ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY, MARCH 21, 1930

VOLUME XXIX, NO. 36

HONORED

Citizen Claimed By Death This Morning.

MR. HUGH NELSON

Died Suddenly After Brief Illness—81 Years Old and a Veteran Of Three Wars.

From Saturday's daily.

Mr. Hugh Nelson died at one o'clock this morning at the home of his son M. H. Nelson, near this city. His death was sudden and unexpected, although he had been complaining a week. One week ago yesterday Mr. Nelson walked into the city and attended the convention at the court house. He became overcast and contracted a severe cold. He complained of feeling indisposed and was suffering from a bronchial trouble but was not confined to his bed until Thursday night. Even then his condition was not such as to warrant alarm. It was thoroughly rational and conscious up to the hour of his death, and a few minutes before dissolution conversed with his grandson.

Mr. Nelson was born in Mecklenburg county, Virginia, in 1849 and was descended from a family which has given to this state a number of its most distinguished men.

When a very young man Mr. Nelson went to Texas, while that territory was still a part of Mexico. He engaged with the Texas patriots in their struggle for independence and remained several years after independence was achieved.

Shortly after the war between Texas and Mexico Mr. Nelson moved to Kentucky, settling at Columbus, then in Hickman county. He married Miss Mary Wallace, a daughter of Dr. James B. Wallace, who was for many years a resident of Christian county. When the war between the United States and Mexico commenced Mr. Nelson joined the American army. At the conclusion of hostilities he again returned to Kentucky where he resided until the late stages of war again called him, and he enlisted in the case of the South. Since the war he has resided in Christian county.

Two children survive him, Mr. M. H. Nelson, of this city and Mrs. W. E. Ward, Sr., of Oakley.

Mr. Nelson was a man of broad information and a remarkably retentive memory. He was a most conversationalist and his mind was stored with interesting reminiscences of historical events. Himself a figure in many of the most stirring and dramatic scenes in the nation's history, it was always interesting to hear him recount the "battles, sieges, fortunes" through which he passed.

On questions touching genealogy he was perhaps the best posted man in this section of Kentucky. He could tell of the antecedents of every person who claimed Virginia ancestry. He was a typical gentleman of the old regime and his loyalty to the old order and the old State seemed intensified with his years.

Mr. Nelson united with the Episcopal church early in life and lived consistently with all its teachings.

The funeral services will be conducted at St. George Church at half past two o'clock to-morrow afternoon, and the interment will follow at Hopewell Cemetery.

THE FIRST BABY.

Its Coming is Looked Forward to With Both Joy and Fear and its Safe Arrival is Hailed With Pride and Delight by All.

The arrival of the first baby in the household is the happiest and most important event of married life. The young wife who is to become a mother delights to think of the happiness it will bring her when the little one shall nestle upon her breast and later she shall hold in her arms the sweet and holy name, "mother." But her happy anticipation quickly vanishes when she realizes the terrible pain and suffering through which she must pass while bringing the little one into the world. An indescribable fear of the danger attendant upon the ordeal soon dispels her joyfulness.

Thousands of women have learned by experience that there is absolutely no necessity for the suffering which attend child-birth; they know that by the use of "Mother's Friend," a scientific liniment—for a few weeks before the trying hour, expectant mothers can so prepare themselves for the final hour that the pain and suffering of the dreaded event are entirely obviated and it is safely passed through with comparatively little discomfort.

All women are interested, and especially expectant mothers who for the first time have to undergo this trial, in such a remedy for they know the pain and suffering, to say nothing of the danger, which is in store for them. "Mother's Friend" is woman's greatest blessing, for it takes her safely through the most critical period of her life. Every woman should be glad to read the little book "Baby is Born," which contains the story of great value to all. It is sent free to anyone who sends for it to The Bradford Regulator, Ga.

Edwards and James McPherson.

By the death of Mr. Moss the bar of Western Kentucky loses one of its most talented members. The deceased was thirty years old, and a gentleman of high character. He was nephew of Maj. Thomas Moss, of Paducah, a conspicuous Purseholder and former Attorney General of Kentucky. Mrs. Moss, formerly Miss Sallie Ross, will come to Hopkinsville in the near future to reside.

HEART DISEASE

Ended His Life Last Night—Well-Known Ex-Policeman Is No More.

From Monday's daily.

Ex-Policeman William J. Wadlington died very suddenly last night at a few minutes past eight o'clock.

Mr. Wadlington was at the home of Mrs. Boyd on Third street, near the post plant. Mrs. Boyd is a widow and Mr. Wadlington had been waiting on her for some time. He called at 8 o'clock last night and was met at the door and invited in by Mrs. Boyd. He seated himself in a chair and was engaged in conversation with Mrs. Boyd and a Miss Witty. Apparently he was in no pain and was in excellent spirits. Suddenly Miss Witty noticed that he began to breathe with difficulty. At the same time a pallor crept over his face. She called Mrs. Boyd's attention to him before anything could be done for his relief his head sank back on his chair and with several gasps he died. Death had been sudden and painless.

The ladies immediately notified the authorities and Mr. and Mrs. John Hall, a starting incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunk in, tongue coated, pain continually in back and side, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bites,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and now I feel as well as I know they saved my life and rubbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at E. L. Right's, O. K. Witty's, R. G. Harkness's, J. O. Cook's and A. P. Harness' Drug Stores.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also a sign that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, relieves every wish in curing rheumatism, pain in the back, kidney, liver bladder and every part of the urinary passages. It corrects inability to hold water and sealding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cure of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar.

You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention that you read this generous offer in the New Era.

LIFE IN GREAT CITIES.

Strong Sermon From Rev. Dr. Talmage.

SPLendor AND WOE

Helpful Lesson Drawn From His Observations.

VOICES OF THE STREET

WASHINGTON, March 18.—In this discourse Dr. Talmage, who has lived the most of his life in cities, draws practical lessons from his own observations...

We are all ready to listen to the voices of nature—the voices of the mountain, the voices of the sea, the voices of the stars...

In the first place, the street impresses me with the fact that this is a city of toil and struggle. By 10 o'clock every day in this city is jarring with wheels...

Can it be that passing up and down these streets you are not learning anything of the world's toil and anxiety and struggle? Oh, how many eyes are watching how many eyes are watching...

Going down to your place of business and coming home again, I charge you to look about you—these signs of poverty, of wretchedness, of hunger, of distress...

Again, the street impresses me with the fact that all classes and conditions of society must co-exist in the same cities...

On the streets I hear the tramp of a great host, marching and marching for charity. In the office, the street, the shop, the store, there is a world of poverty and distress...

To keep his heart honest. Again, the street impresses me with the fact that it is a very hard thing for a man to keep his heart right...

CRASH

Came a Locomotive Into a Stock Train.

DISASTROUS WRECK

Sunday Morning Three Miles North of This City.—All Trains Were Delayed.

From Monday's diary: There was a collision between a passenger train and a stock train on the Louisville and Nashville railroad three miles north of this city at 9:20 Sunday morning...

A through stock freight, No. 73, had stopped at the foot of a heavy grade in order that the engine might rest...

The engine reversed the throttle and turned on the air. But the train had gathered such velocity as it thundered down the grade that a collision was inevitable.

The train and engine saw the stock train ahead and leaped. A moment later there was a terrific crash. The huge locomotive reared on end...

At nine o'clock last night the track was clear and trains were permitted to go through. The work of clearing away the debris is still in progress.
