a good one for the state. Governor Dorsey found on a trip to New York BABIES WERE SWAPPED ous to take the warrants at a very low rate of interest. Mr. Berrien, TWO WERE BORN SAME DAY IN er, his bought outright the bonds of counties in Georgia.

IMMINITIHU I UINIULU Allentians who heard the speech said today that they beard the speech said today that they beard the speech said today that they

The largest single financing for any state or municipal body in the any state or municipal body in the accomplished in south since 1915 was accomplished in regions of Florida, Georgia and Alabama produce soft and oily pork products, having a lower market value than firm pork, there are indications of Georgia warrants with an offer of a successful bidder last year. The assuccessful bidder last year. The nrice offered by Mr. Berrien this series of any state or municipal body in the specified raised for market in the specified these better methods of production of the periods of these better methods of production of the periods of market in the specified these better methods of production of the periods of market in the specified raised for market in the specified these better methods of production of the periods of market in the specified raised for market in the specified these better methods of production of the celebration occurred.

But according to reports received with state, where the celebration occurred.

But according to reports received similes, would deck an angel's brow; in greatly reducing the live hog differentials now obtaining in this section of the South, and would thereby then to remedy the conditions upon which the present complaint is now obtaining in this section of the South, and would thereby then to remedy the conditions upon which the present complaint is now obtaining in this section of the state, where the celebration occurred.

But according to reports received in Atlanta, Congressman Upshaw got that the farmers in this section of the periods of marketing hogs more evenly over the state, where the celebration occurred.

But according to reports received in Atlanta, Congressman Upshaw got the worst of it. He was knocked out by the Ohio blizzerd, caught cold, was seized with a high the officers having allow to totod upon her soil. Help educate but to trod upon her soil year is said in financial circles to be quality. Not only are these farmers founded."

Atlanta, Ga., Feb. 3.—How are the SOFT AND OILY PORK

which the explorations of science have not penetrated.

"Resolved that the Federal Trade Commission be, and it is hereby, directed to make an immediate investigation of the heads of the four parison of the heads of the four parison of the heads of the four parison of the heads of the conclusive evidence as to whether the children are mixed at Grady hospital, the decimal segment of the methods of purchase and prices paid for cattle and swine by persons and corporations engaged in the ment marking industry, with a mark marking industry, with western States were 1.466 cars communicant members of a family,

Of the Southern and Southwestern group — where the potato is really at more than 3,500,000.

The total Protestant church membership is estimated at more than 3,500,000.

The total Protestant church membership is given at 25,980,456 and allawate and the bedy recovered from beneath.

How and when the accident happened so only a matter of conjecture, by the sentence of the four particular and the protestant figures inleude only adult communicant members of a family, western States were 1.466 cars communicant members of a family, before the closing of the lists on January 29th, are making the best of the specific produced—only two states, Tennes are produced, and the body recovered from beneath.

How and when the accident happened as a four carry only slightly damaged by the carry only sl

where parents may be intogener universent from the head of either child. In other words, a child is quite likely to go back of its parents and inherit the shape of its head from its grand-parents. It is quite a well-known principle of heredity, the doctors say, that a girl usually resemble, her methods of purchase and principle of heredity, the doctors say, that a girl usually resemble her methods of purchase and principle of heredity, the doctors say, that a girl usually resemble her methods of purchase and principle of heredity, the doctors say, that a girl usually resemble her methods of purchase and principle of heredity, the doctors say, that a girl usually resemble her methods of purchase and potato does not make as good a finantite through of course exceptions occur. If this rule should work out in the case of the two girls involved in the case of the two girls involved in the present controversy, the Pittman thild might take after its father's mother, and the Gerner child might take after its father's mother, and the Gerner child might take after its father's mother, and the Gerner child might take after its father's mother, and the Gerner child might take after its father's mother, and the Gerner child might take after its father's mother, and the Gerner child might take after its father's mother, and the Gerner child might take after its father's mother, and the Gerner child might take after its father's mother. And resemblance that remote would be difficult to establish.

So it would seen that the control of the southern states the sweet points out that whereas in Southern States the sweet potato protoato does not make as good a finantity of the train from Savannah about 10 o'clock last might say they noticed the car in the dege of the road, but did not think it was allowed by the driver on account of some slight trouble.

Cartainty, then, the accident was in the early part of the embankment whereas in Southern States the sweet potato protoato decent make as pood a finantity of the train from Savanna So it would seem that the controversy will finally come down, when it Southern parts of Georgia and Ala- issippi, 8,455,000, and Texas, 5,046,-

clusions as to whether the children a large number of sales, the commis-are in the hands of their true parents, sion finds that "the bulk of solf and 6,290,000.

MARKETING POTATOES AMERICAN CHURCHES man went to Ohio he was invited to speak with Attorney General Mitchell

If the controversy goes to Fulton superior court, as it very shortly will, how is the judge going to decide which mother is right and which is wrong? How are the members of the jury going to decide the question?

The doctors say there is nothing in a microscopic extimation of the blood of a child converge for the lower prices farmers receive for the lower prices farmers receive for the superior court, as it very shortly will, how how to transform superior court, as it very shortly will, the South produces sweet potatoes into money.

Washington, D. C., Feb. 2.—The soft and oily quality of the pork products, rather than discrimination, appears to be the principal cause for the lower prices farmers receive for ships only three per cent of the total increased 2.779.667, the appounce.

With life extinct in the marketing of them—pitiably backward. It finds that the south produces sweet potatoes in the number of Sunday-schools and Sunday-school pupils, according to "The desired the sumber of Sunday-schools and Sunday-school pupils, according to "The was been a marked decrease in the number of Sunday-schools and Sunday-school pupils, according to "The was been a marked decrease in the number of Sunday-school pupils, according to "The was been at marked decrease in the number of Sunday-schools and Sunday-school pupils, according to "The Year Book of the Churches," will be issued tomorrow by the Federal Council of the Churches in DOVER BRIDGE PINNED BE.

NOVERTURED CAR

Miller, a candidate for treasurer, and Christ in America.

The total church membership has ships only three per cent of the total increased 2.779.667, the appropries the beds of the church ship that the south produces sweet potatoes into marketing of them principal cause for the south produces sweet potatoes in the number of Sunday-school pupils, according to "The day-school pupils, according to "The base been at market decrease in the number of Sunday-schools and Sunday-school pupils, according to "The base been at market decrease in the number of Sunday

dence as to whether the children are mixed at Grady hospital, the doctors further say. As likely as not, the children may have heads almost exactly alke in size and conformation, while the heads of the respective parcets may be ritogether different from the head of either child. In other words, a child is quite likely as apparent." the report says.

The Department noints out that mixed at Grady hospital, the doctors further say. As likely as not, the children may have heads almost exactly alke in size and conformations, if any, operating to the discontinuous western. States were 1,466 cars compared with 6,316 for the nine more interesting pared with 6,316 for the nine more pared with 6,316 for the nine more northerly producing States. And yet the Southern group it st year protocont to do some shopping. He had carried his wife to her sister's, Mrs. Rasmus Nix's, just believe the Southern group produced only and the people are being reminded string candidates and their friends, the primary. The woods are full of the primary is less than two weeks off.

The Department noints out that the primary is 260,000 and the two informed of his death this morning.

of parents, so they can make an examination of the features of the children in comparison with the features of the parents, and form their conclusions as to whether the children are in the hands of their true parents, and offerential under the commission of the parents, and form their conclusions as to whether the children are in the hands of their true parents, and offerential under the commission of the parents, and form their conclusions as to whether the children are in the hands of their true parents, and offerential under the firm product." Reporting on an analysis of a large number of sales, the commission of the commission of the parents, and form their conclusions as to whether the children are in the hands of their true parents, and form their conclusions are in the hands of their true parents, and offerential under the firm product. The contestant are home hove whom there are a number of the commission of the commission of the features of the children are in the hands of their true parents, and form their conclusions are in the hands of their true parents, and form their conclusions are to the features of the candidates are runned to find the sweet potato State. In 1916 the sweet pota

"He Profits Most Who Serves Best"

Solomon says:—"Consider the lillies, how

We say:—CONSIDER THE PEANUT WHEN YOU MAKE YOUR PLANS TO PLANT."

Read this letter written by a farmer at Sandersville, to the Southern Ruralist, one of the best farm papers of the south, and printed by them in their Jan. 15th issue:

\$250 FROM ACRE OF PEANUTS. (P. Rainwater, Sandersville, Ga.)

(P. Rainwater, Sandersville, Ga.)
Last spring after I had put all my land in cotton and corn and truck patches I had one acre of poor land I had forgotten. I studied and studied what I could put on it, as I wanted every acre of my place to yield me something. I finally decided I would try peanuts, as there was a large demand for them.

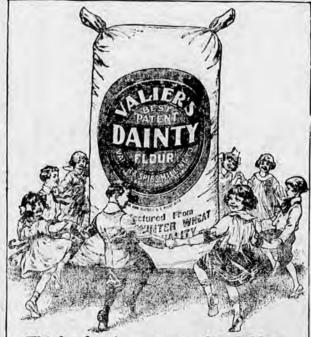

I bought enough of the small Spanish peanuts to plant my acre, broke my land with a two-horse plow and then took a cutaway horrow and ran over it to cut the clods, Then I took a Hamon stock with a large scooter and laid off my rows two and a half feet wide, taking two hundred pound of guano and spreading it in the drill of guano and spreading it in the drill on this one acre. Then I shelled my peanuts so as to make them come up pearlier and dropped them two in the hill, one and a holf feet apart. Finally I took a Planet, Jr., with two small scooters, one on each side foot, and covered them lightly.

scooters, one on each side foot, and covered them lightly. In about two weeks and a half they were all up. I then took my Planet, Jr. with a scooter on each side and one behind to side them. I let them stand four days; then chopped them out with three small sweeps of my Planet Jr., one on each side and one behind, siding them again. Three weeks later I burst the middles with a Hamon gtock and an 18-inch scrape. Now, I never got to plow them any more, for it rained too much. When my plants started to bunch out I took a scoop of dirt and covered all the limbs so they would sprout in the ground and make peanuts like the root does, but I left the bud in the middle to get air and sunshine. When harvest time came I certainly did have some peanuts. After they were picked off there was about one and three-fourths tons. I then had them baled. The one and three-fourths tons of peanuts at \$150 per ton brought me \$250. My hay then brought me \$35. The total equaled \$295. After all expenses were paid I cleared \$250 on the one are.

The peanut will fatten people and hogs, while cotton is fattening Mr. B. Weevil. Don't plant all cotton-if you do don't blame anyone but yourself when the sheriff advertises your property for public sale. We know that the boll weevil has ruined every community whose people didn't have foresight enough to outwit him. Will you

See us for First Class Peanut Seed. We have been investigating the Peanut industry and believe in it. We are going to plant a large acreage ourselves and have bought the best seed we could find. We can save you money on yours. Give us a trial.

Think what it means to the children. More and more mothers are realizing how important good baking is to the health and development of their children. It is in such homes that the superfine quality of Varier's Dainty Flour is most appreciated. Methers know that quality in flour not only means more successful haking, but baking that is finer in flavor and more nourishing.

Phone us for a sack of Valler's Dainty Flour today

C. E. SCHUMACHER FLOUR CO., Wholesale Distributors, Augusta, Ga. OLLIFF MAKES STATEMENT PRESBYTERIANS PREPARE DEFENDING ADMINSTRATION

A man wanting office will often

A man wanting office will often take high dives in his efforts to land the job.

Mr. J. E. Brannen went out of office kicking; now he is trying to kick high way back into the same job. Let use see what he is promising and let us stop, too, and think back a few yeers and see just what he gave us and the teachers when he had the reins in his ands.

He is making the promise bodily that he will operate the schools for a term of eight months, and that he will loan the county his own money at six per cent per annum. He had the job for a long time, and it is a well known fact that the teachers discounted the pay checks at at least ten per cent. Did this not only one year, but several. I have seen teachers present their vouchers and take just this discount. These are facts. Ask the teachers.

Never before this year have we had as much as five dollars for each child. This is the whole cheese, and you can readily see that it has to be stretched pretty well to get around for the five months that we have been giving. In Mr. Brannen's interview, which he has not denied and which most of you have read, he made the statement that he was having to pay the sum of \$1,200. That is as much money as Bulloch county gets for the schooling of two hundred and forty of her white boys and girls. Yet he tells you that he will give your boys and girls a term of eight months would amount to the sum of \$1,200. That is as much money as Bulloch county gets for the schooling of two hundred and forty of the white boys and girls. Yet he tells you that he will give your boys and girls a term of eight months for the entire term. Do you believe it?

New, if you stop and think for a moment, you will remember that lisst term of the Georgia legislature pass—or of Appetite and Headached. 3. 11

G66 quickly relieves Colds and Larippe. Constipation, Biliousness.

Now, if you stop and think for a moment, you will remember that lust term of the Georgia legislature pass-oss of ApPetite and Headaches. 3-11

ed a bill which is to be submitted to the people in this fall's election, to ratify which shall change the constitution of the state, allowing and com-pelling every county in the state to pelling every county in the state to levy a special tax for the purpose of raising funds with which to operate long terms of school. If this amendment is ratified, why certainly, we will be able to operate longer terms. But, of course, the people of the county will have to pey extra for it. You cannot get something for noting. It will come directly out of the pockets of the taxpayers, to be sure. And that money will be available for the use of the taxpayers, to be sure. And that money will be available for the use of the man who succeeds me. We have had good men on our county board who have had the inter-

unty board who have had the inter-Very respectfully, FRED W. HODGES. est of the county at heart at all times one of these men is a brother-in-

aw of Mr. Brannen's and is one of ulloch county's most noble men. The board and not the superinten-dent fixes the length of term and the alary of the teachers. This is the w. And no man can take the whole hing in hand and run it to suit himelf. I think it is well that this is rue. This prevents discriminations

This year we will have an increased appropriation and that has enabled s to grant a term of six-months. As the funds are increased, we will be ble to give longer terms. That's the As to our schools, I believe we are

justified in making the statement that Bulloch county's schools are the best in the state, taking out the big city counties. Practically every school is really fit to be classed standard un. der the requirements of the state and would have been had our people voted local tax like the people of Burke county did years ago. Mr. Brannen compares our school term in length to those counties having more than twice as much money as we have. Burke has about 75 per cent negro population and about twice the amount of money that Bulloch has, and has only a few white schools. Of course, they have plenty of money with which to operate any length of term they wish. When Bul loch tried to go over the top, ou present would-be benefactor fough us with all his strength. Had we done what Burke did, we would hav just as long term as Burke has. Mr. Brannen had a chance to help the boys and girls of the county then, but he did not, Will he do it now?
The city of Statesboro has two

schools—one white and one colored. They have less than a thousand children in these two schools, But States boro has funds available to the equal of about half of all the money that Bulloch as county has to operate 107 schools. This includes Brooklet, Por-tal, Register and Aaron and all the other good high schools that are being operated throughout the county. Talk about stretching funds. That's what we have had to do.

More than thirty thousand dollars

has been raised during the last eight years through box suppers, plays, and various kinds of entertainments with which to add to the schools desks, charts and libraries, as well as to

amination than mine. They have the 937,781.

no doubt most all of our people do know this. No bonk in Statesbore is more critically examined than my books are.

Since the establishment of the Federal Reserve Banks in the South, we have been able to borrow money at a less rate of interest than six per cent. But even six per cent counts. We have no way out of this unless we issue serip like Mr. Brannen used to do, and have the teacher: discount the serip and just what the public may desire to charge to eash them in. And any report to the effect that any penny of the county funds has been squandered is absolutely premeditated and maleiously false. Any person who will stop for a moment and will think will see that.

Mr. Brannen's pedigree, however, interesting to him, is well known to the people of Bulloch county and needs no self-praise elaboration.

Civilization should have advanced by this late day to the extent that where a mann is seeking office heabendld of to merit and not through a medium of mud-sling and scandalous inshunations.

The tenchers, the patrons and the children of this county know that I have worked with them and for them in the hope of making Bulloch's schools as good as they should be. They have co-operated with me and my record stands purely on its merits. And many of our people will appreciate these facts.

Mr. Brannen was not willing to be governed by the votes of the people in 1910. I had to be twice elected to this office before I was permitted to hold. Mr. Brannen claimed that he was entitled to hold be office after the people in 1910. I had to be twice elected to this office before I was permitted to deeded who should he superintendent.

B. R. OLLIFF.

BRICK STORES FOR RENT. I expect to build three brick stores, 20x75 feet, on West Main street, during acid by his actions and words that was entitled to hold the file and the people of the min and the people in 1910. I had not be remained to this office before I was permi

BULLUCH TIMES AND STATESBORO NEWS

The American people have not the crowd, pinching out sugar to the fully made up their minds as to dealers, who in their turn are operat, whether they are being robbed by the ing according to the old Vanderbilt sugar trust, but most of them have a philosophy that "the people be suspicion that such is the case. The damned"—at something like 20 cents way local dealers are parceling out per pound.

JOHN POMEROY, NOTED NEW
ZEALAND SCIENTIST, SAYS
AMERICAN PEOPLE TREAT
THEIR STOMACHS WITH TOO
LITTLE RESPECT.

Way local dealers are parceling out the sweet stuff indicates that the supply is being juggled somehow. Altered W. McCann, the pure food expert, asserts that sugar profiteers have gouged \$940,000,000 from the line. It feel like saving: 'Say, I know American people in the past few the green before the Cuban crop, and they lay ion, I feel like saying: 'Say, I know American people in the past few the present high prices to that fact what't the matter with you. I can help months. He brings the Sugar Equali, and to the manipulations of the Forty per cent of the people of Georgia are half-sick and fully ninety per cent of these can attribute their sufferings to stomach troubles. Such are the main points of Pomberoy's new theory which has stirred Atlanta, Macon and other Georgia cities where he has visited during the past few weeks. "This is due to modern conditions," he explained in Atlanta recently. "These people," he went on, "have run-down, overworked digestive organs, owing to too little exercise in the fresh air and too much hastily to make the stomach is the matter with you. I can help you if you will do as I tell you. "Asound digestive apparatus that so gould do sa I tell you." Asound digestive apparatus that is doing its full duty in getting every particle of vitality out of the food is what makes good health. Only keep the stomach in condition and there shalf every to buy the Cuban sugar crop at six and a half cents a pound. President Wilson would not authorize the purchase. Then, explains Mr. McCann, the Louisiana crop came into the market at seventeen cents a pound whole-sale, whereupon the Cuban under studies promptly boosted their prices and perfected their little "corners," with the results that are found every time a pound of sugar is purchased. "NOT WELL—NOT SICK When the kidneys fail to cleanse the blood of impurities the whole system is affected. The results may

Sold all over the United States. \$100 and up.

STATESBORO, GA., April 3, 1919.

G. A. MERCER COMPANY, Savannah, Ga.

Dear Sirs: MENT TO VILL YOU

I wish to thank you for the prompt payment of Certificates of Loan held by me in your Company.

When I purchased \$5,000 of these Certificates on February 7, 1918, my intention was to hold them, but on account of the low price of cotton, I was forced to cash in my certificates rather than sell my cotton. I did cash them in on December 1, 1918, with 6 per cent interest and without the loss of a day's interest.

I expect to purchase more of your certificates, as I know of no investment with so good a yield of interest and immediate convertibility into cash. Yours very truly,

(Call and see original letter and get name of writer.)

Because the Telephone Company is a corporation does not necessarily mean that it is without hon-or or the desire to deal fairly; that it is not as an xious as any other business enterprise to serve you satisfactorily, at a fair price, and to merit

your good will. Corporations—even public service corporations—are simply associations of men and women, managed and operated by men and women, all of whom are just as human as men and women in other walks of life. other walks of life.

These men and women who are the Telephone Company have every reason for trying their best to make their management and service acceptable to you – their places, pay and promotion depend upon just that thing!

Forget the "soulless corporation" when you think of the Telephone Company—think, instead, of the men and women who compose it. Give them at least "the benefit of the doubt."

"At Your Service"

Statesboro Telephone Co., Statesboro, Ga.

PROPER CONSIDERATION

W. O. W. The Chicago Tribune in its "Investor's Guide," recently suggested a method of bringing about speedier relief for the plight of the tractions, telephone companies and the various telephone companies and the various telephone companies and the various other utilities of the country, of FOR A YEAR'S SUPPORT. The best of its kind that the Ly- which the operating efficiency and GEORGIA-Bulloch County,

equip the most expensive automobiles built. This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3, 30x31/2, and 31x4-inch sizes. The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind. It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubesat the nearest Goodyear Service Station.

30 x 31/2 Goodyear Double-Cure \$2000 30×31/2 Goodyear Single-Cure \$1765

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube! Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-
