PETER L. NAULT, being first duly sworn, on oath deposes and says:

That he is a legal intern in the law office of Dellwo, Rudolf and Schroeder, P.S. At the request of Robert D. Dellwo, he went to the offices of the National Weather Service, Spokane International Airport, formerly Geiger Field, Spokane, Washington, to tabulate the dates and temperatures recorded at the Spokane International Airport Station when the daily maximum temperatures were 90° Fahrenheit or higher.

Affiant made his visits to said weather station on July 31 and August 1, 1979 and made the attached tabulations. Affiant affirms that the tabulations accurately reflect the recorded information contained in the official weather station records which he personally reviewed and copied.

Subscribed and sworn to before me this 2nd day of August, 1979.
