NEW ENGLAND FREE BAPTIST ASSOCIATION.

Strong Grounds Taken in Regard to Temperance.

The convention resumed its sessions yesterday morning with a service of prayer and praise led by Rev. Mr. Haverhill, Mass., [read a paper on the duty of the church in relation to the liquor traffic. The following are the principal points of the address: The people of America rule the rulers, and we believe in equality and equal rights. It is a disgrace for members of churches to have their names retained in the church books who have any sympathy with the traffic in the manufacture of ardent spirits. A clergyman must be willing to meet disapproval and even listed when he presumes temporarily to help him, but if he would do his whole duty as a minister of Christ he must be bold and strong in his attack upon the curse of liquor and the seller. In this connection Mr. Malvern stated that he knew of a lawyer who paid his clergyman liberally for preaching the gospel of repentance and faith in the Lord Jesus Christ, and many times when the intense operation of his congregation absented themselves he delivered temperance sermons. In conclusion Mr. Malvern said that we cannot pray right and vote wrong. Christians must not throw their hands up in the air and say that no Free Baptist church in this State uses fermented liquor at the liquor traffic. Rev. Mr. Perkins of Boston, read a communication from the Woman's Christian Temperance Union of Massachusetts, urging the New England Free Baptist Society to purify the channel of public worship in relation to the use of fermented wines at the communion service. The Rev. Mr. Boyd moved that a vote of thanks be given to the Woman's Temperance Union for the communication, and that the Secretary state that the same proposition has been taken by the New England Free Baptist society. The following resolution was offered by Rev. Mr. Chase of New Hampshire: Resolved, That it is the duty of the church to send a pure people to heaven for the support of temperance and the true traffic. Remarks were made by Rev. Messrs. Chase, Boyd, White and Davis. Rev. Mr. Penney of Augusta, offered the following resolution which was passed: Whereas the liquor traffic and its results constitute the greatest obstacle in the way of the gospel in every land, when no day in the week of prayer for 1880 was assigned to the cause of temperance. Resolved, That the association fully endorse the movement to secure the appointment of such a day in the week of prayer for 1880 as the Ideal Pastorate was read by Rev. J. A. Lowell of Danville, N. H. In the evening, after a union service led by Rev. J. M. Lowden of the Casco street church, the convention closed with addresses by the clergyman of the city, Rev. Messrs. Clark of Williston, and Ladd of the Congress street churches. Polo at the Skating Rink. Polo, (or Lacrosse modified), is a very pretty game to play if one is wholly regardless of the tender points of his limbs. Like Lacrosse there are two posts at each end of the field, set a few feet apart, and the game is to drive the ball between the posts. Two captives take their position in the center of the field, with the ball on the ground by them. All of the players, seven on each side, are armed with canes, similar to those used in Lacrosse but lacking the head. At a given signal each of the captives endeavors to start the ball toward his opponents' posts, being aided in so doing by his sides, all of whom rush into the game like a band of Utes (barring the yell). No player is allowed to touch the ball with his hands, unless it is coming in a direct line for his nose. Last evening the contesting seven were the Skating Rink vs. the Portland Grays. Two games were played, the first being best 5 in 2 and the second 3 in 3 points, both of which were won by the Grays, the captain receiving a large bouquet fresh from the grocery as the prize. Quite a little party witnessed the game and were much interested in the tussle.

THE AGENOZA.

Probable Loss of a Portland Brig. Brig Agnoza, Captain Seabury, owned by Benjamin Webster of this city, sailed from New York for Havana, February 14. Nothing has been heard of her since and there is no much doubt that she is lost. She was laden with coal, and had on board a crew of eight men. She was of 451 tons register, and was built at Yarmouth, in 1846. It is not known whether her crew had a certificate of election from the governor giving a clear title to an office, without regard to the election by the people.

PERSONAL.

Mr. Burman, the well-known musician, has been engaged for the Old Orchard House next month to give a series of musical entertainments. Miss Jennie B. Hagan, a young girl only fifteen years old, who is said to be a remarkable medium as well as a possessor of ability, will appear at Roswell Hall, Sunday afternoon and evening.

I. O. O. F.

The following meeting will be given by Chandler's Hall, at the Parlor of the Parlor of the Association concert and dance next Monday evening at City Hall, commencing at 7.45: Overture—Zambertini. Mozart Grand Medley—H. M. S. P. S. Sullivan Concert Polka. Selections from William Tell. Rosini American Overture. Catin Members of the various lodges accompanied and reminded of the meeting this evening at Odd Fellows Hall at 8 o'clock.

Suffocated.

A sad case of death by accidental smothering occurred at White Rock, Tuesday morning. It seems that Mrs. Partridge put her four-week-old infant in the cradle, and having occasion to leave the room for a few minutes, carefully tucked the blankets around the sleeping babe. She was gone rather longer than she expected to be, and on going to the cradle found her child dead, having been smothered in her crib.

Class Reunion.

The class of 1857 of the High School, held a very delightful reunion at Congress Hall last evening. There was music by Messrs. Rice and Webster, reading by Miss Moulton, and an amusing class paper by Mr. Marsh. A delicious ice cream and cake supper followed, and then an order of dance. The handsome orders were printed by Goding & Snowman. The committee consisted of Messrs. Scott, Hensley, Jordan and Whitney, Messrs. Siskraut, Leavitt, Banks and Goding.

Offensive Street Deposits.

Mr. Entwistle—See by today's Press a notice of the deposits in the street and out on Cumberland Street near Church Street, that don't amount to much when compared to the deposits on Washington Street. On this street we have dead cats, dead rats, dead hogs, and occasionally other disgusting deposits. In addition we have old hats, old boots and shoes, and also every nameable thing in the shape of old tin ware that ever disgraced any street of any city! If any one is curious to know what becomes of the old tin ware, let him pass through Washington Street. I saw a large old tin boiler lying in the wheel track on this street this night as I went in the morning. It is very liable for damage from a run away, caused by some of these nuisances at sometime.

Portland Bank.

A very quiet and unassuming manner this organization of young musicians has made wonderful progress under the able and gifted instruction and direction of Mr. F. L. Collins. By reason of the indefatigable labors of Mr. Collins, the members of this musical association have developed into musicians of no mean order, and the manner in which they render

Westbrook Seminary.

The course of lectures at Westbrook Seminary opened yesterday afternoon with the delivery of a lecture by the Rev. W. G. Haskell of Lewiston. His subject was "Think Well of Yourself." Mr. Haskell will be followed in the course by Dr. Fuller of Bath, who speaks next week. Dr. Lyman, of Westbrook, will deliver the Transcript and Dr. T. A. Foster has been engaged in the course.

Frank, to feel encouraged with such great improvement and let your motto be labor omnia vincit.

Out of the 80,000 tons of ice cut on the Kennebec and Calthace rivers the past season only about 125,000 tons remain unsold. About 7000 tons of ice were cut and housed around Augusta. The greater part of this lot is suitable only for packing purposes, although there is some ice of excellent quality among the rest. Up to date George E. Weeks, Esq., has sent off five cargoes, aggregating 1500 tons, to New Haven and New York parties; Holmes & DeWitt have despatched three schooners to Philadelphia; Great Co. has shipped about 400 tons to Narragansett Pier. Ice for early shipment on board the schooners at prices varying from \$1.25 to \$2 per ton; less for late shipment at about \$1. Freighters are quite reasonable. From Augusta to Philadelphia the ice does not cost \$1. Two steam tug companies are competing for the ice carrying trade of the Kennebec. Mr. Weeks has about 1000 tons of ice on hand, of very fine quality, for late shipment. Some of the boats have been put up by Weeks & Morse and the Board Brook Ice Co. to cool the markets of Augusta people this summer.—Kennebec Journal.

The Governor and Council.

At Tuesday's meeting the official bonds of the Treasurer and Superintendent of the State Reform School were approved. The following nominations were confirmed: Col. Joseph W. Spaulding of Richmond, as receiver of decisions. Edward J. Millay, Bowdoinham, county attorney of Sagadahoc county. L. G. Philbrook, Gastine, trustee of Normal School. H. W. Steward, Waterville, judge of the municipal court of that place. D. R. Jordan, Brunswick, judge of the municipal court.

STATE NEWS.

Prof. W. F. Morse, for some years the director of the musical department of the school at the Hill, is about to sever his connection with that institution, having accepted a more lucrative position in the West. This department has been much prospered under the instruction of Prof. Morse, and the proficiency of his pupils is the best commendation of his work. The farm buildings in Messer, owned by Mrs. Willis, were burned by fire on Friday last week. There was no insurance and the cause of the fire is a mystery. The news of the death, by yellow fever, in Rio Janeiro, of Percy Cushing, aged about 18 years, son of the late J. Hamilton Cushing of Winterport, was received by his grandfather, Hon. Theophilus Cushing Wednesday. Sergeant Lake Walker, U. S. A. died at Fort Knox, on the 23d inst., where he has held office since 1863. He was an active participant in the Mexican war. His remains were placed in the Catholic cemetery, Bucksport.
