To-day Cashier Tabor learned to his astonishment that Bullard has no account at either bank, but is known in New York to be a humbug and swindler. The Rhode Island National Bank has issued a notice to stop payment on the certificate of deposit for $7,000 issued to R. S. Bullard, dated Sept. 8, 1882.

THE MAINE CAMPAIGN.

Frye at Lewiston.

AN ENTHUSIASTIC RECEPTION AND POWERFUL SPEECH.

[Special to the Press.]

LEWISTON, Sept. 9.—Senator Frye was given a royal welcome by his neighbors and friends tonight. City Hall was crowded even to the corridors and stairing, 3000 people being present. The vast assembly were held as though riveted to their seats until the close at ten o'clock. Frye can control a similar audience better than any orator on the globe and the secret of it is not so much his eloquence and ability as the fact that they know him, and to know Frye thoroughly is to love him. Lewiston adores the man who has so honored our city and State in the National Legislative halls, and always greets him with all the warmth and enthusiasm possible.

Col. R. M. Drew was chairman of the meeting tonight, and alluded briefly to national issues a graceful speech of fifteen minutes. Wm. H. Looney, Esq., of Portland was introduced and addressed the audience over an half hour on the unparalleled history and present position of the Republican party, closing with remarks relative to the protective tariff issue. Mr. Looney was very favorably received and in some of his passages displayed marked eloquence drawing out the applause of his hearers. Lewiston would be glad to see Mr. Looney again.

Mr. Frye received overwhelming applause, and it was some moments before he could commence his speech. He characterized the opposition party as having no issue, and the Republican party as having sense, and proceeded to prove by history these facts. The Republican party by its emancipation of the slave, by its financial policy by its Southern reconstruction policy, by its efforts to maintain free ballot, equal taxation, protection of American industries, by its crushing of the rebellion and preserving the Union, by the motto of free schools, free churches, free men and free women, has substantiated the claim of its having sense; and the Democratic party by its bold, emphatic opposition to these measures and principles, and by its present attitude of concession that they have been all wrong and want to be forgiven, substantiated the claim that they have no sense. The majority in all parties are sincere, honest and mean well, but the Republicans and Democratic while alike in many other things differ very much in the above qualities named. Mr. Frye spoke at great length on the Southern election frauds, protective tariff and doings of the last congressional session. He concluded by referring much to the satisfaction of his hearers, to state issues prophesying the triumph of the Republican ticket headed by Col. Robie on Monday.

Boutelle and Baker Close the Campaign in Bangor.

Gen. Hall Addresses a Large Audience at Damariscotta.

DAMARISCOTTA, Sept. 9.—The Republicans closed the campaign here tonight, General James A. Hall of this place addressing a large audience.

Fusion Rallies.

WATERVILLE, Sept. 9,—A large Plaisted rally closed the campaign here to-night. A brilliant street parade was followed by a speech of two hours by F. M. Fogg before a crowded house. Both parties are thoroughly aroused and a very heavy vote is expected Monday.

BANGOR, Sept. 10.—The Fusionists held a rally in City Hall, Saturday night. J. P. Bass presided and Congressman Ladd addressed the meeting.

THE STAR ROUTES.

No Verdict Yet Reached.

WASHINGTON, Sept. 9.—Shortly after six o'clock the jury in the star route cases came into court and reported that they had agreed upon a verdict only as to some of the defendants. The court refused to accept such a verdict, and the jury were directed to retire for further deliberation, despite opposition of Ingersoll, who held that those persons whom the jury had found innocent should be discharged at once. A recess was then taken until 7 o'clock tomorrow morning.

WASHINGTON, Sept. 10.

The attendance at the court room this morning was even larger than usual, and with the exception of Stephen W. Dorsey, all the defendants were present. Promptly at 10 o'clock court called to order. Deputy Marshal Williams, in answer to inquiry from Judge Wylie, said the jury were not then ready to come in, when the court remarked he presumed the jury had overslept themselves. At twelve minutes past 10 the jury came into the room looking rather fatigued. In answer to the usual questions from the clerk, the foreman answered, "I am not yet directed by the jury to make a report."

The Court—You have not agreed upon a verdict?

Foreman Dickson—Partially.

Court—I do not know but I shall have to administer common law in its purity at common law, when the jury were locked up and kept together without a light, fire or any comforts of civilized society, and so kept until a verdict was reached. I will consider about this, but will not adopt that course to-day.

Foreman Dickson—It might be proper to state that we are no nearer a conclusion than when our last report was made.

The Court—Then gentlemen the time has come to enforce the common law. Marshal, you will take the jury to their own room and detain them as other juries are detained until a verdict is reached.

The jury then filed out of the room and the court took a recess until two o'clock.

The usual audience assembled in the court room at two o'clock, waiting for a verdict. Only one lady was present, and she occupied a seat by the side of J. W. Dorsey. S. W. Dorsey was present for the first time since the retirement of the jury, but left the room before the court called to order. All the other defendants were in attendance with the exception of Brady, who remained in the corridor outside the court room door. The Deputy Marshal in obedience to direction of the court visited the jury and made report to the court, who stated the jury reported that if the court had anything to say they would come down, otherwise they would not. The court had nothing to say to them, and announced a recess until to-morrow at ten o'clock.

THE SPRAGUE ESTATE.

Gov. Sprague Given Judicial Possession of His Home

PROVIDENCE, R.I., Sept. 9—In the Supreme Court this morning, in the case of the petition of Z. Chafee, trustee and assignee of the Sprague estate, for advice and assistance in the matter of the sale of Canonchet to F. D. Moulton, the petition was dismissed, thus leaving William Sprague in practical possession of Canonchet indefinitely, unless ousted by proceedings at law.

Determined Efforts of Incendiaries to Destroy It.

PROVIDENCE, R. I., Sept. 10.—Another attempt to burn the Sprague property at Cranston was made last night. The wife of the occupant of the house who was too nervous to sleep, discovered two men in the yard, and a flash of fire in the broken lattice work. She alarmed the watchman, who gave pursuit, and fired at the retreating incendiaries without effect. This is the first attempt to burn a dwelling house on the Sprague estate. Four barns, a grist mill and planing mill have been destroyed.

YELLOW FEVER.

BROWNSVILLE, Tex., Sept. 9.—Fifty-seven new cases and three deaths (Mexican) are reported. One death has occurred in Fort Brown, a son of Mrs. Witherell, aged 19. Dr. Melon was out this morning. Dr. Wolff and family are improving. Mr. Canlan is out of danger. Three of the Sisters in the convent are very sick, and one of them has been given up by her physicians. At Matamoras the fever is very much on the decrease; only two deaths in the last twenty-four hours. Fourteen thousand dollars is the total amount sent by subscription. The river continues at a very high stage. The weather is clear, with a light norther.

BROWNSVILLE, Tex., Sept. 10.—There were 42 new cases and three deaths to-day. There are 30 cases of fever at Point Isabel, but the fever has about exhausted itself in Matamoras, no new cases being reported, and but two deaths. A norther is blowing.

THE INDIANS.

Trouble With the Cheyennes.

DENVER, Col., Sept. 9.—The Cheyenne Indians are reported to be still moving north through Colorado and Kansas. There is no doubt but they are returning to Dakota, and there is every reason to believe that raids will mark their migration. Three companies of infantry at Fort Lyon will leave in the morning by railway for Granada to intercept them if they attempt to cross the Arkansas River there. One company of the Ninth Cavalry is ordered from Fort Hayes, and it is reported that two companies of cavalry are following them from Fort Elliott, and two companies are ordered to the Gunnison country. The soldiers intend to take the Indians back to their reservation, and if they refuse it is not improbable that blood will be shed.

Charges Not Substantiated.

PITTSBURG, Pa., Sept. 11.—The executive committee of the central branch of the Land League met tonight for the purpose of considering Col. Alex. McClure's charge that Delavey and Condon had attempted to sell out the organization to the Republican party, and after a long discussion declared the charges unfounded.

New Mexican Ocean Line.

MEXICO, Sept. 9.—The Mexican Transportation Steamship Company has signed a contract in London for the construction of six first-class steamers, to be built on the Clyde, and to cost $700,000 each. They are to run between English and Italian ports and Vera Cruz. They will commence running within one year.

Fall of a Meteor at Lebanon, Pa.

LEBANON, Sept. 9.—During a heavy thunder storm last night a meteor weighing one pound and eleven ounces fell in the centre of the principal street, appearing like a ball of fire as it struck the ground. It is now in the possession of Dr. Mears.

Men in Pittsburg, Pa. are rapidly breaking away from the Amalgamated Association, and within the next forty-eight hours a number of mills will be in operation in that district with union men, who have signified their intention to return to work without signing the scale.

EGYPT'S WAR,

A Serious Engagement Near Kassasin.

BRITISH LOSS ROUGHLY ESTIMATED AT ONE HUNDRED.

Unusual Movements Reported in the Rebel Camp.

KASSASIN, Sept. 9.—9.20 A. M. After 6 o'clock this morning the Bengal Lancers and scouts came in with news that the enemy was approaching in great force on the north side of the railway. Our army was at once put in motion, and by 7 o'clock an artillery duel began. Arabi's troops of all arms are spread over the entire ridge, and a mile and a half up the line a train heavily armed has appeared. Close to where I stand our 40-pounder and Krupp guns are placed, shelling the enemy's right. There is also a 25-pounder a few hundred yards off playing on the same position. We have the enemy's range exactly. One of our shells burst right over the enemy's ranks. The Egyptian artillery has got our distance very well, and its shells are dropping steadily into our camp. We have horse artillery extended along a line half a mile in length on the north side of the railway. It is firing rapidly, and, at present, the Egyptians are slowly retiring. Up to this moment no casualties have occurred. Reenforcements are just coming up from Mahsameh. A Krupp gun, captured from Arabi sent a shell nearly in front of his train. Our infantry is slowly advancing and the enemy is slowly retreating.

The Paramount Issue.

The gravest and most important issue of this campaign and one which should plead every Republican and every other citizen interested in good government to the polls today, is the fact that four members of Congress are to be chosen who may quite possibly carry with them the control of the National House of Representatives. A persistent and somewhat successful effort has been made by the Fusionists to obscure this great fact by uproar about the differences between Plaisted and his Council. While there can be no doubt in the minds of candid men who have examined the subject carefully, that the Council should be fully sustained in its protest against the attempted usurpation by the Governor of powers not warranted by the Constitution and laws of Maine, it must be remembered that this issue is subordinate to the larger national interests which are involved. If any Republican fails to be interested in the local matter, he should not therefore abate his zeal in the National cause. The choice of a United States Senator is also involved and should lead to special effort in the election of members of the State Legislature. Bear in mind that four National Representatives and one Senator are the stupendous prizes of to-day's contest, and the nation expects every Maine Republican to do his full duty.

A vote for the Republican ticket is a vote for the encouragement and protection of American industries and American workmen. A vote for the Fusion ticket is an invitation to the Englishman to invade our markets and seize our trade.

Look to the Returns!

It ought, in view of the attempted count out three years ago, to be unnecessary to urge upon town and city officers the necessity of making absolutely correct returns. The Fusionists are prepared to take advantage of the most trivial defects, and will count out every Republican candidate they possibly can, even if the candidate has a thousand majority. We must remember that we have to deal with rogues, with whom fair elections are a jest and an honest count a stranger. We cannot too earnestly urge the utmost care upon officers in charge of the ballot-box. Thieves are around.

LEWISTON Journal: That Gov. Plaisted is in a very irritable and ungovernable mood in this campaign we all very well know from his recent utterances. But in his speech at City Hall, Lewiston, Tuesday evening, the Governor put his State to the blush by the shameless manner in which he illustrated the perverting influence of his political associations. He said: "I will have people know that I am the one and only Governor, and not a mere appendage to *seven jackasses!*" Such language from the Executive of an intelligent Commonwealth is a public humiliation. It is even lacking in that originality which it possessed when a Fusion Councillor of 1880 originally applied a similar epithet to the Supreme Court. "Whom the gods would destroy, they first make mad."

The Irishman who votes the Fusion ticket to-day votes against his own interests, and those of his native land, and for a policy that has ruined Ireland and will, if adopted, impoverish America.

Our Representative Ticket.

The Republican candidates for Representatives to the Legislature from this city cannot be too strongly commended to the voters of Portland. The ticket is one of great merit, and its success should be sought for by all our citizens. Without disparaging the worthy gentlemen whom the Opposition have nominated it can be sincerely said that the Republican ticket is the stronger and the better framed to further the interests of the city.

DEXTER Gazette: There is no reasonable doubt of the success of our state and congressional ticket; in nine tenths of the state reports of gains over the elections of 1880 came in with gratifying regularity, and in the other tenth our people promise to hold their own at least; we have the voters with us, and if care is taken to bring them all out to the polls the result will surprise even ourselves. A vote like that of 1880 polled by the Republicans on the 11th of September would give us the state by 10,000 plurality.

Republicans ought to vote the ticket, whole ticket, and nothing but the ticket.

FRIENDS! you have need to beware of the tricks of the Fusionists, who have laid their plans to-day to make void as many Republican votes as possible. Be sure to read your ticket through before putting it into the ballot box.

FRIENDS in the villages and country towns, be sure you vote early. After that, look after your aged or infirm neighbors. See to it that every Republican name on the voting list is checked or satisfactorily accounted for.

REPUBLICANS! The polling places to-day will swarm with spurious ballots and split tickets. The correct list is published in this issue of the PRESS. Cut it out, and guard yourself against imposition.

A LONG pull, a strong pull, and a pull altogether will pull us through. Let it be made.

Forward!

Republicans! You are to-day going to the polls. For what? to administer scathing and lasting rebuke to the Fusionists, to condemn Plaisted for his chicanery. You should give the coalition and its cunning and unscrupulous chief a Waterloo defeat. Our advices show that the only thing necessary is to poll every Republican vote, and the work is accomplished. But, Republicans, mere success is not sufficient. You owe it to yourselves to elect Robie Governor by a handsome majority—one worthily representative of Maine. This can only be effected by energetic work. An exhaustive canvass, accurately made, has just been completed. It shows that we have the votes; it now rests with you to bring them out. Republicans! We call upon every one of you, individually, to do his best. From the time the polls are opened until the vote of your city or town is declared, your motto should be, *Work!* See to it that every doubtful or indifferent voter is brought to the ward-room and his ballot thrown for the right side. If he promises to come make it your duty to see that he does so, even if you have to call round for him once, twice, thrice, to effect this. The advices from all parts of the State are such as to give emphatic reason for satisfaction. From York to Aroostook come reports of cheering nature. Our friends, realizing the emergency, are rallied in solid column and will make a splendid fight. Do not leave somebody else to do the work, but let every man take hold in earnest and do his part to make victory not only sure, but overwhelming. Let Republican zeal and perseverance only end with the closing of the polls, and the result will be sure to well repay us for our exertions.

One vote in the city of Portland may determine the constitution of our Legislature, of the United States Senate and the House of Representatives.

Up Guards and at 'Em.

Republicans of Maine, victory is yours to day if you will but seize upon it. Our canvass shows that the State is ours if Republicans do their duty. There ought to be no doubt of that. The watchword must be work, work, work, and again, work, until the going down of the sun to-day. If Republicans are guided by the spirit of that watchword the sun will set upon a State redeemed and a victory won.

Republicans should give this day to their party, and direct all their efforts to its success. Each man should make it a matter of personal interest, take all the appeals made throughout the canvass as made to himself, and give his time and strength and all the power that is in him to the accomplishment of a Republican victory. He should not trust to the work done and doing by the active leaders in his town or city; he should not trust to the work done by his neighbor; he should make the fight his fight and go in to win. Old men and young men, the Old Guard and the Young Guard of the Republican party, nay, the Veteran Reserve itself, scarred by the wounds of many a conflict, must be promptly on the ground and in fighting trim—must be ready to push back the enemy at every point of the long line until our opponents break and fly. "Up Guards and at 'em" and we shall inflict a Waterloo defeat on the Fusionists.

Those who desire temperance, good government, just administration of law, and orderly conduct, will cast the Republican ticket.

Buckle to It.

Republicans of Maine, your State calls upon you to come forth in your strength and do your duty. In county, town or village, bear in mind that there is an imperative behest for you to bend your utmost energies to the work of making the coming rout of the Fusionists as complete as possible. *That obligation begins now and ends only upon the closing of the polls next Monday.* Every vote will tell in raising the figures of the Republican majority. Be sure to bear in mind that the vote of Maine will be watched for eagerly throughout the land, and that it is incumbent upon every one of you to do his best to make the overthrow of the Fusionists most overwhelming. Let them be convinced by the logic of the ballot-box that the voters of Maine want no more of them and theirs, that they are branded before the people as empirics and charlatans, and that their petty schemes have miscarried. Maine has decided to send these pinchbeck politicians and their clap-trap demagoguery to the rear. Let no Republican fail to do his utmost to make their coming lesson as severe as possible.

Is the result doubtful! Republicans can make it sure by going to the polls.

REPUBLICANS, be sure that every fraction of your voting strength is polled. See to it, neighbor, that not a single Republican name is left unchecked or unaccounted for upon the check-lists of your wards.

REPUBLICAN GREENBACKERS, where will you stand? With the men by whose side you fought so many years, or with the bulldozers and ballot-box stuffers of Mississippi and South Carolina?

Plaisted has a poor opinion of the law. So do all rogues, says Hudibras.

Now, Republicans, we are going for 'em. The time has come for patriotic work. Vote, and see that your neighbor does the same.

A VOTE for Robie is a vote in rebuke of the shameless coalition, which, disgracing both parties to it, seeks to control this State in order to plunder it.

A vote for Robie is a vote for an honest gentleman and against a demagogue and trickster.

ARE Catholic Irishmen going to support D. W. True, who belonged to the prescriptive order of the American Union, and took its oath—an oath ostracizing Irishmen?

A VOTE for Robie is a vote in rebuke of the shameless coalition which, disgracing both parties to it, seeks to control this State in order to plunder it.

We have got the Fusionists on the run. Do not relax the pursuit.

THIS is the last chance Toots of the Argus has before election to write letters to himself. He will crowd his columns with them to-day.

VOTE early, and then give the rest of the day to bringing your neighbors to the polls.

FALL into line, men! The grand charge is to be made to-day.

LAST opportunity this campaign to read Toots' letters to himself. See Argus. d l t*

THE Fusionists are going to have a surprise party to-day.

Be sure to vote.

The County Ticket.

The Republicans of Cumberland County have put into the field one of the best tickets they ever nominated. All the men whose names appear on it are eminently fit for the positions for which they are named. The ticket should be voted as a whole by Republicans, and they should not permit themselves to be led to cut it by solicitations of opposition candidates, no matter how strong the personal liking they entertain for those candidates.

This is the plebiscite, shall Plaisted continue to reign, or shall he "abdicate?"

BANGOR Whig: Republicans of Maine, you are fighting for the rights of all—an honest and honored Executive department, for an impartial and non-partisan Judiciary, for honest and faithful representation in Congress, for dignity and ability in the United States Senate, for all that is worth anything in politics or statesmanship. You are fighting against the mere partisan and personal grievances of a political adventurer in the Governor's chair, against the threat of a debauched Judiciary, against unfaithful representation in Congress, and against a party so devoid of principle as to be absolutely nameless in its own estimation. The contrast is before you in policy, and it is equally great in the candidates who represent you. Your ticket is good throughout and every man on it worthy of all honor. Well may you ask, if we cannot win with these men and these principles may we not despair of the people?

CONCORD Monitor. The course of Gov. Plaisted has been such for the past year as to create serious apprehensions for the welfare of the State on the part of thinking people. When an official sets his own opinion and wishes above all other branches of the government, it is time for well-meaning people to check him in his career, and relegate him to private life. Gov. Plaisted has managed to antagonize himself with the Court, Council, and Legislature, during his term of office, to an offensive degree, and it would be administering a deserved rebuke to defeat him handsomely at the polls. And we believe this will be done, notwithstanding the defiant boasting of the Fusionists.

The man who fails to go to the polls to-day wilfully throws away the sword and shield of American citizenship, the ballot.

KENNEBEC Journal: Laborers and farmers who are in favor of maintaining the dignity and honor of labor, and the tariff which protects them against the pauper labor of Europe and will make the streams of Maine hum with the music of busy spindles and our State the home of respected and well-paid labor, will vote the Republican ticket from Frederick Robie at the head to the town representative at the foot.

GOV. PLAISTED has not explained the reason why he signed the warrant to pay Gen. Spaulding's first volume as reporter of decisions. How is it?

BIDDEFORD Times: The Democracy will find out soon about how many employes in our mills, machine and shoe shops are ready to vote free trade and lower wages.

Vote early, then get your neighbor to vote.

Now isn't the Argus whooping it up lively for the boys? What more could they ask in the line of sensational literature?

THE people will ask his royal highness King Harris M. the First to abdicate his throne to-day.

WE are on the home stretch, and the old black pacer leads.

The men on our county ticket are worthy of all our confidence. Vote for them.

THE Argus this morning will look like a tablecloth around which flies have swarmed.

THE Maine issue—a Republican Victory.

ONCE more into the breach, dear friends.

Spoopendyke as a Farmer.

"This," said Mr. Spoopendyke, as he gazed around on his new acquisition of six acres, "this, my dear, is what I have always wanted. A farm, and a farmer's life are the highways to happiness, Mrs. Spoopendyke, don't you think so?"

"It's perfectly lovely," rejoined Mrs. Spoopendyke, "I was born on a farm, and I was always healthy, though I had to go a good ways for water."

"I'll fix that my dear," returned Mr. Spoopendyke. "I'll bring the water. Now where are my agricultural reports? I must plant right off if we are going to have crops and when they are ripe we'll take them to market."

"I see the report says you must give your hen chopped turnip once in a while," said Mrs. Spoopendyke, putting her thumb on the paragraph.

"Either that or cabbages," returned her husband. "I don't know whether we'll have cabbages enough," he continued, musingly.

"You must have less buckwheat," suggested Mrs. Spoopendyke. "I would think, though, that two acres would be enough for one hen, and if it isn't you can buy a load now and then from the neighbors."

"I'll think that over," replied Mr. Spoopendyke. "Here's one thing I don't understand. It says we should test a few seeds before planting to make sure that they will germinate, but it don't say how to do it."

"Maybe it means to boil them," suggested Mrs. Spoopendyke, "or perhaps you—"

"Oh! perhaps you think it means to crack 'em with an ax to see if they are hard! I s'pose you've got an idea you stick straws into 'em to see if they are done! Well, you don't; you put acid on 'em. I'll get some acid and drop 'em in, and if it discolors 'em they're no good, and if it don't they're all right. I think we ought to have some weevil for the pig."

"I don't know where you are going to plant it," said Mrs. Spoopendyke, "unless it will grow with the buckwheat or onions. You can't put it in with the cabbage because the pig and hen would fight."

"Do you know what weevil is?" demanded Mr. Spoopendyke, glancing at his wife. "Got a notion it's some kind of a weed for the pig to smoke, haven't you? Imagine it's a gilt-edged note paper with a monogram for him to write on, don't you? Well, it isn't a swallow-tail coat or a plug hat for him to go to church in, neither! You don't plant weevil, Mrs. Spoopendyke, any more than you do soap or clothespins, or stair rods. You buy it in barrels, and I'll order some."

"I think we ought to have some lace curtains for the front windows," suggested Mrs. Spoopendyke, anxious to change the conversation.

"Yes, we want a folding bedstead for the cow, and we've got to have a new arm chair for the pig, and I'm afraid those cabbages won't do without a wet nurse," squealed Mr. Spoopendyke. "I suppose I've got to hire a man to see that the meadow don't go fishing on Sunday and upset your religious notions. Oh, you're a farmer's wife, you are. If I had time to write an index to you and get some dog-gasted binder to fix you up with a fly-leaf, you'd make a whole agricultural report."

And Mr. Spoopendyke shot into the house and to bed, while his wife having put all the oil lamps into the buckets of water so they couldn't explode during the night, fell asleep dreaming that the cabbage patch had eloped with the onions, while the cow and pig had died of weevil, and the windmill had abandoned agricultural pursuits and started off through Ohio preaching the gospel

A vote for Robie and the rest of the ticket is a vote for law and order.

A Word of Caution to Voters.

[Bridgton News.]

Voters should carefully read their ballots and town officers should carefully examine their returns to see that the names of candidates are correctly given.

The improper insertion of a middle initial in the name of Frederick Robie; or the writing of the name of Harris M. Plaisted with another middle initial; or the dropping of the "jr." from the name of Nelson Dingley, jr. or the change of the middle initial in the name of Charles A. Boutelle, or Thomas B. Reed, or Seth L. Milliken, either in the ballot or returns, might lose these candidates the votes intended for them.

Town clerks should be especially careful in writing out the names of candidates in returns. In 1874 the town clerks omitted "jr." in the name of Nelson Dingley, jr., notwithstanding every ballot was printed correctly, and two years ago several towns returned votes incorrectly which were given for Harris M. Plaisted.

More Greenback Bricks.

Thrown at Harris M. Plaisted.

[The Messenger.]

There is no intelligent man in Maine who will not admit that if the charges the Messenger brings against Harris M. Plaisted be true, he is the most infamous political trickster in Maine. Levi B. Patten has said that if these charges are true, "Plaisted is a d——d old hypocrite." Such is the verdict of every man. To these people we wish to say that Plaisted has not attempted to deny what we charge upon him, for he knows too well that we have the means of proving our assertions. But we warn our readers that there will be placed in their hands at a very late hour, a document purporting to be his denial, and this will be done at so late an hour that it cannot be met by our proofs. If this subterfuge be resorted to our readers should remember that if his denial was of any value it would have been made before.

We again charge that Harris M. Plaisted came to the Messenger office—having heard that this paper was hostile to him, on account of a want of confidence in his fidelity to the Greenback party and its principles,—and used his persuasive powers to induce us to believe him the most uncompromising Greenbacker in Maine. He told us that if there were members on the Greenback State committee, who favored a fusion with the Democrats, he had more influence with the chairman, Maj. Berry, and could prevent any action looking toward fusion. We remarked that it was generally supposed that Hon. F. W. Hill had great influence, both with the State Committee and him. Plaisted's reply was, that he was the nearest to Maj. Berry, and had the most influence over the Committee, through him, and he was willing to sacrifice all his wife's relations for the party. "But, Governor," said we, "what will you do if the fusion Democrats and Greenbackers do succeed in placing upon the Congressional ticket, one or more Democrats?" The reply came quick and impetuous, "I will not stand it a minute. I will bolt,—withdraw, and go with Solon Chase." Afterwards, Governor Plaisted said substantially the same thing, in the presence of John White; for we believed him, and were trying to induce the Straight Greenbackers to nominate him, and were using our influence to secure this result. We told Governor Plaisted, that if he would allow us to publish the substance of the conversation, in a manner bearing the appearance of authority, we could assure him of the Straight Greenback nomination. He refused, saying, "The man who makes a public pledge on the eve of a nomination, is a demoralized man,—a coward."

What is the result? The State Committee did leave a chance open to effect a fusion with the Democrats. Harris M. Plaisted did not prevent it. The Democrats and Fusion Greenbackers have succeeded in placing Democrats upon the Congressional ticket. Harris M. Plaisted has stood it several weeks, he has not bolted or withdrawn, and shows no signs of going with Solon Chase. Instead, he has conspired with the Democrats to place their chosen men upon the Congressional ticket. This proves Harris M. Plaisted to be a political trickster of infamous character. As a maker and breaker of pledges he is unsurpassed.

In 1880 Plaisted agreed with John White to prevent the re-nomination of Ladd in this district. John White was to work up the western part of Penobscot county and Piscataquis county against Ladd. T. M. Plaisted was to do the same in northern Penobscot and Aroostook, while Harris M. Plaisted promised to work quietly in the vicinity of Bangor, and together they would, as he said, "let Ladd down so easily that he would not know what did it." After awhile Plaisted found out that the move was impracticable, and he gracefully placed the whole blame for the Greenback opposition to Ladd upon John White, and said, "John White is a good fellow,—he means well, but this is one of his mistakes."

Harris M. Plaisted's political history is full of just such exhibitions of trickery and moral cowardice. One other circumstance will suffice. Sometime during the early part of this year Plaisted nominated a man living in Eddington, or vicinity, for Fish and Game Warden. The salary was $100 per year. The appointee returned the commission, for the reason that it did not give him a large enough field of operations. In a short time the Governor applied to a worthy citizen of Eddington to find for him a suitable man for the place, and told him that, on condition of the appointee giving $25 for the support of the Freeholder, he could have $200 per year. A man was found to accept the position, and the appointment was promised him. But it never came; and it was soon found that the first man appointed had been again commissioned, at a salary of $300 per year, but it does not transpire how much of this sum went for the support of the Freeholder.

Thus the Governor has played fast and loose among his friends and supporters. We believe he knows no patriotism except such as will assist him in the future. He is ready to betray his friends at any time to build up his own fortunes. He is ready to sacrifice not only all his wife's relations, but all his own friends, if the sacrifice will only further his own schemes. If he is elected this year, some one is going to be cheated. He has proven false to the Greenbackers, and he will prove false to Democrats. The true course is for Greenbackers to refuse to support such a trickster.

The citizen who throws the Republican ticket to-day will sleep sound to-night for he will go to rest in the consciousness of duty well performed.

[Biddeford Journal.]

The Signs of the Times.

But two days now remain before the most important election known in the history of Maine politics is to be held. Its importance cannot be overestimated. By a victory for Col. Robie good government is assured to our State for the next two years. If the Republican party is successful at the polls next Monday the business of our State will be transacted without the turmoil and confusion that has characterized the regime of Harris M. Plaisted.

If we fail to make Frederick Robie our next Governor we open a door for Democratic obstruction and obstructing in Maine, we allow Harris M. aisted to insult the highest tribunal in our land and be approved of for so doing. We open a door for Democratic filibustering that it will be hard to close, for once let the opposition gain foothold in the State of Maine and the leaders of that mongrel party will stop at nothing to perpetuate by any and all means their power in the State.

We shall not be disappointed in the result on Monday. We know the people of this State demand good government and without brag or bluster we candidly say that all the indications point to the election of our entire State and county ticket, and we see nothing on the surface at least, that can in any way change that result.

From nearly all parts of the State there come reports of gains. The so-called Independent movement is a Plaisted device, and is manipulated by a small number of ex-officials and disappointed place seekers. They have neither vote nor influence. Let the Republicans of Maine, and especially those whose interests are bound up in the industrial interests of the State, see to it that every Republican vote is polled next Monday. It means victory, security and the end of the disgraceful demagogism which may be styled Plaistedism.

HARPER'S BAZAR.—This beautiful weekly publication is a welcome visitor to the parlor circle. The number for the ensuing week has been received by N. G. Fessenden, 484 Congress Street and D. Wentworth, 553 Congress, corner of Oak street.

Remember that it is one vote cast by each Republican that is to give us the victory. Mark this: Every vote counts.

Brief Jottings.

Col. Robie deserves every Republican vote.

Deaths in the city last week, 14; of which five were from diarrhoeal diseases.

Value of foreign exports last week, $18,297,-36.

Portlands 15, Actives of Deering 11; on Saturday.

Some fifty names were added to the voting lists last week.

Every vote counts; remember that.

About 100 people came here on an excursion from Montreal, Saturday.

Quinn & Co. put a new boiler into the towboat Warrior, Saturday.

The enemy will bear watching.

It is reported that the Allan and Dominion lines will run to this port next winter.

The annual supper of the Portland Yacht Club will come off at the Peaks' Island House, Sept. 13th, in the evening.

Don't let up on them boys! Keep at them until the polls close.

There will be a grand excursion from Burlington, Vt. to Old Orchard, Sept. 26th, making a three days' trip.

Don't stop to scold with the hybrids; keep right at your work to get in the votes.

The Great Hog Association have purchased the 200 acres on that island and will organize at City Building, Sept. 21st.

A Gloucester fisherman who abused some bootblacks, Saturday, received a severe pounding.

Will Sawyer and Hull benefit the Republicans who vote for them any?

There will be an excursion from Portland to Montreal and Quebec, next Friday, over the Grand Trunk road.

Two new hydrants have just been put down on North street, one near the Shailer school, the other near City Marshal Bridges' house.

Gen. S. J. Anderson and E. Moody Boynton spoke to a small audience at Congress Hall Saturday night.

Seamer Admiral, of the International line, which has been running between Eastport and Bar Harbor this season, has been taken off the route, and she left for this city Saturday.

The Hon. Bion Bradbury did not attend the funeral services at Congress Hall, Saturday night. Gen. Anderson acted as undertaker.

The grand jury rose at 5 o'clock Saturday night and were discharged. No indictments were made public, and will not be until Tuesday morning.

There is a report that the Portland Steam Packet Company will build a new steamer, larger than the State of Maine, and that she will go on the route by June 1st, 1883.

Gospel meetings will be held at the Y. M. C. A. rooms on Monday, Tuesday and Wednesday of this week, at 3.00 and 7.30 p. m. The public are cordially invited.

Gen. Anderson's charge that the Republicans use the liquor law as a shillaleh to crack the skulls of his party is enough to make a mule smile. Why, General, your party have been offering one hundred per head, in order to buy votes to beat the wicked Republicans.

The brakemen on the Grand Trunk freight found a drunken man lying across the track on High street wharf the other night. A narrow escape from death.

It is claimed that some Republicans are to enroll themselves with Tabulator Chase, Fogg and other Fusion fixtures, and vote for Plaisted. How a Republican can be found to herd with such company is an unsolved mystery.

The public schools will begin to-day. The practice school will occupy a room in the Butler school till the repairs on the Spring street school are completed, which will be in about one week.

Tabulator Chase, W. King Staples, Cyrus Jellerson, S. J. Anderson, Stinchcomb, C. H. Fling, G. W. Parker, Peter Daley and the Eastern Argus are active for Plaisted. What pretty company that is for a Republican to be found in.

The Maine Conference of Unitarian and other Christian churches will hold its annual meeting at Augusta, Oct. 10th, 11th and 12th. Rev. Brook Herford of Boston will preach the opening sermon on Tuesday evening, Oct. 10th.

George F. Talbot, when he was holding office under the Republican party, was not troubled with political dyspepsia. He would have as soon been found with a stolen sheep on his back as in his present company. It is reported that a judgeship is to be his share of the loot if Plaisted is kept on his throne.

Among the premiums taken by Maine exhibitors at the New England Fair were 4-year-old gelding Pliny Moore, Charles P. Mattocks of Portland. Sulky plows, Fred Atwood of Winterport. Ram and ten of progeny, C. A. Brackett of Gorham.

Have the majority so large that a second State steal won't come in.

Catholic Irishmen!

Are you going to vote for Daniel W. True, who belongs to the proscriptive Order of the American Union? Are you going to vote for this man who took the oath of hate and proscription against your religion and your race? Are you going to give quarter to the man who gives you no quarter, who seeks to shut you out from honorable public service and political preferment, who holds that Catholic Irishmen are unfit for places of honor and trust in the country of their adoption—a country for which they have shed their blood on every battlefield from the Potomac to the Rio Grande? Are you going to put this man into office? His friends are telling you now that he joined that Order of intolerance and hate without knowing its objects. That is untrue. No man joined that Order until a printed card was put into his hands which frankly explained to him its objects and the nature of the oath he was expected to take, and until he approved and signed that card.

Are you going to vote for this man? If you do vote for him you deserve to be stigmatized as apostates to your religion and traitors to your race.

OUR TICKET.

The following is the Republican ticket for this city. Cut it out, compare it with the ballot you hold in your hand and see that the names are correct:

FREDERICK ROBIE.

RAILROAD NOTES.

Eastern Railroad.

An exchange says of this road: "Its August earnings are the largest monthly earnings this year, and are indeed the largest for a single month in the history of the road. They exceed those of August, 1881, by about $26,000. The earnings for the current fiscal year, which closes at the end of the present month will not be far from $3,400,000, or an increase of about ten per cent over those for 1881. The large expenditures for new equipment and important improvements during the past few months will make the net earnings about the same as those of last year. The road is now, however, in a most excellent condition throughout its entire length; its equipment is first class and its buildings are all in good shape, so that for several years to come no extraordinary expenditure will be required. The advance in the rate of interest on the company's bonds from 4½ to 6 per cent. which went into effect on September 1, will from time forward necessitate an increased expenditure of $17,000 per month on interest account. Next year also, for the first time, $100,000 will have to be set aside for the sinking fund. The management, however, hopes next year to earn these extra charges and still be able to make nearly as good a showing as this year.

Minor Notes.

The Railway Age of last week shows that a greater number of miles of railway has been constructed during August than ever before in a similar period in the history of the country. The total is 1274 miles of new main track. The construction for the entire year is estimated at 10,500 miles, the largest number of miles being 207 in Iowa, the next 153 in New York, and the third 142 in Wisconsin.

The American Board.

In view of the multitude of applications which have been made for entertainment during the coming meeting of the American Board, the committee of arrangements find themselves obliged to call once more upon the hospitable people of our city for accommodations. Thus far the entertainment which has been offered is insufficient to meet the needs of the case, and it is earnestly hoped that those who have not already responded to our appeal, will feel that they can do so at once. In order that the assignment of guests may be made in time it is necessary that all offers of hospitality should be handed to the committee on or before Tuesday evening next. The canvassers have therefore been asked to complete their work before that time. Should they call upon you we trust that they will meet with a generous response. It has of course been impossible to make a thorough canvass of the city, and doubtless many who would gladly open their doors have not been visited by the canvassers. Should there be any such after Tuesday next, or should there be any who would like to do more than they already promised, they are invited to send a postal card to the committee, stating thereon what they will do.

Portland will be highly honored by the presence of many of her guests, and we trust that her hospitality will be so large and hearty that no guest will go away without feeling that it has been an honor for him to have entered her doors. CHAS. A. DICKINSON, Chairman, in behalf of the committee.

No Republican can afford to cut his ticket.

Art.

In Hewes' window may be seen a fine painting of rhododendrons from Mr. Hewes' brush.

Speaking of the Boston art exhibition the Journal says: Mr. B. C. Porter's picture of a boy is one of the best he has ever exhibited, and confirms the good opinion he has already gained in works of this sort. It is brilliant in color, yet handled with judicious restraint, the pose and expression are excellent, and the character of the subject is expressed in a very vivid and refined way. One might be humored who should give expression to the opinion that the color of the hair is rather too positive, but it is well related to the rest of the work, and does no more than suggest a narrow escape from a discord.

Maine wants 4 Republican Congressmen in the House of Representatives. No more Ladd's and Murch's.

Fires in Stroudwater and Saccarappa.

The fire seen in the direction of Standish early Saturday morning, proved to be the two-storied uninhabited wooden house owned by Mrs. Mary Folsom's heirs just beyond Stroudwater. Loss $1,200; insurance not known.

Saturday night a two-storied wooden building at Saccarappa, used by the Dirigo Underwear Company, for a box factory, was burned. The building was valued at $2,500, and machinery and stock at $2,500 more. Total loss. Fire caused by spontaneous combustion of cotton waste.

County Attorney.

County Attorney Coombs has been true to his oath of office. He has not promised or tried to screen forgers or any other class of law-breakers. He is a good, faithful officer, and deserves the full vote of his party. It is all a mistake to suppose a man can refuse to execute the law All county attorneys, including Swasey, Anderson, Butler, Webb, Mattocks and Libby, have done it, and no honest man can do anything else. The fault, if any, is in the law, not in the officers.

Be sure and vote for Col. Robie and the rest of the excellent ticket of our party.

The Maranocook Regatta.

Kennedy and Riley and some fifteen other scullers, went to Lake Maranocook Saturday, where they will go into training for the great race. The Maine Central is making every arrangement for the prompt transportation of the immense numbers of people that will attend, and refreshments can be procured on the grounds.

The following extra races not before announced will come off:—A senior single race with six starters; a single scull match race between Reed of Biddeford and Sweeney of Portland and an interesting match between the Mohawks and Portlands.

The Cut Under Hayrack.

To the Editor of the Press:

In relation to the matter of the cut-under hayrack business, about which some talk is being made, I have only this to say: Mr. Dennett sent to me as Constable of the town of Pownal, some bills to collect for that town, and as a sworn officer I did my duty.

CLOSING RALLY.

Great Republican Meeting.

CITY HALL FILLED TO LISTEN TO HARRISON AND SWIFT.

The last rally of the Republicans at City Hall, Saturday evening, was a perfect success. The attendance was very large and the closest attention was given to the distinguished speakers. The meeting clearly demonstrated that the Republicans of this city are in dead earnest, and will give a full vote to Col. Robie, and to every other Republican candidate. The applause that greeted every reference made by the presiding officer—Mr. Lunt,—in his brief and able address, to Col. Robie, was not confined to a few individuals, but came from all parts of the house, while the eloquent reference made by Gen. Harrison to Mr. Blaine called out a perfect tempest of applause. Previous to the calling of the meeting to order, Gen. Harrison was, for about half an hour, in the ante-room, where he was introduced to many of our best citizens. Gen. Swift of Mass., was no stranger to the mass of our people, and with him the taking of old friends by the hand, not the making of new acquaintances, was the pleasant duty that filled up the half hour of the reception.

The meeting was called to order by W. M. Marks, Esq., who introduced the Hon. W. F. Lunt as the presiding officer, who made a brief and telling speech.

MR. LUNT'S SPEECH.

The close of a campaign, not noisy but most earnestly and hotly contested, is at hand. The result of our labors will soon be known. The fruition of our hopes will prove a glorious victory for the Republican party. We have presented to the people of this State a ticket of which we may well be proud. A clean ticket. A list of worthy, honorable and able men, headed with the name of Frederick Robie for Governor. (Applause). We present him to the people as our candidate for Governor; a man untouched by the breath of scandal; a patriot; a man of ability, who has proved himself deserving of the honor and trust which we bestow upon him. (Cheers). Our Representatives to Congress and the Legislature; our Senators and county officers, are men of character and standing in the community, and they deserve and will command the votes of the honest, thoughtful and respectable people of Cumberland county.

We place our ticket and the nominees thereon beside the Fusion ticket and challenge criticism. Read the Fusion ticket—made up chiefly of the names of political harlots, Republican renegades, who when expelled and cast out are taken into the Fusion fold and have already become in that company the chiefest among ten thousand, and the ones altogether lovely. If the best men are nominated for office, in the Fusion party, it is indeed low tide with them and the chivalry of the war have retired into the background. Occasionally we hear the loud wail of some old time Democrat among them. A short time since the people of this city were addressed by one who was of those who resolved that the war was a failure, who sneered at the sufferings of the gaunt and starving Union heroes in the prison pens of the South, who smiled and leered at Union men when the Union army suffered defeat, who during a whole generation have been opposed to the march of progress, and have sought to darken the advancing track of civilization. In his remarks he said that by reason of his position then he has since been a proscribed man. Well, the time if it ever was, has gone by when we baudle the copperheads of the Rebellion with gloves. So long as one maimed veteran drags his weary limbs along, so long as one survivor lives to tell to his children and friends the tales of horror and of suffering in the prison pens of the South, before which all the horrors of the Inquisition pale and fade away, so long will the men who sympathized with the rebellion and did all they dared to sustain it, be politically proscribed by the loyal, patriotic people of the North.

We do not forget, we never shall forget their conduct in the nation's struggle for life and they must still be content to live in private life We mean to win victory in this State on Monday next, aye! we have won it, and only wait to declare it at the polls. In forty-eight hours more we can sing Psalms of victory. I see before me men whose hair is silvered o'er by time. You old Whigs can remember your song of victory.

"O say have you heard from Maine; Maine;
O say have you heard from Maine.
She's gone hell bent for Governor Kent
And Tippecanoe and Tyler too."

(Applause)

I have the honor to present to you a descendant of "Tippecanoe, Senator Harrison of Indiana. (Great applause.)

Gen. Harrison is a fine looking man, of about 50 years. Like his arguments he is solid and weighty. His full beard and rather thin hair are touched with gray, and if age has commenced to manifest a disposition to make his acquaintance, it is a very kindly, if frosty age. Gen. Harrison is a very effective speaker. Rather slow in his delivery, perhaps, but making his points one after another in rapid, perhaps it were better to say, uninterrupted succession, never at a loss for a word, and never losing for even a moment sight of the fact that the "opposition" party, is the representative of the feeling that drove the South into rebellion, and that left the Democracy of the North to give to the government a half-hearted support, at least; nor does he for a moment forget that the Republican party saved the honor and the life of the nation, and that it will preserve that which it has saved. His speech abounded with telling and quotable savings, as when he said, "Even the dead issues of the Republican party are enshrined in living laws;" and again, "That is all there is of it. Up goes the Democracy, down goes the credit of the nation. Down goes the Democracy, up goes the credit of the nation." It is like the game of teetering I played with my sweetheart when a boy.

Gen. Harrison was followed by General John L. Swift in an earnest speech.

Give Fusion a death blow.

After the election a collation provided by the newly elected officers was partaken of in the armory and highly enjoyed by the boys. Two active and two honorary members were admitted. The company are talking up a grand military and civic ball later in the season.

To the Wards.

Let each ward see which can do the best work to-day for the whole ticket.

Ward One boys come up manfully for the right.

Ward Two is always on hand to do her part. No better Republicans can be found in the city. Watch the enemy and fight him inch by inch.

Ward Three look well to your voting list and do your level best to tie Ward Two.

Ward Four, stand up for your rights and make it red hot for the enemy; look well to the counting of the vote.

Ward Five, make it warm for them. Give them Hail Columbia.

Ward Six, put in a good square day's work and you will astonish the natives.

Ward Seven, can't you raise it a little? Give Tabulator Chase the ear o e.

See that every Republican voter gets to the Polls.

The Voting Lists.

To the Editor of the Press:

The Democrats and their allies are howling about disfranchising voters by the Board of Aldermen. It is a lie of the vilest kind. Their Ward Two champion tried to get a dead man's name on the list. Another bragged that he voted on another man's name, but claimed that as proof of his right to vote. This proved his orthodoxy as a Democrat, but failed to get his name on. Another of the striker's voters had papers showing that he was naturalized when he was five years of age, showing an astonishing amount of Democratic precocity, but not sufficient to convince even the alderman from Ward Two of his right to vote. No man has been, knowingly, disfranchised, who has a right to vote. Mistakes will occur, but both parties suffer alike by them. A VOTER.

A License Law Man Speaks.

To the Editor of the Press:

Mr. Sawyer and Mr. Moulton are posturing for the votes of liberal men because it is alleged that they won't enforce the Maine Law. If Mr. Sawyer is sincere why is it he don't dismiss his rum deputies and let the police have full control? Had he done so he would have claims upon liberal voters. As to Mr. Moulton he must prosecute all cases where complaint is made and evidence produced. It makes no difference who is county attorney in regard to that. I don't believe Mr. Moulton would give any such a pledge. The only way to get rid of the Maine Law is to repeal it, not ignore it. No liberal man should vote for either of these men. LOCAL OPTION.

Read This, Republicans.

Assessors will make mistakes. Look to the voting lists and see that your name is on correctly. Call at the Republican Headquarters and let the City Committee know the whereabouts of absent voters, or the names of new voters.

Don't leave town until after election. Don't pair off upon any account; you will be cheated if you do.

Remember that it is one vote cast by each Republican that is to give us the victory. Mark it Every vote counts. If you are anxious to help your party, go to the Headquarters and you will have ample opportunity to do so.

Don't swap votes. Don't vote for any Fusionist as a personal favor.

MUSIC AND THE DRAMA.

LEAVITT'S MINSTRELS.

One of the best minstrel entertainment ever given in Portland was that presented by Leavitt's Gigantean Minstrels before a large audience at Portland Theatre Saturday night. The jokes were new and bright, the songs were new and exceedingly well sung by excellent voices, and the variety acts were of the best. Burton Stanley, the female personator, so long here with Wally Ward, was greeted here with loud applause and is, if possible, even better now than then in his line of business. We only regret we have not space for a more extended notice to-day.

THE TOURISTS.

To-night and Tuesday Mestayer's "Tourists' which gave so much pleasure last season will appear at Portland Theatre. The New York Sun says: "The Tourists in the Pullman Car" are the jolliest party of tourists that have visited this city in many years. Their entertainment is one incessant flow of fun, and the audience has hardly time to catch its breath after one prolonged laugh before it is precipitated into another. Of plot there is little, and such as there is has no great interest, but the thousand and one comicalities by which the company almost tires the audience with laughter, holds even the idlest attention until the curtain falls.

The orchestra will furnish the following music:

Overture, Arion (first time)..... Alixa
Waltzes, Main Klange..... Parlow
Medley, A Floweret for Everybody (new)..... Bach

NOTES.

The Wilbur Opera Company, much enlarged, and with splendid new costumes, will appear at Portland Theatre, Friday and Saturday evenings. This is one of the best opera bouffe companies which ever visited Portland, and they deserve a crowded house.

At the great entertainment to be given at Lake Sebago, Thursday, during the grand display of fire works, Collins' military band will render the following popular programme:

Capt. Johnson's March..... Jean Missud
Les Syreges Waltzes..... E. Waldteufel
Clarinet Solo..... by Chas. E. Bettis, Selected
Selection, Irish Melodies..... Moore
Golden Shower Waltzes..... E. Waldteufel
Rest a Belles, Cornet Solo..... C. M. Brooks
When the Leaves Begin to Turn..... White

Personal.

Mr. J. B. Totten has returned from a two weeks pleasure trip through New York, New Jersey and Pennsylvania, and is very much improved in health.

J. T. Murphy and ladies of Richmond, P. Q., of the municipal council, and E. S. Gould of the Fabyan House, were at the City Hotel Saturday night.

Mr. E. W. Arnold, business manager of the Wilbur Opera Company, was in the city Saturday, and also J. M. Hyde, agent Alvin Joslin Company.

Mr. C. B. Stetson, class of 1881, has been appointed assistant in Greek at Colby University. Mr. Stetson has taught the classes in Greek at Bridgton Academy the past year.

Stephen Marston, Esq., chief engineer of the Portsmouth, N. H., fire department, was in town Saturday night. In company with Chief Cloyes he inspected the Portland steamers' companies.

Mr. Preston Powers, the sculptor, is now in Cincinnati. He will sail from New York on October 4th for Florence, Italy, to superintend the execution in marble of his bust of President Garfield.

Rev. Albert W. Moore, pastor of the Congregational church in Farmington, has accepted the call to the Central Congregational church, Lynn, Mass., and will assume his new duties November 8th.

Lieut. Robert E. Peary, of the United States Engineers, formerly of Portland, and a graduate of Bowdoin, '77, is just recovering from an attack of yellow fever at Pensacola, Florida, where he has charge of the construction of an iron pier.

Among the speakers who have done excellent service in this county is Herbert M. Sylvester, Esq., of Portland. Mr. Sylvester is a good speaker, and very zealous in the work he has in hand. He has well presented the State and National issues in various towns, and from all come good reports of his work—Bangor Whig.

Watch closely for Democratic attempts to debauch American citizenship with rum and money.

Read This Republicans.

Vote if possible before 1 o'clock. Speak to your neighbor and get him to vote as you do. Report at the Ward room the name and residence of any sick voter. Also any laboring man that cannot spare the time to walk to the polls.

Help the Ward committee in the matter of distributing votes. Don't be persuaded to vote for a Fusionist as a personal favor. Don't vote for John T. Hull. He is the Fusion head organizer.

Don't vote for Sawyer. He is using his force as a political machine.

Don't trade votes. Nearly every Fusion candidate is ready to sell out his colleage upon the ticket. Don't scratch any candidate for Senator or Representative. It may defeat Frye.

Be sure and vote the whole ticket.

Blood Money.

To the Editor of the Press:

It appears that the hybrid party in their dying desperation have appealed to the rumsellers of this city to aid them. One hundred dollars each is the sum demanded because Sheriff Sawyer has not prosecuted them. One hundred dollars apiece for blackmail. One hundred dollars apiece for hush money. Last spring at the first election they paid $500 into the Democratic fund. At the second election they raised $200. Now they are asked for $100 per head. A pretty stiff price to pay to sell rum and the police after them red hot. What a nice party this is to howl reform. The very last men they are to wail over blood money! Republicans, you owe it to your manhood to drive the ring that infests the Sheriff's office out of power. A REPUBLICAN REFORMER.

Robie and victory.

Attention Republicans.

Look out for split tickets.

Watch the counting of the votes.

Don't be bulldozed by any fusionists.

Don't take any stock in the Argus this morning, it will be loaded to the muzzle with mud.

Vote the straight ticket. Every man on it is worthy of your support.

"Reed's Tool."

Mr. John Haverty stigmatizes the Argus despatch from Lewiston Saturday headed "Reed's Tool" as a tissue of falsehoods. The despatch has, among Mr. Haverty's friends, provoked much indignation against the Argus. The habit that paper has of accusing an Irishman of mercenary motives as soon as he says a good word for a Republican is alienating the affections of its strongest friends.

SHERIFF SAWYER.

The Statements of His Latest Circular Disproved.

Sheriff Sawyer has issued a circular in which he claims that under his administration the income from liquor fees and fines has, up to the September term of court, been $28,136 84, and further says that the income from the September term of court will be about $15,000, and that the increase over the Dresser administration is $25 000.

The statement is in the main true, but the inference suggested entirely false. The sum he mentions has been collected,—but through no effort made by him and his deputies. While these men have been drawing their two dollars a day and doing nothing to earn their salaries, while they have been neglecting the duties they were under oath to discharge, the police of Portland have been making the seizures and suppressing the liquor traffic. What does the record show? During the year 1882 the sheriff and his men made seven cases. The city marshal of Portland and his deputies 122 cases. The sheriff did almost nothing. The marshal almost everything. Yet the sheriff has the enormous impudence to claim credit for the fines imposed by court, hardly a dime of which he succeeded in securing.

Furthermore many thousands of dollars he reckons to his account came from seizures made by Sheriff Dresser in the last year of his term. Those convicted in the lower court appealed and the cases were not finally determined and the fines paid until Sawyer was in office. These fines are claimed by Sawyer. He had nothing to do with the seizures or the fines. The seizures were made before he came into office. With the matter of fines the court alone dealt.

Again, during the greater portion of Sheriff Dresser's term the fine was $50. During all of Sawyer's it has been $100. So the same number of seizures yield double the income. But this is due to the Legislature, not to the Sheriff.

Mr. Sawyer's circular entirely misrepresents the matter. Whence does the increase of which he boasts come? His deputies have made no seizures. Where then has all this revenue come from? We answer, from the efforts of the City Marshal and his force. Not one-tenth of the receipts charged by him has Sheriff Sawyer's force been directly or indirectly responsible for, (when his force, false to their official oath, neglected their duty, the City Marshal took hold of the law and enforced it) and no one knows this better than Sheriff Sawyer, and it is by these false pretenses that he is endeavoring to gain a re-election.

He has systematically and wholly neglected his duties in enforcing the liquor law and now seeks a re-election on the strength of work done by others. Can anything be more dishonorable and unfair; Sawyer's deputies have made but seven cases in 1882. Why then is his force to be credited with the $28,000 paid into the County Treasury this year? The city police did the work that brought almost every cent of this money into the County Treasury, and must have the credit for it.

In this connection we give the following letter from ex-Sheriff Dresser:

My attention has been called to a document signed by J. D. Sawyer, as Sheriff of Cumberland, in which he institutes a comparison between the amount of fines collected in the Superior court during my last official term, embracing the years 1879-80, and the amount collected in said court during his term, August 9, 1882, which is evidently intended for tax-payers in the country towns not familiar with the working of the courts, and evidently misleading as to facts (either purposely or otherwise). To those familiar with the enforcement of the liquor law, it is well known a large proportion of the cases brought in the Municipal court are appealed to the Superior court, and therein continued for a year or more, so that to a large extent the labor of the officers in making cases against rumsellers in any one year, are realized in fines in the Superior court the succeeding year; consequently my successor is able to appropriate to the account of the deputies during his first year of 1881, all or nearly all the fines paid in the Superior court from cases made by any officers during 1880, and appealed and carried forward by appeal to the year 1881.

See that every town in Cumberland County shows a Republican gain.

LAST GUNS.

W. H. Looney, Esq. and Prof. J. W. V. Rich at North Vassalboro.

The second Republican rally of the campaign at North Vassalboro was held in Citizens Hall, Wednesday evening, 6th inst. Orrick Hawes presided, and introduced as the first speaker Prof. Rich, of Great Falls, N. H. Prof. Rich is a very graceful and elegant speaker, and was listened to with close attention. He was a Democrat until the last presidential campaign, and his statement of his reasons for allying himself with the Republican party were clear and forcible. In closing, he made an eloquent appeal to the voters to remember their individual resyonsibility and the importance of this election, at which we shall vote for four Congressmen, practically for a Senator, and for a Governor, who will appoint four judges of the Supreme Court.

Mr. Looney made the tariff his principal topic. He showed with great clearness that the fact that some errors and inconsistencies exist in the present tariff is no proof that the spirit and principle of the tariff is not right, and that these faults, in the details, can easily be corrected by proper legislation. His argument on the benefits of protection to laboring men, and his account of the disasters that England's free trade policy has brought to India and Ireland must have been well appreciated by the large number of factory hands present. He arraigned the Democratic party as the assistant of England in trying to force free trade upon this country.

At the conclusion of Mr. Looney's remarks, three cheers were given for Col. Robie, "our next Governor."

Vote the straight ticket.

Look Out Republicans.

To the Editor of the Press:

Sheriff Sawyer is sending out his stickers, and his deputies are coaxing Republicans to vote for him. What has he or B. F. Andrews and Geo. W. Parker done for the Republicans of this county that they should receive Republican votes? Is it for levying upon the rumsellers to defeat the Republican party? Is it for prosecuting men who were in the business who voted the Republican ticket and letting their neighbors alone who voted the Democratic? Is it for turning Sheriff Tukey out of office for voting for a Republican? Is it for making his office the resort of Fusionists? Is it for making George W. Parker his Chief Deputy? Do you want him kept in office? Is it to make 36 policemen do what he is sworn and paid for doing? Is it to enable him to take $2000 out of the treasury of this county for no service? Is it because Charles H. Chase runs his office? Is it because it is reported and believed that his force have attempted to raise $100 apiece out of the liquor dealers of this city as blood money to defeat the Republican party? Is it because Samuel J. Anderson is his champion? Republicans heed this and ask yourselves how you can vote for such a set of men.

A STALWART REPUBLICAN.

Catholic Cathedral.

At the Cathedral of the Immaculate Conception yesterday Rev. Father Linehan took for his text a subject which may properly be called "The Evils of Intemperance." The Reverend Father spoke of the fearful peril in which the drinker placed his soul and reminded his hearers that those who pandered to this appetite by selling liquor could not escape their share of the burden of guilt. Furthermore they must remember that it was from the poor classes alone the trade in liquor thrived, entailing upon them and their families wretchedness and crime. He further reminded them that those who dealt in liquor were not only violating God's laws but they were also breaking the laws of the state, and that the money which was paid in fines by these liquor dealers, came not from their pockets, but from the scanty savings and wages of the poorer class of which he had just spoken, thus taking the bread from the mouths of women and children.

Look out for split tickets. It is a favorite dodge of the opposition.

Representatives Nominated.

The Republicans of Sidney, at their caucus on Thursday, the 7th inst., nominated Howard B. Wyman, as candidate for Representative. The class, Sidney, Belgrade and Rome is probably hopelessly Fusion, but Mr. Wyman is well known and highly respected, both in his own and the other two towns, and will secure a larger vote than almost any other man that could have been nominated. Many of the Greenbackers are averse to supporting the Fusion candidate—Mr. Loren Ward—who is a straight Democrat, and the Republicans hope that, having nominated a strong man, they will at least reduce the opposition majority somewhat.

"Reliable Information."

The Argus has more reliable" information" about Reed, the Portland Company and the Androscoggin Pulp Company. This alleged "information" is in whole and part misinformation. There is no truth in it.

THE STEAL

Explicitly Approved by Plaisted.

If Plaisted had done nothing else wrong his encouragement and approval of the Garcelon steal ought to bring upon him the condemnation of all good citizens. Recall his action then, and tell us if you can vote for him now. Here is the evidence of his guilt in the shape of a dispatch sent to and read at a Fusion meeting held in Augusta, Dec. 23d, 1879, to approve Garcelon's theft of the State Legislature. The count-out had then been completed. Over thirty members-elect of the Legislature had been refused certificates of election and certificates had been given to men who were not elected. Under those circumstances the following dispatch was sent:

Bangor, Dec. 23.

We, the undersigned, citizens of Bangor, believe that the Governor and Council of this State in the inspection of the returns and tabulation of the same which have just been completed have acted in compliance with the constitution and the laws, and we will sustain them, the constituted authorities of this State to any extent and all hazards.

A NOTED BUT UNTITLED WOMAN.

[From the Boston *Globe.*]

Messrs. Editors :—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is seriously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily rains in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of *either* sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

A GENEROUS ACT

That Will be Appreciated by All Who Care for Their Complexion and Skin.

It is not generally known that the nervous system has a wonderful influence over the skin, but this is a fact known to medical men who have given much of their time to the study of diseases of the skin. No one can have a clear and fair complexion unmixed with blotches or pimples who is very nervous.

Whatever tends to a healthful condition of the nervous system always beautifies the complexion and removes roughness and dryness of the skin. Some skin diseases are not attended by visible signs on the surface, but an intolerable itching that renders life miserable.

We copy the following deserving and interesting compliment from the *Tribune* which says: "Dr. C. W. Benson's New Remedy, 'SKIN CURE,' is received by the public with great confidence, and it is regarded as a very generous act on the Doctor's part to make known and prepare for general use his valuable and favorite prescription for the treatment of skin diseases, after having devoted almost his entire life to the study and treatment of nervous and skin diseases, in which he took great delight. He was for a number of years Physician in charge of the Maryland Infirmary on Dermatology and anything from his hands is at once accepted as authority and valuable. The remedy is fully the article to attack the disease, both internally, through the blood, and externally, through the absorbents, and is the only reliable and rational mode of treatment. These preparations are only put up for general use after having been used by the Doctor in his private practice for years, with the greatest success, and they fully merit the confidence of all classes of sufferers from skin diseases." This is for sale by all druggists. Two bottles, internal and external, treatment in one package. Don't be persuaded to take any other. It costs one dollar.

OH, MY HEAD!

WHY WILL YOU SUFFER?

They contain no opium, quinine, or other harmful drug. Sold by druggists. Price, 50 cents per box, two boxes for $1, six boxes for $2 50, by mail postage free.—Dr. C. W. Benson, Baltimore, Md. C. N. Crittenton, New York, is wholesale agent for these remedies.

SCROFULA,

and all scrofulous diseases, Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me.

Yours respectfully, MRS. ANN O'BRIAN."

148 *Sullivan St., New York, June 24, 1882.*

"All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. E. P. Wilkis of 28 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in hundreds and many other cases within his knowledge.

The well-known *writer on the Boston Herald*, B. W. BALL, of *Rochester, N. H*, writes, June 7, 1882:

"Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a *complete cure.* I consider it a magnificent remedy for all blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures *Rheumatism, Catarrh, Neuralgia, Rheumatic Gout, General Debility*, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.
