"Second TVA" For Kentucky Being Talked Need for Cheaper Electric Power Seen By Co-Ops

LOUISVILLE, Ky., Feb. 1—(AP)—Plans for creating a Kentucky electric power authority, similar to TVA, are in the discussion stage, a group of conferees announced upon completing a two-day conference here yesterday.

The conferees said the Kentucky Power Authority would be designed to produce more and cheaper electric power for rural and urban consumers. They said plans were in the discussion stage pending completion of a study of Kentucky's power situation by Chicago utility consultants.

Various phases of the plans were announced by H. Curtis Brown, Brandenburg, president of the Kentucky Association of Rural Electric Cooperatives; W. C. Dale, Shelbyville, president, and Sam J. Hord, Somerset, vice president, of the East Kentucky Rural Electric Cooperative.

Discussing the program with the Kentuckians were representatives of the Tennessee Valley Administration and Department of Interior. They said the Kentucky Authority could be created by Federal or State legislation, or by both.

Brown, Dale and Hord said in a joint statement "cheap power is essential to the agricultural and industrial development of Kentucky" and charged "present owners of supply can't meet the existing and prospective demand."

They said the discussed plans envision ultimate acquisition of the Kentucky Utilities Company system and its consolidation into a network power by hydroelectric developments and construction at Wolf Creek Dam.

Plans for similar developments planned for the Licking River near Falmouth and the Kentucky River at Camp Nelson and Booneville.

Madisonville—Jaller G. C. Cardwell reported Janitor Alexander Buchanan entered Hopkins county jail just as three prisoners were preparing to flee and arrest their escape.

GOOD SHOPPER

Dolores Bianchini, 3, left home with 20 cents and a note to a nearby grocer but when police found her wandering downtown, a mile away, she had collected this 49c piggy bank, a bag of candy and some pennies. Dolores lives in Pittsburgh, Pa.

Obion School Group Meets

'Better Schools' Is Topic For Education Body At Obion Co. Court House

"Better Schools for the Boys and Girls of Obion County" was to be the theme of a meeting of the Obion County Education Association this morning in the circuit court room of the Union City court house, according to Ed Eller, South Fulton, president.

The topic to be discussed was "Present and Future School Problems." A panel discussion which was expected to touch on the subject of consolidation of county schools was included on the program.

Those to participate were John Richardson of Memphis, West Tennessee high school supervisor; County Judge Andrew L. Burrus, Sen. Charles Fields, Rep. George C. Cloys, Mrs. A. E. Treassey, Mrs. Orlis Berry, Mrs. Gertrude Wall, Fenner Heathcock, Ed Critchlow, the Rev. Morris Pepper, the Rev. W. A. Boston, Dr. M. A. Blanton, Jr., Walker Kerr and Bill Tanner.

Mrs. E. C. Grisham, South Fulton school librarian, was to give several readings.

President Truman Meets With His Cabinet

President Harry Truman and members of his cabinet meet in the White House offices cabinet room. Left to right: Clinton Anderson, Agriculture; Lewis Schwellenbach, Labor; W. Averell Harriman, Commerce; Julius A. Krug, Interior; Robert E. Hannegan, Postmaster General; Robert Patterson, War; George Marshall, State; President Truman; John Snyder, Treasury; Tom C. Clark, Attorney General and James Forrestal, Navy.

'Let Us Sit By The Side of The Groundhog Hole' And Learn If The Weather Will Be Hot Or Cold

By Elaine Kahn Pittsburgh—Three hundred and sixty-four days a year a groundhog (Arctomys monax or Marmota monax if you woodchuck admirers want to be technical) is only a groundhog.

But come Feb. 2 and the groundhog is an oracle, no less. To at least three bitterly rival Pennsylvania societies, Mr. Groundhog becomes a weatherman of weathermen, the "Great of Sages," and even, the "King of all Prophets."

From Punxsutawney's Gobbler's Knob in the western part of the state to Skunk Hollow in Quarryville and the Pennsylvania Dutch Groundhog Lodge in Allentown there is unity in only one respect—faith in the groundhog's ability to foretell the weather for six weeks from Feb. 2 to Feb. 18.

two rival lodges, members of the Slumbering Lodge of Ground-hogs at Quarryville solemnly chant: "Let us sit by the side of the groundhog hole and wait for the prophet who knows. Who can tell when the winter is over and gone and done with its ice and its snows? Why should we hark to the siren call of those of a spurious clan? Let us sit by the side of the groundhog hole and wait for the prophet who can!"

Members of the Quarryville Lodge, formerly dressed in long white nightshirts, fancy top hats and bearing crooked staffs, make an annual dawn visit each Feb. 2 to the groundhog hole at Skunk Hollow.

Jealous of its membership, the lodge took in only 92 men in 30 years and only three outsiders. The late President Roosevelt was once turned down in favor of two local blacksmiths.

They Eat 'Em, Too The Gobbler's Knob society claims an 11-year seniority over the other groundhog lodges. It started in 1898 when a group of seven men went for a hike, caught and fried a groundhog to a tasty brown, and liked it so well they decided to make in an annual feast.

Ground hog meat, parboiled in soda, and then fried in butter is a regular feature of the Gobbler's Knob banquets. The groundhogs fostered by the various lodges do not limit their predictions to the weather but branch into fields of politics and world affairs.

Last year the Quarryville outfit offered its forecasting system to the United Nations of U. S. would agree to use it for "peaceful purposes." Gobbler's Knob predicted the war would end in 1945.

Groundhog Number aims in all lechaw (the Pennsylvania Dutch members will argue with you how to spell it) translates the groundhog's predictions and the annual banquet menu into Pennsylvania German.

Its members undergo the most rigorous preparations. Ritual demands that lodge members rise and without speaking face the sun to observe to what degree it casts a shadow. The direction and velocity of the wind, ceiling of the clouds, visibility and depth of frost on the ground are all pertinent factors for the grand climax—the observation of the groundhog emerging from his hole.

All of the lodges have made big plans for groundhog festivities this year so the world is assured of at least three versions of how the groundhog feels about his shadow and the next six weeks.

Lost Soldier Phones Parents

Louisville Ex-Jockey Is Discovered In Tokyo Missing Since Sept., '44

LOUISVILLE, Ky., Feb. 1—(AP)—An Army private and former jockey who "disappeared" during the fighting in the Pacific in September, 1944, talked to his parents here today by long distance telephone from Tokyo.

His parents, Mr. and Mrs. A. C. Berger, said today their son, Pvt. James Berger, had not been heard from by either army authorities or themselves for two years and five months.

"Jimmy," as the ex-jockey was known around the race tracks, never was reported officially as missing, captured, wounded or killed.

Mrs. Berger said the family was notified Jimmy was in Tokyo when she stopped his pay in September, 1944, because it did not know his whereabouts. Efforts by the Berbers followed every possible military channel, the Red Cross and congressman, now speaker, Joseph Martin.

Jimmy's brief conversation today came in as clearly as though they were talking from a corner drug store nearby, the Berbers said. But Jimmy didn't explain his long disappearance. His only comment on that was, "I've got a lot to tell you when I get home."

Scrapmaster Please Kids Washington, Ga.—(P)—Machinist Zeno Young is a scrapmaster with a sense of fun. Out of odds and ends—an oil drum, a length of stove pipe, a few nuts and bolts—he has installed in his back yard such children's delights as a miniature train that hauls passengers around a wooden track, a small ferris wheel and airplane swings.

Joseph Ruddle Re-Enters Army For Three Years

Joseph Ruddle, a veteran of four years' army service, has re-entered the regular army for a three-year period, according to Recruiting Sergeants George Carden and Jeff Garrott of the Mayfield army recruiting station.

Ruddle has gone to Fort Knox, Ky., and later will go to Fort Lewis, Wash. From there he will sail for Japan to serve in the army of occupation.

Attorney Asked Entirely Too Much

Lexington, Ky., Feb. 1—(AP)—A meeting called to give city firemen an opportunity to answer grand jury charges that some unnamed firemen looted at the scene of fire ended in an uproar here last night.

The meeting broke up after R. E. Lee Murphy, a Lexington attorney, suggested Lexington cut out all gambling, including bridge and bingo, enact a curfew and take all race horses out of Fayette county.

Walker at last night's meeting reiterated charges that city firemen were inefficient and that some looted his place of business when it burned Oct. 28, 1942.

Pres. Truman Still Against General Increase In Rents

Washington, Feb. 1—(AP)—Opposition to a general rent increase was reiterated today by President Truman.

He also told a news conference that he would not penalize Major General Philip B. Fleming, director of the office of temporary controls, for preparing an order for a flat ten percent raise in rents which the President killed before it could be issued.

Navy To Leave Pole In March

Task Force Commander Says Admiral R. E. Byrd Will Be Last To Go Home Little America, Jan. 31—(Delayed)—(P)—Little America will be evacuated by the last of the Navy's Antarctic expedition force about March 1, Admiral Richard E. Byrd, task force commander, announced tonight.

He said the USS Mt. Olympus, central task force flagship, and the two cargo ships, the Merrick and Yancey—all of which have relatively thin hulls—will leave Little America between Feb. 4 and 10.

The ships are to wait outside the thickening ice pack while Admiral Richard E. Byrd, expedition commander, and 190 men remain at the tent camp until final evacuation. Cruzen had said previously the expedition might have to leave shortly because the ice pack, heavier than expected, might close in. The three ships are not built to stand heavy ice pressure, as are the expedition's ice breakers.

Waterfield To Be Feted At Mayfield

Harry Lee Waterfield, Clinton and Fulton publisher and floor leader in the state House of Representatives, will be the guest of friends of Mayfield and vicinity at a rally at the Style-Mart Clubhouse, Fifth and Water streets, Mayfield, Monday at 8 p. m.

Sponsors of the rally have extended an invitation to the public to attend the meeting.

Owen Will Direct Road Building For Hiway Dept.

Frankfort, Ky., Feb. 1—(AP)—Promotion of Cabell Owen, chief of the Seventh Highway District at Somerset, to the directorship of the Highway Department's division of construction here was announced by commissioner J. Stephen Watkins today.

Owen has been with the Highway Department since 1927.

House Committee Insists On Bigger Sugar Allotments

Washington, Feb. 1—(AP)—A House committee investigating food shortages "insisted" unanimously today on 10 to 15 pounds more sugar for every American this year. It said industrial users should have a third more than they got in 1946.

The committee rushed its report and recommendations to secretary of agriculture Clinton P. Anderson in advance of a Monday meeting of an international sugar committee which will try to divide the world supply.

Bigger Atom Bomb Rumored; Lilienthal Will Tell Congress

Washington, Feb. 1—(AP)—A hint that new and more powerful atomic bombs came from the domestic atomic energy commission today as senators deferred final action on President Truman's six nominations to the agency.

The commission, in the first of two reports it is required to submit to Congress yearly, announced that "research and development work on improved atomic weapons is in progress."

A member of the Senate-House atomic committee, who asked not to be quoted by name, said he interprets this as confirmation of rumors that something vastly more powerful than the bombs which dropped on Japan is in production.

The report also disclosed: 1. Costly and painstaking methods for the production of U-235—the "pure" product needed for bombs and other weapons—have been so improved that considerable savings have been effected. One of three methods in use was abandoned, apparently in favor of the more efficient ones.

2. The government is seeking to develop new deposits of uranium and thorium, two sources of fissionable materials which create atomic explosions and energy.

3. The commission lists research in atomic power for airplanes as a major project. The Army Air Forces has a contract with the Fairchild Engine and Airplane Corp. for research in this field at Oak Ridge, Tenn.

VA Service 2 Days Weekly

Perryman Will Visit Fulton Monday, Tuesday Of Each Week In Future

Due to the large number of requests for advice and assistance, Veterans Administration contact service to Fulton will be increased to two days a week starting Monday, Feb. 3, according to Harry E. Perryman, contact representative.

In addition to his regular Tuesday visit, Mr. Perryman will include Fulton on his itinerary each Monday. He will be available on these two days each week from 9 a. m. to 3 p. m. in Room 202, post office building.

The semi-weekly visits are designed to give Fulton county veterans and their dependents close-to-home service on all benefits administered by the Veterans Administration. Such benefits include pension and compensation, hospitalization and out-patient treatment, loans, insurance, and education and training.

Miss Jewell Joins Leader

Will Assist In Paper's Advertising Department, Beginning On Feb. 3

Miss Ouida Jewell, daughter of Mr. and Mrs. Leland Jewell, 315 Carr street, has accepted a position on the staff of the Daily Leader, beginning Monday, Feb. 3.

She will devote the major part of her time to preparing advertisements and otherwise assisting local merchants in using this newspaper as an advertising medium. Miss Jewell also will assist in the news and society departments of the paper.

She was graduated from Fulton high school, and later attended the University of Tennessee Junior College in Martin. Before joining the newspaper, she was a Fulton representative of the Union City radio station.

Miss Jewell replaces Jeff Garrott of Mayfield, who resigned from the Leader staff to re-enter the army as a recruiting sergeant.

Building Crafts Discard Strikes As A Weapon

Truman Pleased; Calls Agreement Significant Step

U. S. STAYED OUT Washington, Feb. 1—(AP)—President Truman announced today a management-labor agreement in the building trades to settle dispute by voluntary arbitration and without strikes.

The agreement, which Mr. Truman made public at a news conference, is between the associated contractors of America and the approximately two million workers who are members of the building and construction trades department of the American Federation of Labor.

The President termed the agreement a significant step toward industrial peace and expressed the hope the idea would be taken up in other industries.

In a joint letter to the President, the two parties described the agreement as providing joint conference committees for the settlement of any dispute which is voluntarily submitted to the committee by mutual agreement.

Mr. Truman wrote congratulating both sides. He said: "Now that most of the wartime controls have been removed it is appropriate that in the American tradition labor and management assume their full responsibility. You have negotiated the present plan without government participation. The public and the government look to you to make it work."

In a separate statement Mr. Truman called attention to recent agreements in the steel and rubber industries and said that was "good labor news." He referred to the management-labor agreement with the U. S. Steel Corporation and its subsidiaries on elimination of wage rate in-creases and postponing application of the existing contract with the United Steel Workers (CIO) until April 30.

Mr. Truman said the U. S. Rubber Company and the CIO rubber workers also have reached an agreement "on a significant contract."

"The making of these agreements," he said, "indicates a widespread willingness to resolve industrial disputes without resort to force. We are moving closer and closer to our ideals of free collective bargaining."

Tennessee Solons Will Work Monday On Education Bill

Nashville, Feb. 1—(P)—Tennessee legislators—absent from Capitol Hill today on their customary weekend recess—come back Monday night to go to work on the General Education Bill, the second major administration measure to come up for action.

The bill, which provides a basic outlay of \$44,377,532 for grade and high schools during the next school year, was offered yesterday by Gov. Jim McCreary, who expects its way through the 75th General Assembly.

The legislature paved the way for adoption of the Education Bill, which would add more than \$14,000,000 to the current annual educational outlay, when it passed the two percent retail sales tax last week. The tax, effective June 1, was designed to provide a minimum of \$20,000,000, of which 90 percent will go to the educational fund.

Truman Unafraid Of Travel By Air; He Is Fatalistic

Washington, Feb. 1—(AP)—President Truman expressed no fear of flying today and remarked that if your name comes up it doesn't matter whether you're traveling by train, plane or any other conveyance.

The question of flying came up when a reporter asked Mr. Truman about reports that the secret service had expressed worry about his flying, particularly on his projected flight next month to Mexico City.

The President replied that the secret service—which guards president—has not expressed any fears to him personally and added that he likes to fly.

Wall Street Report

New York, Feb. 1.—(AP)—Fractional advances had a shade the best of the argument in today's early stock market proceedings. Ahead at a moderately active opening were Bethlehem, Chrysler, General Electric, Paramount Pictures, Sears Roebuck, U. S. Gypsum and North American. Small declines were recorded for General Motors, Radio Corp., Union Carbide, Standard Oil (NJ), Northern Pacific and Philadelphia Electric.

Unclad Models Will Get More Pay For Shivers

Paris, Feb. 1.—(AP)—Unclad models posing in unheated Paris studios henceforth are going to get more pay for their work. The models' union ruled today that for artists who can afford black market fuel, the fee for nude models will remain unchanged at 500 francs (\$3) per hour. But, a union announcement said, the charge will be increased by 36 francs (30 cents) an hour "as soon as the model complains of goose flesh."

Johnny Kling, 71, Ex-Cub Catcher, Dies In Kansas

Kansas City, Feb. 1.—(AP)—John G. (Johnny) Kling, colorful catcher of the Chicago Cubs from 1900 to 1911—who at the height of his career warned young players that professional baseball could "lead to wickedness and death"—died here last night. He was 71 years old. Kling suffered a heart attack six weeks ago on a train while returning to Kansas City from Miami, Fla. The former Cub star, whose fondness for pool playing brought him a world's title, had made a fortune in real estate and died a wealthy man. Playing in the days when a rookie had a tough time making the grade because of unwillingness of veterans to step aside even for a day, Kling took time out in 1908 to discourage ambitious feckless baseball unless they were certain of success.

New Union City Buses Arrive; Line Starts Soon

Union City—Two new buses ordered by the Union City Bus Lines have arrived in the city, and operation of the bus line is to begin on Sunday or Monday. The first day of operation will be "free day" and everyone will have the opportunity to ride the buses without charge, the owners said.

SOUTH FULTON ORDINANCE

AN ORDINANCE providing for and requiring the registration of all vehicles and fixing the amount of the registration fees and providing for the collection thereof, providing for the disposition of the funds arising from the collection of said fees, and providing penalties for the violation of any of the provisions of this ordinance: Sec. 1. Be it ordained by the board of Mayor and Aldermen of the City of South Fulton, Tennessee, that for the purpose of this ordinance "Motor Vehicles" and motor vehicles shall be construed to mean any automobile, automobile truck, automobile trailer, automobile tractor, motorcycle, electric automobile, electric automobile truck or tractor or any other vehicle of like character regarding the descriptions enumerated herein and byways, streets and alleys of the City of South Fulton, Tennessee, by either steam, distillate, gasoline, electricity or other mechanical power for the purpose of transportation or for the purpose of power; It is also the purpose and intention of this ordinance to include bicycles and scooters when same are propelled by any type of mechanical power.

Sec. 2. Be it further ordained, That as a condition precedent to the operation of any vehicle on any highway, street or alley or other public thoroughfare in the City of South Fulton, Tennessee, the owner thereof shall first register such vehicle with the City of South Fulton, Tennessee, in the manner hereinafter provided, and shall pay the registration fees herein after imposed.

Registration shall be effected through the office of the City Recorder of the City of South Fulton, Tennessee. The Recorder of the City of South Fulton, Tennessee shall adopt and promulgate rules and regulations adopted to the enforcement of this section and succeeding sections relating to vehicle registration, and which shall have the effect of law, and they SHALL HAVE THE FOLLOWING PROVISIONS: A.—No registration of any motor vehicle shall be issued by the registering official unless the owner shall present satisfactory evidence of such vehicle shall be subject to registration under the provisions of this ordinance unless said vehicle is suitable and safe for use on the streets.

When used in this section or other sections relating to motor vehicle registration, the terms "suitable" and "safe" for use on the streets mean: That the provisions of Sections 2693, 2694, and 2695 of the Code of Tennessee and all amendments thereof have been complied with, and that Chapter 35 of the Public Acts for the year 1933 have been complied with.

That the vehicle is equipped with brakes adequate to control the movement of and to stop and hold such vehicle, including two separate means of applying the brakes to at least two wheels and so constructed that no part which is common to two, except that a motorcycle need be equipped with only one brake. All such brakes shall be maintained in good working order. That the correct motor number and or serial number shall be given in each instance before registration is effected.

Sec. 3. Be it further ordained, That in order to facilitate the efficient and uniform enforcement of this ordinance, vehicles are hereby classified, and the respective registration fees imposed and fixed as follows: Class A—Motorcycles with two wheels, Registration fee \$2.50. Class B—Motorcycle with three wheels, Registration fee \$2.50. Class C—Passenger motor vehicles, weighing not exceeding 3500 pounds, Registration fee \$5.00. Class D—Passenger motor vehicles weighing over 3500 pounds, Registration fee \$5.00. Class E—Bicycles and scooters when propelled by any type of mechanical power, Registration fee \$1.00. Class F—Freight Motor vehicles with a declared maximum gross weight including vehicle and load of not more than 8,000 pounds, Registration fee \$5.00. Class G—Freight Motor vehicles with a declared maximum gross weight including vehicle and load over 8,000 pounds, Registration fee \$5.00.

Sec. 4. Be it further ordained, That in addition to the registration fees provided herein, passenger motor vehicles operating for hire shall, pay at the time of registration the following fees: Motor vehicles with two seats for passengers, \$15.00. Motor vehicles with over two and not more than five seats for passengers, \$15.00. Be it further ordained, That whenever the ownership of any such vehicle shall become changed by sale or otherwise the registration number, tag or plates shall remain upon such vehicle as a part thereof until such registration expires by law. Be it further ordained, That each transfer shall be made a matter of record in the Recorder's office by having the transfer certificate executed and paying a transfer fee of fifty cents (.50c) for each vehicle transferred. After the passage of this Ordinance, registration shall be made under the provisions of this ordinance and the annual registration of all vehicles shall be had on the first day of January, 1947 and annually thereafter. Such registration shall entitle the owner of the vehicle so registered to operate the same over the highways, byways, streets, alleys and thoroughfares of the City of South Fulton, Tennessee, for a period of TWELVE MONTHS from and after the FIRST DAY OF JANUARY of the year in which the registration takes place. Be it further ordained, That it shall be the duty of the City Recorder to enforce the provisions of this ordinance, and in so doing he shall: Ascertain the names of the owners of all wheeled vehicles above described and included in the City of South Fulton, and have warrants issued against the owner operating such vehicle in violation of the provisions of this ordinance. Take registration applications from the owner of any vehicle designated in this law; Collect the fees provided for in this law; Distribute the number, tags or plates and keep a complete record in his office for the benefit of the general public of all such motor vehicles and other vehicles registered in this City. Be it further ordained, That there shall be an additional fee of twenty five (.25) cents, known as clerk fee, same to go to the recorder or clerk of said City for the issuance of tags and stickers or plates and for the transfer of ownership of such vehicles due to be transferred. Be it further ordained, That all registration fees collected under the provisions of this ordinance, and all fines collected because of the violations of this ordinance, shall be paid into the general funds of the City of South Fulton, Tennessee, and there held until disposed of by proper ordinance or resolution of the Board of Mayor and Aldermen. Be it further ordained, That it shall be unlawful for any person who has not obtained the license, or registered the vehicle, required by law for vehicles, to operate any vehicle on any highway, street, alley or thoroughfare of the City of South Fulton, Tennessee, without having affixed, in a conspicuous place on said vehicle, the tags, sticker or plates required by this ordinance. Be it further ordained, That any violation of any section or subsection of this ordinance shall be punishable by a fine of not less than two (\$2.00) dollars and not more than fifty (\$50.00) dollars for each offense, and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues. Be it further ordained, That if any section, subsection, paragraph or clause of this ordinance be declared unconstitutional, such declaration of invalidity or unconstitutionality shall not affect any other portion of the ordinance, it being the legislative intent to allow said ordinance to stand with any invalid or unconstitutional portion eliminated. Sec. 5 Be it further ordained, That this ordinance take effect from and after its passage, the public welfare requiring it. Passed 3rd reading this the 6th day of Dec. 1946. (Signed) J. H. Lowe, Mayor. (Attest) R. A. Fowlkes, Recorder

Prayer Service Wed. 7:15 p. m. Choir Rehearsal, Friday 7:15 p. m. VISITORS ALWAYS WELCOME. TRINITY EPISCOPAL CHURCH Aaron C. Bennett, Pastor Sunday 7:30 p. m. Evening Prayer and Sermon. ST. EDWARDS CATHOLIC CHURCH Rev. Thomas Libs, Pastor First, third and fifth Sundays, mass, 10 a. m. another swoon-style singer is being given the sort of buildup to put him in the footsteps of Sinatra, Como and Haymes. No telling how far this buildup with scoop him along the popularity ski-chute, but he already has attracted a good deal of attention among youngsters of the short-sox set, as well as quite a few folk who take their swing music seriously. His name is Mel Torme. The last name is pronounced "Tormay," which, if he becomes a national success will be twisted into some version of "Torment" by the folks who take a professionally oppositionist attitude on all musical ambitions of this sort. Mel is a 21-year-old whose success with his own musical group called the "Mel-tones" has been considerable on records and in movies. A recent album by this skinny youngster—he's five-seven and weighs 135 pounds—made with Artie Shaw for MCA Records is one of the current collectors' items. More a rhythm artist than a soloist so far, Mel has decided to give up his swing chorale and concentrate on a single performing career. His record bosses and a goodly number of hep musicians believe that he has one of the best chances in recent musical history to attract important money.

Q—What does grace mean? A—As used in Eph. 2:8 it means, "unmerited favor." Q—Is one saved by grace alone? A—The Bible plainly teaches that we are saved by grace, but it no where states that salvation is by grace alone. If we are saved by any one thing alone, what could be the possible meaning of the numerous passages which teach that we are also saved by many other things? For example: the love and mercy of God; the life, death, blood, resurrection and gospel of Christ; preaching, faith, repentance, confession, baptism, obedience and faithfulness. Hence, all of these things working together ultimately result in the salvation of the lost. Saved by grace, but NOT by grace only. Q—Can a Christian fall from grace? A—In Gal. 5:19-21 various sins are mentioned. Having addressed his remark to Christians the apostle then gave "this timely warning, "they which do such things shall NOT inherit the kingdom of God." That some Christians did commit the sins above mentioned is plainly stated in Jas. 4:3 "Ye adulterers and adulteresses, know ye not that the friendship of the world is enmity with God? . . . If believers become unbelievers, will they not be lost? Jesus foretold of some . . . which for a while believe and in time of temptation fall away." (Lk. 8:13) Paul later told of some who did make shipwreck of their faith (1 Tim. 1:19, 20). Yes, a Christian can fall from grace and be lost.
