## CONTENTS

Effect of nanoclay loading on zeta potential of polyester nanocomposite fibre MD Teli, Ravindra D Kale & L Bhatt	125
Recipe optimisation for sugarcane bagasse fibre reinforced soy protein biocomposite Vikas Kumar Singh, Samrat Mukhopadhyay & Dipayan Das	132
Ammonia sensing properties of different polyaniline-based composite nanofibres Zengyuan Pang, Qingxin Nie, Jie Yang, Fenglin Huang, Yang Xu & Qufu Wei	138
Effects of godet wheel position on compact siro-spun core yarn characteristics Xiaojuan Zhang, Bojun Xu, Chunping Xie, Xinjin Liu, Xuzhong Su & Yukun Zhu	145
Development of reinforced interlining materials to regulate elastic properties Nadezhda Kornilova, Sergey Koksharov, Anna Arbuзова1, Armaiti Shukla & Suman Mundkur	150
Studies on nature of anisotropy of tensile properties and fibre orientation in cross-laid needle-punched nonwoven fabrics Sadhan Chandra Ray & Papai Ghosh	160
Nonlinear Maxwell modelling of inverse relaxation in yarns and fabrics P K Mandhyan, R P Nachane, S Banerjee, B R Pawar & H S Koli	168
Investigation of tensile resilience properties of stretch denim fabrics Kristina Ancutiene, Marie Koldinska & Antonin Havelka	175
Moisture management and wicking properties of polyester- cotton plated knits Yamini Jhanji, Deepti Gupta & V K Kothari	183
Determination of antioxidant capacity of capsule loaded textiles Gizem Ceylan Türkoğlu, Ayşe Merih Sariışık, Gökhan Erkan, Hüsniye Kayalar, Oya Kontart & Selda Öztuna	189
Effect of weave parameters on air resistance of woven fabrics produced from compact doubled yarn J Thanikai Vimal	196

Single bath enzymatic scouring and bleaching process for preparation of absorbent cotton A S M Raja, A Arputharaj, Sujata Saxena & P G Patil	202
Production of POSS nanoparticle containing polypropylene fibres dyeable with acid and basic dyes Asim Davulcu	209
Self-extinguishable cellulosic textile from <i>Spinacia oleracea</i> S Basak, Kartick K Samanta, S Saxena, S K Chattopadhyay & M S Parmar	215
Properties of cellulosic fabrics treated by water-repellent emulsions Amina L Mohamed, Ahmed G Hassabo, Ahmed A Nada & Nabil Y Abou-Zeid	223
<b>Short Communications</b>	
Effect of stacking sequence on mechanical strength of bamboo/Kevlar K29 inter-ply laminated hybrid composite Thingujam Jackson Singh & Sutanu Samanta	230
Activated bleaching with sodium perborate and potassium persulphate Yashovardhan Mallikarjun Indi, Akhilahmad Wasif & Aftab Abdulajij Patel	235
Kaolin shear thickening fluid reinforced UHMWPE composites for protective clothing E A S K Fernandoa, I G Dharmasena & S N Niles	241
<b>Book Review</b>	
Performance testing of textiles: methods, technology and applications Edited by Lijing Wang; reviewed by A N Desai	245
