Climacus, *Scalae Paradisi* 15 (PG 88.886A) ἀκηδία εστὶ πάρεσις φυγῆς, καὶ νοὸς ἔκλυσις¹.

There are in fact a few more places where Iohannes Climacus was used as a source by Ps.-Zonaras:

δ 513.20-21 διάκρισις· ἡ τοῦ θείου θελήματος ἐν παντὶ καιρῷ καὶ τόπῳ ἀπλανῆς κατάληψις is taken from Ioh. Climac. *Scal.* 26 (PG 88.1013A) διάκρισις, ἡ τοῦ θείου θελήματος ἀσφαλῆς κατάληψις ἐν παντὶ καιρῷ καὶ τόπῳ,

ξ 1415.13-14 ξένος· ὁ πάσης ιδίων καὶ ἀλλοτρίων σχέσεως φυγάς is taken from Ioh. Climac. *Scal.* 3 (PG 88.664C) ξένος ἐστὶν ὁ πάσης ιδίων καὶ ἀλλοτρίων σχέσεως φυγάς,

π 1576.12-13 πραότης· ἀκίνητος ψυχῆς κατάστασις, ἐν ἀτιμίᾳς καὶ ἐνφημίᾳς ώσαύτως ἔχουσα is taken from Ioh. Climac. *Scal.* 8 (PG 88.828C) πραότης ἐστὶν ἀκίνητος ψυχῆς κατάστασις, ἐν ἀτιμίᾳς καὶ ἐνφημίᾳς ώσαύτως ἔχουσα.

2. Ps.-Zonaras, *Lexicon* ζ 957.1-2 Tittmann ζῆλος· ἡ κίνησις. καὶ εἰ μὴ κατ' ἐπίγνωσιν ὁ ζῆλος.

“ζῆλος. ἡ κίνησις] Αν μίμησις? Sed ferri etiam illud potest. Sequentia autem quid sibi velint, nescio” (Tittmann).

The final part of the definition is a quotation of Gregorius Nazianzenus, *Oratio XLII (Supremum vale)* 27 Bernardi² Χαῖρε, ὃ μεγαλόπολι καὶ φιλόχριστε (μαρτυρήσω γὰρ τὰληθῆ, καὶ εἰ μὴ κατ' ἐπίγνωσιν ὁ ζῆλος· πεποίηκε χρηστοτέρους ἡμᾶς ἡ διάζευξις). Similarly, on Ps.-Zonar. σ 1701.4-5 (s.v. σχολῆ) σχολῆ γ' ἄν ἄλλό τι φανείη μέγα καὶ σπουδῆς ἄξιον Tittmann commented “haec, si recte memini, apud Synesium leguntur”; but this is in fact a quotation of Gregorius Nazianzenus, *Oratio XLII (Supremum vale)* 10 Bernardi σχολῆ γ' ἄν ἄλλό τι φανείη μέγα καὶ σπουδῆς ἄξιον.

3. Ps.-Zonaras, *Lexicon* κ 1141.17-1142.9 Tittmann καθαρός· ὁ πάντα καλῶς θεωρῶν. ἢ ὁ μὴ λαμβανόμενος ἐαυτοῦ ἐπὶ ἀθετήσει ἐντολῆς θεοῦ ἢ

έλλειψει ἡ ἀμελείᾳ. εἰ δὲ βούλει, ὁ μὴ μόνον τῆς κατ’ ἐνέργειαν καὶ διὰ σώματος τελουμένης ἀμαρτίας ἀπεχόμενος, ἀλλ’ ὁ καὶ τοῖς λογισμοῖς καθαρεύων καὶ οὐδὲ ἐν τῇ ψυχῇ πλημμελῶν. ίκανὴ γάρ ἔστιν ἡ τῆς ψυχῆς καθαρότης τὸν θεὸν κατ’ αὐτῆς κατοπτρίζεσθαι. τῶν γὰρ τῆς ιδίας φύσεως ἀγαθῶν ὁ θεὸς ἐνετύπωσε τῇ ἡμετέρᾳ κατασκευῇ τὰ τιμήματα, οἵον τινα κηρὸν σχήματι γλυφῆς προτυτόσας.

“Haec nescio nunc unde de promta sint”, Tittmann commented.

The sequence ὁ μὴ λαμβανόμενος—ἀμελείᾳ is based on Basilus Caesariensis, *Asceticon magnum sive Quaestiones* 280 (PG 31.1280B) ὁ μὴ λαμβανόμενος ἔσυντοῦ ἐπὶ ἀθετήσει ἐντολῆς θεοῦ, ἡ ἔλλειψει, ἡ ἀμελείᾳ, and ίκανὴ—κατοπτρίζεσθαι comes from Athanasius, *Contra Gentes* 2.32 Thomson ίκανὴ γάρ ἔστιν ἡ τῆς ψυχῆς καθαρότης τὸν θεὸν δι’ αὐτῆς κατοπτρίζεσθαι. The final sentence (τῶν γὰρ τῆς ιδίας φύσεως—προτυτόσας) presents a difficulty. It is a modified version of Gregorius Nyssenus, *De beatitudinibus* VI 143 Callahan³ τῶν γὰρ τῆς ιδίας φύσεως ἀγαθῶν ὁ Θεὸς ἐνετύπωσε τῇ σῇ κατασκευῇ τὰ μιμήματα, οἵον τινα κηρὸν σχήματι γλυφῆς προτυτόσας. Although τῇ ἡμετέρᾳ κατασκευῇ for τῇ σῇ κατασκευῇ is a simple rephrasing of the original, Ps.-Zonaras’ τὰ τιμήματα, which makes no sense in the context, appears to be a mistake for τὰ μιμήματα, and should be emended. The later quotations and paraphrases of Gregorius Nyssenus’ sentence all have τὰ μιμήματα here: see Nicephorus Confessor, *Eusebii Cae-sariensis confutatio* 62.2.5-8 Pitra οὕτως γὰρ ὁ πλάσας ἡμᾶς τὸ ἐξ ἀρχῆς Θεὸς τῇ τῆς φύσεως ἡμῶν κατασκευῇ τῆς ιδίας φύσεως ἐνετύπωσε τῶν ἀγαθῶν τοὺς χαρακτῆρας καὶ τὰ μιμήματα⁴, Gregorius Acindynus, *Refutatio magna* 1.19.30-31 Cañellas⁵ τῶν γὰρ τῆς οἰκείας φύσεως ἀγαθῶν ὁ Θεὸς ἐνετύπωσε τῇ σῇ κατασκευῇ τὰ μιμήματα, and Philotheus Coccinus, *Antirrhetici duodecim contra Gregoram* 11 (PG 151.1102D) οὕτω γὰρ ὁ πλάσας ἡμᾶς τὸ ἐξ ἀρχῆς Θεὸς τῇ τῆς φύσεως ἡμῶν κατασκευῇ τῆς ιδίας φύσεως ἐνετύπωσε τῶν ἀγαθῶν τοὺς χαρακτῆρας καὶ τὰ μιμήματα.

4. Ps.-Zonaras, *Lexicon* ο 1482.24-25 Tittmann (s.v. οὐσία) τοῦ ὄντος οὖν ἀπλῶς εἶναι καὶ κοινῶς πάντων μετέχουσι σημαντικόν ἔστι τὸ τῆς οὐσίας ὄνομα.

“Locus corruptus est. Legendum videtur ὄντως et pro μετέχουσι μετέχειν. Locum non statim reperio” (Tittmann).

³ J. F. Callahan, *Gregorii Nysseni opera*, VII.2, Leiden 1992.

⁴ J. B. Pitra, *Sancti Nicephori Antirrheticus liber quartus* (Spicilegium Solesmense I), Paris 1852, at 470 gives an important lengthy footnote on the use of μιμήματα here and its relation to the text of Gregorius Nyssenus.

⁵ J. N. Cañellas, *Gregorii Acindyni Refutationes dueae operis Gregorii Palamae cui titulus Dialogus inter orthodoxum et Barlaamitam*, Leuven 1995.

The source of the text is a discussion of the meaning of οὐσία in the *Doctrina Patrum de incarnatione Verbi* 6 XVI (39.22-23 Diekamp) τούτου οὖν τοῦ ἀπλῶς εἶναι, οὗ κοινῶς πάντα μετέχουσι, σημαντικόν ἔστι τὸ τῆς οὐσίας ὄνομα, and so Ps.-Zonaras' entry should be corrected accordingly: οὗ *legendum est pro* καὶ.

5. Ps.-Zonaras, *Lexicon* χ 1866.5 Tittmann Χῶνα· πόλις.

Read Χῶναι· πόλις, cf. *Suda* χ 429 Adler Χῶναι· ὄνομα τόπου and Gennadius Scholarius, *Grammatica* 2.497.4 Jugie-Petit-Siderides Χῶναι, πόλις. This place was listed in the *Notitia Episcopatum* as αἱ Χῶναι (7.85 Darrouzès) and was said to have had a famous church of the Archangel Michael: see Constantinus Porphyrogenitus, *De thematibus, Asia*, 3.33-37 Pertusi εἰσὶ δὲ πόλεις περὶ τὴν Ἀσίαν εἴκοσι (...) δωδεκάτῃ Κολοσσαὶ αἱ νῦν λεγόμεναι Χῶναι, οὗ ἔστι ναὸς διαβόητος τοῦ ἀρχαγγέλου Μιχαήλ, and Theodorus Prodromus, *Monost. Sept. 6 Acconia Longo* τὸ ἐν Χώναις τοῦ ἀρχαγγέλου Μιχαήλ θαῦμα. Cf. Nicetas Choniates, *Historia Man1.6.178.15* van Dieten ἐξ Χώνας, πόλιν ἐνδαιμόνα καὶ μεγάλην, Ephraem Aeniensis, *Historia Chronica* 4420 Lampsides εἰς Χώνας ἥλθεν, εὗ πόλιν φικισμένην, and Nilus Doxopatres, *Notitia patriarchatum* 32.35 Finck αἱ Χῶναι Φρυγίας. Chonae was a very famous city in the Byzantine period⁶, and clearly merited the attention of lexicographers, as the lemmata in *Suda* and in Gennadius Scholarius' *Grammatica* show.

Tittmann's suggestion was to read Χώνη, for which he referred to Stephanus Byzantius, *Ethnica* χ 64 Billerbeck Χώνη, πόλις Οἰνώτρων (cf. Hesych. χ 866 Cunningham-Hansen Χώνη· τὴν Ἰταλίαν οὕτως πάλαι ἔλεγον, ὡς φησιν Ἀντίοχος ὁ Χενοφάνους ἐν τῷ περὶ Ἰταλίας). Tittmann based this suggestion on the fact that in K (the apographon Kulenkampianum, saec. xiii⁷) the word is accented as χώνη, whereas χῶνα is found in A (cod. Augustanus 119, saec. xiv) and D (cod. Dresdenis Da 37, saec. xiv/xv). This is a possible alternative, but perhaps less likely in light of Ps.-Zonaras' tendency to refer to theological material⁸.

⁶ See A. Simpson, *Niketas Choniates. A Historiographical Study*, Oxford 2013, 11: “[Chonae] was renowned for its magnificent Church of the Archangel Michael and for the miracle linked with the site. Chonae became the seat of an archbishopric in the ninth century and a metropolitan see a century later. Along with Ephesus and Euchaïta it was a major place of pilgrimage, attracting visitors from all over the empire who came to worship at the shrine of the Archangel Michael”. Cf. *ODB* s.v. Chonai.

⁷ Tittmann relied on a collation of this unknown manuscript by Lüder Kulenkampf: see I.A.H. Tittmann, *Iohannis Zonarae lexicon ex tribus codicibus manuscriptis*, Leipzig 1808 (repr. Amsterdam 1967), xix. K. Alpers, *Das attizistische Lexikon des Oros*, Berlin-New York 1981, 26, dates this manuscript to the thirteenth century.

⁸ See K. Alpers, *Zonarae Lexicon*, RE Xa (1972), 739: “Der verhältnismäßig hohe Anteil

Scribes may well have had disagreements about what city was being referred to here, and this could account for the different accentuations found in the manuscripts.
