### OBITUARY.

Hon William P. Thompson, reporter of decisions of the Maine Supreme Judicial court, died at 10 a. m., Feb. 5th, at his home in Bangor, after an illness of about two months, at the age of 72 years. He had been in ill health for the last year and a half, but not seriously until about two months ago. The news of his death was a great shock to his many friends in this city who were not aware of the serious nature of his illness. Mr. Thompson was born in Troy, Me., attended the public schools and taught school to obtain the means for a higher education. He attended Freedom Academy a number of terms, also the E. M. C. Seminary in Bucksport, and after graduating from Kent's Hill Seminary came to Belfast and began the study of law in the office of E. K. Boyle. He passed his examination and was admitted to the Waldo county bar in 1870, and soon after opened an office for the practice of law in Vassalboro, and was there elected to his first office, that of superintendent of schools. In 1876 it was Vassalboro's turn to furnish a candidate for the legislature and Mr. Thompson was nominated and elected. He declined a second term, as he had planned to return to return to Belfast to practice law. Belfast at that time had a formidable array of legal talent including A G. Jewett, William H. McLellan, Nehemiah Abbott, and others, and Mr. Thompson used to say that it was like Daniel going into the lions den for a young lawyer to invade the Waldo courts at that time, and he admitted that it was rather on next Sunday morning. slim pickings on the start, but he finally made and Men's Forum will good and for nearly 25 years was a beloved and respected citizen of Belfast and his reof union services of moval to Bangor was a matter of general rewill be held in the Metho- gret. He was a law partner of Hon. Robert F. Dunton for a time, and when the partnerof the Baptist church will ship was dissolved continued his practice. He the evening. The public is took an active part in politics as a Democrat and was on the stump in every campaign. In 1890 he was the Democratic candidate for cellist, of Bangor played in governor of Maine against Hon. Edwin C. Burleigh and was defeated, but cut down the Republican plurality at the previous election. He was offered the nomination again in 1892, in the 3d district against Hon. S. L. Milliken, and though defeated again had the satisfaction of reducing the Republican plurality. He always ran ahead of his ticket, and when elected county attorney for Waldo county was would be toward the great the only candidate on the Democratic ticket to be elected. In 1891 Mr. Thompson was elected mayor of Belfast on a citizens ticket Rev. J. Wilbor Rich- and was re-elected the next year, In 1893 he Residence, 1 Northport was appointed collector of customs for the In cases of sickness port of Belfast by President Cleveland and rch, through its minister, held the office for four years. other local organizations.

At a special meeting of the Penobscot Bar. held in the library of the courthouse in Bangor Monday noon, John R. Mason, Esq., presiding and Charles H. Reid, Esq., acting as secretary pro tem, it was voted that the Bar attend in a body the services at the residence on Fifth street at 3.30 p. m. Tuesday. A committee of four was appointed as honorary at more than 25 cents each. It is bearers and to accompany the remains to Belfast, the committee being Terrance B. Towle. Henry W. Mayo, Willis Y. Patch and Albert L. Blanchard. A committee of three, John R. Mason, Matthew Laughlin and Henry W. Mayo was appointed to submit resolutions on the death of Mr. Thompson, at the next session of the Law Court, in behalf of the Penobscot

in Bangor Tuesday afternoon, the Bar attending in a body. The Bangor municipal court closed at 9 o'clock in the forenoon because of the services. The Supreme Court, Justice and Mrs. David Moody and Mrs. Albert | Cornish presiding, was in recess during the service. There were many beautiful floral

Nathan Foster Houston died at 2 a. m. Feb. 8th at his home, No. 35 Church street, after a long illness, death resulting from arteria Monday afternoon at the home. sclorosis. He was born in Belfast, Oct. 20, 1829, a son of the late Joseph, 2nd, and Susan Foster Houston and was the great grandson of father was born on the Houston farm in what years old and was born in Frankfort Me. He is now Searsport, in the house given to their came to Chicago in 1882 and for many years grandmother, Hannah Mitchell, by her father, was engaged in manufacturing printing wheel Charles Riley. All are cordially invited. some of her ancestors are buried under the F. Walsh, and Mrs. J. N. Church.

Lexington monument. Mr. Houston's family are readily traced to the Mayflower and he was in the 9th generation from John Rogers, the martyr, Mr. Houston was educated in the public schools and from early manhood was identified with Belfast's business life. He was engaged for many years in the wool business, conducting a tannery on upper High street, and was associated with Alfred A. Small under the firm name of Houston & Small, Mr. Houston was also interested in vessel property and in real estate in this city and Islesboro. The Belfast Savings Bank was organized in Oct. 1868 and Mr. Houston its first vice president, and a trustee, and was president from 1888 to Legislature from 1883 to 1887 and was on the State Valuation Committee in 1880. He was one of the promoters of the Belfast Manufacturing Co. and its treasurer until they sold to the Critchett Sibley Co. For many years he was treasurer of the Belfast Real Estate Co. He was one of the incorporators of the Belfast Hotel Co. that built Crosby Inn and was treasurer of the Coliseum Company. He took great pleasure in his work for years as a trustee of the Belfast Free Library. He was twice elected mayor of Belfast in 1876-77 and from 1877-78, and gave the salary of the office to the poor. He served the city as treasurer from 1883 to 1894. After the death of J. Y. McClintock he managed that estate until the property was sold to the Dunton Brothers. was a life-long advocate of temperance; was one of the prime movers in the Sons o Temperance and one of the early members of the Good Templars Lodge. With his family he was identified for years with the North Congregational church. At the age of 21 years he united with Phoenix Lodge, F. & A.M. and was one of the oldest past high priests of Corinthian Royal Arch Chapter. He was a charter member of Palestine Commandery Knights Templar, and its treasurer for years He was also instrumental in erecting Masonic Temple and was devoted to the order of Masonry. One sister, Miss Helen R. Houston, who has made a home for and with him at No 20 High street, survives. When Mr. Houston realized he was failing he bought the Brooks house on Church street, where he could as long as possible attend to business. In June, 1914, his sister came to live with him there and watched over him in his last days. Mr Houston had a strong personality, was loyal to his friends and firm in what he believed to be right. The funeral will be held at his late home, No. 35 Church street, tomorrow, Friday, at 2 p.m., Rev. Harry Lutz of Newton, Mass., a former pastor of the Belfast Unitarian church. will officiate. Mr. Lutz was his personal friend and an associate as trustee of the Free Library. Paiestine Commandery and other Masonic bodies will attend in a body.

sudden death of Mr. Leslie A. Knowlton, a well known and respected citizen of Monroe which occurred late Saturday night, Jan. 8th It came as a shock to his many friends. While Mr. Knowlton had been in poor health for some years he was considered about the same in his activities, which had been such as to give the impression that he was much better. Mr. Knowlton was born in Swanville July 4, 1862. the son of Ephraim and Elmira Knowlton, and passed his early life there. Later he came to Monroe In early life he married Miss Merry Elizabeth Haswell. He leaves to mourn their loss, besides his wife, one son, Chester D Knowlton, who resides in Mouroe; one daughter. Mrs. Gussie I Clements, and one grandchild, of whom he was very fond; also two brothers, Frank Knowlton of Searsport, and Eli Knowlton of Swanville. He was a loving husband and a kind father, and ready always to help a neighbor in times of sickness and need He was baptized and a member of the Church by the purpit at the union ser-and Mrs. Carrie H. Littlefield of St, Andrews, Grange and for many years a member of the of God, He was a member of Morning Light held, followed by an important N. B., and Miss Mary H. Hilton of Belfast, Mrs. I O O. F. Lodge. The floral offerings at the his wife, a basket from each of his children, a basket from Morning Light Grange. The fu neral services were held at his late home in Monroe, Rev. A. A. Bizir of the Universalist church, Belfast, efficiating. The interment was in the Monroe village cemetery.

Nellie A., wife of Stillman C. Grotton, died who accompanied the body to the Unitarian Feb. 5th at her home, No. 17 Pearl street, church, where the services were held at 12 after a short illness with typhoid pneumonia, Wednesday evening, February o'clock, Rev. IN BOARD OF MUNICIPAL OFFICERS

Petitions were received from Thomas P. Leaman et al., and Charles M. Hall, both of East Belfast for licenses to build and maintain fish weirs on their shores. City Clerk Carleton Doak was instructed to advertise according to

the ordinance in the case. Warrants were issued for the regular city lection to be held March 13, 1916. The matter in regard to insurance under the workmen's compensation act for the city's employees was left with the mayor and city solici-

CONGRESS FOR PREPAREDNESS.

Party Lines Ignored for the Good of the .Nation.

Nation.

Washington, Feb. 7. Speaker Clark and Republican Leader Mann fought side by side in the House today for national defense. With party lines obliterated most of the members followed their leaders and two navy measures passed without a dissenting vote. One, to provide for adding 300 midshipmen to the entering class at Annapolis next July, passed 173 to 0, and the other, to equip navy yards for constructing battleships numbers 43 and 44 passed without a roll call All of the Maine delegation, Democrata and Republicans, will passed without a roll call. All of the Maine delegation, Democrats and Republicans, will support the President's preparedness bills. Indeed there is virtually no dissent from any of New England, unless it be that some Republicans favor even a stronger program than the President has proposed.

## The Food Fair.

Wednesday, Feb. 2nd was Old Folks Day. but the storm that afternoon and evening prevented the attendance of some of the old folks who had planned to be present. The prize winners were each given a coupon good for one dollar in trade at any store in the city they might select. The prizes were awarded

Oldest lady present, Mrs. J. N. Stewart o Belfast, who will be 90 years old Feb. 23d. Oldest man present, Henry E. Babcock of Belfast, 88 years.

Oldest man coming the longest distan Thomas B. Cook of Unity, 81 years. Oldest lady coming the longest dista Mrs. Olive F. Mixer of Brooks. 77 years.

Oldest married couple present, Mr. and Mrs Henry E. Babcock of Belfast, married 52

Others deserving special mention were Mrs. T. F. Slipp, Belfast, 83 years; Samuel G. Stimpson, Belfast, 84 years; John Colby, Montville 82 years.

Mrs. Josephine F. Knight, aged 76 years, of searsmont was present to enjoy the dancing and at the hour of community singing, with Mr. Eldridge S. Pitcher as a partner, gave several special dances. She was awarded a pair of slippers for her graceful dancing.

Thursday was everybody's day but the storm of the morning kept many away, especially those in the surrounding towns. The com munity singing was a pleasing feature of the morning, with several good voices in the floor booths joining in the familiar songs. As early as 6 30 p. m, the crowd began to collect in order to secure desirable seats in the balcony to see the masquerade and the five Boston ballet dancers advertised by the managers to appear and lead the grand march. Promptly at 9 the orchestra struck up a march and in danced, or marched, the ballet girls escorted by partners in full evening dress and high hats. Their pink or red tarleton skirts, wired to stand out in perfect ballet fashion, their pink tights and blondine hair, were all in keeping with the role and their dancing left nothing to be desired. It is needless to say that they monopolized the attention of the spectators, and later they were recognized as young Belfast business men, viz., Irvin T. Dinsmore of B. C, Dinsmore & Son; Elon B. Gilchrest, assistant treasurer of the Belfast Savings Bank, and Henry Mudgett, the popular clerk in H. W. Clark's. Their escorts were William H. Hall of the Hall-Ellis Hardware Co., C. B. Holmes of the Consumers Fuel Co., and Herbert B. Foster of the Old Corner Drug store. They received an ovation and most of the crowd seemed to enjoy the joke played on them by the management. There were thirty other couples in costume including Spaniards. pierrots, a nun, dunces, a bride, folly, clowns. etc. The first prize for the prettiest costume went to Miss Ida Carleton, who represented Folly in a pink and white striped costume with 1914. spangled decorations. Albert H.Morse received

first prize for the handsomest men's costume. that of a Spanish cavalier. The first comic prize was received by Miss Natalie Pottle, who wore a dunce's costume, and the second went to Vaughan Hayes, who was dressed as a

rustic. About 1,200 were present.

There were many additions to the exhibit in the annex after the first day, and as last year they attracted much attention. Among the interesting exhibits was noted a display of 16 varieties of apples, raised by E D, Ramsey; vegetables exhibited by Mrs. A. Samson; vegetables, eggs and honey, shown by Irving Hills soap, also an oatmeal soap; large display of beautiful pieces of embroidery. Premiums

Best butter, Irvin Hills, blue ribbon Rest eggs, Irvin Hills, blue ribbon; E. D.

Ramsey, red ribbon. Best exhibit of apples, 15 varieties. E. D. Ramsey, Belfast, 1st, 2nd and 3d. Best exhibit of vegetables. Irvin

Northport, 1st. Exhibit of carrots, Mrs. Ambrose Samsor Belfast, ribbon.

Best exhibit of jelly. Miss Mary E. Brown Northport, first. Best exhibit of preserves. Mrs. Cora E. Herrick, Belfast, first; Mrs, Ambrose Samson,

Best exhibit made by Waldo County boy. Sherman Peavey, aged 19 years, Belfast, Lu-

sitania model, first; Ingersoll watch. Rudolph Cassens, aged 13 years, Belfast, flying machine, second; "Boy Life,"

The following prizes for fancy work were awarded by the committee Mrs. Ralph D-Southworth, Mrs. Sherman G. Swift, Miss Marian M. Heald and Miss Belle Keating: Best exhibit of fancy work, Mrs. Harold McKeen, 1st, \$1.00; Mrs. Blanche Bickford, 2nd, 75 cents; Mrs. T. W. Lothrop, 3rd, 50

Best individual piece of fancy work, Miss Maude Field, 1st, a year's subscription to Recreation.

Sofa pillows, Mrs. Herbert Bucklin, blue ribbon, Mrs. Blanche Bick ford, red ribbon, Miss Florence Brown, yellow ribbon. Spreads, Mrs. Russell Stephenson, blue rib-

bon; Miss Mary Woodbury, red ribbon; Mrs. Jesse E. Webber, yellow ribbon. Quilts, Mrs. Lucy Perkins, blue ribbon: Miss Josie Knowlton, red ribbon.

Rugs, Mrs Mary Carter, 1st \$1; Mrs. Melvin Pattershall, 2nd 75 cents. Crochet, Mrs. Blanche Bickford, centerpiece, blue ribbon; Miss Mary Woodbury, shams and scart, blue ribbon; Mrs. Jas. McKeen, red

Wooden shoes from Routa Delgarda, Azore Islands, Miss Clara Patterson, blue ribbon. Basket made from shell of armadillo, Mrs

Lottie Ford, blue ribbon. Collection of fancy work, Miss LaVaughan Knowlton, blue ribbon; Miss Josie Knowlton

Friday was children's day and the attend-

a lad of ten years, was awarded a watch for the best instrumental selection-playing a medley on the violin. The baby show was opened at 2 p. m., with Each child was given its choice from a box of toys to amuse them while Morris L. Slugg weighed them all, as the cups were to be

tion to their age. The winners of the four silver cups were: Helen, daughter of Mr. and Mrs. Herber

awarded the heaviest and lightest in propor-

Hills of Belfast, aged 17 months, weight 30

Olive Estelle, daughter of Mr. and Mrs. J. A. McMahan of Belfast, five months oldweight, 14 pounds.

Harvard Dwinal, son of Mr. and Mrs. Har-

ward Salisbury of Belfast, aged 4 months, weight, 16 pounds and 9 ounces,

John Scott, son of Dr. and Mrs. John H Darling of Belfast, aged 17g months, weight 30 pounds and 8 ounces.

Other entries were: Herbert Hilton Young of Belfast. Marian Frances Rockwood of Belfast, Jennie Marie Pilley of Belfast. Doris Lillian McMahan of Belfast

Lloyd Ivan Jackson of Belfast. Irene Verna Berry of Belfast. The dolls congress was also held in the booth of the Central Maine Power Co., and there were a large number of dolls and doll mothers in evidence. The parade was started from the stage and went several times around

the center booths. The children were all presented with cups and saucers as souvenirs of the event, and prizes were awarded as follows: For best dressed doll, Miss Isabel Coombs. For largest doll, Miss Georgie Whitehead.

For smallest doll, one inch long, Misses Ruth White and Eleanor Fowler. Friday evening the dance was a leap year affair, the ladies returning the courtesies of

the previous evenings, and was much enjoyed. particularly by the younger set. Arthur N. Johnson sang two solos and was

heartily encored. Saturday was Grange day and brought in nection with the Children's Aid Society of more people from out of the city than any Maine. preceding day. The prize, a framed picture, awarded the Grange registering the largest dent at the Castine Normal school, was the number of members in proportion to their entire membership, went to Riverside Grange of Poor's Mills with 22 present out of a membership of 60. Equity of Belfast was second, with 19 present out of 65 members. Other Granges registering were Seaside of Belfast and Tranquility of Lincolnville.

A large crowd was in attendance in the evening for confetti night, including many school children and young people from Sears port and other nearby towns. It was the prettiest fight of the four years, everyone taking what came their way with the best of gr ce and retaliating in kind. The band by request repeated the overture given at the Band Minstrels and it was received with rounds of applause. Arthur N. Johnson sang by request and Morris L. Slugg stoke of the depleted condition of the band's treasury and made a strong appeal for all to help our band. C. L. Pratt of the Teddy bear booth offered to give 20 per cent of his evening's receipts to the band and presented them with \$5.10.

The total attendance during the week fell short of the 1915 fair, but exceeded that of

## GOOD RECORD OF A WINTERPORT

A former Winterport man has achieved distinction in Massachusetts police circles. Edward E. Smith, who was born in that town, Jan. 20, 1856, being retired on a pension Saturday, Feb. 5, because of disability by the Lynn, Mass., municipal council after continuous ser vice with the police department from Jan. 10, 1888, during which time he was never reprimanded by his superiors. He was at one time a member of the Massachusetts militia and served as a sergeant in Co. L., and later as color sergeant of the Eighth regiment. When young man with more than a local reputation as a wrester. He moved around with surpris-ing speed, going so fast that his walk ap-proached a run and it used to be said of him that he could try doors faster than any mem-ber of the force. Mrs. Emma Curtis of Or-rington is a sister of Mr. Smith.

The increase in the number of polls reported The increase in the number of polls reported by the town and city assessors to the State Board of Assessors indicates that a steady and healthy growth in Maine's population is going on. The number of polls since April 1, 1915, has increased, according to these reports, 4,472. A net increase of 1,931 is shown by the tabulated reports of the cities and Hon. B. G. Mc-Intire, chairman of the board, thinks the proportion of gain in the rities will hold good in of a workman and the cutting off of a woman's legs in the street while she stood watching the airship. Workmen's houses were blown to atoms, churches were destroyed, buildings were unroofed.

buildings were unroofed.

MEMORIES OF SOUTHERN CITIES. New Orleans.

My first visit to New Orleans was in June, 1857, going there from Boston via Albany, Niagara Falls, (where a week ant, and I still recall my last dinner in was spent) Chicago, and over the Illinois Central, just built, to Cairo, thence by turtle soup and broiled pompano-the steamer Falls City to New Orleans. In the spring of 1858 I was again in New Orleans en route from San Antonio, Texas, to Fort Leavenworth, Kansas, to join the 2nd division of the Utah army and cross the Plains; again in December. 1858, to spend the winter; and in December, 1865 I sailed from New York in the steamer Eastern Star for New Orleans, to take up my residence there. The previous visits were in the days of slavery and my social relations and environ- a fountain playing in the center of the ment through relatives were such that I became thoroughly familiar with the manners and customs of ante bellum days, as I did later with the changes wrought by the Civil war and the busi-

ness activity which followed its close. At the time of my first visit New Ora small American colony in the Garden district, so well described by Mrs. Dinsmore in her interesting paper recently published in The Journal. So also with gers from down the cc st with fruit

In the days of slavery I saw nothing tion," of which I had heard and read so and so bring these memories of New much. What we in the North would call Orleans to a close. the "boss" in my uncle's house was the black mammy who had cared for my aunt in her childhood and was now caring for her children. The colored cook was a very important and independent person, waited upon by the other servants, and all had a much easier time than falls to the lot of many in the north. In the morning, as was the custom in those days, my aunt would go to market attended by one or two of the servants, who trailed behind her, carrying baskets. She went from stall to stall in the French market making her purchases, which were placed in the baskets to be carried home. Poultry was bought alive and was killed and dressed by the cook. Practically everything used in the house would be bought each day, as at that time there were no facilities for keeping perishable food. The red ants were a great pest. They would make their way through a cork into a bottle of syrup, find a way into the sugar bowl and seemed to be everywhere. Cochroaches were numerous, too, and the house larder was in constant danger from these insects, as well-as

from rats. While on the subject of housekeeping perhaps something should be said of the water supply. Most houses had the Mississippi river water, undiluted. It was about the color and nearly the consistency of pea soup, and could not be used without filtering or left to settle in big earthern jars, which always reminded me of the jars in which the forty robbers were concealed, as told in the Arabian Nights. The main dependence, however, was the cisterns, which held the rain water from the roofs. These were large wooden cylinders, put together like a cask and supported on posts a few feet above the ground. They were placed outside the buildings and in some places were very conspicuous. I do not think water was much used as a beverage. The day began with a cup of strong coffee before rising, more coffee at breakfast, and a light wine at dinner, generally table claret, which was poured into a goblet of crushed ice, thus further diluting an exceedingly mild beverage.

The restaurants, soda fountains, ice cream parlors and bars merit a paragraph. The New Orleans market was abundantly supplied with fruit and vegetables, fish in great variety, poultry and game, and the restaurants were not excelled anywhere. For certain dishes the

colored cooks were supreme, and you could also have Spanish, Mexican or French dishes at their best. I have never seen or eaten finer beefsteaks than were served at a New Orleans restaurthe Crescent City, which included green daintiest fish that swims. One does not care for heavy food for lunch in hot chmates, and a big glass of McClusky's soda water and a hunk of sponge cake sufficed. McClusky, by the way, made a fortune selling soda water at 10 cents a giass, while everywhere else somewhat smaller glasses were sold for five cents. The ice cream places were mostly patronized in the evening. Some were on the ground floor-one on Canal screet had room-others were on the second floor, with tables arranged on the galleries built out over the street. Families and parties would occupy these tables a whole evening.

The bar room on the ground floor of the old St. Charles Hotel-I use the preleans was essentially a French city, with fix advisedly as a new and more splendid structure now occupies the site-was one of the most notable in the city. It was a very large room with tables at which patrons could sit while partaking with an accident to both pairs of our what continues to be the French section, of the liquid refreshments. The story is glasses, a catastrophe with which only below Canal street, and the streets in told of a countryman who wandered in the very near-sighted can sympathize. general. I cannot recall now with any one day and on seating himself looked Donning our "second choice specs" a distinctness the impressions of a youth around and saw others drinking mint visit to the oculist at his opening hour in his teens, who had never been beyond juleps. Reminiscences of

Western Travels.

BY HELEN M. TODD. XI.

San Diego Next day began most inauspiciously necessitated a hurried taxi ride to the we had seen at San Gabriel was laid. excellence of the road itself, made us think longingly of the faithful little Ford in the garage at home.

Our attention was presently distracted from the passing scenery to the other occupants of the car platform, who were evidently the newest of newlyweds, and were so engrossed with one another that they were quite oblivious to the presence of anyone from the outside world. The colored porter on the car behind us spied them also, and thereafter spent the greater part of his time in the door of his car, carefully and ostentatiously brushing and re-brushing his passengers' hats and wraps. In the midst of a particularly sentimental passage I caught his eve whereat he choked and dodged hastily back into the car to preserve the decorum 'consistent with his porter's dignity. But the lovers were as undis Gras and Carnival are strangely used, or white man or woman in the north. And turbed as if we were non-existent, and rather misused, by those unfamiliar with when you take into consideration what rather than "play gooseberry" too long their meaning. Mardi Gras, in English the owners of servants had to do, in we retired into the car to our own seats

> ray of hotels to the stranger, and buses arrived in the attractive railway station, which is built in the favorite Mission style, and would do credit to any city. We took our seats in the "double-decker" motor bus belonging to the U. S. Grant, and were soon whisked up town to the hotel, which has a beautiful location fronting the Plaza, and is one of the finest hotels we found in the West.

> The Panama-California Exposition first claimed our attention, of course, and after a hasty lunch we took the trolley to the Exposition grounds. These are lo. cated on a high mesa behind the city, and the transformation of the arid mesa to the Paradise of vegetation it has become, has been a veritable triumph for the landscape gardeners of San Diego. The buildings are all of the Mission type of architecture that prevails in Southern California, and their cool whiteness was a delight to the eye, as the heat of the day was intense. The exhibits themselves were of secondary importance, and after a brief survey of them we devoted the greater part of our two days' visit to a full enjoyment of the wonderful gardens abounding on every hand.

The magnificent out-door organ prenent institution in San Diego, and which is protected from the occasional inclement weather by an elaborate and substantial housing of cement.

Troupes of Spanish and Mexican singers and dancers in gay costumes were found here and there entertaining scattered groups of sight-seers, and even the vendors' stands, Arab-like effects of gay striped blankets supported by four upright spears, made it easy to imagine we were in a foreign country. It needed only the tropical effect supplied by the palms and flowers to com plete the illusion. The pigeons fluttering in great numbers about the Plaza de Panama attracted our attention, and when a vendor held up a packet of parched corn, with a smile and a "five cents please," I fell a ready victim. The word "victim" is an appropriate one in this connection, for no sooner had I the corn in my hand than I was surrounded by hordes of hungry pigeons, fluttering about, beating their wings, and even

eagerness to be fed. They balanced on my head and they perched on my hands as I tried to scatter corn - one over anxious bird even pecked my nose-nor did they leave until the last choice mor-

sel of corn was gone. A little tea-room in the balcony of the Indian Arts building, under the management of the local D. A. R., attracted us, and with its Colonial furnishings it seemed a delightful bit of old New England slipped into the heart of a foreign country. As we ate at a little table in the roof-garden we watched a parade of U.S. soldiers and marines in the Plaza de Panama below us, and realized that we were still in Uncle Sam's domain, however tropical the surroundings.

There was little or no excitement on the "Isthmus." and the only Concession that interested us was the Painted Desert of the Santa Fe. Here, in a space of several acres were gathered representatives of all the southwestern Indian tribes, and here the tourist could witness the actual daily life of the Indians. One saw their homes, their domestic life, their work of pottery making, basket and blanket weaving, and the hammering out of silver and copper ornaments, their ceremonial dances and their religious rites. Every phase of Indian life was represented, and each tribe, from the Cliff Dwellers to the Navajos, had its own abiding place. The adobe huts had been made by the Indians themselves and brought from Arizona and New Mexico. Cactus and pinon wood brought from the real Painted Desert gave the necessary "local color." We spent a delightful hour there, and in the 'trading-post'' we purchased Indian baskets and blankets as well as-I shall have to confess-the inevitable post

The electric chairs, or "electriquettes." which were so numerous about the grounds possessed a strong fascination for me, so one evening about dusk we hired one and started for a tour of the gardens. We were told that the mechanism of the chairs was so simple that "a child could run them." In that our informant doubtless spoke the truth, but it might quite as truthfully have been added that they were so slow that the proverbial tortoise could beat them. On level ground, or a down grade, we got on famously, but when we attempted to climb a slight incline our power slowed down to an almost minus quantity, so that Will decided to get out and push as "first aid" remedy. One of the gorgeous Balboa guards in his imposing uniform of blue and silver, saw our predicament and coming to our rescue, wheeled us like babies in a perambulator, to the nearest "chair station." Here he testified in our behalf and helped us to exchange our chair for another with a newly charged battery. This proved a decided improvement, and we finished the ride in comfort, but I may add that we took great care not to get caught again at the bottom of the hill, and that there was no danger of our ever exceeding the speed limit in that vehicle.

On one of our evenings we strolled through the gardens into a quiet pergola where the air was sweet with the perfume of the roses and honeysuckle that grew thickly all about us. The night had the baimy softness of the South. the bright stars shone overhead and the lights of San Diego twinkled in the distance, while behind us, through the thick et of pepper trees, glowed the splendor of the Exposition. No one came near to disturb our solitude, and when a little distance away a nightingale sang softly we felt that the memory of the San Diego Exposition would linger with us as a dream of beauty. The illusion was not dispelled even when we returned to the U. S. Grant, for there we found an orchestra playing in the lobby, and as we listened we watched from the balcony garden the ever changing colors in the beautiful electric fountain in the plaza

So much of our time was spent at the Exposition that little was left for the town itself, but on the last morning of our stay we engaged an automobile for an hour's drive about the city and out to Ocean Beach, an amusement resort a few miles away. Many tourists make a side trip to Tia Juana, Mexico, from San Diego, but we had been strongly advised not to do so, since Tia Juana was simply a collection of gambling dens with "local color" artfully supplied for the es pecial benefit of America tourists, and that we would miss nothing by omitting it from our itinerary. The customs officers, especially Mexicans, were particularly officious, and charged exorbitant duties on all articles purchased in Mexico. as an incident related by one of our friends will illustrate, He was one of an auto party of five visiting Tia Juana. One of the ladies purchased an opal ring sented by the Spreckels brothers seemed in one of the many souvenir shops. On to be the center from which all the rest their return to the border they were of the Exposition life radiated, and its stopped by customs officials, and when notes, mellowed by distance and the nothing dutiable was declared, they soft, balmy air, sounded throughout the were each taken to a private room and grounds and created an effect magically subjected to a thorough search. The beautiful. Daily concerts were given ring was found in the toe of the young on this organ, which is to be a perma- lady's boot, and she was obliged to pay a duty of two hundred per cent before she was allowed to take it into the States. The customs officers had been notified by telephone of her purchase, even though it amounted to only fifteen dollars, and they were looking for the ring, and all protests were of no avail.

We did regret that time would not permit a visit to Point Loma and Coronado Beach, but since our reservations had already\_been made to the Grand Canyon for the next day, they were of necessity left for a future visit. The journey back to Los Angeles was uneventful, and after we had read the Eastern mail that was awaiting us there, we spent our evening re-packing for our next day's

The inventory of the estate of the late Rt. Rev. Robert Codman, D. D., bishop of the Protestant Episcopal diocese of Maine at the time of his death in Boston last September, shows real estate, four pieces, valued at \$16,300; goods and chattels, \$157,423.54, and rights and credits, \$35,821,24. The total inventory of the state is given at \$102,244.73 pecking at my hat and clothing in their estate is given at \$193,244.78.

REV. A. A. BLAIR TALKS TO WEST-BROOK SEMINARY STUDENTS.

The Rev. A. A. Blair of the First Universalist Church of Belfast was the speaker at the second vocational lecture of the term at Westbrook Seminary, Moulton Chap I, Tuesday morning, Feb. 1st, before the student body and several friends, speaking on the Call of the friends, spesking on the Call of the Church or the Call of the Ministry.

In opening he declared that ministry was not in the sense of the term a voca-

tion but it was a calling and desire to some one remarks, uplift the world, to devote one's life to

do good. He averred that one to enter the ministry must be qualified in the highest sense of the word and that no one should men keep things moving undertake this for his life's work unless proposition as it was not such and today as in other phases of life there are men who apt a few conservative are not at all fitted and are utter failures in the ministry, whereas in the business world or a regular profession they would succeed. He advised no student to enter

end. He said that God made the earth and everything for a direct purpose, and f draping leaves wide like this man was made for a direct at the hips usually pose and place in this world. This is what man should find and has to find his place and if he does not succeed in finding this place he is an utter failure in the charming on little slender majority of cases, because he is not

Dr. Blair who spoke this morning has an exceptionally pleasing personality and kept the entire members of the student body deeply interested and was accorded a splendid reception at the close

### 1916 A "THRIFT YEAR."

"On January 1st," says Merle Crow-ell in the February American Magazine, "the American Bankers' Association launched a movement to make 1916 'Thrift Year,' a movement which has already developed into the mightiest efalready developed into the mightiest effort of its kind ever undertaken in America. One Million New Savers in 1916, is its slogan. Through the 'Familian' is its slogan. Through the 'Familian' is the slogan in the slogan in the slogan is slogan. Through the 'Familian' is the slogan in the slogan in the slogan in the slogan is slogan. Through the 'Familian' is slogan in the sloga so many opportunities 1916,' is its slogan. Through the 'Familis for modish fancy ly's Money Department,' this magazine, from time to time, will keep its readers in touch with what is being done.

"A steering committee of bankers is y modish. At the of them is an Advisory Thrift Commission, made up of seventy-five prominent men, am ng whom are ex-President Taft,

of gold or silver, make are not boosting alone. Many other big aps that are a most striking organizations have enlisted for the campaign, such as the Young Men's Christian Association, the Postal Savings Bank system, the National Civic Federation, those now worn expose their and the National Americanization Committee. This last organization and the ter in seventy-two different languages, encouraging people to take money out of their stockings and put it in the postal banks, where it will be doing active goods."

## RECENT DEATHS

A recent issue of the Boston Sunday Post had the following notice of the death at her home, 35 G street, South Boston, of Dr. Arathena B. Drake-New graduating up to half an inch. Strange to say these graduated bandings do not shorten the wearer as even widths would do. The waist draperies were edged with the narrowest width ribbon, and the sash made of the widest width. Summer frocks can be made up now with assurfaces. Beston, of Dr. Arathena B. Drake—New England's only love doctor: "The death of Dr. Drake at the age of 88 brought sorrow to hundreds of her friends throughout Greater Boston and New England. Her acquaintance was country wide. Believed to be the only "love specialist" in New England, Dr. Drake and a wide reputation. specialist" in New England, Dr. Drake had a wide reputation. She was the au-thor of several books, chief among which was a bound collection of letters, in essay form, dealing with every sort of love known to humanity. Louisa M. Alcott, author of "Little Women," was her per-sonal friend, and Abraham Lincoln, Wen-dell Phillips, Theodore Parker and other noted man way was a those when show the noted men were among those whom she had personally met. Walt Whitman, the poet, was also a personal friend of Dr. Drake, and his photograph was always on her desk. She knew Lowell, Longfellow and Holmes and was an intimate friend of Sallie Joy White, Boston's first newspaper woman. She was a graduate of the College of Physicians and Surgeons and a trustee and treasurer of the alumni of that institution. Dr. Drake had lived in South Boston for more than 60 years. She was well known to thousands of the older residents of City Point, having lived in the now crowded Peninsula district since the days when pastures and woodlands filled the hilly slopes that undertake this for his infe's work unless he feels perfectly sure of his ground and willingness to devote his whole life. No man should enter this life as a business proposition as it was not such and today as women physicians in the country. Dr. Drake was born in Lincolnville, Me. Her father held public office in his town, and her ancestors on her mother's side fought on the American side in the Revolutionary war. So far as is known she was in the family lot at China Village succeed. He advised no student to enter into any life, in fact, unless they are adapted or qualified or rather desired to be qualified.

In a most pleasing manner and intersity in the "meal bag" be discontinued the duties of a minister and also mentioned the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. He said that God made the earth of the social end. Court for the permission. Rev. Albert H. Thompson, long pas-

tor of the Congregational church in Ray-mond, N. H., whose death, Jan. 29th, was reported in our Searsport correspondence last week, was born in Chel-sea, Mass., Jan. 27, 1849. Vermont, and served on the Wabash,
Ohio, Susquehanna and Powhatan. Afer retiring from the sea he spent several years in ranching and mining in the Southwest. He went to Colorado fifteen years ago, but never engaged in any kind of business. He leaves a wife, Mrs. Josephine B. Grozier, and a son, Joshua Grozier, a prominent attorney, both residing in Denver. The funeral services of the late Mrs. Alvecia M. Wiggin were held Jan. 29th, in China, at the home of her daughter,

Mrs. W. H. Jones. Rev. E. E. Longley officiated. The floral offerings were very cemetery. Mrs. Wiggin was born in 1842 and was the daughter of the late Thomas and Jane Webb Parmenter. Early in life she urited with the Methodist church at China and in 1862 mar-ried Isaiah Wiggin and moved to Albion, where they united with the Christian church. She leaves to mourn their loss, two daughters, Mrs. A. W. Seekins and Mrs. W. H. Jones, both of China; one sister, Mrs. G. W. Murch of Free-port, Me., and three brothers, Charles spondence last week, was born in Chelsea, Mass., Jan. 27, 1849. When he was years old his father, a sea captain, and menter of Woodfords, Me.; also several will be greatly missed.

pected by the physicians in attendance to come so suddenly. He became uncon-scious about midnight Monday and death followed at 5 o'clock Tuesday morning. Mr. Greeley was 53 years of age and had been in business in Bar Harbor about 25 years as a member of the firm of Nickerson, Spratt & Greeley, hay and grain dealers. The senior member of the firm, Andrew N. Nickerson, died at Corinna January 1st and Mr. Greeley complained of not feeling well when he went to Corinna to attend the funeral of his shortly after his return to Bar Harbor. daughters, the Misses Helen and Janet Greeley, by one young son, Henry Greeley, and by his mother and two

Mrs. Harriet Foster died Jan. 31st in Newark, N. J., aged 81 years. Mrs. Foster was the youngest daughter of the late Henry Darling of Bucksport. Her husband was the Rev. Davis Foster, for many years pastor at Winchendon, Mass. They had three children, Henry Darling Foster, who died in California, Prof. Herbert D. Foster of Dartmouth, and Miss Harriet Foster of New York. She is also survived by two sisters, Mrs. Frances A. Swazey of Bucksport and Mrs. Charlotte Thurston of Bangor. The burial was at Winchendon, Mass.

Upon the reorganization of the navy, at the close of the war, Dyer remained in the service and rose to the rank of rear admiral. Capt. Grozier

## A HIGHWAY PATROL.

It is not of much advantage to build good roads unless they are kept up. For this reason the plan of the Maine High-way Commission to have 500 men patrol the trunk lines appeals to us strongly. In the ccurse of an extended automobile trip over Maine roads last fall it was brought to our attention that two-thirds of the complaints at the condition of roads were for faults that a patrol might easily have remedied. Stones of all sizes scattered promiscuously over the highways, and holes caused by washouts were the greatest troubles encountered. At the time we commented on this, for it seemed such a comparatively easy matter to clear the stones from the roads and to fill the holes. Apparently, how-ever, it needs some such organized effort as the Highway Commission now pro-poses to bring about this much-to-be-desired reform. The delightful scenic stretch of picturesque highway between Camden and Belfast would have been 50 per cent better last summer if the thousands of annoying small stones could have been raked out of the way. The surface of the road itself was smooth enough to permit of comfortable riding, but the small stones everywhere made it decidedly joity. And so it is in many other sections of the State. Roads that would be at least classified as fair are berated roundly for no other reason than holes and glaring inequalities in the surface are not filled in. This should be neither difficult nor expensive work and it is to be hoped that the highway patrol materializes with the coming of summer. -Aroostook Times.

## Don't be Misled.

Belfast Citizens Should Read and Heed This Advice.

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

A Belfast citizen's statement forms con vincing proof. It's local testimony-it can be investigated

Herbert E. Patterson, High street, Belfast, says: "The secretions from my kidneys were irregular in passage and contained sediment. Often the passages were too frequent, then again scanty and attended by a scalding sensation. I used nearly every medicine I had ever heard of, but without good results. I finally got Doan's Kidney Pills at Poor & Son's Drug Store, and after taking three boxes, I wa cured. Today I am in good health."

Price 50c at all dealers. Don't simply ask for a kidney renedy-get Doan's Kidney Pills the same that cured Mr. Patterson. Foster Milburn Company, Props., Buffalo, N. Y.

## Libel for Divorce.

STATE OF MAINE. COUNTY OF WALDO, SS.

To the HONORABLE JUSTICE OF THE SUFREME JUDICIAL COURT next to be held at Belfast, within and for said County of Waldo on the third Tuesday of April, A. D. 1916.

HATTIE MAY SWIFT of Searsport, in said
County o: Waldo, wife of Samuel Oscar
Swift, respectfully represents: that her maiden
name was Hattie May Hill; that she was lawfully married to the said Samuel Oscar Swift
at Newark, in the State of New Jersey, on the
second day of June, A. D. 1907, by Rev. Ernest

utter desertion has continued for more than three consecutive years prior to the filing of this libel; that there is no collusion between your libelant and the said Samuel Oscar Swift to obtain a divorce.

And that the said libelant and libelee co-habited in this State after their said marriage; that the libelant resided in this State when the cause of action accrued as herein set forth and has resided here in good faith one year prior to the date hereof.

has resided here in good faith one year prior to the date hereof.

And the said Hattie May Swift also represents that not any children has been born to them during said marriage.

Wherefore, she prays that a divorce from the bonds of matrimony between herself and the said Samuel Oscar Swift may be decreed for the cause herein set forth.

And the said Hattie May Swift further alleges that she has used reasonable diligence to ascertain the present residence of the said Samuel Oscar Swift, but has been unable to do so, and does not know where he is.

so, and does not know where he is.
HATTIE MAY SWIFT, Libelant.

STATE OF MAINE.

WALDO, SS. BROOKS, January 28, 1916.
Subscribed and sworn to by the said Hattie
May Swift, that the above allegations as to the
residence of the libelee is true. Before me,
[NOTARIAL SETH W. NORWOOD,

STORY OF THE POTATO.

Of all the gifts Europe has received from America, none has been more valu-able and of greater economic importance

than the potato, and its introduction as an article of food forms one of the most interesting chapters in the history of the human race.

History relates that the Spaniards on their arrival in America found the potato cultivated by the natives, and, according to Humboldt and Darwin, growing in its wild state in both South and North America. The introduction of the potato to Europe is ascribed to more than one man. Some say it was Sir Walter Raleigh, others Sir Francis Drake, who brought the potato to Ireland and England. Another version says that it was Thomas Heriot, the mathematician, who returned with the potato after an American excursion of two years' duration. Perhaps all were instrumental in introducing the potato to the Old World.

In Germany, it is generally accounted.

In Germany it is generally accepted that the introduction of the potato is due that the introduction of the potato is due to Drake, and to show their appreciation the people of Offenburg, in Barden, Ger-many, have honored his memory by the erection of his statue in one of the public squares of the town.
Others again claim that the Spanish

seafarers brought home with them the potato on their return from America. It has been proven, however, by scientists, that it was the sweet potato and not the solanum tuberosum that was introduced into Spain. Those persons who first received the potato seed planted them in the gardens

more for sake of curiosity and the poorer classes were hostile to the new vegetable. The Scotch would not plant potatoes because they were not mentioned in the Bible. The true value of the potato as an article of food when first introduced in Europe was understood or realized by

but very few people. For a long time potatoes were planted by the English notability as a curious exotic and remained extremely scarce. Not until the middle of the 18th century did the potato become extensively culti-

England. In France it was only after employing exceptional methods that Parmentier, a chemist, succeeded in having the people use the potato.

vated and its food value recognized in

Today the potato is the most service-able article of food to be found, and it is the standard of all nations. The greatly despised and neglected tuber has come into its own. It is one of the most profitable crops a man with ground can raise. Upon the potato the world today depends for its brain and brawn and daily sustenance.—Memphis Commercial Appeal.

Orders were received last week to fill all the houses in Maine of the American Ice Co. These include the houses on the Kennebec, two houses at North Boothbay and Bristol and one at Bangor, This order is due to the ice going out of the Hudson river and the failure of the ice crop in other places south. We read the other day a prediction that the time was coming when only artificial ice would be used, but evidently that time has not arrived and Maine ice will probably be in demand for many years yet.

In an obituary of Dr. Arathena B. Drake, on another page, Sallie Joy White is spoken of as "Boston's first newspaper woman." We believe that to be an error; that Miss Louise C. Knight was employed on the Boston Herald before Sally Joy White entered journalism; and of Miss Knight Mr. Haskell, the editor of The Herald, said to the writer in Washington that she was "the best man on the paper."

Suits to recover overdue taxes have been brought by the city officials, and the list of delirquents is said to be an interesting one-lots of people you wouldn't expect to find there. Treasuror Stevens is obeying the instructions of the city government with absolute impartiality and is consequently about as popular with the tax dodgers as a Zeppelin is in London. To a certain type of politician it is incredible that his services to the party in power should not give him immunity from taxes.—Rockland

In some cases it has done so.

represents the first Maine district in of Mr. Hinds in his boyhood and his home was with his guardian, of whom he alsonal note accompanying the obituary Mr. to Belfast I went with him, (Mr. Fowler) and I think we lodged in the Phoenix Hotel, and it seemed to me the most palatial house man could conceive of. Of course you must understand that I was a very small boy."

Someone has named Congressman cessor in the U. S. Senate, in case Mr. Burleigh should not desire reelection. This seems somewhat premature, but if and so move to amend by substituting widely recognized ability. He served the State faithfully and well as Governor for four years, and is eminently deserving and eminently qualified to occupy a seat in the United States Senate.

The Parliament buildings at Ottawa with loss of life and many injured. The be readily inferred. This is to punish Canada for her loyalty and patriotism in sending men and money to the aid of the mother country. The buildings destroyed stood on an eminence overlooking the valuable library seems to have been family, spent a summer in Castine. This is saved, but everything else was destroy- Mrs. Hgginson's poem: ed. The loss is estimated at \$6,000,000, with no insurance.

One candidate for the Republican nomination for governor has withdrawn, leaving Carl Milliken in Aroostook, Dr. Hagerthy in Hancock, Weeks in Somer set, and Col. Frederick Parkhurst in Penobscot. The Eastport Sentinel in reviewing the situation says that two of these candidates "are not taken seriously by anyone-possibly not even by the candidates themselves;" and would eliminate a third. "The one candidate," says the Sentinel, "with whom we can make good in the primary and later in the election itself, is Parkhurst, whose qualifications as a man, whose experience as an organizer, whose strength with Republicans and Progressives alike, are generally conceded." . . . "With Park hurst as the candidate of the party, the election in September will be more than a victory for the Republicans, -it will be a landslide.'

Maine people in Hartford, Conn., are forming a new club, the State o' Maine Club, in which all who claim a birthplace in one of the sixteen counties are eligible for membership. The Hartford Daily Courant reported 40 members Jan. 29th. and a meeting for organization was to be held the following Thursday. All the counties except Hancock and Sagadohoc were then represented-Waldo county by Henry W. Burrill, formerly of Searsport, Dr. Edwin Pond Parker, formerly of Belfrst, and R. A. Warren. The initial credit for the club is given to E. A. Jackson, long a resident of Hartford who was acquainted with and collected the names of the local men from Maine.

in the Courant's write-up. It is the first The Republican Journal Maine club to be organized in Connecti cut, and the Courant says: "Its chief pur pose will be to keep the warm spot for the State of their birth in the hearts of its members, and to gather once or twice a year for an old fashioned Maine spread, composed entirely of edibles grown and garnered in the Pine Tree State."

papers anent the "egg laid on the editors table" has become as stale as the cooler eggs for which the unsuspecting housekeeper sometimes pays the price of fresh and is lucky if nine out of the twelve are usable. But eggs continue to find their way to the editors table, and not always singly. At least, The Journal was favored the other day with a basket full. And such eggs! In size color? If your coffee is made just cant. he can catch. It is up to somebody to right-full strength and clear-and you pour into your cup cream from the top of a bottle of the milk Harriman used to leave at the doors of his customers, you will see just the color of these eggs. You may have been told that eggs put down in water glass are just as good as cooking-though the writer does not bebutter in any capacity-but to fully appreciate those big, rich colored eggs you down" hen fruit.

everyone all the time; and while we do not claim that the New England climate, or more particularly the Maine climate realizes that ideal, it certainly averages well with the rest of the country. The violent storms which sweep the middle west and South Atlantic States, put out to sea before they reach the Maine coast and are experienced here not at all or in a mild form. We are free from destructive earthquakes, tornadoes that pick up houses and carry them into the next county, and blizzards that destroy the farmers flocks and herds and are often attended with the loss of human life. Last week we read in our exchanges of floods in Southern California, a blizzard in Colorado, extreme cold in the Northwest. heavy snow fall in Michigan, and the deepest snow fall in Boston for seven years, while we did not get snow enough here to make good sleighing and a few days before a Belfast man had picked full grown pansy blossoms from his garden. Of course we sometimes have ary of Hon. Crosby Fowler of Unity, unseasonable weather-too cold in sumwritten by Hon. Asher C. Hinds, who mer and too warm in winter; but those who leave Maine for the winter resorts do Congress. Mr. Fowler was the guardian not always find the change entirely satisfactory. Last winter friends of ours went to Florida and suffered from the ways spoke with high regard. In a per- cold. Degrees of cold are relative, and one suffers more in a climate like that of our friends went to Southern California, clear. which the railroad literature would lead one to believe is a land of perpetual sunshine and summer. They found snow which

A POEM BY MRS. HIGGINSON.

Of the following verses, written by Mrs. Thomas Wentworth Higginson and published in the New York Evening Post, a writer in the Boston Transcript says that they "are as beautiful as they are powerful; surely among the finest, noblest, most enduring poetry of the have been entirely destroyed by fire, great war." In republishing them the Rockland Courier-Gazette says: "Mrs. Higginson was fire is declared unofficially to have been  $\mbox{\bf Miss Mary Thacher of Rockland."}$  If not born caused by the explosion of a gas bomb or in Machias Mrs. Higginson's home was there infernal machine, by whom placed may in early childhood and young girlhood, and her brother, Stephen Thacher, was a schoolmate of the writer. The family moved to Rockland from Machias and later to Boston, where Mrs. Higginson's father, Peter Thacher, was engaged in the practice of law until bis death. Some years ago Stephen Thacher preached in Ottawa river and were admired by all the Unitarian church of this city as a candivisitors to the Canadian capital. The date, a brother and later, with jothers of the

A LOVER'S CRY

Germany, my Germany!

Land of magic and of song,

To all youth thou doet belong.

Often in my childhood dreams

Have I sailed thy castled streams;

Met, when lost in woodland ways.

Thy immortal elves and fays;

And have hailed thy Christmas tree,

Whence the Christ Child smiled on me.

Germany, my Germany!

How I tremble, lest the years
Bring thee legacies of tears!
Lay thy proud ear to the ground,
Hear that muffled, angry sound
From hearts bereft on distant strands, From ravaged homes in nearer lands—A fearsome note—I yearn to save Thy children from that tidal wave!

Germany, my Germany! Not for valor in fair fight Swells the warning voice tonight; But for deeds that brand thy name With the burning mark of shame. From this carnival of crime Snatch thy noble soul in time, Before the rising flood of Hate Engulf, and leave thee desolate!

MARY THACHER HIGGINSON.

Several from here attended the food fair in

Belfast last week. The Ladies Aid supper at Mrs. H. L. True's last Thursday was well patronized and a goodly sum was received.

Mr. Leslie Gray had the misfortune to cut his foot quite badly while cutting wood in the woods last week.

Hiram Farrow, Esq., of Belfast was in town on business last week and was a guest of Honand Mrs. A. H. Miller. Mrs. George Brown, who attended the

Grange Lecturers Convention in Augusta las

week, arrived home Friday. There will be a mask ball at Tranquility Hall Monday evening, Feb. 14th. Cash prizes will be offered for the best couple in costume and also for the poorest. Good music and first class management are assured. A baked bean Dr. Parker's picture is given with others | supper will be served in the banquet hall.

## Washington Whisperings.

WASHINGTON, Feb. 7, 1916. The ultimate purpose which President Wilson expects-or at any rate, hopes-to achieve by his speech-making tours is his own reelection. He realizes that when he is once renominated the proprieties of the Presidency will not permit him to go out on The stereotyped "joke" of the city the stump as a candidate for office. But now, months before the national convention meets, he is bound by no such restriction; and he is thought here to have been very glad to make use of the opportunity to do a little campaigning under the guise of presenting his new-found policy of national defence to the people.

The value of his efforts to this end cannot be estimated just now-but the fact that he has awakened little that can be they would make a turkey envious. And called enthusiasm is regarded as signifi-

The immediate purpose which the President had in mind before starting out with his little bag of speeches was to procure a reaction of pressure upon the Democrats in Congress who are opposing his programme of preparedness. The President's prestige is at stake in this new laid eggs, but don't you believe it. matter. He has executed & sudden flop, It is not so. They may be all right for as Congressman Moore calls it, on this question; but his party associates in the lieve in using infirm eggs or athletic House are not as nimble as he is, and they are still standing where the President bade them stand in his message of should go through a course of "put a year ago. In this they are actuated by two beliefs. They think that the Wilson they are doing him a real favor in saving the sun with a climate that will suit him from what they think is a misguided political manoeuver. In addition they think that they are representing the sentiments of their constituents in opposing a policy which they describe in rather loose terms as "militarism."

The President's idea is that if he can stir up the folks "back home," they will communicate their feelings to their representatives and produce a shift of position on the part of the recalcitrant Democrats who are now imperilling the President's program from a party point of view. No change of opinion of this sort has yet manifested itself among the rebellious Democrats. Perhaps it is a little early to look for it-but the fact displayed has been among Democratic are fully appointed and working. pacifists, who have been busy every minute perfecting their organization and preparing to go to the mat with the President in a strangle hold for supremacy. The same night that Mr. Wilson opened his speaking campaign in New York, Mr. Bailey of Pennsylvania announced that more than twenty Democratic Congressmen had signed a formal compact to stand togeth . er in opposition to the President's military bills and that recruits were coming in almost every hour.

This does not mean that there will be Hinds says: "The first time I ever went Florida with the temperature around On the contrary such legislation is asno legislation for defence at this session. freezing than in Maine with the mercury sured-by Republican vols. > WASHINGTON, D. C., Feb. 7, 1916. An ployment in a hospital. appalling oversight of the Democratic administration in providing for national defense has been laid bare.

Representative Patrick H. Kelley of Michigan, a member of the Naval Affairs | better. Committee, has disclosed to the House that of the nine dreadnaughts, seventeen destroyers, thirty-nine submarines and two transport and supply ships authorized by Congress, or under construction since the Democrats have been in control of the House not one is completed

More important still, no apparent effort has been made by the President or the Navy Department since the beginning of the war in Europe to hasten the construction and completion or these additions to the Navy.

Why this neglect on the part of the administration to carry out the mandate of Congress to equip the navy for adequate national defense at this time?

In a resolution setting forth this condition Mr. Kelley referred to the President's recent statement that"the world is on fire and we are daily treading amidst dangers not of our own making and not under our control; no man can tell what a day may bring forth."

His resolution proposed that the Secre tary of the Navy be directed to negotiate at once with contractors and government ship yards to learn the earliest time within which these war craft can be completed, and report to the House.

"The President has said in his recent speeches that the country faces a crisis," said Mr. Kelley, "and none could tell what a day might bring forth. If this language means anything, it means that our need of defense is, a present need. Dreadnaughts and battle cruisers authorized by this Congress will not be available for the defense of the country for four years to come,

"Hence it seems to me that the first duty of Congress is to see that the sixtyseven ships now under construction or authorized for the American navy are completed and made available at the earliest possible moment. Preparations which do not materialize for five years would not avail us anything if our danger

is a present one.
"I cannot understand how the President, knowing the danger as he only can know it, has made no suggestion to Congress that the ships now under construc-tion ought to be rushed to completion. "Either we are not in danger or the President has been negligent in this re-

## BANISH SCROFULA

Hood's Sarsaparilla Cleanses the Blood, Skin Troubles Vanish.

Scrofula eruptions on the face and body are both annoying and disfiguring. The complexion would be perfect if they were not present! This disease shows itself in other

ways, as bunches in the neck, inflamed eyelids, sore ears, wasting of the muscles, a form of dyspepsia, and general debility.

Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula. It purifies and enriches the blood, removes humors, and builds up the whole system.

Scrofula is either inherited or acquired. Better be sure you are quite free from it. Get Hood's Sarsaparilla and begin taking it today.

### WINTERPORT.

Rev. Frederic Palladino, Dist. Supt. of the Bucksport Dist, occupied the pulpit last Sunday at the M. E. church and visited the Sunday school, where he rendered a solo and gave assistance and encouragement to the classes.

Wednesday evening, preceeding a basket ball game, a short dramatical sketch will be of a year ago is the real Wilson and that given by the students of the High school. The proceeds will be used in sending delegates to the student's conference in Waterville,

Friday evening, Feb. 11th, at the High school building, W. H. Lord will address the teachers, with "The Schools as Viewed from the Outside," as his subject.

The A T. T. class of the Methodist Sunday school will hold a Lincoln supper next Saturday in the M. E. vestry. It will be the first of a series of suppers and concert; to be given by the class and which are sure to have the hearty support and cooperation of all. The A. T. T. class is the largest organized class in the school and is a class of married ladies, who in four months have effected a splendid organization. The class teacher is the pastor's wife, Mrs. A. J. Lockhart, and the principal officers for the present months are as follows: President, Mrs. C. C. Moody, secretary remains that the only activity thus far Nealley. The regular standing committees

The banquet of the Delta Alpha class, M. E. Sunday school was served on Thursday evening by the Burr club in the Odd Fellows banquet hall. This proved a very enjoyable event. Thirty-seven plates were laid for the class and their gentleman guests. The sketch of the class history and purpose, and a toast to the class were very capably given by the teacher, Mrs. William A. Eilingwood. After the toast had been responded to with the class song, Mr. Ellery Bowden, in behalf of the class, toasted the Burr club and gave a brief history of that organization. Following the banquet a musical program with readings | Portland, secretary-treasurer; L. B. Costello, was carried out. It included an original reading by Mr. Carroll Young, in which he had set forth in rhyme the romance of the class teach- A. Allan, '06, Augusta, Raymond S. ### EAST BELFAST.

V. D. Larrabee lost his horse last week and bought another Monday. Miss Daisy Stevens of Monroe was a week-

end guest of Miss Ethel Savery. Mrs. Lorenzo Patterson is quite sick and her daughter, Mrs. Peter Oleson, is with her. Everett Burgess has moved from North Belfast to the Ernest Gross house on Swan

Miss Marian Tower, who is with her sister Mrs. Jesse Staples, is spending a few days at her home in Belmont.

Miss Lucy Leavitt returned home last Tuesday from an extended visit with her sister, Mrs. Perley Stanley, in Cranberry Isle. The little son of Mr. and Mrs. Elmer Decrow

underwent a slight operation last week by Dr. E. L. Stevens, assisted by Dr. H. L. Kilgore. Mrs. Roscoe Black has returned from Massachusetts, where she had been with her daughters, Mrs. Wm. Russell and Mrs. James

Mr. Walter Carter, who for a number of years has been employed by the Rickers of the Poland Spring House, is visiting his niece,

Mr. and Mrs. T. P. Leaman and sons Tom and Ross arrived yesterday from an extended visit with relatives in Connecticut and in other places en route.

George Davis of Swan Lake avenue met with a serious accident Feb. 2nd while driving home with the City Bakery cart. He was about 8 miles from the city, and on account of the rough travelling the iron of the whiffletree broke, letting the whiffletree down on the horse's feet, who became frightened and with a leap threw Mr. Davis to the ground, breaking his leg. He clung to his horse and with no little difficulty harnessed the horse back into the cart and drove to the city. He was carried to his home and the limb was so badly swollen that it was impossible to set it until the next afternoon, when Dr. F. C. Small was called and was assisted by Or. Tapley. Mr. Davis suffered intersely, but at this writing is quite comfortable and his many friends ex-

### BANQUET OF BATES ALUMNI.

LEWISTON, Me., Feb. 4. The annual banquet of the Stanton Club, composed of Maine alumni of Bates College, was held this evening at Rand Hall.

The president, Jed F. Fanning, '93, of Portland, was tosstmaster, and the speakers were Pres George C. Chase, '68, of the college; Hon. Mrs. L. M. Wharff; treasurer; Mrs. Edward Arthur S. Littlefield, '87, Rockland; Mrs. Ethel Cummings Pierce, '94, Lewiston; Pres. C. P. Quimby, '10, of Westbrook Seminary; Hon. Carl E. Milliken, '97, Island Falls; Prof. R. D. Purinton, '00, Lewiston; Rev. J. Stanley Durkee, '97, Brockton, Mass; Prof. F. E. Pomery, '99, Lewiston, and Will C. Macfarlane of

## No Pooh Bah For Rockland.

ROCKIAND, Me., Feb. 6. "The office of Mayor and that of judge of the Police Court of Rockland are incompatible, and cannot be held by the same person at the same time"

In this manner does the Supreme Court dispose of this city's contested election case, which has been pending since March 1, 1915.

On the face of the election returns Charles M. Harrington, the Republican candidate, was elected by a plurality of three votes. After many inspections of the ballots Ex-Mayor Philip Howard, the Democratic candidate, craimed that the corrected returns would give him the election by two votes, and the matter was taken to the courts. Mr. Howard was meantime appointed judge of the Municipal Court.

Many people suffer the tortures of of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great bloodmaker, while its medicinal nourishment

strengthens the organs to expel the impurities and upbuild your strength. \*Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

Miss Isabel Ginn, who holds the highest and Mrs. S. D. Greeley in Hampden, returning record as a woman bowler in Belfast, is to meet Mrs. Conant of Portland, said to hold the record for the largest single string in the State, in a match on neutral alleys. The game will be rolled at the Bowlodrome in Bangor, and it is expected that a large number of fans from Belfast and Portland will witness the match. Miss Ginn is a very fine bowler, having recently bowled a total of 427 in five strings as follows: 74, 97, 89, 92, 74, She bowls a very strong game and in a ten-string match as will be rolled, her friends look for her to win. The game will be arranged by L. D. Mathis Co. of Bangor, and Miss Ginn plans to meet Mrs. Conant in Bangor Feb. 14th. No prize is offered, it is just a friendly match.

THE VILLAGE POST OFFICE. The entertain ment given in the Baptist vestry last Tues day evening was a great success. The scene was a country store and post effice, with the store in one corner and the nail kegs near by occupied by typical country politicians and exnders of current topics. The arrival of the village seamstress was the signal that the gossip of the town would be revealed. The postmaster, Deacon Charles E. Rhoades, and perfection, while the real stars were Deacon George E. White and his wife, Mrs. Benjamin Robertson. They had just returned from their first visit to the city, where they had heard Billie Sunday and reproduced in duets some of the music they heard. The proceeds were \$24. Little Misses Delia Cook, Emma Webber, Jennie Roberts and Mildred Stimpson sold \$5.50 worth of home-made candy. The committee in charge was Mrs. Warren A. Nichols, Mrs. J.

G. Aborn and Mrs. Kempton B. Craig. THE BOZEMAN WOMAN'S CLUB OBSERVES: ITS 5th BIRTHDAY. Bozeman, Montana, recently had a Farmer's Week and one of its pleasant social features was a reception for the visiting and local women on the fifth anniversary of the Woman's Club. The home economics department of the club arranged the affair and all the members of the department assisted in serving. A Bozeman paper says: "A beautiful white birthday care with smilax entwined around the candles was brought in by five little folks, Margaret Choate, Lois Cobleigh, Billie Schoppe, Kenneth Whipple and Laura Co:ldy carrying the green and white ribbons attached to the cake, which was carried by Miss Mary Danielson. After the cake was cut in two by the president, one part was taken to the music room, where Mrs. Harry Benepe cut it for the guests and Mrs. W. F. Schoppe poured tea; the other part was taken to the library, where Mrs B. B. Law cut the cake and Mrs. Carl Gottschalck poured tea. During the afternoon, Misses Leah Hartman, Hortense Kirschner, Azales Linfield, Leila Linfield and Edith Fowler con tributed delightful music on the piano.'

was the scene of a genuine surprise reception last Monday night. As Mr. Frost was returning about 8 p. m. from his evening visit with his parents he came upon a bunch of human beings assembled upon the front piazza, laden with boxes, baskets, buckets, etc., and heard whispered exclamations of "That's Pa;" "Where shall we go?" "What shall we do?" Taking in the situation he said, "Why, go inside of course." Then it was Mrs. Frost who was to be the victim, and a little later, hearing a noise in the front hall, she went to investigate, and on opening the door, happy outbursts of "Hello Ma," intermingled with joyous greetings, resounded as the "Jolly Nine" took possession of the house. About 10 o'clock the dining room was thrown open and "Pa and Ma" were invited in. The decorations were beautifully carried out in pink and white. The first course consisted of crab meat salad on lettuce leaves, ham, peanut butter and plain sandwiches and olives. Then "Midget" and "Gaggy" quickly cleared the table and brought in the second course of fancy cookies and cocoa. The lights were then turned off, leaving the silver candelabra with its burning tapers in the center of the table for illumination, and "Goo-Goo" appeared with a threelayer marshmallow cream cake, bearing fortyeight lighted pink candles, and placed it in front of "Pa" in observance of his birthday, with directions to cut and serve the same. After some comment as to the size of the pieces the happy company were served. The entire evening was spent in playing checkers, arroms and music, and at a late hour the 'children" said good night. Those present of the "Jolly Nine" were Ethel Frost, Dora Brown, Gladys Marshall, Marian Brown, Fred Seward, Charles Getchell and "Ma Frost." Margie Blake and Mr. Frost are known as 'Guests." The only regret for the evening was the absence of two members, Miss Clara Palm of Brooklyn, N. Y., and Byron M. Salter. The Frost residence is always open for the "Jolly Nine" and guests, and many happy

hours are spent together by the congenial young people of the Methodist society.

Coombs, Mrs. Olive Herbert, Mrs. Leighton Coombs, Miss Beulah Bates, Miss Myrtie Pendleton and Miss Zoa Coombs. Apples,pop corn, candy and candied orange peel were served by the hostess.

## KIDNEY DISORDERS QUICKLY RELIEVED

A A. Howes & Co, the popular druggists, have established a new record in the sale of medicine. They say they don't believe any medicine ought to be paid for unless it does the user some good and they have adopted the plan of selling Solvax, the standard kidney remedy, under a positive guarantee of quick relief from all kidney or bladder misery, or money back without a question. This speaks eloquently for the virtues of the remedy that aiready has created such a wide spread demand already has created such a wide-spread demand in Belfast. Solvax is not just merely a kid-ney treatment, it is a medicine that puts the entire, pain-racked body into normal condition entire, pain-racked body into normal condition and gives vigorous health after the many painful disorders caused directly or indirectly by sick kidneys. A change for the better will be seen after the first few doses of Solvax and its continued use will soon tone up the entire system of improperly working organs and give you the desire to live and enjoy life to its fullost.

A weeping and a wailing filled the air, Weary, irresolute, and ill at ease I marked you linger by the mirror there.

And from the past lost images impart, Complete in every feature every grace, Or are you pictured only in my heart? The flickering failing candles gutter low.

A weeping and a wailing fill the air The shades of long dead times are passing In sad procession through the mirror fair.

Hark! Is the dying night indeed in pain? A weeping and a wailing fill the air, Irresolute and wistful once again Your ghost-is lingering in the mirror there, CHARLES PHILIP KRAUTH.

Letters from Florida.

The "Wonder City" and Personal Notes from Jacksonville.

St. Cloud, Fla., Feb. 3, 1916, Thinking your many readers would like to hear about St. Cloud from one who is not a promoter and has no property here to sell I will give a description of the place as we find it. It is rightly named the "Wonder City." It is not six years old and has a population of about 3.000. It is in the northern part of Osceola county on the east shores of Lake Tohopekaliga, a body of water seven miles wide and nine miles long. The place is 70 feet above sea level. It is incorporated and governed by a mayor and city council, has ice and electric plants, telephone and telegraph service, and one newspaper, the St. Cloud Tribune. It has the only national bank in the county. The most common winter vegetables are cabbages, turnips, tomatoes, lettuce, onions and beets and the fruits are oranges, lemons, grapefruit, kumquats, tangerines, strawberries and roselle or Florida cranberries. There are nine churches here and a fine public school building, two stories, built of white brick, with eight well lighted rooms. Over 250 pupils are now enrolled, with eight teachers and a principal. The sidewalks are excellent, being made of cement. There are visitors here from every State in the Union and they all agree that the people of St. Cloud are the most social people in the country. The climate is beautiful, the thermometer ranging from 65 to 85 degrees with but little rain. We are well and like very much. There are about 1,000 old soldiers

Now this is a soldier town we are in And they still have army ways; For we rise and eat and go to sleep As they did in army days.

Now Hark! What is that we hear? A distant bugle call.

The "taps" are sounded—go to sleep!

Dear reader, this is all.

Mr. James H. Clark arrived here about a month ago from Palatka, Fla. and was feeling very poorly but has gained since he came here. MR. AND MRS. ROBERT RUSS.

JACKSONVILLE, FLA., Feb. 2, 1916. Events come up occasionally which indicate that cur country is not so large after all, and in this respect I have two or three incidents to relate. In my first coming to Florida, in 1912, I dropped into the hotel business for a time, and one and registered. He name was Long and he registered from Barnstable, Mass. I remarked, "well, you are from pretty well down "Oh! no," said he, "I first saw the light of day on Charles street in Belfast, Maine. Of course I was somewhat surprised, and I said to him: "Well, I have a little the be-t of 9, 1916: He was the son of a Mr. Long who in 1859 or 60 was in the market business with one Mr. man, Winchester, Mass., to Ada B. Havener and thet fact I remembered well. I Morton, Belfast; land and buildings in think Havener & Long had a market in the Belfast.

Another rather singular occurr nce. A few ed visiting mayors from 103 cities from various States south of the Mason & Dixon line. There was over a mile of tables to be used mont. for the 7.30 p.m., supper, but as the weather had cooled off somewhat the dinner was not a success. However, there was to be a high diving act in the evening which brought many with some gentlemen friends and we would Burnham. occasionally get into conversation with others. Soon we ound a mixed crowd of us entering into a general conversation, when I heard an elderly lady say to one of my friends, "I am ing told her where he was from. I, of course, Belfast turned around and asked what part of Maine.

please. Her answer was from Monroe, Of
L. Gray, Troy; land in Troy and Thorncourse I was at once interested and told her I | dike. Ed or Will?" In my boyhood days I used to Loren E. Stewart, do.; land and buildspend part of my school vacation at Bradford ings in Montville. Webber's near Monroe Center and she seemed I grew up and engaged in business in Belfast that in company with her father she had been in our store many times, and in those days knew me when she saw me. She was also knew me when she saw me. She was also aware of the fact that one of us married in White. Winterport; land and buildings in Searsport and asked me which of us it was. If Frankfort. I understood her aright her name was Miss Piper and she had been away from Monroe for a number of years.

We have a Belfast and Searsport man living here in Jacksonville, in Capt. W. M. Tupper, the agent of the Clyde line of New York steamers. His father was a Methodist minister, and in the late 50's occupied the pulpit in the -then new-Methodist church, and on leaving the ministry moved to Searsport and Capt Tupper went to sea from there. He also asked me about many of the scholars he used to go to school with-many of whom have passed to the great beyond. I believe Capt. Tupper married in Searsport and finally settled in Brunswick, Georgia, coming to Jacksonville from there.

county or, in fact, from Maine, but several times I have met Mrs. Jennie (Morse) Bragg of Stockton Springs, whom I knew very well as a young lady. She is spending the winter here with her son, who is one of the trusted and efficient employees in the engineering department of the Jacksonville street R. R., owned by Stone and Webster of Boston, Mass. 87 degrees in the shade Feb. 1st, 1 p. m.

### TRIBUTE TO A MAINE POET.

In his recently published Anthology of Magazine Verse for 1915, William Stanley Braith waite finds an opportunity in his resume of the best poetry of 1915 to pay a glowing tribute to Lincoln Colcord, and his Vision of War. Mr. Braithwaite

'Here is a poem that ought to have a

million readers. These readers ought to be, beginning with the President of the United States and his official family, every legislator in Congress and throughout the States, great financiers, educators, clergymen of every denomination, philanthropists and peace advocates, pro-fessional men, especially lawyers, all persons in authority over wage-earners, and every person who believes in the Golden Rule and the Brotherhood of Man. It is the greatest poem this war or any war in modern times has inspired. And not because it deals with this war concretely, but rather this war reflects the faults of civilization. Mr. Colcord glorifies his vision of war not because he believes in war as such, but be cause he sees that strife is the only curative for the ills of the individual. When those ills have been permanently cured, there will be no need for further strife. Peace is a fosterer of human weakness and guilt, of selfishness and greed, of falsehood and oppression, of hate and distrust. When peace becomes as magnanimous as war, war will cease. When governments will vote billions of credit to eliminate poverty, to cleanse city slums, to protect the helpless, to encourage to spiritual ideals, to provide labor for the workless, and to create a hundred other reforms that will give contentment and opportunity to the masses of mankind, as readily, as unhesitat-ingly as the parliaments of Europe voted billions of credit to destroy life, en-croach upon national bo hdaries, to sanction wholesale murder, to infuriate hatred between men innocent of any personal grievance or ill-will against each-then war will have ceased. We have in this poem a great vision of sick humanity;

. . . . . Paradoxical as it may seem, Mr. Colcord is the greatest peace advo-cate of the modern world. The significance of this poem is exactly the significance of that paradox Christ uttered when he said I came to bring a sword.
And He was the greatest of all peace "So much for the exalted message of

the poet diagnoses all the symptoms of

the patient, but instead of being a quack

physician he is a great surgeon.

Mr. Colcord's poem. It is equally as great looked at in another aspect. I cannot even hint in this summary at its marvelous progression of details. Its thorough dissection of society, its asaffirmative ideals. But this I can say without equivocation that those who they have heard the voice of Wait Whitman since his death in any of his disciples with the one possible excep-tion of Edward Carpenter, have but to hear the voice of Lincoln Colcord to know they have been thoroughly and shamefully deceived. For here is the authentic Whitman in substance and form, in the passionate idealization of a world democracy. He fulfils that prophecy of Zaranthusa's who, going up into the mountains for mediation, warned his disciples that one shall come after him greater possesses what was the most vital shortcoming in the genius of Whitman (yes, I grant that noble seer genius because of his prophetical vision), and that is an intellectualized imagination. This not only makes his vision a flame but a Pentecostal tongue of fire. The exhalation exceeded by one sublime fact—its dedication, which reads. "To the Memory of a Man," and I am persuaded that the man with the most worthy memory to receive it is Jesus of Nazareth.

NORTHPORT INN, NORTHPORT, MAINE

THE LATE HON. CROSBY FOWLER.

Hon. Crosby Fowler was born in Unity, Maine, in 1828. He was the son of Ihomas Fowler, whose ancestors lived on the Fowler farm the title of which extends back to the days when the Indians inhabited Unity. Mr. Fowler has often said that no one but the Fowler family had ever owned this farm.

farmer and was deeply attached both to his plumb disgusted when he saw me coming, home and his State. He had, however, a love and let me know pretty soon that my of adventure which led him, as a young man, room was better than my company, so I to join the band of gold seekers in California, He sailed from Bath in 1849, going around Cape Horn. He never spoke of the result of his labors as a gold miner, but his friends have reason to believe that he was successful. He returned to Unity by way of the Isthmus of Nicaragua. In 1860 he went overland to Missouri, bought a herd of cattle, hired young men to help him care for them and drove then across the plains to California. The trail was beset with danger and hardship. Mr. Fowler tells stories of fighting Indians, of having his herd stampeded by buffalo and of long days of travel and hardship to get it together again. pirations, its strong denunciations, and He tells also of meeting with the famous hunter and plainsman, Kit Carson, and of driving his herd over the present site of the city of Denver.

> Aside from these business trips Mr. Fowler spent his life in Maine, making an occasional trip to California. He was an enterprising farmer, a capable business man, and a trusted citizen. He took an important part in town affairs and in 1880 served as County Commissioner for Waldo county. He was scrupulous in his dealings with others, and until age in terfered with his activities was often called upon to act as administrator, executor and guardian in his neighborhood. On one occasion, when assuming the guardianship of a minor, he made a formal call upon the grandmother of the ward. There had been some friction about the guardianship and the heirs were a divided household, politics and religion the chicken yard for hours together, just having something to do with the division. In gloating over the birds. greeting Mr. Fowler the lady announced that she had always been a Congregationalist and a Republican., "And I," reptied Mr. Fowler "have always been a Universalist and a Democrat." After this trank confession of faith on both sides, it is reported that the affairs of the wards were conducted to the satisfaction of

Mr. Fowler married Miss Almeda Sproul from a well known Montville family, and for many years, until Mrs. Fowler's death in 1911, said to him: "Well, I have a little the bett of you (as I was the older.) I also first saw the Josephine C. Hazeltine, do.; land and piness. Mrs. Fowler was a help meet in every way and kept a hospitable home where she entertained the many friends and business associates of her husband.

Tibbetts, Searsmont, to Al-weeks ago the city of Jacksonville entertain-fred E. Tibbetts, do.; land in Searsmont. which had sheltered five generations from which had sheltered five generations from father to son, were destroyed by fire.

Mr. Fowler had two sons. The elder, Dutton to Fowler, died several years ago. He was a man of enterprise and good business ability who heartily joined with his father in keeping James R. Tabor, Unity, to Ellen M. up the hospitable traditions of the family. The known as a worthy successor to his father, whose kindly ways endeared him to all who

GETTING ACQUAINTED.

When You Have a New Neighbor Study Him First. "Old Jim Jimpson is the worst grouch

in town," said the assessor. "I have tried to be on friendly, neighborly terms with him, but he won't stand for it. Just last evening I saw him loafing around his place, and I went over to talk with Mr. Fowler always considered himself a him, just to be sociable. He looked faded away, and if ever I go to his place again it will be when he asks me to."

ike it. Most of us are too anxious to ! e friendly and neighborly, especially when we are just suffering to talk some one's arm off, and we seldom pause to ask ourselves whether our particular line of conversation is going to be refreshing to the man we want to be neighborly with.

"If you approach Jumpson in the proper manner you will find him a most charming and engaging man. He will take off his coat and give it to you if you want it. There's nothing he won't do for a friend, but if you wish to be a friend of his you must study him a little, and that's a safe rule to apply to everybody. When a new family moves into or neighborhood I always observe the ad of that family narrowly for 10 days or more before I go over to assure him the leading issue of our American poli-

"Now Jimpson is interested in one subject above all others. He insists that White Plymouth Rocks are the best chickens in the world. He has a lot of them in captivity and he seems to have hypnotized a good many people into his belief in them, for he sells the eggs and young hens and roosters at scandalous

"One evening I went over to get ac-quainted with him, just to be friendly and neighborly, as ou say, and I talked hens for 10 or 15 minutes. I don't know much about hens, for they never appealed to me in the least, and I have always considered them a nuisance; but when I know how to approach him with the best results.
"Jimpson was overjoyed to encounter

somebody who seemed to take an interest in his fowls, and he talked earnestly and ardently for half an hour, pointing out the superiority of White Plymouth Rocks over the Angoras and Leghorns and Poland Chinas and other 'just as good' varieties. I agreed with all he said, and said there ought to be a law The Fowler homestead had a reputation prohibiting people from keeping any other breed, and Jimpson was so pleased that he listened to me explaining the tariff for two hours, and you can't expect more than that from any man.
"People don't like him, and say he's

an old curmudgeon, and ll because they don't use a little strategy in approaching him. Let Jimpson talk of his hens for 20 minutes, and you can have the floor the rest of the day, and you'll come away from his place convinced that you never encountered a more agreeable "Every once in a while he sends me

over a few eggs from his silver-plated hens, and when I meet him I tell him I ASHER C. HINDS, and then I am reasonably certain that

he'll send me over some more before

ong.
"If I had the privilege of choosing all my neighbors, Jimpson would be the first man I'd pick out."—Pittsburg Ga-

Gifts to Bates College.

LEWISTON, Me., Jan. 27. Pres. George C. Chase of Bates College r-ported today that he had received four subscriptions for the college amounting to \$12,000. One gift was of \$10,000, toward the endowment of a chair of education, and another of \$500, for the same purpose. A third, of \$1000, was for a scholarship, and \$500 was given for general purposes.

A previous pledge of \$5000 for the chair of education has been received, making, with these announced today, \$15 500 for this purpose. A recent gift of \$25,000 was given either to this professorship or toward the building of a college "Union" or social center building. As it requires \$100,000 for this purpose, while \$50,000 will endow the professorship of education, it is probable that this \$25,000 gift will be applied to the latter purpose, making the fund applied to the latter purpose, making the fund

Pledges to the amount of about \$25,000 have seen made toward the social center building.

horities casting about for a new base action against New England, pitched pon this spot as meeting very effective their needs in this respect. Accordgly, on the 17th of June, 1779, General rancis McLean arrived in the harbor of astine, with 700 men composed of deachments of the Seventy-fourth and lighty-second regiments of the British

can while knowledge of this movement on the part of the British had been arried to Boston and general alarm was elt over the situation. The State board war of Massachusetts was ordered to gage such armed vessels as could be occured and to make ready to sail ainst the British on the Penobscot. thorization was given to charter or overs, if need were, private armed sels, to promise the owners fair comtation for losses and allow the same. pensation for losses and allow the sea-men the same pay and rations as were given those in the continental service. Fifteen hundred men were called for to engage in the expedition, besides the sea-men who were on board the various craft

The fleet consisted of nineteen armed vessels and twenty-four transports and carried 344 guns. It was said to be the most beautiful fleet ever assembled in New England waters. The commander was Dudley Saltonstall of New Haven. He was an able and experienced man, but obscipate and eventual eve but obstinate and overbearing. Briga-dier-General Samuel Lovell was in command of the land forces and General Wadsworth was second in com-The ordnance officer was Lieuenant-Colonel Paul Revere. The expedition did not secure all the troops called for, but carried upwards of a thousand men. All, however, including most of the officers, were inexperienced and lacking in discipline. They had not even paraded together more than once. The whole force, however, was quickly in readiness and on July 25th appeared in Penobscot bry General McLean, the British commander, had received intelligible. British commander, had received intelli-gence of the expedition on July 18th and he promptly made ready to receive the

On Saturday, July 24 the American fleet was sighted scanning up the bay. The British naval commander, Captain Mowatt, stationed the sloops-of-war, Albany, North and Nautilus, in line of battle across the mouth of Castine harbor between the point of Dyce's Head and the opposite island, which is now known as Nautilus island. On shore all available cannon were mounted and the troops were distributed at their stations. At 3 o'clock on Sunday afternoon, July 25th, the Americans advanced, firing, and a brisk cannonade was kept up for two hours, and a landing attempted. The high wind prevented the success of this attempt. Monday, July 26th, the British vessels withdrew further into the harbor and the Americans followed, a heavy cannonade taking place. After two hours and a quarter, however, little damage was done to either side, although an attempted landing by the attacking forces was repelled.

At 6 o'clock this attempt was renewed and a landing effected on Nautilus island, while 200 Americans dislodged twenty marines and captured four four-pound-integration. The leader is the first requisite. That preparedness may go beyond what marines and captured four four-pound-integrating the situation, and to provide for the closely of the situation, and to provide for every emergency.

The question of a body of trained and experienced leaders becomes one of the closet of all known sea chanter of what to prever perspects.

The question of a body of trained and experienced leaders becomes one of the closet of the hard of the pressing needs of due preparation for any emergency of defense. Given two for any emergency of defense, Given two for any experiences one of the old chantes. One of Mr. Dav of these ha The British naval commander, Captain Mowatt, stationed the sloops-of-war, Albany, North and Nautilus, in line of battle across the mouth of Castine har-

ers, which had been placed on the shore.
Tuesday, the 27th, was marked by more of the same desultory firing in which a boat from the American fleet was sunk.
On Wednesday, July 28th, the morning was calm and misty. At 3 o'clock the American fleet was in line up and down the bay, just out of musket shot of the defenders. Four hundred men were ordered into the boats. A landing was made on the precipitous side of the peninsula.

The Assault.

The shore just north of Dyce's head is a line of steep, rocky cliffs. No landing could be made there, but further on the cliffs are succeeded by a long, lofty bluff, very steep indeed, but capable of being climbed from the shore. Here at a point where a great granite boulder lies upon the beach, the Americans landed. Just as the boats touched the shingle a heavy fire was opened upon them through the mist from the top of the bluff. An American captain, Hinckley, leaped to the top of the boulder on the beach and, In introducing it he said the war the Revolution was an interesting by and the outstanding fact was the life made by the royal government of a prief outline of the war during list four years and then came the sode." Said Dr. Goodwin, in part: 5.779 it seems to have occurred to British that a military and naval which might serve as a point for subjugation of New England would immense advantage to them. They lost Boston. Burgoyne's surrender prevented their attempt to cut off England from the rest of the colobut Carnwallis in the south was it to subdue South Carolina, and the hidion of the American army and regeneral financial collapse seemed to a possible a new stroke which would the subjugation of the process of the subjugation of the American army and regeneral financial collapse seemed to a possible a new stroke which would the subjugation of the American army and regeneral financial collapse seemed to a possible a new stroke which would the subjugation of the subjugation of the American army and navel the subjugation of the American army and navel the subjugation of the subjug proach to the heights. The right hand party captured a small British battery situated on a knoll at the highest point of the ridge, but the left, although they gained to a knoll at the highest point of the ridge, but the left, although they gained to the buff, did not succeed in encircling the enemy. The latter escaped, leaving thirty men killed or wounded. The whole engagement lasted only twenty minutes, but was a brilliant. wounced. The whole engagement tasted only twenty minutes, but was a brilliant one in the fact that the ascent of an almost precipitous bluff was made in the open under a heavy fire from troops entrenched above behind rocks and trees. Indeed, it may well be called 0 e of the most brilliant affairs of the whole war, and had the expedition been finally successful would probably have become one of the historic events of the Revolution. The final defeat of the Americans resulted in the effacement of all recollection of this heroic assault. The capture of the battery permitted the Americans to move their fleet further in shore. The landing party took possession of the heights and statement to capture it by the present town of Castine, then led Penobscot, is situated on a lofty insuita, whose highest crest is some feet above tidewater. It is almost island at high tide, having only a row neck, about an eighth of a mile length between it and the mainland. Cept just on either side of this neck water is deep close to the shore everytage. On all sides the land rises steam. only twenty minutes, but was a brilliant one in the fact that the ascent of an al-

It was due to his fiery resolution that the Americans were held at bay for a

there is ample accommodation for a fleet, with deep and safe anchor-In spite of his efforts the British were terways leading into the heart of the ritory to the north. It is said that nothing of importance was accomplished. There was more or less skirmishing and cannonading, but little advance was made. However, from their vantage ground on the bluff, the Americans, under General Lovell, gradually worked their way nearer the fort, until they were within seven hundred yards of it. It was proposed to demand the surrender of the fort, and if the demand was refused to asseult it directly. Probably this would assault it directly. Probably this would have resulted in its capture.

## Americans Retreat.

But Commodore Saltonstall seems to have had little stomach for his work. He hments of the Seventy-fourth and hitty-second regiments of the British and a fleet of some seven or eight at they had suffered much. He did send some whaleboats back to Boston for assistance. By August 13, however, build entrenchments. On the high ground at the crest of he ridge soverlooking the bay and harior, he built a large fort which he named out George after the king, and which a planned to make as strong and imregnable as possible. His men worked without intermission until July 18th, ampleting these works and also baracks sturchauses and earthworks along.

scattered the American vessels. One ship was captured, but all the others were burnt, or run ashore, with all sails standing by their crews, who escaped to land and returned to Massachusetts on men who were on board the various craft which made up the fleet. For cannon they had two eighteen pounders and four field pieces and a large quantity of ammunition and other supplies.

The Yankee Fleet.

The fleet consisted of nineteen armed certainly not to the credit of the com-mander, Dudley Saltonstall. He was popularly accused of being a traitor, and was later tried by court-martial and cashiered.

As to Preparedness. In these days we are wont to draw or try to draw such lessons as we may from the events and experiences of former The cry of preparedness is in the air, and we feel strongly the necessity of profiting by the successes and mistakes of our countrymen in the past. Even such an obscure incident as this may furnish its illustrations and lessons which must include not only adequate munitions, ships and guns, but men as well.

There must be a great body of men capable of using the weapons which mechanical ingenuity and foresight have provided. There must be intelligence to grass, the situation, and to provide for

be ready, but not overready. Not a great military establishment, but the means to enable trained leaders and instructed men to meet emergencies as they arise, and to keep the enemy from penetrating our borders. There lies the problem of preparedness,

Wintering Poultry.

Special Care Should be Given Fowls During Cola Weather to Obtain Best

To obtain good results from a flock of poultry during the winter all houses and coops should be put in good condi

only healthy fowls placed in the buildings, and good care given to the poultry. The houses should be thoroughly cleaned, disinfected, and made tight for winter. If the house has a dirt floor, it is well to remove three or four inches from the top and substitute fresh gravel or sand. If the floor is cement or wood, remove all litter and dirt and put in lour or five inches of fresh straw or litter. Be sure that the house is tight on three sides and that there is no chance for a draft to strike the hens. If hens roost or are placed in a draft during the fall and winter colds are sure to develon which winter, colds are sure to develop, which may result in roup and other troubles. The south side, or front, of the poultry house may be left comparatively open, but should be under control, so that the openings may be closed gradually as the weather becomes cold. Have muslin curtains in the front of the house, or leave a window partly open even on the coldest nights to allow some ventilation in the house. Fowls will stand considerable cold air provided it is dry, and ventilation will keep the air thoroughly

dry in the house.

The pullets should be brought in off the range and put in winter quarters, but before they are mixed with the older fowls be sure that the hens are banded or that the web of the foot is punched in some way so as to distinguish between the pullets and the hens. In this way the older stock may be culled out when-ever it appears desirable, and the young hens kept for further laying. Cull the chickens which are brought into the laying house carefully, and fatten and market all chickens which are small, poorly developed, or in poor condition. These small, poorly developed chickens are apt to catch cold if put in with the which quickly spread through the flock. Market all surplus cockerels or older male birds which are not desired for breeding or not wanted for a later market

Feed the grain in a deep litter on the floor and make the hens exercise for all of their grain. The mash may be fed either wet or dry, and should be so re, ulated that the fowls will get about equal parts of mash and of the scratch grains. It is necessary to give the fowls plenty to eat to get good results, but the birds should always be eager for each feed. In cold weather feed about onethird of the scratch grains in the morning and two-thirds at night. In this way the hens are forced to exercise more than if they receive all the grain they desire at the morning feed. Scratch grains, mash or ground grains, animal protein, green feed, grit and shell should be supplied in the winter. A good scratch mixture may be made of equal parts, by weight, of cracked corn, wheat and oats; and a mash may be made of two parts corn meal and one part each of wheat bran, wheat middlings and beef scrap. Green feed, such as cab-bages, mangel wurzel beets, cut alfalfa, or sprouted oats, should be supplied to or sprouted oats, should be supplied to replace the green feed which the fowls have been securing in the fields; and beef scrap, skim milk, cut green bone, or some similar feed is needed to replace the bugs which the fowls have been getting on the range. Beef scrap or feed of this nature is very essential in securing a good supply of eggs during the winter months.

Clean the dropping boards at least once a week and spray the roosts with

once a week, and spray the roosts with kerosene or some commercial preparation for killing mites once a month dur-

times a year will keep the fowls free from lice. Where insect powder is used, it should be applied three or four times a year, or oftener if the fowls become infested. Provide a small box in the house partly filled with dry road dust or fine dirt in which the hens may dust, thus helping to keep themselves free from lice. -U. S. Dept. of Agriculture.

"BLOW THE MAN DOWN."

A New Novel from the Pen of Holman Day.

Holman Day, the Maine author, is just completing a novel soon to be publ ished by Harper & Bros. It will be the longest Mr. Day has ever penned, containing about 400 pages, and is a sea story. Mr. Day has written several short stories about the sea, but this will be his first complete novel of this kind. The name of the book is "Blow the Man Down," which is a catch line in what is Down," which is a catch line in what is one of the oldest of all known sea chanties. One of Mr. Day's most valued possessions is a book containing many of these old chanties and from these he has culled extracts with which to lead each chapter of the book. The book was given to him by Capt. Jack Christy of the steamer Irishman, one of the subtor's warmest friends and the

One woman explains that the only difference in leap year is that the men then know that the women are proposing.-Boston Herald. With Mr. Bernard Shaw's revela-

tion that woman does the proposing in nearly all cases anyway, leap year lost much of its significance.-Chicago Herald.

To be Held in Portland March 23, 1916.

The Republican State convention for the ear 1916 will be held in City hall, Portland, Maine, on Thursday, March 23, at 10 o'clock in the forenoon, (1) for the purpose of nominating six candidates for electors of President and Vice-President of the United States; (2) electing four delegates at large, and four alternates, to attend the Republican National Convention to be held in the City of Chicago, in the State of Illinois, on Wednesday, the 7 day of June, 1916; (3) electing a State committee, (4) a district committee for each congressional district, (5) a county committee for each county; and (6) formulating and adopting a declaration of principles, or platform, in support of which the Republicans of Maine will appeal to the electors of Maine in the ensuing campaign and the September election; and also (7) transacting any other business that may properly come efore the convention.

The basis of representation will be as fol-lows:—Each city, town and plantation will be entitled to one delegate, and for each 75 votes cast for the Republican candidate for governor in 1912 an additional delegate, and for a fraction of 40 votes in excess of 75 votes an additional delegate.

Delegates must be elected subsequent to the date of this call in order to be eligible to participate in the convention.

The State committee will be in session in Reception hall adjoining City hall at 9 o'clock in the forenoon of the day of the convention to receive the credentials of the delegates.

On the evening before the convention the State committee will hold a public meeting in the dining room of the Falmouth hotel, Portland, Maine, at 8.30 o'clock at which meeting all delegates, and others interested in the welfare and success of the Republican party, will have an opportunity to make suggestions, and assist in formulating and drafting a declara-

assist in formulating and drafting a declaration of principles, or platform, to be presented to the convention for consideration, amendment and adoption.

All electors of Maine who are opposed to
the policies of the Democratic party and in
sympathy with the purposes and aims of the
Republican party, without regard to past political affiliations, are cordially invited and urged
to assist and unite in electing delegates from
the several cities, towns, and plantations, to
participate in the proceedings of this convention.

ticket that was used by John Beals, proprietor of the Waldo House, West Prospect village, now the Searsport House. The card has printed on the face: "Admit the bearer to the dinner on the fifth of July, 1840, at the Waldo House, West Prospect," and on the back, with a large spread eagle, is the name of the proprietor, J. Beals, West Prospect.

About four inches of snow fell Wednesday and Thursday, Feb. 2nd and 3d. It was very light and dry and the roads being bare and badly cut up the sledding was very poor. Sunday the sun was very warm and the weather mild, making the snow run. Monday the thermometer registered 40 above until night, when the wind came out of the northwest and it was colder. Tuesday morning it was 10 above and a strong breeze.

This, Thursday, evening the two-act comedy "Sally Lunn," will be presented in Union Hall under the direction of Mrs S. C. Pattee for the benefit of the Congregational church piano fund. Music by Gilkey's orchestra Reserved seats 35 cents: admission 25 cents: children 15 cents. Tickets on sale at the Searsport Drug Store. The cast is a support Drug Store. The cast is a support John Randolph, Jr., a Yale Junior, Story Trundy Irving Rich county.

## A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking

There is no alum nor phosphate in Royal Baking Powder.

Mr. John McLaughlin, School street, recently bought a new fourteen-passenger automobile, to be delivered the first of April, which he intends running as a public conveyance between Hampden and Belfast, connecting at the former place with the electrics for Bangor. A number of daily trips will be made on the route, beginning as soon as travelling will permit. Between Winterport and Hamp-

den he proposes making daily half hour trips. The Bangor News of Monday reported the destruction of Mr. Frank S. Treat's jewelry store Sunday night, in a fire in the business section of Milo. Mr. Treat is a native of this village (son of Mr. and Mrs. James M. Treat) and the community is greatly interested, hoping its townsman's loss may not prove extensive. No particulars are known at this writing, Monday afternoon. His sister and husband, Mr. and Mrs. Bion B. Sanborn, Church street, left Tuesday morning to visit Mr. and Mrs. Treat and if possible assist them in

Mrs. Charles H. Emery, Maple street, recently received from her cousin, Mr. Allen N. Staples of St. Paul. Minn., the announcement of the death of his sister Ada-Mrs. Hansonat her home in Mankato, Minn., on January 28th, from complications arising after an operation for appendicitis. The end came after great suffering. Mr. and Mrs, Staples were with her a week during her illness and at the time of writing were about returning to spend another week with her husband and family. Mrs. Hanson is a native of this town, which she left in childhood with her parents, the late Capt, and Mrs. Peleg Stapies, and numerous remembering friends extend deepest sympathy to the bereaved husband, family and relatives.

The many friends of Mr. and Mrs. Harry W. est of the graduation, Jan. 18th, of their ider daughter, Miss Pauline, from the Massasusetts General Hospital, where she has for several years been in training for a professional nurse. Mr and Mrs. Griffin and Dr. and Mrs. J. F. Ryder of Cambridge were present as her guests at the exercises and recept ollowing. As candidates are admitted to the raining department at three stated periods during the year and the graduating ceremonies are held only in January, it is necessary for hose admitted in September-as was Miss Griffin—to remain a few months after gradua. ion to complete the course. Congratulations are tendered to our young friend by relatives and acquaintances in Stockton, that after next September she may appear in "cap and ribon," the goal of every nurse in training, as a eward for close application and conscientious work in her chosen calling. Miss Griffin was graduate of the well-equipped High schoolthe gift of the late H. H. Rogers to his native town of Fairhaven, Mass,,-previous to taking up her hospital studies, which have included hree months' course at Simmons Col lege.

### The News of Brooks.

M. J. Dow is very ill with the grip.

Mrs. Dilla McTaggart of Belfast spent the week-end with her friend, Miss Mabel Rose, and attended the reception given at the Cilley home Saturday evening.

Miss Phyllis Reynolds has returned from a ousiness college in Portland, and will remain with her parents, Mr. and Mrs. Henry Reynolds, during the summer.

Mrs. Dana Revnolds of Unity is visiting in own. She spent last week with her sister, Mrs. W. O. Estes, going to Belfast for the week-end with another sister, Mrs. Ed White.

Mr, Pearl Crockett has bought the building formerly known as the pant factory, and is making extensive alterations and repairs. It is being fitted up, we understand, for moving pictures.

Capt. James W. Bennett was in town recently, completing the sale of his house here, and other property, after which he returned to Portland where he has a lucrative position as harbor inspector.

The unseasonably warm weather of the past month is causing considerable illness from grip and colds in this section, as well as elsewhere. Measles also got a start in the village and it was deemed wise to close the grade schools for a time on that account,

Nearly all the houses in Brooks are wired and the poles are being set, after which we hope soon to have the electric current turned If the old Candlemas adage proves true this on, and the village blessed with well lighted year our winter is broken, for surely the streets and houses, which will be one of the ground hog saw no shadow as he emerged from | many marks of modern progress in this section of the Pine Tree State.

A most enjoyable occasion was the wedding reception of Mr. and Mrs. Lauriston Cilley, ters Pauline and Julia, returned recently from held last Saturday evening at their beautiful Boston and last Saturday Capt. Cole joined home on the Monroe road. Some eighty or his family. His vessel, sch Edith McIntyre, is more friends and relatives of the newly married couple assembled at an early hour and were delightfully entertained by their host and hostess. During the evening, ice cream and assorted cake were served by Mabel Rose, Vesta D. Higgins, Lillian Morrill and Mae Huxford. A large array of dainty and useful gifts was exhibited in an adjoining room, and the happy couple received congratulations and hearty good wishes for a long and happy life together, from their assembled friends. Among the out-of-town guests we noted Mr. and Mrs. hopes may be everted. A needed mother in a Gilbert Morrill of Waterville, Mrs. Dilla Mc-Taggart of Belfast, and others.

Several from here went to the village Saturday evening to the movies.

Craffam Wednesday atternoon. Mrs. Olive Merrill of Carmel is with Mr. and

Mrs. Fred Perkins for several weeks. Mrs. Nathaniel Partridge spent last week in

Dr. Taylor of Weeks Mills. Mrs. Josephine Foster went to Pittsfield Friday to care for her sister, who is ill there. Misses Ellie Styles and Caro Perkins went to

Mrs. Fred Black, Miss Grace Black and Miss Dora Shute were in Belfast Friday attending

the Food Fair Mrs. A. L. Foster and son Frank left by early train Thursday morning for their home in Dorchester, Mass.

Capt. A. W. Shute of steamer J. T. Morse arrived home Tuesday for a vacation. The steamer is in winter quarters in Camden.

Rev. Harry Trust, a former pastor here, was the guest of Mr. and Mrs. E. G Clifford two days last week.

The funeral of James Harold Foster was

held Wednesday afternoon, Feb. 2nd, at the home of his wife's parents, Mr. and Mrs. F. S. Harriman, with a service by Rev. James Ainslie of Searsport, conducted by A. M. Ames. Interment was in the cemetery on the hill. The bearers were N. C. Partridge, H. M. Griffin, Fred L. Blanchard and Millard Grant Mrs. street, entertained at cards last Thursday A. L. Foster, mother of the deceased, and Mr. Frank Foster, a brother, came from Dorchester, Mass., to attend the funeral.

## MONROE.

Mrs. Heien Cooper has returned from a trip

Charley Littlefield has been having an tack of the grip. Mrs. Forest Grant has been the guest of her

son Ralph in Thorndike. The Primary school taught by Miss Carrie Durham closed last week. F. L. Palmer is talking of making, a trip to

Florida soon, to remain until May. The Odd Fellows will have their annua masquerade ball Wednesday evening, Feb. grip.

Hoods' creamery has a receiving station here to take in cream and it is taken from here to Brooks creamery. Mr. and Mrs. Ed. Averill have returned from

a trip up-river, where Mr. A. had work in the woods and Mrs. A. was employed as cook. The Rebekahs will give a baked bean supper and entertainment Feb. 14th for the benefit of

the church. Tickets, 10 cents. Everyone is cordially invited. William Smith, formerly of this village, died away, and his remains were brought here and placed in the tomb to be interred in the family lot in the spring.

The next W. C. T. U. meeting will be held

at the Grange hall Friday afternoon, Feb. 18th. It will be the quarterly meeting and a are visiting Mrs. Averill's parents, Mr. and lunch will be served. Mrs. Annie Ryder slipped on the ice recent ly and in trying to recover herself threw out her right arm and sprained it so badly that

Children Cry FOR FLETCHER'S CASTORIA

she has been unable to use it much.

# New Electric Wiring Policy

We have deemed it advisable, in order to better serve the public, to offer for a limited time to the people in the territory we supply, the benefit of low prices in the face of a rising market for quality fixtures and material, and for the best workmanship in installing them.

## We Will Wire Your Home

at prices so low that you cannot afford to be without Electric Lights. We have experienced workmen and a large stock of fixtures and supplies. This is your opportunity to make use of them, We make no charge for wiring estimates.

# With Electric Lights

It adds more to the value of a house than any other improvement and costs less. A wired house sells better, rents better and is more comfortable to live in.

Easy Terms of Payment When Desired.

# Penobscot Bay Electric Co.

## PALERMO.

Geo. Glidden lost a cow last week. Wm. Tobey is working for E. H. Foster.

There is a great call for hay in this section and not much for sale. W. W. Turner is lumbering for Harry Handy

on the N. R. Turner farm Rev. S. J. Oldaker occupied the pulpit Sunday after a month's illness. Mrs. Eliza Nelson, who has been very sick

for some time, does not seem to improve,

with grip, is somewhat improving, Cyrus Trevett of Lynn, Mass., has bought tne farm of the late Robert Killman. Miss Ora Libby received a shower of post

cards Thursday in honor of her birthday. David Kingsbury and wife visited their Mr. and Mrs Ralph Averill of Hardwick, Vt.

Mrs. C. K. Harriman. Mrs. Mohr Acquitted.

PROVIDENCE, Feb. 5. Mrs. Elizabeth F Mohr was acquitted of the charge of inciting two negroes to murder her husband, Dr. C. Franklin Mohr, by a jury in the Superior court at 6.07 o'clock this forenoon. The two negroes. Cecil Victor Brown and Henry H. Spellman, were found guilty. The penalty is life im-prisonment.

### WALDO STATION. Our Sunday school is increasing in numbers

F. E. Littlefield is shipping potatoes, paying

\$1 per bushel. The Grange has in progress a contest for new members The captains are Mrs. Her-

bert Paul and Mrs. Will Shorey. Mr. and Mrs. J. C. Littlefield have been quite ill, but are now better. Some families here have been very sick with the grip.

About Christmas time the people of this place became aware of the fact that Harry Littlefield had revoked his decision of remaining a bachelor and would soon take to himself a wife-Bertha J. Parker of Litchfield, Maine. Accordingly on the evening of Jan. 11th more than fifty of the young and old people of this vicinity gathered at the Littlefield home to serenade them. The visitors were royally welcomed and entertained. Both Mr. and Mrs. Littlefield are performers on the violin and piano and a fine musical treat was ly ill, is improving at this writing, Mrs. H, S. | first in order. Then came refreshments. A generous supply of candy, nuts, oranges, cake, three kinds of ice cream, and other articles of food of seasonable variety. Later on all repaired to the hall and dancing was enjoyed
