## I Can Sell Your Property

No matter where located. Cash customers waiting for good farms and city property. List your property with me and secure a ready customer.

Every effort is made to bring about sales for the best interest of both buyer and seller.

I spare no expense in the way of advertising or otherwise, to get results, and charge nothing outside of the regular commission.

Property purchased for individuals or corporations, all transactions are considered confidential, and no publicity given them when clients so request.

Loans negotiated on good real estate at current rates of interest. Regular commission, no charge made for preparing papers, and no "extras" of any kind.

My contracts for the sale of property are of the simplest form and are eminently fair to the seller.

The success of any business is measured by results, my record for selling real estate is too well known to need comment. No deal is too great for me to handle successfully, and no sale so small as not to receive my best efforts and attention.

Write me to-day.

The Cunard Line steamer Lusitania arriving at Queenstown at 9.30 last Thursday evening, broke the best previous eastern record by about six hours.

Former President Grover Cleveland endorses the candidacy of Hon. Henry M. Whitney for governor of Massachusetts. But Mrs. Whitney had other troubles before that.

Upon his retirement from the navy under the age limit, 14 months hence, Rear Admiral Robley D. Evans will make his home in Barnstable, Mass., according to a statement made by a member of his family. During the manoeuvres of the Atlantic squadron in Cape Cod bay, Admiral Evans spent a great deal of his spare time in Barnstable and was so pleased with the place that he decided to live there upon his retirement.

If your dogs are troubled with fleas a very simple way to get rid of the pest is to provide beds of fresh cedar shavings or better, cedar excelsior in the kennels or wherever the dogs sleep. The scent is not at all unpleasant to the dogs, but is abhorrent to the fleas. When a dog's coat gets thoroughly scented, not only do the fleas leave him while asleep, but they will not jump upon him when he is out in the sand during the day.—Country Life in America.

The strongest armada ever assembled by the United States, consisting of 18 battleships, with cruisers, torpedo boat flotilla and supply ships, will sail Dec. 15 from Hampton Roads for its voyage of 14,000 miles to the waters of the Pacific. The fleet will be under the command of Rear Admiral Evans, the best known man in the navy. About 60 days will be occupied in making the trip to the Pacific, and during the long journey 100,000 tons of coal and 16,000,000 pounds of food will be consumed by the thousands of sailors. Lack of docking facilities may hamper the vessels. It is expected that, after the trip around Cape Horn, the ships will require a thorough overhauling. There is but one dock on the Pacific coast, that at Puget sound, that is capable of receiving the large battleships.

Prompted by the report that a successor had been chosen to take the place of Mrs. Mary Baker G. Eddy as head of the Christian Science Church, after the death of the present leader, Alfred Farlow, the official spokesman for the denomination, issued the following statement: "Mrs. Eddy, founder of the faith and until in supreme control of the Christian Science Church, will have no successor. Neither Mrs. Augusta Stetson, the leader of the New York Church, or Lady Dunmore, who has been prominently mentioned, will ever fill the position occupied today by Mrs. Eddy. With the death of the aged leader, the Christian Science Church will have no single personal leader. The business of the organization will undoubtedly be conducted by a board of directors, while in the memory of the founder and discoverer will remain the only name ever connected with the faith."

## LIKED ST. GEORGE ROADS.

State Highway Commissioner Enthusiastic Over Work Near Long Cove.

Of the state road work which has been done in Maine during the year now drawing to a close and also in previous years it is probable that some of the best is to be found in the town of St. George. State Highway Commissioner Sargent, who spent the past week in looking over some of the work which had been done during the past season, was at St. George last week and in company with Selectman L. W. Seavey, Road Commissioner Robert McKenzie and James Smith, superintendent of the Booth Bros.' and Hurricane Island Granite Co.'s quarries, went over the state road which had been constructed by the town during the past five years, and also examined the location of the next piece to be constructed.

During the past five years the town has practically thrown four miles of first-class macadam road with a Teiford base, at a cost of \$240,000, the road being from 21 to 24 feet in width on the surface and from 18 inches to 24 inches deep. In several places the line of the road has been changed so as to materially improve it and in two places (Mills of six feet have been made in order to reduce the grades. All culverts have been built of split stone and every thing which has been done on the work has been done in first class shape, although practically the whole work has been done by hand labor and without the aid of a roller other than a small stone roller which was made at the quarries.

Commissioner Sargent expressed the belief that no better section of the state road had been built in Maine, and that in no other town in the state has an equal amount of work been performed for the same amount of money. One reason for this is the fact that the material practically costs the town nothing as the road has been built from grot and waste from the paving quarries, which are located within eight-fourth of a mile of the road, the longest haul of any material being only about three-quarters of a mile.

The secret of the successful construction of the road, however, said the commissioner, lies in the fact that the work has been done under the supervision of Mr. Smith and has been directly in charge of Mr. McKenzie, both of whom have had experience in road building in Scotland, where all work of this kind is done under government supervision. Every stone foundation is laid properly and fitted roughly into place, and then wedged and bound into place. Over the Teiford foundation of the road there are from six to eight inches of paving chips, and on top of all there is a light spreading of stone dust from the crusher in the quarry. The section of the road which was built five years ago is in perfect shape today, which only repairs which have been necessary being a light sprinkling of stone dust in the toe path made by horses to replace that worn away by travel.

One other feature that is apparent is the correctness with which the drainage problem has been worked out, all gutters and culverts having been constructed on true grades and with proper outlets. It might be added that a liberal interpretation of the present state road law had been made in this town, the entire appropriation for the work, together with the state reimbursement, having been expended on the work each year. It is apparent that the people of St. George have been convinced of the value of good road construction as they have never failed to make an appropriation for work since the law was passed.

## STARTED HALL QUARRY.

Late Cyrus J. Hall Occupied Prominent Place in Granite History.

Cyrus J. Hall died suddenly in New York city Oct. 13, from the effects of a hemorrhage. He leaves besides his widow, two daughters—Mary, of California, and Mattie, wife of Clinton Ferguson, of Houlton.

Mr. Hall was the first to start the quarries here on Somers Sound in the early part of 1871. There were no buildings there, and no road. The beginning of his work was on street work for the Bodwell Granite Co., of Vinalhaven. His next work was four years on the New York and Brooklyn bridges, and this was followed by work for the state prison at Thomaston. Among other buildings for which Mr. Hall got out stone were the state capitol of Illinois, Omaha postoffice, Pequot library, Belfast bank and Mason's temple and library, Augusta postoffice, Royal insurance building at Chicago, the Bank of Commerce at St. Louis, Mo., and the U. S. mint at Philadelphia.

## UP TO THE PEOPLE.

For Them To Say Whether It Shall Be Gov. Fernald or Gov. Haines.

To be Governor of the State of Maine is an honorable ambition. It is an office of the highest dignity, and it has been held by a long array of distinguished men. Two candidates for the nomination to this office by the Republican convention which meets next summer have now formally announced themselves, viz. Hon. William T. Haines of Waterville and Hon. Bert M. Fernald of West Poland. Mr. Haines is a new aspirant, and he made his announcement several months ago. Mr. Fernald was a candidate four years ago, but was beaten in the convention by William T. Cobb. His letter announcing his candidacy for a second time is now before the public. One of these two men will doubtless receive the nomination and election.

Mr. Haines in his brief letter said that he should not be the candidate of any particular section, faction or interest, but should ask the aid of "all citizens who believe in honest, progressive and economical state government," should if elected endeavor faithfully and impartially to serve all sections, had great pride and faith in the record and principles of the Republican party, and expected to stand on the platform adopted by the state convention. This, however, and that it means what it says, none will doubt who know Mr. Haines—and he is one of the best known men in the state. A man of outspokenness and rugged honesty, he has been at no pains to conceal his convictions on certain questions, but he subordinates his will to that of the party and pledges himself to stand on the platform.

Mr. Fernald in his letter goes more into detail. He refers to reforms formerly advocated by him, some of which have become law or been incorporated into party declarations of principles—such as the abolition of the fee system and of free passes for state officials, open competition in bidding on contracts for state supplies, the initiative and referendum, and the purification of the caucus.

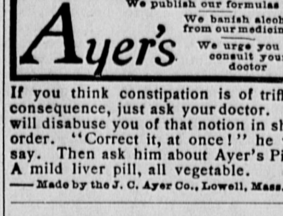

The three points of the letter which stand out prominently are those in reference to liquor legislation and public utilities. Mr. Fernald opposes re-submission—which Mr. Haines favors—but he is not opposed to a popular vote on the question, and he seems to stand for retention of the Sturges law or something equivalent. The candidates are now before the party, and it is for the party to choose.—Portland Press.

## HIGH ISLAND CLAIMS.

On the petition of H. of Armour & Gray of Chicago versus William Gray & Sons of High Island, to have claims allowed, Justice Spear has handed down a decree allowing the same. The claim was for \$3900 for merchandise. Williams & Burleigh of Augusta appeared as counsel for the plaintiff and A. S. Littlefield of Rockland for the defendant.

## Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable.

In New York last week a man killed himself because he had lost a few hundred dollars in speculation. Another New Yorker fell dead when informed that he had inherited \$10,000. Funny how money affects people, says the Portland Express. Yes, but coming into an unexpected legacy is the greater shock of the two.

## WANTED

Every Man, Woman and Child in Fall River.

to call at our store for the greatest strength creator and health restorer which we have ever sold—Vinol. It is not a patent medicine, but the most valuable cod liver preparation made by an extractive and concentrating process from fresh cods' livers without a drop of oil to nauseate and upset the stomach and retard its work, and tonic iron which is a useful constituent for the blood added.

We do not believe there is a person in this vicinity who cannot be benefited by Vinol at this season of the year. Vinol is delicious to the taste, and it is recognized as the greatest strength creator for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol is unequalled for hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Creates an appetite and makes those who are too thin, fat, rosy and healthy.

We have had so much experience with Vinol and seen so many wonderful results from its use that we offer to return money without question if it does not accomplish all we claim for it. Cyrus W. Hills, Rockland, Me.

## MR. JOYCE'S VIEWS.

Atlantic Fisherman Expresses Himself On Lobster Question Rather Vigorously.

In a recent issue of the Bangor Commercial there appeared a short communication on the lobster question, written by Levi B. Joyce of Atlantic. We republish it at the request of a correspondent, who says that the fishermen of Atlantic are greatly pleased that Mr. Joyce has taken the matter up. The letter follows:

Please permit me a little space in the columns of your paper as I wish to make some corrections in regard to lobster fishing on the Maine coast. Some three weeks ago there was an article in the Commercial stating that small lobsters never were known to be so numerous on the Atlantic coast as at the present time. That statement is a greater falsehood than was ever published in any dime novel. In the Commercial of Oct. 3, on page 5, I find the following statement:

"That the lobster fishermen of the Maine coast have more lobsters than they know what to do with is the somewhat remarkable statement made by James Donohue of Rockland, commissioner of sea and shore fisheries."

Now, Mr. Editor, I do not believe Mr. Donohue ever made such a statement but if he did he cannot prove the truth of the same. I have been catching lobsters for more than 40 years and I never knew the year when lobsters were so scarce on the Maine coast as they are at the present time.

The lobster fishermen can sell all the lobsters they can catch any day in the week and at a price higher than ever was paid before at this season of the year, owing to the fact that lobsters are scarcer than ever before. There are miles of fishing grounds where there was good fishing up to eight or ten years ago and now there isn't even a snapper to be caught on those grounds.

If the lobsters on the Maine coast were as plentiful as Mr. Donohue would have us believe they are, the fishermen with their present fleet of motor boats would glut the market in less than two weeks and lobsters would be selling to the snacker for about five cents each. This talk about the protecting and propagating the lobster is mostly rot and exists in the imagination of those who never caught a lobster and perhaps don't know a lobster from a toad.

No, Mr. Editor, as the little folks say "this is my first letter to the Commercial," but when I read the statements in your paper, I was led to exclaim that the "fools are not all dead yet."

Commissioner Donohue, who was shown the above communication said that Mr. Joyce was quite correct in his assumption that he (Mr. Donohue) did not make the statement credited to him. Beyond that Mr. Donohue declined to enter upon a newspaper controversy.

## LOCAL BRIEVITIES.

Bath Times: Isador Alperin, who has been the manager of Huston's bookstore of Rockland for several years has joined the Crocker-Shaw Co. force. Mr. Alperin is a specialist on office supplies and will feature this line for the Crocker-Shaw Co., who have the Bath agency for several large supply houses.

There seems to be some uncertainty as to whether the Band time at the Arcade is a "mask ball" or not. The town wishes to inform the public that the costume worn should impersonate the down east Yankee farmer and although the wearing of a mask is not prohibited the chance of winning a prize will be better if, in addition to the costume, the face is "masked" to correspond. Here is a chance for all. Study up a rig that will be a winner. Some one will get the cash, why not you? Look at the window cards, read the big rubric hills and put the date in your list. Going to be a howler, you bet, Nov. 7.

On Sunday, Oct. 6, Pastor H. H. Pringle of North Haven baptized several candidates, and at the next communion season six new members will receive the hand of fellowship. The ordinance was witnessed by a large company of people, and all seemed impressed by the solemnity of the occasion. Among those baptized were a prominent business man of the Island and his wife, who have been loyal adherents of the church and Sunday school for years. Two of the faithful teachers of the school are grateful for the privilege of seeing scholars from their classes. In one case two young men and in the other two young ladies, buried with Christ in baptism.—Advocate.

ONE OF THE PUREST.  
So Says Prof. Evans, in Speaking of Our Water Supply.

Prof. H. D. Evans of the State Laboratory of Hygiene, has commenced the work of analyzing the public water supplies of the state, which will hereafter be done four times during each year, and now has at the laboratory a large number of the samples of water from different sections of Maine.

Probably one of the purest public supply waters in the state, said Prof. Evans, is that which is furnished to the people of Rockland, Thomaston and Camden. This water comes from Mirror lake, away up among the hills, and is almost like spring water in its purity. Prof. Evans has not yet analyzed this water but will probably take it up within a short time.—Kennebec Journal.

Another daily newspaper—this time the Boston Daily Tribune—has suspended. It lasted five weeks.

The Courier-Gazette. TWICE-A-WEEK.

Although signals and messages were successfully transmitted across the Atlantic Ocean by the Marconi wireless system as long as two years ago, the establishment of a regular commercial trans-Atlantic service for news and business purposes by that method will date in history from Thursday, October 17, when the first regular message was sent by Premier Laurier of Canada to congratulate the English people on the new achievement.

Two more cities have joined in the popular chorus against the secret fraternities in the public high schools, namely Washington, D. C., and Denver, Colo. In the former city Supt. Chancellor holds that the "presence of secret societies is the sign of a decaying or very young civilization, and that where the proper spirit prevails there is a "loyalty to the school as a whole."

That fraternal order known as the Elks is to be roundly congratulated upon its successful inauguration of a fine new club house in Rockland. We think it surprises everybody who visits the premises to discover how admirably the committee, backed by the loyalty of the entire membership, have worked to bring into existence one of the most impressive buildings in our city. It is on some accounts a wonder how they have done it, for the matter has been brought to pass only by the expenditure of considerable money, and that is not always easy to be had.

So far as the matter of resubmission is concerned the Republicans of Maine have in the candidacy of Mr. Haines and Mr. Fernald two clearly defined announcements. Mr. Haines says he is for the measure, Mr. Fernald is opposed. It is too early to guess what other candidates may contest for the gubernatorial nomination, but if no others should appear, then the choice between the two gentlemen mentioned should bring the measure sharply forward long before the convention.

IN SPORTING CIRCLES

High School Sophomores Put It All Over Juniors—Ambitious to Tackle Seniors.

The Sophomores and Juniors had their much-discussed football game on the Broadway ground yesterday afternoon, the former winning by a score of 12 to 6. The Juniors thought they had a clinch, but encountered a stone wall instead. The touchdowns were made by Cohen and Clark. Good work for the Sophomores was also done by Bicknell, Cottrell and Lorraine. The Junior stars were Cottrell and Hall. Following is the summary: Juniors, Cohen, lb; Hall, lb; Bird, Bicknell and Davis, lg; Rosenbloom, Havener, c; Franch, Stubbins, rg; Frost, rt; Griffin, I. Snow, re; Blackington, Lamb, qb; Cottrell, lb; Hanseon, rfb; White, Halves, 20 and 15 minutes. Umpires, Whitney and McEae. Timers, Harrington and Richardson.

The big football games of Saturday furnished all kinds of surprises. Cornell defeated Princeton 6 to 5. Dartmouth defeated Amherst 15 to 10. Carlisle Indians defeated University of Pennsylvania 26 to 6. Harvard won a bare victory over Springfield Training School, 9 to 5, while Yale had a snappy victory with Villanova, 45 to 0. In the Maine college series Bowdoin defeated Colby 5 to 0.

Rockland High did not play football Saturday. The boys were ready to go to Camden, and suddenly got word that the game was off. Wise Camden.

Tom Sawyer of this city and Jerry Gaines of Boston fought before the Pastime Club in Portland tonight. Bartley Connolly of Portland, who has fought both men, sizes them up as about an even match. Black Fitzsimmons was too much for the "Market Champion," as Gaines is called.

FAMOUS MISSIONARY HERE

Miss Ellen M. Stone, Who Was Ransomed From Turkish Brigands, Spoke In Congregational Church.

Miss Ellen M. Stone, whose capture by brigands in Turkey, and subsequent ransom, made her a figure of international interest, told in brief the story of her interesting adventure, Sunday evening, in the Congregational church. The auditorium was packed to the doors, many persons coming from the adjoining towns in order to see and hear the distinguished missionary.

Miss Stone's lecture, or talk to the people, as she modestly preferred to term it, was in the main a review of the conditions existing in the great missionary field of Asiatic Turkey and of the progress which is being made through the untiring opening up of the world. Stimulated by the efforts of missionary workers the secular press of the country has sent its editors and its writers on tours of these countries which have heretofore evaded the correspondence save that emanating from the missionaries.

She had often been conscious of the danger from brigands who had long infested the region, and three before her capture had come into personal contact with them, but on her fateful journey back to Salonica after a visit to her summer training class in Bansko she had no thought of fear. The party numbered 12, one of Miss Stone's companions being an Albanian woman, Mrs. Katerina Tsika, who had studied at Northfield Seminary, later graduating from a training school for nurses in New York. The brigands chose an admirable place for their ambush, and there would have been small chance for resistance even had the little band of travelers been so inclined.

The prisoners were led to a mountain top where one of their captors informed them that a ransom of 20,000 pounds would be demanded. A bullet for each was threatened in the event the ransom was not paid. Miss Stone, however, was not to be deterred. She was only a humble Christian worker and a daughter of the people. The American Board of Foreign Missions had told her when she went into the world to take all possible precautions as it could do nothing in the way of paying ransoms.

A few days after the capture Miss Stone was commanded by the brigands to write to her friends in order that negotiations might be commenced for the securing of the ransom money. The brigands set 20 days as the limit of time during which they would wait for ransom. Eleven days passed and Miss Stone was gruffly informed that one of the friends to whom a letter had been sent had done nothing. Miss Stone was commanded to make a second attempt and the time for a favorable response was extended 15 days. During those anxious days of waiting came the news that President McKinley had been shot, followed in due season by the news of his death.

When there came news that movements in behalf of the prisoners were being made, followed by an intimation from the captors that there was a widespread movement on the prisoner's behalf, the two friends in order that a meeting had called upon Britain and Russia to aid in finding the missionaries and bringing their abductors to justice. The brigands said that the pictures of the captives were in all the newspapers and that souvenir postal cards representing the prisoners and their captors had been gotten out. The first written assurance came on the 21st of October from a graduate of the American school in Sanokov. When Miss Stone replied she also wrote a letter to Consul-General Dickinson, who was in Sophia, explaining their critical situation. She was also given permission to write to her mother.

On Thanksgiving Day their captors provided a turkey for their dinner and presented them with some much needed articles of clothing. Next day came the news that ransom negotiations in Sophia had failed. "We'll keep you here, if necessary, but we'll have the money," said the leader of the brigands, sternly. Fearing for their own safety the brigands carried the prisoners to a place in the mountains. One occasion were attacked by another band of highwaymen who had hoped to take away the prisoners in order that they might get the ransom money themselves.

After weeks of waiting Miss Stone was commanded to write another letter, which she was assured would be her last chance, appealing to the American public to secure the balance of the sum if all had not been raised. The birth of a girl baby to Mrs. Tsika was the next event of importance during the months of captivity. About this time the brigands found another move necessary and Mrs. Tsika was borne away on a stretcher. The negotiations for the raising of the ransom were finally concluded, and the glad news reached the captives that the sum of 10,000 pounds had been paid for their release. The start-back to freedom was delayed several days on account of a deep fog which made such a journey impossible. When the bright sun shined on the prisoners it was with a tremor and some nights refused to travel at all. The leader told the prisoners that the delay in delivering the prisoners was due to the close and persistent guard of five or six occasions so close that they had almost despaired of keeping their captives.

Those Crescent Beach Cars

Will Be Kept Running Until After Holidays If the Patronage Warrants It.

Contrary to the announcement in our Saturday issue, the Crescent Beach trolley line will not discontinue operations Thursday night. It is now the intention to run the cars as long as they can be made to pay—until after the holidays if possible. So far as the Christmas traffic is concerned it would be contingent largely upon the severity of the winter. A series of heavy snowstorms early in the month would prevent the plan from being a practicable one, but if it is an open winter the operation of the road is dependent solely upon the extent to which it is patronized.

The season has been considerably better than last year on the Crescent Beach line, although trolley lines in general have not done so well, on account of the summer's brevity.

Quartet; soprano solo, Miss Stokes; reading, Miss Allen; duet, Misses Dickens and Mann.

Another chapter in the Farnsworth estate was begun Friday when action was brought by David N. Mortland, counsel for the heirs of Helen A. Farnsworth, the widow of James R. Farnsworth, against the Security Trust Co. of Rockland to recover the contents of a deposit box of the alleged valuation of \$40,000.

The writ is returnable at the January term of the Knox county supreme judicial court. Rodney I. Thompson is associated with Attorney Mortland as counsel in the case.

The Farnsworth estate has been in litigation since the death of James R. Farnsworth, May 9, 1905. The bulk of the case was pending in the court of the heirs of Mrs. Helen A. Farnsworth, who died May 5, four days before the death of her husband. Her brother, George F. Whiting of Malden, Mass., and her sister, Mrs. Isabella A. Martin of New York, are the plaintiffs in the case.

It is alleged by the clients of Attorney Mortland that three days prior to his death James R. Farnsworth called to his bedside the brother and sister of his wife and gave them the keys to the strong box in question together with other securities of like tenor to those in the box and that his intention was to bequeath to them the contents of the box.

There is so much rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer.

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

Doan's Regulax cure constipation without griping, nausea, or any weakening effect. Ask your druggist for them. 25 cents per box.

STATE OF MAINE. Knox vs. Knox.

To the Honorable Justice of the Supreme Judicial Court, next to be held at Rockland, within and for the County of Knox on the first Tuesday of January, 1908.

George H. Sherran, of Rockland, respectfully represents and gives this Honorable Court to be informed that he was lawfully married to Anna J. Sherran, whose residence at the date of said marriage was Newton, Pennsylvania, July 1, 1899, by the Rev. John Mc(Ginn); said marriage taking place at said Newton, Pennsylvania, on the 21st day of July, 1899, and his wife lived together as husband and wife at said Newton until November, 1902; that he has always conducted himself towards his said wife as a faithful, true and affectionate husband; that his said wife, notwithstanding her marriage vows, has been guilty of cruel and inhuman treatment towards her said husband; that in November, 1902, his said wife deserted him and has never returned to him. Wherefore he prays that the same wife be dissolved by divorce, and that the same be given to your Honor. Mary Pearl Sherran, his wife, is now residing at Rockland, Maine, and your Honor further avers that the present residence of his said wife is unknown to him and cannot be ascertained by reasonable diligence. Wherefore he prays that the bonus of matrimony now existing between him and his said wife be dissolved by divorce, and that the same be given to your Honor. Two windows in the Thorndike hotel barber shop and one large window in O. P. Hill's market were smashed Saturday night. It is understood that the offenders are known and that trouble awaits them if a prompt settlement is not made.

So greatly pleased with the Sunday evening music was the Methodist congregation that Mrs. Copping was besieged with requests to have portions of it repeated. The anthem "In Heaven's Love Abiding" will be repeated next Sunday morning and it is probable that the male quartet will sing again next Sunday evening. The Methodist Choral Association is scoring a pronounced success this season.

E. W. Palmer of this city and E. J. Wardwell of Camden returned the last of the week from an 18 days' hunting trip. In the course of which they successfully invaded the counties of Hancock, Washington and Penobscot, establishing headquarters in Ellsworth, Harrington, Monroe and Bangor. The trip was made in Mr. Wardwell's motor car, driven by that expert chauffeur, Harry T. Rising. Mr. Palmer took along his camera. He secured over which there have probably been more birds shot than any other dog in Knox county. "Dip" is now in his 8th year but as keen of scent as ever, and as rapid on his feet.

Messrs. Palmer and Wardwell shot an abundance of woodcock, but saw no partridges. One cooped yielded 29 woodcock, 18 of which fell before the guns of our nirroods. The trip was made at an ideal season of the year and was an outing to be remembered.

Next Wednesday evening, Oct. 30, marks the first stage in the great Epworth League struggle for a Mile of Pennies. A social will be held in the Methodist parlors to which every holder, or all who desire to be, of blue or red collectors are cordially invited. All money collected must be brought in at this time and given to the judges. The standing of the sides will be posted. Musical program and addresses by the captains. A story is to be related by means of pianoforte selections. Those who attend are expected to bring refreshments as there will be no charge whatever for admission. Blue collectors may be obtained of A. W. Gregory and red collectors of Arthur Cook, Main Street.

Free to Rheumatism Sufferers

A Full-size 75c Bottle of Uric-O, The Only Absolute Cure for Rheumatism Ever Discovered.

Write For It Today

We want every man and woman who suffers from Rheumatism and has lost all faith in remedies to write us today for an absolutely free trial of the famous Smith Prescription, Uric-O, for Rheumatism. Uric-O will cure it and cure it to stay cured. No faith is required while taking this superb remedy. You take it according to directions, and you will be cured in spite of yourself and any doubts you may have as to its efficacy. We don't ask you to buy Uric-O on faith. We'll buy a large 75c bottle for you and make you a present of it, if you will agree to take it according to directions.

We could not afford to do this if we didn't have all the confidence in the world in Uric-O, and know that after you are cured you would have no hesitancy about recommending the remedy to all your friends and acquaintances who are suffering from Rheumatism. This is the method that has made Uric-O so famous wherever introduced. The cure of several so-called Rheumatic Incurables in a community means a steady sale of Uric-O in that vicinity. Uric-O is good for Rheumatism and Rheumatism only. It acts upon the blood by driving the uric and poisonous rheumatic acid from the system. This is the only way Rheumatism can ever be cured and it is the Uric-O way. Most druggists sell Uric-O, but if you want to test it, cut out this notice and mail it today with your name and address and the name of your druggist to the Smith Drug Co., 261 Smith Bldg., Syracuse, N. Y., and they will send you a full sized 75c bottle free.

Uric-O is sold and personally recommended in Rockland by Cyrus W. Hills at the Green and White Drug Store. 87-88

STONINGTON.
C. U. Russ, the promoter of the best interests of Stonington, writes us as follows: Busy Stonington, the Queen town of the east! It has awakened from its sleep of a year, and there has been many changes for the better. We give employment to hundreds of men all the year round, but there is one thing missing. We want it and can have it, and that is some industry out-side of granite. A shoe factory, clothing factory, overall factory or something similar that will give employment to the hundreds of women and girls in this town who are willing to work if they had the opportunity. As an inducement to start the ball rolling I will give a lot of land of ample size, in good location with, or without water privilege to any party or parties who will locate any kind of a manufacturing plant that will employ women and girls. "Nothing ventured, nothing gained." We need such an industry and we can get it if we but try. But it will not come to us without some effort on our part. The first granite quarry was opened up here 40 years ago by Joseph Goss, Sr., who still lives here. Charles A. Russ, one of the pioneers in the granite business has seen Stonington grow in the past 40 years? I was but a boy five years old then but I can remember how Greens Landing, (as it was then called) looked to me. The grass grew in the Main street and there wasn't a thing doing. Now every thing is changed, due to the granite industry. Now what we want is a manufacturing plant. Will we try to get it, or wait, wait, and have some other town jump ahead of us! It is up to us. The Big 3 are coming; 3 towns--Stonington, Deer Isle and Bass Harbor; 3 hands and orchestras and 2 nights. See bills later. Three (3) mask balls coming. Get ready. On Saturday, Nov. 16, the first of the kind--Old Hay Seeders ball--will be given in the Stonington opera house. C. U. Russ is managing these attractions.

IN THATRICAL CIRCES Music Lovers Should Be Interested In Engagement of Pryor's Band.

CLARA TURNER STOCK CO. The Clara Turner Stock Company opened a week's engagement at the Farwell opera house last night to S. R. O. The play presented was "The Girl and the Gambler." There were also several first class specialties between the acts which more than pleased the large audience present. Tonight the company will present "A Warning to Women" and at the matinee tomorrow "The Confession of a Wife," with entire new change of specialties. Remember all this week Clara Turner at popular prices, 10-20-30c.

HUMAN HEARTS. "Human Hearts," W. E. Nankerville's beautiful play which will come to the Farwell opera house on Wednesday, Nov. 6, is a metropolitan production, presented by a company of carefully selected artists, a play that always had an extreme fascination for amusement seekers. If you have ever seen it once you surely want to again.

DOROTHY VERNON OF HADDON By special arrangement with the Shipman Co. of New York the local manager has arranged to have the production of "Dorothy Vernon of Haddon Hall" presented at the Farwell opera house for two performances on Saturday, Nov. 23.

THE CUTTER SUNBEAM. The cutter Sunbeam, built at Isle au Haut in 1888 and which has been out of commission for some time and hauled out in Dalley's yard, Camden, was taken to Northport recently and hauled out at Saturday Cove. She is owned by Dr. J. C. Strawbridge of Philadelphia, a summer resident of Camden and owner of the steam yacht Satilla.

HARCOURT COMEDY CO. The Harcourt Comedy Company will open a five nights' engagement at the Farwell opera house, beginning Monday, Nov. 11.

TROMBONE KING COMING. The annual tour of Pryor and his soloists will bring this splendid musical attraction to this city at the Farwell opera house on Wednesday, Nov. 13. The event will be of especial interest to all classes of music lovers. The fame of Mr. Pryor and his soloists has spread all over the continent, and the organization may now be justly regarded as nothing short of a national institution. Pryor's solos alone are sufficient attraction to insure a large audience, but considered in conjunction with such renowned artists as those by which Mr. Pryor has surrounded himself. It is a distinct privilege that our citizens, numbering as they do so many lovers of really good music, are to be congratulated upon the rare opportunity forthcoming.

WATCH YOUR TONGUE If Furrowed and Coated It is a Warning of Trouble to Come. When it is the morning after the night before, you do not have to look at your tongue to know that the stomach is upset, the head is aching with a dull rhythm, and that all the world looks black and dreary. It may have been lobster Newburgh, Welsh rabbit or some other tasty dish that looked much better at night than the morning after. There is no need to look at the tongue to know that there are symptoms of trouble. You naturally go to your box of Mi-o-na stomach tablets, and with one of the little relievers bring joy and gladness to the physical system.

SOUTH THOMASTON Fred Allen has gone to Stonington, where he has employment. Louis Foy has returned to Whitinville, Mass., after visiting his parents for several weeks. Mr. and Mrs. B. D. Littlefield have gone to Rhode Island and Assonet, Mass., to visit their daughter. Mrs. Cleveland Sleeper entertained friends at dinner recently. Those present were: Mrs. Charles Watts and daughter, Mrs. Albert Lester and daughter, Mrs. Edman Snow and son, Mrs. Charles Sleeper and son, Misses Ava Dow, Adelia Veazie, Bernice Stanton and Rebecca Sleeper.

Black Fitzsimmons and Jerry Gaines fight again in Waterville. This second time the Waterville Sentinel publishes half a column of Fitz's excuses every day. Tom Sawyer of Rockland and Jerry Gaines, the "Market Champion," are again fighting for a six round bout before the Pastime Club in Portland this Tuesday evening, and it will be the most important ring battle that has been pulled off there this fall. The fact that Bartley Connolly has met both Sawyer and Gaines in several whirlwind battles and been unable to put either down for the count, gives an idea of the rugged milling that should be witnessed when the pair come together, says the Portland Argus.

NO-TH UNION Rev. J. N. Trimmer spoke at the chapel Sunday at 2:30 p. m. The Working Workers met with Mrs. John Storey last Tuesday and a good time enjoyed by all and a bountiful supper was served. DeWitt's Kidney and Bladder Pills relieve backache, weak kidneys, and inflammation of the bladder. Sold by W. H. Kittredge.

The Victim of Drink Needs Orine Treatment Drink first destroys ambition; breaks up ties of friendship; it kills and buries love and eventually destroys the family life. Some of the best men in the world have been victims of drink and if there is not some member in your family that is afflicted with this disease, you are indeed fortunate. Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary to destroy the craving, and this Orine will do. It destroys the desire for liquor, so that the drink will not be missed, also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health. The remedy is absolutely harmless, is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee entitling you to a refund of your money if Orine fails to effect a cure. Treatise on "How to Cure Drunkenness," free on request, in plain sealed wrapper. The Orine Co., Washington, D. C. Orine is in two forms, No. 1 which can be given secretly without the patient's knowledge; No. 2 in pill form for those who wish to be cured. The price of either is \$1, mailed on receipt of price in plain sealed package, and both are sold under the guarantee. Orine is for sale by Cyrus W. Hills.

IN SPORTING CIRCLES

Sperry H. Locke, who was a well known promoter of sports while a resident of Knox county, is now located in Portsmouth, N. H., and is evidently a central figure in sports, as usual. He recently presented a silver cup to the winning hand-tub crew, after a play-out. Accepting the gift in behalf of the company, the mayor said that Portsmouth was indeed fortunate in having a man so public spirited, and he considered Mr. Locke the most popular man in the city today. All honor was due Mr. Locke for his valuable gift to the winner, for it was really a beautiful trophy.

The Boston Americans will present a fairly new team when it takes the field at the Huntington avenue grounds next April. The deal whereby the club secured Laporte from the New York Americans means one new face, McConnell, the second baseman obtained by purchase from Providence, will be another new face. Mike (Twin) Sullivan has signed articles to fight Charlie Fields at Goldfield, Nev., on Nov. 1 to a finish. Little is known of Fields, but he is being boosted as a comer. Bob Fitzsimmons, former heavyweight champion of the world, declares that he will thrash Philadelphia Jack O'Brien on sight for writing an article stating that the Fitzsimmons-Johnson go at Philadelphia was crooked.

Major Delmar defeated Sweet Marie in a match race for a purse of \$2,500 at the Hudson River Driving park Tuesday, winning two out of three heats. Time, 2:07 1/2, 2:06 1/2. The secretary of the Swedish legation at Washington has cabled to the Royal Swedish Yacht Club to the effect that the New York Yacht Club certainly would not accept a challenge for the America's cup with a 70-footer. Contrary to expectations, not enough money has yet been subscribed to provide for building a 90-footer, so the board of directors of the Swedish Yacht Club, after a three-hours' session deferred the question of a challenge for the America's cup to an extraordinary meeting of all the members of the club, which has been called for Oct. 30. In the meanwhile the subscription list, which is headed by the crown prince, Gustavus Adolphus, is being circulated.

Walker Brewster and family of Rockland have returned home after a week's visit in this city, where they were the guests of friends. Miss Margaret Jackson of Belfast has been visiting in Lincolnville during the past week as the guest of her friend, Miss Helen Wiley. Mrs. H. C. Small, Jr. and two children have been visiting during the past week with relatives in Camden on Union street.

WALDO COUNTY NOTES.

The baseball team of the Young Men's Association of Belfast have just completed their season making a most creditable showing in the twenty-one games they played, winning ten, losing nine, tying one and one undecided. The team was made up of the following local players: Chester Frost, manager; George Darby, captain; Henry Cunningham, catcher; "Chick" Brown, pitcher; George Darby, 1b; Harold Hayford, 2b; George Frisbee, 3b; Bert Darby, ss; Arthur Johnson, lf; Stanley Chamberlain, rf; Walter Vose, c. Mr. Frost, manager, came into the field this year as a graduate from the High school and pulled the team through in good shape. Captain Darby had had a similar experience and was well adapted to the position. The management of the team for another year has already been placed in the hands of a committee of three, Messrs. Frank Bramhall, Chester Frost and George Darby. A fund will be raised during the winter for the benefit of the ball team. In the last seven games which were played by the Association team they and eight small children. He was playing were Belfast Locals, 19 to 9; Belfast Locals, 11 to 6; Alden, 8 to 5; Northport, 12 to 5; Camden, 19 to 8; Seaport, 8 to 2; Albion, 9 to 5.

The death of James Whitcomb of Morrill, which took place on Saturday Oct. 19 while coming down Miller street hill in this city, was a terrible blow to his family and the community as the accidental death seemed almost unnecessary. Mr. Whitcomb was driving a three horse team into the city with about a cord and a half of wood, which he intended to deliver that night. In coming down the hill the pole of his wagon broke and he was thrown under the forward wheel which stunned him and the rear wheel passed over him, his death following a few minutes after. The deceased was a well known resident of Morrill, where he was a prosperous young farmer and leaves a wife and eight small children. He was aged about 45 years and had a wide circle of friends. The injured man was taken into the home of Jere Sullivan on Miller street and a physician summoned, but he survived but a few minutes. The engagement has been announced of Arthur Robbins and Miss Mary Cronin, daughter of Patrick Cronin, both of this city, and their marriage intentions have been announced. Mr. and Mrs. Charles Albert Mitchell of Rockland have been spending the past week at Temple Heights, where they escaped their many friends for a quiet honeymoon spent at the Thurlow cottage.

Mrs. H. C. Small, Jr. and two children have been visiting during the past week with relatives in Camden on Union street. Walker Brewster and family of Rockland have returned home after a week's visit in this city, where they were the guests of friends. Help the Horse No article is more useful about the stable than Mica Axle Grease. Put a little on the axle before you "hook up" - it will help the horse, and bring the load home quicker. MICA AXLE GREASE swears well - better than any other grease. Costs the axle with a hard, smooth surface of powdered mica which reduces friction. Ask the dealer for Mica Axle Grease.
