuge are just the same that they always were. Maybe the ducks are there for the GIs, but they can't get them. Nobody can get them. We want to see this situation corrected."

Proponents of the extension of the hunting area insist that the duck hunter must be given more room and more opportunity to shoot. They declare that the federal refuge now includes 90 per cent of the shooting area on the lake, leaving the hunters only 10 per cent.

### Fulton Men Are Enjoying Trip

#### Five Sportsmen Who Are In North Michigan Will Be "Having Wonderful Time"

The Leader this morning received a post card from Paul Boyd, now on a hunting trip in northern Michigan with four other Fulton men, which said, "Each and every one of us is having a wonderful time here at the '500 club.' We will be home about Sunday."

Others at the club are Aaron Butts, R. E. Sanford, Buck Bushart and Bob White.

The other side of the card showed the snow-covered lodge on Lake Gogebic, Marquette, Michigan, where the Fulton Nimrods are staying.

The Mayfield city council last night decided to take over the job of erecting 168 concrete street markers for the city of Mayfield.

The Mayfield Junior Chamber of Commerce recently sponsored a campaign to raise \$750 for purchasing the street markers.

### Graves Countians Will Decide Type Of War Memorial

A mass meeting to determine what the Graves county war memorial will be is to be held at the Graves county court house in Mayfield Tuesday evening, November 26.

Mentioned as possibilities for the memorial are a stadium, a playground and park, a swimming pool and an auditorium.

Dr. E. C. Walters of Graves county has offered his 53-acre farm two miles from Mayfield as the site for a stadium, if this type memorial is desired.

### Lexington Paper Wins Libel Suit

Lexington, Ky., Nov. 20—(AP)—Circuit Judge Chester D. Adams yesterday ordered a directed verdict in favor of the Lexington Herald-Leader in a libel suit brought by Mrs. Barbara Travis Vanderpool.

The plaintiff sought damages for a story published Nov. 18, 1945, which she claimed was libelous. The paper claimed the story was true and was obtained from police sources.

The story related incidents on a city bus that led to her arrest of breach of peace charges on Nov. 17, 1945.

### Paducah I. C. Shops To Close

#### Shutdown Is Set For Next Monday; Blamed On Strikes At Mines

Paducah, Ky., Nov. 20—(AP)—The Illinois Central shops will close here after next Monday's shifts, John Welsh, shop superintendent, said today, because of work stoppages at the mines.

Welsh said about 1,100 men out of a total of 1,173 now employed in the shops will be laid off after the 3:40 p. m. and midnight shifts.

He said only about 50 men would be retained to maintain the power house and to complete repairs on a locomotive.

T. K. Williams, Kentucky division superintendent, said work stoppages at about 17 Southern Illinois mines Tuesday and 10 reported on the Kentucky division today were responsible for the layoff.

Williams said about 80 per cent of the tonnage carried on the Kentucky division comprises coal shipments.

### Lewis' Lawyers Confer Today

#### On Next Move In UMW-U.S. Controversy As Deadline Nears

##### Secretary Krug Willing To See Lewis Any Time

100,000 MINERS IDLE

By Harold W. Ward

Washington, Nov. 20—(AP)—John L. Lewis' lawyers went into an eleventh hour huddle today as the midnight deadline approached in his showdown fight with the government.

The United Mine Workers chief must decide before today ends whether he will withdraw his contract termination notice that always means a shutdown in the soft coal mines.

Lewis, who may be courting legal penalties if he fails to do so, left his suburban home early but did not go to his office at the Union's building.

Neither did he return to the swank Carlton Hotel suite around the corner which he engaged for the duration of the current crisis.

Yesterday Lewis spent most of the day at the Carlton, reading newspapers and saying nothing.

At issue as the midnight deadline approached were varying interpretations of the duration of the mine workers' contract with the government.

Lewis served notice last week that he was ending the contract at midnight tonight after Secretary of Interior Krug, federal boss of the government-sized mines, took the position that new contract demands should be pursued with the private owners of the mines—not the government.

Court Gave Order

Krug insisted the current contract could not be re-opened for the negotiations. At the government's request a federal court forbade Lewis to keep the cancellation notice in effect.

As the crisis headed up with thousands of miners laying down their tools in nearly all parts of the coal fields, Krug kept to his office. He stayed in touch with the situation in the fields, however, and aides said his door was open to Lewis at any time.

President Truman, vacationing at Key West, Fla., also held himself ready for any quick decisions in the struggle.

Lewis' legal staff, headed by Welly K. Hopkins and William E. Leahy, conferred privately on the course of action to be taken in meetings the temporary injunction obtained by the justice department Monday in an effort to head off the threatened shutdown.

Approximately 100,000 miners—about one-fourth of the nation's coal producers—already had halted work.

Army Is Ready

In the crisis:

1. The Army announced that troops will be ready, if needed to maintain order.

2. The government readied a call to governors of all states east of the Mississippi for "Brownouts" and rationing of electricity and manufactured gas—a move affecting millions.

3. Republican and Democratic lawmakers joined in a rising chorus of demands for labor-management legislation when the new congress meets Jan. 3. There were some scattered demands from lawmakers for an immediate special session.

Under Lewis' own formula, the present government-union contract which went into effect when the Administration seized the pits last May becomes "void" at one minute past midnight, tonight. Presumably, Lewis has until that hour to withdraw his cancellation of the pact—or risk punishment for contempt of court.

He was ordered to withdraw it in an order issued by Federal Judge R. Alan Goldsborough on Monday.

### Stewart Asks Formal Charge

#### Ousted Paducah Clerk Demands City Manager Comply With Statutes

Paducah, Ky., Nov. 20—(AP)—Rudy Stewart has asked City Manager Charles A. Williams to prefer charges in ousting him as city clerk and city alcoholic beverage administrator "in accordance with a city ordinance and state statutes."

Williams dismissed Stewart from the two posts last week.

Stewart issued a statement yesterday declaring that in a conference before Williams handed him the order of dismissal the city manager "deliberately charged me with being drunk in some of the places I inspect as part of my duties."

"This statement was untrue, and the city manager knew it was untrue, and I expect to hold him accountable therefor," Stewart added. He said that he could prove that he had never taken a drink on duty and that he intended to do so "when the proper time comes."

Stewart said he had employed Holland G. Bryan and Roy Garrison to represent "my legal interests in the controversy between me and the city manager."

### State Institutions Have Fairly Big Coal Supplies

Frankfort, Ky., Nov. 20—(AP)—Kentucky institutions which consume approximately \$500,000 worth of coal annually, have at least several weeks supply on hand, John W. Croley, state purchasing director, said today.

He explained the state contracts early each summer for its yearly supply to be delivered from month to month. State welfare department officials estimated the hospitals and correctional institutions under their supervision had upwards of three weeks supply.

### Only Enough Coal Left For Cases Of Urgent Need

New York, Nov. 20—(AP)—John D. Small, civilian production administrator, says if soft coal mining ends tonight there will be stock available in emergency coal piles created by the government "freeze" of stocks to fill only "the most urgent needs affecting public health and safety."

### Six Known Dead, 90 Injured In South Carolina Gas Blast

Greenville, S. C., Nov. 20—(AP)—Six persons were known dead and about 90 injured today as the result of last night's earthshaking gas explosion which shattered the Ideal Laundry Plant and damaged scores of buildings in the northeast section of Greenville.

State guardsmen patrolled the damaged area, assisting city police in preventing looting. Some residences, abandoned by their occupants after they were shaken by the blast, were reported robbed last night.

The dead were: J. Carl Trammell, 41, plant superintendent; J. Wylie Mims, 48, manager of a bottling plant who was visiting in the laundry; Walter Lee Harbin, 65, fireman for the plant, and three negro women employees, Jerline Simpson, Mamie Earle, and Mary Brown.

Greenville's two major hospitals reported they had 20 patients.

Sixty others were given first aid treatment.

The explosion sent a pillar of fire and smoke more than a mile high, visible in nearby towns. The concussion was so great that it was felt 25 to 30 miles away.

A survey showed one business plant, Necessities, Inc., and five dwellings near the laundry badly damaged. About 75 others residences were damaged but not seriously, city officials said. Many others suffered broken window panes, and some had chimneys toppled and walls cracked.

General Manager E. R. Haynie estimated damage to the laundry at \$300,000, not including clothing in the plant. Damage to surrounding property was not estimated.

The explosion originated, firemen said, in a 6,000-gallon tank containing 3,500 gallons of fuel.

A Most Successful Season

One of the most successful football seasons in recent years closed last Friday night with the Bulldogs' victory over Princeton at Fairfield Park. The season was successful in many ways. First of all, it was a winning season. Fulton won six of nine games, and dropped two of its three defeats to Murray and Russellville, who have gone through the year undefeated.

Kentucky next year. But Billy Joe didn't play any harder than the rest of the boys—all of them gave all they had, which is as it should be. And the boys who carried the ball and made the headlines would not want you to forget the less-publicized linemen, without whose work the backfield would have been impotent.

Continuance Given Three Charged With Bank Theft

Paducah, Ky., Nov. 20—(AP)—A continuance was granted in the case of three men charged with robbing the Calvert City bank who were arraigned in Federal Court here yesterday.

Wright and William James Dawes pleaded innocent to charges of robbing the bank of \$8,531.50. They were indicted Monday. The United States mentioned for a continuance in the case until the next term of court, which probably will be held in January.

Trial Is Delayed While Court Looks For An Indictment

Morehead, Ky., Nov. 20—(AP)—The scheduled trial of Lawrence Fyfe, charged with murder in connection with the slaying of his cousin, Mrs. Ma Macon, 33, more than three years ago, was delayed today while a search for the indictment against him was continued.

A jury of 12 men had been seated yesterday when it was discovered the indictment against Fyfe could not be found.

Circuit Clerk Ernest Brown said he did not recall having seen the indictment since his term started last January. He suggested that it might be filed in Court of Appeals records and a call was made to Frankfort to have the papers returned here. They were expected to arrive today.

Danville Women Injured In Wreck

Indianapolis, Ind., Nov. 20—(AP)—Two women from Danville, Ky., were among five persons injured last night in a two-car collision at the south edge of Indianapolis.

Mrs. Rose Christmas, 49, and Mrs. Bethel Christmas, 31, both of Danville, suffered head injuries and were reported in a serious condition at the Methodist Hospital here.

Vols Practice On UK Plays

Cocher Bob Neyland, III With A Cold, Lets His Assistants Work Squad

By The Associated Press
The Tennessee Volunteers, getting ready for their southern conference football battle with the Wildcats of Kentucky Saturday, are being put through their paces by assistant coaches.

The Boss Man, Coach Bob Neyland, is abed with a cold and a sore throat. His physician sent him there yesterday, but allowed him the hope of getting back on the field in a day or so. This bad news didn't keep the Vols from putting on a spirited session against Kaintuck plays yesterday.

At Tuscaloosa, the news was good for the Alabama footballers. Lowell Tew, the Tide's bright right halfback, returned to the first string backfield for the first time in three weeks. And ailing foot has bothered the hard-running Tideman, who now however is ready for the inter-sectional weekend clash with Boston College.

Coach Frank Thomas made ready to lead the lads today to Birmingham where they will take a plane for Boston. The Tide was in good shape and Thomas' spirits were high—what with all this and Lowell Tew.

Murray High To Play Paris, Tenn., There Tomorrow

Murray, Ky., Nov. 20—(AP)—The football game between Murray high school and Grove high school of Paris, Tenn., will be played at Paris tomorrow instead of on Thanksgiving Day as originally scheduled, high school officials announced yesterday. The change was made in order to permit both teams to participate in other contests.

Grove high requested the earlier date for the Murray game so that it could participate in the playoff for the West Tennessee conference title. Murray's unbeaten team has accepted an invitation to meet Henry Clay high of Lexington in the Shrine's Charity game at Lexington Thanksgiving Day.

Murray State Is Working Hard For TPI At Paducah

Murray, Ky., Nov. 20—(AP)—The Murray State College Thoroughbreds are planning to go all-out in their efforts to defeat Tennessee Tech at Paducah Friday afternoon and Western Kentucky State Teachers College at Bowling Green Thanksgiving Day in order to gain a .500 standing for the current football season.

The Tech Eagles will be a slight favorite over Murray on the basis of the records of the two teams to date. The Thoroughbreds downed Tech, 13 to 7, at Cookeville, Tenn., last year.

Cayce News

The Society of Christian Service of the Methodist Church met in an all day meeting Wednesday at the home of Mrs. J. N. Fleming. The Mission study book on India was given by Mesdames Clyde Linder, James McMurry, E. C. Moseley and M. C. Bofidurant.

Mrs. George Allen left last week for an indefinite visit with relatives in Montgomery, Ala.
Seward Wade left Sunday for his home in Jacksonville, Fla. after a visit with relatives near here.

A large crowd attended the first home ball game between Cayce and Western Friday night. We were very proud of our new bleachers, which have recently been built. Everyone enjoyed the crowning of the King and Queen for the year 1946-47.

The Texaco service station and lunch room has changed hands as Mr. and Mrs. Rice of Hickman, Ky., are now in charge.

Sunday visitors of Mrs. Daise Bondurant were Rev. E. J. Stant of McKenna, Tenn., Mr. and Mrs. C. N. Burnett, Mrs. W. P. Burnett and children, and Cecil C. Burnett.

### School Board Vote Contested In Bell

Pinetown, Ky., Nov. 20—(AP)—The election of two school board members in Bell county's four mile precinct Nov. 5 is contested in suits filed here yesterday charging that ballots were cast in the names of two dead men, 60 absentees and 15 persons who lived in other districts. The reported vote of the winning candidates—Robert Hubbard and George B. Hendrickson—is contested by Andy Jarvis and Robert Coign, who charged in their petitions that "fraud, intimidation, bribery and violence" prevailed in the election.
