Please note that the article you select must be a research article. Essays, reviews, historical, and legal articles are not appropriate selections.

Abstracts should be written in your own words. Do not write or include terms that you could not define for me. For example, don't write about correlation, factor analysis, multiple regression, etc. unless you can tell me what they mean. I want to see that you can "make sense" of the articles.

Journals: The following journals may be used for your abstracts.

Quarterly Journal of Speech
Communication Monographs
Communication Education
Critical Studies in Mass Communication
Text and Performance Quarterly
Journal of Applied Communication Research
Journalism Quarterly
Public Relations Review
Journal of Broadcasting and Electronic Media
Public Opinion Quarterly
Journal of Communication
Human Communication Research
