FULL CIRCLE GREENHOUSE

a csb student-led initiative

Origins

- Developed out of Sustainability Alliance, partnered with CSB Sustainability Office
- Desire for student-garden
- From Spring 2011, exploratory committee, suggestions for designs
- Modeled after Northlands Winter Greenhouse

Northlands Winter Greenhouse

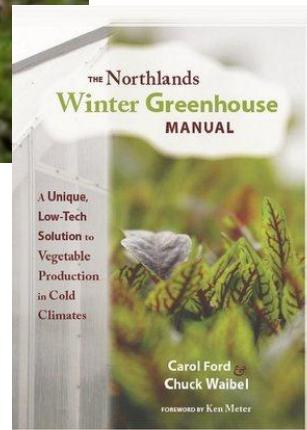

-Carol Ford & Chuck Waibel

-Minnesotan climate: in Milan,
MN

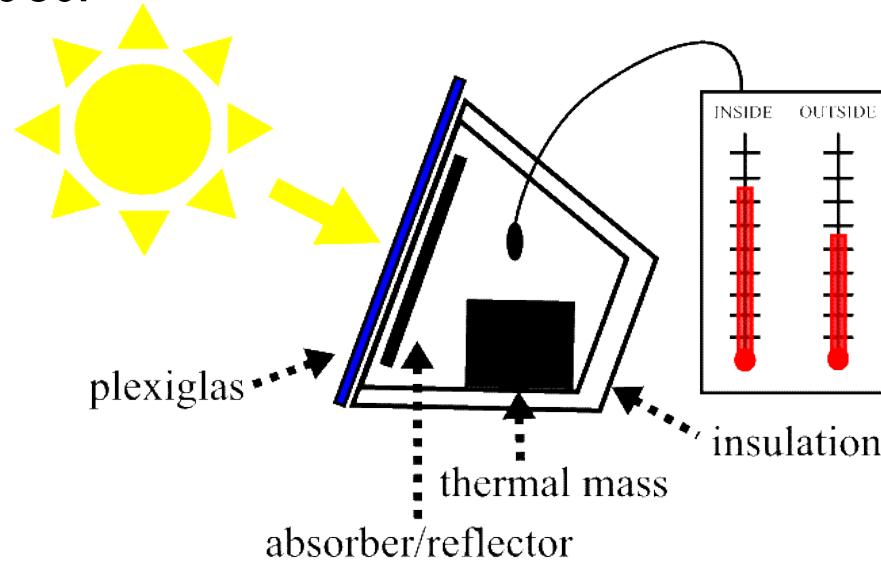

-Design enables winter-plant
growth

-Step-by-step guide to
materials, design plans

Key Attributes

- Utilizes passive-solar heating via paneling
- Allows student involvement while a summer garden would not be as accessible
- Provides opportunities for experiential learning, community involvement, and a sustainable food-source
- Student compost

Student involvement and partnerships

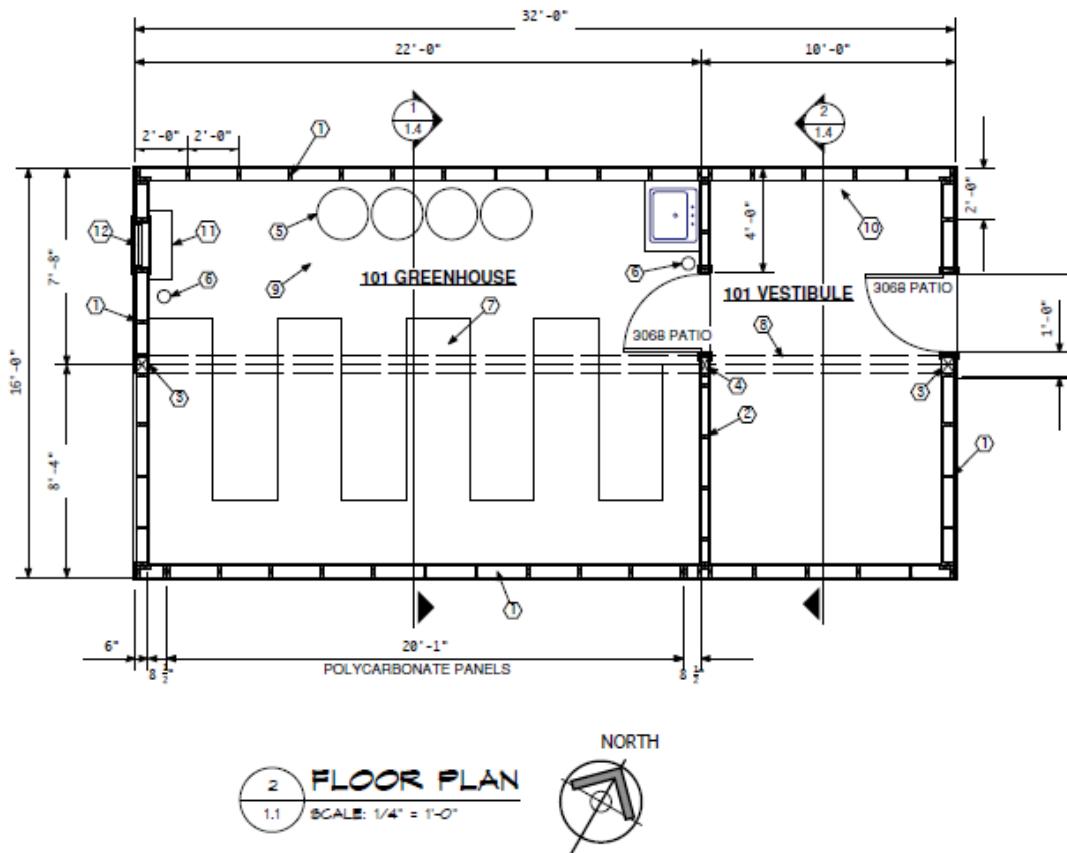

- Students
 - Student volunteer base and student organizers
- Partnerships
 - CSB Sustainability Office
 - CSB Facilities and Grounds
 - CSB Culinary Services
 - CSB/SJU community

The Process

- Core group of students
- Funding
- Business plan
- Finding a site
