## THIRTY DEATHS AND MILLION DOLLAR LOSS

### Cyclone Sweeps Over Meridian, Miss., Destroying Every Building, Large and Small, in Its Path--Business Section of Town Devasted--Residence Portion Escapes--Wires Down--Description of Scene Related by Eye-Witnesses.

Meridian, Miss., March 3.—A terrific cyclone struck Meridian at 6:27 o'clock last night, carrying death to thirty people and wrecking property valued at half a million dollars. Six bodies have been recovered from the wreckage, and many others have been brought to view and the fatalities are expected to reach a higher total. The identified are:

- WILLIAM NELSON, former chief of police.
- CLAUDE WILLIAMS, bookkeeper Meyer-Neville Hardware company.
- J. P. TARRY, policeman.
- MRS. ELLA SINGLETON, and granddaughter.

### Path of Storm.

The cyclone struck this city to the southwest, its first work being to wreck the cotton oil mill, the electric power station and the Queen & Crescent-freight depot. From there all the buildings, more or less minor ones, were wrecked to the Armour Packing company, which is still standing. Lyles' Grocery company went next, the debris catching fire, the lumber plant of C. M. Rubush followed and then the five-story building of the Meyer-Neville Hardware company, where four men were caught.

Claude Williams, bookkeeper, was taken out dead near the front door, another dead man inside is unidentified, C. S. Woodruff was caught by the timbers and held a prisoner, practically unhurt, being dug out of the ruins after midnight by the rescue party.

### Wrecked Buildings.

The other principal buildings wrecked were the Grand Avenue and Ogden Hotels, Railroad Y. M. C.

A. and Elmore's restaurant, including all the buildings on the same square. The old Union depot was partly wrecked and several people injured.

The cyclone left the city toward the northeast, following the line of the road of the Mobile & Ohio, its work of ruin having been done here in five minutes or less.

### Railroad Open, but Wires Down.

New Orleans, March 3.—A special from Meridian says that while much confusion prevails, and detailed lists of the casualties are still unobtainable, the loss of life in last night's storm will, it is believed, reach 100, with double that number injured. The telegraph service out of Meridian is still spasmodic.

### Details of Great Disaster.

Memphis, Tenn., March 3.—A staff special to the Commercial Appeal from Meridian, Miss., says: A tornado in the wake of which followed death, fire and property loss in a sum not to be estimated at this hour, and confusion, descended shortly after 6 o'clock last night and plowed a pathway from the southern to the eastern suburbs of the city.

At 2 o'clock the city was in darkness, the local guards by campfires are patrolling the area of debris and wreckage that extends in a slender path from the Meridian Fertilizer company on the south to the Meridian cotton mills, in what is known as Georgetown, an eastern suburb of the city.

is very severe, calling for a penalty of ten years in state prison for any public official convicted of giving or accepting gratuity, or, in other words, graft. The "deal" mentioned savors strongly of that, according to Mr. Moran.

## SEES PRISON FOR MAYOR

### DISTRICT ATTORNEY MORAN RAISES TROUBLE IN BOSTON.

Boston, Mass., March 3.—District Attorney John B. Moran, "the man who dares," promises to stir up a merry row over the "deal" which was made in order to elect a chairman of the board of aldermen. There had been a deadlock in the board for two months and business was "suffering," especially appropriations.

The board stands seven democrats and six republicans and the opponents of Mayor Fitzgerald had the board tied up solid unless the mayor could induce the republicans to abandon their candidate and vote for his man.

Just before the meeting yesterday the mayor held a long conference with the republican members, at which an agreement was reached whereby Charles M. Draper should be elected and should resign on Aug. 1, when the mayor's candidate was to be elected for the balance of the year. This program was carried out.

### Moran Takes Up Affair.

Early today District Attorney Moran sent for Alderman Francis R. Bangs, who, by the way, was an usher at the Longworth wedding. A two hours' conference was not satisfactory to the district attorney and he at once requested the mayor to call. The latter sent his private secretary, who also refused to give out details of the "deal."

## SAYS PRESIDENT WILL KEEP POUNDING AWAY.

Washington, D. C., March 3.—An intimate friend of President Roosevelt made this statement: "If the Hepburn bill is knocked out, if it passes and is then killed by the supreme court, the president will continue the fight along other lines until he does secure rate regulation. And the sooner the railroads realize this fact the better it will be for them."

## WALSH ARRESTED ON SERIOUS CHARGE

Chicago, March 3.—John R. Walsh, late president of the Chicago National bank, which was saved only by the action of the clearing house committee in the recent Walsh crash, was arrested this afternoon on a charge of having misappropriated three million dollars of the bank's funds.

### CITY IS \$200,000 RICHER

Check Turned Over by Telephone Company as Compensation.

Chicago, Ill., March 3.—In the vault of the city comptroller's office rests a voucher for \$200,000 from the Chicago Telephone company. The check, which Judge John Barton Payne, counsel for the company, handed to Mr. McGinn was another one of the steps being taken by the

telephone interests before proceeding further with their negotiations for a new twenty-year franchise.

The money was sent in reply to a request by the mayor and the comptroller for a part payment of the 3 per cent compensation claimed due on earnings in those suburbs added to the city after 1889. Under the recent decision of the supreme court the city is entitled to these earnings, which are estimated at about \$800,000. The money was paid on the condition that it would not prejudice any rights which the city or company may have in the suit now pending for an accounting of the earnings.

## CHESS CLUB RETURNS TODAY

### ANNUAL ELECTION OF OFFICERS BE HELD TOMORROW NIGHT.

Club Is Largest and Most Successful Social Organization Ever Conducted Here.

Tomorrow evening The Chess, Checker and Whist club will hold its annual election of officers during the meeting to be conducted at their quarters above the Oehlschlaeger drug store on Broadway and Sixth street. These yearly gatherings are always attended by a very large crowd and the elections topics of much interest to everybody.

The president, vice president, secretary, treasurer, and board of directors are chosen, while the house committee and other sub-bodies are named by the president.

The club is the largest social body that ever flourished in this city, a membership is nearly 300 and growing so rapidly that a restriction had to be placed on the number to be taken in, therefore a very large batch of applications for membership are always on the "waiting list." The clubrooms are the handsomest to be found anywhere the state over, occupying the two upper stories of the handsome drug store building, and incidentally the most popular places

in the city. It cost several thousand dollars to equip the rooms which are supplied with game, reading, writing, billiard, pool, smoking, recreation and other rooms with the necessary adjuncts. This is about the sixth years' existence of the club which flourished as none other similar, ever did heretofore.

## STEAMER ARRIVES WITH 2000 RUSSIANS

New York, March 3.—The steamer Pennsylvania arrived at this port this morning, having on board 2,000 Russians, mostly Jewish refugees.

## REARMS TODAY

### DETECTIVE BAKER RETURNED FROM CLARKSVILLE, TENN., WITH J. R. NORFLEET--OTHER NEWS.

Detective T. J. Moore is expected to return this morning from Missouri where he went several days ago on business connected with the William Augustus murder of one week since in the Illinois Central railroad yards of this city. The sleuth refused before departing to divulge his destination, but it is thought to be some portion of Missouri where Albert Schumaker worked before coming back to visit his folks near Boaz station. Nothing has developed in this regard from any other source, as Detective Moore is the only one now working on the matter, as the balance of the officers running down all other sources of clues without result, leaving this one Moore is on the only remaining one.

### Norfleet Brought Back.

Yesterday morning at 4 o'clock Detective Williams Baker returned from Clarksville, Tenn., with J. R.

## EXCELLENT CHANGE FOR PADUCAH

### Outlook Is That Paducah Will Get the Methodist College.--Bill Has Passed Upper House For the Appropriation.

In speaking of the bill the lower house at Frankfort, Chairman Harry C. Rhodes yesterday stated that although the enactment permitted cities of the second class to vote \$150,000 bonds for establishment within their limits of collegiate institutions, still it was more than probable that they would not ask for even twenty-five per cent. of that amount being voted for the institution. As to this, though, he said he could not exactly tell as they had not fully completed their plans in this regard.

The bill has been adopted by the state senate, and now goes before the lower house, where its successful passage will be looked after by Representative Louis P. Head, of this city, who is deeply interested in the project himself, and has promised his strong support and that of his many friends in the state body. It will get its final adoption before the present session closes within the next few days.

Mr. Rhodes continued that of course they would have binding agreements with the educational board of the Louisville Methodist conference, stipulating the college erected here is to be endowed, before there would be submitted to the legislative boards of this municipality the question of leaving with a certain amount of money through city bonds for construction of the college buildings.

The committee is working hard on the matter and believe they will succeed in getting a contract with the educational board of that conference, but of course to state this for a certainty would be premature and unauthorized.

The committee first wants to get the bill through the general assembly, when they will then show the educational conference board what they are in position to do towards getting money sufficient to construct the buildings. If a binding contract can then be gotten with the conference body, guaranteeing this city

an endowment of the institutions if erected and started there will then be submitted to the people the question of voting bonds to be issued in name of the city of Paducah, and let the municipality contribute what money thought advisable. Of course, the committee will get thousands of dollars donations from private individual source, and then ask the community to vote bonds for the balance to make up the amount requisite.

Everybody over the city in speaking of the affair heartily commend the course taken by Messrs. Rhodes, T. J. Newell, B. H. Scott and others of the body, and guarantee their hearty support to the bond issue, which it is believed will not be any trouble to carry, because all realize what vast benefits the city will derive from the establishment here of an educational institution of this nature. The project is to erect the buildings and turn them over, unincumbered, to the Methodist conference educational board, which will take charge and liquidate the maintenance expenses forever afterwards, free of any cost whatever to the municipality or any individual.

One of the city's leading and wealthiest citizen yesterday said no more suitable location for a leading college could be selected than this place, as Paducah was centrally located in this portion of the United States, and had a vast territory to draw from, as the nearest like institutions of any consequence are Nashville, Louisville and St. Louis. Although this one will be maintained by the Methodist educational board, still it is not strictly denominational institution, only one branch being for the theological students, while a general course of all studies will be pursued in the other departments.

The city could not vote bonds for this purpose unless authorized by a special bill in the state legislature, which body makes all the laws for government of Kentucky towns, and which laws at present do not provide for such an issue.

## CITIZENS WILL OPPOSE THE LIGHTING CONTRACT

### Council Chamber Will Be Crowded Tomorrow Night With Citizens Who Oppose the Corporation Move.

Tomorrow night at the council meeting there is to come up the electric light proposition that has been agitating the public for the past few weeks in such a burning manner. Doubtless the general assembly chamber will be crowded to its capacity and many on the outside, as it is learned the community is preparing to turn out en masse to put in their vigorous and bitter protest against the unprecedented dose the aldermen are trying to ram down their throats with expectations that the council will concur in their action.

Mayor Yeiser has been at work all of last week going over the city records, showing how much was appropriated each year for the city's lighting plant, and ascertaining how much of this appropriation was expended in maintaining that institution. The mayor positively refuses to give out his figures, he stating that he does not care to resort to unreliable cards like have appeared in the papers from the other side, the preferring to make his document an official one, and submitted to the public boards with his signature attached to same. He believes that this is the only proper manner to go about the question.

On being asked what he gleaned in going over the records himself, he replied that he learned the lights could be furnished much cheaper than claimed by the adherents to the throttling private corporations, and that he would easily show this at the council gathering tomorrow evening, at which time he will submit his report, which is comprised of valuable data along this line.

The ordinance empowering the city to make a contract with a private concern to furnish electric lights on the streets has been drafted and will be brought in tomorrow night if outline plans materialize. Investigation of the law upon the subject developed the fact that no contract of this nature could be entered into unless first the authority was granted by ordinance, therefore this measure was drawn up for presentation by those attempting to effect

the end towards which they have laboriously worked the past month or two, viz: throw the city partially into the hands of a private corporation that will gradually try to get its tentacles wound around the municipality, judging from their first decision not to enter into anything but a ten year contract, and then dropping down to agreeing to take one for only a few months for a small number of lights.

Mayor Yeiser yesterday said that the position of the Stone & Webster people showed they were willing to do anything to get a hold upon the liberty loving people of this community. That first they considered nothing but a ten year contract, and when shown this was impossible agreed on one for a year, for all the city lights, and now they are willing to take seventy-five lights for the balance of this year. He thinks this is barefaced inconsistency or a galled nature, and announces that he will fight to the last ditch, if it is necessary, to go to that rear trench, but it does not seem like this is necessary as it is understood from a number of sources that the unanimous public clamor for continuation of the plant under municipal control is breaking the backbone of the avaricious fight of the greedy private corporation's champions.

One of the city officials yesterday stated that he did not think the matter would go through, as the mayor would veto any ordinance to this end and this would necessitate, to pass over his veto, a vote that would never be gotten in the boards.

Tomorrow night the mammoth mass meeting will be held at the Central Labor hall on North Fourth street, and it is understood the business men and workmen of the city will go to the city hall hundreds strong and personally protest against being divested of the liberties they selected representatives to look after. Speeches galore will be made, and one wealthy man yesterday said they would show Alderman Palmer, the corporation champion, that the citizens of this place did not need him to do all the thinking for them.

## STATE COMMANDER MRS. ADAMS WELL

### MRS. TIRZAH NELSON WILL ARRIVE HERE NEXT TUESDAY.

### New Odd Fellows' Lodge for Mechanicsburg Will Be Installed This Month.

Mrs. Tirzah A. Nelson, state commander of the Ladies of the Macca-bee, will arrive in this city next Tuesday to hold a school of instruction among the members of the local lodge. The ladies of Loyal Hive will give a reception in her honor at their hall, Fifth and Clark streets, Wednesday afternoon at 2:30 o'clock. A cordial invitation is extended to every lady who is interested in the work, no matter whether a member or not.

## New Odd Fellow Lodge.

Sometime this month there will be installed the new Odd Fellows' lodge being gotten up for the benefit of the brethren who reside in the Mechanicsburg and the Jersey section of the city. Arrangements are now being made for the institution which will be conducted under the supervision of the representative of the grand master for this state. The new lodge will either hold its meetings on the second floor of the building being put up in Mechanicsburg by U. S. Walston, or in the one now used by the Woodmen of the World on the top floor of Broad-foot's grocery, at Third and Elizabeth streets. The lodge will be of convenience to the South Side members who now have to come all the way down to the Fraternity building when they desire attending a meeting of the lodge.

## MRS. ADAMS WELL WAS OPERATED ON AT RIVERSIDE HOSPITAL SEVERAL WEEKS AGO.

### Mr. John Keithley Continues to Improve at His Room on Fourth and Madison.

Mrs. Nannie Adams, of Smithland, was yesterday sent to her home, after being confined for several weeks in her private ward at Riverside hospital, where she was operated on for complicated ailments. She has about fully recovered from her ailment.

## Painfully Hurt Arm.

V. W. Cardwell was painfully injured last evening, at Fourth and Madison streets, as a result of the brake on his car flying back and striking him on the arm. A brake rod had broken and let the brake fly back and strike him. He was motorman on the car and had the injury dressed by Dr. Jeff D. Robertson. The accident disabled him from work.

## Keithley Recovering.

Mr. John Keithley continues to improve at his room in the H. E. Hall house, at Fourth and Madison streets, where he fell out of the high door last Sunday night and painfully injured himself but broke no bones. He will be able to get out of bed shortly. He is a paralytic and while standing on a high door toppled out to the hard sidewalk below.

Senator Frye is said to love to visit some of his Maine friends and have a little supper, as which the main dish is pickled pig's feet, with the usual accessories.

# THE WEEK IN SOCIETY.

**Delphic Club.**  
The Delphic club the coming Tuesday morning will hold its annual election of officers, naming those to fill the different positions during the next year which commences the first of October.

Last Tuesday during the gathering of the ladies at the library Mrs. Frank Parham presented "Louis XV. and Maria Leszinska," which touched upon historical events of the French government. Mrs. Muscoe Burnett talked on "Countess de Mailley and Duchess de Chateauroux." The paper of Mrs. Birdie Campbell was presented by Mrs. A. R. Meyers, it being "The Famous Salons of Louis XV's Regime." Mrs. Campbell is out of the city.

**Last Before Lent.**  
The Cotillion club Monday evening at The Palmer gave its last ante-lenten dance, and many couples were there enjoying the indulgence. The german was led by Messrs. John Bleecker and Roy Culley.

**Komus Klub.**  
Miss Lottie Thomas, of North Thirteenth street, most charmingly entertained the Komus klub. It was a most enjoyable gathering, during which Mrs. Jack Parkham captured the lady's prize and Mr. Parkham for the gent.

**Miss Audrey Taylor,** of Clay street, is hostess for the club the coming Tuesday evening.

**The 400 Club.**  
"The 400 club" was entertained Wednesday afternoon by Mrs. Hughes McKnight, at their home in Arcadia, complimentary to Mrs. William D. Sanders, of Columbus, Miss. This is a new social organization comprised of eight young married ladies who weekly meet at each other's homes to play 500. There being some absentees substitute supplied the vacancies at this gathering.

Mrs. Harris Rankin captured the club prize for the game that was followed by a charming luncheon served the guests who were: Mrs. Allen Ashcraft, Mrs. Harris Rankin, Mrs. Will Minnich, Mrs. James Campbell, Jr., Mrs. John W. Scott, Miss Carline Sowell, Miss Sarah Sanders, Mrs. Will Sanders, Mrs. Lillard Saunders.

**Weldon-Dicke.**  
Yesterday morning at 10:30 o'clock Miss Mary G. Weldon and Mr. William J. Dicke were united in marriage at the residence of the bride on West Broadway. The nuptials were presided over by Rev. T. J. Newell, of the Broadway Methodist church, and witnessed by only the immediate families. The happy pair left on the noon train for a Northern bridal tour of two weeks returning from which they will reside on West Broadway.

One of the city's prettiest and most charming of young ladies is the attractive bride, who is blessed with many cultured and beautiful endowments, that make her exceedingly popular with all. She is the daughter of Mrs. A. J. Weldon and moved to this city several years ago from Pains Landing, Tenn.

Mr. Dicke is one of the city's best known young business men, widely known to everybody. For years he has successfully engaged in the tailoring business and commands a handsome patronage. He is the daughter of Mrs. Barbara Dicke.

The many friends of the contracting pair extend sincere congratulations and wish for them exceeding happiness.

**Revolutionary Daughters.**  
A most delightful and engaging gathering was that held by the Daughters of the American Revolution Friday evening with Mrs. Bettie Soule, of North Fifth, near Harrison streets. It was the March session and quite a number present.

Quotations from the writings of James Madison were responded on roll call by the members at opening, while a sketch of the life of this great man was presented by Miss Emily Morrow. "LaFayette and His Family" were spoken of by Mrs. Saffie Morrow, while "The Quakers and Penn." were talked of by Mrs. Hubbard Wells.

During the afternoon a number of charming musicale features were presented. Mrs. D. G. Murrell and Miss Julia Dabney rendering several piano solos, while the sweet and cultured voices of Misses Lucyette and Mildred Soule afforded much vocal enjoyment.

The chapter regent, Mrs. Hubbard Wells, was selected as Paducah's delegate to the national convention to be held at Washington, D. C., during April by the chapter representatives from over the United States. Mrs. D. G. Murrell was chosen alternate.

**Church Recital.**  
Although the audience was small, still those attending were fully repaid Tuesday evening by hearing the recital given at the Broadway Methodist church by Miss Mabel Maitland, of Dyersburg, Tenn., under supervision of the Ramsey society for that congregation. She is a very talented woman and her dialect and plantation stories are very catchy and entertaining.

She shortly leaves for a two years' tour of Europe, after having spent many years traversing the United States.

**"The Deadbrokers."**  
The attendance and appreciation evidenced last Monday evening, at the Washington school building, on West Broadway, is an excellent testimonial to the ability of Miss Caroline Ham, who composed the little play "The Deadbrokers" that was put on by the High School Dramatic club that evening in the auditorium. Despite the fact it was an unusually disagreeable night out, there was a very large crowd present and they were fully repaid for having the elements as the little plot teemed with interesting features. The caste was composed of students of the high school in the dramatic club, and they rendered well their parts.

**This Week's Calendar.**  
The Entre Nous club will be entertained Tuesday morning by Miss Frances Coleman at her home on West Jefferson street.  
Paducah Chapter, Daughters of the Confederacy, will meet at 2:30 o'clock Tuesday afternoon with Mrs. Roy W. McKinney, of West Jefferson street.  
The Crescendo club will be entertained Tuesday afternoon by Miss Virginia Newell, at her musical studio, on North Seventh street.

## CHURCH WIRES.

**TODAY'S RESULT WILL DECIDE WHETHER THEY RE-MAIN UP.**

The Junior League, of the Trimble Street Methodist Church, Meets Today—Church Brevities.  
The results today will decide whether or not the wires will be left stretched from above the pulpit in the Broadway Methodist church out over the heads of the congregation, and attached to the rear walls. These are the wires put up and used for the first time last week, in attempting to hold down the speaker's voice and confining it to the congregation, instead of letting it go up into the ceiling where it cannot be heard plainly by those in the seats below. Only a few people knew the wires were over their heads last Sunday, but immediately after the preaching many remarked upon the unusual distinctness and clearness with which they heard the sermon, therefore some good must have resulted as they were not cognizant of the unprecedented arrangement that had been made. If today's preaching shows the wires assist the minister in keeping his voice down into the congregation they will be left up and then more put up to be experimented with and see if an increased number will enhance the good results. The peculiar architecture of the building lets the voice go upward from the pulpit, instead of staying down.

**Junior League Session.**  
This afternoon at 2:30 o'clock the Junior League will meet at the Trimble street Methodist church. "Christ's Need For The Children In The Kingdom" will be spoken of. Misses Lou Jenna Billings, Elsie McGuire, Elizabeth Wilson, Florine Bauers, and Anita Billings will recite, while Misses Clara Rhodes and Isabella Griffith will sing a duet.

**Ramsey Society.**  
The Ramsey society of the Broadway Methodist church, will meet at 3 o'clock tomorrow afternoon at the church.

**Epworth League.**  
The Senior Epworth League, of the Broadway Methodist church, will meet tomorrow evening at 7:30 o'clock instead of this evening at 6:30 o'clock. The league has been gathering each Sunday evening just before preaching, but as this is very inconvenient the date is changed to every Monday evening at the hour mentioned.

**Home Auxiliary.**  
The Woman's Home Mission Auxiliary, of the Trimble street Methodist church, will meet tomorrow afternoon at 3 o'clock at the residence of Mrs. A. M. Chastaine, of 532 North Eighth street.

**Christian Science.**  
Christian Science services will be conducted this morning at 10:30 o'clock at 527 Broadway. "Substance" will be the subject for study. The testimonial meeting be held next Wednesday evening at 7:30 o'clock.

**Mechanicsburg Methodist.**  
Sunday School 9:15 a. m. preaching 11:00 a. m. Epworth League 7:00 p. m. Preaching 7:30 p. m. Pastors subject in the morning, "The Changeless Christ" Text, Heb. 13-8. Subject in the evening will be "Building for Time and Eternity," Text Deut. 22-8.

**Evening Wedding.**

**Church Entertainments.**  
The Woman's Aid Auxiliary of the First Christian church Tuesday evening held an "open meeting" with Mrs. Richard Clements, of Clay between Fourth and Fifth streets. Quite a number were there and enjoyed the diverse programme teeming with interesting ideas. During the evening dainty refreshments were served.

**Woodmen Ladies.**  
The ladies of Magnolin circle, Woodmen of the World, entertained quite a large number of friends Friday evening at the hall over Walker's drug-store, on Fifth and Broadway. These affairs of the ladies are always enjoyed immensely as they have nothing but delightful programmes and a variety of delicious refreshments for the benefit of their friends, and this gathering was no exception to their rule.

**Matinee Party.**  
Miss Lucile Harth yesterday afternoon entertained a number of friends with a happy matinee party, that was the source of much enjoyment to the young folks.

Those attending were Misses Mary Weaver Dyer, of Princeton, Ky., Mary B. Jennings, Gertrude Pinkerton, Azelce Reeves, Martha Cope, Julia Dabney, Lorraine Sutherland, Grace Hills, Sarah Corbett, Grace McGlathery, Hannah Corbett, Helen Van Meter, Lucile Harth and Master Pitman Harth.

**Basket Picnic.**  
In giving its many happy social gatherings the Senior Epworth league, of the Broadway Methodist church, introduced one of a new character Friday evening, it being a "Basket Picnic Party" at which time each young lady brought her basket filled with good things to eat for herself and escort. These edibles were spread and served, furnishing a most jolly indoor picnic that was exceedingly delightful for all. During the evening the league ladies presented the numerous enjoyable features arranged on their attractive programme.

**Surprise Party.**  
Miss Anna Belle Armstrong of 1130 Trimble street, was the recipient of a happy surprise party Thursday evening, when a number of her friends swooped down upon the popular young lady who turned the house over to them and furnish the party with many entertaining features.

Those there were: Rudy King, Clara Rhodes, Edwin Garrison, Eunice White, Rhoul Nichols, Jessie Gott, Clarence Robertson, Bennie Levin, Mamie Heath, Cecil Robertson Ruth Kott, Ida Sexton, Alfred Greene.

**For Confederate Monument.**  
The Children of the Confederacy are preparing for the "Kirmess" they intend giving next month for benefit of the fund being raised to construct the handsome monument in Lang's park on Fountain avenue to the memory of southern soldiers and women. The little ones expect to give a most successful and largely attended affair that will be patronized by a crowded house, as the little ones always eclipse their elders from a point of attendance.

Professor Mahler, the dancing master, who has been here for several months conducting a class, left last week for El Paso, Texas, to be gone a month or two; but he will come back here in plenty of time to instruct the children for their "kirmess."

**For Bridal Party.**  
A most charming affair was the dining of Thursday evening tendered by Miss Kathleen Whitefield, of Seventh and Kentucky avenue, to Mr. and Mrs. William D. Sanders, of Columbus, Miss., who were here last week on their bridal tour over the country. The table decorations were of a green and yellow hue, and very beautiful. Covers were laid for twelve, who relished the sumptuous dinner served in many courses, and consisting of every imaginable delicacy.

The following evening Mr. and Mrs. James A. Rudy, of the avenue near Sixth street, entertained a few with a dining, out of honor to the same couple.

Mr. and Mrs. Sanders left yesterday for their home in Columbus, they having been out upon their bridal tour over one month past.

Louise Cox, Miss Martha Davis, Miss Hallie Hisey, Messrs. Wallace Weil, Richard Rudy, Henry Rudy, Will Rudy, Edwin J. Paxton.

**Open Meeting for Society.**  
Mrs. Oscar Starks, of Fifth and Washington streets, Monday afternoon threw open her spacious and hospitable home for an open meeting to the members of the Furnishing society for the First Christian church. It was a most charming affair. There prevailed a continuation of interesting features that comprised an entertaining afternoon.

After the regular business of the society, a splendid programme was rendered, consisting of beautiful singing by Mesdames George B. Hart, W. C. Gray, Lelia Wade Lewis and Miss Julia Dabney. Miss Frances Herndon, the talented elocutionist, rendered several amusing selections, while Misses Kathleen Whitefield and Aline Bagby favored those present with several rare pieces on their violins.

During the evening the charming hostess served delicious refreshments.

**Elbert Hubbard This Week.**  
Elbert Hubbard will appear next Thursday evening at Temple Israel under the auspices of the Charity club ladies of this city, and prospects are that the audience greeting him will be one packing the handsome Seventh and Broadway edifice to its fullest capacity. He is one of the renowned and most versatile of highly educated characters of the present day and known favorably the world over. He gets out The Philistine, one of the greatest little works of the present age, and his writings are gems of literary excellence.

The ladies of the club and their many friends have sold an unusually large number of tickets, while many more are daily being called for as no appreciative person enjoying real talent can well afford to miss such a rare opportunity as this visit presents. To the young lady selling the largest number of tickets the club will present a handsome bracelet, which can now be seen at the Wolff jewelry establishment on Broadway.

The money derived from this well directed effort of the good ladies will be converted into their general fund, out of which they help so many poor and deserving people.

**Entre Nous Club.**  
The Entre Nous club was Tuesday afternoon entertained by Miss Lillie Mae Winstead, of Seventh and Washington streets, complimentary to Miss Leone Kessell, of Pontiac, Mich., who was at the time visiting Miss Blanche Hills, of North Ninth street.

Those present filled four tables, and an admirable compliment to the beautiful honoree was her picture upon each tally card, the tally serving as souvenirs also of the occasion. Miss Marjorie Bagby captured the first prize on a cut with Miss Rella Coleman, while to Miss Frances Coleman went that for the best lone hand. The honored guest was presented with a handsome Kentucky spoon by the hostess.

A delicious luncheon was after the game served the guests who were: Mrs. Henry Grace, Misses Marjorie Bagby, Rella Coleman, Nell Holland, Blanche Hills, Ethel Brooks, Frances Coleman, Sarah Sanders, Robbie Loving, Monima Hopkins, May Owen, Frances Terrell, Louise Cox, Susie Thompson, Retta Hatfield.

**Matinee Musicale Club.**  
Beethoven and Brahms were the subjects for discussion and rendition Wednesday afternoon at the Matinee Musicale club meeting in the Eagles' building, on Sixth and Broadway. Mrs. James Weille was leader, and under her talented direction a charming time was spent by the musicians. Those taking part on the programme were Misses Virginia Newell, Anne Bradshaw, Isabelle Mohan, Mrs. J. Denis Motquot and Professor William Deal. Quite a gem was the excellent talk made upon Brahms and Beethoven by Rev. David Loviteh, of Temple Israel, a very learned and impressive divine of depth.

The club will have here the 21st instant David Bispham, the noted singer, and huge arrangements are being made for the reception of the celebrated man. The ladies will have him to appear at the Kentucky which will be crowded by the talent loving community.

**Theatre Party.**  
Mr. and Mrs. William D. Sanders, of Columbus, Miss., were the honored guests for the theatre party given last evening by Mrs. Elizabeth Teasdale at The Kentucky. Those in the party were Mr. and Mrs. Sanders, Mrs. Teasdale, Mrs. Hughes McKnight, Mrs. W. Armour Gardner and Miss Kathleen Whitefield. The crowd witnessed the "Isle of Spice" and then took supper after the performance.

# ABATE DIRTY CESSPOOL

BOARD OF HEALTH DEMANDS THAT SOMETHING BE DONE.

The Year Around, There Stands a stagnated Pool of Block Between Third and Fourth.

The board of health for this city yesterday afternoon held a meeting at the City Hall with Mayor Yeiser and heartily condemned existence of the cesspool of stagnated water which stands the year around in the deep gully running through center of the block surrounded by Madison, Harrison, Third and Fourth streets. They adopted resolutions urging that the legislative boards have the place remedied so as not to effect the health of everybody residing in that section of the community. These resolutions will be laid before the council tomorrow evening, and aldermen Thursday night.

Those at the meeting yesterday were Drs. C. H. Brothers, J. G. Brooks and H. E. Sights, and they talked over the proposition at some length with the mayor, to whom was pointed out the seriousness of the situation there.

From Fourth, between Madison and Harrison, runs a deep gully that flowed on down to the Ohio river, before Third street was run through from Madison to Harrison. When Third was run through, there was put down underneath the street a sewer pipe so there could flow through it the water which accumulate in the deep hollow after a hard rainfall. Over on the river side of Third the land is very low also, hence this made Third a very high street through a hollow. Now after Third was run through James Eaker filled up on the river side of it for a width of seventy-five feet and built a row of houses on top, right along the level with Third. In filling in the low ground Mr. Eaker let dirt get over the exit of the sewer pipe running underneath Third for the purpose of draining the water from the hollow over on the other side. This stopped up the pipe, so that after rainfalls the hollow fills up between Third and Fourth, and the water cannot escape, remaining there always, with a green scum on top, and making it very disagreeable for everybody living for blocks around the point.

The city legislative boards some weeks since ordered the proper committee to see that Mr. Eaker opened up the sewer pipe where he stopped

it, but nothing has ever yet been done. Now the board of health will urge that something be done before hot weather arrives, as during the warm spell such a stench arises from the cesspool that one can hardly remain in the unhealthy neighborhood.

### COLORED REVIVAL.

# ABOUT WORN OUT

BOILER FOR HEATING PLANT AT DEPOT GOOD NO LONGER.

Stoves Were Put Up Yesterday to Heat the Building the Balance of This Winter.

It is probable that the Illinois Central railroad will have to put a new heating plant in at the Union depot as the old one has about gone "up the spout" and will have to be taken out. Yesterday the outfit refused to work at all and the building was very cold as a result, but stoves have now been put up and will be used the balance of this winter.

The building has been heated by steam furnished through the furnace and boiler maintained there for that purpose. The boiler has been giv-

ing much trouble all of this winter, but repairs would put it temporarily in good condition, and it filled the needs, but it finally gave out altogether the past few days and will have to be thrown into the scrap pile.

The stoves warm the building up pretty well and will be continued in use until summer arrives, when the probabilities are a first-class heating plant will be installed.

The coldness of the depot yesterday proved quite uncomfortable for the many people out there, as the atmosphere sustained quite a drop yesterday and brought with it penetrating chilliness.

### Madison Street Lot.

50x165 feet, north side, between 16th street and Fountain avenue. Shade trees. Good lot for home; \$550 cash.

Mr. John Coyle has gone to St. Louis and Omaha, Neb., on business. President R. P. Turney, of the Cerulean, Ky., bank, was in the city yesterday on business.

# W. B. SMITH'S INDICTMENTS

THERE STARTS ONE WEEK FROM TOMORROW THE TERM OF COURT.

Attorney Thatcher States That the Prosecutions Will Not Be Abated by Restitution.

One week from tomorrow, there commences in Louisville the spring term of United States court, and the session is looked forward to by everybody state over, as there comes up the many indictments against W. B. Smith, the former banker of Paducah, who reorganized the Western National bank of Louisville, and is charged with causing its failure. For sometime past rumors have been afloat to effect that the prosecutions

against Mr. Smith would be dropped on the making restitution of money claimed lost by the bank through his bad management. As to the matter of dropping the charges, information from Louisville says:

Rumors to the effect that a compromise will be effected in the case of the United States against W. B. Smith, formerly president of the National Bank, this city, and who was indicted last October for making false entries and defrauding a national banking institution, seem to be without any foundation in fact. Assistant United States District Attorney M. H. Thatcher says that Mr. Smith, having been indicted for a crime, is either innocent or guilty, and that the case will be tried out at the March term of the United States court on its merits.

### Modern 70,000 Residence.

## New and Second-Hand Machinery.

Every one knows that second-hand machinery cannot render the same good service that can be obtained from new machinery. The Sun in its fight to close the city plant has but little to say about it being second hand when it was installed. If any one in Paducah should know by experience the difference between the products of second-hand antiquated machinery and new and up-to-date machinery it should be the Sun. When the Sun began publication its type was set by hand. After a year or so it bought or leased two Rogers typesetting machines that had been discarded by a Louisville paper—they were old and antiquated and their products quite expensive; a year or so trial was enough. Then second-hand Thorne machines were tried, with the same result. Then Simplex machines were tried and proved unsatisfactory. Having gotten a full dose of second-hand and out of date typesetting machines, the Sun then tried the Mergenthaler linotype, which is acknowledged to be the best in the world. Both of the other papers have always used the linotype, but it took a costly experience to convince the Sun.

What Paducah needs is an electric plant equipped with new and modern machinery, then it will be in condition to furnish first-class service at the lowest cost.

## No Grounds for Howling.

The cry goes up from the corporation organs that municipal ownership will not do because politics cuts a figure. We admit that in some cities politics have proven a curse not only in the conduct of public utilities but other branches of the city government as well. In some cities politics is responsible for wide open policies; the gamblers, the vicious and the immoral being such a factor in politics that they were given protection. In such places the decent people have lined up against them and revolutions have taken place. In other cities corporations have been in the politics and often named the city officers, and again have the people come to the front and waged the battle for reform and been successful. If municipal plants suffer by politics, the people will soon discover the fact and apply the remedy, therefore, municipal ownership only has to contend with the same evils that may arise in any city where corporations dictate the politics, or the criminal class is the political factor that decides elections.

The only view to take of municipal ownership is, whether it is better for the people to own the water and light plants or for private corporations to own them. If a city cannot operate a municipal plant as economically as a private concern can do, the fault is with the people. Common sense teaches that what men can do for a private company, they can do for a city. This being true, municipal ownership enables the citizens to have the benefit of the profits that would go to a private corporation.

So far as politics in city affairs are concerned, we believe that every reader of this article will agree with us in saying that politics cuts but little figure in Paducah. This city is a democratic city, and registers 600 more democrats than republicans, yet in the last two city elections the general council was changed from a solid democratic to a solid republican body.

Strange to say, however, the Paducah Sun, the only republican newspaper in Paducah, is the only one that is blubbering and howling about politics. The truth of the matter is that the Sun is not a republican newspaper or anything else when the corporations want anything, but is a rank out-and-out corporation organ and an enemy to the people.

If the city lighting plant is a failure as charged by the Sun, but the records do not show it, that paper ought to back up the republican general council and say "Gentlemen, go in and make a success of it," and stand ready to back them up in their efforts. But no, the Sun prefers to make false charges, endeavor to mislead the people and force the city to surrender to corporate interests.

## Alderman Palmer and Electric Lighting.

If a man would make a good public official, he must attend to the public's business just like he would his own business. Unfortunately for Paducah some of its public officials are not as particular in that regard as they might be. For instance, there is Alderman Earl Parl Palmer who "writ a piece" for the newspapers a few days ago. He is an ardent champion of the proposed contract with the lighting company to furnish street lights to the city.

Alderman Palmer is president of the Ferguson & Palmer Co., that operates a woodworking plant at Third and Elizabeth streets in this city. At certain seasons of the year the plant is operated a few hours after dark. Alderman Palmer has his own private electric plant at his mill which supplies something like six arc lights and 25 or 30 incandescent lights, so we are informed. It is none of the public's business whether Mr. Palmer's company has its private electric plant or not, but as he is a member of the general council and an advocate of contracting with the general electric light company for street lights for the city, the question naturally arises if it is a good thing for the city to have the lighting company to furnish it lights, why would it not be a good thing for Mr. Palmer's mill to have the lighting company furnish it with lights? Or, if Mr. Palmer's mill can furnish its own lights cheaper than the lighting company, what is to prevent the city of Paducah from furnishing the additional lights it may need cheaper than the light company. If Mr. Palmer has made a success of the electric plant at his mill, why not, as chairman of the light committee, give the city the benefit of his experience and help make the city plant a success.

No doubt Mr. Palmer figures that when his mill is running, that he has the power at hand and all that is necessary is to throw on the belt. The same is true of the city; all it has to do is to put up the necessary lamps and install the machinery, and with its present engine and working force the power can be furnished at practically no cost at all. The taxpayers of Paducah will be interested to know just why Alderman Palmer, as an official, favors the city patronizing the electric light company; but, Mr. Palmer, as a private citizen, is opposed to his own business concern patronizing the electric light company.

## Wickliffe's Water and Light Plant.

The Paducah Sun in its desperate efforts to discredit municipal ownership points to the experience of the little country town of Wickliffe, Ky., with its water and light plant as a shining example of municipal ownership and quotes an editorial from the Wickliffe Yeoman to prove its case.

A careful reading of the article quoted fails to sustain the Sun's contention. It makes it very plain that the Wickliffe plant is too high in cost to be a success. The water and coal bill,

and like in all country towns no discrimination is made between the careless and heavy consumer and the minor consumer. The paper figures that Wickliffe pays out \$50 per month more than it takes in, which no doubt means the income from water and lights sold to the citizens. As the city has fire plugs and street lights, it is safe to assume that it is afforded fire protection and lights for the small sum of \$50 a month. Nor is this all, for the article states that the consumers pay fifty-five cents per month for water and only twenty-five cents per light, per month. Contrast the rates paid by the consumers of Wickliffe to those paid in Paducah to private corporations, and with all of the mismanagement of the Wickliffe plant the inhabitants save thousands of dollars by reason of the city owning the water and light plant.

Another fact that the Sun overlooks is this, the plant at Wickliffe was a second-hand plant. Therefore, the Wickliffe experience may be summed up to be, a second-hand plant, grossly mismanaged at a loss of \$50 per month between receipts and expenditures, but the plant must be credited with free lights and water for the city, and one-half rates to consumers of water and light. This is the result that one reaches by reading the Wickliffe paper's criticism on the subject.

Almost every day banks are failing in this country due to thefts and mismanagement, yet that is no reason why the other banks should quit business. In Paducah there are certain bankers who are doing everything in their power to get the general council of Paducah to abandon the city's electric plant, and use as an argument that, in some cities municipal ownership has been a failure. In our opinion the best thing a banker can do is to steer clear of advocating a movement against the interests of the people in a community where his bank is doing business, for if he does not, the first thing he knows his stockholders will begin to feel the effect of his ill-timed actions.

When men and newspapers demand a square deal for the public they are denounced by a select coterie and their organs as kickers and cranks. That was the case in St. Louis, when the hoodlums and the corporations were hand in glove in robbing the people. It was also the case with the grafters and thieves in Philadelphia. What was true in St. Louis and Philadelphia is true in other cities. The gang who is reaping rich profits in their nefarious work know that an uprising of the people means their overthrow and they will leave no stone unturned to keep their hold on the people.

The movement to educate the farmers in this vicinity on the value of vegetable raising for the outside markets is along the line suggested in these columns some days ago. Hundreds of carloads of vegetables and melons could be shipped annually out of this city from the nearby farms and thousands of dollars of outside money brought to the city.

The right of petition is a privilege guaranteed the people by the constitutions both federal and state. It is the means by which the people may make known their wishes to their representatives. The failure of the late board of aldermen to receive a petition from certain citizens of Paducah contributed to their defeat more than any one thing else at the late election.

The Register believes that the masses of the people are intelligent people, thinking people and people who know what they want far better than any man who may be elevated temporarily to office.

It begins to look like the good people of Breathitt county are to have an inning and that justice is to be dealt out to the Hargises, Callahans and their crowd.

When public affairs are not going to suit the people it is their duty as good citizens to enter a protest.

## HENRY HARLEY TIED UP

CAPTAIN JAMES KOGER SAYS BOAT OWNER OWES HIM \$100.

E. C. Dill's Horse, Buggy and Harness Were Sold Yesterday—Tried for Lunacy.

Captain James Koger, yesterday filed suit in the United States court here against Captain Handley, owner of the steamer Henry Harley, which has been upon the dry docks here for the past week undergoing repairs. The action is for \$101.15 claimed by Captain Koger on an old settlement between himself and Captain Handley.

In the suit being filed Deputy U. S. Marshal Wade Brown was given the papers and he went to the foot of Jefferson street, where the Harley lay moored, and tied up the craft. He put Mate Martin in charge as watchman of the boat. Capt. Tom Armstrong started to pay off the amount of the suit, but reconsidered and has notified the boat owner, Captain Handley, at Nashville, and is expecting some word from him as to whether to pay the sum claimed, or bond the boat and get her released so she can operate while they are fighting the matter out in the court.

**Sold Outfit.**  
Yesterday Justice Charles Emery had sold the buggy, horse and harness of E. C. Dill to satisfy a \$52 judgment given against Dill in favor of Michael Brothers, who sold Dill the buggy, etc. Dick Penn bought the buggy, Bruce Gillum the horse, and Frank Theobald the harness. The outfit brought enough to pay the debt.

**Try Negress Tomorrow.**  
Tomorrow Stella Morgan, colored, will be given a trial in the county court for lunacy. She is the colored woman who forced her way into the home of a white family on South Sixth street and refused to leave.

## WOMAN'S ASSAILANT

GEORGE DOZIER, COLORED, GOES OVER TO GRAND JURY.

Berry Smith, Colored, Will Have to Explain to Grand Jury the Alleged Rape Charge.

George Dozier, colored, was yesterday morning in the police court held over to the circuit court grand jury on the charge of maliciously assaulting Annie Dickenson, colored, several weeks ago at Twelfth and Madison streets. He knocked her in the head with a brick, cut her in the back with an axe and otherwise assaulted her.

Berry Smith, colored, was held to the circuit court grand jury on the charge of raping Nancy Smith, negress, several weeks ago at her home out about Fisherville. She claims he compelled her to submit, while holding a razor at her throat.

J. A. Donovan and Will Jackson, white, were both held to the circuit court grand jury on the charge of going to Grocer Carl Tucker, of South Third street and claiming that Donovan worked at the Mechanics-

burg cooerage factory, got under these pretenses about \$8 worth of groceries.

H. Williams and T. E. Morris were fined \$5 and costs for a breach of the peace.

A fine of \$3 and costs was assessed against Freeman Torian on the charge of engaging in a fight with another, who has not yet been arrested.

## RETURN TODAY

(Continued From First Page.)

Norfleet, the alleged forger who was captured there by the authorities. He is the man who escaped from the county jail here and on being gotten back with yesterday was again put in the cell.

Norfleet is charged with giving worthless checks to Grocer Frank Rodius, of Fifth and Jackson, and Grocer Douglas, of Third near Ohio. His wife was talking to him in the county jail one week ago, when Jailer Eaker went into the office to answer the telephone. Norfleet then dashed out the front door and got away.

## Claim Wire Stolen.

Tom Albritton and Isom Scott, white, were arrested yesterday by Officers Hill, Ferguson and Cross on the charge of obtaining money by false pretenses. It is claimed they stole a bagful of copper wire from Foreman Brothers, of North Fourth street and sold it to Dave Rittoff by claiming the property belonged to them. Rittoff gave them \$1,000 of the wire.

## Carried Gun Concealed.

Robert Harris, white, was arrested last night by Officers Cross and Beadles on the charge of carrying concealed weapons.

About 6:10 p. m. the clouds began to gather. They came hurriedly and hovered close and black over the city. At 6:27 the storm came. It was estimated of four minutes' duration. During this time a reign of terror was over everybody. The air

was filled with missiles of death. It seems remarkable that more did not meet death. Rain fell steadily for one-half hour following the tornado, as if in a manner to palliate the terror and aid in the suppression of the innumerable fires that were springing up.

## GET THIS BEAUTIFUL COLORED PICTURE FREE

Splendid Reproduction, in Sixteen Tints, of a Celebrated Painting.

Every person who sends one dollar to pay for a year's subscription to the Twice-a-Week Republic, of St. Louis, Mo., and Farm Progress, will receive, absolutely free, a beautiful colored picture, 24 by 32 inches in dimensions, entitled "The Departure of the Bride from the Home of Washington." This picture is a direct reproduction from the celebrated painting by Ferris. Sixteen colors were employed in the process. It is made on a fine, heavy paper, and will make, when framed and hung, a magnificent ornament for the home, it possesses an uncommon interest to every American, as the central figure in it is George Washington, standing at the portal of his Virginia home, bidding adieu to the bride and bridegroom. The color work is highly ornate and correct in every detail, as are the character representations, costumes, etc.

The Twice-a-Week Republic is the oldest and best semi-weekly family paper in the country, and Farm Progress, which is also published by The Republic, is the fastest-growing farm monthly in America. Remember, that you get both of these splendid journals an entire year, and the beautiful big colored picture, all for only one dollar.

Present subscribers may take advantage of this offer, by sending a dollar and having their time marked up a year. The Republic hereby gives notice that this offer may be withdrawn at any time, and those who wish the picture should send in subscriptions at once.

Remit by postoffice or express money order, registered letter or bank draft. Do not send personal checks. Write names and addresses plainly, and address: SUBSCRIPTION DEPARTMENT, The Republic, St. Louis, Mo.

dress trimmings in combination with  
braids or lace.

A glance at Spring millinery is  
sufficient to show that ribbon of  
varied widths has to a great extent  
displaced maline as an under-brim  
hat trimming. Maline ruffles around  
crowns, and gathered at the sides  
and back of Neapolitan hats are still  
used, but ribbon is newer and far  
more practical. Trimmings are now  
massed at the side instead of the  
back, to the discomfiture of the  
"high-back" hat, which was always  
a misplaced affair. The "mushroom"  
shape claims novelty, yet is closely  
akin to the "Charlotte Corday." A  
handsome example has a narrow fac-  
ing of yellow silk at the edge of the  
wide brim, the inner part and sides  
of the crown of colored eyelet em-  
broidery, the top of the crown being  
of shired white mousseline. A white  
wing at the left side gave the re-  
quisite finish.

Thanks are due the McCall Co.,  
makers and designers of fashion for  
handsome illustration shown above.

**New Skirts**  
are still circular but considerably  
narrower than those of last season  
and plaited only at back and front,  
which of necessity produces the  
panel effect at the front. This  
change however does not apply to  
skirts of very sheer fabrics. A soft  
yellow silk illustrates the panel front  
in very pretty fashion. Squares of  
yellow cluny lace, (silk) are inserted  
in a row down the front, bordered at  
either side by eyelet embroidery,  
and plaits on the outer side. Three  
silk folds, each headed by narrow  
cluny lace, trimmed the skirt at back  
and sides. The princess shape was  
maintained by small tucks with lace  
yoke above and frilled elbow sleeves.

Another Pretty Costume  
is of sheer white wool, with checks

brodery on lines, Brussels net,  
light-weight wools or silk, and while  
on this subject, chiffon appliques in  
colors must not be overlooked.

## THE W. C. T. U.

At the meeting of the W. C. T. U.  
Mrs. Julia Miles, superintendent  
of evangelistic work, gave a talk that  
impressed all who were present with  
its portrayal of the deep and earnest  
religious character by which all who  
wear the white ribbon should be dis-  
tinguished. In the course of her re-  
marks, Mrs. Miles read two poems  
to illustrate her points. One is en-  
titled, "God Save the People," writ-  
ten by Ebenezer Elliott, and begin-  
ning with the lines:

"When wilt Thou save the people?  
O God, of mercy, when?  
Not king and lords, but nations,  
Not thrones and crowns, but men,  
And closing with these lines,  
"God Save the people! Thine they are,  
Thy children are thine angels fair."  
"From vice, oppression and despair—  
"God save the People."

The second was "You Never Can  
Tell," by Ella Wheeler Wilcox, from  
which give the last stanza;  
"You never can tell what your  
thoughts will do  
In bringing you hate or love,  
For thoughts are things, and their  
airy wings  
Are swifter than carrier dove.  
They follow the law of the universe—  
Each thing must create its kind—  
And they speed o'er track to bring  
you back  
Whatever went out from your mind."

Another department, that of social  
purity, was adopted and Mrs. Jettie  
M. Elliott appointed superintendent.  
Next Tuesday afternoon at three  
o'clock, Miss M. E. Moore, of  
Georgetown, Ky., will speak in the  
lecture room of the First Baptist  
church, on "The Higher Physical  
Life of Woman," under the auspices  
of the Paducah W. C. T. U.

Miss Moore is a most entertaining  
speaker and is thoroughly informed  
on the subject of her address. As  
there will be no admission fee nor  
collection, it is to be hoped a large  
number of the women of Paducah  
will avail themselves of this oppor-  
tunity to hear Miss Moore both for  
the benefits they will receive person-  
ally and the additional fact that the  
larger the audience the better the  
union will be pleased.

The next meeting of the union,  
Thursday afternoon, March 8, will  
be held under the department of  
Flower Missions under the superin-  
tendency of Mrs. Fannie Dunn.

As some typographical errors crept  
into our report of last week we re-  
produce the portion affected. Dr. Cor-  
delia Greene says: "Jamaica ginger  
is especially dangerous when used  
to relieve pain because it is now

largely made of wood alcohol which  
often causes blindness."  
"Dr. Green also gives a number of  
remedies to take the place of the  
dangerous opiates and alcoholic  
drinks, which can also be obtained  
from Mrs. Byrd."

## REPORT SUCCESS

MRS. RIEKE WILL REPORT  
ON THE "CHILDREN'S  
DAY."

It Is Meeting With Unusual Success  
Among the Little Children Who  
Are Interested.

Mrs. Louis M. Rieke, of the board  
of trustees for Carnegie library, will  
Tuesday evening at the monthly  
meeting of the board make a re-  
port upon the "Children's Day"  
which has been inaugurated at the  
library for the benefit of the little  
boys and girls of this city. She will  
have the opportunity of informing  
the balance of the directors that the  
innovation proved more of a suc-  
cess than was anticipated, at the first  
gathering of the little ones a week  
ago from last Friday the basement  
of the institution, at Ninth and  
Broadway, being crowded with nearly  
100 of the boys and girls.

The children were talked to by  
Mrs. Rieke and they gave her the  
closest of attention and seemed  
deeply interested in her remarks,  
which were regarding "Washington-  
ian Affairs," that being the day fol-  
lowing Washington's birthday. She  
spoke to them for an hour and much  
regret was expressed when the gather-  
ing came to a close. All the little  
ones promised to come back each  
time and bring their friends with  
them.

The next "Children's Day" will be  
next Friday afternoon, but as yet  
Mrs. Rieke and the others in charge  
have decided who will address the  
children.

There is nothing of especial im-  
portance coming up before the trust-  
ees Tuesday evening, the business  
being the regular monthly routine.

### DIRECTORY MEN.

Those Here Will Be Joined by An-  
other Delegation This Week.

The corps of canvassers working  
under President Smith of the Caron  
Directory company have gotten well  
under way their work of gathering  
up the names and addresses of every-  
body in this city, to be put in the new  
directory they are preparing to issue.  
This week another force of men come  
down from Louisville to join the ad-  
vance guard and they expect to get  
all the names up by the last of this  
month or middle of next.

### A Ribbon Season.

It must be evident to the most  
casual observer that this is to be a  
ribbon season. Dealers are already  
finding it difficult to supply the de-  
mand for handsome ribbons for  
sashes, millinery and dress garniture.  
We had the privilege recently of  
seeing the display made by The H.  
B. Claffin Co., and were impressed  
with the wonderful range in color  
and softness of texture in their "tu-  
lip" brand of satin messaline rib-  
bons. New and very attractive mil-  
linery ribbons are the "faillitines"  
is delicate ribbed weaving of chif-  
fon weight. These come plain and  
with hemstitched borders. Tinsel  
ribbons of gauzy texture are selling  
fast in plain gold or silver and in  
brocades, while the heavier metal  
galoons are used for belts and for  
hat bands combined with silk rib-  
bons.

**Sashes in Regal Weaves and patterns**  
Sashes are shown in regal weaves  
and exquisite colorings in great  
variety of style, from wide taffetas in  
white or darg grounds printed in life-  
like reproductions of American  
beauty roses, or the orchids that  
fashion especially favors to beautiful  
brocaded sashes of soft satins in  
whites, with their patterns enriched

outlined by a single blue silk thread  
(Alice blue) over which are scat-  
tered blue and white silk dots. The  
skirt has three blue silk folds, headed  
by delicate white silk braid. The  
eton jacket is also of blue silk, trim-  
med with white silk braid, and a  
plain Brussels net waist beneath,  
adds to the sweetness and simplicity  
of this charming toilette.

**The General Appearance**  
of lingerie frocks is charming, of  
eyelet embroidery in very open pat-  
terns, or sheer muslin traversed in  
all directions by gossamer lace in-  
sertion and edging. They come in  
robe patterns, usually with a deep  
ruffle of embroidery, the upper part  
of the skirt having two or three wide  
rows of similar trimming and the  
material for the waist a separate af-  
fair. Scalloped edges, often finished  
by lace, give an added softness to  
the wide ruxe, and waists are either  
a small blouse or in princess style,  
according to individual taste.

**Trimmings**  
are gorgeous or plain as may be re-  
quired, ranging from simple braid to  
exquisite appliques from an inch  
width to that of twelve inches, in  
undulating or oftentimes scroll pat-  
terns showing a blending of harmo-  
nious shades, glittering with gold and  
silver threads. Venise lace, baby  
crochet or Irish point are in high  
esteem and a garniture of such lace  
gives an air of elegance to a plain  
net or silk dress. Embroidery of  
all kinds is paramount, not only the  
open work varieties, but raised em-

# This Week at The Kentucky.

WEDNESDAY MATINEE AND NIGHT. Miss Florence Davis in "The Player Maid."

THURSDAY NIGHT "A Trip To Egypt," Musical Farce Comedy.

Eva Tanguay, The Paducah Favorite. The announcement of the coming to the Kentucky of Miss Eva Tanguay in "The Sambo Girl," on March 17th, will perhaps be received with more gratification by local theatre-goers than any similar announcement this season. Miss Tanguay's methods and mannerisms are well known and her performance of the title role in her present vehicle is the most delightful piece of comedy acting revealed to theatre-goers in many seasons.

"Robin Hood," most famous of all modern comic operas, is announced as one of the coming attractions at the Kentucky for March 12th. This ever-popular opera, the masterpiece of Reginald DeKoven and Harry B. Smith holds the undisputed record of all musical works, both for the length of its vogue, and for the amount of money it has attracted to the box-offices of America. It is a safe estimate that over three million dollars have been paid by the public for the many presentations of "Robin Hood," and still its popularity is as great as ever. It always appeals for the exceeding beauty of its music is only equalled by the richness of its humor.

Manager of The Kentucky announces one of his most important of the seasons bookings for next Thursday evening when "A Trip To Egypt" the latest and most tuneful musical farce comedy from the pen of the eminent young author and composer, C. Herbert Kerr, will make its appearance in our city.

Last year was the first season of this successful musical cock tail and it had thirty-five weeks of unprecedented success in all the better class theatres in the large cities. This season the attraction comes to us with a brand new dress, an entire new set having been added and many new catchy musical numbers and additional features.

Mills and Lewis will play the parts of Blitz and Schultz, the eccentric German hotel proprietor and brewer; Mollie Egbert, who was known as the perfect woman, will play Mrs. Schultz and incidentally will introduce her wonderful physical culture act; Goff Phillips will assume the role of "The Unlucky Jew"; Phoebe Gardwinc will play Lillie Blitz and introduce her celebrated national dances; Gilmour and LaTone will be prominently cast and will play their clever travesty and comedy skits; Queenie Wilmet, a comedy and vivacious soubrette will play the part of "Rouba" and the other minor parts will be in complete hands.

Theatrical Event of the Season.

Considerable interest is centered in the forthcoming engagement of Florence Davis, supported by Elliott Dexter in "The Player Maid" on Wednesday matinee and night, at the Kentucky, owing to the fact that Miss Davis will present this exceptionally funny comedy in this city with the same strong cast,

magnificent costumes and elaborate scenic effects that have been utilized since its initial performance. Manager Roberts was indeed fortunate in securing this attraction and there is little doubt but that it will prove the theatrical event of the season.

The play itself has a well defined plot, but an exceptionally funny one. Ludicrous situations follow each other in rapid succession—so fast in fact that one has not stopped laughing at a funny incident when something else occurs that cause a roar far greater than the preceding one. It is said that in the second act of "The Player Maid," where Miss Davis tears up furniture, bric-a-brac etc., in her attempt to horrify the staid London nobility, she has given to the stage one of the finest scenes in the history of the drama. "To laugh is to live—to frown is to die." All the world enjoys a good hearty laugh and that is the natural result from a visit to "The Player Maid." As an artist, Miss Davis has few equals and unlike many others, she never stoops to horse play or buffoonery. Her knowledge of stage technique enables her to get real unadulterated fun out of the situations. Fun that sparkles and goes with a vim and snap and such opportunities she has to display her talents. Miss Louise Malloy, who wrote "The Player Maid" has been most lavish in the matter of funny material, both in lies and situations. Bristling with wit, telling a coherent story, expensively produced and enacted by the present company, "The Player Maid" should have a long and prosperous life, in fact become a staple in theatricalls.

Miss Davis is ably assisted by Elliott Dexter and a capable company. Much can be said of Mr. Dexter; suffice to say that he is upon the stage and every instant during the two hours and forty-five minutes of fun, he is in some way or another the cause of merriment. The comedy is in four acts with scenes laid in and around the Drury Lane Theatre, London, in the days of David Garrick.

The Norfolk Landmark of October 18th, has the following to say: "Florence Davis made her first appearance in this city at the Academy of Music last night as Eleanor Hallam in 'The Player Maid' before an audience that thoroughly appreciated both play and company, for both were capital. Miss Davis' portrayal was perfect and her support was all that could be desired. No better play or better actress has been at the Academy for years."

### Fine Show.

The "Isle of Spice" which showed to two large audiences at the Kentucky theater yesterday afternoon and night, was probably the best attraction of its kind that has been here this season. The spectacular effects were grand, the voices good and the comedians great. The two funny boys and the king kept the audiences in an uproar all the time they were on the stage, and they were before the people most of their time. The

girls were pretty and the costumes magnificent. The "Isle of Spice" is one of the best musical comedies on the road this season.

### PENSION BOARD.

Quite a Number of Applicants to Be Examined Next Wednesday.

The board of pension examiners for this city will meet next Wednesday at the office of Dr. Henry Duley on Broadway between Fifth and Sixth streets.

The doctors have received notice from the pension department giving the names of quite a number of parties who are to be examined, some for increases wanted to their pensions, and others for new pensions to be granted them, they not having heretofore availed themselves of the governmental allowances.

### HOO HOOS

PREPARATIONS BEING MADE FOR BIG CONCATENATION.

Tomorrow Evening Meeting Will Be Held at Faust Brothers' Lumber Company Office.

The Concatenated Order of Hoo Hoos are preparing for a big gathering to be held in this city March 17, for the purpose of initiating a large number of candidates into the organization. Looking towards completing preparations for the meeting tomorrow evening all the Paducah brethren will hold a meeting at 7:30 o'clock, as shown by the official call in another column, at the office of the Faust Brothers' Lumber company in the Fraternity building.

The Hoo Hoos consist of lumbermen, mill men, hardware men, certain character of railroad men and newspaper men. A very large num-

ber of affiliates reside in this city and they expect to have a class of about ten new "little kittens" to put through the initiatory work. To confer these degrees the national authorities will come from Nashville and other points, there always being about fifty outsiders here for the sessions.

Last year the brethren conducted their degree work at the Red Men's hall, on North Fourth street, but it will not be known what hall will be used until the committee on arrangements is selected tomorrow night and starts off preparations for the undertaking.

## THURSDAY FEBRUARY 22

Don Gilberto was the happiest man in America, because his birthday came the same day as George Washington's, and he was 70 years old. "This is a great country, we Americans!"

I AM HAPPIER THAN JOHN D. ROCKEFELLER WITH HIS MILLIONS, BECAUSE I AM ONE OF THE 2 PER CENT. THAT HANDLES NOTHING BUT PURE WHISKY THAT IS DRANK IN THE UNITED STATES. I HANDLE NOTHING BUT BONDED GOODS BOTTLED IN BOND BY THE UNITED STATES OF AMERICA. REMEMBER THAT TODAY AT WASHINGTON, D. C. THE HON. EDMUND WASTON TAYLOR, OF FRANKFORT, KY., IS MAKING A GREAT FIGHT FOR EVERY DRINKING MAN IN AMERICA, TO SEE THAT THEY GET PURE WHISKY TO DRINK.

BELOW I QUOTE YOU A FEW OF HIS REMARKS TO THE HOUSE OF REPRESENTATIVES:

Washington, D. C., Feb. 21, 1906.—Representing straight whisky distillers, Hon. Edmund Watson Taylor, Frankfort, Ky., says "That 95 per cent of so-called whisky on sale is an imitation made by blenders, posing as distillers. Only 5 per cent of straight whisky, aged in its integrity reaches the consumer and only 2 per cent reaches the public under the green guarantee stamp applied and Don Gilberto is one of this 2 per cent, selling the pure whisky in America under the green guarantee stamp over the cork, under the bottled in bond act.

"Distillers favor this bill; rectifiers and compounders oppose it, because they need no distillery, but merely a vat for mixing neutral spirits and chemicals. The rectifier is allowed to sparsely imitate, makes TEN BARRELS OUT OF ONE, and object to the public knowing the nature of their product."

ON THURSDAY I GAVE MY DISTILLER ANOTHER ORDER FOR THE SECOND THOUSAND CASES OF THE CELEBRATED WILLOW SPRINGS SOUR MASH WHISKY, DISTILLED BY A. CUMMINS, COON HOLLOW, NELSON COUNTY, KY.

MY REDUCED PRICES ON THIS CELEBRATED WHISKY IS AS FOLLOWS:

One Quart,	\$1.00,	Bottled in Bond.
One Pint	.50,	" " "
1-2 Pint	.25,	" " "
Drink	.10,	" " "

With Shamrock Behind it. Hurry back,  
Yours truly,  
DON GILBERTO  
116 S. 4th St.

## There Is Only One Road to Right!

AND THAT IS RIGHT. TO DRINK THE CELEBRATED WILLOW SPRING WHISKY. THERE IS ONLY ONE ROAD TO TRUTH—AND THAT IS TRUTH. WHEN YOU DRINK, DRINK WILLOW SPRING BOTTLED IN BOND.

THERE IS ONLY ONE ROAD TO GOOD—THAT IS GOODNESS OF DON GILBERTO TO SELL US PURE WILLOW SPRING WHISKY BOTTLED IN BOND AT THE DISTILLERY IN NELSON COUNTY, COON HOLLOW, KY., BY A. CUMMINS, THEIR DISTILLER, AT PRICES TO SUIT THE RICH AS WELL AS THE POOR FOR PURITY.

The Peters Lee Passed down yesterday enroute to Memphis from Cincinnati.

The towboat C. M. Johnson has been completed on the dry docks where she was rebuilt at cost of \$5,500. Yesterday she was given a trial run, and worked properly. Mrs. Johnson, wife of the owner, is one of the four women pilots of this country, and steered the boat during the test run, while her husband manipulated the engines below, he being an engineer.

A Louisville paper yesterday said: "The first effects of the thaw were noticeable in the river this morning, when a rise of close to a foot below and several inches above was shown. The gauge registered 6 feet 6 inches in the canal, 4 feet 4 inches on the falls and 14 feet 1 inch at the foot of the locks. Further rise is expected by nightfall."

"The thaw has been even more decided up the river. At Cincinnati a spell of warm weather set in early yesterday and continued to this morning. Nearly all the snow in that vicinity has melted and as a result there has been a rise there that will hold out for several days. Cincinnati boats have been somewhat hampered by fogs."

"There has been little change in the condition at Pittsburg in the past twenty-four hours. Shipments of coal are not expected for several days at least."
