Précisions des auteurs : un nombre relativement important de nos références bibliographiques est désormais disponible dans les archives ouvertes, les pages de chercheurs dans les sites de leurs universités ou leurs sites personnels. Cependant, nous ne transcrivons pas l'adresse (URL) de ces publications en libre accès pour éviter d'allonger une bibliographie déjà bien fournie et nous invitons les lecteurs à les retrouver avec leur moteur de recherche favori, de préférence spécialisé dans les fonds scientifiques, ou dans les plateformes dédiées aux publications scientifiques.
