

Brewer, Me. P.O.

Gen. Hanson June 3, 1940.

Gov. Barrows,
Dear Sir: This has been
on my mind and I leave
it to you if it should go
further. - Within 2 years, a
foreign looking man took
pictures of the Bangor
Water Works, banks and the
R. R. bridge both above + below.
Chief of Police, Bradbury
was called but he let the
man go after questioning.
If Canada had to be helped
that bridge will be blown up
before any one even thinks
of guarding it.

I believe a campaign of
every citizen being a spy

Oh yes, this picture man
