Motion to recommend the elimination of the adjusted GPA

Submitted by William Levernier

1/2/2004

Motion:

The Academic Standards Committee moves that the Faculty Senate recommend that the adjusted GPA be abolished for any student initially enrolling at Georgia Southern University for the Fall 2004 Semester or later. The adjusted GPA would continue for any student who enrolled prior to the Fall 2004 semester.

Rationale:

This is a motion from the Academic Standards Committee, being forwarded to the Faculty Senate (Information regarding the committee's discussion of this issue will appear in the Librarian's Report)

Senate Response:

Two agenda item requests did not make the agenda. The first was from the Academic Standards Committee recommending eliminating the adjusted GPA. Among other things, this proposal might impact recruitment and retention of students, and therefore the Enrollment Management Council needs to be consulted.
