Administration May Back Big 4 Parley

By FRANK CORMIER
WASHINGTON (AP)—State Department officials say a call by Sen. George (D-Ga) for a top-level Big Four meeting is in line with the thinking of the Republican administration.
But, like George, they said certain conditions should be met in advance of active efforts to bring together President Eisenhower and the chiefs of Russia, Britain and France.
The department itself had no official comment on George's suggestion.
George, as chairman of the Senate Foreign Relations Committee, is influential in the development of U. S. foreign policy. He suggested last night a four-power conference offers "the real hope of avoiding war." He said it possibly should be held this year.
At the moment, a meeting of Big Four foreign ministers—like that held in Berlin a year ago—seems more likely than a conference of chiefs of government. Secretary of State Dulles and leaders of Britain and France have talked of this possibility in positive terms once German rearmament is approved.
Prospects for American support of a top-level conference doubtless would be brightened should a foreign ministers' session produce constructive results.
Expressing a belief a top-level conference would lead to "adjustments moving toward a more normal world," George said in an NBC television interview:
"I think that we have reached the point where we should try."

Storm Collapses Big Circus Tent on 400

UVALDE, Texas (AP)—Mothers screamed, frightened children cried but no one was seriously hurt when a windstorm yesterday collapsed a circus tent on 400 persons.
Soggy and heavy from lashing rains which accompanied the storm, the big Hagen Bros. Circus tent fell just before the lion and tiger act began—and just after other circus animals paraded around the arena.
Had the thunderstorm-spawned wind struck a moment earlier or later, the animals might have been freed among the spectators.
"I might have been scared if I had had time," said J. W. Stewart, Uvalde grocer who brought his two sons and a neighbor's two girls to the Jaycee-sponsored show on Uvalde's northern outskirts.
The children, among several hundred youngsters in the tent, were Jimmie, 12, and Ronnie Stewart, 4, and Deborah, 5, and Gail, 4, daughters of Robert Hicks.
"I told Jimmie to get Ronnie," Stewart said. "Then I picked up Deborah and Gail, one under each arm. Just after we got down from the bleachers, they collapsed. Something hit me. Jimmie told me afterward it was a tent pole. I'm sore all over."
Jimmie credited his Boy Scout training for an act which may have saved Deborah's life.
"The (Boy Scout) manual says you should always keep your head when there's a bad fire or something," the slight, brown-haired boy said. "Well, when that tent started coming down I saw one of the big poles was falling. It was going to hit Deborah. I pulled her out of the way fast."
Spectators who crawled under bleachers and other paraphernalia holding the canvas off the floor were met by a blast of wind outside.
Police Officer George O'Neal said the supporting poles, attached to the tent's roof, bobbed dangerously up and down among spectators as the wind began billowing the tent. The final collapse, he said, was gradual and took about 15 minutes.
A number of children were scratched and bruised, said Police Chief Joe Newcomer, but no one was hurt enough to need medical attention.

Reds Plan Attack on Formosa

By JOSEPH ALSOP
HONG KONG (AP)—The moment when the Chinese Communists began intensive preparations for military action in the Formosa Strait can be rather exactly dated.
There were, of course, many preliminaries. The construction of the great Chekiang-Kiangsi air base complex started in earnest as soon as the Korean War ended. Redeployment of units out of Korea was noted more than a year ago. The public outcry for "the liberation of Taiwan" was turned on in Peking as soon as Communist victory in Indochina was signed and sealed in Geneva.
Then Sino-Soviet agreement on the best approach to the Formosa problem was almost certainly hammered out during the long visit to China of Khrushchev, Bulganin and Mikoyan. This visit, which may also have been linked with the great change in Moscow, ended in mid-October.
Sign to West
But the first sign to the West that the "liberate Taiwan" shouting was in deadly earnest, was given here in Hong Kong. It took the form of a precipitous rise of the open market prices of kerosene, which is jet airplane fuel, and light diesel oil, which is the necessary fuel of an invasion fleet of motorized junks. The two prices shot up simultaneously just about the middle of last December.
Since then the struggle has been continuous between the oil companies and the British control officers on the one hand, and the eager fuel buyers from the Communist mainland on the other. As always when such contests involve the ever ingenious Chinese, the struggle has had its interesting quirks.
Hong Kong's motorized junks, for instance, have long been subject to fuel rationing to keep them from supplying the Communists. But with mainland buyers offering larger profits than all the fish in the East China Sea, the junk owners have been using their sails and selling most of their diesel tanks.

ALSOP
Committee OKs State Tax Withholding Plan
ST. PAUL (AP)—The state income tax withholding plan advanced by Gov. Freeman was approved today by the Minnesota House Appropriations Committee.
An amendment was tacked on to provide a \$400,000 appropriation for the first year to put the new plan into operation, and \$300,000 for the second year.

Model Drops Suit For Studio 'Theft'
NEW YORK (AP)—Lyn Jones, a blonde model from Queens, has dropped her \$100,000 suit against RKO Pictures, the studio announced yesterday.
The buxom, 21-year-old model had claimed that RKO used without her consent a picture of her body with the head of Jane Russell to promote the film "Underwater."
The studio announcement said no settlement was involved in the withdrawal and that Miss Jones admitted it was "all a mistake."
There was no immediate comment by Miss Jones.

Legion Commander Calls for 3-Point Military Program

DULUTH (AP)—The American Legion's national commander, Seaborn P. Collins, Saturday night called for a three-point military program to assure America's national security "even if it means a budget deficit."
Speaking at a Legion Hall of Fame dinner here, Collins, whose home is in New Mexico, called for:
1. Extension of selective service for four years after June 30.
2. Maintenance of the armed forces at their present strength for several years to come.
3. Enactment of a national security training program "to assure America of a strong, trained reserve force."

WEATHER
FEDERAL FORECAST
Winona and Vicinity—Cloudy and colder with some light snow likely tonight and early Tuesday followed by generally fair weather. Low tonight 15 to 18, high Tuesday 28.
LOCAL WEATHER
Official observations for the 24 hours ending at 12 m. Sunday:
Maximum, 52; minimum, 25; noon, 36; precipitation, none.
Official observations for the 24 hours ending at 12 m. today:
Maximum, 40; minimum, 23; noon, 28; precipitation, .52 (6 inches snow); sun sets tonight at 6:20; sun rises tomorrow at 6:07.
AIRPORT WEATHER
(North Central Observations)
Max. temp. 39 at 4:30 p.m. Sunday, low 23 degrees at noon today. Other noon readings—overcast with breaks at 2,500 feet, visibility more than 15 miles, wind from the west at 17 miles per hour, barometer at 29.83 fluctuating rapidly, humidity 70 per cent.

Gov. Freeman's Program Facing Legislative Ax

Conservative Bloc Holds Meeting, Sets Pattern for Action

By JACK MACKAY
ST. PAUL (AP)—It looks like Gov. Freeman's legislative program is going to take a terrific shelling in the divided Legislature.
The Associated Press learned today that the heavy conservative bloc in the Senate held a meeting at the Athletic Club here and cut the pattern that spells doom for many of Freeman's pet proposals.
Two major recommendations of the governor already are dead—constitutional revision and party designation for members of the Legislature.
The governor's vast reorganization plan, which he said is necessary to bring Minnesota's "Model T" government up to date is on the agenda for the ax.
The income tax withholding plan is not expected to get by the Senate in its present form, even if the one-vote liberal-controlled House passes it.
And to add to the troubles of success for Gov. Freeman's program is the illness that struck at three liberal members in the last few days.
Key Liberal Ill
Rep. Dewey Reed of St. Cloud, chairman of the House Education Committee and a key man in the liberal setup, is at University Hospitals with a gall bladder condition. He may have to have surgery. Rep. Jerry Kelley and Rep. Anthony Podgorski, both of St. Paul, are the other two liberals on the sick list. Rep. Paul Eddy, Howard Lake, a conservative, is recovering from minor surgery but this still leaves control of the House, temporarily at least, in the hands of conservatives.
Conservatives are primed to add a forgiveness provision to the income tax withholding measure if it gets to the Senate. The provision would be similar to that followed by the federal government when it first instituted withholding. This means the first one-half year's liability would be forgiven. Gov. Freeman said he would veto such a bill.
The \$92 school aid suggested by the governor is considered dead, although the House Education Committee a few days ago, with Rep. Reed in the driver's seat, managed to approve tentatively an \$85 figure. Present school aid is based on \$80 per pupil unit. Many of the Senate conservatives have indicated they won't go for any increase.
Reapportionment Dead
As for reapportionment of legislative districts—well, veteran lawmakers say things haven't changed from that of many previous legislative sessions.
A bill that is given a fair chance of passage is that increasing the old age assistance monthly, grant five dollars. The present maximum is \$80 a month and Gov. Freeman has recommended a \$85 ceiling.
The House Welfare Committee already has recommended passage of the old age hike and it is expected to be set as a special order of business sometime this week.
The Legislature, it was learned, is inclined to give serious consideration to the governor's proposal for increases in various state fees. If passed, it would bring an estimated three million dollars in revenue for the biennium.
It was reported that the conservatives thought increased fees would be a good way of helping make up some of the funds needed to balance the budget.

Kidnaped Baby Girl Found in Beaumont Home

BEAUMONT, Tex. (AP)—A woman charged with snatching a 29-minute-old infant from its hospital crib "wanted a baby girl worse than anything in the world," her father said. She has three sons.
Officers found the little girl yesterday in the Houston home of Mrs. Pauline Schulze, 30, a former nurse's aide.
The child was sped by police-escorted ambulance 85 miles back to Beaumont and reunited with its mother before she knew it was kidnaped Saturday—while she was still in the labor room. The news had been kept from her.
Doctors said the baby was in good condition.
Its navel was tied with a shoulder strap from a woman's slip.
Mrs. Schulze was charged with kidnaping and jailed here. Officers said she kept screaming during long hours of questioning. "It's my own baby." They said she apparently had an overwhelming desire for a fourth child and claimed the baby was born to her at home.
Footprint records identified the child as the daughter of Mr. and Mrs. George Wharton, of Beaumont. Examinations of Mrs. Schulze confirmed she had not given birth recently, doctors said.
Officers said Mrs. Schulze, treated in the same Beaumont hospital in 1951 and 1953 after nervous breakdowns, had been surgically sterilized and could not bear a child.
A doctor carried the baby into Mrs. Wharton's room.
Wharton, slender oil refinery worker, said:
"She didn't even know that anything had happened."
"After we talked and joked a while—just ordinary baby talk—I told my wife I had a story to tell her about how her baby spent the night in Houston. Then I handed her a copy of the Beaumont Enterprise."
"She couldn't grasp it, couldn't believe it. We had to start at the beginning and tell the whole story again."

Head Injury Fatal To Farm Youth, 16

MINNEAPOLIS (AP)—A head injury suffered when he was struck by a truck crank brought death Sunday to Darrel Tolberg, 16, a son of Mr. and Mrs. Roy Tolberg, farmers near Hillman, Minn.
The youth was struck March 8 while trying to start the truck on the family farm. He was treated in St. Cloud and then moved to University of Minnesota Hospitals. The youth lost the sight of his left eye when the crank hit his head.

Veterans Hospital At St. Cloud Needs Overhaul, Says Report

WASHINGTON (AP)—Veterans hospitals at St. Cloud, Minn., Fort Meade, S.D., and Hot Springs, S.D., are in need of major overhaul, the House Veterans Affairs Committee reported Sunday.
Reporting on a study, the committee listed nearly one-third of the VA's 176 hospitals as in need of extensive work. Committee Chairman Rep. Teague (D-Tex) said conditions in some of the older hospitals were "acute."
Nearly 1,800 of the 4,775 medical buildings are more than 15 years old and Teague said 341 of them were put up between 1880 and 1900. Another 355 were built between 1900 and 1920.
Other hospitals listed as needing "complete renovation or modernization" included those at Des Moines, Iowa; Knoxville, Iowa; Wood, Wis.; Fort Harrison, Mont.; and Sheridan, Wyo.
Rep. Teague said the number of beds in many VA medical establishments has been stepped up without a like boost in utilities, laundries, eating places and staff quarters. Also, he said, many of the older hospitals were so built as to bar a modern medicine program unless they get major alterations.

Rush City Man Attempts Suicide

MINNEAPOLIS (AP)—Claude Anderson, 60, was reported in critical condition today after being rushed from Rush City, Minn., to University of Minnesota hospitals with a slashed throat.
Police Chief Chester Larson of Rush City said Anderson was waiting to be picked up by relatives from North Branch, Minn., on his release from a Rush City hospital when he cut his throat.
Anderson was sped by police escort to Minneapolis.

12 Dead in Plane Crash

This is the fuselage of the American Airlines plane that crashed near Springfield, Mo., late Sunday night, killing 12, and injuring 23. Rescue workers had difficulty reaching the big aircraft that went down on a muddy field two miles from the airport. There was no fire. (UP Telephoto)

23 Others Injured in Missouri

Big Craft Plows Into Pasture 2 Miles From Airport

SPRINGFIELD, Mo. (AP)—An American Airlines plane threading its way through darkness and rain toward a landing field crashed last night, killing 12 persons and injuring 23.
The twin-engine Convair crashed in a pasture about two miles north of the Springfield airport. Wreckage was scattered more than 200 feet.
The plane carried a three-member crew and 32 passengers. All the survivors were injured.
Jack Pripish, of Chicago, the pilot, was the only member of the crew to survive. Stewardess Rita Madaj and copilot J. E. Walker, both of Chicago, died.
The airport control tower had given final clearance for the landing. As the craft approached Carl McCrary in the tower saw a flash. Then the plane disappeared and he gave the alarm.
No Fire
Sheriff Glenn Hendrix, one of the first to reach the scene made muddy by an all-day rain, said:
"There was no fire. In the darkness I found it hard to find the plane and I lost my shoes in the mud as I crossed the farm field."
"Then I heard a woman call and I found her sitting on the ground. I gave her my coat and then I saw three persons walking around dazed. I finally could see the plane in the darkness."
"Its wings were sheared off but the fuselage was intact except for the nose."
"The nose was crumpled up like cellophane."
"Two ambulances came near the scene but got stuck in the mud. We started taking out the injured as other ambulances arrived but it was close to 1 a.m. before we got them all out."
"The plane crashed about 10:30 p.m."
Robert Browning, 15, of Chappqua, N.Y., an injured passenger, said there was a "terrible vibration" before the crash.
Hears Explosion
Mrs. O. W. Peebles, who lives near the scene, reported hearing an explosion just before the crash.
"I was on a clipper plane last summer and I read some instructions on what to do in case of a crash," Browning related. "They said to put your head down between your knees. And I did that when I felt the vibration. The next thing I knew I was lying on the ground about 15 feet from the plane."
Young Browning was en route to visit relatives at Harrison, Ark.
Bill Bowers, of radio station KITS said when he reached the plane an elderly man, whose legs appeared to be broken, was lying beside the plane.
"Don't bother about me," the man said. "Get the others out first." Bowers said he didn't know the man's name.
B. H. Mays, of Cushing, Okla., another passenger, said he didn't know what happened.
"The first thing I knew I was out on the ground," Mays said.
The dead included Stanley Grzankowski, 64, Detroit, assistant Wayne County prosecutor for 18 of the last 20 years. He was en route to Springfield on private business.
Reported in critical condition was J. R. McKnight, a prominent Chicago patent attorney.
Cause Undetermined
At New York, an American Airlines spokesman said:
"Airlines officials emphasize that there is no way of knowing at this time."
12 DEAD

Dulles Warns U.S. May Have To Forego Peace

NEW YORK (AP)—Secretary of State John Foster Dulles says the United States may someday again find it necessary "to forego peace in order to assure the blessings of liberty."
"Indeed," he said in a speech last night, "already many are sacrificing and risking much to protect liberty. We must therefore make sure that the liberty which we are prepared to defend at great cost is true liberty." He added:
"That means a liberty which uses and develops those gifts with which man was endowed by his creator."
"The freedom of which we talk does not mean the right to live selfishly. It means that men instead of having to fear other men need fear only God. It means the right freely to pattern one's life in accordance with the dictates of moral law. That is the law which enjoins upon us the golden rule."
Dulles also told a convocation of the United Negro College Fund at the Metropolitan Opera House:
"Peace is the product of many wills, and not merely of one alone. In the past it has been necessary to forego peace in order to assure the blessings of liberty. We dare not be blind to the fact that that may happen again."

State GI's Widow, Facing Surgery, Wants Mother

DENVER, Colo. (AP)—A young German woman, the widow of a Minnesota soldier, hoped today that doctors would find her kidney surgery could be postponed until her mother can come from Germany and be at her bedside.
Mrs. Irene Kintzel Turner of St. Peter, who flew here Sunday, underwent examinations today in Fitzsimmons General Hospital. Doctors were to decide how long her operation can be postponed, if at all.
Meanwhile, Mrs. Turner's attorney, Malcolm Mackenzie of St. Peter, was trying to get clearance from government officials to bring Mrs. Turner's mother here from Gelsenkirchen, Germany.
Worried about facing the operation alone, Mrs. Turner said, "My mother is my only hope."
Mackenzie hoped the government would cut red tape to permit the mother, Mrs. Florentine Kintzel, to come here.

Plane Noses Over, 66 Escape Injury

CHICAGO (AP)—Sixty passengers and six crew members all escaped injury when a big airliner nosed into the ground on an emergency landing here yesterday. Afterward, entertainer Connie Boswell sang, "We Came in on a Wing and a Prayer."
The passengers got a shaking up—but nothing worse—when the nose wheel of an American Airlines DC7 collapsed on landing at Midway Airport.
The plane was on a nonstop flight from Los Angeles to New York when one engine began sputtering east of Chicago. Capt. R. A. Patterson, of Los Angeles, headed the ship back to Chicago for a landing.
Miss Boswell, who sang from a wheel chair—she is a polio cripple—as one of the Boswell Sisters, and her husband Harry Leedy were on their way to New York to make records.
The passengers continued to New York in a later plane.

MINNEAPOLIS (AP)—A head injury suffered when he was struck by a truck crank brought death Sunday to Darrel Tolberg, 16, a son of Mr. and Mrs. Roy Tolberg, farmers near Hillman, Minn.
The youth was struck March 8 while trying to start the truck on the family farm. He was treated in St. Cloud and then moved to University of Minnesota Hospitals. The youth lost the sight of his left eye when the crank hit his head.

Veterans Hospital At St. Cloud Needs Overhaul, Says Report

WASHINGTON (AP)—Veterans hospitals at St. Cloud, Minn., Fort Meade, S.D., and Hot Springs, S.D., are in need of major overhaul, the House Veterans Affairs Committee reported Sunday.
Reporting on a study, the committee listed nearly one-third of the VA's 176 hospitals as in need of extensive work. Committee Chairman Rep. Teague (D-Tex) said conditions in some of the older hospitals were "acute."
Nearly 1,800 of the 4,775 medical buildings are more than 15 years old and Teague said 341 of them were put up between 1880 and 1900. Another 355 were built between 1900 and 1920.
Other hospitals listed as needing "complete renovation or modernization" included those at Des Moines, Iowa; Knoxville, Iowa; Wood, Wis.; Fort Harrison, Mont.; and Sheridan, Wyo.
Rep. Teague said the number of beds in many VA medical establishments has been stepped up without a like boost in utilities, laundries, eating places and staff quarters. Also, he said, many of the older hospitals were so built as to bar a modern medicine program unless they get major alterations.

Rush City Man Attempts Suicide

MINNEAPOLIS (AP)—Claude Anderson, 60, was reported in critical condition today after being rushed from Rush City, Minn., to University of Minnesota hospitals with a slashed throat.
Police Chief Chester Larson of Rush City said Anderson was waiting to be picked up by relatives from North Branch, Minn., on his release from a Rush City hospital when he cut his throat.
Anderson was sped by police escort to Minneapolis.

Dulles Warns U.S. May Have To Forego Peace

NEW YORK (AP)—Secretary of State John Foster Dulles says the United States may someday again find it necessary "to forego peace in order to assure the blessings of liberty."
"Indeed," he said in a speech last night, "already many are sacrificing and risking much to protect liberty. We must therefore make sure that the liberty which we are prepared to defend at great cost is true liberty." He added:
"That means a liberty which uses and develops those gifts with which man was endowed by his creator."
"The freedom of which we talk does not mean the right to live selfishly. It means that men instead of having to fear other men need fear only God. It means the right freely to pattern one's life in accordance with the dictates of moral law. That is the law which enjoins upon us the golden rule."
Dulles also told a convocation of the United Negro College Fund at the Metropolitan Opera House:
"Peace is the product of many wills, and not merely of one alone. In the past it has been necessary to forego peace in order to assure the blessings of liberty. We dare not be blind to the fact that that may happen again."

State GI's Widow, Facing Surgery, Wants Mother

DENVER, Colo. (AP)—A young German woman, the widow of a Minnesota soldier, hoped today that doctors would find her kidney surgery could be postponed until her mother can come from Germany and be at her bedside.
Mrs. Irene Kintzel Turner of St. Peter, who flew here Sunday, underwent examinations today in Fitzsimmons General Hospital. Doctors were to decide how long her operation can be postponed, if at all.
Meanwhile, Mrs. Turner's attorney, Malcolm Mackenzie of St. Peter, was trying to get clearance from government officials to bring Mrs. Turner's mother here from Gelsenkirchen, Germany.
Worried about facing the operation alone, Mrs. Turner said, "My mother is my only hope."
Mackenzie hoped the government would cut red tape to permit the mother, Mrs. Florentine Kintzel, to come here.

Plane Noses Over, 66 Escape Injury

CHICAGO (AP)—Sixty passengers and six crew members all escaped injury when a big airliner nosed into the ground on an emergency landing here yesterday. Afterward, entertainer Connie Boswell sang, "We Came in on a Wing and a Prayer."
The passengers got a shaking up—but nothing worse—when the nose wheel of an American Airlines DC7 collapsed on landing at Midway Airport.
The plane was on a nonstop flight from Los Angeles to New York when one engine began sputtering east of Chicago. Capt. R. A. Patterson, of Los Angeles, headed the ship back to Chicago for a landing.
Miss Boswell, who sang from a wheel chair—she is a polio cripple—as one of the Boswell Sisters, and her husband Harry Leedy were on their way to New York to make records.
The passengers continued to New York in a later plane.

Head Injury Fatal To Farm Youth, 16

MINNEAPOLIS (AP)—A head injury suffered when he was struck by a truck crank brought death Sunday to Darrel Tolberg, 16, a son of Mr. and Mrs. Roy Tolberg, farmers near Hillman, Minn.
The youth was struck March 8 while trying to start the truck on the family farm. He was treated in St. Cloud and then moved to University of Minnesota Hospitals. The youth lost the sight of his left eye when the crank hit his head.

South Viet Nam Rebel Boasts He'll Seal Off Capital

SAIGON, South Viet Nam (AP) — Defying government troops to come and get him, religious leader "Bacut" predicts that within nine days his rebel force will seal off the capital of Saigon.

Receiving foreign newsmen yesterday at a hideout 10 miles below Long Xuyen, the 31-year-old, one-armed Hoa Hao general said Cabinet Minister Gen. Tran Van Soai had named him to lead the combined forces of the religious sects against Premier Ngo Dinh Diem (Soai), the Hoa Hao military chief, is expected to lose his Cabinet post for his defiance.

Bacut's name is Le Quang Vinh but he is better known by his nickname, which means One-armed in Vietnamese. He sneered at reports the government had ordered nine battalions and one airborne brigade to hunt him down.

Bacut said he now commands some 7,000 tough troops of the Hoa Hao sect. He boasted he would throw them across the main routes leading into Saigon, cutting all supplies from that city of two million.

Candidate Finishes Tax Evasion Term

SAN FRANCISCO (AP) — Vincent Hallinan, 1952 Progressive party candidate for president, was released yesterday after his second federal prison term.

"I'm not afraid of going back," he said.

Hallinan, 59, left-wing attorney and politician, told reporters, "Nothing will stop me from continuing to fight for liberal causes."

He flew to San Francisco after his release from McNeil Island (Wash.) Federal Prison. There he served 14 months of an 18-month sentence for tax evasion.

His wife and six sons greeted him at the airport here. He carried a copy of "False Witness" by Harvey Matusow, turncoat witness in Communist hearings.

Western Wisconsin Fieldmen Meet Friday

WHITEHALL, Wis. (Special) — A meeting of the Western Wisconsin Fieldmen's Association will be held at the Osseo Community Hall Friday at 2 p. m.

Arnold Borgwardt, Arcadia, president of the Trempealeau County Association of Cooperatives, will talk on ventilation and milkhouse heating. A demonstration on cleaning milking equipment will be given by the Mosbach Co., a report on Farm and Home Week will be made by Herbert Pink, fieldman from Black River Falls, and Miles Wheeler, Land O'Lakes fieldman, and Lyle Stair of the Osseo condensery will speak.

Pink is president of the association; Alfred Ellickson, Whitehall, vice president, and Wheeler, secretary-treasurer.

Announce New Way To Shrink Painful Piles

Find Healing Substance That Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne*)—discovery of a world-famous research institute. Now this new healing substance is offered in ointment form under the name of Preparation H.* Ask for it at all drug stores—money back guarantee. *Reg. U. S. Pat. Off.

ALSOPS (Continued From Page 1)

There is a special and terrible kind of loneliness suffered by a child who is crippled or has some physical defect. It is as though he stood always at the gate of the joyous world of childhood looking in wistfully but could never enter. But this summer there will be Camp Courage where he can have happy companionship and learn to enter the joyful world of normal childhood.

Camp Courage is the new camp—not yet finished—that the Minnesota Society for Crippled Children and Adults is building on a 40-acre plot of gently rolling country on the shore of Cedar Lake near Annandale, Minn. Up to now the Society had only one camp, Camp Kiwanis built for them by the Kiwanis clubs, which could take care of 200 persons. In 1953 over 800 severely handicapped or crippled youngsters and adults requested and badly needed this camp. But over 600 had to be turned down—no room for them.

So last year the Society took what funds it had and started building Camp Courage which will take care of 400 more children. On June 26 it will open to take in the first lot of crippled children for a two-weeks period. There are cabins that house 16 youngsters and four counselors, a dining-recreation hall, a big modern sun-drenched therapy and health center for treatment and rest, an arts and crafts and hobby shop and other buildings, all of them with ramps instead of stairs. There is also a fine long, gently sloping bathing beach with dock.

Much of this building program was an act of faith based on a terrible need and on a belief in the generosity and humanity of people like you and me. For every normal human being is eager to do all he can to heal the twisted bodies and lives of these small victims of crippling accidents, polio, spinal meningitis, rheumatic fever, tuberculosis and other dread assassins of happy childhood.

A number of handicapped children from Winona and the Winona area have gone to the overcrowded Camp Kiwanis. Many more will go to the new camp this summer. Those who are able will pay their own costs; those who are not able will be paid for by the Minnesota Society for Crippled Children and Adults. Not one will be refused because of race, religion or financial ability.

To carry on this great work of rehabilitating disabled children the Society is conducting its Easter Seal campaign. Won't you help them to the best of your ability by buying your Easter seals through the First National Bank, which is handling the funds, or by sending what you can spare for the rehabilitation of disabled children to the First National Bank?

With Mr. Homer Peterson of the Minnesota Society for Crippled Children and Adults I took a look at our hospital's sixth floor Rehabilitation Center. Local people made and donated some of the equipment like massage tables, parallel bars and steps for learning to walk. There are baking devices, heat lamps, a whirlpool bath and many other healing devices.

The Minnesota Society for Crippled Children pays for the cost of an expert therapist in Winona, Mankato, Virginia, Duluth, St. Paul and Minneapolis. An increasing number of Winona and Winona area crippled children and adults are making use of our hospital's excellent Rehabilitation Center under the guidance of Miss Wilma Ziegler, physical therapist. The Society also has a loan service on wheelchairs, braces, crutches, walkers and other devices in various sizes for crippled children and adults.

It's a fine and noble cause; this healing of crippled children. You can't help feeling good if you help it along. SO—give what you can to the Easter/seal campaign, won't you?

Guernsey Group Places 8 Calves

WHITEHALL, Wis. (Special) — Eight purebred calves were placed with 4-H club members by the Trempealeau County Guernsey Breeders Association Friday evening, when contracts were signed by sponsors and club members.

Roland Ekern, Etrick, received a calf from the herd of Marshall Nehring, Centerville, and sponsored by him; Robert, son of Don Smaglic, Galesville, received a calf from the herd of Miles McKeeth, Galesville, sponsored by Lovig Mills, Galesville; Allen, son of Joseph Rindahl, Etrick, calf from the Norman Oines herd, Galesville, sponsored by Ray Andersen of the Lutz Feed Mill, Galesville.

Another calf from the McKeeth herd and sponsored by the Bank of Galesville went to Norbert Ziegler, son of Albert Ziegler, Galesville; Dan Peterson, Osseo, drew another calf from the McKeeth herd; Judith, daughter of Elden Schorbahn, Whitehall, drew a Cedric Suttie herd calf from Galesville.

A calf secured from the Norman Oines herd, Galesville, was received by Janet, daughter of Kenneth Swiggum, Blair; a calf from the A. E. Nehring herd, Whitehall, sponsored by Nehring, went to Willey, son of William Syverson, Blair.

Club members were informed of the contract terms by P. J. Spenstra Sr., Whitehall, member of the association board of directors. As all are senior calves, the club members and sponsors will sell them on a 50-50 basis at next fall's sale. Meanwhile the calves must have the best of care and feed and must be shown at the county fair and other fairs if possible.

McKeeth, president of the board, presided.

FB Women Hear Belgian Student

John Rey, Belgian exchange student at Winona High School, spoke to the Winona County Farm Bureau women's committee Friday. He discussed Belgian agriculture.

Plans for a butter cake contest to promote the sale of dairy products were aired. Local competition will be held to select a state contest entry. A custard pie bakeoff was staged in 1954. Mrs. Leon Henderson, Ridgeway, president of the FB women's committee, presided.

county fair and other fairs if possible.

McKeeth, president of the board, presided.

ALSOPS

are no such barriers to psychological invasion. And this is being attempted in a very sly way.

Thus when the new constitution was promulgated and the Peking government was reorganized, a significant role was allotted to former members of the Kuomintang government. The evil old ex-governor of Yunnan, Lung Yun, the Generalissimo's ex-favorite, Gen. Fu Tso-yi, who sold Peking to the Communists, and several more turned up as vice chairman of the National Military Council. And a really considerable number of turncoats were given simple council memberships.

Only last week, moreover, another old favorite of the Generalissimo's, Gen. Wei Li-huang, who heads Chiang's expeditionary force in Manchuria, slipped across the

border from Hong Kong and turned up in Canton in a blare of welcoming publicity. There is no doubt that Wei Li-huang "chose Communism" at a carefully pre-arranged time. If Wei Li-huang's old friends in Taipei are having any doubts about the future, the effect among them should be considerable.

Over all one can discern a pattern of methodical, all embracing preparation that became intensive soon after the Khrushchev-Bulganin-Mikoyan visit to China. It is an ominous pattern. A carefully elaborated national plan is unlikely to be abandoned by the grim, dedicated men who rule in Peking, at least unless they are decisively convinced there is no smallest element of bluff in the big talk in Washington.

Thus it seems clear that in December, the order came down from Peking to begin building maximum stocks of the two invasion fuels. And this order immediately created the demand felt in Hong Kong and more recently reflected in the voyage of the "Aruba."

With intensive military stockpiling starting in December, the enemy should be ready to move in April or early May, if indeed he is not ready now. Here in South China, to be sure, Communist stocks of fuel and other military necessities are unlikely to be big enough to sustain operations on a big scale lasting a long time.

But South China is only a secondary center. There are hardly one sixth of the aircraft in the Canton airbase complex, for instance, that are stationed in the Chekiang-Kiangsi complex. And there are no indications of the kind of fuel shortage in Shanghai that would quickly appear if stocks in this more important area were unsatisfactory. The different fuel situations, like the military dispositions themselves, are simply explained. The Canton region has to be mainly supplied by one over-worked railroad, while tankers and freighters can ply freely between Mukden, Tientsin and Shanghai.

Build Up Airfields

Another kind of preparation has also been going on in an interesting way. The Communists cannot attempt the physical invasion of Formosa until they have stocked and occupied the Fukien airfields that command the Formosa Strait; and they cannot stock the Fukien airfields until they have taken Quemoy and the Matsus. But there

are able will pay their own costs; those who are not able will be paid for by the Minnesota Society for Crippled Children and Adults. Not one will be refused because of race, religion or financial ability.

To carry on this great work of rehabilitating disabled children the Society is conducting its Easter Seal campaign. Won't you help them to the best of your ability by buying your Easter seals through the First National Bank, which is handling the funds, or by sending what you can spare for the rehabilitation of disabled children to the First National Bank?

MEN PAST 40

Troubled with GETTING UP NIGHTS
Pains in BACK, HIPS, LEGS
Tiredness, LOSS OF VIGOR

If you are a victim of these symptoms then your troubles may be traced to Glandular Inflammation. Glandular inflammation is a constitutional disease and medicines that give temporary relief will not remove the causes of your troubles. Neglect of Glandular Inflammation often leads to premature senility and incurable malignancy.

The past year men from 100 communities have been successfully treated here at the Excelsior Institute. They have found soothing relief and a new zest in life.

The Excelsior Institute, devoted to the treatment of diseases peculiar to older men by NON-SURGICAL Methods, has a NEW FREE BOOK that tells how these troubles may be corrected by proven New-Surgical treatments. This book may prove of utmost importance in your life. No obligation. Address Excelsior Institute, Dept. 5711, Excelsior Springs, Missouri.

Why Scrap Free Competition

In the production of Natural Gas or any other product?

Natural gas comes to most consumers through interstate pipelines and local utility systems. They have franchises from state or local bodies, and have long been regulated.

The producers who find the gas have not been regulated because more than 5,000 of them compete vigorously—and free competition is the best of all price controls.

Yet these producers have recently been singled out for Federal controls and price-fixing.

This is a step without peacetime precedent—to price-fix a consumer product at its source. It is a step that deeply disturbs many Americans, including the undersigned committee.

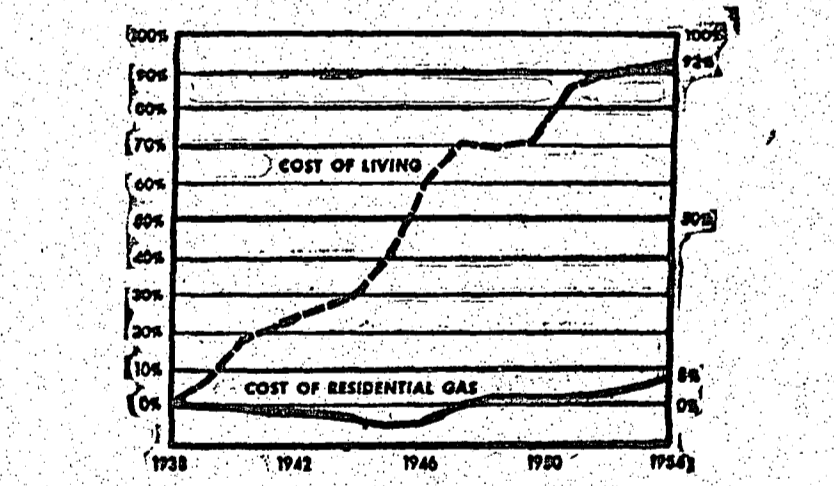

They believe the proposed controls are against the public interest and can benefit no one. They believe the issue goes far beyond gas. It goes to the roots of America's greatness. They believe the controls plan is unwise for many reasons.

It is Unnecessary because gas supplies have tripled in sixteen years. And costs to consumers have risen a nation-wide average of only one-eleventh as much as the cost of living.

It is Dangerous because it could easily be the first step toward Federal controls on coal or oil—or lumber or grain or your business.

It is Unfair because it singles out one competitive industry for such controls.

It is Shortsighted because it stifles the bold and risky exploring that's needed to assure adequate supplies.

As shown by the chart above, based on figures of the Bureau of Labor Statistics for a national average, the cost of natural gas to the residential consumer has gone up only one-eleventh as much as the cost of living in sixteen years.

Protect the Public Interest Through Free Competition

NATURAL GAS

MINNESOTA NATURAL GAS AND OIL RESOURCES COMMITTEE

Henry G. Sutliff, Chairman
212 South 6th Street, Minneapolis, Minnesota

Made up of individuals and companies concerned with natural gas and the broader basic issues of a free economy. This Committee believes that it has a responsibility to place the facts before the American people, that they may form a judgment of their own free will.

Little Amy Seitz couldn't believe today was the first day of spring as she looked out the window and saw her toy car and tricycles almost buried with snow. She's the daughter of Mr. and Mrs. Vernon Seitz, 108 W. Wabasha St. Since she's only about 3,

Amy doesn't remember the last time Winona had more than Sunday night's 6 inches of snow. The previous high was the 9 1/2-inch fall on March 22-23, 1952. (Daily News photo)

Benefactor of Lake City Groups Dies

LAKE CITY, Minn. (Special)—A lifelong Lake City resident who has set up a trust fund for a number of Lake City institutions and organizations with more than \$100,000 in direct bequests, died Saturday at Pasadena, Calif., of terminal cancer.

George William Patton, 78, also had announced plans to establish a William and Mary Patton Foundation, with income from that fund to be of benefit to Lake City groups. It will be administered by a board of trustees.

Patton was born here Sept. 3, 1876. He attended local schools and was a student at the University of Minnesota school of medicine at the time of his father's death, when he left school to manage the family's business affairs. Funeral services and burial will be held here sometime in May.

He maintained a residence here all his life, but after his marriage to Miss Mary E. Burnham at Pasadena on Nov. 7, 1938, the couple spent summers in Lake City and wintered in Pasadena. His wife is a former Lake City teacher. She survives as do several cousins.

Among the beneficiaries of the \$100,000 trust fund are the Lake City Hospital, Carnegie-Tryon Library, the Lake City Woman's Club, Lakewood Cemetery, Congregational Church, Boy Scouts, Campfire Girls, municipal harbor, Lake City Park system, the Patton Award Fund (a scholarship fund for high school students attending college) and other international and national groups with branches here. Patton Park here is named after him.

Bulganin Fires Minister of Culture

LONDON (AP)—Soviet Premier Nikolai Bulganin today fired Minister of Culture Georgi F. Alexandrov.

The Moscow radio said Alexandrov was sacked on Bulganin's recommendation "because he failed to ensure the leadership of the Ministry of Culture."

N. A. Mikhailov, ambassador to Poland, was appointed in Alexandrov's place.

\$900,000 Raised For New St. Cloud Catholic School

ST. CLOUD, Minn. (AP)—More than \$900,000 in pledges had been received today from some 8,000 Catholic wage earners in the St. Cloud area for construction of a new Cathedral high school building.

Dr. W. T. Wenner, campaign chairman directing some 2,400 solicitors, said pledges totaled \$902,674 as of today and are expected to pass the million dollar mark. The building will be an addition to the present structure but will replace a number of present facilities. It will accommodate about 2,000 students, almost double the present enrollment. The new building is expected to be ready for occupancy by the fall of 1956.

The drive's original goal was \$750,000, Dr. Wenner said.

KNIGHTS OF COLUMBUS

Regular meeting at 8 o'clock tomorrow night.

Special honor accorded members for service.

Past State Deputy Leo LaFrance principal speaker.

Spring and Biggest Snowfall in 3 Years Arrive Here Together

By ROBERT EGGLESON
Daily News, Staff Writer

The heaviest snow in three years was on hand this morning for the official arrival of spring at 3:36 a.m.

Sunday night's 6-inch fall surpassed anything Winona had seen since Old Man Winter deposited 9 1/2 inches on the area the day after spring arrived in 1952.

Heaviest during the current winter had been a 5-inch fall Dec. 1. More snow may be in prospect for the area according to the Weather Bureau. It forecasts light snow tonight and early Tuesday with cloudy skies and colder temperatures. The temperature is expected to dip to 15 to 18 degrees tonight and a high of 28 is expected Tuesday. After that it will be generally fair.

Winona enjoyed pleasant weekend weather with Saturday and Sunday highs of 52 and 40 degrees and a weekend low of 23 degrees. The Winona Municipal Airport reported a low of 25 at noon today.

High winds were whipping some of the snow today. The airport reported a 17-mile-per hour west wind at noon. Strong winds were also reported on Lake Pepin at LAKE CITY, where residents were still awaiting the arrival of the Coast Guard's ice breaking cutter Fern that passed Winona last Friday morning. The cutter encountered little difficulty through most of the Mississippi until arriving at the frozen near. It was making some progress near Maple Springs, five miles south of Lake City, this morning.

Highway Conditions
The snow apparently did little to disrupt transportation around Winona, although almost everyone had to dig out snow shovels. The State Highway Department's district office at Rochester said this noon that crews were busy with blades and graders and hoped to have most of the highways clear by mid-afternoon. There were slippery spots however, and the department advised motorists to drive with care.

Some side roads in the state were closed but all trunk highways in the state were reported open. Slippery spots existed at many intersections, through towns and in sheltered areas.

Driving conditions were aggravated by drifting and blowing snow which reduced visibility.

Snow was tapering off early today, and was expected to end in the afternoon.

Several serious traffic snarls developed on Stockton, Lewiston and Homer hills during the wet snow Sunday evening.

Both Sheriff George Fort and Minnesota Highway Patrolman Eugene C. Mollitor assisted a number of motorists whose cars skidded on the hill approaches.

Sheriff Fort, who was out until 3:30 a.m., said that when he received his first call at about midnight he found nine vehicles stalled on this side of Stockton hill and four others west of the Lewiston hill.

State sanding crews were called out and after the hills were sanded the slow flow of traffic was resumed.

The sheriff received another call at 6 a.m. today when several vehicles encountered difficulties on Homer hill.

Police at FAIRMONT report nine minor accidents overnight, four at one intersection where motorists were skidding down a hill into a main artery.

School closings were the most

Rezoning Requests To Be Considered By Council Today

Three rezoning petitions will be up for consideration when the City Council meets at 7:30 p. m. today at City Hall.

In addition, aldermen will consider petitions to erect a petroleum products tank and a billboard and open bids for East 3rd street paving.

The rezoning requests involve an expansion of the Sterling Motel property—intersection of Highways 14 and 61—to the west, from class A residential to transient dwelling; the former Sugar Loaf tavern property, from class B residential and commercial to heavy industrial, and the property immediately west of the Prondzinski Grocery, 860 E. 4th St., from class B residential to commercial.

Marigold Dairies wants to erect a lighted billboard on former Station KWNO property on West Sarnia street, just west of Sioux street. The site is on the north side of the street.

Western Oil & Fuel Terminal Co., 1020 E. 2nd St., has asked permission to erect storage for either 200,000 to 250,000 gallons. Plans for the expansion were requested by the Council two weeks ago.

Bids will be opened for concrete surfacing of the center of 3rd street from Carimona to Chestnut streets. An out-of-town electrical engineer interested in erecting a community television antenna here may be present at the meeting.

Student Driver Fails at Corner

A young student driver flunked a test on turns here Sunday.

Marilyn Anderson, 14, Clinton, Iowa, was receiving driving lessons from her father, Donald Anderson, at 9:30 a.m. when she began to make a right turn at East Wabasha and Hamilton streets.

After crossing the intersection, she failed to straighten the wheels and the car ran over the curb and struck a tree on the boulevard. Damage to the car was estimated at \$300.

CITY OF WINONA TRAFFIC BOX SCORE

	-To Date-	1955	1954
Accidents	99	95	
Killed	1	1	
Injured	13	16	
Damage	\$16,325	\$25,850	

A car driven by C. J. Krause, 459 Center St., struck a parked car owned by Harlan Erickson, Winona Rt. 2, on East Sarnia street near Walnut street at 7:43 p.m. Sunday.

Erickson's car, which sustained damage estimated at \$50, was parked on Sarnia street when it was struck by the eastbound Krause automobile.

from an inch to an inch and a half, but Tupelo, Miss., got 2.49 inches in six hours. Snowfall to the west of the rain area varied from a trace to 2 inches.

The tornadoes leveled several farm buildings but did not strike heavily populated areas. Only one person was reported injured, although a family of four was reported missing.

Vary that ready-prepared pie crust mix. Use lemon juice, instead of water, as the liquid and add a teaspoon or two of grated lemon rind. This flavor combination is wonderful with apple pie. Or add about half a cup of finely chopped pecans to the mix before adding the water called for on the package and use when you want pastry shells for chiffon pies.

School Board Election Bill Becomes Law

4th Ward Candidates Have Until Tuesday To File for Office

A method for the direct filing of candidates for 4th Ward school director in the April 4 general city election has been provided in a bill signed this morning by Gov. Orville Freeman.

Anyone who wishes to run for the school board from the 4th Ward, however, has only until Tuesday afternoon to announce his candidacy.

Oscar S. Glover, business manager of the Board of Education, announced this noon that he had been notified by Sen. James R. Keller that the school election bill had been signed by the governor this morning after receiving approval of the state Senate and House last week.

The bill was drafted after a study of school election laws revealed that no procedure was established for the filing of candidates in the general election after none had filed from any one ward for the primary.

This situation developed here this year when no candidate filed in the 4th Ward for the school board seat now held by Glenn Morgan.

Under the provisions of the new law candidates may file directly into the general election whenever no filings have been made for the primary.

Such filings must be made, however, not more than 30 days or less than 12 days before the general election.

In the case of the 4th Ward this year, the deadline for filing is 5 p.m. Tuesday.

Filings may be made at the board office in the Senior High School. No fee is charged.

School Boards To Meet on New Nelson Petitions

NELSON, Wis.—About 80 to 90 per cent of the landowners of the Town of Nelson have asked for detachment from the Nelson grade and Union Free High School districts and attachment to Durand, according to Ryan Laue, Durand attorney for the Nelson school board.

Final consideration will be given these petitions containing about 140 signatures of residents from towns of Nelson and Maxville Thursday at 8 p.m. when the joint boards of the two towns plus those of Durand, the Town of Durand and the Town of Canton meet at the Nelson Town Hall here. If unanimous approval is given, the petitions will be set off from the Nelson district to Durand immediately, it was stated.

The joint town boards involved in the action met Friday night for preliminary considerations and to set the final date of hearing. Durand's school system is a consolidation of the towns of Durand and Canton, part of the Town of Maxville and the city of Durand. A building project there is pending enlargement of the enrollment.

Nelson voters approved a building project in late 1954 which will be all but forgotten if the mass transfer is approved, local officials feel.

Highway 61 Project Office to Be Aired At Tuesday Meet

Possibilities of opening a Minnesota Highway Department project office here immediately to take charge of the construction of a four lane highway between Minnesota City and Mankato avenue and to conduct property outline surveys between Mankato avenue and Lamolite will be discussed with representatives of the highway department by officers of the Highway 61 Association preceding the association's annual meeting here Tuesday evening, it was announced today.

C. A. Stanton, district engineer, Rochester, in charge of all work in Southeastern Minnesota; C. D. Johnston, public relations director, and Frank Schultz, in charge of plans for the new highway, will attend the meeting. Johnston will speak at the dinner meeting which will be held at the Hotel Winona at 6:30 p.m.

Delegations are expected to attend the meeting from Hastings, Red Wing, Lake City, Wabasha, Kellogg, Weaver, Minnesota City, Winona City, Homer, Lamolite, Dakota, Dresbach, La Crescent and La Crosse. Winona will be represented by members of the Chamber of Commerce highway committee.

Fire Destroys Store At Mountain Lake

MOUNTAIN LAKE, Minn. (AP)—The Gamble Co. store was destroyed by fire here Saturday. Loss was estimated at between \$45,000 and \$50,000.

\$12 BILLION CANCER COST
Our nation will have about 500,000 new cancer cases this year, the American Cancer Society estimates. That means a loss of 3,500,000 man-years of work, and will cost \$12,000,000,000 in lost goods and services.

Over 50 Members of the Luther League at Central Lutheran Church consecrated themselves to the daily reading of the Bible in a candle-lighting service at the church Sunday evening. The worldwide movement within Protestant churches was explained by Robert Bergsrud; left standing, who presided at the dinner. Left to right, Nancy Thode, vice president of the league; Bergsrud; Mary Gilbert, league treasurer; Mary

Haake, league president; James Kallas, senior at Luther Theological-Seminary, St. Paul, the speaker, and Mrs. Kallas. Kallas, who came to St. Olaf College without church affiliation, plans to leave for the Sudan region in Africa after graduation. The Sudan is a pioneer mission area. Mary Halen Christensen sang, accompanied by Solveig Lokensgard, who also played a solo. Mothers served the dinner. (Daily News photo)

Plan A Petitions From Pepin Co. Ready for State

DURAND, Wis.—Nearly 90 per cent of Pepin County's herd owners have signed petitions for plan A brucellosis control, according to T. A. Parker, county agent.

Final petitions are expected in the county extension office this afternoon and after a check they will be sent to the State Department of Agriculture. Only 75 per cent of the herd owner signatures are necessary.

The 67 petition bearers in Pepin County were: Glenn Anderson, Alvin Weberg, Waldemar Rundquist, Leslie Lidgerding, Dorance Johnson, Cecil Westerberg, Edwin Bowman, Leslie Sandberg, Elwin Rundquist, Victor Peters, Victor Stein, Dallas Millren, Roland Johnson, Budd Millren, Russell Lundberg, Glen Moline, Frank Christopherson, Ralph Byington, Darrel Manore, Ed Rageth, Dwight Sievwright.

Tom Jing Jr., George Barber, Ivar Moline, Cecil Barber, Grant Heath, LeRoy Kralewski, Alfred Martin, Ronald Hartung, William Pittman Sr., George Liefing, Ken Anderson, Percy Murry, Clarence Heit, Wilfred Traun, Francis Sam, Jack Sweeney, Wayne Harmon, Glen Manore, James LaBrec, John Caturia, Lawrence Brenner, Art Throno, Dan Abel, Robert Bien, Lee Hubbard, Everett Vrandenburg, William Ableidich, Robert Simpson, Victor Scholtz, Francis Foster, Philip Komro, William Weber, Leonard J. Bauer, Anton A. Bauer, Lambert J. Bauer, Carl Pabst, Leo Rislir, Henry Rislir, Edwin Brantner, Lawrence Everson, Edward Weiss, Ed Aggie, Vern Martin, Paul F. Bauer, Roy Seng, Lauren Lidgerding, Graydon Ganoce, Irving Gibson, Acie Caturia, Leo C. Bauer, Paul C. Bauer, Alfred B. Bauer, LaVerne Melinger, Vern Wallin, Clarence Lundberg, Henry Weber Jr., Melvin B. Bauer, LaVerne Weiss, George Isham, William Weiss, Andrew Rislir, Sig Weiss and James Stewart.

Elk Creek School Hearing Scheduled

WHITEHALL, Wis. (Special)—The Trempealeau County school committee announced today that it will conduct a public hearing March 28, at 1:30 p.m., at the Independence City Hall to consider dissolution of the Elk Creek District I and annexation to the Whitehall-Independence districts.

Petition for the hearing was signed by an elector in the Elk Creek district and the county school committee.

Included in the district are lands in the towns of Hale, Chimney Rock, Burnside and Lincoln.

If the petition is allowed, the Maule Coulee school district, which a few weeks ago was annexed to the Elk Creek district, will have to annex to a district which operates a school.

The Elk Creek district erected a new two-room school last year and presently engages two teachers.

A family in Chislehurst, England, was awakened recently by five mice howling on the front lawn. It used to be the wolf at the door and now it's foxes on the lawn. Just one darn thing after another.

St. Charles Motorist Gets Jail Term for Driving Without License, Fine, Too

Jail sentences of up to six months were drawn by a St. Charles motorist who pleaded guilty in Goodview justice court Saturday to charges of drunken driving and driving without a license.

Ivan S. Finley, 22, was ordered to serve a straight 90-day jail sentence on the license count and pay a \$100 fine and \$3.50 costs or spend another 90 days in jail for drunken

driving. He pleaded guilty to both charges.

Sheriff George Fort said that Finley, who was arrested by Deputy Sheriff John F. Jensen on State Aid Road 29 two miles west of Bethany at 5 p.m. Friday, indicated that he would pay the fine.

Finley has a record of five previous traffic offenses. He was arrested by the deputy after Finley drove his car off the road near Bethany, Sheriff Fort said.

Plum City Approves \$100,000 School Addition Project

PLUM CITY, Wis.—A \$100,000 bond issue for a new school addition to be built after the present term was approved Friday by Plum City school district voters, 330 to 41.

The addition will include a 42-by-72-foot gymnasium, a band room, vocational agriculture shop and laboratory, locker and shower rooms and two high school classrooms.

Drunken Driving Fine Paid Here

Gregory J. Repinski, 38, Dodge, Wis., paid a \$100 fine and \$2 costs after pleading guilty at a special session of municipal court Sunday to a charge of drunken driving.

Repinski was arrested at West 4th and Washington streets at 1:20 a.m. Sunday after police had received a number of telephone calls from persons who had noticed the Repinski car being driven in an erratic manner from Centerville, Wis., to Winona.

William Seavy, 24, 188 E. Sarnia St., also appeared at a special court session Sunday to plead guilty to a charge of operating a motor vehicle with no driver's license.

Arrested by police at 9 p.m. Saturday, Seavy was fined \$75.

He had a record of five previous traffic arrests.

Dr. DeBolt to Preside At 'Y' Annual Meeting

Dr. M. L. DeBolt will be master of ceremonies for the 69th annual meeting and banquet of the Winona YMCA today at 6:30 p.m. at the "Y."

Speaker will be Dr. Harry Lewis, Appleton, Wis., member of the national council of the YMCA.

Four directors will be elected and other annual business will be transacted.

Masons to Send Bus to Conclave For Installation

A delegation of Winona Masons will go to St. Paul by bus Thursday to attend sessions of the Grand Lodge.

Willard L. Hillyer, Winona, presently deputy grand master, under normal grand lodge procedure is slated to be elected grand master. The Winona delegation plans to be on hand for his installation Thursday afternoon.

The bus will leave the Masonic Temple at 8 a.m. and lunch will be served at the Masonic Temple in St. Paul at noon. The group will stop for dinner on the trip home.

Any Winona Mason desiring to make the trip by bus is urged to make his reservation with S. A. Boyd, secretary, at the Masonic Temple by Tuesday night.

Over 4,000 Attend Sportsman Show

More than 4,000 turned out for the ninth annual Sportsman Show and merchandise fair over the weekend at the Winona Armory.

Officials of the Winona Izaak Walton League, sponsor of the event, said it was the best attendance since 1950. More than 30 merchants had displays and vaudeville programs were presented Friday, Saturday and Sunday nights with a special matinee Sunday afternoon.

Kite Contest Set Saturday Afternoon

The park-recreation department will sponsor a kite contest Saturday at 2:30 p.m. at Athletic Park. The contest is open to youngsters 12 and under.

Ribbon awards will be made for the top three entries in best constructed, best decorated and highest flying kites.

Do U.S. Boys Like Girls Who Wait on Them?

By BOB THOMAS HOLLYWOOD (AP)—What makes so many American boys like Japanese girls? Japanese film star Shirley Yamaguchi offers this explanation: "In America, the man does everything he can to please the woman. But the Japanese girl is trained from childhood to please the man."

VOICE of the OUTDOORS

Size Limit on Walleyes? Tom Wirth, Wisconsin fish biologist, in the main article in the March issue of the Wisconsin Conservation Bulletin takes the idea of a size limit for walleyes apart and brings forth some rather amusing conclusions. Since size limit for walleyes in the Mississippi in this sector has been widely discussed by fishermen during the past winter we thought Wirth's article, in part, might be of interest. It follows:

"I bet that most fishermen never stop to think of why size limits are placed on fish or just why the odd length of 13 inches is the size limit on walleyes (Wisconsin inland waters) rather than an even foot, ten inches or even 15 inches."

"As far as I can determine, size limits were established many years ago at various lengths, not just to allow a fish to grow to a size large enough to eat, but with the thought of allowing each species to reach spawning size before it was taken out of the water. Theoretically with this concept it would be impossible to overfish any given species. At the same time one would always be assured of plenty of fish growing up to legal lengths during the present or following season. A size limit would eliminate any chance of fishing them out, and at the same time make sport fishing more 'sporty' by making it more difficult to catch a 'keeper'."

"Now how does it work out in practice? Survey crews seining lakes and rivers should find the majority of walleyes measuring just under 13 inches, northern under 12 inches and bass under ten inches. In other words if a size limit was doing the job on hard fished lakes or rivers it should act as a sort of mechanical sizer, like a rolling screen in a pea cannery. Actually, we have never heard of a lake that exhibited a fish population with even slight sorting effects due to size limits."

"Samples totaling over 500 walleyes from Lake Winnebago to find size at which fish was mature or immature, showed that male walleyes, showed inches long were 100 per cent mature and ready to spawn. None of the females of this size were mature. It was only when the females were longer than 15 1/2 inches that 50 per cent were mature and not until they were almost 17 inches long were most of them mature (88 per cent). Even some 22 and 24 inch females have been found to be immature."

"This is the 'nature of the beast' and has been found true in waters from Lake Erie to Lake of the Woods by other investigators. Therefore, we should not take any females until they are 17 inches if we don't want to take immature fish. It is impractical to set a 13-inch limit on males and a 17-inch one on females, as it is impossible to distinguish males from females, except during spawning time."

Wirth goes on to explain that male walleyes grow slower than female ones, and have a shorter life span. Records show that less than four per cent of the male walleyes over 13 inches reach the length of 17 inches. They die before they get that big. So if we had a 17-inch size limit we would protect only the female.

Studies made, he adds, show that most intensive hook and line fishing possible never reduces the walleye population in a controlled water area more than 20 per cent. Tagged fish records from the Wolf where the season is open almost continuously as in the Mississippi show only two per cent were taken in the same season.

On Lake Escanaba where very intensive supervision was carried on and a 13-inch limit on walleyes strictly enforced, it was found that in 1948 fishermen returned because 72 per cent of their walleyes were unsized. In 1949 it was 31 per cent and in 1953 56 per cent. Because walleyes, when handled die easily, a large percentage of those returned or injured fish did not recover.

"Only a few adult fish are necessary for 'seed' to produce large hatches and abundant young fish. Some of our most abundant year classes of young fish have resulted from a very low spawning population, and in some years when spawning adults were extremely abundant almost no young fish were hatched," Wirth adds.

Stassen Asks Suggestions on Disarmament Post WASHINGTON (AP)—Harold E. Stassen wants the public to send him suggestions on how he could approach his new job as President Eisenhower's special assistant for disarmament.

ADA Pledges Continued Fight On Communism

WASHINGTON (AP)—Continued opposition to Communism and renewed emphasis on protecting civil rights have been pledged by Americans for Democratic Action. Resolutions on those and other policies were adopted by the ADA during a weekend national convention marked by hot floor battles among the 600 delegates. Another proposal urging admission of Red China to the United Nations was rejected yesterday after an hour's debate.

The convention named Joseph L. Rauh Jr., Washington attorney, as national chairman and re-elected Mrs. Franklin D. Roosevelt as honorary chairman. The ADA, formed in 1947, describes itself as an independent, anti-Communist organization espousing "liberal" principles. It generally supports policies of the New Deal and the "Fair Deal."

"Civil liberties shall be one of our main purposes in the coming year," Rauh told a news conference.

Music Conductor Quits East Berlin COLOGNE, Germany (AP)—Conductor Erich Kleiber already is hard at work in West Germany after quitting the East Berlin Opera in protest against Communist interference.

Officials of the Northwest German radio here said Kleiber had begun rehearsals for an Easter broadcast March 28 of Carl-Maria von Weber's opera "Der Freischutz" and that he would conduct a Beethoven concert in April.

The 65-year-old conductor's flight from East Berlin was revealed Saturday by publication of a letter he wrote March 16 to the Communist opera's manager, Max Burghardt.

In it Kleiber said that several incidents had shown "politics and propaganda will not stop at the front door" of the East Berlin Opera House — "any more than they did in 1934" when the Nazis were in power.

Sixth Atom Blast May Be Set Tuesday LAS VEGAS, Nev. (AP)—The year's sixth atomic blast, delayed more than a week, may now be detonated at the Yucca Flat test site tomorrow. The Atomic Energy Commission and Department of Defense said a conference would be held today to decide if conditions are suitable.

It Happened Last Night Sonny Tufts'll Show Boston How to Do It

NEW YORK—Sonny Tufts' departure for Boston to show his proud society family that he can "belt out legit songs" is one of the jollier events of the year. "Mother travels—she's loaded—all my family's loaded but me," the handsome Hollywoodian said when I asked if he'd be at the Beantown opening of "Ankles Aweigh," his new show.

"You should see my family! In over 300 years—since 1638—they haven't moved out of an area of 3 square miles. 'They're really in a rut.' Sonny, a playful fellow in his day, said he has one brother here who's a typical 'Wall' Streeter—'pipe-smoking, yachting, went to Harvard, excuse the expression'—Sonny pretended to spit—'awfully nice chap, though.'"

"I was a black sheep because I went to Yale. They said 'Yale.'" I asked Sonny about his singing in this show starring the Kean Sisters. "You forget I had 3 years of operatic training! Why, since my governess took me to see Eddie Cantor—that was as far as we were allowed to go in Boston—Eddie Cantor—I wanted to be an actor."

"I had 5 bands at Yale at one time. 'Oh, brother! Blue blazers, white flannels, megaphones, fur coats.' 'We shuttled to and from Europe every summer. When we played, half the band would be out dancing with girls from Smith or Vassar on board.'"

"On one trip, Tito Schipa heard me and said, 'My boy, you should study singing.' 'And I did for 3 years. I didn't even have a martini. If you did the coach would say 'Goodbye.'"

"They thought they heard a great voice. I'm a natural blond, 6-4, and Melchior was leaving. I signed a contract with Earl Lewis at the Met. 'But I also sang some at supper clubs. Real legit stuff. But my friends'd say 'What about the stuff you did at college?'"

"I changed a little—and my price went up. 'And I'd go down to the 52d St. joints to study timing. My Boston friends said, 'Tufts, what are you doing in a joint like this?'"

"My real name's Bowers. Charleston Tufts 3rd and I'd call myself Charles Borden. 'I got into a Broadway show, then went to Hollywood on a visit, and Jack Donnelly, a friend of mine, went to Paramount's head man and said: 'My friend would like to be in the movies.' 'The head man said 'Would he now?' 'And I soon was. But they were fed up with singers then so I kept it quiet that I could sing.'"

No Foul Play Found in Probe Of Miami Fire

MIAMI, Fla. (AP)—Nothing to indicate foul play has been uncovered in the investigation of a restaurant fire in which a Miami woman died and the husband of former metropolitan opera soprano Irna Petina was seriously burned, sheriff's officers said today. But they said they have not had a satisfactory account of the incident and that the investigation will continue.

An autopsy yesterday on the dead woman, 34-year-old Emma Jo Selby, indicated she had been alive at the time of the fire, medical officials said. They said the autopsy showed her throat and esophagus were seared by flames she apparently breathed. No bone fractures or foreign objects in her body were found, they reported.

Dr. Fran R. Bussey Jr., a Bayshore, N. Y., eye specialist, was in a Miami hospital for treatment of burns. His wife, Miss Petina, was in Miami to be near him. Bussey, who said he "has nothing to hide," refused to discuss the case, on instructions of his attorney, he said.

H. R. Harkins, an Asheville, N. C., attorney, accompanied Bussey and Miss Selby to the famed Caribbean Club on Key Largo for a fishing trip. The club was burned early Friday morning. Its owner Bill Krone was also injured by the fire.

Austin Teachers Will Receive Only Automatic Increases

AUSTIN, Minn.—In an effort to hold the school tax rate at its present level, the Austin Board of Education has voted to issue teacher contracts for 1955-56 on the basis of the present salary schedule.

The automatic increases provided in the present schedule will amount to \$32,500. About 100 teachers, 38 per cent of the faculty, will receive no further raise because they have reached the maximum salary.

The Austin Education Association had requested adoption of the Minnesota Education Association's contract with maximums of \$6,000 for teachers with BA degrees and \$6,850 for teachers with MA degrees, compared with the present maximums of \$5,300 and \$5,700.

Decision to take no action at this time was based on the premise that increases undoubtedly would again the tax rate to go up again next year. It followed a series of meetings.

If additional revenue should become available, either by action of the state Legislature increasing basic aid rates, or by an unusually high increase in the assessed valuation of the school district, the board has agreed to reopen its study of the salary schedule.

PLAINVIEW FARMERS (Special)—Young farmers will meet Thursday at 8:15 p.m. in the school agriculture room. The topic will be pasture improvement.

New Hunt for Communists in Office Seen

WASHINGTON (AP)—New investigations have been pledged by the Senate Internal Security Subcommittee to expose any Communists who penetrated the government.

"It cannot be said in any sense that we have learned the names of all the secret Communists who infiltrated the government service," the subcommittee said last night. "It cannot even be said that we have learned all about those whose names we have brought to light."

Calling "the exposure of these individuals and their works" one of its continuing projects, the subcommittee made public a 74-page report on the investigations conducted in the last Congress while Sen. Jenner (R-Ind.) was chairman. Sen. Eastland (D-Miss.), Jenner's successor as chairman, said in a statement the subcommittee has a number of new projects under consideration. He did not elaborate but he said two of them "seem reasonably certain to involve a series of public hearings."

The unanimous report turned in by the subcommittee included these principal findings:

1. That President Franklin D. Roosevelt and Frank Knox, his secretary of the Navy, weakened the Navy's security program in World War II by permitting Communist radio operators on merchant ships.

2. That "Communists and pro-Communists infiltrated into controlling positions" in the Army's information and education program during World War II and that the program "gave aid and comfort to the cause of world Communism."

3. That, "in terms of present knowledge," the most important underground Communists who infiltrated the government were Alger Hiss, former State Department aide who recently completed a prison term for perjury, and the late Harry Dexter White, a Treasury Department official. Both denied any subversive activity.

17 on 'A' Honor Roll At Rushford School

RUSHFORD, Minn. (Special)—Seventeen Rushford junior and senior high school students maintained A averages during the fourth 6-week period of the school year, while 75 others have been named to the B honor roll.

New Highway Plan Dead for Session

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—President Eisenhower's idea for a super-highway system, recently unveiled, seems certain to be veiled again and put in the attic as an idea which got nowhere. It looks dead in Congress.

There it ran into stony opposition from the first, mostly from the Democrats. The lawmakers will probably vote to continue the present program but boost the amount of money the government spends on it.

Under that present program a total of 47 billion dollars would be spent on both main and secondary roads in the next 10 years. Ten billions of it would come from the federal government, 37 billions from states and local governments.

A special commission created by Eisenhower to study the nation's road needs—it was headed by retired Gen. Lucius D. Clay—last Jan. 11 handed the President a report calling for the biggest road-building program in American history.

It suggested an intensive, 10-year plan for a transcontinental network of high-speed highways. On Feb. 22 Eisenhower sent a message to Congress which followed the Clay commission's reasoning, although he didn't say so exactly.

This was the kind of plan the Clay commission had in mind. Over the next 10 years 101 billion dollars to be spent, 31 billion by the federal government and 70 billion by state and local governments, or 54 billion more than under the present plan, which figures on a total of 47 billion.

While under the present plan federal money goes into both main and secondary roads, under the Clay plan most of the government money would go into superhighways, with the states spending only two billion on them.

The two most vigorous critics of the Clay proposal were Democratic Senators Gore of Tennessee and Byrd of Virginia. The latter, on Eisenhower's side in many money matters, was against him on this. These were some of the complaints about the Clay plan's 101-billion-dollar idea:

It would give the federal government too much say over the states' highway systems; the proposed method of financing it was "sleight-of-hand"; and it would be a happy hunting ground for politicians.

Of the federal government's 31-billion-dollar share under the Clay plan, 2 billion would be financed by selling bonds through a special government corporation. They'd be paid off in 30 years with an interest bill of 1 1/2 billion dollars.

That would make the government's total cost 42 1/2 billion. And, the critics argued, selling bonds through a government corporation might look like a way out of adding to the government's general debt but wouldn't be at all.

Gore is for holding on to the present system and the supporters of his idea suggest that the government's contribution of 10 billion dollars over 10 years be upped perhaps to 15 billion or a little more. That would still be at least 16 billion less than the Clay commission proposed.

Rhee Awarded U.S. Freedom Medal

SEOUL (AP)—South Korea's President Syngman Rhee today received the United States Medal of Freedom with Gold Palm from Gen. John E. Hull, retiring U. S. Far East commander.

The citation praised the 79-year-old Rhee for "conspicuous determination and self-subjugation in the interest of his homeland. He has aided the cause of universal democracy and has advanced the date when a united Korea will take its rightful place among the free nations of the world."

Tomorrow Hull will receive South Korea's highest military award from Rhee. Hull will be succeeded April 1 by Gen. Maxwell D. Taylor, U. S. 8th Army commander.

New Dispute Over Stock Market Probe

By ED CREAUGH
WASHINGTON (AP)—A new squall of controversy rocked the Senate stock market inquiry today. This one stemmed from the political views of John Kenneth Galbraith, the Harvard economist whose testimony is said by some to have triggered the recent break in stock prices.

Sen. Capehart (R-Ind.) declared a 1949 pamphlet by Galbraith "praises Communism." Capehart said he would demand today that Galbraith be called back to the witness stand.

"I want the American people to know his philosophy and his thinking," said Capehart, senior Republican on the Senate Banking Committee.

Galbraith, recuperating from a broken leg in Cambridge, Mass., actually "warns of the dangers of Communism." He said Capehart knew this perfectly well when he aired the charge yesterday.

The dispute was the latest to arise between Capehart and the Democrats, particularly Chairman Fulbright (D-Ark.), in the Banking Committee's about-to-end public hearings on the state of the stock market.

Capehart contends the "friendly study" announced by Fulbright has turned into a political attempt to "harass" the Eisenhower administration. Fulbright accused Capehart and the administration generally of pumping politics into a non-partisan search for facts.

Today's scheduled witness was Benjamin Fairless, board chairman of the U. S. Steel Corp. The current series of public hearings is due to end Wednesday.

JACKSON CO. SOCIETY
BLACK RIVER FALLS, Wis. (Special)—The Jackson Co. Historical Society will meet at the courthouse here Tuesday night. President Ray Gile has called the meeting to discuss plans for use of the society's new quarters in the old American Legion Hall.

French Assembly Approves Budget Of Nine Billion

PARIS (AP)—France's National Assembly has approved a budget anticipating nearly nine billion dollars in government income this year. But with military expenditures still to be figured, the intake is expected to fall about 10 per cent short of spending.

The Assembly approved the measure in a postmidnight session yesterday 392-211. It anticipates an income of 8,980,500,000 francs (\$2,000,000,000).

Premier Edgar Faure already has promised to revise the nation's controversial tax structure to meet complaints of irate small businessmen and shopkeepers.

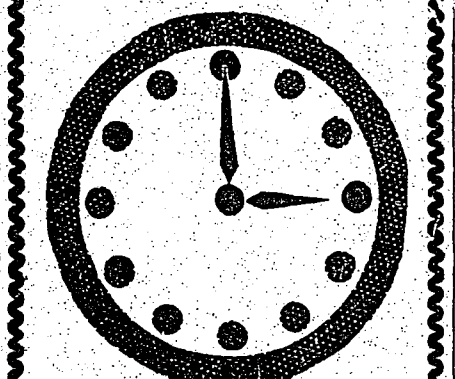

Stevenson Visits Harriman; No Mention of '56

ALBANY, N. Y. (AP)—Adlai Stevenson says there was no mention of the 1956 Democratic nomination during his weekend visit with Gov. Averell Harriman of New York.

Harriman accompanied the 1952 Democratic presidential nominee to the airport yesterday for his departure to Chicago, and said the former Illinois governor had given him "good advice on how to improve the administration of New York." He did not elaborate.

Reporters asked Stevenson whether they had discussed the 1956 Democratic nomination. "We never even mentioned it," he replied.

U.S. Asks Reds to Hunt for Helicopter

FULDA, Germany (AP)—American officials reportedly have asked Soviet authorities to help find a missing U. S. Army helicopter believed down in Communist East Germany.

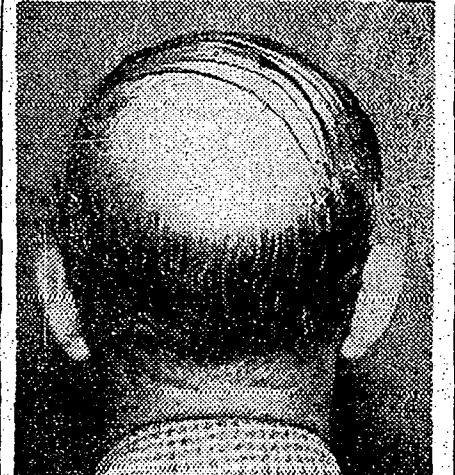

A 7th Army spokesman said there was a strong chance the craft—missing since Thursday with an unnamed American officer and a German civilian aboard—had been carried across the border by strong winds.

The aircraft disappeared on a flight in the vicinity of Fulda, 12 miles east of the German border.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little **FALSE TEETH** on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, goopy, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get **FALSE TEETH** today as any drug counter.

How to Live Longer, Happier Lives

Seven suggestions for those who seek to protect their hearts and live longer and happier lives have been made by the Minnesota Heart Association with the following recommendations:

- 1. Avoid self-diagnosis. If you haven't had a health and heart examination during the past year, see your doctor soon. If your heart is sound, and if treatment is not indicated, needless fear and anxiety can be eliminated. If a heart ailment is revealed, suitable treatment can be started immediately.
2. Avoid over-exertion. Exercise in moderation, particularly if you are over 40 years old. Strenuous activity will not harm a healthy heart. But the threat is real when the heart is diseased. Then, extra effort may prove dangerous.
3. Avoid over-fatigue. You should get an amount of sleep you know you require. Your heart works for you around the clock every day of your life. When you rest or sleep, its work load is lightened.
4. Avoid over-weight. Excess weight loads extra work onto your heart and blood vessels. You will look, feel and work better—and you are likely to live longer — if you keep your weight close to normal.
5. Treat respiratory infections promptly. The cold weather months on the average bring about a 13 per cent increase in deaths from heart and circulatory disease. This increase is largely from the prevalence of pneumonia, bronchitis and other illnesses which often impose a heavier-than-usual strain on the heart and circulatory system. Don't take winter infections lightly. Seek prompt and adequate treatment for them.
6. Avoid worry. Don't burden your heart with needless worry. Worrying curbs or prevents nothing. So don't be guided by old wives tales, fallacies and superstitions. Know the facts about heart disease and your own heart. For information ask the Minnesota Heart Association, St. Paul. For advice about your heart, always see your doctor.

Should Social Workers Be Licensed?

Should members of the social work profession in Minnesota be licensed? This is a question presented by the Minnesota Welfare Conference to 2,225 of its members in the state. The answers to the questionnaire disclosed that 82 per cent of social workers, executive and board members of both public and private Minnesota welfare agencies favor licensing and enactment by the Legislature of a bill to make it possible.

Annie Laurie Baker, conference president and director of social services at University Hospitals, said that as a result of the poll such a bill would be backed by the organization and introduced in the 1955 state Legislature.

The bill, if passed into law, would provide for license of social workers just as doctors, psychologists, lawyers and others in similar professions are licensed.

Backers of the proposed law claim that, first and foremost, it would act to protect and safeguard the people of Minnesota receiving welfare services. It also would raise standards of social work practice and, ultimately, better the professional status of social workers. Present social workers automatically would be eligible for licensing under the proposed bill.

Opponents of the licensing proposal contend that the "status quo" of present social workers should be preserved and that no particular benefit would result from licensing. They also claim that such a law might discourage new workers from entering an already "under-staffed" profession, and might interfere with volunteer social work activity as that done by churches and civic groups.

After analyzing and studying the pros and cons of this important proposal — important because the job social welfare workers are doing is the direct concern of all of us — we are of the opinion that the licensing proposal has considerable merit and that the Rice County Board, and other county boards, should give serious consideration to endorsing it.—Faribault Daily News.

Try and Stop Me

Shrewd observations from round-the-country journalists: "Many people think it unlucky to postpone a wedding. The superstition has no foundation — so long as you keep postponing it" (Cumberland, Wis., Advocate). "To keep young, associate with young people. To get old in a hurry, try keeping up with them"

Portraits

By JAMES J. METCALFE
In friendship there is happiness . . . But it depends on two . . . And you must serve your friend as well . . . As you would have him do . . . There must be handshake in success . . . And comfort in defeat . . . And taking equal turns to set . . . The time and place to meet . . . In friendship there is never room . . . For any jealousy . . . For doubt, distrust or any form . . . Of insincerity . . . There is no ear for gossip and . . . No tongue to criticize . . . Nor ever any reason to . . . Assume the least disguise . . . And only as you disappoint . . . And really fail your friend . . . Or as he proves untrue to you . . . Will friendship ever end.

These Days

Theory of Rule by Experts Not New

By GEORGE E. SOKOLSKY.
NEW YORK — I once heard a speaker startle an audience by asking: "Are you happy?" The reaction was curious because obviously the happy people had never thought about it. They went their contented way.

Paul H. Appleby, who controls the happiness of the citizens of New York State because he manages their budget, once defined civilization as: "The attainment and further pursuit of social and personal complexity. This complexity is sought through division of labor and through specialization and extension of activity, experience, and learning, all of which are possible only through progressively more intricate forms of social organization."

THIS COULD BE A MARXIAN view of man as a functional creature whose nature and character are determined by his environment and the tools he uses for a livelihood. It omits morals, ethics, conscience, joy, pride in self, pride in family. Thomas Carlyle once defined modern civilization as having three great elements, gunpowder, printing and the Protestant religion. Perhaps some philosopher today might say that it is atomic fission, electronics and fear.

To most of us, civilization means the lifting of man from a driven, fearful clod, existing only to perform his biologic functions, to an ever higher respect for an aspiration to moral and spiritual values, the greatest of which is freedom of the mind and dignity of person.

One of the consequences of such a definition as Mr. Appleby's is the reduction of man into elites of specialists: A farmer may not be a plumber because he does not belong to the plumber's union; a teacher of Greek may not play a bassoon in a symphony orchestra unless he has James Petrillo's imprimatur; a citizen may not have a cracker-barrel discussion on fluoridation — a timely topic — because he is not a member of the American Dental Association. Yet Henry Ford did remarkable work on the internal combustion engine without having a degree from any university and Benjamin Franklin has been honored as a wise man and a philosopher without a better formal education than serving as printer's devil.

George Bernard Shaw said: "THE ANARCHIST, the Fabian, the salvationist, the vegetarian, the doctor, the lawyer, the parson, the professor of ethics, the gymnast, the soldier, the sportsman, the inventor, the political program-maker, all have some prescription for bettering us, and almost all their remedies are physically possible and aimed at admitted evils. To them the limit of progress is, at worst, the completion of all the suggested reforms and the leveling up of all men to the point attained already by the most highly nourished and cultivated in mind and body."

Every time a plan for improving the entire human race by some artifice comes along, thousands join a culture and grow wildly and fanatically enthusiastic about it and insist not only on converting others, which is no crime, but on having a law passed on the subject, which surely is a moral crime. My old friend, Bernarr McFadden, tried to turn the world vegetarian. McFadden only propagandized for his vegetables, but Volstead deprived a nation of beer by law and sent them to bath-tub gin and the reign of Al Capone.

Dr. Walter C. Alvarez, a learned and respected physician, makes the point that he favors fluoridation because some experts favor it. He says: "To me, the distressing feature of all this fight about fluoridation is that people who know absolutely nothing about the subject refused to take the advice of the leading health authorities in the land who alone are competent to review the facts and to decide what should be done."

Does that make anything right? Those who were paid to be our experts in the State Department got us into that complex of miseries that came out of the Yalta Conference. Were they right because we paid them to know? Dr. Alvarez uses iodized salt as an example of virtuous living. But we are not forced to buy iodized salt; we are still free to buy plain salt. And nobody pours gallons of iodine into our drinking water. It is the compulsion to follow what one does not accept that is the difference between a free society and Mr. Appleby's society.

The theory of government by experts is not new. Sparta had it and Plato believed in it. But Lincoln preferred a government of, by, and for the people which is what we like hereabouts.

'IT'S YOUR MOVE OLD MAN!'

Washington Merry-Go-Round

Yalta Papers Publication Embarrassing to Churchill

By DREW PEARSON
WASHINGTON—The full backstage story of how and why the State Department slapped the grand old man of England in the face by publishing the Yalta conference papers can now be told. Friends of Churchill say it almost broke his heart.

The State Department, as noted in this column on Sept. 25, 1954, had been working on the Yalta papers for some time, thanks to a special \$112,000 appropriation passed at the behest of Republican leaders Knowledge of California and Bridges of New Hampshire who wanted them made public before the November election.

When the documents were sent to London for Churchill's approval, however, Foreign Minister Anthony Eden cabled John Foster Dulles 'shortly before the Bangkok conference that "on Mr. Churchill's suggestion" he was asking that the Yalta records not be published.

On two other vitally important points, the British Prime Minister is shown up in a bad light: The dismemberment of Germany and the organization of the United Nations. In his memoirs, Churchill has always taken credit for killing the dismemberment of Germany. However, the Yalta records show it was Anthony Eden, what Eden did was to shunt the question of dismembering Germany to a council of foreign ministers to be held after the Yalta conference, thereby giving time for tempers to cool.

Churchill also threw his weight in favor of the big powers and against the little nations in setting up the framework of the United Nations. Today, of course, the smaller nations have been the great bulwark of peace while the Russian veto has almost stymied the United Nations.

And when it came to discussing a U. N. trusteeship over the Japanese islands and other enemy territory, the Yalta papers show that the prime minister either didn't understand what was going on, or was too deaf to hear, or had taken too much of his favorite brandy.

Page 729 of the Yalta papers shows how, when Ed Stettinius, then Secretary of State, read his report on setting up trusteeships for enemy territory, the confused Churchill almost blew his top. Here are the abbreviated notes of what happened:

"I will not consent to a repress. of Brit. em. going to any conference where he will be placed in the dock and asked to defend ourselves. Never, never, never."

"If you tell me we are not to go and be brought up before a vague tribunal and be told how to be good and proper I will not object."

"Every scrap of terr. over which Brit. flag flies is immune. Stettinius: "Only plan is to provide machinery for trusteeship if org. wants to set it up. We had in mind Jap. mandated islands to be taken from Jap."

"We have nothing in mind in relation to Brit. Empire." Churchill: "We desire no territory."

"Say it will in no way affect integrity of Brit. Emp." Finally a formula that pacified Churchill was agreed to in an intimation.

Those are some of the slaps at America's best British friend that might just as well have been left unpublished during his lifetime. All it did was bring chortles of glee from the Communist press. Commented the New Evening Post in Red China: "The disclosure is not good for Churchill or the British government. The tune played between London and Washington is not so harmonious."

RESEARCH STEPPED UP
During the decade of progress just ending, the American Cancer Society sponsored 2,025 grants in aid, 297 institutional research and special purpose grants, and 513 research fellowships and scholar grants to accelerate the search for a cancer cure.

Boyle's Column

New Star Remembers War Terror

By HAL BOYLE
NEW YORK (AP)—Hildegard Neff, Broadway's latest toast, rocketed to fame from a background of fear.

Success isn't likely to turn this German-born girl's head. She can still remember how she made her first stage hit in bombed-out Berlin wearing an evening gown made from a bed sheet, the only cloth available. Still fresh in her mind are the war-time years when she carried a knife . . . to take her own life if necessary.

Now co-starred with Don Ameche in "Silk Stockings," she plays the role of a Russian lady commissar, a role first made famous by Greta Garbo in the film, "Ninotchka."

"Silk Stockings," a musical, reached Times Square after a long 15-week period of out-of-town trials and tribulations that had many Broadway gloomleaders predicting it would be the season's outstanding flop. But it opened here with a \$750,000 advance ticket sale, and was an instant hit.

Prospect of Stability
The prospect of a long run of "Hilde" the best prospect of stability she has had since childhood.

"I lost 18 pounds during the try-outs, but it was worth it," she said. "I've lived in hotels for six years. I've been nothing but a night plane passenger all that time between Germany, France, England and America."

"Now I can stay in one place; I can have my own apartment, and feel settled for a while. You can have no idea what this means to me."

Hilde shook her long red-blond hair and looked cheerfully around her new four-room penthouse apartment on lower Fifth Avenue.

Hilde, now an American citizen, has been a picture star pilgrim since the war. She has made films in three languages—English, German, and French — and speaks each so well she has no need of dubbed in dialogue.

Studying Art
Born in Ulm, Germany, she was studying art in Berlin on a scholarship when a producer saw her and asked her to appear in a picture.

Beneath her present security lie crowding memories of the terror of those years, when Allied bombs rained on Berlin by day and by night. It took some prodding to get her to talk about those years.

"Most of us carried knives in our boots," she said matter-of-factly. "The knives were to dig out of the rubble, or, if we were hopelessly trapped, to commit suicide."

"I remember one time when Propaganda Minister Goebbels, inspired by pictures of the war, reaped a score of victims when touring London bombed areas, tried the same thing in Berlin. But his car was stoned, and within two days an SS tank stood guard at every important street intersection."

Mad Dog Holds Family Prisoner

CHICAGO (AP)—An ailing pet dog became suddenly violent hold four members of a family prisoners in their bathroom yesterday until they were rescued by police.

After the dog, frothing at the mouth, bit his 10-year-old master Lawrence Burton, the boy's mother took Lawrence and his sisters, Katherine, 12, and Frances, 7, to the bathroom for safety. The mother, Mrs. Pernie Weber, 35, said the dog barked wildly and butted his head against the door.

A neighbor heard Mrs. Weber's cries and summoned police, who destroyed the dog. Rabies tests are being made.

Letters to the Editor

Fair discussion of matters of general interest is welcomed. Articles must be temperate and not over 400 words long. The right being reserved to condense any too long or to eliminate matter unamiable for publication. No religious, medical or personal controversies or articles supporting candidates for office are acceptable. The Winona Daily News does not publish original verse. The writer's name and address must accompany each article and its publication of the name is not desired. A pen name should be given. Unsigned letters receive no consideration. Where fairness to the public demands, publication of the writer's name will be required, but he will be given opportunity to decide whether he wishes the article published over his signature or withheld.

Epitaph for Winona Area Tombstones
To the Editor:

Here lies: Many friends and unknowns. Maybe a Peterson or the Cohens. Weather? Either bad or decent. Where? Between Winona and La Crescent. Time? Either a.m. or p.m. at one Reason? Highways 14 and 61. Mrs. Ray Kessler Lewiston, Minn.

Why Not A Toll Highway Winona to La Crosse?
To the Editor:

I have read in The Winona Daily News that killer road is still going to operate over hill and dale, winding its way through Death Valley. Do we have to stand by and see it leave a path of destruction, broken bodies and crippled limbs? Must it be a grim reminder to stamp fear in the minds of men who so narrowly escaped death another day to witness death another tomorrow?

Money, they claim, is the chief reason for delay or for anything being done about it at all. Then why not work it in a similar way you do when you build a bridge?

I have had the pleasure of driving on a beautiful four-lane highway 95 miles long. Shortly after we left the community of Wichita Falls, Texas, we entered upon what they call a turnpike. Ninety-five miles of safe driving and not a worry in the world until we hit our destination which was Tulsa, Okla.

When we entered upon the turnpike we soon came to the toll house, where we received a ticket marking our destination as well as the fee we were to pay when we reached the other end. As we went the full 95 miles, our fee was \$1.65 certainly a very small fee we felt, for traveling a distance of 95 miles in complete safety.

On this turnpike you will find a lot of signs, posting you on your safety speed limit, stop-offs and turn-offs. They are posted well in advance for your traveling pleasure.

Your stop-offs are refreshment stands, of which there are six, three in the opposite lane of traffic. Your turning off points are places that turn off to certain communities that you are going to. You pay your toll when you get to the end of your journey and you pay an amount according to the length of miles you travel.

At no time do either of the lanes cross one another. When you get on the turnpike, you either keep going or use the turn off.

What's the matter using the pay-as-you-go program and get that new highway in progress?

I would be glad to pay a toll and I know hundreds of others would too, to have a safe and sane highway on which to travel.

What better way to wipe out Death Valley? How many would be willing to pay a toll for a pleasure highway to safe driving?

Mrs. Harry Bauer Sr.

An Open Letter to Delinquent Parents
To the Editor:

Late in the evening on March 11 or early in the morning on March 12 some smart renegades broke off the aerial on my car while it was parked by the Hotel Winona. I understand my car was one of many that had the aerial torn off the same night.

The type of offense commarks the type of person that committed the act, in the 15-20 age group, whose parents have jello in their spine rather than plaster of paris. When their poor mistreated dears get caught, they go after a lawyer who comes into court and gives forth the familiar court room echo, "Your Honor, this young man has never been in any trouble before."

It should be more properly stated that he has never been caught before. And the mother sits there with the tears flowing into her handkerchief (rather than her beer this time) and pleads that he be given another chance, that he will never do this type of thing again. Whereupon little dear is paroled and goes forth, is "given another chance."

But believe you me, these young Advertisement

sters are on to this parole business. We have them well educated in that regard. They know before they are apprehended that if they are caught they will be turned loose. Not long ago in our district some juveniles were apprehended and jailed by the sheriff. Prior to their hearing they asked the sheriff, "Whereupon" the sheriff asked, "What do you mean, parole?" And the boy replied, "Why, we've never been any trouble before."

It seems to me about 30 days in the county jail for the first offense would change their outlook on life considerably before they had a chance to graduate to Red Wing.

Parents, if your kid is a squirrel tail jockey (one with a car with two exhaust pipes, two aerials, squirrel tail on the hood ornament, and an auto equipment store hung all over it), watch him. The kid you save may be your own.

Roy E. Voelker District Court Reporter Oskaloosa, Iowa.

Teachers Needn't Apologize For High Moral Standards
To the Editor:

Tuesday we heard the Casual Observer say to a teacher whom she was interviewing on the radio: "I understand you are a little 'hard' on your students at times . . ."

Replied the instructor: "Yes, I expect a lot, but I have discovered that when I expect a lot, we get results. The children measure up when they have to."

In that simple philosophy, we believe, lies the answer to many of our problems in public school-education today. We have been geared to mediocrity in achievement for so long that the child is confused. He knows no norms other than those set by his teachers and superiors and if they, too, are unsure of themselves, what can we expect but a "getting-by" result, one that has already brought about deterioration in our educational system.

Teachers should not feel apologetic (nor put upon) if they must meet certain standards of conduct in a community. They are, with parents, special custodians of a way of life—the exemplary kind; they are custodians of the moral code; they should be leaders as they present academic truths and set the patterns for right living, but they need not be proud to accomplish this; in short, they will expect the best of themselves, also, and then will come fruitful results of their endeavors with and for our children.

Then will come, as George Sokolsky put it recently, "the unfolding of total wisdom," a knowledge of work well done and with it, a better knowledge of self. And the basic satisfactions will splendidly follow, immeasurable in dollars and cents.

A Mother

Wants Information About World Calendar
To the Editor:

I, too, am interested in the publication of information about the "World Calendar." Couldn't we have a good factual article about it so that we may know its advantages and disadvantages?

I would like also to see an article published about the Minnesota Taxpayers Association. I am a taxpayer, yet I have never been asked to join this association nor do any of my neighbors belong. This organization certainly doesn't represent me and apparently doesn't represent the average taxpayer.

Who are the members? Do they hold meetings? If so, when and where? How do they determine their policies? What are the policies? The Daily News quotes figures and statements from this association, therefore I believe your readers are entitled to the above requested information.

Bridges Will Help GOP Use Yalta Papers

By JACK BELL and JOHN M. HIGHTOWER

WASHINGTON (AP)—Sen. Bridges (R-NH) said today he has taken steps to aid Republican speakers wanting to use the Yalta papers to lambaste their political foes.

Bridges said he has instructed the staff of the Senate Republican Policy Committee, which he heads, to compile information from the documents for use by GOP speakers.

"Certainly the Republicans are at liberty to discuss the mistakes that were made at Yalta," he said. "We learned about the tragic results only gradually in the months and years after Yalta."

"By studying the mistakes of the past and trying to avoid them in the future we can help our country."

It was at the World War II conference at Yalta that Franklin D. Roosevelt agreed to Far Eastern concessions to Russia in exchange for the Soviets' speedy entry into the war against Japan.

Sen. Sparkman (D-Ala.) said it is all right with him if the Republicans want to comb the Yalta papers for political material.

"I am sure they won't find there any of the dynamite they so confidently hope to explode," he said. "In the past they could make all kinds of charges about Yalta. But I think they are going to be limited now, because they will have to cite chapter and verse now that the documents have been made public."

Sen. Knowland of California, the Republican leader, has called for publication of the records of the 1943 Tehran and the 1945 Potsdam conferences. The latter was attended by former President Truman.

Government officials said privately the furor kicked up by last week's publication of the Yalta papers compels Secretary of State Dulles to take a new look at the program for publishing secret documents on other Big Three meetings.

Dulles and his aides had anticipated a political uproar in the United States. Some informed officials say, however, they had not expected as much of a kickback as they got from abroad.

Arcadia School Groups Help Buy Equipment

ARCADIA, Wis. (Special)—Several Arcadia High School organizations have appropriated funds for the purchase of new school equipment.

The Future Homemakers of America will buy \$50 worth of equipment for the homemaking kitchen and a similar amount has been set aside by the Future Farmers of America. The Girls Athletic Association has decided to pay for the new benches in the girls locker room. Materials for the benches cost \$10 per bench. The boys industrial arts classes make the benches. The GAA has paid for two benches and hopes to pay for more.

LATSCH VALLEY DENIED

DODGE, Wis. (Special)—A petition by the Latsch Valley School Board to be dissolved and annexed to the Dodge district, was denied by the town boards of Arcadia and Dodge, Trempealeau County and Buffalo of Buffalo County Friday night.

State '54 Farm Income 6th Highest in History

By RICHARD P. POWERS

WASHINGTON (AP)—Minnesota farmers took in \$1,231,126,000 from farm marketings in 1954, Agriculture Department figures show. This was \$31,015,000 less than their 1953 cash business.

The 1954 income is the sixth highest ever received by Minnesota farmers. And it was their ninth billion dollar or better year.

Only four states exceeded Minnesota in receipts from farm operations in 1954. They were California with \$2,491,208,000, Iowa with \$2,347,221,000, Illinois with \$1,956,148,000, and Texas with \$1,894,159,000.

The drop in Minnesota income in 1954 compared with 1953 was less than the decline for the country as a whole. The national total for 1954 was 30 billion dollars last year, or 5 per cent under 1953.

The department said the decrease for the country as a whole was due to drops in cash receipts from wheat, cotton, dairy products and eggs.

In 1954 the rigid 90 per cent support price program was in effect for the basic farm commodities. Of these, only wheat is expected to drop materially under the new farm law effective this year which permits supports of 82½ to 90 per cent of parity for wheat, corn, cotton, rice and peanuts. Tobacco is fixed at 90 per cent of parity for 1955.

Wheat Parity Price

Wheat is to be supported at 82½ per cent of parity while corn, cotton, rice and peanuts are expected to be supported at close to 90.

Dairy products were supported at 75 per cent of parity last year. Secretary of Agriculture Benson has announced that this will be upped to 80 per cent this year. However, since the formula is changed the dollar and cent support figures for dairying are expected to be the same as for last year.

Minnesota farmers' first billion dollar year was 1946 when they received \$1,057,468,000 from their marketings.

They received \$1,324,457,000 in 1947, \$1,328,692,000 in 1948, \$1,218,298,000 in 1949, \$1,214,146,000 in 1950, \$1,287,034,000 in 1951, \$1,300,656,000 in 1952, \$1,262,141,000 in 1953, and \$1,231,126,000 in 1954.

The State Department has advised Sen. Hubert H. Humphrey (D) that it has appeared neither possible nor desirable to offer food relief to the Chinese people who suffered last year from one of the worst floods of the past century.

Humphrey had written Secretary Dulles asking the attitude of the State Department. He said constituents in Minnesota had suggested this country go to the aid of the Chinese people in spite of the policies of its Red leaders.

In answer, Thurston B. Morton, assistant secretary of state, wrote Humphrey:

"The Peiping regime twice refused offers of aid made by the Red Cross. The secretary general of the Communist Chinese Red Cross Society has been quoted as saying in this connection, 'Our government and people have taken adequate measures to handle this situation and are fully capable of tackling all problems arising therefrom.'"

No Way to Aid

"The government of the Republic of China, which understandably desired to send aid from Formosa to the flood sufferers on the China mainland, found no channels to bring relief to these sufferers."

"We concluded, therefore, that any American offers of relief would in all probability be rejected."

"Despite the urgent needs of the Chinese people, the Chinese Communist regime continued, and is still continuing, its exports of food to the Soviet Union and other countries in order to finance its imports of strategic materials."

Morton said, in addition, that under the present Chinese Communist system for the allocation of food and other supplies on the basis of political and economic con-

Holdup Men Lock Victims in Cooler

LOS ANGELES (AP)—Two holdup men locked butchers Irving I. Gronsky and Harold Schott and a customer in a 20-below-zero meat locker after robbing a market of 2,823. Then they telephoned police and told them about it. The victims were in cold storage 20 minutes before officers freed them.

Girl Scouts Selling Cookies Get Lost

OKLAHOMA CITY (AP)—Two little Oklahoma City girls still can't understand why everyone was so worried.

Betty Briggs, 7, and Vickie Mae Smith, 8, went on a cookie-selling expedition for the Girl Scouts Saturday. After they had been gone more than 12 hours, police found them asleep in an old barn. They said they hadn't been able to find their way home. In true Girl Scout tradition, they had saved one package of cookies to eat, found a mattress in the barn and gone to sleep.

Arcadia Man In Business For 40 Years

ARCADIA, Wis. (Special)—Henry Vogel observed his 40th anniversary as a businessman in this city Thursday.

One of the few who have owned and operated the same business continuously for that length of time here, Vogel has for 40 years owned a garage and Oldsmobile agency. He has had the Chevrolet agency for 32 years.

Peter Lisowski, a mechanic, is observing his 20th year of employment there.

Vogel went to Carrington, N.D., in 1907 where he served as a mechanic's apprentice. Later he bought the garage and operated it until 1913. He returned to Arcadia in 1915 and opened a garage in what was the Cysewski Hall. At first he also sold Oakland and Crown-Eliant cars.

Two Fires at Garage

In 1917 Vogel built his own building which he occupied until 1943 when he sold it to the Arcadia Cooperative Association. He moved to a site across the street and has remained in that location since. He has gone through two fires during his business career—January 1920 and January 1950.

In 1946, his son, Eugene, came into the business as manager. Henry's brother, Sam, was a partner in the early years and in recent years has been an employee. A son-in-law, Everett Kampa, is employed as a mechanic and a daughter, Mrs. Everett (Joan) Kampa is the bookkeeper. Peter Lisowski, there 20 years, and John Breska are mechanics.

Vogel served as alderman from 1921 to 1923. He was elected mayor of Arcadia in 1934 and served continuously from 1934 until 1948, except for 1938. He was re-elected in 1939 and threw his energies into the erection of the new building for the city municipal utility. This plant was and still is one of Henry's chief interests outside of his own business. The white way was put in while he was in office; parks were filled with material obtained by dredging out the river. The homemade dredge was planned by Vogel.

On Planning Commission

He was chosen by Mrs. Jennie Paetow as one of the executors of her will which left funds for a city swimming pool. Now he is a member of the city planning commission.

He is married to the former Pauline Stahoski and they have nine children who are: Mrs. Clayton (Marie) Schilling, Anchorage, Alaska; Mrs. Frank (Kathleen) Geralt, Milwaukee; Mrs. John (Dorothy) Koetting, Arcadia; Mrs. Everett (Joan) Kampa, Arcadia; Mrs. Edward (Mary) Glubka, Winona; Mrs. Claude (Colleen) Deck, La Crosse; Eugene, Arcadia; Henry Jr., Milwaukee, and Robert, in the Armed Forces. Two daughters have died.

Cancer Workshop Set for Friday

A Winona County workshop for cancer control workers is to be held at the YMCA Friday at 2 p.m., with Mrs. E. M. McCullough, county commander, presiding.

The workshop, aimed at a wider dispersal of information about cancer, is open to the public, said Mrs. McCullough.

Conducting a training program for volunteer workers—who are to direct a fund drive in April—will be Allen Stone, state director for the American Cancer Society.

An opening message of welcome and introduction will be given by Mrs. W. H. Polachek, former county commander, and Dr. W. O. Finkelnburg of the county cancer control board will speak on "Facing the Facts of Cancer." He will conduct a question and answer period following an outline of his subject.

A discussion on education, service and research—as outlined by the American Cancer Society—will be led by: Mrs. M. L. Spencer, education, and narrator for a film, "The Crusade"; Mrs. F. J. Van Cor, service, and Brother L. George, St. Mary's College, research.

Introduction of the speakers will be by A. M. Oskamp Jr., chairman of the county fund drive.

Refreshments will be served at the conclusion of the program.

WHAT IS CANCER?

Cancer is defined as an "uncontrolled growth of cells." If detected early, this can be cut out by surgery or destroyed by radiation in most cases, the American Cancer Society says.

Arab World Now Land of Opportunity

BEIRUT, Lebanon (AP)—Once an economic desert, the Arab world has become a land of opportunity. That is the conclusion reached by Hugh D. Farley, director in Lebanon for the U.S. Foreign Operations Administration. He has spent a year studying investment possibilities and economic development in this region.

Government investment here often has been in cooperation with foreign governments, but the Arab states have taken the initiative in many cases.

"Look at the map from Tripoli to Baghdad," Farley said. "In every Arab state there has been government investment to the tune of millions of dollars in productive projects which mean more jobs, greater productivity, and a higher standard of living."

Farley pointed to the 10 million dollars of American aid to Libya last year, 40 million to Egypt, 6 million to Lebanon, and 8 million to Jordan. Iraq financed most of its own projects with oil revenues, which now amount to about 140 million dollars yearly.

Development projects planned by these governments on their own will have far-reaching effects on Arab economy. Farley mentioned a dam being planned in Egypt to irrigate two million acres, the 100-million-dollar Litani River hydroelectric project, to which the Lebanese government is committed, and Iraq's vast irrigation program, which will absorb the equivalent of a billion dollars of oil revenues in the next generation.

FFA Parents, Sons Banquet Planned At Rushford High

RUSHFORD, Minn. (Special)—The 16th Annual Parents and Sons banquet will be held Thursday at 7 p.m. at the school auditorium.

Guest speaker will be William Soren, a student from the University of Minnesota.

Jerald Larson will be the toastmaster. Chairmen are: Danny Corcoran, program; Merlin Dohlar, tickets; Robert Rislove, publicity; David Erdman, food; Merlin Bratberg, cleanup, and Eldon Dahl, decorations.

Tickets are available from any FFA member and must be purchased by today as no tickets will be available at the door.

Last year about 75,000 Americans were saved from dying of cancer. This figure could have been doubled if every case had been properly treated in time, the American Cancer Society says.

Award to Wabasha Cleaning Works

INSTITUTE CERTIFICATION—Highest Drycleaning Honors

The Institute for Maintaining Drycleaning Standards of the U.S. and Canada certifies to consumers the quality and reliability of the drycleaning service of those firms which subscribe to its services and agree to observe its standards.

Institute Certification is awarded to cleaners only after a thorough inspection of their plant and processes. Tests of the purity of their drycleaning solvent are made in the Institute's laboratory.

All Certified plants are periodically inspected. Institute technicians make unannounced visits, to make sure they maintain its high standards. Institute Certification is more than an award of merit—it is the consumer's assurance of satisfaction because the Institute guarantees the high quality and reliability of the dry-cleaning service that it certifies.

Wabasha Cleaning Works covers your goods with complete insurance. We heartily recommend Wabasha Cleaning Works drycleaning to you as the best and therefore the most economical service—for every drycleaning need—

SOCIETY CLUBS

Redecking Your Children's Bedroom. Above new bedroom furnishings and suggestions are offered. Bunk beds, as above, and captains beds are highlights for boys and girls. Bunk beds give the service of two beds but only take up the floor space of one bed. Side guard rails on the upper bunk insure safety against tumbling out. The authentic Indian Thunderbird design on the foot of the bed and on the table-chest makes this definitely a boy's room. Unpainted decorative grooving may be completed in any color. The wood is celastic and finished to provide an excellent background for any color.

Blair Legion Basket Social Raises Money For Swimming Pools

BLAIR, Wis. (Special) — Gross receipts of the basket social Thursday evening at the city hall, sponsored by Knudtson-Mattison Post, American Legion, amounted to \$101.75.

Beaux and Belles of the Blair-Preston area, in 1850 styles, danced to music provided by Ove Bergerson and His Scandinavians.

The party also marked the 36th anniversary of the American Legion, and was a kick-off to the Blair-Preston Centennial celebration to be held this summer.

Proceeds of the social will be added to the swimming pool fund. A rag ball social is being planned for April.

FROM TUCSON
PLAINVIEW, Minn. (Special) — Mr. and Mrs. Warren Woodcock arrived home last Tuesday from a winter vacation in Tucson, Ariz. They visited for several days with Mrs. Woodcock's mother and sister and the latter's husband at Downey, Calif., before returning to Plainview.

RETURN HOME
Mr. and Mrs. Leo J. Brom, 3655 6th St., Goodview, have returned from a three-week auto tour of the Southwest and Los Angeles. En route they toured Carlsbad Caverns, the Saguaro and Organ Pipe Cactus National Monuments, San Juan Capistrano and San Fernando Rey Missions, Death Valley, Hoover Dam and the Grand Canyon. While in Los Angeles, they were guests of Mr. and Mrs. Richard Gilman, former Winona residents.

JOLLY NINE CLUB
DAKOTA, Minn. (Special) — The Jolly Nine Club will meet Thursday at 8 p.m. at the home of Mrs. Otto Dobrunz. Any member not able to attend is to notify the hostess.

TO HAWAII
Mrs. E. E. Christensen, 153 W. Wabasha St., left Friday by plane for the Hawaiian Islands, flying via Seattle, Wash. She will be a guest of Mrs. L. E. Low of Winona at her home on Oahu about 25 miles from Honolulu.

SUNBEAM CHAPTER
LEWISTON, Minn. (Special) — The elected and appointed officers of Sunbeam Chapter 207, OES, will be installed at an open installation following the meeting of the chapter Tuesday evening. The meeting will start at 7:30 p.m. and the installation at 8:30 p.m. On the special committee are Mrs. Lillian Nesbit, Joseph Greuthurst, Fred Randall and Mr. and Mrs. Walter Schubert.

DORCAS SOCIETY
LEWISTON, Minn. (Special) — The Dorcas Society met Thursday evening and Mrs. William Karsten and Mrs. Edwin Kiese were appointed to the sick committee for March and April. The next meeting will be April 14, on the food committee are Miss Edna Voss and Mrs. Marvin Benise and on the entertainment committee Mrs. Arnold Burfeind and Mrs. Clarence Craven.

WCS MEETING
DAKOTA, Minn. (Special) — The WCS will meet Thursday at 2 p.m. at the home of Elsworth Brown in the village. Hostess will be Mrs. George Zenke.

DINNER GUESTS
PLAINVIEW, Minn. (Special) — Mr. and Mrs. Arthur Swanson and Miss Luella Lent, St. Cloud, and Mr. and Mrs. Donald Ziten and daughter Sandra Lee, Wahpeton, N. D., were guests Saturday at dinner at the home of the former's parents, Mr. and Mrs. Charles Swanson.

OPEN HOUSE
Mr. and Mrs. Richard Buege, 217 Franklin St., will be honored at an open house March 27 from 2 to 4 p.m. at the Red Men's Wigwag in celebration of their 40th wedding anniversary. No formal invitations are being issued. The couple has four children, Richard, Milwaukee, Wis.; Donald, Cedar Valley; Clifford, Ridgeway; and Ruth, at home.

Keep in Trim

Chances to Extend Life Span Good, Scientist States

By IDA JEAN KAIN

"Everybody wants to live a long time and nobody wants to grow old," according to the proverb. This being the first day of spring, when all earth is renewed, I discussed our chances of keeping young and living to a ripe old age with a scientist, Col. J. E. Ash, M.D., noted pathologist and Director of Laboratories at Suburban Hospital in Bethesda, Maryland.

Birthdays to the contrary, we do not all age at the same rate. The important factors in determining the rate at which an individual ages, the doctor explained, are not only nutrition, but the state of balance of our nervous and hormonal organs—and our environment.

On the nutrition score, the body requires materials for repairing worn and tear on its tissues, and for the up-keep of vital internal functioning. From this comes the belief that "you are what you eat." However, we are born with our cellular backgrounds. The absorption and utilization of the nutrients are dependent upon our inherited nervous and hormonal systems.

To the question, does science know how long the body is capable of lasting without carrying out in any vital part, the doctor replied: "Theoretically the body is capable of lasting indefinitely if we could control the supporting substances. The secret is largely locked up in the chemistry and physiology of the substances which hold the body cells together."

"Granted we do not know all the answers — are we taking full advantage of our present knowledge?" continued.

"Emphatically, no!" Dr. Ash averred. "If all that science has brought to light about the causes of aging were applied, we could make marked progress. It is true that man's life expectancy is longer. Statistics reveal that the life span has been materially extended. At the same time, an increasing number of folks are dropping off in the very prime of life."

The doctor blamed this seeming paradox on the speed-up in our rate of living and other unfavorable environmental factors.

But when the dietitian asked if the fast tempo cuts short the prime of life even more than overweight does, the doctor answered, "Probably not. While this tense man is particularly affected by our modern environment, the fat, placid man's life is jeopardized by the overtaxing of his vital organs — especially his heart."

Discounting the inevitableness of heredity, what can we do to stay young and live a long time? The first rule is to avoid excesses, in eating, drinking and smoking, and, secondly, to determine and respect our mental and physical capacities so as to avoid stresses, and tensions as much as possible.

Will science ever solve the mystery of aging? "Probably the answer will come when we know the cause of cancer," Dr. Ash concluded, "for then we will come pretty close to knowing what life itself really is."

PLAINS FATHER
PLAINVIEW, Minn. (Special) — Roy Edwards, Deerborn, Mich., visited Sunday at the home of his father, W. G. Edwards, and with other relatives.

WCS MEETING
DAKOTA, Minn. (Special) — The WCS will meet Thursday at 2 p.m. at the home of Elsworth Brown in the village. Hostess will be Mrs. George Zenke.

DINNER GUESTS
PLAINVIEW, Minn. (Special) — Mr. and Mrs. Arthur Swanson and Miss Luella Lent, St. Cloud, and Mr. and Mrs. Donald Ziten and daughter Sandra Lee, Wahpeton, N. D., were guests Saturday at dinner at the home of the former's parents, Mr. and Mrs. Charles Swanson.

OPEN HOUSE
Mr. and Mrs. Richard Buege, 217 Franklin St., will be honored at an open house March 27 from 2 to 4 p.m. at the Red Men's Wigwag in celebration of their 40th wedding anniversary. No formal invitations are being issued. The couple has four children, Richard, Milwaukee, Wis.; Donald, Cedar Valley; Clifford, Ridgeway; and Ruth, at home.

CAMP FUND
ETTRICK, Wis. (Special) — The sum of \$35 was realized by the Girl Scouts at their public program and lunch at the Community Hall Friday evening. With funds previously raised the scouts now have sufficient funds with which to spend a week at Camp Nawakwa, permanent Girl Scout camp at Cornell, Ettrick, Trempealeau, Rice Lake and Durand Girl Scouts will be at camp the week of June 28 to July 2.

TO MARYLAND
FOUNTAIN CITY, Wis. — Mr. and Mrs. Louis H. Giesen, Fountain City, left today by train for Severna Park, Md. and Ft. Meade. They will visit several weeks with their son, Lt. Col. Robert Giesen, and family. While they are in Maryland, Col. and Mrs. Giesen will go on a trip to Bermuda.

HONORED AT TEA
Miss Phyllis Hull, daughter of Mr. and Mrs. Louis Hull, Waukon, Iowa, who will be married to David D. Wilson, son of Dr. and Mrs. R. H. Wilson, 724 Washington St., March 27, was honored at an informal tea at the Wilson home, given for 100 guests Sunday afternoon. White roses and carnations centered the tea table at which Mrs. Louis Wilson, Mrs. Earle Welty and two cousins of Mr. Wilson, Mrs. Jack Putzier and Mrs. Urban Shugart, presided during the afternoon. Guests included the bride-elect's parents and her brother-in-law and sister, Mr. and Mrs. Harry Grindland, all of Waukon; Curtis Rohrer, Minneapolis, and Roland Wilson, St. Paul.

St. Mary's Chorus Presents Varied Concert Numbers

By MAY MURRAY

A nicely balanced chorus with quick response to its director, Brother Paul, FSC, presented music of many periods — from the Gregorian chant to present day Broadway musicals — at a concert sponsored by St. Monica's Guild of the Cathedral of the Sacred Heart Sunday evening in the Winona Senior High Auditorium.

The chorus, the St. Mary's College Concert Chorus, was joined for the program by the freshman chorus; baritone soloist, Edgar Stahl, and the college dance band.

The rich dignity of "Salve Regina" opened the program followed by the fugue and hallelujah of "Blessing Glory Wisdom and Thanks" by Bach-Trach. Another group appropriate to the Lenten season was a magnificent by Brother Paul, FSC, with swelling beauty smoothly presented. A modern arrangement of "Battle Hymn of the Republic" was highlighted by both chorus and piano excellence.

Brahms' "Love Song" contrasted with an unique treatment of Cole Porter's "Night and Day." "Down in the Valley" by Mead was given a melodious opening, reiterated later.

Such contrasts as a Russian folksong with its individualistic tempo and the Handel's Hallelujah Chorus were also included in the first half of the program, the latter arranged in four parts for men's voices, rising to its traditional crescendo.

Kern's "All the Things You Are" and "The Song of the Vagabond" from Friml's operetta were sung by Edgar Stahl, whose rounded, rich tone was enthusiastically applauded.

Excerpts from Rachmaninoff's Second Concerto and the Mendelssohn "Wedding March" were offered in duo-piano arrangements with skilled technique by Ronald Korajczyk and Brother Paul who concluded this section of the program with a Dior A-line rendition of "Le Grand Galop de la Rue Douzime" (Twelfth Street Rag).

The freshman chorus appeared with nice harmony in two favorite barbershop melodies arranged for choral singing and in a Negro spiritual and a group of modern day musical offerings by Rodgers and Hammerstein and from "Brigadoon" and "The Student Prince" were offered by the chorus. The dance band entertained with several gay numbers and as a high-light finale, the Soldiers Chorus from "Faust" concluded the program.

Accompanists whose competent work added the enjoyment of the concert, were Mr. Korajczyk and Daniel Shrake.

CIRCLE A
Circle A of St. Mary's Catholic Church will meet with Mrs. George Modjeski, 4340 7th Ave., Goodview, Wednesday at 2 p.m.

BADGER SQUARES
FOUNTAIN CITY, Wis. — The Badger Squares will entertain at a square dance in the auditorium here at 8:30 p.m. Tuesday. A pot-luck lunch is planned.

TO MARYLAND
FOUNTAIN CITY, Wis. — Mr. and Mrs. Louis H. Giesen, Fountain City, left today by train for Severna Park, Md. and Ft. Meade. They will visit several weeks with their son, Lt. Col. Robert Giesen, and family. While they are in Maryland, Col. and Mrs. Giesen will go on a trip to Bermuda.

Missionary Society To Mark 28th Year

The Calvary Free Church Missionary Society will celebrate its 28th anniversary Tuesday at 8 p.m.

The Rev. Gordon Kling, Rochester, pastor of the newly organized, Evangelical Free Church of that city, will be the guest speaker. The Rev. Mr. Kling is also chairman of the North Central District of the Evangelical Free Church. He and his wife will present a vocal and instrumental program of music.

After the program a lunch will be served. The program is open to the public.

PTS Entertains At Card Party

DODGE, Wis. (Special) — The meeting of the PTS organization of the Sacred Heart parish, Pine Creek, was followed by a card party in the parish hall Thursday evening.

Mrs. Joseph Tullus presided at the meeting in the absence of the president, Mrs. George Wener.

It was disclosed that the organization has purchased Bible histories and church history text books for the school, and will order readers for the third and fourth grades.

Cards were played at 12 tables. Vincent Bambenek and Mrs. Eugene Zabinski were high scorers in schafskopf. In 500, Marcel Jaszewski and Mrs. Domicio Glowacki were winners. Bunco awards went to Cyril Pehler Jr. and Diane Patzner. Richard Moga received the attendance prize, Joan Bambenek, a special prize furnished by the committee, and Frank Blocki, a prize given by the sisters.

On the entertainment and lunch committee were the Mmes. Marcel Jaszewski, Joseph Kujak, Richard Lince, Gabriel Moga and Marcel Rothering.

The next meeting and entertainment will be April 14. The Mmes. Chauncey Kline, Clarence Kline, Hubert Jerezek, Ray Jerezek and Lambert Lidia are on the committee.

BIRTHDAY CELEBRATED

ALTURA, Minn. (Special) — A large number of friends and relatives gathered at the Edwin Kobler home, Altura, Saturday night to help Mr. Kobler celebrate his birthday.

Cards were played and a midnight lunch was served.

PTA SPEAKER

ARKANSAW, Wis. (Special) — County Superintendent Wilbur M. Gibson addressed the Paradise Valley PTA on Friday night on recent educational bills introduced in the Legislature. He also played several piano selections.

JOLLY THIRTEEN
MILLVILLE, Minn. (Special) — The Jolly Thirteen met at the Donald Plank home last Friday evening, honoring Mrs. William Ryan on her birthday. Games were played and prizes given and Mrs. Ryan was presented with a birthday gift. The Mmes. Plank and David Wadley served the lunch.

GIRLS STATER NAMED

LEWISTON, Minn. (Special) — Susan Nordness, daughter of Mr. and Mrs. James Nordness, has been chosen as the Girls State representative from here and Geraldine Sackreiter, daughter of Mr. and Mrs. Marvin Sackreiter, as alternate.

Mrs. Clyde Haedte, local and district Girls State chairman, is making all arrangements for the delegate.

IOOF, Rebekahs, Twirlerettes at Regional Session

Winona Odd Fellows and Rebekahs and their friends who attended the regional meeting at Byron, Minn., Saturday evening were Messrs. and Mmes. Charles Flanagan, Rudden Sparrow, Bruce Reed, Milton Reed, Leonard Karsten and Lee Ayles, Mrs. Olga Zimdars, Mrs. Mayme Reynolds, Mrs. Minnie Schellhas, Miss Pauline Phillips and Charles M. Flanagan. The Winona Twirlerettes, under the sponsorship of the Winona lodges, appeared on the program as one of the highlights of the evening's entertainment. The Byron High School band under the direction of Clarence Lee, presented a short concert.

Following the entertainment, in the Byron High School gymnasium, lunch was served by the Byron Rebekahs and a social hour was enjoyed.

Special Music at St. Patrick's Teen-age Dance

DAKOTA, Minn. (Special) — The teen-age dance on St. Patrick's night at the Treagon Ballroom in Dakota, was a success. Teen-agers will be notified in advance of the next party which will be after Easter.

Added attraction of the evening was music by Jean Luedke and Lorraine Dobrunz, on the accordions, Richard Brostrom at the piano, and Larry Brostrom on the drums. Jean Luedke also played the piano while Richard Brostrom played the accordion. Those attending are being given square dance, folk dancing and ballroom dancing instruction.

Approximately 75 were present. All interested persons are invited to take turns in chaperoning and supervising the dances.

FLOWER SOCIETY LEWISTON, Minn. (Special) — The Lewiston Flower Society will meet Tuesday evening with Mrs. Harold Cady.

RED CROSS GIFT

ETTRICK, Wis. (Special) — The sum of \$5 has been voted to the American Red Cross by St. Bridget's Altar Society.

FIREMEN'S AUXILIARY

DAKOTA, Minn. (Special) — The Dresbach-Dakota Firemen's Auxiliary will meet Wednesday at 8 p.m. in the Dresbach Fire House.

LENTEN TEA

A Lenten tea will be sponsored by the Circle I of St. Martin's Lutheran Church in the school auditorium Wednesday at 3 p.m. The tea is open to members and friends.

RETURNS HOME

DODGE, Wis. (Special) — Mrs. Celia Brom returned to her home here Saturday after spending five months with her son-in-law and daughter, Mr. and Mrs. Edward Coelln, Davenport, Iowa.

IN COLUMBUS

PLAINVIEW, Minn. (Special) — The Messrs. and Mmes. Ralph Edwards and Kenneth Briggs were in Columbus, Ohio, a few days last week to visit the Edwards' daughter, Eileen.

ANNOUNCE ENGAGEMENT

RUSHFORD, Minn. — Mr. and Mrs. T. C. Zitzow, Rochester, Minn., announce the engagement and coming marriage of their daughter, Arlene Lois, to Carrol B. Jorde, son of Mr. and Mrs. Tilman Jorde, Rushford, Minn. A June wedding is planned.

FOOD SALE

USWV AUXILIARY

Clarence Miller Camp 5, USWV., and Auxiliary 2 will meet at the VFW Club at 8 p.m. today. Articles for the department bazaar are to be brought to the auxiliary meeting by members. Lunch will be served.

The American Cancer Society

points out that the only approved means of curing cancer today are surgery and radiation by x-ray or radium

Pay Hike for Postal Workers Goes to House

WASHINGTON (AP)—A 150-million-dollar pay raise for postal workers headed toward a House vote today.

In advance of House action, President Eisenhower said he would view with "gravest apprehension" any further additions to the 7 1/2 per cent average increase provided by the postal pay bill.

He noted that the postal increase will set the pattern for 1,200,000 civil service employees. This bill is still in committee.

The President's views, contained in a letter Saturday to Chairman Murray (D-Tenn) of the House Post Office Committee, clearly implied a probable veto of any bigger increase.

They also underscored a statement last week by Chairman Philip Young of the Civil Service Commission that the government cannot afford more. It already faces the need of financing government-wide employee benefits totaling more than a billion dollars a year, he said. These are raises and other benefits proposed and pending.

The House pay bill called for a minimum 6 per cent and an average 7 1/2 per cent raise. It also reclassified pay schedules, with higher new pay grades for some 300,000 carriers, clerks and mail truck drivers.

They also underscored a statement last week by Chairman Philip Young of the Civil Service Commission that the government cannot afford more. It already faces the need of financing government-wide employee benefits totaling more than a billion dollars a year, he said. These are raises and other benefits proposed and pending.

Judge Says Hubby Can Kiss and Chew

CROWLEY, La. (AP)—City Judge Edmund M. Reggie holds a wife has no grounds for a fight when her husband tries to enjoy a good-by kiss and a plug of chewing tobacco at the same time.

He found Mrs. Winston Bertrand guilty of committing simple battery on her husband and gave her a suspended sentence of \$15 or 10 days in jail.

Mrs. Bertrand testified she pushed him in the face in a spat after her refusal to kiss him good-by while he was chewing.

Rushford VFW Post Elects New Officers

RUSHFORD, Minn. (Special)—George Himle was named commander of the Joseph M. Johnson Post 5905, Veterans of Foreign Wars, last week.

Others elected were: Wendell Nordby, senior vice commander; Herbert Thompson, junior vice commander; Earl L. Johnson, quartermaster; Arthur Miller, post advocate; Norman Ebner, chaplain; Robert Hanson, surgeon, and Raymond Manion, trustee.

Other officers will be filled by the commander's appointment, with installation ceremonies slated for April.

Churchill Wrote Mendes-France on Big Four Meet

PARIS (AP)—Former Premier Pierre Mendes-France revealed today that British Prime Minister Churchill wrote him early this year opposing any Big Four meeting until final ratification of West German rearmament by all governments concerned.

Mendes-France made public letters he and Churchill had exchanged in January. Foreign Minister Antoine Pinay had referred to the letters in an appearance before the Foreign Affairs Committee of the French upper house.

According to the texts released by Mendes-France, Churchill wrote Jan. 12 that until ratification of the Paris treaties was completed, he did not favor any meeting or invitation for a meeting either of heads or of foreign ministers.

Churchill's letter was in reply to a personal letter from Mendes-France written Jan. 5, a week after the French National Assembly approved the treaties.

The French Premier told Churchill French public opinion needed to be assured that putting the treaties into effect would not hinder a Western policy of seeking peace. He suggested France propose to Russia the opening of negotiations for a Big Four meeting in May.

Churchill replied: "How ever much we appreciate your difficulties and admire your efforts. . . I and my colleagues are firmly resolved that there should be neither a meeting nor an invitation of any kind" until after all signers of the Paris treaties had ratified them.

The British Prime Minister added that he had the complete agreement of the United States on this.

PLUMMER SCHOOL
ARKANSAS, Wis. (Special)—Mrs. Robert Severson, Durand, star route, will teach at the Plummer School, Town of Waterville, again next year. School board members are: George F. Plummer, clerk; Lyman King, treasurer, and Abner Bignell, director.

Pakistan Nips Plot to Kill Cabinet Members

KARACHI, Pakistan (AP)—The Sind provincial government says it has nipped a plot to assassinate Cabinet members and has arrested the speaker and half a dozen members of the province's Parliament.

The arrest of several other Assembly members also was reported. Chief Minister Mohammed Ayub Khurro said in a statement, however, that the "conspiracy" was "well under control."

The parliament was scheduled to meet today in Hyderabad, the provincial capital 90 miles northeast of Karachi. Heavy police guards surrounded the legislative building, and all other meetings of more than five persons were banned.

The government said those arrested included Ghulam Ali Talpur, the Parliament speaker and a minister in Pakistan's central government until three days ago, and Pir Ellahi Bakhs, former chief minister of the province. Both are opponents of Chief Minister Khurro.

The chief provincial court recently upheld an application from Bakhs contending that Khurro's appointment was illegal. Khurro has appealed the decision to the federal court.

Trempealeau Co. Pays \$47,945 in Pensions

WHITEHALL, Wis. (Special)—A total of 897 persons received \$47,945.16 in pensions during March from the Trempealeau County welfare department headed by Judge A. L. Twesme here.

Of the total, \$7,177.67 will be paid by the county, with the remainder absorbed by the state and federal offices.

The 648 persons on old-age assistance received \$37,753.81, with the county paying \$5,165.84, while \$7,993.45 in ADC payments were allotted to 215 persons. The county's share of the latter is \$1,706.74.

Aid to the disabled totaled \$1,380.25 for 20 recipients and 14 blind pensioners received \$817.65.

PLAINVIEW METHODIST MEN
PLAINVIEW, Minn. (Special)—The Men's Club of the Methodist Church will meet today at 8 p.m. A ladies night, previously scheduled for tonight, has been postponed until April.

PLUM CITY STUDENT
PLUM CITY, Wis. (Special)—Miss Lavonne Mattson, daughter of Mr. and Mrs. Edmund T. Mattson, has been placed on the dean's list at the Gustavus Adolphus College, St. Peter, Minn. The dean's list requires a B average or better.

Girl Bullfighter Wins Approval for Bravery, Skill

CIUDAD ACUNA, Mexico (AP)—A blonde woman bullfighter from the United States fought hysteria and fatigue yesterday to kill her second bull with such skill she won its ears and tail.

Patricia Hayes, 23, was knocked to the sand six times in fighting two successive bulls. Her second bull was especially unruly, but when the "moment of truth" came she won cheers.

The "moment of truth" is the climax of the bullfight — when matador and bull face each other, then the matador reaches over the dangerous horns to kill the bull by plunging a sword between its shoulders.

Patricia shoved and beat off attendants who wanted her to leave the ring. Gasping for breath, she went into mild hysteria as she poised with muleta and sword for the second bull's final rush.

The snorting bull's headlong run at the slender woman came to a lurching end when Miss Hayes, steady with cape and sword, reached over the horns for the kill.

Freeman Considers Ex-Wage Head for Job Security Post

By JACK B. MACKAY
Associated Press Correspondent
ST. PAUL (AP)—Gov. Freeman is giving serious consideration to naming Ira Polley, former regional director of wage stabilization in Minneapolis, as Minnesota's new director of employment security, The Associated Press learned today.

F. Wilbur Nichols, St. Paul, notified Gov. Freeman Feb. 25 he intended to resign March 31. Nichols has accepted a post as vice president of the North Oaks Development Co., of which Louis W. Hill, Jr., is president.

The governor had asked Nichols, for whom he has a high regard, to keep his resignation secret at least until March 15 while he "looked around" for a successor. A few days ago, news of Nichols' resignation leaked out.

Polley, 38, joined the National Labor Relations Board office in Minneapolis in 1942. He then went into the Navy during World War II, and upon his discharge in 1946, he returned to that office. He is now a professor of political science at Wayne University in Detroit, Mich.

On July 1, 1951, Polley was appointed wage stabilization director in charge of Minnesota, North and South Dakota and Montana. He was a field examiner at the time in the NLRB.

Egypt Calls for Return of Desert To Arab Control

NEW YORK (AP)—The New York Times reported today that an Egyptian spokesman has called for the return of the Negev Desert—now held by Israel—to Arab control as a condition for Arab defense cooperation with the west.

A Times dispatch from Cairo quoted Maj. Salah Salem, Egyptian national guidance minister, as saying also in an interview that Western and Egyptian views on Middle East defense might be reconciled if Washington and London ended the efforts Egypt charges they are making to prevent formation of an all-Arab defense alliance.

Salem has been the chief Egyptian negotiator on the defense alliance which his government hopes to sign soon with Syria and Saudi Arabia as a counter to the Turkish-Israeli pact. The Egyptian minister announced yesterday that details of the pact had been agreed but the signing date had not been fixed.

The Negev Desert makes up the southern third of Israel and separates Egypt from Jordan. Salem, according to the Times dispatch, argued the Arabs must have the defense arrangement, their military lines of communication would have to cross it.

"How could such a defense plan work without linking Israel to the system, and that is something the Arabs would never accept," he reportedly declared.

Advice on Health Ulcerative Colitis Hits Middle-Aged

By H. N. BUNDESEN, M.D.
A change in your bowel movements is often the first sign that something is wrong within your body.

Chronic ulcerative colitis is an example. This is a long-continued inflammation of the large intestine, with ulcers or sores forming in the bowel.

The disorder comes on gradually, as a rule. Usually, the first indication is increased bowel movements, mild pain in your abdomen and the appearance of blood in the bowel movement. Even before this, you might have noticed slight symptoms such as hemorrhage, which you probably mistakenly attributed to piles.

As the condition becomes worse, you might have as many as 10 to 20 bowel movements a day. Often you will have cramps, too. You'll probably lose your appetite and you might have a slight fever during the evenings.

Usually, Middle-Aged Anyone may get ulcerative colitis, but it usually occurs in persons between 20 and 40. Children sometimes get it; elderly persons seldom are bothered. If you are under great emotional stress, you are a better candidate for this ailment than a calm person.

We don't know the exact cause, but there are theories that ulcerative colitis is due to nervous disorders, infection with streptococcus germ or even allergy.

Generally, the disease is a prolonged one. You will probably feel quite improved for a while, have a relapse, and then feel better again. While there is no specific treatment, there are several general rules to follow.

First, you must get plenty of rest, both mental and physical. One of your doctor's most important jobs in such a case is to keep up your spirits. You can do a lot for yourself, too. Above all, stop worrying. Maybe reading, or short walks, will get your mind off your troubles.

During the acute stage, you must remain in bed and have absolute quiet. When your temperature subsides, your doctor probably will allow you to return to your regular activities gradually. Take a nap, or at least rest in bed for one hour after your noon meal each day. Be as completely at rest as possible when you are not working.

Use of Heat I think you'll find application of heat to your abdomen helpful. Use either an electric heating pad or a hot water bottle.

Proper diet, of course, is extremely important, too. I'll tell you what you should and should not eat in my next column.

In some cases, surgery is needed. Most conditions are greatly improved by ileostomy and maybe later colectomy.

QUESTION AND ANSWER
Mrs. E. T. W.: How long can a person take sleeping sedatives continuously, and do they damage the nervous system?

Answer: Preparations for producing sleep should be taken only under the direction of a physician. Excessive use may be harmful to the nervous system.

AUTOMOTICITY EXPLAINED

Look, Mom, Factory's Running Without Hands

By SAM DAWSON

WASHINGTON (AP)—Let your senator get curious about what makes the ticker tape at the stock exchange tick and he'll get wound up in the strangest things.

Automotically, for instance. Or why Bessie is having trouble getting married in Youngstown. Or why one of the nation's top-paid industrialists has to borrow at the bank for personal reasons.

The Senate Banking Committee, which is nearing the end of its study of how Wall Street operates, never has found out exactly what automotically is.

It was Chairman Fairbright (D-Ark) who observed plaintively that he was having trouble understanding what automation was.

So to be helpful, Harlow H. Curtice, president of General Motors, who was on the witness stand at the time, threw out the word automotically as a substitute. The senator recoiled, as well he might. And the matter was dropped with almost unseemly speed for a senatorial hearing.

Automation has been bothering others here too. President Eisenhower refers to it as "another word that has now arisen to plague us some."

To most folk it probably seems to mean: "Look, Mom, the factory's running without hands."

President Eisenhower says it means finding ways of doing work with fewer man-hours devoted to it. Curtice calls it "making tools to produce goods more efficiently than you did last year." Engineers, of course, define it as running a factory as nearly automatically as possible.

Bessie gets into the stock market hearing strictly by the back door. Bessie is the name Wall Streeters use when they should be saying Bethlehem Steel Corp. A committee member, Sen. Douglas (D-Ill), wrote a letter to the Justice Department asking how about Bessie's known yen to merge with Youngstown Sheet and Tube Co. And the Justice Department has just replied that it will ask the courts, if Bessie persists, to halt the wedding.

Curtice agreed with one senator that debt was a problem. He said he'd had to go to the bank for a personal loan so he could take advantage of his rights as a GM stockholder to buy more shares under the recent stock offering. He said that neither the company nor he really enjoys being in debt.

Slayer Denied Request to Attend Wife's Funeral

MEDFORD, Wis. (AP)—Steve Storteky, Taylor County dairy farmer accused of slaying his wife after shooting at her feet to make her dance, remained in his jail cell today while funeral services were held for her at the hamlet of Lubin.

Storteky, 43, is accused of second degree murder. Dist. Atty. Raymond Scott, who took Storteky to Madison for a lie detector test, said Storteky will be arraigned Thursday in Circuit Court here. He's being held under \$15,000 bond.

Mrs. Julia Storteky, 37, was shot Wednesday and died later at a hospital. Scott said because of feeling in the community it was decided not to allow Storteky's request to attend the funeral.

Scott, after charging Storteky, took him to the state crime laboratory for the lie detector test.

Scott said after the day long examination Saturday Storteky must have been pretty befuddled with alcohol because he could remember few details of the incident.

One of the American Cancer Society's chief goals is to improve services to needy cancer patients.

Gull Lake Resort Operator Dies in Head-on Crash

By THE ASSOCIATED PRESS

A Gull Lake resort operator was killed in a head-on automobile collision Sunday night and seven other persons were hurt in the crash near Little Falls.

Death of Arthur Needham, 50, rural Brainerd, raised Minnesota's 1955 traffic toll to 102, compared with 125 during the same period last year. Other weekend victims included teen-aged boys from Little Fork and Anoka.

Five passengers in Needham's car were hospitalized at Little Falls.

Lance Sundberg, 14, Anoka, died Saturday night after he was hit by a car when his mother's auto became stalled near their home.

Anoka County Sheriff Mike Auspos said the Sundberg car was struck three miles north of Anoka. The boy and his mother, Mrs. Margaret Sundberg, 39, got out and both were struck by a car driven by Lowell Pankonin, 30, rural Anoka. Mrs. Sundberg suffered a broken leg and Pankonin sustained cuts. Two small Sundberg children inside the car were not hurt.

Kenneth Stuvland, 18, Little Forks, died after the car he was driving collided with another in swirling snow south of Little Fork Saturday. The second driver, Air Force Cpl. Carroll Chapman, Oakland, Calif., was hospitalized in critical condition with multiple fractures. Officers said the two apparently were blinded by blowing snow.

George Baker, 23, Monticello farm worker, was killed Saturday when his car collided with a truck within the village limits.

Wisconsin Deaths
The death toll from weekend accidents in Wisconsin mounted today to five.

Two Beloit youths, Richard Rahrn, 20, and Roger Oviat, 19, were killed early Sunday when their auto left Highway 15 near Beloit and struck a tree.

Charles Draves, 34, of Fort Atkinson, died Sunday at a Fort Atkinson hospital of injuries received Saturday in a two-car crash on Highway 18 near his home community.

Harry Ebling, 24, of Fond du Lac, was injured fatally Sunday when his auto struck a tree after leaving Highway 151-55 at curve two miles north of Fond du Lac.

Herman Kruse, 53, suffered fatal injuries Saturday when he slipped and fell down a flight of stairs at Racine.

Black Stallion Wins Animal World Oscar

NORTHRIDGE, Calif. (AP)—A black stallion named Gypsy has won an animal kingdom version of the Oscar.

He was awarded the Patsy award—for the picture animal top star of the year—for his part in the film "Gypsy Colt."

The event, sponsored by the American Humane Assn., was held yesterday at Devonshire Downs in this San Fernando Valley community.

Second place went to Francis the mule for "Francis Joins the Wacs" and third to the seal Esmelda for "20,000 Leagues Under the Sea."

Bed-Ridden by Flu, Man Dies in Fire

TRACY, Minn. (AP)—James Graham, 33, a car salesman bed-ridden by flu, died Saturday in a fire touched off by a kitchen stove explosion in his parents' home. Graham was trapped in a second floor bedroom when the fire swept rapidly through the frame house.

Winona Deaths

Fred A. Laabs

Funeral services for Fred A. Laabs, 521 Wall St., were conducted at 2 p.m. today at St. Martin's Lutheran Church, the Rev. A. W. Sauer officiating. Burial was in Woodlawn Cemetery. Pallbearers were Wilbur Rieck, Robert Kluzik Sr., Robert Kluzik Jr., Earl Bigelow, Samuel Kohal and Henry Buermann.

Mrs. Anna Davis

Mrs. Anna Davis, 556 W. Sanborn St., died at 3:55 p.m. Saturday at the Winona General Hospital. She had suffered a stroke a week before. Mrs. Davis recently returned to this country from a trip to Hawaii, and had visited in Detroit, Mich., before coming here to visit her son.

Survivors are seven children, Mrs. Everett Dunham, Mrs. Emery Dean, Mrs. Kenneth Rusch and Mrs. Everett Miller, Ottumwa, Iowa; Richard, Detroit, Mich.; Ross, Seattle, Wash., and David, Winona.

The body was taken Sunday to Ottumwa for funeral services. Burial will be at Reinbeck, Iowa.

1st Lt. Robert Workman

Funeral services for 1st Lt. Robert Workman, 26, who died March 13 when he was blown out of a jet airplane near Monday Corner, S. D., will be held Tuesday at 2 p.m. at St. Paul's Episcopal Church, the Rev. George Goodred officiating. Burial will be in Woodlawn Cemetery.

His body is scheduled to arrive this evening at the Breilow Funeral Home. The family prefers memorials.

Lt. Workman was born in Winona June 16, 1928. He entered the Marine Corps after graduating from Winona Senior High School in 1946. After a year with the Marines, he enrolled at Winona State Teachers College and a year later transferred to the University of Minnesota where he studied aeronautical engineering for two years. He entered the Air Force in August 1950.

Lt. Workman received his wings Sept. 13, 1952, and had been assigned to jet aircraft since that time. His present tour of duty would have ended in September.

Surviving are: His mother, Mrs. Gladys Workman, 112 E. Howard St., a sister, Mrs. Joseph Wicka, 510 Hamilton St., and his maternal grandparents, Mr. and Mrs. George Murray, 422 Center St.

Two-State Deaths

Mrs. Peter Riester

KELLOGG, Minn. (Special)—Mrs. Peter Riester, 75, died at 11:30 a.m. Saturday at Hamilton, Tex., hospital of a heart condition.

She had been visiting her daughter, Mrs. W. B. Edmiston, and was ill a week prior to her death. Her husband died in Hamilton two years ago while spending the winter there.

Mrs. Riester was born at Wabasha June 29, 1879, the daughter of Mr. and Mrs. Joseph Passe. She was married at St. Felix Catholic Church, Wabasha, Sept. 11, 1900. They celebrated their golden anniversary in 1950. She was a member of the St. Agnes Altar Society.

Survivors are: A son, Joseph, La Crosse; two daughters, Mrs. Martin (Marion) Kennebeck, Kellogg, and Mrs. Dorothy Edmiston, a sister, Miss Anna Passe, Rochester; three grandchildren, and two great-grandchildren. Her husband, parents and three brothers are dead.

Funeral services will be held at 9:30 a.m. Wednesday at St. Agnes Catholic Church here, the Rt. Rev. B. A. Kramer officiating. Burial will be in St. Agnes Cemetery.

The Rosary will be said at 8 p.m. today at the Wise Funeral Home, Wabasha. Msgr. Kramer officiating.

Charles H. Follensbee

CHATFIELD, Minn. (Special)—Charles H. Follensbee, 83, resident here for many years, died Saturday at 3:45 p. m. at his home.

Funeral services will be held Tuesday at 2 p. m. at the Boetzer Funeral Home, the Rev. Charles H. Dierenfeld officiating.

He was born July 2, 1871, in High Forest Township, Olmsted County, and married the former Virginia Matteson Feb. 9, 1925, at Chatfield. He was an engineer for many years at the Chatfield public school.

Surviving are: His wife; three sons, William and James, Eureka, Mont., and Robert, Chicago; 14 daughters, Mrs. Sid Ferguson, Corvallis, Ore.; Mrs. Walter Lougee, Chicago; Mrs. Patricia Cunningham, Mrs. Albert Kohlmeier, Mrs. Clement Keese and Mrs. Vernon Danielson, all of Chatfield; Mrs. Donald Aug, Preston; Mrs. Ray Pellowski and Charlotte, both of Rochester, and Diane, Elizabeth, Shirley, Barbara and Kathryn, all at home; one step-son, William Elliot, Orlando, Calif.; two brothers, Harry and Clarence, both of Canada; one sister, Mrs. J. F. McAdams, Rochester; 27 grandchildren and four great-grandchildren.

Pallbearers will be Lott Campion, Harry Sisson, Charles Brown, Paul Griffin, Lawrence Wurtzler and James Rogers, all of Chatfield.

Friends may call at the funeral home until time of services.

Burial will be in the Chatfield cemetery.

Theater Landmark At Hector Burns

HECTOR, Minn. (AP)—The Palace Theater, a 55-year-old landmark here, was destroyed by fire Saturday afternoon a few hours before the evening movie was to start. No one was in the frame structure when the fire broke out.

George A. Selke, speaking before students and faculty members from eight colleges, said that schools should be urged to pursue "the search for truth."

Selke spoke to delegates to the Minnesota Citizenship Clearing House Conference. He is a former president of St. Cloud Teachers College.

Cancer as a killer has risen from eighth place in 1900 to second place today, says the American Cancer Society.

2 Held at Moorhead Admit N.D. Breakins

MOORHEAD, Minn. (AP)—Two men have admitted taking part in three break-ins at Moorhead, N.D., and authorities plan to question them in connection with other burglaries.

In custody here are Ervin Anderson, 39, rural Fergus Falls, Minn., and Marvin Nelson, 35, Minnora. Authorities said the men have admitted taking part in burglaries in the municipal liquor store, a Standard Oil Service station and a Farmers Union station. Both have been charged with burglary.

Freeman Secretary Favors Free Speech

ST. CLOUD, Minn. (AP)—Gov. Freeman's executive secretary Saturday said teachers should be allowed to express their political beliefs without fearing reprisals from the community.

George A. Selke, speaking before students and faculty members from eight colleges, said that schools should be urged to pursue "the search for truth."

Selke spoke to delegates to the Minnesota Citizenship Clearing House Conference. He is a former president of St. Cloud Teachers College.

Cancer as a killer has risen from eighth place in 1900 to second place today, says the American Cancer Society.

St. Paul's Cathedral Now Wired for Jazz

LONDON (AP)—Electricians checked the wiring at famous St. Paul's Cathedral today trying to discover the source of mysterious jazz music that burst upon the congregation.

The music emerged from the cathedral's internal loudspeaker system at the end of evensong Sunday night.

"It was dance music," said Organist W. H. Gabb. "It did not last long. The service had just ended when it happened."

Authorities thought the loud-speaker system might have gotten tangled with a British Broadcasting BBC program. But the BBC said it wasn't broadcasting music at the time.

Incidentally, no one recognized the jazz tune.

Minneapolis, Kenosha Men on Plane

MINNEAPOLIS (AP)—Roy F. Hance, 41, Minneapolis, one of 23 persons injured in crash of an American Airlines plane at Springfield, Mo. Sunday night, is employed by the Spencer Air Conditioning Co. of Minneapolis.

Hance, who lives at 4528 York Ave., South, was en route to Springfield to supervise an air conditioning job at a department store. He had originally planned to leave Minneapolis today but boarded a plane Sunday to meet a company official at Springfield.

Hance's wife said Burge Hance at Springfield said Hance suffered a head injury.

M. B. Steinmetz, Kenosha, Wis., another passenger, was reported treated at a local hospital. The extent of his injuries was not available.

Use Common Sense About ARTHRITIS, RHEUMATISM

Every time a pain spasm hits you—remember this message. First—relieve that pain with famous PRUVO—the fastest acting, longest lasting, best-tolerated relief you can get. Second—with PRUVO pain relief—you can gently exercise the affected area to produce natural stimulation of blood flow.

This is the common sense answer—pain relief—quick, blood stimulating action in affected areas to let nature work for you. Do this sound too simple, too easy, too good to be true?

No matter what you have been paying for the relief of nagging pain from Arthritis or Rheumatism you can save money by insisting on PRUVO in the \$1.50 Trial Size Bottle or the \$7.50 Hospital Size. GET PRUVO PAIN RELIEF TABLETS AT LEADING DRUG STORES

Don't be wise to see for yourself just why PRUVO can do what you suffer while others enjoy PRUVO pain relief? Follow the directions on the PRUVO label—and as the pain fades away from fingers, arms, back or legs start moving them for at least a few minutes. Then rest in complete comfort. It is important that you get genuine PRUVO Tablets—called by many the wonder formula using true prescription ingredients. Satisfaction is guaranteed by the makers of PRUVO.

Pravda Claims Yalta Documents Aren't Authentic

MOSCOW (AP)—Pravda has accused the U.S. State Department of trying to smear the 1945 Yalta conference by publishing "by no means authentic" documents.

"Attempts to discredit the Crimean conference led only to discrediting the United States," the Communist party paper said. "Ruling circles in the United States once again exposed themselves as the enemies of peace and international cooperation. Their actions have given rise to new suspicions among the United States' partners in NATO and have increased contradictions among them."

"Ruling circles in the United States once again exposed themselves as the enemies of peace and actions have given rise to new suspicions among the United States' partners in NATO and have increased contradictions among them."

"Ruling circles in the United States would like to blacken the whole idea of international negotiations between great powers and thereby hinder the lessening of international tension," Pravda charged.

Halves of fresh pears filled with creamstyle cottage cheese and garnished with crisp green pepper rings make fine lunch or supper salads. Arrange the pears on lettuce and serve the salad with mayonnaise or French dressing.

Serving in The Armed Forces

A.A. Donald W. M. Kutcharo, son of Mrs. Lucille Kutcharo, 850 E. King St., is attending a 14-week Navy school at Memphis, Tenn. He was previously stationed at Norman, Okla. His address is: Class 5507, Bks. S-239, Wing 10, AM (A) School, NATTC, Memphis, 15, Tenn.

Col. Richard E. Kalsor, son of H. W. Kaiser, 410 E. 4th St., recently participated in "Exercise Roundup" with the Army in Austria. A personnel clerk with the 24th Medical Ambulance Company, he entered the Army in January 1953.

WOODLAND, Minn. (Special)—Pvt. La Verne Steffen left Tuesday for Ft. Leonard Wood, Mo., after spending a 12-day furlough here. His bride of March 10 will reside with her parents.

MILLVILLE, Minn. (Special)—William Polson has returned to the home of his parents, Mr. and Mrs. William Polson, after receiving his discharge from the armed forces. He served 19 months in Korea and Japan.

MELROSE, Wis. (Special)—A.J.C. Ronald D. Radcliffe, who completed his training at Francis E. Warren Air Force Base, Cheyenne, Wyo., spent two weeks with his parents, Mr. and Mrs. Wayne Radcliffe. He reported at Park Air Force Base, Oakland, Calif., to be sent to Korea.

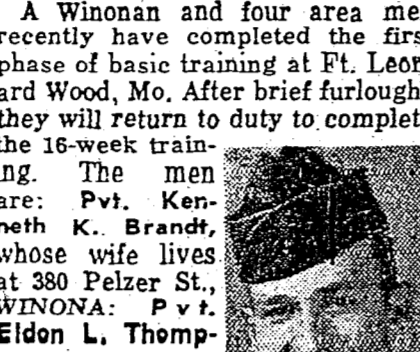

Pvt. Robert W. Olson, son of Mr. and Mrs. Olaf Olson, Melrose, is with the 1st Infantry Division in Germany. He is a truck driver with the 7th Field Artillery Battalion's Headquarters Battery.

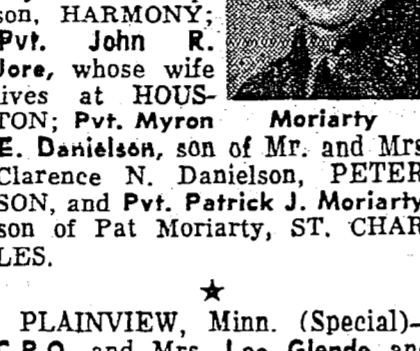

Thompson

Brandt

Danielson

Jore

A Winonan and four area men recently have completed the first phase of basic training at Ft. Leonard Wood, Mo. After brief furloughs they will return to duty to complete the 16-week training. The men are: Pvt. Kenneth K. Brandt, whose wife lives at 380 Pelzer St., WINONA; Pvt. Eldon L. Thompson, son of Larnie C. Thompson, HARMONY; Pvt. John R. Jore, whose wife lives at HOUSTON; Pvt. Myron E. Danielson, son of Mr. and Mrs. Clarence N. Danielson, PETERSON; and Pvt. Patrick J. Moriarty, son of Pat Moriarty, ST. CHARLES.

PLAINVIEW, Minn. (Special)—C.P.O. and Mrs. Lee Glende and sons will sail March 24 aboard the SS Argentina for Montevideo, Uruguay, where he will help organize Naval missions. He will be stationed there for two years. Mrs. Glende is a sister of Mrs. Frank Mrachek.

ETRICK, Wis. (Special)—The address of A.J.C. Donald Johnson is: Box 473, 3366th St., Squad., Amarillo Air Force Base, Tex. Airman Johnson is training in mechanics on medium jet bombers. He is the son of Mr. and Mrs. Jennings Johnson.

E.N.C. Albert J. Ihde, Winona and area Navy recruiter, announced today that the Navy is now accepting young men with high school diplomas for enlistment under the high school graduate program. Qualified young men will be assured assignment to one of the 56 schools in four fields.

All true lilies are natives of the northern hemisphere.

Democrats Plan Campaign on GOP 'Neglect of Voter'

WASHINGTON (AP)—Democrats appear to be aiming their 1956 campaign strategy at efforts to convince the average voter that the Eisenhower administration isn't particularly interested in his welfare.

A Democratic strategist who asked not to be quoted by name said today there is in prospect a stepped-up political attack on Cabinet members and others surrounding President Eisenhower.

The effort will be made, this Democrat said, to convince voters that the administration's policies are aimed at helping business at the expense of the little fellow.

As the situation now stands, most Democrats concede privately

they have little hope of defeating Eisenhower if he runs again. Many of them share National Chairman Paul M. Butler's publicly expressed view that he won't.

Gas found in salt mines was piped in bamboo tubes and used for illumination by the ancient Chinese.

Anaas Third Candidate For Chairman in Pigeon

WHITEHALL, Wis. (Special)—Through an oversight, the name of Melvin Anaas was left out in a re-

port of candidates for chairman at the recent Town of Pigeon caucus. He filed nomination papers. Sverre Aasen and Palmer Hanson were nominated for the post. Henry Paulson, incumbent, is not a candidate.

RED OWL

For better breakfast variety

Nine days' worth!

MONDAY
Make it a red-letter day with the delicious breakfast shown—
Orange Juice
Little brown sausages
French Toast with Syrup—tasting as luscious as the picture looks!
Coffee, tea or milk

TUESDAY
The whole day goes better when you start—
Broiled grapefruit
Cinnamon Toast with Powdered Sugar (add chopped pecans for an extra treat)
Canadian Bacon
Coffee, tea or milk

WEDNESDAY
An upside-down breakfast, with fruit for "dessert"—
Chipped Beef on Toast
Strawberries
Coffee, tea or milk

THURSDAY
Breakfast seems like a party—
Bananas in orange juice
Boiled eggs with Toast croutons
Lots of extra Toast
Coffee, tea or milk

FRIDAY
This breakfast practically gets itself!
Tomato Juice
Codfish cakes—ready-made
Two kinds of Toast—white and rye or whole-wheat and raisin
Coffee, tea or milk

SATURDAY
Late and leisurely
Frozen melon balls
High and fluffy waffles
Raisin Toast, plenty of it
Coffee, tea or milk

SUNDAY
A real special treat
Pineapple chunks
Scrambled eggs with cubed leftover ham
Mountains of crisp Toast
Coffee, tea or milk

MONDAY
But let's pretend it's Sunday and have a great breakfast to begin the week
Orange slices
Baked eggs with mushrooms
Bacon and Toast Sandwiches
Fingers
Coffee, tea or milk

TUESDAY
Plenty of Vitamin C here—
Grapefruit and orange sections
Poached eggs on hot Rye Toast
Marmalade
Coffee, tea or milk

How to make Breakfast the best meal of the day

Doctors urge: "Eat 25% to 33% of the day's food at breakfast"...

Nothing kills family appetites like the same breakfast, morning after morning... yet isn't that the routine we all fall into?

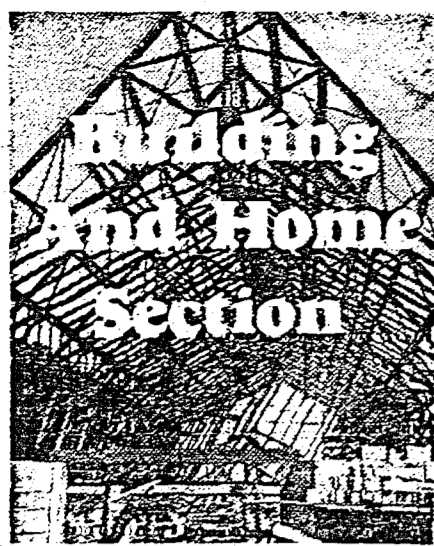

Try making breakfast menus more varied, more interesting! Then your family will be delighted to follow doctors' advice to eat 25% to 33% of the day's food at breakfast.

Each of the nine bright breakfast ideas here is built around toast—because toast is so versatile, so much-loved, and so rich in important proteins, minerals and vitamins. With all the tempting varieties of bread made today, you can serve a different toast every morning!

Enriched Bread is one of our best, most economical single sources of many food essentials. Serve it to your family every day, beginning with delicious toast for breakfast!

Home Permit Issued by City

A permit for a new home was issued last week to Ed Whitten, Minnesota City.

Whitten will construct the 1-story home with attached garage at 1865 W. 4th St., at a cost of about \$8,000.

According to the permit issued at the city engineer's office, the home will be 28 by 50 feet and the garage 12 by 20 feet.

George Falk, 82 E. 4th St., drew a permit to repair the Winona Beauty Shop building at 64 E. 4th St. and install a concrete floor in the basement. John Czaplewski will be the contractor for the project that will cost about \$1,000.

Other permits were drawn by: Walter Neumann, \$200, 121 E. 2nd St., to put a basement under a house and build an addition at 32 Fairfax St.

L. C. Blagsvedt, 1062 W. King St., \$900, to build a 12 by 14 foot addition to a house at 407 W. Sanborn St.

Alfred Rejman, 377 W. Howard St., \$150, to remodel.

Mark Modjeski, \$150, to move a partition at his Winona Plumbing Co., 308 Mankato Ave.

Sawdust From O'BRIEN'S

WE HAVE some 5x8x12 Mat Faced Clay tile here at the yard that we just have to move. We need the space they take up for more lumber. Here's a chance for you to build a garage, storage building, foundation under your porch, or if you're a farmer, a milk house, work shop or what have you, at a real savings. We're willing to really sacrifice these Clay Tiles because we need the space so badly. If you've got something in mind that could be built with Clay Tile, stop in and inquire about them. For a dry building these self draining Mat Faced Clay Tile can't be beat.

Won't be long now until the weather turns nice enough to put on a new roof. The United States Gypsum Company has introduced some more new colors this year, but the shingle underneath is still top quality 210-lb. thick butt. We've put in a spring stock of shingles, so the colors line up is pretty good. It wouldn't be a bad idea to have the shingle you want put away for you right now. Then when you get ready to re-roof you won't have to wait.

Don't forget to look into your FHA Privileges on a new roof. You can spread the payments out over a period of 3 years if you want to. The same goes for siding. Ordinarily, we don't stock too much in siding. There's so many different types and colors, like Asphalt insulated siding, Machine Grooved Cedar Shakes, Asbestos, Masonite, Asphalt Roll Siding. If you would start thinking about it now and pick the type you want, you have it when you are ready, and you'd have what you want. Give it a thought anyway. It's something that just can't be put off year after year.

Don't forget your screens. Look them over now and get the materials you need. Don't wait until the last minute. Especially if you have to have some new ones made. These mill houses are really rushed at that time of the year and you may be without screens for awhile. Now, of course you can have them made up in a short time and then treat them and paint them and they are all ready to put up. Same goes for repairs. There should be no need of having to repair a screen on the day you've decided to put them all up. Not when you've got all kinds of time right now. So tomorrow night get them out of the rack and look them over.

Watch for the announcement of "Trellis Headquarters for 1955" coming soon.

Kitchen and Bathroom Painting Different

By DAVID G. BAREUTHER
AP Real Estate Editor
(Last of Two Articles on Spring Painting)

Kitchens and bathrooms, when they are not entirely finished in some such permanent material as tile, need redecorating more often than any other rooms in a house. Grease and smoke in a kitchen, constant moisture in a bathroom give paint and wallpaper a rough time.

Of course, you can dodge this frequent redecorating problem by using some of the wonderful finishing products now on the market. You can get vinyl and plastic wall coverings, similar or identical to those used for counter surfaces. You can use colored glass panels to cover the walls and cleanable and paintable acoustical tiles for the ceilings. But most people continue to paint and let it go that.

More Preparations
There's a big difference in painting a kitchen or bathroom and painting other rooms in a house. More preparation is called for. Different paint is advisable. A semi-gloss oil base paint or enamel is preferred in a kitchen or bathroom, while a flat finish is used in other rooms. The reason is that harder finishes wash off more easily when grease and dirt collect on kitchen walls and ceilings. Also gloss finishes are more resistant to moisture produced by baths and showers.

Ceilings of both of these rooms are painted in the same finishes. Bareuther as the walls, although color and shade may vary. In a kitchen it is highly important to remove all grease film before repainting. Paint will not stick to a grease film. If it ever does dry, it is likely to peel off. The best cleaner for kitchen walls and ceilings is a solution of trisodium phosphate, a detergent which can be purchased under various names for a few cents in any paint or hardware store.

Semi-Gloss or Gloss.
All woodwork in kitchen or bathroom—window and door frames and baseboards—call for semi-gloss or gloss finish. This makes it easier to wipe off fingerprints and other smudges. And you have to prepare woodwork carefully, wiping off all dirt and grease and filling all cracks, crevices and nail-head indentations with spackling compound or plastic wood.

"No enamel will make a rough surface smooth," warns a paint expert. So sand these surfaces lightly with a fine grade of abrasive paper. Then clean the sanded surface thoroughly with a cloth moistened in turpentine, mineral spirits or odorless thinner. A single coat of enamel is usually enough when redecorating woodwork unless the color change is too great. Two-coat work calls for whatever primer is recommended by the paint manufacturer. In using enamel, try to keep the room closed and as free from dust as possible during the drying period. This is especially important for a high finish on kitchen cabinets.

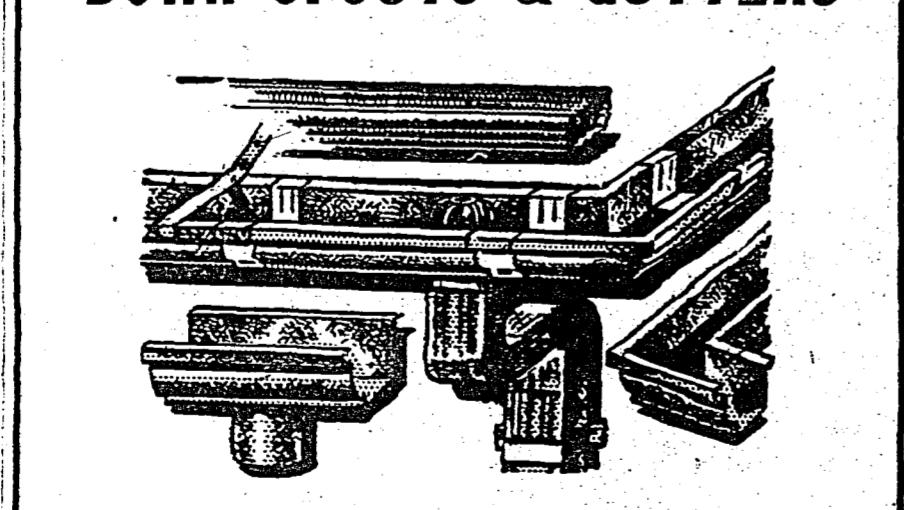

Fan Recommended
You can avoid a lot of kitchen and bathroom redecorating by the proper use of ventilating fans. A ventilating fan in a kitchen window, or above the window, may go far toward keeping grease-laden fumes from circulating into other rooms, but it won't help much in keeping your kitchen walls clean. A metal hood directly over the stove, with an adequately powerful exhaust blower, is the most efficient.

Such over-stove fans feed into a concealed stove-pipe vent to the outdoors and this pipe should be tight at all joints.

In a bathroom, any exhaust fan blowing to the out-of-doors, is a big help in ridding the room of moisture and odors.

Another smart grease guard for kitchens is the use of filter covers for all frying pans. These gadgets, commonly called "filterfrys," have been developed by manufacturers of cleanable metal mesh filters and prevent grease from splattering without tightly covering a pan.

Let Us Replace Those Worn DOWN SPOUTS & GUTTERS

The coming of Spring means the likelihood of heavy rains. If the downspouts and gutters on your home are in need of repair, better have it done now. We use only high quality materials and our expert workmanship guarantees a satisfactory installation. Call or come in and see us today.

PLAN # 10-AP

Contemporary California style is represented by this compact plan for a small house with three bedrooms and two baths. An emergency car port in addition to the garage is a feature. A butterfly roof over the kitchen and interior bathroom allows for high clerestory windows to light and ventilate these rooms. This is one of 50 new Hotpoint houses sponsored in various sections of the country in cooperation with Living for Young Homemakers magazine. It was designed by Donn Emmons, architect, 566 Commercial St., San Francisco, Calif.

Rooms: Porch, Bedroom 9'-6" x 13'-4", Bedroom 9'-10" x 11'-6", Family Room 13'-8" x 19'-8", Kitchen 9'-10" x 10'-2", Living Room 12'-10" x 19'-8", Master Bedroom 12'-10" x 15'-4", Entry, Hall, Storage 5'-0" x 11'-6", Garage.

TV LAP BOARDS
Lap boards, curved to fit the waist, and long used for writing, sewing and breakfast in bed, are staging a big comeback because of television. When favorite programs occur at mealtime, such as Sunday night suppers, it can be fun to eat from a tray on your lap. A temporary table is provided by a lap board of plywood or hardboard, sanded smooth and shellacked.

How Perfect Clinch Holds Nailed Joint

By AP NEWSFEATURES

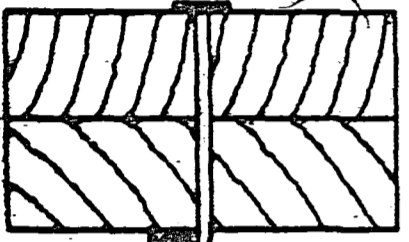

A STRONG nailed joint depends much upon a perfect clinch, says the National Lumber Manufacturers Assn. Here's how a perfect clinch should be made:

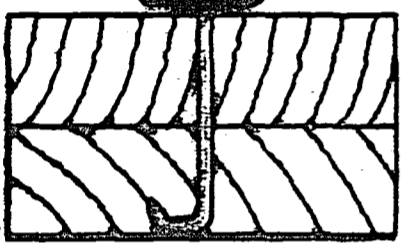

DRIVE the nail through both pieces of lumber.

HOLD a larger nail against the extended point.

BEND the point over the larger nail, tapping lightly with hammer to form a staple.

USE a metal plate or sledge to hold the nailhead in place while you drive the stapled point into the wood.

7 Indicted for Conspiracy Against U.S. Government

DENVER (AP)—Three women and four men were called into U.S. District Court today to answer charges they conspired to teach and advocate the violent overthrow of the government.

Indicted under the Smith Act last Aug. 9 were Arthur Bary, 43, and his wife Anna, 30; Joseph Scherer, 35, of Pueblo, and his wife Mala, 38; Mrs. Patricia Blau, 41; Harold Zepelin, 29; and Lewis Johnson, 34, Salt Lake City.

All seven are named in the indictment as active in the Communist party. They were arrested about a week before the indictment was released. Mrs. Blau in Los Angeles, the rest in Colorado.

The trial twice has been postponed. Eleven defense attorneys, appointed by the court and serving without pay, tried unsuccessfully last week to win another delay.

Let's get Growing

By A. F. SHIRA

RENOVATING THE OLD LANDSCAPE PLANTING

At this season of the year before golf, fishing, gardening and other recreational diversions take up much of the time, why not take a critical look at the landscape planting around your home. Perhaps you have lived there for a number of years and take the trees and shrubs as a matter of course. If they have become overgrown, you may give them some trimming if they overhang the walk or drive when laden with moisture, but otherwise do little about them.

The old syringa, or mockorange, may be a scraggly bush 15 feet or so in height and entirely out of harmony with the surroundings. The spiraea in front of the house with the tops cut straight across will have only a small amount of foliage when spring arrives instead of being fountains of white bloom. We paint our houses, redecorate them inside and outside them, but all too often overlook the plantings that can enhance the setting and attractiveness of the home.

So, let's get out on the sidewalk, or in the street, and size up the situation. What once might have been a nice planting of ornamental evergreens has been reduced to one or two scrawny specimens. Too much shade, or competition with the roots of elms or other large trees was probably too great for their survival. If the shade does not seem to be too much, the evergreens perhaps can be re-established by digging out the roots of the large trees in a sizable area, fertilizing well and replanting. The bare outside corners of the house can be planted to a tall form such as a pyramidal arbutus, lilac, or other suitable plant and surrounded by lower growing forms. That straight row of shrubs along the front, or

sides of the house, can be changed to an irregular border.

If the present planting encroaches too much on the windows, instead of cutting them off by straight across, thin them out by cutting off the longest stems at the base. Or remove some of the bushes entirely and replant with some lower growing kinds as the pink Spirea Anthony Waterer. The old shrubs dug out can be divided into smaller bushes and planted elsewhere. The Hills-of-Snow hydrangea will stand a lot of shade, does well on the north side of the house and can be kept within bounds and will flower, if cut back severely each spring. The adaptability of some of our native ferns is often overlooked. Along the sides of the yard one can make irregular plantings of herbaceous perennials, peonies and iris, reserving an area for flowering annuals.

If some low flowering trees are desired, don't overlook the flowering crab. They will add beauty to any planting. If an evergreen is desired as a lawn specimen, the blue spruce should meet the need. Often one sees tall growing evergreens such as spruce and fir planted within a few feet of the house as though it were a low growing ornamental. Such a tree is entirely out of place close to the house and should be transplanted somewhere else on the lot, if not too large, otherwise cut down. The Henry Polachek inherited a planting of this kind when they purchased their new home in Pleasant Valley. Henry is now going to remove these trees and replace them with other kinds better suited to his landscaping plans.

Talk to your local nursery about renovating your grounds. What has become of the old-fashioned moss rose? I haven't seen any of these attractive and fragrant shrub roses for a number of years. Do our readers know of any?

HOME REPAIR DOs and DON'Ts

By Andrew C. Lang

SQUEAKY FLOORS

Do . . . attack the problem from underneath when the squeaks are in a floor over an unfinished basement.

Do . . . hammer wedges between the joists and the underside of the floor at the trouble spots or nail pieces of 2x4's into the joists so they support the flooring where the squeaks are.

Do . . . when the floor cannot be seen from underneath drive finishing nails through the floor into the joist at each suspected loose point . . . driving the nails at angles so that they form a V when completely into the wood.

Do . . . use a nailset to drive the nails slightly below the surface, filling the tiny holes with wood putty or plastic wood.

Do . . . when squeaks are minor, first try eliminating them by

sprinkling talcum powder between the joints of annoying areas.

Don't . . . think that squeaky floors occur only in old houses, as there are a variety of reasons why they can happen in new homes.

Don't . . . continue driving in a nail which has started to bend; remove it and use another nail.

Don't . . . overlook the possible use of new-type screw nails, which have greater holding power than plain finishing nails.

Don't . . . forget that, in filling nail holes, plastic wood should be set a little above the surface to allow for shrinkage; it can be sanded level when it has hardened.

Don't . . . attempt to correct a sagging floor condition yourself unless you know exactly what you are doing, as sometimes a replacement of a joist or supporting stud is necessary.

Household Hints Make Life Easier; Here Are Samples

By VIVIAN BROWN AP Newsfeatures Writer

Never underestimate the value of a household hint. Although no man will admit it could have happened, Mrs. Cavewoman happily said to Mrs. Outerspace on some dark and dreary day "let's rub two sticks together and see what happens." And so by friction they whipped up a little thing called fire.

It's been just as simple as that through the ages, and so we have gadgets and all sorts of mechanical contraptions that make life easier every day of the week. When Mama decided that two forks help make a lovely whipping mixture, some man manufactured an egg beater. And when she used a knife to smooth out her pastry, man broadened it slightly and came up with a spatula.

The household hint is always a useful tidbit in homemaking, whether it tells how to remove a coffee stain or how to deodorize the family pet.

One firm recognizing this potential instituted a Homemakers Forum on radio, asking and giving prizes for just such "trivia." The first week some 30,000 letters flooded them. The next week the mail doubled, they claim. Many of the hints showed real imagination and inventiveness, according to the sponsors. One woman who burned out her double boiler constantly, put two or three marbles in the double boiler before turning on the fire. When the water gets low, the clanging of the marbles warns her.

Another places a glass bowl over the family clock, she says, to soften the ticking, but it still permits her to see the time. (She doesn't explain what happens when the alarm goes off.)

And so on. Other helpful hints that have been offered by listeners go like this . . .

• String subway or bus tokens on a safety pin so they'll be handy.

• Sharpen scissors by cutting a few strips of sand paper.

• Wash plants fresh while a house is closed by placing in a tub as many bricks as there are flower pots. Put enough water in the tub to cover the bricks and stand a plant on each brick. The bricks absorb enough water to keep the plants in good condition for some time.

• If you have trouble identifying small and large sheets, sew a small red initial in the corners of all bed sheets—"S" on the small sheets and "L" on the large ones.

• Snow shovels will doze this one which is supposed to work: To make snow shoveling easier, melt paraffin and coat the shovel with it. The snow will slide off without sticking to the shovel.

• White tissue paper from old gifts comes in handy, too, according to the same girls. As a lint-free duster, it makes a good cleaner for windows.

Anyone can add to this list. Every day someone evolves a new household hint. Remember to use them to keep household chores at a minimum.

ARCADIA HEART FUND

ARCADIA, Wis. (Special)—According to Mrs. Neil (Pat) Nelson, Arcadia chairman for the Heart Fund, \$104 was collected.

HOW DOLLAR FIGHTS CANCER

Of every dollar given to the American Cancer Society, 60 cents is spent for cancer control in the state or division area where the money is raised; 25 per cent goes for a national research program; 12 per cent to national programs of professional and public education, service to patients, statistical research, and administration; 3 per cent for a national program of medical grants and clinical fellowships.

BEDTIME STORIES

By HOWARD GARIS

Mr. Coke, the rat gentleman janitor of Hollow Tree School, had met Priscilla, who was the walking, talking doll of Bunty the orphan rabbit. Mr. Coke was late on his way to school after Mr. Butter the goat had horn-saw-plowed the rat gentleman janitor a path from his house.

But, on his way to school, Mr. Coke had stopped to rescue Blinky and Blanky, two little squirrels, from a snow drift. That was why Mr. Coke was late.

As for Priscilla, she had run away from school, where Bunty, the orphan rabbit, often took her for company.

So, now, Priscilla and Mr. Coke had met out in the snow. They bear cries for help coming from the house where Mrs. Kat lived.

"I wonder why Mrs. Kat needs help," asked Priscilla as she and Mr. Coke hurried into the house of the cat lady.

"I don't know. But we shall soon find out," answered Mr. Coke. "I should think that Joie, Tommie and Kitten Kat could help their mother," said Priscilla as she hurried along behind Mr. Coke.

"The Kat children are at Hollow Tree School," reminded Mr. Coke. "I suppose Uncle Wiggily is also there. I wish he were here for then he could tell us how to help Mrs. Kat."

"Oh, yes. I forgot that Joie, Tommie and Kitten are in school," said Priscilla. "But I ran away in such a hurry, hoping to have an adventure, that I didn't notice who was at school and who wasn't."

"Anyhow, Uncle Wiggily is at school," said the talking doll. "I saw him before I ran away to have an adventure."

"I should also be at school to make up the fire," said the janitor.

"Uncle Wiggily and Pat Butter, the grocery store goat, did that," said Priscilla.

"Was it a good fire?" asked Mr. Coke.

"Oh, you can depend on Uncle Wiggily to make a good fire," said Priscilla. "He often makes up the fire in his hollow stump bungalow. As for Mr. Butter, he doesn't know much about fires. All he seems to care about is Swiss cheese, full of holes."

"What does he do with all the holes?" asked Mr. Coke.

"He eats them," answered Bunty's doll.

"How can anybody eat a hole?" asked Priscilla.

"Mr. Butter eats all around the edges of the hole," answered Priscilla. "And then he eats the edges and also the hole."

"I suppose that is the best way," agreed Mr. Coke. "I must try it some time. But I think we had better stop talking, Priscilla, and see what trouble Mrs. Kat is in."

It was, really, time to do this, for all the while Priscilla and Mr. Coke had been in the home of the pussies, Mrs. Kat had been calling:

"Help! Help! Oh, will some one please help me!"

"Her voice sounds sort of strange like and far away," said Priscilla.

"Yes, it does," admitted Mr. Coke. "But it seems to come from the kitchen. Let's look there!" He and the doll hurried to the kitchen of the pussy house.

"I don't see her," said the doll, looking around.

"I don't, either," admitted the rat gentleman. "But the voice seems to come from underneath that box." He pointed to one in the middle of the kitchen floor. And he was right. For, a moment later, from beneath the box came the cries of the cat lady calling:

"Help me! Please help me from beneath this box!"

"How did you get under the box?" Mr. Coke wanted to know.

Former Hungarian President Who Defied Reds Dead

VENICE, France (AP)—Count Michael Karolyi, former president of Hungary whose off-and-on feud with the Communists spanned two world wars, died at his home in exile Saturday. He was 80.

A descendant of one of Hungary's richest noble families, Karolyi had a stormy political career in which he twice chose exile in preference to Communism. Unpopular in Hungary for his pro-Allied, anti-German sentiments at the outset of World War I, Karolyi made several trips to the United States and endorsed President Wilson's peace proposals.

He was named president of the Hungarian Republic after World War I, but quit within a year, turned over the government to a Regent Bela Kun and fled the country. A Hungarian court later found him guilty of treason and confiscated his vast estates.

Now that the secrets of Yalta have all been bared why can't we get a declaration from someone on what happened to the Cleveland Indians in the last World Series?

RHODES HITS PINCH HOMER

Mathews, Adcock, Aaron Give Braves Hitting Power

By THE ASSOCIATED PRESS While everyone is talking about the Cincinnati Reds' murders row, the Milwaukee Braves are quietly going about forming a real muscle machine of their own.

Edward Mathews, Joe Adcock and newcomer Hank Aaron will strike terror into many a pitchers' heart before the season is over. In fact, clubs that must meet the Redlegs and Braves in successive series will have their work cut out for them.

Both the Braves and Redlegs chalked up exhibition conquests yesterday via the sudden-death route in the fashion of the old New York Yankees.

Spahn, Wilson Go 5 Frames in Wins

BRADENTON, Fla. (AP)—The Milwaukee Braves packed a lot of action into the last weekend and Jim (No-Hit) Wilson spoiled his baseball with a bit of drama.

Wilson gave up only three hits and no runs Sunday as the Braves beat the Cardinals, 5-4, at St. Petersburg. Wilson, who pitched a no-hit, no-run game against Philadelphia last summer and then was placed on waivers during the winter, thus became the second Brave hurler to work five innings.

The Chicago White Sox got a taste of the raw power generated by the Redlegs. With the score tied in the ninth, the Redlegs came up with four runs to break it wide open. Wally Post hit two home runs for Birdie Tebbetts' club, while Ted Kluszewski and Gus Bell delivered run-scoring hits in the big ninth.

The Braves were matched against the Chicago White Sox here today.

Middlecoff Rally Wins Golf Tourney

By BEN FUNK ST. PETERSBURG, Fla. (AP)—Jay Hebert, the handsome Louisiana pro who says "it takes guts and a good grip" to be a winning golfer, learned from veteran Cary Middlecoff in the St. Petersburg Open yesterday that it also takes something else—tournament nerves and experience.

Middlecoff calmly worked his way from a five-stroke deficit to a two-stroke victory over Hebert and \$2,000 first prize.

The 33-year-old righthander said about the waivers, "I've been through this stuff for a long time now, and frankly, I'm a little sick of it. It seems every time they have to get some news in the paper, there I am, again out on waivers."

Middlecoff, the Memphis dentist who now plays out of Kiamasha Lake, N.Y., posted a 5-under-par 67 for a 72-hole total of 274. Hebert, who registers out of Woodmere, N.Y., took 74 for 276.

Stu Miller started against the Braves Sunday and held them scoreless until the third when Aaron's homer scored Del Crandall who had walked.

The Pittsburgh Pirates clipped Pedro Ramos, a Cuban right-hander, for two runs in the 13th to oust the Washington Senators 4-2. Kansas City's A's edged Baltimore 3-2.

Another veteran of the golf trail, Art Wall Jr., Pococano Manor, Pa., made a great stretch drive, shooting the day's best round of 65 to zoom up from 11th place into third with 27.

The 32-year-old Hebert, who had both the good grip and guts, held a three-stroke lead going into the final round.

Swearingen was the big hero of the game, as he scored 34 points, and grabbed the majority of the rebounds in addition to his game-winning basket, Dick McCullough was the second high scorer for the Legion with nine points, including the Legion's only free throw of the game.

But yesterday Hebert was edgy and uncertain. Middlecoff was cool and methodical.

The Louisiana golfer, who plays only a few of the winter tournaments, missed a two-foot putt on the first hole. He booted five more putts of less than three feet.

Leading Hotels scoring was Rick Heyer with 24 points, the majority coming on shots from the outside. Ted Czaplowski turned in a fine floor game in addition to scoring 12 points, and Jim Rand took care of the Hotels scoring from in close with 11 points.

By the 10th Middlecoff had caught up with him. At the 15th hole, Middlecoff went ahead with a par 4 when Hebert missed a short putt for a bogey. Middlecoff dropped in a 30-foot putt on the 18th for the winning two-stroke margin.

The margin of victory was found in the scoring from the field, as the Legion hit 26 field goals to 21 for the Hotels. The Hotels had 10 free throws to one for the Legion.

The Legion led 19-12 at the end of the first quarter, but then dropped behind 28-25 at halftime. They took over the lead at 39-34 at the end of the third before being outscored 18-14 in the last period.

Finishing in a tie for fourth were Billy Maxwell, Odessa, Tex., and Ed Furgol, St. Louis, with 178s. They collected \$910 each.

Leo Biagetti, Sandusky, Ohio, and John Barnum, Grand Rapids, Mich., were next with 178s and checks for \$890.

San Francisco, rated No. 1 nationally in the Associated Press poll of writers and sportscasters, won the 17th NCAA-sponsored cage tournament, 77-63, over 1934 champion LaSalle before a packed house of 10,500 in Municipal Au-

Julius Boros, Mid Pines, N.C., Bo Winger, Oklahoma City, and Mike Souchak rounded out the top 10 with 280 cards and \$493 each.

Free throws missed: Eau Claire—Woloz, Barneson, Seem, Rada. Superior—Ladich 2, Erickson 2, Wicklund, Richardson, Stark 2, and Correll.

Edwards, who has another year of collegiate eligibility remaining, was voted the outstanding player of the tournament. He picked up a record of 118 points for the five games in the tournament. The previous mark of 114 was set by Gola last season.

Colorado upset Iowa with Jim Ranglos, a reserve most of the season, in the starring role. Ranglos helped himself to 6 field goals and 6 free throws for 18 points and played a bang-up floor game for the Rocky Mountain crew. Colorado had it made 35-28 at the half.

Including tournament play, San Francisco completed its season with a 28-1 record. The Dons were beaten only by UCLA, 47-40, in their third game of the season. They avenged that one later, 56-44.

The ten-man squad is as follows: Rick Heyer, Ted Czaplowski and Jim Rand of the Hotels, Dick McCullough and Jim Swearingen of the Legion, Bob Larson and Jim Haskett of the McKinley Men's Club and Roger Gabrych, St. Stan's, Terry Ratajczyk, Langenberg's, and Dave Will, Marshall-Wells.

Russell's Dip Shot Foils LaSalle Bid

By SKIPPER PATRICK KANSAS CITY (AP)—The "dip" shot executed by Bill Russell displaced the old fashioned "tip" and last-minute strategy succeeded as the University of San Francisco Dons took away the national collegiate basketball crown from LaSalle's Explorers.

San Francisco, rated No. 1 nationally in the Associated Press poll of writers and sportscasters, won the 17th NCAA-sponsored cage tournament, 77-63, over 1934 champion LaSalle before a packed house of 10,500 in Municipal Au-

Bowling Clinic By Billy Sixty

THUMB-UP FINISH Using Angle Stride—A bowler just getting into the game writes that he feels he would like to continue footwork on an angle—slightly left-to-right. But with it he frequently drops the ball too soon, or he pulls it too high on the head pin. Should he change to face the pins, straight on, squared to the foul line?

Colorado upset Iowa with Jim Ranglos, a reserve most of the season, in the starring role. Ranglos helped himself to 6 field goals and 6 free throws for 18 points and played a bang-up floor game for the Rocky Mountain crew. Colorado had it made 35-28 at the half.

Played Like Pros, Says Abes' Coach

By JACK VARICK MADISON (AP)—A smooth and hard fighting Eau Claire quintet shot at a 419 clip Saturday night to down Superior Central, 81-71, in the final game of the 40th annual Wisconsin prep basketball tournament.

In four previous championship contests, Coach John Novak sat on the bench and watched his Eau Claire club take a beating. The

IN STATE MEET Esko Players, Fans in Dream

ESKO, Minn. (AP)—Townpeople here walked in a dream world today, convinced now that nothing is beyond reach of their giant-killing basketball team.

The Vikings, rated top club in the state pre-tournament compared to No. 6 for Eau Claire, were beaten by a balanced attack and deadly firing from the outside.

215 Men Attend Bowling Banquet

Trophies Awarded, Officers Re-elected

Officers of the Winona Bowling Association were re-elected and trophies were awarded to titlists in the recent city tournament during the second annual bowling banquet of the WBA Saturday night at the Athletic Club.

The town, nine miles southwest of Duluth, is so small its population isn't listed in the postal guide. Unofficially it's around 170. The township itself numbers a couple of thousand more. The school's enrollment is 87.

But it produced a team which now carries the Region Seven colors into the state high school basketball tournament for the first time in the school's history.

Other members of the executive committee are Carl Breitlow, Evan Davies, Don Gostomski, William Holubar, Andy Lipinski and Clarence Rivers.

The final ordeal in the region finals against Tower-Soudan was so nerve-racking the 29-year-old coach Clarence (Coopen) Johnson said that "I didn't feel safe until the last seconds."

His lead at that time was 21 points.

Named to a newly-created audit committee to work with the treasurer were Andy Owecke, chairman, George Muras and Leo Kemp.

Johnson lost 10 pounds in weight during the 2½ weeks of tournament play that culminated Saturday night. "You could turn me sideways and no one would notice me," he laughed.

Esko won the regional championship and its 26th victory against one defeat, with a shooting display that almost floored a visiting coach.

Some 215 members of the Winona Bowling Association attended the banquet, an increase of 100 over the attendance at the first banquet last year.

Esko won the regional championship and its 26th victory against one defeat, with a shooting display that almost floored a visiting coach.

Their shooting was so accurate that I left the main floor and went up into the balcony to see if it looked as good from there," the coach said.

Minutes were shown, through the courtesy of the American Bowling Congress.

A motored met the homecoming champs here Sunday on their return from Hibbing.

Winners in the city tournament were introduced and received trophies or belt buckles and arm patches.

The included Elmer Schmidt-knecht and Leo Schollmeier, Fountain City, doubles handicap; Carl Fischer, scratch all-events; Earl Kane and W. A. Critchfield, scratch all-events; Chet McCready, scratch and handicap singles, and Bill Hohmeister, handicap all-events.

Cities Service Oils, City League, Hal-Rod Lanes, won both scratch and handicap team titles. Members were O. F. Koetz, Duane Boyum, Jack Richter, Joe Page and Lambert Kowalewski.

Austin, Washburn Favored; Sentiment for Small Teams

By JIM KLOBUCHAR

MINNEAPOLIS (AP) — The classic tournament match of the proud big fellow against the gallery idol today promised a magnetic backdrop to Thursday's opening round of the Minnesota state high school basketball tournament at Williams Arena.

The casual experts and coaches willing to venture a guess installed smooth and seasoned Austin and Minneapolis Washburn as the pre-tournament favorites. But the field was speckled with teams who made shambles of form charts through district and regional tournaments.

It includes Esko, the tiny marvel from the north which turned triumph on its ear and fought through some of the toughest opposition in the state to win the Region Seven championship for the first time in history.

It also includes Morris, another

first-timer, teams like Ortonville and Fairmont, both of whom lost as often as they won during the regular season, and New Prague, back in the big three-day circus for the first time since 1928.

And there is Bemidji, back for the 16th time with a typical team of scooters and ball-hawks.

This is how they pair off in Thursday's opener:

2 p.m. — Minneapolis Washburn (26-1) vs. Morris (19-6).
3:30 p.m. — Esko (26-1) vs. New Prague (21-3).
7:30 p.m. — Bemidji (23-2) vs. Ortonville (14-11).
9 p.m. — Austin (19-0) vs. Fairmont (14-9).

Save for the Esko-New Prague game, the favorites are fairly well defined. Washburn, Austin and Bemidji, none of whom are strangers to state tournament competition.

Few were brash enough to guess on the Esko-New Prague scramble. Austin and Washburn come by their favorite's roles naturally and with striking records. The Packers, appearing for the 19th time and the fifth straight year, carry an unbeaten record of 19 straight victories. Hefy and experienced, they fought off season-long pressure to emerge as the only undefeated team in the tournament, richly vindicating what everyone had been saying about them.

In 6-6 all-state Jerry Olson and 6-6 John Lightly, Austin has a damaging double pivot combination and a pair of tough rebounders O'Dis Halverson and Tony Maus both are over six feet and 5-11 Terry Meyer is described by Coach Ove Bervan as the team's "money player."

Washburn, after losing its first game of the season to St. Thomas Academy, whipped through 20 straight victories. The climax came Saturday night in a crushing 65-47 triumph over St. Louis Park, heralded by many as a possible state champion and winner over both Eau Claire and Superior Central, the Wisconsin state finalists.

Washburn has splendid physical equipment—speed, adequate size and a sure-handed floor manner. There are bigger front lines than 6-4 Gordy Sundin, 6-2 Dave Michalski and 6-3 Stu Hanson have been having as much rebound power.

But the exciting prospect for the thousands of neutrals who will jam Williams Arena is little Esko. The smallest with an enrollment of 87 has more to recommend it than the sentimental treat which it will offer to tournament watchers who cherish the underdog.

Esko handled northern powers like Duluth Central and Duluth Denfeld in its own district, then thumped Tower-Soudan of the Iron Range by 21 points to win the regional championship.

Averaging 72 points a game, Esko has been getting 28-point-per-game production from 6-4 Harold Bergstedt and clutch support from the rest of the cast whenever Bergstedt found himself boxed in.

New Prague presents 6-6 Ron Johnson, called by most observers one of the finest high school players in the state. Johnson, around whom the New Prague offense flows in a series of pivot plays and lob passes, is averaging a full 30 points a game.

Morris, Washburn's opponent, waded through the regionals on wet 28-year-old Coach Cecil Frank labeled "determination alone." It won one game in double overtime and another in the last six seconds on Conrad Freeman's two free throws. His struggle was uphill in the purest sense. Morris was rated only third in its district and never was considered a state tournament threat until it hit the regionals. Freeman is the leading scorer with a 18-point average.

Bemidji returns with its normal quota of fight and spirit and its customary lack of height. Jack Whiting, only 6-0 but still the center, was an all-star last year. The team gets fine scoring balance from Whiting, Darrell Erickson, Ritchie Carter, Fred Barker and Dale Lauderbach.

Ortonville found the right formula when 6-8 Dick Peterson returned to action after being sidelined by a broken elbow. Even with his recovery, the team finished only 9-11 for the season. But it picked up steam through the tournaments, fused by the scoring of 5-8 Jackie Blink.

It's still not certain whether Blink will be in condition for the first round game against Bemidji. He suffered torn ligaments in his knee after scoring 32 points against Renville in the regional finals.

Fairmont, too, was mediocre throughout the regular season with an 11-11 record, only to warm up in the tournaments. Its ace is 6-4 center Roger Smed and a hot-shot guard in 5-8 Tom Idstrom.

Idstrom pitched in nine points in the fourth quarter Saturday night as Fairmont wiped out a Garden City lead to win the Region Two championship, 47-44. His 17 points all came in the second half and helped overcome a 37-30 lead which Garden City enjoyed as late as the fourth period.

Kennedy, undefeated in 27 previous games, tried to halt Bemidji's running game with a zone defense but crumbled under the hot Bemidji third quarter to lose, 57-28. Erickson had 17 points and Carter 16 for the winners.

Esko mowed down Tower-Soudan, 84-63, on the 27 and 24 point production of Ernie Bylaks and Bergstedt. Tom Stefanich had 16 points for Tower.

Washburn offset superior St. Louis Park height with a driving style and free throw proficiency to fashion a remarkably easy victory. Hanson collected 19 points and guard Lee Chapman 18. Warren Jeppesen had 15 for Washburn.

Duquesne Wins NIT Cage Title

St. Francis' Stokes Named Tourney MVP

NEW YORK (AP) — All America Dick Ricketts and Sihgo Green sparked Duquesne to its first National Invitation basketball championship but it was lanky Maurice Stokes of Little St. Francis of Loretto, Pa., who carried off the major individual honors.

Duquesne won its first NIT in nine attempts with a 70-58 decision over Dayton Saturday night after finishing fourth, third and second in the last three years.

Ricketts and Green both were selected for The Associated Press all-tournament after scoring 56 points between them in the championship game. But Stokes, on the team that finished fourth after dropping a 96-91 overtime decision to Cincinnati, also was named on the all-star team and was the unanimous selection as the tournament's Most Valuable Player.

Johnny Horan of Dayton and Ed Fleming of Niagara were picked to round out the all-star team.

Maurice Stokes carried St. Francis into the semifinal round. He scored 43 points, rebounded excellently, handed out numerous assists and was a bulwark on the defense before the Frankies lost out to Dayton in the semifinal bracket. And he almost matched that demonstration Saturday night as he tallied 31 points in the battle for third place.

What Ricketts and Green accomplished in the title game was almost unbelievable. They scored all of Duquesne's 35 points in the first half. And it wasn't until 7 1/2 points had passed in the second half that another Duquesne player broke the monopoly. Green ended up with 33 and Ricketts with 23.

Dayton contributed Jack Sailee to the all-star second team. Picked with him were St. Louis' Dick Boushka, Tom Heinsch of Holy Cross, George Young of Lafayette and Charlie Tyra of Louisville.

Freeman 'Won't Rush' On Conservation Head

St. Paul Man to Head Conservation

ST. PAUL (AP) — Gov. Freeman told a news conference Saturday he was "not going to be rushed on appointing a commissioner of conservation."

Commissioner Chester S. Wilson resigned last Tuesday.

A Clear Lake farmer, Charles Stickey, has been holding hearings around the state on conservation matters for the department. It was reported Freeman was giving serious consideration to Stickey as Wilson's successor.

Watonna Girl Wins State Homemaker Award

MINNEAPOLIS — Minnesota's Betty Crocker 'homemaker of tomorrow' is Rose Marie Deml of Watonna.

Eighteen-year-old Rose Marie, who lives on a farm four miles south of Watonna, received the highest score of the 281 school winners throughout the state. A total of 6,901 Minnesota high school seniors participated in the examination which was given Jan. 12. Rose Marie will compete with 47 other state winners.

Shots Fired Into Sheboygan Falls Home

SHEBOYGAN FALLS, Wis. (AP) — A nighttime visitor fired two shotgun slugs through a front window of the home of Bernard Daane, a non-striking employee of the Kohler Co., Sheriff Ted Mosch reported today.

The sheriff said the slugs buried themselves in the ceiling. A pair of footprints and a shotgun shell were discovered outside the window.

NBA Playoffs

Fort Wayne, Minneapolis 79-77

Fort Wayne, 79-77, Minneapolis, 79-77. Monday's schedule: Minneapolis vs. Rochester 110. (Minnesota wins best-of-3 series, 2-1.) Boston 116, New York 109. (Boston wins best-of-3 series, 2-1.)

Freeman 'Won't Rush' On Conservation Head

St. Paul Man to Head Conservation

ST. PAUL (AP) — Gov. Freeman told a news conference Saturday he was "not going to be rushed on appointing a commissioner of conservation."

Commissioner Chester S. Wilson resigned last Tuesday.

A Clear Lake farmer, Charles Stickey, has been holding hearings around the state on conservation matters for the department. It was reported Freeman was giving serious consideration to Stickey as Wilson's successor.

Sports Sidelights BY RALPH REEVE

Odds and Ends

Hard Boiled Haggerty, somebody's gift to wrestling, was prominently at ringside Thursday night at the Flanagan-Bratton disturbance.

Haggerty's forehead was decorated by a band-aid, and when the Sidelighter asked him what happened, his reply we don't remember, but he smiled.

Matter of fact, HBB was a regular model of decorum. He went into the ring before the fight and shook hands with Flanagan and Bratton. It's unusual for him to shake hands with anybody in a ring.

Note to Jack Dugan: Haggerty had a hat that looked suspiciously like your Borsalino—He either swiped yours, you better check, or else thought yours was so jazzy he couldn't resist buying a duplicate.

Gov. Orville Freeman also attended and took sharp-eyed interest in the proceedings. But his pretty wife looked like she didn't enjoy the melodrama of mayhem being enacted in front of them.

The preliminary card was a good one, but action was slow in the fight immediately before the main event. A lull settled over the house and someone in row 60 or thereabouts began urging the ref in a leather-lunged voice, "Stop it! Stop it! The only ones who didn't laugh were the fighters in the ring."

The Cochrane basketball team will be honored at a banquet Thursday night at the Oaks by the Cochrane Booster Club. Vern Edmunds of Waseca, we hear, is making a bid for recognition in organized ball this year.

He signed for \$350 a month with Jacksonville of the Class A Sally League. If his spring training performances don't insure him elevation to Class AA or AAA ball when the grapefruit season breaks up, he'll probably return to Waseca-Owatonna's Southern Minny entry.

Some nice things have been said about Jerry Kindall, University of Minnesota shortstop who's signed a declaration of intention to play for the Chiefs this summer.

Two years ago Angelo Gulliani, Minneapolis scout, said Kindall could field "good enough to play Triple-A ball." Jack Ryan of Pittsburgh states, "Kindall will make the majors, barring injuries."

And Dick Siebert, Gopher coach, calls the 6-2 sophomore "the best shortstop I've had at Minnesota."

Horace Moran, West Salem coach, sent a note, with the following thoughts included:

"See you next season when I think we will be making many more people around this area happier, as they perhaps will get more enjoyment out of giving us a few bumps. Sure will miss my meal ticket (Pat)!"

Horace's meal ticket the past three years has been Pat Moran, his son, a 6-3 center of great scoring ability.

P.S. on Lonkoski

Jim Richardson, Caledonia coach, post-scripts the recent basketball season with some thought on star player Bob Lonkoski: "Looking over the past season I was certainly amazed at some of the things Bob Lonkoski did in his last year of high school competition. He missed his entire year of competition as a sophomore but still amassed a total of 750 points the last two seasons at Caledonia.

"He finished this season with 433 points. In four games in the district tournament he scored 111 points. His high game for the season was 43, a Caledonia record.

"I don't think I have ever seen a boy with as much desire as Bob. Although he is only 5-8, he rebounds with boys well over 6 feet. His ability to react quickly, along with a very fast pair of hands, have made him a menace to every team we played.

"Bob is always the first one to shake the hands of opposing players after a game, win or lose. We are very proud of his conduct on and off the basketball court.

"You know, he hitch-hikes back and forth to school—26 miles a day—and has only missed three days all year. Most of the youngsters living in town can't match that record."

To what Richardson wrote, we add "Amen!" We saw, and were impressed with Lonkoski, during the recent District One tournament.

Novice Boxing

Chuck Putterbaugh reports he has 14 boys participating in the novice boxing program sponsored by the National Guard. Lessons are given every Wednesday night at the Armory.

Putterbaugh says the program is only the second of its type in Minnesota—Minneapolis is the other city with a junior boxing program.

In April, Putterbaugh will take a group of the boys to Minneapolis for competition against the Mill City boys. He's anxious to have all of the local and area boys interested in the program turn out.

Activity starts at 7 p.m. and runs to 8:30 every Wednesday night at the Armory.

According to a source we checked, and it might be accurate, Kid Gavilan's last three fights were with Johnny Saxton, Hector Constance and Bobby Dykes. Does that sound right?

Ever serve toasted jam sandwiches?

To make them remove the crusts from thin slices of fresh bread; spread the bread with apricot or raspberry jam and roll up diagonally. Fasten the rolls with toothpicks and toast in a hot oven.

Some Stocks Active, Market Holds Steady

NEW YORK (AP)—A small group of stocks were active and higher today in a market that held steady in the late afternoon. Wide movers either went to between 3 and 5 points, but the great bulk of issues changed small fractions.

Outside of favored issues, trading interest was meager. Business came to an estimated 1,900,000 shares, slowest session in nearly five months. It compares with 2,050,000 shares changing hands in Friday's mixed market.

Coppers were in demand all day at higher prices on the heels of reports of the probability of higher prices.

Steels were active and mixed, rails higher, oils higher, utilities steady, motors irregular, aircrafts lower, chemicals mostly higher, and radio-television higher.

BIG BEN BOLT

HE SAID HE THOUGHT I COULD WRITE—THAT HE'D BE WILLING TO TAKE A CHANCE ON IT.

IF I DO TAKE THE JOB, EPICURE—HOW ABOUT YOU? WHAT DO YOU DO?

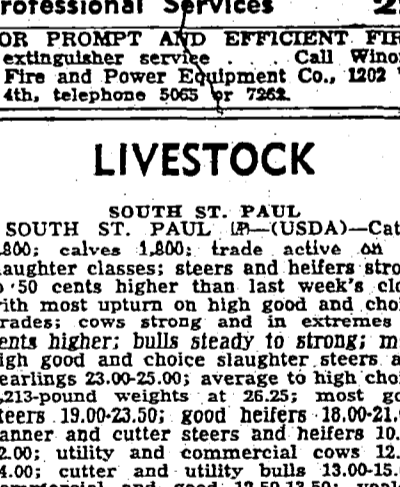

KID, THIS MAY COME AS A REAL SHOCK TO YOU—BUT YOU'VE MADE LOTS OF MONEY BY GETTING AWAY IN SECURITIES. WHAT LAW SAY? MANAGERS CAN'T RETIRE, TOO?

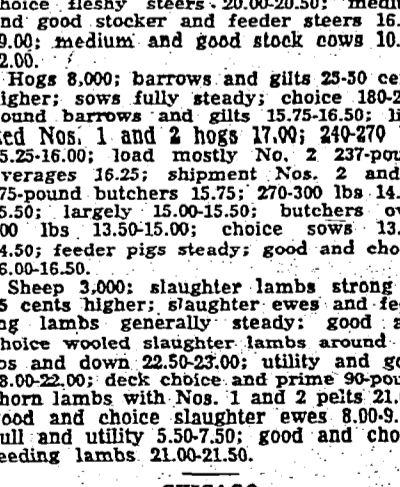

YOU'RE GOING TO PLACE, CHERRY? IT SOUNDS INTERESTING!

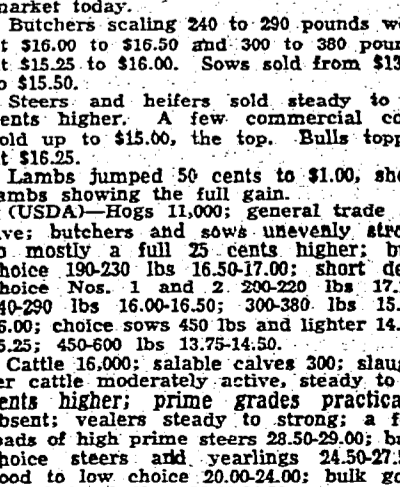

HERE'S TO A SUCCESSFUL TRIP INTO THE CONGO!

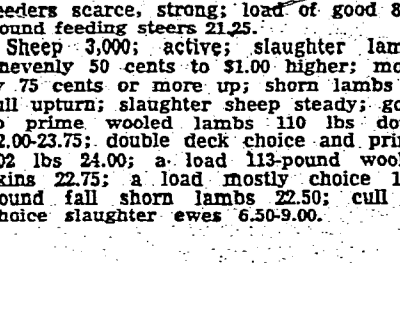

COME ON, CHERRY... LET'S DANCE!

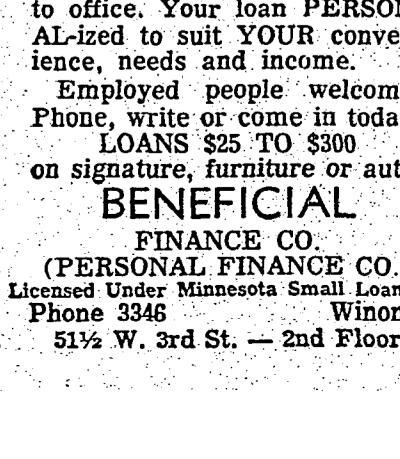

WHAT DO YOU THINK OF PHIL, COCCY?

I'M NOT SURE... ALL I KNOW IS WE'VE GOT TO GET AWAY FROM HERE SINCE HIS FATHER'S PAYING THE BILL!

MARK TRAIL

WANT ADS
