Another Milestone in March of Time

CLUBSTERS HOSTS AT EVENING MEAL Thirty Young Farmers Show Appreciation For Business Men's Backing Bulloch county 4-H Club boys are good business men, provided they have a businessman as a buddy. This fact was proven this spring beyond any doubt when thirty boys raised 2,993 chicks out of 3,000 chicks that thirty businessmen bought for them. That is about two-thirds of one per cent loss. You can't beat that in any business you go in. The story really started last year. Alfred Dorman, local businessman, noticed a story along this line in a Jackson, Miss paper upon which he inquired through them. He clipped it out and brought it home to show the members of the Chamber of Commerce what a group of businessmen were doing to help improve things in a growing generation. As a result of that discussion, thirty men agreed to buy 3,000 chicks for thirty boys—100 to the boy. They bought the best strain of layers the county agent knew about, so that the boys could have a flock of layers after selling the roosters. They did a good job with the project in 1950. Then came 1951. The businessmen asked if they could again buy some chicks for the boys. The thirty boys were located. They went to their buddies for the check (\$18) for the chicks. After some slight weeks, they each notified their buddy to come out to see them and pick up their fifteen fryers that they were to give him for the \$18. Came last Friday night. The boys decided that they would like to let...

ROTARY SPEAKER MADE STRONG HIT

Speaker Declares Too Much Theorizing And Too Little Action Is Our Weakness (By ROBERT DONALDSON) Lieut. Frank Clement, U. S. A former FBI agent, former state commander of the Tennessee American Legion and one time head of the Young Democrats of Tennessee. Lieutenant Clement was presented by Alfred Dorman, Rotary Club president. He told the Rotarians that we are shirking the duties of citizenship and that though many orators tell us what is wrong with our government, few offer remedies. He declared that the fault lay with the individual citizen and that the individual must be willing to do more for his government instead of looking to the government for help. Special guests at Monday's meeting included local ministers, city and county officials and heads of various civic clubs.

CLUBSTERS PLAN SUMMER FROLIC

Members Will Hold Their Annual Encampment Early In July At Camp Fulton

Bulloch County 4-H Club members will go to Camp Fulton for their annual encampment this year, Miss Beverly Brannen, county president, announces.

Miss Brannen stated that the week of July 2 to 7 had been assigned to Bulloch, Screven, Effingham, Wayne and Echols counties. The local clubsters have been going with the clubsters from Screven and Effingham counties for a number of years.

With the camp holding some 225 clubsters, this means that Bulloch can carry only about forty boys and girls this year.

The county farm and home agents from the five counties involved met Saturday and worked out plans for six study groups in rifle shooting, swimming, music, tractor maintenance, recreation and handicraft.

The plans call for work in the various camp activities during the morning part of the day with the afternoon being devoted to tours of Atlanta. One baseball game is to be included in the program if the Atlanta Crackers are playing at home that week.

Miss Brannen stated that reservations for camp will be made at the regular club meetings in May.

BULLOCH TIMES AND STATESBORO NEWS

D. B. TURNER, Editor-Owner. SUBSCRIPTION \$2.00 PER YEAR

Entered as second-class matter March 23, 1906, at the post office at Statesboro, Ga., under the Act of Congress of March 3, 1879.

"TEMPUS FUGIT" from page 1

human nature, we took the A. & B. line instead of the R. & W. ... an hour we rode around, and arrived back to the starting point.

It was around 11 o'clock on Thursday morning, April 21, that we embarked on the Dover & Statesboro route for our last lap of the journey.

As we headed up the street, the sun hidden by clouds, we thought we were traveling north. (And that's another problem which has been in our mind all the days since—East Main street runs north to this near-final day, because it seemed to do so on that first trip uptown!)

As we passed look about, we observed the Hall Hotel on the corner where now stands the three-story building built forty years ago by the Bank of Statesboro. The hotel, property of the late W. N. Hall, was being operated by W. M. Harris and his family.

So far as we are aware only one member of that family, Maggie (now Mrs. Lanier, of Pembroke), is still living. W. N. Hall himself, owner of the property, was at that time operating another hotel on North Main street in what is now the apartment house of Lannie Simmons two blocks from the court house.

As we now reminisce, there is not one man in Statesboro who was a grown man at that time. Josh Zeltrower alone of male adults was a boy of nineteen, though apparently in full manhood. Charlie Cone and Fred T. Lanier were in the ranks of yearlings, and sort of looked around; Jesse Johnston, Olin Smith and Charlie Olliff were short pants; Roger Holland was a crying babe. Most women dislike to refer to the long ago, but it seems permissible to say sort of nostalgically that Mrs. Fred T. Lanier, Mrs. Maude Edge, Mrs. Charlie Olliff, Mrs. W. B. Johnson, Miss Sadie Lee and Mrs. J. S. Kenan were school girls of that long ago moment.

It has been a long time since that eventful day! Somebody has coined a philosophy, "There is a destiny that shapes our ends, rough-hew them as we may." If you put that comma after rough—well, not everything in our life has been bad. Toward the final days, even when the experience which has come into life, we are not certain what we could have done—or should have done—to add to the happiness which has come our way. We have learned to believe that in the hurly burly of life, men run away from about as much happiness as they overtake!

And all this reminiscence is brought about through a particular incident. In a recent sorrow in our home, members of the family spent some time straightening up things about the home which had been given security in treasured places. On a pedestal in the front room there had been given proper place by that loyal spirit which had for more than half a century given guidance to things therein, the document which you have seen above. In the sort of re-arrangement, the members of our family in charge carried this document back into our sleeping quarters and stood it bolt upright beside the mirror. When hair-combing time comes on each day, there stands that reminder of the time when, eight years ago this very week, Dr. M. S. Pittman, a most valued friend, took the initiative in staging a half-century anniversary in our honor, with a magnificent program. At the Teachers College in the forenoon, this writer was permitted to appear on a program, written verses were tolerated, telegrams poured in from newspaper associates all over the state, and at the Rotary dinner most generous words of friendship were given utterance. The incident naturally had a sweet-head effect which has been treasured in memory all the days since. Have sort of tended to the degree of self-appreciation which borders on egotism.

And that document today stands where it is the last picture before us at night, and the first at getting-up time in the morning.

"Tempus fugit!"

### Farm Bureau Activities

(By BYRON DYER)

Farming is a business today, a business that calls for an education. Mrs. D. L. Deal stated to the Warnock Farm Bureau Wednesday night. There was a time when a man could grow most of the local crops without much ability, but the present competition and machinery used calls for an ability to farm as in any other field, Mrs. Deal thinks.

Mrs. Deal pleaded with the group to conserve their timber, pointing out that it only takes eighteen acres of pine trees handled right to finance a college education. Education today means more than just ability to conserve pine trees and grow crops. It means the ability to get along with neighbors and work with each other. The Farm Bureau meetings are held in that field, Mrs. Deal stated. Mrs. Deal encouraged land ownership because it is a secret ambition of every real American to own some real estate. R. P. Mikell, county president, reported on the businessman-farmer meeting held by the Rotary Club as well as the speech of H. L. Wingate, state president, at that meeting.

Ogeechee was to hold their May meeting at 8 p. m. on Tuesday night and made plans for a community-wide picnic program for July 4th. J. A. Hart is chairman of that July committee and has the other nine serving committee chairmen as co-workers.

Warnock also voted to move their meetings at 8 p. m. in May and not to have a supper meeting again until July.

The Sinkhole group wanted to hold their meetings at 8 p. m. from now on. Delmas Rushing, their president, asked Mrs. Jim H. Strickland, Mrs. Hudson Godbee and Mrs. Daisy Rushing to serve on a piano committee. This committee was instructed to try to find a used piano for their club house by the May meeting. They also plan to select the community Fair Bureau queen at that time.

Ogeechee had a ham supper, Warnock a chicken supper and the Sinkhole group a covered dish supper. Motion pictures were a part of the program at Ogeechee and the Sinkhole.

**IN MEMORIAM**  
In loving memory of  
**CHARLES EARL HENDRIX,**  
who passed away four years ago,  
April 17, 1947.  
The blow was hard, the shock severe;  
We little thought your death so near.  
Only those who have lost can tell  
The pain of parting without farewell.  
In the graveyard softly sleeping,  
Where the flowers softly weep,  
There lies one we love so dearly  
In a lonely, silent grave.  
When the evening shadows gather,  
After all our work is through,  
We can't keep our eyes from straying  
To that photograph of you.  
Yes, we love you, darling,  
Although your lips are still;  
We cannot keep our thoughts from  
straying  
To that grave we love so well.  
WIFE AND SON.

**LESTER RISENWEBER** bought his first Ford Truck in 1926. He says: "You can't beat Fords for gas, oil and repair economy. Ford's longer life means lower depreciation costs, too!"  
*(Advertisement furnished on request.)*

"Ford's fast getaway is a time and money saver in stop-and-go work like ours," says Economy Inn operator Lester Riesenweber.

### "My farm hauling costs me under 2¢ a mile!"

Lester Riesenweber drove his 1950 Ford F-3 Express, equipped with the **POWER PILOT**, in the nationwide Ford Truck Economy Run. He and 5000 others logged a total of 50 million miles!

"During the Economy Run," he says, "our day-by-day records show that we traveled 1,795 miles, with loads up to 2700 lbs. We had no repairs, paid a total of \$34.98 for gas, oil and maintenance. That's only 1.95¢ a mile!"

Mr. Riesenweber's truck, of course, gets regular Ford Dealer service. AND—like all today's Ford Trucks—it has the **POWER PILOT**, which gives you the most power from the least gas! Only **FORD** in the low-price field has the Power Pilot!

Using latest registration data on 7,700,000 Ford Trucks, the statistics show you just how many Ford Trucks are being used.

**OUR HOMES AND SCHOOLS**  
(Selected)  
Lord, we do not ask to understand The mysteries of life;  
We ask only for guidance on our part To love and understand some child's heart.

We do not ask for strength To build a building rare;  
We ask only for strength To build a young life with care.  
We do not ask for power To rule a mighty throne;  
We ask only for loving guidance To rule the school and home.

Miss Juanita Abernathy, principal; Miss Cleo Edenfield, Mrs. R. L. Jones, Mrs. John H. Wheeler, Miss Ruth Lanier, Mrs. Bert Riggs and Mrs. Paul Hendrix.
