### Why Have Your Presentation in Digital Commons?

More exposure for your work! Presentations are searchable through Google, and you will receive reports showing how many people have downloaded your presentation.

In Digital Commons, you retain the copyright of your work. You can apply a Creative Commons license to your presentation, which controls how people can use your work.

### What Can You Upload?

PowerPoint Slides, papers, handouts, video, and any other documents you used during your presentation.

## Now that you have presented, permanently store your presentation in Digital Commons@Georgia Southern!
