2018-19 Workplan

✓ Gather existing training resources and workflows from our own institutions
✓ Assess viable resource types
✓ Survey MWDL for:
  ◦ Training resources needs
  ◦ Desired platforms
  ◦ Training resources to contribute
✓ Establish a platform
✓ Populate platform with gathered material
✓ Collect training resources from MWDL participants

Our goal is to create a central repository for trainings, procedures, workflows, and MWDL documentation. ...at platform would work best for you?

Mountain West Digital Library

The Mountain West Digital Library (https://mwdl.org) is a collaborative of libraries, museums, and archives — universities, colleges, public libraries, museums, archives, and historical societies. Starting in 2001 as a program of the Utah Academic Library Consortium, MWDL has been joined over the last decade by partners in other states in the West as well, including Utah, Nevada, Idaho, Oregon, Wyoming, and Hawaii.

The following are resources and guides used by the MWDL collaboration. View them grouped (below) or in a list here: http://www.libraryworkflowexchange.org/tag/mwdl/
