Prof. Paolo Romagnoli,

We were recently acknowledged in a manuscript written by Peter H Duesberg et al. titled *AIDS Since 1984: No Evidence for a New, Viral Epidemic-not Even in Africa*. We would like to indicate that we were never asked to participate in the development of this manuscript including providing encouragement or critical comments. In addition, we do not concur with the findings of the manuscript. Finally, the opinions or assertions contained herein are the private views of the authors and are not to be construed as official or reflecting the views of the Department of the Army, Department of the Air Force, Department of Defense or the US government.
