Canada Pegs Dollar At 92 1/2 U.S. Cents

OTTAWA (AP)—Canada devalued its dollar Wednesday night and pegged it at 92 1/2 cents to give a boost to exports and ease the nation's chronic foreign trade deficit.

The president of the Canadian Manufacturing Association said he was delighted with the export boost but expressed surprise at the new rate, the lowest since Canada adopted a free, floating exchange rate in September 1950.

The Canadian dollar had sold at 95 1/2 cents on the exchanges for the past two months.

Finance Minister Donald Fleming

said in a statement announcing the new rate the government had taken progressive steps to bring the exchange rate down. The Canadian dollar in August 1957 was worth \$1.06 1/2 in U.S. currency.

The drop in the rate is expected to give a strong boost to export earnings and to discourage import buying by raising import prices in terms of Canadian dollars.

It will mean, among other things, costlier vacation trips in the United States for Canadians

and cheaper ones in Canada for American tourists.

For the government, the pegging of the dollar will mean that the government's exchange fund will have to intervene in the market by buying or selling U.S. dollars to ensure that the exchange rate doesn't move farther than one percentage point on either side of the 92 1/2-cent rate.

The International Monetary Fund, which had been urging Canada to adopt a fixed exchange rate, issued a statement warmly welcoming the move.

Tokyo Train Wreck Kills 83, 147 Injured

TOKYO (AP)—Two electric commuter trains, coming from opposite directions, piled into a derailed freight tonight, killing 83 persons and injuring 147.

Police said they expected the death toll to rise.

Most of the injured were in serious condition.

Three hours after the violent accident, rescue workers still were boring into the twisted wreckage.

Railway officials said the freight arrived at Mikawashima station in northeastern Tokyo ahead of schedule and derailed after being shunted to a siding.

The incoming and outgoing Japan National Railway commuter trains smashed into the wreckage.

The inbound train plunged into a ravine and demolished a large storehouse. One person in the house was reported killed.

STUDENTS JUST CURIOUS

Rolvaag Raps Davis For Slap at Andersen

MINNEAPOLIS (AP)—The controversial appearance of Communist Benjamin Davis Wednesday turned out to be more of a curiosity than an inflammatory rally.

And one of its results was a rare bit of sympathy from one political opponent for another.

Davis spoke to about 6,000 students at the University of Minnesota who overflowed one ballroom and listened to the talk on loud-

speakers in nearby rooms. Davis drew a few jeers, some laughter and a bit of applause while one heckler was ejected and several others were warned to remain orderly.

Appearance of the New York Negro had been soundly criticized beforehand, with some persons claiming students were too immature to properly evaluate Davis' talk.

Part of his speech included jibes

at Gov. Elmer L. Andersen, who earlier had labeled Davis "an active agent of an international conspiracy."

This drew from Lt. Gov. Karl Rolvaag a double-barreled statement that it was "courageous" of university President O. Meredith Wilson to let Davis speak but "intolerable" for the Communist spokesman to ridicule the governor.

GUARDED AFTER SPEECH... Benjamin Davis, wearing hat in center, is escorted by University of Minnesota police at Minneapolis after his controversial speech to a student gathering. One heckler was ejected but otherwise the talk was fairly orderly despite prior criticism of Davis' right to appear. Others in picture are not identified. (AP Photofax)

Ohio Primary Next Tuesday

By ART PARKS

COLUMBUS, Ohio (AP)—Ohio Democrats and Republicans will select their party nominees in primary elections next Tuesday. Just about every race of any national significance seems a foregone conclusion.

Democrats are expected to out-vote Republicans because it is on

that side of the political fence that the major campaigning has been waged.

Republicans are looking for a nominee capable of toppling Democratic U.S. Sen. Frank J. Lausche who is seeking his second Senate term. John Marshall Briley of Toledo, a former New York attorney who has been in Ohio 10 years, appears likely to win the GOP nomination.

Restaurant at Austin Burns

AUSTIN, Minn. (AP)—Fire early today destroyed the Rose Room restaurant, well known downtown eating place.

One fireman, Lynn Edwards, was treated at a hospital after being overcome in thick smoke billowing from the one-story building. The blaze broke out about midnight, four hours after the place was closed for the day.

Emil Raymon, the operator, said electrical wiring which was soon to be repaired may have been to blame. Firemen were kept at a distance by a gas main leaking in the basement that sent flames shooting out at times.

Five nearby businesses suffered smoke damage.

The restaurant building is owned by Mrs. Katrina Kukulans, Rochester.

Raymon estimated damage to the equipment at \$6,000, which he said was insured.

So far as Ohioans are concerned, the big noise of the primary campaign has been the effort of Atty. Gen. Mark McElroy to defeat Gov. Michael V. DiSalle's bid for the Democratic nomination for a second four-year term.

McElroy has deluged news media with speeches, statements and campaign literature.

Most observers are forecasting a DiSalle victory by a wide margin in spite of the opposition of Ray T. Miller Sr., Cuyahoga County (Cleveland) chairman, one of DiSalle's long-time political foes.

Republican James A. Rhodes, former Columbus mayor, appears certain of his party's nomination for Governor. He has been state auditor for 10 years. He has only token opposition.

For the first time in 10 years, Ohio will be electing a Congressman at large this year because the Ohio Legislature failed to redistrict the state to allow for a 24th member of the U.S. House to which Ohio became entitled under the 1960 census.

Cashton Youth Killed in Pacific Islands Accident

CASHTON, Wis. (AP)—A Navy man from Cashton, RM-3 Roderick Larson, 19, was killed Tuesday in an auto accident in the Christmas Islands where the U.S. is conducting nuclear tests.

Larson, the son of Alvin O. Larson of Cashton and Mrs. Charles Voez of Marzville, was on authorized leave at the time of the accident, the Navy said. No details were given.

Larson was a member of Joint Task Force 8 which is conducting nuclear tests in the island area.

Woman Killed At Stillwater

STILLWATER, Minn. (AP)—A Stillwater woman was found dead today after she was hit by two cars, and possibly another.

Two autos struck Jeannette Foley, 37, as she lay on Houlton Hill, the eastern approach to the Wisconsin-Minnesota bridge. Apparently another car struck the woman earlier and knocked her to the pavement.

Cars driven by Lois Vanderhyde, White Bear Lake, Minn., and Walter Harvioux, Stillwater, hit the woman about 1 a.m. as she lay on the road. The drivers said they had been unable to see the woman.

St. Croix County, Wis., sheriff's officers were trying to determine if the woman had been hit earlier by a car which didn't stop.

WEATHER

FEDERAL FORECAST

Winona and Vicinity — Mostly fair with mild temperatures tonight and Friday. Evening of brief afternoon and evening showers. Low tonight 45-50, high Friday 76-82.

LOCAL WEATHER

Official observations for the 24 hours ending at 12 m. today: Maximum, 74; minimum, 56; noon, 74; precipitation, trace.

AIRPORT WEATHER

(N. Central Observations)

Max. temp. 77 at noon, min. 53 at 5 a.m., scattered layer of clouds at 6,000 feet, visibility 15 miles, wind 7 M.P.H. from northwest, barometer 29.95 and steady, humidity 38 percent.

Robert E. Hansen of South St. Paul, national commander of the Veterans of Foreign Wars, said the university and Twin Cities news media played into Communist hands by giving the talk significance.

A student-faculty group at Macalester College was to ask the board of trustees today to reconsider a vote last week by which Davis was barred from a talk there.

HECKLER SCUFFLES... Gilbert Larson, left, scuffled with a student usher during a talk at the University of Minnesota by U.S. Communist party official Benjamin Davis. Larson had attempted to question Davis during the speech. The student, not identified, attempted to quiet him. One person was ejected and others warned to be orderly, although there was no violence during the speech. (AP Photofax)

Bigger N-Bomb Set Off in Test

WASHINGTON (AP)—The United States wrapped up the first week of its nuclear tests in the Pacific with its third and biggest burst so far in the series—a million-ton blast that flashed through cloudy

skies near Christmas Island.

As in the first two tests, the device Wednesday was dropped from a plane. But it was at least twice as strong as either of the earlier shots.

A joint announcement by the Defense Department and the Atomic Energy Commission said it was in the low megaton yield range—the explosive equivalent of from one to several million tons of TNT.

Rail Labor Report Goes To President

WASHINGTON (AP)—President Kennedy is due to get an advisory board's recommendations today for settling another big labor pay case, this one involving the bulk of the employees of the nation's railroads.

The report will deal with the wage increase demands of unions representing 450,000 rail workers, the same number of workmen involved in the recent steel labor controversy.

Even before receiving the report from the three-man presidential emergency board, named to try to head off a possible rail strike, the railroad industry had directed an appeal to the White House to disallow as inflationary any increase the board may recommend. The carriers demanded a wage cut.

The unions complained that the industry's public statements coming just in advance of the report were unethical and comparable to "trying to influence a judge while he has a case under consideration."

All this presaged rough going ahead, no matter what the board may recommend, in the 30-day period allotted under the Railway Labor Act for negotiations on the basis of the board's findings before a strike can be called. Members of the 11 rail unions involved have already authorized walk-outs.

Washington authorities are sensitive to demands from overseas for an end to nuclear testing in the atmosphere. Thus officials say that efforts to improve detection equipment for all types of tests will be pressed.

Some officials advocate that the United States enter a new moratorium on atmospheric tests, a reversal of present policy. Others insist that U.S. security requires a formal test ban agreement under an international inspection system to prevent sneak tests or secret preparations for tests.

Some State Department and White House officials are concerned the dispute may weaken the American bargaining position in the 17-nation disarmament conference at Geneva.

At the basis of the dispute is concern over policy and propaganda.

Jim Owen On Scooter He'll Attempt To Drive to Chile

Love Affair Sparks Scooter Ride to Chile

NEW YORK (AP)—An international love affair that blossomed in the Kentucky Blue Grass country will start moving toward Santiago, Chile, this week—on a scooter.

The swain, Jim Owen, 21, will take off on his small Italian motor scooter for a 12,000 mile trip to keep a Christmas Eve date with his Latin-American beauty, Ximina Villarreal.

Ximina, 20, met Jim last February while she was on a two-week student exchange trip to the University of Kentucky where he was a senior majoring in English.

It was love at first sight, he said, but she had to return home.

Jim was so smitten, he quit school.

To prove the depth of his affection, he promised to ride his scooter over 12,000 miles of jungle and mountain roads and to meet his dark-eyed senorita this December 24 in front of her house in Santiago, Chile.

Young Owen, a Lexington dentist's son, has packed his scooter with 75 pounds of gear, including 22 pounds of books, and clothes and camping equipment which will be suitable for both the Guatemalan tropics and the Bolivian highlands.

Visit With President On Schedule

WASHINGTON (AP)—Spacemen John H. Glenn Jr. and Gherman S. Titov met today for the first time and then took a tourist's turn around Washington, exchanging philosophy and a few jokes as they went.

The meeting between the two space conquerors was a no-ceremony affair, and the tour was carried out as simply.

Next on the program was a chat with President Kennedy at the White House.

The Soviet cosmonaut and the American astronaut shook hands at the home of the National Academy of Sciences, where Glenn greeted his fellow member of the exclusive orbit club with a simple "hello."

Titov responded in Russian "Zdravstvuite ochen rad." American experts on the Russian language said the simplest way to translate that was "very pleased to meet you."

With their wives, the space fliers had coffee, then registered for the International Council of Scientific Unions where both had speaking dates later in the day.

After that they set out on the sightseeing tour.

An early stop was the 555-foot Washington Monument where Titov quipped:

"This is the first joint Soviet-American journey into space."

Glenn laughed when the translation came to him and replied there is a joke among American spacemen that the needle-like monument "would never get off the pad."

At the Lincoln Memorial, Glenn pointed out the inscriptions on the walls, saying when he came to the Gettysburg Address, "It's very short."

"All good speeches are short," Titov replied.

At the National Archives, as the

LONG ARM OF GOVERNMENT

Inspectors Run Down Bag of Beans

DES MOINES, Iowa (AP)—Charlotte Peters, 22, of Des Moines, didn't put enough packing around the sack of pinto beans and the bags of cornmeal and rice she mailed to a friend's elderly mother in Tampa, Fla.

Somewhere in transit the first week in April the sack of beans broke open where Tampa Postmaster J. R. Douglas could see it.

Now, the mother of a 4-year-old son, estranged from her husband and on relief, is enmeshed in the long arm of government. The

package contained surplus food labeled "for distribution to needy families, not to be sold or exchanged."

Douglas wrote to the U.S. postal inspector at Atlanta, Ga. He wrote to the postal inspector at St. Louis. The St. Louis inspector wrote to the U.S. Department of Agriculture. The Agriculture Department sent a letter to the Iowa Welfare Department in Des Moines.

Washington authorities are sensitive to demands from overseas for an end to nuclear testing in the atmosphere. Thus officials say that efforts to improve detection equipment for all types of tests will be pressed.

the value of commodities so diverted," said the Agriculture Department letter.

Mrs. Peters receives state payments as aid to dependent children, making her automatically eligible to receive free food commodities.

"I couldn't possibly use all the beans, rice and cornmeal, and rather than have the weevils get the food I tried to help someone who needed it," she explained.

Mrs. Peters said the package cost her \$5 in postage.

"We don't feel it was an attempt

to defraud the government because postage probably cost her more than the food was worth," said R. H. Whitlatch, Iowa welfare director. "But it was a misappropriation. We might have to suspend her from the commodity distribution list for a time."

The Tampa postmaster said similar packages to the same addressee had been observed before but Mrs. Peters denied sending more than one.

She said she thinks the post office down there is awfully meddlesome.

Wagner's Wife Calling Signals

BY EARL WILSON

NEW YORK — I suspect Mayor Bob Wagner's decision not to run for Governor means he's more interested in the U.S. Senate — and if true, I hope his B. W., Susan Wagner, is always on that campaign plane. Because his blonde bombshell can sit a few feet away and flash him some very vital political intelligence such as "Your coat's open too far" or "Your socks are drooping." I saw her signaling him at the Harry Gould dinner for Grand Central Hospital and 'twas a loyalty bit of husband-and-wife teamwork.

Asked whether he minds giving autographs, Atty. Louis Nizer, counsel for Liz Taylor & Eddie Fisher, and author of the best seller, "My Day in Court," replied: "Not as long as my autograph is attached to a book."

Beautiful Barbara Eden, a Tucson, Phoenix and San Francisco gal, came into N.Y. to see her bearded husband, Michael Ansara, open in "Infidel Caesar"—and saw it close instead. (Such internal problems—don't ask!) Barbara—the kind of a gal who puts on a hat that looks like a beautiful pink bedspread before she greets an interviewer—told me she also was here to plug "The Wonderful World of the Brothers Grimm," a Cine-rama full-length feature, in which she has a formidable part. Barbara says she's a descendant of Benjamin Franklin (the fellow who did almost as much for Philadelphia as the Twist and Chubby Checker). "That's why I married her—because she looks like Benjamin Franklin," her husband said. "Ray for Ben, says I, if he looked like Barbara!"

High Finance: "I used to go out with a stock broker but I found I had to be common to be preferred"—Hildegard.

RICHARD RODGERS, one of the sensations at the Tony Awards, was astonished at the standing ovation he got. "I was just hopping," he said, "that the applause I got would last till I got up on stage." Small World: There was Lauren Bacall justifiably beaming (at a front table) at the performance of her husband Jason Robards Jr. I just wondered if she remembered—when actress Helen Menken came out for some deserved praise—that Helen Menken was married to her own Humphrey Bogart way back in 1926. Best acceptance speech was by Phyllis Newman who said "I needed this. I'd have been so miserable if I hadn't got it!" The Twist just got to Ava Gardner. She and four guys closed up

the Peppermint Lounge the other evening.

JUDY GARLAND, now in England, is awaiting a blast from husband Sid Luft who's boiling mad that she had the Hotel Stanhope environs seething with cops to help her and kids make their getaway. Judy insisted it was necessary; that cops threatened to break down doors, etc., to get her free. Judy also claims she anticipates his charging she's unfit to care for the children. . . . Some of Dick Burton's mail is worse than Dick Nixon's. . . . Eddie Arcaro picked "Sir Gaylord" to win the Derby. . . . Orson Welles is on the wagon, looks 10 years younger, and has lost 100 pounds—that's the word from Yugoslavia where he's filming Kafka's "The Triumph" with Tony Perkins, Jeanne Mourcau and Elsa Martinelli.

Bobo Rockefeller and Chuck Mapes were hand-holders at Erika's. . . . Ex-stripper Lois deFee became a grandmother (via dir. Starr). . . . Tennessee Williams chose Huntington Hartford's posh Paradise Island to finish his new play, "The Mutilated." . . . Louis Prima'll have no gal vocalist when he opens at Basin St. East May 14. (Keely Smith opens next night in Las Vegas). . . . The bookies are hunting the comic partner of a TV-cafe duo.

EARL'S PEARLS: If girls continue to wear those short skirts, a lot of us guys are gonna end up "knee-sighted."—Bill East, Winston-Salem Sentinel.

TODAY'S BEST LAUGH: When they say a woman has a sobering effect on her husband, it might just mean that she hides his bottle.—Ima Washout.

WISH I'D SAID THAT: Nat Sackin offers a simile: "As useless as a pocket watch in a nudist camp."

A local fellow (reports George Kirby) has finally worked out a budget that makes his paycheck stretch to cover a week's expenses. Trouble is, he's paid by the month. That's earl, brother.

Lost Diamonds Found At Paris Airport

LONDON (AP)—An insurance company canceled a reward offer today after \$55,000 worth of missing diamonds turned up in the customs department at Paris' Orly Airport.

The gems disappeared en route to an exhibition at the Louvre and the company offered a reward of \$5,460. The company said they thought the mixup came about because the two packages arrived during a French national holiday.

Northern Harvest
This scene of the cove along the dike of the Whitman Dam in Wisconsin on the opening morning of the river season presents a problem that deserves, in the opinion of many fishermen, some investigation and serious study by the Upper Mississippi River Conservation Committee. Should northern fish be given greater protection in the river?

The string of northern fish being shown by the photographer by Clement Ungs, Waterloo, Iowa, in the foreground, is typical of the catch of many boat fishing parties that fished this cove. It was full of northern fish and they were hitting on large minnows. It was in this same area where four Kasson, Minn., campers caught ten northern fish that weighed 70 pounds. Similar conditions prevailed on the opening day last year.

Along the river there were several other spots where the opening weekend harvest of this species was fair but the average fisherman did not even see a northern. It may be changing habitat conditions in the Big River but one cannot sell the average fisherman on this idea. To him, the northern population is definitely down, and something should be done about it.

Fines, Costs Set At St. Charles

ST. CHARLES, Minn. (Special)—Daryl Schweizer, St. Charles, pleaded guilty to a charge of assaulting his wife by striking her and was fined \$50.

The fine, however, was suspended and he was placed on probation for six months. He was arrested on a citizen's complaint.

Allen F. Mart, Dover, Minn., pleaded guilty to a charge of driving after revocation of his license and paid a \$30 fine. The license plates and vehicle registration also were impounded by the court. He was arrested by the Highway Patrol.

Robert L. Reisdorf, St. Charles, forfeited a deposit of \$10 on a charge of driving with an illegal muffler. He was arrested by the Highway Patrol.

Gary W. Billman, Spring Valley, Minn., pleaded guilty to a charge of violating a restricted license and paid a \$10 fine. He was arrested by the Highway Patrol.

Richard A. Brown, Rochester, pleaded guilty to a charge of driving 45 miles an hour in a 30-zone and paid a \$20 fine. He was arrested by the Highway Patrol.

Gerhard J. Wendt, Eyota, Minn., pleaded guilty to a charge of not having the exhaust on his car properly muffled and paid a \$10 fine. He was arrested by city police.

Robert D. Jones, Dover, Minn., pleaded guilty to a charge of passing in a no-passing zone and paid a \$15 fine. He was arrested by the Highway Patrol.

Mrs. Joanne Galbreath, St. Charles, pleaded guilty to a charge of allowing a dog to run at large in the city and was fined \$5. She was arrested by the city poundmaster.

Harold H. Hanson, St. Paul, Minn., Vincent B. Feehan, Lake City, Minn., and Darrel and Allen Pleschout, both of Faribault, pleaded guilty to charges of fishing before the legal hour. All were arrested by a game warden. Each paid a \$25 fine.

Raymond Thomas O'Neill, Huntington, W.V., forfeited a \$30 deposit on a charge of careless driving. He was arrested by the Highway Patrol.

Richard Dailey, Utica, Minn., pleaded guilty to a charge of careless driving and forfeited a \$30 deposit. He was arrested by city police.

We wonder if the decrease in northern fish in the river, if there has been one, is responsible for the big increase in gizzard shad in recent years? This, of course, is a puzzle for the fish biologists.

We can recall, not so many years ago, that this pickerel, since elevated by clever tourist publicitism to a northern pike, was called a "dam snake" by most Mississippi fishermen and treated like the gar is today. Everyone contended, "it ate its weight in game fish every day." Maybe the present situation is a blessing after all, and the abundance of crappies, sunfish, white bass and

other fish in the river is the result of the northern control coming from heavy fishing pressure. Anyway, it is something to think about in determining the fish balance of the river.

Deer Island Issue To Supreme Court

PEPIN, Wis.—Ownership of lot X-3 on Deer Island three miles north of this village on Pake Pepin will be argued before the Wisconsin Supreme Court Friday by attorneys for Alfred A. Burkhardt and Robert R. Dunlap, plaintiffs-appellants, against Harold Smith, Eau Claire, who claims ownership of the lot by adverse possession.

Suit was started by Burkhardt & Dunlap, Plainview attorneys, against Smith Feb. 26, 1950. Circuit Judge Robert G. Varnum, ruled in favor of Smith.

Wilcox & Sullivan, Eau Claire, are attorneys for the appellants and La Vern G. Kostner of Fugina, Kostner & Ward, Arcadia, and Pat H. Motley, Alma, represent Smith.

There had been a question whether X-1 through X-9 were lots or streets.

APPELLANTS claim that Smith did not use lot X-8 continuously and therefore does not possess it. The dispute over ownership of X-8, which appellants claim, has no bearing on an access road to the lake, Burkhardt says, but the case is important to establishing orderly possession and use of the increasingly popular wilderness resort areas of the state.

What About Labor Excesses?

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The government championing of the public interest in wage and other labor demands is the other side of the coin to its pressuring for a price level it considers beneficial.

And a lot of people have been wondering out loud what trends in the government attitude toward labor might be developing.

The report of a presidential advisory panel urging more power for a president to deal with national emergency strikes may give a clue—more intervention in more disputes. But the wide split among panel members as to the roles labor and management are now playing shows the issue is far from settled.

The panel members did agree that the White House should be allowed to intervene directly, rather than through the courts as now provided, more quickly to get an 80-day cooling off period.

The crux of a new labor policy, if one is to develop, may lie in what the panel sidetracked, however, rather than what it proposed.

That is the dispute which has been growing hotter of late. Should labor be curbed by law from exercising what management calls the monopoly powers of some unions? The management argument is that federal laws put tight curbs on corporations' using monopoly powers, but none on labor's, if any such powers exist as charged.

Many think that whatever restraints the White House may be inclined now to seek on wage increases it calls inflationary will be of doubtful strength until the monopoly issue is brought out into the open and settled one way or the other. They argue that the government doesn't have penalties to invoke against labor as it threatened against the steel companies.

The political chances of the monopoly issue being settled to management's satisfaction seem slight to most observers. And without the power to impose legal penalties on both labor and management, any pressure may be left largely to what President Kennedy told the U.S. Chamber of Commerce he advocates: asking both sides to use responsibility in the public interest.

One member of the presidential panel—Dr. Arthur F. Burns, who was chairman of the Council of Economic Advisers under President Dwight D. Eisenhower—puts the issue this way:

"If the power of monopolies, whether of business or labor, were sufficiently curbed by law, there would be little or no need for the large intrusion of government into collective bargaining recommended in this report."

Labor unions deny they have monopolistic powers and strongly oppose any suggestion they should be brought under the antitrust laws.

3M Asks Oral Arguments in Antitrust Suit

DANVILLE, Ill. (AP)—Minnesota Mining and Manufacturing Co., accused of violating the Sherman Antitrust Act, asked the U.S. District Court Wednesday to call for oral arguments.

Judge Casper Platt said he will probably rule on the motion before the end of May.

The firm also alleged the government has not presented its allegations in enough detail "for justice to be served."

The company is accused of abusing patent privileges by forcing or attempting to force competitors to accept patent license agreements. The firm makes recording tape, pressure sensitive tape and aluminum presensitized lithographic plates.

Adrift 10 Days, Coast Guard Finds Father, Daughter

SAN FRANCISCO (AP)—A harrowing, 10-day ordeal at sea was to end today for the skipper of a converted World War II sub chaser and his 13-year-old daughter.

Jeff L. Hodges, 35, of San Jose, Calif., and his daughter, Sandra, were still aboard the 107-foot, wooden-hulled Pelican as it headed towards San Francisco, under tow by the U.S. Coast Guard cutter Taney.

Hodges left Gray's Harbor, Wash., in the old craft April 22, expecting to sail down the coast to San Francisco in about a week. But the Pelican, which hasn't been sailed for seven years, developed engine trouble. And Hodges and his daughter drifted helplessly for almost 10 days.

They were located southwest of Monterey Bay, about 95 miles west of Pt. San after drifting some 200 miles. When found they were nearly out of food, because high wind had blown some overboard.

Conductor Resigns At San Francisco

SAN FRANCISCO (AP)— Enrique Jorda, the Basque musical director, is terminating his contract with the San Francisco Symphony Orchestra.

Jorda, who once proudly told Adolf Hitler that the Basque people were pre-aryan said a "small opposition is undermining the structure and morale of the symphony."

He said that he would be willing to stay through next season because of the difficulty in finding a replacement.

The board of governors of the San Francisco Symphony Association accepted his decision with deep regret, and told him he would suffer no financial loss because of shortening his term as conductor and musical director.

Opposition to Jorda came to a head in March when George Szell cut short an engagement as guest conductor. Later Szell, conductor of the Cleveland Symphony, made public a letter to a music critic saying he found music in a sad state in San Francisco. He made no explanation.

THE WORLD TODAY

Kennedy Bucks Inflation Trend

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—President Kennedy is playing it by ear in trying to get labor and business to avoid price and wage boosts that might trigger a new inflation.

He has no authority under peacetime law to set prices or wages. He can suggest what he thinks they ought to be. But neither labor nor business has to listen to him.

How then can he persuade them to sign noninflationary contracts? Only through devices similar to those he used in the steel case or can dream up in the next big dispute.

They may not always work. There will probably be unions and industries which ignore him and sign contracts he thinks damaging to the public interest.

He is probably reconciled to that possibility and is settling for the hope that if, in general, he can keep prices and wages down, it's a gain and the best he can expect with his present limited power.

For months before the steel contract was signed he used a very limited technique of persuasion although behind it, of course, was the tremendous moral influence of the presidency.

This was simply to suggest the public good required a noninflationary settlement which meant no wage or price boost.

The contract as signed gave no wage increase, although other benefits the union got cost the industry money, and there was no indication the steel companies intended to raise prices.

When they did, just a few days after the settlement, an angry Kennedy had to abandon the technique of polite nudging which hadn't worked and think up in a hurry brand new forms of persuasion.

He used denunciation. His aides got in touch with steelmen whose companies had not yet raised prices. And the Justice Department, headed by his brother, Robert Kennedy, threatened antitrust suits and a grand jury investigation of price-fixing.

In the end the steel industry called off the price increase and Kennedy had won.

In the next contract crisis, and there seems sure to be one, the circumstances will be different, so Kennedy's techniques of pressure and persuasion will have to be adapted to the situation.

There is nothing to indicate he has a clearly thought out line of action—as there would be, and spelled out, if he had a law to work by—for any future crises.

Last February Secretary of Labor Arthur Goldberg said the government has no intention of dictating terms—this was superfluous since there's no such power under law—but he did say this:

He intended to suggest in general and perhaps occasionally in specific terms what management and labor should do for the public good.

Then, this week, Kennedy's advisory labor-management committee went so far as to suggest that, under law, Kennedy should be able to set up fact-finding boards, in disputes which might create national emergencies, to make recommendations on contract terms.

Gift suggestion for the man who has everything—a calendar to show him when the payments are due.

CHEVROLET Now...beautiful buying days during Chevy's GOLDEN SALES JUBILEE!

Spring's a-wasting! So why wait any longer to satisfy that new-car urge of yours? Beautiful buys have busted out all over the place at your Chevrolet dealer's—in the best selection of sizes and sizzle you'll find anywhere. Like in fourteen Jet-smooth Chevrolets. Or eleven new-size Chevy II models. Or a whole crew of Frisky Corvairs. So now's the time to come on in and do your picking and choosing to your heart's (and budget's) content at your Chevrolet dealer's One-Stop Shopping Center.

NEW IMPALA SPORT COUPE

It couldn't look more like a convertible unless it were one! . . . A steel top molded into the crisp contours of a convertible. Chalk it up to Body by Fisher finesse. Then chalk up this Impala's room, richness and ride, and see if they don't add up to everything you expect in an expensive car—except the expense.

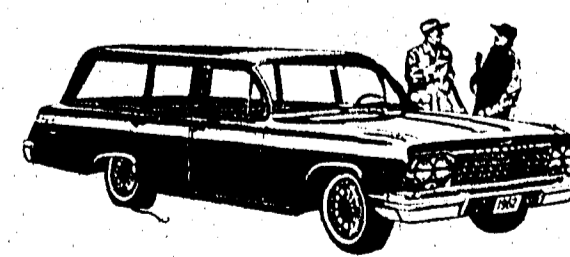

NEW CHEVY II NOVA STATION WAGON Space and spice in a new kind of saver. Just one of three new Chevy II wagons. Very parkable. Very packable, too. Has a load floor over 9 ft. long with second seat and tailgate down. Lots of wagon at a low, low price.

NEW CORVAIR MONZA CLUB COUPE The trim, sweet-handling, personal kind of car that started the bucket seat brigade. Here's rear engine scampers wedded to the road with tenacious traction and quick-silver reflexes. And it's as easy to own as it is to drive.

NEW BEL AIR 4-DOOR SEDAN This popular priced Jet-smoothie rides like a family room on wheels. Got a mammoth cave of a trunk, too. All these family-style virtues and a choice of six or V8 skeddadle! Any wonder Chevrolet is America's favorite buy?

NEW IMPALA 6-PASSENGER STATION WAGON Chevrolet wagoning at its most elegant. With up to a whopping 97.5 cu. ft. of cargo space—including a concealed compartment in the floor where you can stow your golf clubs and other valuables out of sight.

See the new Chevrolet, Chevy II and Corvair at your local authorized Chevrolet dealer's

Catholic Church Gets Permit At La Crescent

LA CRESCENT, Minn. (Special)—Following a public hearing Monday night the board of appeals recommended that La Crescent Village Board grant two building permits that had been denied by the zoning administrator.

The appeals group favored permits to Mrs. LaVerne Sheehan and Church of the Crucifixion provided they meet certain requirements.

Mrs. Sheehan had asked for a permit for alterations and additions to a building on Elm Street N. for residential purposes. The appeals board recommended that requirements of Ordinance 58 be waived so Mrs. Sheehan could proceed with her plans upon proof of title to the property.

CRUCIFIXION congregation had been denied permit for a new church on the location of the present church. The board recommended that council modify front and rear yard lot coverage and off street parking space requirements of the ordinance and permit be granted provided 80 off-street parking spaces are ready by time of occupancy and 66 additional off-street parking spaces are provided within three years of occupancy.

Norman Jertson, chairman of the appeals board, said the church would be built in an area by itself so front, rear and side yard requirements of the ordinance could be waived. Donald Bateman excused himself from action on the church appeal because Bateman Brothers are contractors engaged to build the church.

THE REV. Richard Holy of Prince of Peace Lutheran Church appeared on behalf of Crucifixion parish, which had been planning the church for many years. Pastor Holy, member of the original village planning board, pointed out the purpose of the ordinance was not to prohibit such building as Crucifixion Church. The Rev. Richard Speltz of Crucifixion parish explained that church owned property now in occupied houses will in time become parking areas.

Members of the appeals board with Jertson and Bateman are Ray Reisdorf, Russel Hayes and Chester Lachecki, zoning administrator and secretary.

Following adjournment of the hearing, council accepted both recommendations and voted to issue the permits.

A REPORT was read from Caswell Engineering Co. on proposed street improvements totaling \$43,126. A public hearing will be held May 15 at 6 p.m. CST in the village hall.

Roland Fischer, Hillview Boulevard, spoke in behalf of residents in his area about accumulation of junk in that neighborhood. Lachecki said he had inspected the property and a letter would be written to the owner.

Mayor William Mischler said he and representatives of the volunteer fire department will meet Thursday with the state fire marshal in St. Paul on specifications for a new fire truck.

A PETITION by property owners at 2nd Street S. and Maple Street intersection for a four-way stop sign was referred to Mayor Mischler. Action on this will be taken Monday.

On- and off-sale beer, cigarettes and soft drink licenses were granted William Sullivan, Boyer's Landing, Shore Acres.

William Rinkie asked that the village complete its portion of the sidewalks on his corner property at 2nd Street S. and Oak. The council will.

Gilten-Leidel Unit 595, American Legion Auxiliary, got permission to install pre-school play-

Arcadia School Board Notes Building Needs

ARCADIA, Wis. (Special)—For the past several months the Arcadia Board of Education has been engaged in a study of school building facilities and the extent to which the solution to several problems point to new construction and remodeling of present buildings and facilities.

A. L. Buechner, supervisor of state building services with the Department of Public Instruction, will spend next week Wednesday in Arcadia evaluating present facilities and will make recommendations for providing additional space to meet present and future needs.

After more definite data is obtained regarding needed construction and remodeling, including estimated costs, the Board of Education will hold several public meetings when this information will be presented for consideration.

HERE IS the way school authorities summarize the situation: While there is no indication that there will be a sudden influx, or a rapid increase in student population, census figures show a gradual increase can be expected for at least eight to 10 years in the total school enrollment of elementary and high school students.

At present three buildings are used for instructional purposes. They are the Penny, Waumandee and Arcadia public schools. Next year the school in Dodge will be added as an operating school of the Arcadia Joint District 1.

Waumandee Public School, built about five years ago, is adequate

and provides good facilities to the children attending that school. No remodeling or expansion of this building is needed.

Penny School is old and not modern. It is of frame construction, does not have a basement, and has outside toilets. It also is small and located on a limited ground area. It does not need minimum requirements of the Department of Public Instruction. Since it is located less than three miles from Arcadia the logical solution would be to transport the children to the Arcadia Public School.

THE ARCADIA Public School presently provides for about 525 high and grade school students. A room evaluation survey shows almost all classrooms used 100 percent of the school day. There are no available extra classrooms now.

On the elementary level the immediate future requires two additional classrooms, one to take care of children from Penny School, which should be closed, and one to take care of the increased elementary enrollment in the Arcadia public school. The latter will occur no later than September 1963.

On the high school level immediate expansion of the industrial arts department is required. The present shop is used by both the industrial arts and agriculture departments. To take care of present enrollment in industrial arts, classes are scheduled during the noon hour and before school starts in the morning. Of necessity bus students cannot be scheduled for the early class.

Crowded conditions in the dual shop prevents proper instruction in farm machinery maintenance and repair. For the same reason a

course in auto mechanics cannot be offered.

"IN THIS AGE of machines, anyone who does not go on to school after high school is severely handicapped if he does not have some mechanical skills in use and operation of machines," says a statement from the board. "From 30 to 35 percent of the graduates of Arcadia High School go on to school, the rest do not. It is the latter group that suffers most from lack of knowledge in the use of the many types of tools and machines, from those found in offices to those used by industrial concerns or service establishments."

OTHER DEPARTMENTS which need more room include room for a language laboratory for teaching foreign languages, and more space for the business education department to install the many new kinds of office machines students must learn to operate.

The kitchen, used to prepare food for between 350 and 400 students each day, is becoming cramped. More room would make it possible to provide two service lines, which in turn would permit faster feeding and thereby make it possible to shorten the noon hour and either lengthen the time devoted to school or permit the closing of school earlier in the day.

Guidance services are being expanded each year. It is likely that a full-time guidance counselor will be employed in the next year or two. At present adequate facilities for such services are not available.

There is a lack of storage space for physical education and athletic equipment, for supplies used for operation and maintenance of the school buildings, and a shortage of space for administrative offices.

St. Mary's Gets \$15,480 Grant

St. Mary's College has received a grant of \$15,480 to support an undergraduate research program for the next two years. Brother I. Basil, F.S.C. president, announced today.

The program, under the direction of Brother H. Charles, F.S.C. chairman, department of biology, will start in September. The funds, awarded by the National Science Foundation, will support 11 students in research during the school year and five during the summer sessions.

Buffalo Board OKs Projects

ALMA, Wis. (Special)—Totals of \$52,200 in county road aid and \$9,000 in bridge aid were approved by the Buffalo County Board of Supervisors last week.

Appropriations for county trunks were as follows, local units matching the funds under Section 83.14: Town of Buffalo—County Trunk P, oil, \$2,000, and M, sand lift and oil, \$3,000; Town of Gilmanston, N and D, \$10,000; Town of Nelson, oil and construction, \$6,600, and Town of Lincoln, U, \$2,500, and EE, \$3,000, both for construction. Bridge appropriations were for two structures in Town of Belvidere—Bollinger bridge, \$3,000, and Lingle culvert, \$1,500.

The appropriations were passed on recommendation of the highway committee, H. L. Multhaup, Ed Sendelbach and Sidney Johnson.

The council voted to lift bans from village roads effective midnight Tuesday.

Piano Guild To Audition At Cathedral

Cathedral Grade School will be one of the centers for nationwide auditions sponsored by the National Guild of Piano Teachers Monday and Tuesday.

Mrs. Audrey Brauch Wood, president of the Milwaukee Music Teachers' Association, will be the judge. At the age of 18 she made her debut as a pianist, and has performed extensively in a number of groups. Mrs. Wood has served on the faculty of Northwestern Conservatory of Music, Wauwatosa, Wis., and is now doing private teaching in Milwaukee.

Approximately 50 students will play from memory three to 15 numbers. Students above the elementary stage are required to pass a test on scales and cadences. Each participant accepts suggestions; gets a rating and certificate or diploma and builds a repertoire with technical and musical background.

Guild auditions are non-competitive. Each pianist is judged individually on 32 points including rhythm, accuracy, tone-quality, phrasing and pedaling. Auditions are conducted privately.

Caledonia Bands To Give Concert

CALEDONIA, Minn. (Special)—The two bands of the Caledonia Schools will present a concert Sunday at 3 p.m. in the municipal auditorium.

The program will include selections which the concert band performed with much success at the district music contest, a modern composition featuring Jane Buchholz on the alto saxophone and a Beguine featuring the band's nine flutes and other compositions.

The cadet band's program will be highlighted by a Spanish number "Trumpets Oie!" featuring the 15 cornet players.

BAKE SALE
DODGE, Wis. (Special)—The monthly bake sale of Sacred Heart Catholic Church, Pine Creek, will be held Sunday in the church hall before and after the Masses.

Colleen Stork, Harmony, Wed In Miami, Fla.

HARMONY, Minn. (Special)—Mr. and Mrs. Samuel Horter Arch will be married in Miami, Fla., March 24 are at home at 160 W. 28th St., Hiawath, Fla. The bride is the former Miss Colleen Gaye Stork, daughter of Mrs. William Beverly Stork, Harmony, and the late Mr. Stork, and the bridegroom is the son of Mr. and Mrs. Loxley Arch, Miami.

The ceremony was performed by the Rev. Arthur J. Hoolesma in a setting of tropical foliage, palms and spring flowers in the home of the bridegroom's parents.

The maid of honor was Miss Diang-Arch, sister of the bride groom and best man was Axel Bush, uncle of the bridegroom. Edson Waller, cousin of the bridegroom, ushered.

Assisting at the reception following the ceremony were Mrs. Clement Snyder, Canton, Minn.; Mrs. Athel Bush, Miami, Miss Marian Hampton and Miss Dixie Brown, Miami; and Miss Patti Stork, sister of the bride.

Durand Club Wins State Award

DURAND, Wis. (Special)—Durand Woman's Club president, Mrs. Horace Hougen, recently received a notice that the club received honorable mention in the state community improvement program.

The club will receive the award from the General Federation of Women's Clubs in a ceremony at Green Lake, Wis., May 23.

Mrs. Donath to Attend AAUW Meet

The 33rd convention of the Minnesota Division of the American Association of University Women will open its program Friday in Duluth. Mrs. A. C. Donath, state fellowships chairman, will represent the Winona Branch.

Delegates to the convention will elect a president and vice president for the next two years, exchange ideas with members from the 42 branches and meet and consult with association leaders.

Mrs. Donath left Winona this morning to attend state board meetings.

FOOD SALE
TAYLOR, Wis. (Special)—Ruth Circle of Taylor Lutheran Church will have a food sale Saturday at 2 p.m. at Olson Hardware Store.

Great Speakers Born, Good Ones Developed, Toastmistresses Told

"Great speakers are born, not made. Good speakers are made, not born," Brother Raymond, FSC, chairman of the speech department, St. Mary's College, told members and guests at the joint meeting of Winona-La Crosse Toastmistress Clubs Tuesday evening at the Hotel Winona.

"Everyone can learn to speak effectively. You may not become a great speaker because you do not have innate talent but you can become an effective speaker," he said. "The human voice holds and commands attention. We look through the pages of history and we find that in many great leaders their speaking was essential to their leadership."

"CONTENT and technique are two important things in public speaking. Therefore, a speech must contain 50 percent message and 50 percent showmanship."

Lady Bugs Royal Grasshopper Inspects Circle

Mrs. Emil Mansager, Royal Grasshopper, Austin, held inspection of Gnat's Circle 13, Military Order of Lady Bugs, Tuesday evening in the VFW clubrooms. Accompanying her were Mrs. Carl Gilbertson, Lady Gold Bug, and Mrs. C. A. Bates, her Grandmother Gold Bug, Austin.

Mrs. Edward Modjeski reported on the Easter visits to the Winona General Hospital and rest homes where members distributed 178 Easter baskets, favors and tray cards. Mrs. Rose Kackow and Mrs. Betty Cieran assisted Mrs. Modjeski. Tray cards for May Day were also left at the hospital.

Members were asked by Mrs. Elmer Lande to begin their collection of useable clothing to be sent to the Indian School at Kenora, Canada.

The next meeting of the circle will be at 7 p.m. banquet at the Golden Frog, Fountain City, June 5. Members are to be at the clubrooms by 6:30 p.m. for transportation.

A social hour followed the business session. The attendance prize furnished by Mrs. Lande was won by Miss Lillian Seigler. Lunch was served by Mrs. G. G. Wendt, Mrs. Nicholas Smith and Mrs. Ann Lynch. Individual May basket favors decorated the table.

Lutheran Women Hear Missionary At Spring Rally

FOUNTAIN CITY, Wis. — The spring rally of the Lutheran Women's Missionary Society, Winona area, was held Wednesday afternoon at Fountain City with 175 present.

Women from congregations in Winona, Minnesota City, Ridgeway, Lewiston, Altura, Norton, Fountain City, Cochrane, Cream, Nelson, Wabasha, Lake City, and Rochester were present to hear the Rev. Richard Seeger, missionary of the Wisconsin Evangelical Lutheran Synod in Japan, lecture on his work in that country.

Pointing out that only one percent of that country is Christian, he stated that mission work of all church bodies is very slow with an average of only two and one-half conversions per missionary a year.

Having served in Japan for five years, Missionary Seeger has been on furlough in the United States and will return to Japan in July. Offerings received on his lecture tour will be used to construct mission churches in Japan.

During the business meeting conducted by Mrs. Edwin Kiese, Lewiston, the annual election of officers was held. Mrs. Lloyd Schaffner, Fountain City, was re-elected vice president and Mrs. William Powell, Cochrane, was elected secretary.

The Rev. David Ponath, Goodview, was elected to the Christian growth committee with Mrs. Millard Glende, Altura, who was elected laywoman on the committee. The Rev. Harold A. Essmann, Fountain City, was re-elected pastoral adviser. Other officers are Mrs. Jacob Pielmeier, Goodview, treasurer; Mrs. Ralph Herzberg, Winona, and the Rev. Robert Kant, Altura, members of the Christian growth committee.

The next rally will be held in October at St. John's Lutheran Church, Lewiston.

Mite Box funds were designated for the Japanese chapel fund, the Rhodesian Medical Mission and Institutional missions.

BADGER SQUARES
FOUNTAIN CITY, Wis. (Special)—The Badger Squares dancing group will meet at the Fountain City Auditorium Tuesday at 8:30 p.m. Serving will be Mr. and Mrs. Vincent Kammueller and Mr. and Mrs. Elmer Wenger.

Central WSCS Hears Panel On Citizenship

Woman's Society of Christian Service members of Central Methodist Church were served a breakfast Wednesday morning in the Guild hall by members of Circle 7. Mrs. E. M. Hannon is circle chairman. The tables were centered with spring flowers and spring decorations arranged by Mrs. D. J. DeLano.

Following breakfast members met in the ladies parlor where Mrs. A. F. Bowman, president, presided.

DEVOTIONS WERE given by Mrs. Roy Lossen, followed by a panel discussion on "The Christian and Responsible Citizenship." Taking part were Mrs. Verdi Elliot, moderator; Mrs. McKendree Petty, who spoke of the attitudes of the child and stages of development, and Mrs. A. W. Sturges, who told of the United States in a world of change, and the conflict in which students live.

Mrs. R. G. Thern presented a certificate of special membership in the Woman's Society of Christian Service and a gold pin to Mrs. Bowman. They were gifts from her children. In recognition of Mrs. Bowman's two years of service as president Mrs. Streater presented her with the past president's pin.

The following officers and secretaries elected for two years at the last meeting were introduced: President, Mrs. E. R. Streater; vice president, Mrs. E. Clayton Burgess; recording secretary, Mrs. H. V. Teagarden; promotion secretary, Mrs. Russell Rossi; treasurer, Mrs. B. R. Wandsnider.

Secretaries are: Local church activities, Mrs. R. H. Mourning and Mrs. William Haase; missionary education and service, Mrs. Ben Little, spiritual life, Mrs. Harvey Ganong; literature and publications, Mrs. Ralph Hubbard; supply, Mrs. W. L. Hodgins; children's work, Miss Ella Seidlitz; youth work, Miss Margaret McCready; Christian social relations, Mrs. L. H. Stevens; historian, Mrs. R. J. Scarborough and publicity, Mrs. Donald Doumas.

Officers and secretaries will be installed at the morning worship May 6.

CARD PARTY

BLAIR, Wis. (Special)—Women of St. Ansgar's parish, Blair, are sponsoring a card party Sunday at 8 p.m. at the home of Mr. and Mrs. Ray Greenwood. Whist and 500 will be played and lunch will be served. The public is invited and a charge will be made to raise funds for the parish.

WSWS CONVENTION

Mrs. Reuben Kaste of Evangelical United Brethren Church is one of 110 delegates attending the 16th annual Minnesota Branch convention of the Women's Society of World Service at the Evangelical United Brethren Church, Buffalo Lake, Tuesday through today.

Old-Fashioned Theme Ends Galesville Study Club Year

GALESVILLE, Wis. (Special)—"An Old-Fashioned Garden" was the theme for the program which followed a dinner for members of the Galesville Music Study Club as the group closed its 42nd year Monday evening. The occasion was also the annual guest night for members, 85 assembling at the Ettrick Lutheran Church.

Officers were elected and the year's report was given by the secretary. There were 50 members this year. With "Outreach" (the thought for the year, the club made an effort to carry its message of music to many outside the membership).

Officers re-elected were Mmes. J. O. Beadle, president; L. E. Danuser, vice president; and O. S. Bergquist, secretary. Mrs. Robert Ristow will succeed Miss Kenyon as treasurer. Named to the program committee were the Mmes. Neal Ballentine, Mark Ronning, Sara Myrland and Ray Anderson. On the membership committee are the Mmes. O. S. Bergquist, Harold Williamson, L. E. Danuser, Leonard Larson and Robert Hove.

Mrs. Ronald Terpening was narrator for a program of music given after the dinner. Mrs. Kenneth Poss in old-style costume sang "In an Old-fashioned Garden" and "Let's Take an Old-fashioned Walk." Mrs. Williamson, a dancing teacher, appeared in "Tip toe Through the Tulips," and Mrs. Dean Helstad added a comic solo. Mrs. Daulton read "Four Seasons in a Garden." Mrs. Ronning in a hoop-skirt costume sang Joyce Kilmer's "Trees." Mrs. Helstad sang "June Brought the Roses" and appeared in a duet with Mrs. Ronning singing the sacred number "In the Garden." Accompanists were Mmes. Alfred Anderson, James Cram and Myrland.

In charge of a musical tea in May are the Mmes. Andersen, Ballentine, Myrland and Danuser. The club will resume work in September.

WABASHA DEANERY
KELLOGG, Minn. (Special)—The Wabasha Deanery of the Winona Council of Catholic Women will meet Sunday at St. Peter & Paul Catholic Church, Mazeppa, Minn. Benediction of the Blessed Sacrament at 2 p.m. will precede the meeting. Mrs. Paul Schouweiler, Kellogg, is deanery president.

ROSARY SOCIETY
DODGE, Wis. (Special)—The Rosary Society of Sacred Heart Catholic Church, Pine Creek, will have corporate Communion at the 8 o'clock Mass Sunday. The society will meet at 2 p.m. Sunday in the parish hall. Group 4, of which Mrs. Cyril Pehler is chairman, will be hostesses. Mrs. Marcel Thomas will provide the mystery parcel.

MISCELLANEOUS SHOWER
DODGE, Wis. (Special)—Miss Sharon Gradziewski and Richard Jerezek were complimented with a miscellaneous shower Sunday afternoon in Sacred Heart parish hall, Pine Creek. Cards and bunga were played and lunch was served. The bride-elect is the daughter of Mr. and Mrs. John Gradziewski and Mr. Jerezek is the son of Mr. and Mrs. Frank Jerezek. The wedding will take place at Sacred Heart Church.

NASH'S has the "just right" gift (or gifts) for you to give on Mother's Day

You'd like to give her the sun and moon and stars, we know, but she'll shine and glow like all of these when she receives any one of the variables vouched for by us at Nash's. They're as pretty as planets, anyway, and far more practical to have and to hold. Enormous selections to choose from.

Soroptimist Club To Pay Venture Float Expenses

Members of the Soroptimist Club of Winona voted to defray the expenses of a float to be entered in the Steamboat Days parade by Venture Club members.

This action was taken at the noon business session at the Huntsman's Room of the Steak Shop Wednesday. Mrs. Herbert Streich, first vice president, presided at the business session.

Plans for the May 16 dinner meeting were discussed. Reports will be given in May on the North Central Regional Conference held in Fargo, N. D. last weekend. Mrs. Marie Fjelstad, club delegate, Mrs. Herbert Streich, president's representative, Miss Sue Betzinger, Venture Club member, and Miss Harriet Kelley, lieutenant governor of the region, attended sessions of this conference. Officers will be elected and plans for a joint installation with the Venture Club in June will be discussed.

Teresan Seniors To Crown Queen At Prom Friday

Miss Marilyn Garden, Chicago, will be crowned campus queen at the annual senior prom at the College of Saint Teresa Friday evening in Lourdes Hall.

Miss Mary Roberta Couch, Jefferson City, Mo., senior class president, will crown the queen. Music will be provided by Rich Clausen and his orchestra. Miss Karen Johnson, Decorah, Iowa, is orchestra chairman. Prom chairman is Miss Karen Rausch, Mandan, N. D., and co-chairman, Miss Carol Breza, Winona.

Seniors serving as committee chairmen are: Decorations, Miss Patricia Hogan, Des Moines, Iowa; Miss Jeanne Leighton, Austin, Minn.; and Miss Sandra Schwebke, Eldora, Ia.; bids and tickets, Miss Marian Walsh, Chicago, and Miss Donna Dreves, Oak Park, Ill.; refreshments and breakfast, Miss

Forever Feminine

Margaret McCabe, Harmony, Minn., invitations, Miss Judith Sterling, Austin, Minn.; blind dates, Miss Rosemarie Hounihan, Chicago, and publicity, Miss Susan Tomkemper, Minneapolis. Sister M. Caelan, senior class moderator, is adviser.

Blair Teacher Named

BLAIR, Wis. (Special)—Mrs. Arthur Runnstrand, instructor of English 11 and 12 and dramatics at Blair High School, was notified Tuesday that she has been selected to attend a two-week journalism seminar this summer at the State University of Iowa.

BLAIR, Wis. (Special)—Prof. and Mrs. Peter Juul of Oslo, Norway, will visit the Blair school system Tuesday, taking part in an assembly program and showing slides to the students. Prof. Juul is an exchange professor from the University of Oslo at Winona State College this year.

Two Girls Lead Lanesboro Class

LANESBORO Minn. (Special)—Shirane Erickson and Avis Elstad share Lanesboro High School's valedictory and salutatory honors respectively.

Dianne, daughter of Mr. and Mrs. Leroy Erickson, has a four-year average of 96.1. Dianne is president of student council, member of the chorus, local winner of the Betty Crocker American Home-maker of Tomorrow, last year's Lanesboro representative to Girls State, member of the church choir and of the conference board of the Luther League. Dianne also works part time in the office of village clerk and does secretarial work for the Rev. Leon Holtan, pastor of Bethlehem Lutheran Church here. She plans to study science at the University of Minnesota.

Avis, daughter of Mr. and Mrs. Arland Elstad, Whalan, is also a member of student council, vice president of the Elstad Luther League and has enrolled at Luther College, Decorah, Iowa. She maintained a 95.4 scholastic average.

Both students are charter members of the National Honor Society and participated in band, year book staff, newspaper staff, junior class play and the senior class play to be presented Friday night.

They Took Nothing But Kitchen Sink

YORK, Pa. (AP)—Morris Mittel of York reported to police Wednesday that burglars broke into a vacant house he owned and took the kitchen sink but nothing else.

Teresan Selected For Conference

Sister M. Thomas a'Kempis, chairman of the College of Saint Teresa's department of mathematics, is one of 30 college teachers selected to attend a conference for teachers of the history of mathematics, June 25 to July 20, at the University of Michigan. The conference is supported by a grant from the National Science Foundation and will acquaint college teachers with recent research and materials in the history of mathematics. Current literature, source materials and research methods in the history of mathematics, little of which is usually available at the level of graduate preparation, will be considered.

Sister Thomas a'Kempis is the third Teresan faculty member to receive an NSF summer study grant this year.

OTHER HONOR students from the 41-member graduating class are:

Dorothy Anderson, class vice president, Harold Hummel, Kenneth Olson of Whalan, Solveig Storhoff and Elaine Vigness.

John Rein, Whalan, is class president; Gordon Rasmussen, Whalan, secretary, and Carolyn Bostrack, Whalan, class treasurer. Class symbols: Motto—"Take the World As You Find It But Leave It Better"; Colors—red and white; flower—American Beauty Rose. Baccalaureate services will be May 27 and commencement May 29.

OTHER GRADUATES: Donald Asleson, Charles Austin, Daniel

Fillmore County Achievement Day At Preston Friday

PRESTON Minn.—Mrs. Eleanor Gifford will speak at the Fillmore County home extension Achievement Day at 1:30 p.m. Friday at Christ Lutheran Church parlors.

Mrs. Gifford, district home agent supervisor, is a graduate of State Teachers College, Framingham, Mass. She did her graduate work at the institute of child study at the University of Maryland with special work in human relations and human development. She has worked in New Hampshire as a 4-H club agent and a home agent. Before coming to Minnesota she worked with the National 4-H Club Foundation in Washington, D.C., on a study in understanding citizenship.

Selection of a home program member who will be given the title of Worthy Homemaker will be another highlight of the program.

Seven former home agents who served the county since 1936 and six past home council chairmen

Green Bay Names New Operator

Raymond H. Greenwood, who has been agent and operator 11 years for the Green Bay & Western Railway at Blair, Wis., has been transferred to the Winona office as operator.

He assumed the post vacated by Vernon R. Zimmerman who was recently promoted to agent here. A new agent and operator has not yet been appointed at Blair.

Greenwood and his wife, the former Lorraine Cichosz, are native Winonans. They have a son, Alan, 11. The family will join Greenwood here after the school year ends at Blair.

will be special guests. In keeping with a centennial theme, the council is planning an extensive display of articles used by homemakers about a hundred years ago. The past year's home program projects also will be displayed.

Committees for the occasion are: Program—Miss Genevieve Mulhern, Fountain, and Mrs. Paul Halloran, Canton. Exhibits—Mrs. Herman Blatter, Spring Valley;

Mrs. Gerald Nosek, Chester, Iowa, and Mrs. Charles Hafner, Grand. Coffee hour—Mrs. Carleton Cummings, Harmony, and Mrs. Eugene Broadwater, Preston. Hospitality—Mrs. Emil Eickhoff, Fountain; Mrs. Norman Flatland, Mabel, and Mrs. Jean Olson, Chatfield. Cleanup—Mrs. Herman Schoppers and Mrs. Charles Horsman, Spring Valley.

A coffee hour will follow the program.

DEAR ABBY:

Just Wait for Real 'Message'

By ABIGAIL VAN BUREN

DEAR ABBY: I am a freshman in college and, believe it or not, I have never kissed a girl. I mean really KISSED her. I have given girls little innocent pecks on the cheek, but that doesn't count. This may sound nuts but I have dated plenty of girls and, while everyone else is making out, we sit and talk. I spoke to a buddy of mine and he said, "Don't ASK a girl if you can kiss her. Just grab her and kiss her!" I would die of embarrassment if she pushed me away. Does a guy just grab a girl or does he ask first?

SHY GUY

DEAR SHY: A kiss should be more of a spontaneous act than a planned campaign. If you have to ASK a girl for permission, the whole thing would probably be a big let-down. Wait until you get the "message."

DEAR ABBY: My brother and his wife were married for three years. They were divorced and stayed apart for almost a year. Then they were remarried to each other. If they had not been divorced, they would be celebrating their 25th wedding anniversary this June. Would it be proper to entertain at an open house for their "25th anniversary" anyway, and ignore the time they were apart? Incidentally, a daughter was born to them before their divorce.

Abby

MIDWEST

DEAR MIDWEST: Be generous and ignore the divorce.

DEAR ABBY: My daughter was married two years ago, but it wasn't much of a wedding. She eloped with a schoolboy sweetheart. It lasted only a year and now she is getting married again.

We want to give her a large church wedding with a white gown and veil, but our friends say that we can't do it because of that first marriage she had. In view of the fact that she never had a "real" wedding, don't you think we should go ahead with our plans?

HER MOTHER

DEAR MOTHER, Although your daughter never had a large church wedding, she did have a "real" marriage ceremony. Forego the veil and gown for a simple wedding.

DEAR ABBY: Please tell "Alone and in love" that if she is the woman who is in love with my husband, she'd better get used to being "alone" because there is not going to be a divorce in THIS family!

AWARE WIFE

BLAIR PUPILS TRAVEL

BLAIR OPEN HOUSE

BLAIR, Wis. (Special) — Open house will be held at the newly constructed residence of Leland Chenoweth, two miles south of Blair, on Highway 53 Sunday from 10 a.m. to 4 p.m.

SMEA Elects Winona Students

Two Winona college students were elected to state offices in the Student Minnesota Education Association (SMEA) at the group's state conference at St. Cloud State College April 14.

Miss Therese Rockers, College of Saint Teresa, was elected first vice president, and Miss Mary Lou Arneson, Winona State College, was chosen secretary.

Miss Rockers, daughter of Mr. and Mrs. Harold Rockers, Austin, Minn., is a junior majoring in elementary education. She is president of the College of Saint Teresa's SMEA. Mother: Leo Tracy Chapter. She is the recipient of the state Catholic Daughters scholarship and spoke to that organization at its state convention in Winona last weekend.

Miss Arneson, daughter of Mr. and Mrs. Orin Arneson, Dorchester, Iowa, is a sophomore at WSC.

Buffalo County's Oldest Twins Mark 85th Year

GILMANTON, Wis. (Special) — Mrs. Ada Loomis, Gilmanton, and Miss Ida Richards, Mondovi, Wis., believed to be one of the oldest sets of twins in Wisconsin and the oldest twins in Buffalo County, celebrated their 85th birthday last week. They agree that hard work is the key to longevity.

The women, born at Mondovi April 25, 1877, were orphaned at an early age. Miss Richards was raised in the Wallace Brown home and Mrs. Loomis in the Britton home, both in rural Gilmanton.

Mrs. Loomis lives on a farm in the Town of Dover where she tends several head of cattle in the summer. Her husband, Guy, died

last year. They were the oldest farmers in the community, settling there after their marriage in 1888. The Loomis' operated the Gilmanton Hotel for several years.

Miss Richards has worked as housekeeper all her life for the Short family in Mondovi. She has lived in the Short home for more than a half-century, beginning as a girl on their farm in the Town of Dover. Before moving to Mondovi in 1942, she lived in Independence 17 years.

Both are active and in good health and do their own housework.

Miss Richards enjoys doing fancy sewing and is active in the Methodist Church at Mondovi. Mrs. Loomis has given up milking cows recently, but still enjoys farm life.

Mrs. Loomis has two children, Mrs. Agnes Grass and Dennison

Loomis, both of Gilmanton. She has five grandchildren, 13 great-grandchildren and three great-great-grandchildren.

General to Begin Installing Dial Phones at Osseo

OSSEO, Wis. — Installation of dial phones in homes of the 685 customers served by General Telephone Co. of Wisconsin will begin immediately. D. E. Anderson, Black River Falls, division manager, said. The equipment has been in storage in Osseo for some time. Building for the dial equipment was built last summer, and tentative changeover date is July 11.

THE NEW equipment will permit direct dialing by long distance operators into the Osseo switchboard. It has the most modern dial features available. Anderson said, free of charge, will be provided to Augusta, Pleasantville and Strum.

General has requested a meeting with Beef River Telephone Co. to settle a means of inter-connecting with the Beef River switchboard and apportionment of costs involved. Public Service Commission has suggested a plan for such apportionment and removal of the 10-cent charge existing between the switchboards at the present time. "We are prepared to meet with the Beef River Co. immediately," Anderson said.

Removal of the 10-cent charge was the subject of one of three hearings before the commission last fall. In another decision PSC granted permission for Beef River to put in a new (used) switchboard, and the third decision made no ruling against operation of either company in Osseo and area.

GENERAL HAD petitioned PSC for a hearing on its petition that having two companies at Osseo was a duplication of services and not in the best public interest. Under laws at the time they were organized, however, the commission had no jurisdiction to end operation of either company.

Anderson said General plans to convert the Centerville and Trempealeau exchanges to dial this year. Rural subscribers at Galesville

Hobby Becomes Business Venture

URNE, Wis. (Special)—Mrs. Richard Holman, with the aid of her 13-year-old daughter, Alberta Melxner, started a hobby which in less than a year has grown into a small business venture.

This mother-daughter team started making artificial flowers into bouquets, corsages and table centerpieces. Mrs. Holman had seen a foam-rubber rose plaque for sale in a store and wanted one. Upon checking the price, she felt that she would attempt to make one herself and save money. She sent for material and through practice, both she and her daughter acquired the knowledge of flower craft.

WITHIN THREE months they had made more than 300 pieces for other people. They still take orders for the foam-rubber flowers, although they now work almost exclusively with wood fiber material. The wood fiber makes realistic appearing arrangements, and is hard to tell them from real flowers.

Even the natural scent is added to each blossom. The various scents come in small glass vials and have an oil base, which penetrate the petals, giving them a lasting fragrance.

Within the last few months Mrs. Holman and Alberta have stepped into a new phase of the flower business. They make flowers for weddings in the nearby area. They have a complete service from making bouquets for the altar display to flowers and corsages for members of the wedding party, including boutonnières for the men.

It takes approximately three days of hard work to make the flowers for an average size wedding.

"WE HAD NEVER heard of any one making artificial flowers for weddings before, but it seems to be catching on fast here. A girl in Strum had seen one of our corsages and asked us to make the flowers for her wedding. This was our first experience, and people keep on asking," Mrs. Holman explained. Mrs. Holman now has the operation down almost to an assembly line basis. They work in steps, first cutting out the pieces, then shaping them, and next taping the stems and leaves. Finally the carefully planned and skillful arranging is done.

ORDERS FOR flowers have come from Missouri, Kansas and as far away as New York.

Although the Holmans have seven children: who like to work in the flower garden, Alberta is the only one who takes an active interest in her mother's hobby of artificial flowers. They live on a farm just outside Urne.

WANT SOME FLOWERS? . . . Mrs. Richard Holman, left, Urne, and daughter Alberta can make you some. They're not real, but look it, like this arrangement on an altar for a wedding (Louise Miller photo)

U of W Student Dead in Crash

By THE ASSOCIATED PRESS
The death of a University of Wisconsin student early today raised Wisconsin's 1962 traffic toll to 219, compared with 252 on this date one year ago.

John C. Mohr, 18, of Hayward, a freshman at the University of Wisconsin, was killed early today when his car struck a pillar at the junction of Highway 151 and the Interstate 90-94 overpass in Madison. Mohr was alone in the vehicle.

Coffee Pot Explodes, Couple Awarded \$1,450

DULUTH, Minn. (AP) — A Duluth couple was awarded \$1,450 damages Wednesday night in a lawsuit over a glass coffee pot that exploded.

Mr. and Mrs. Ryan D. Hietala sued Corning Glass Works, Corning, N.Y., contending the pot splashed hot coffee on the wife, causing severe burns. They asked \$5,500 damages.

A district court jury trimmed the award to \$1,300 for Mrs. Hietala and \$150 for her husband.

Regional CD Meeting Slated

LANSBORO, Minn. — Hundreds of county, city and village CD directors—as well as city and village mayors—are expected to attend a meeting of MSA 1 Civil Defense Association at 7 p.m. Tuesday in the Sons of Norway Hall here.

Col. H. A. Schon and Roy Aune, Minnesota CD officials, will speak on "The 1962-63 Civil Defense Program and Federal Financial Assistance."

Among those attending will include Winona Mayor R. K. Ellings, Winona CD director, George McGuire, Winona County Commissioners Raymond Kohner and Paul Baer, and the following city and village CD directors in Winona County: Albert Sanford, Dakota; Paul Brom, Goodview; Vincent Daniel, Stockton; Wilford Rivers, Rollingstone; Kenneth Spencer, Altura; George Slavin, St. Charles; Roger Church, Minnesota City; Gertrude Blanchard, Lewiston; and Norman Boettcher, Elba.

A dinner will precede the meeting.

BUSINESS MIRROR

Communist World Parades Its Might

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The Communist world has paraded its might—military, that is—to celebrate its way of life. It put very little stress on its nonmilitary economic status, perhaps thinking the less said the better.

The United States could parade as dazzling a display of military might, but doesn't. And its greater economic might is there for all to see, even if many seem to forget it while watching the missiles speed by.

And the Communist world also parades on May Day what it calls its people's dedication. To Western eyes this may look more like fanaticism. For Americans don't talk much about dedication to their way of life—it's very much there, though, when the chips are down. And this means it's been there all along.

In this day of space races and nuclear weapon competition, it's perhaps too easy to forget the importance of economic strength. The United States has it—in spades.

The fast economic growth rate of the Soviet Union in the last few years looks impressive because the start was so close to zero. But compare the two economies outside the military segment, and the United States wins hands down.

The real growth, rather than the percentage of growth, finds the United States much stronger today than the Soviet Union. The actual gap is wider than when the U.S.S.R. started its plan to catch up some 10 years ago. We have

grown more, put on more economic muscle, even if the rate isn't as spectacular.

The gap between total industrial output of the United States and the Soviet Union has widened, in America's favor, according to a survey by the National Bureau of Economic Research. One reason appears to be a faster growth in production per man hour in the United States. It finds Soviet labor productivity only about 20 per cent of the American level.

Americans' appreciation of economic growth in our capitalistic society may be clouded just now by a number of debates. One is that the rate isn't fast enough to pare unemployment as desired. Another is that government and business and labor have seemed to be at sword points over how best to speed growth, and how to divide the benefits. And, of course, stock market weakness always chills the public's enthusiasm and fires up its fears and uncertainties.

But much of the American economy is at or near record highs.

And Americans themselves are doing very well. Total personal income is at a record high. Retail sales have set records—in spite of the fact that total savings have, too.

Federal Reserve figures show that personal assets earning interest now top \$500 billion for the first time.

Public Has Its Representative

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—President Kennedy's policy with big unions and big industry—suggesting the kind of contract they should sign—has been a form of government interference. Now it has borne new fruit.

In the recent steel negotiations his policy could be considered indirect interference. He simply suggested a noninflationary contract which would not trigger a spiral of wage-price increases.

That he would stick the government's nose into labor-management negotiations even that much was resented by some people. His excuse for doing so was this: Since big unions and big industries affect the public welfare, when they raise prices and wages they have a responsibility to consider the public.

Chicken Top Main Course For Weekend

By THE ASSOCIATED PRESS
Fryers, broilers, and even stewing hens are a top main course attraction at the nation's supermarkets this week.

And so are eggs, with prices falling even lower in many areas than recent economy levels. One national chain features large white eggs at 48 cents a dozen in its New York outlets.

Fried eggs can be teamed up with pork chops or pork loin, both reasonably priced at most stores this weekend, for an easy to fix meal.

For heavier meals, most cuts of beef are budget priced again this weekend—with round, chuck and rib roasts particular features.

Rib roasts are priced at 59 cents a pound in the New York area by one big chain.

Milk prices are generally lower and cheese and cottage cheese are both attractively priced.

Radishes, carrots, spring onions and leafy greens offer salad treats at good prices.

And sweet corn and new potatoes provide side dish variety at lowering prices.

Among old standby vegetables, features include cabbage, spinach, tomatoes, asparagus and artichokes.

Fruit attractions are grapefruit, oranges and apples.

Veteran golf amateur Chick Evans, still playing golf at 71, won the Western Amateur eight times between 1909 and 1923.

32nd Heads for Battle Assembly

FT. LEWIS, Wash., (AP)—Advance parties of Wisconsin's 32nd Division were moving to the Yakima firing center today in preparation for the 26,000-man exercise Mesa Drive May 7-21.

The exercise will mark the 32nd's first simulated battle assembly at near full strength since World War II, officers said.

The Red Arrow men of Wisconsin will portray friendly forces in the maneuver with the 4th Division, stationed here, acting as the aggressors. Air force units also will take part.

The Yakima firing center is a semi-arid, 188,000-acre area about 180 miles east of here.

Most of the men and equipment will be moved by military vehicles and rail but about 1,900 men and 180 vehicles will be air lifted.

Two-State Deaths

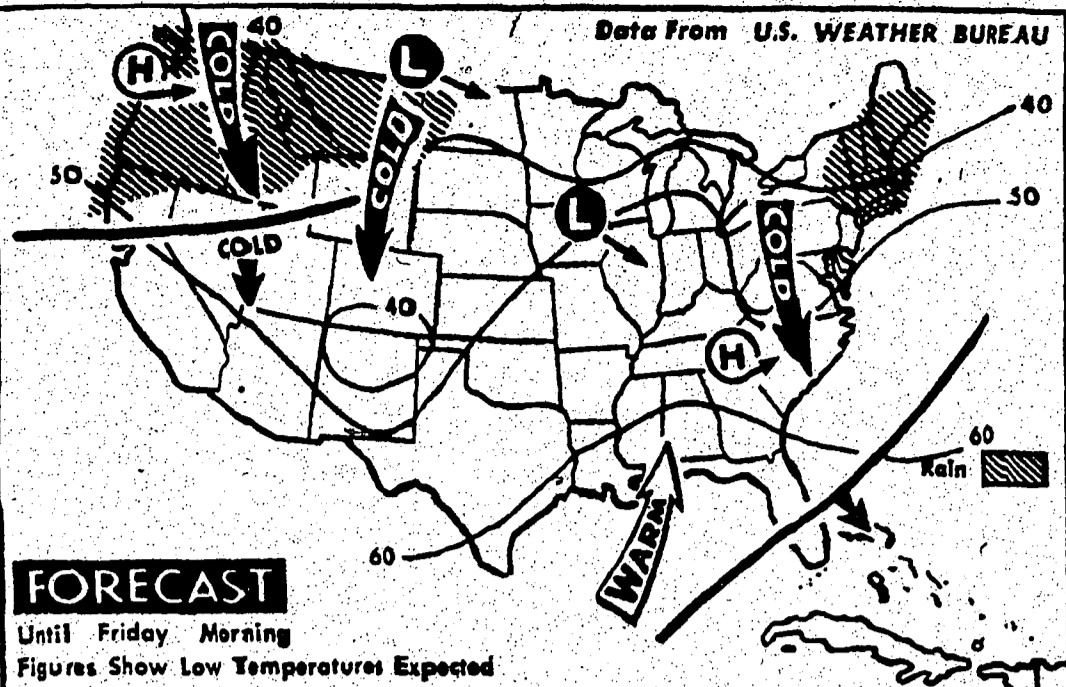

Lester E. Lange HARMONY, Minn. — Funeral services were held Friday at Big Spring Lutheran Church for Lester E. Lange, 64, who died at his home here April 24. The Rev. Robert Taylor officiated and burial was in the church cemetery. He was born at Granger Jan. 4, 1898, and married Clara Miller of Big Spring June 24, 1920. They farmed for 15 years on the August Miller farm until 1935 when they purchased the farm on which his son now resides. They moved to Harmony in 1949. He held various church offices and was treasurer of the Big Spring Cemetery Association. Survivors are: His wife; two children, Emory, on the home place in Big Spring, and Mrs. Francis (Alberta) Fishbaugh, Bristol Center; three grandchildren, and three brothers, Fredbert, Harmony; Wesley, Austin; and Harry, Fountain, Minn. His parents, two brothers and one daughter, Estella, have died.

Body of Winonan Found in New York

The body of a Winona man, Edward R. Olson, 57, missing in New York for five weeks, was found Tuesday in the waters of New York harbor near Staten Island. An oil barge captain, Olson had made his legal home at the Eugene Czapelewski residence, 412 E. Sarnia St., for the past 10 years. Czapelewski was notified by New York police Tuesday of the body's discovery. A brother, Clement Olson, Chester, Pa., was called to New York to identify the remains. Olson's wife, who died Jan. 14, 1961, was a sister of Czapelewski.

Duluth Labor Leader to Guide Rolvaag Drive

DULUTH, Minn. — Charles Bannister, Duluth labor leader, will head Lt. Gov. Karl Rolvaag's campaign in his bid for the DFL gubernatorial nomination and subsequent campaign. Bannister resigned Wednesday as president of the AFL-CIO central Labor Body to become campaign director and coordinator.

by the Spenton Bush Fuel Co., 500 5th Ave., New York, N.Y. He had called here to tell the Czapelewski he would be home soon for a vacation since his barge was to be tied up at Staten Island several weeks. New York officers think Olson stumbled, fell in the water and drowned while going aboard the barge early March 29. His body was discovered when the barge was moved from its mooring place this week for the first time, relatives were informed. A coroner's inquest was to be held but results have not been learned here as yet. OLSON WAS BORN Nov. 2, 1904, at Beloit, Wis. He married Frances Czapelewski of Winona July 17, 1947. He had lived in Milwaukee, Wis., Philadelphia, Pa., Chicago and New York in the course of his employment. A brother, Clement Olson, Chester, Pa., survives. Funeral services will be Saturday at 1:30 p.m. at Fawcett-Abraham Chapel with burial in Woodlawn Cemetery. There will be no visitation. A memorial is being arranged.

OTHER BIRTHS

LAKE CITY, Minn. (Special)— Mr. and Mrs. John Dahlstrom, Lake City, a daughter Sunday at Lake City Municipal Hospital. Mr. and Mrs. Wilbur Klind-worth, Lake City, a son Monday at Lake City Municipal Hospital.

Blair Contracts Total \$167,092 BLAIR, Wis. (Special)—Contracts totaling \$167,092 were let Tuesday night by Blair School Board for the addition of six classrooms and kitchen and hot lunch remodeling. Finger Bros., Mauston, Wis., got the general contract at \$115,250. Collision Plumbing & Heating, Whitehall, got two contracts, \$9,452 for plumbing and drainage, and \$19,535 for heating and venting. Tim Bergum, Whitehall, received the electrical contract at \$12,830 and the kitchen work and equipment job went to Mid-West Restaurant Equipment Co., La Crosse, represented by L. J. Skogstad, Blair, for \$10,247. All contracts went to low bidders. Estimated cost of the project when the bond issue was approved in December by district voters was \$180,000. The general contractor expects to complete the remodeling project in 75 working days and the new structure in 120, according to Chester E. Meissner, supervisor of the district. The two jobs will run concurrently. Work will start within the next few days. The new structure will be located in a court between the high school and the elementary school which is east of it. Finger Bros. base bid was \$117,500, but contract was let for the lower figure when the board chose an alternate.

HE'S IN SHAPE... Freddie (Fuzzy) Thurston, all-pro guard for the Green Bay Packers, flexes his muscles to show he is in shape for the start of the Packers' training camp July 15. Thurston spoke Wednesday night at an athletic banquet at Cochrane-Fountain City High School.

Left to right are Larry Ahls and Dave Neitzel, star Pirate catcher and grinder; Thurston, and Ralph Leathy, C-C athletic director. (Daily News Sports Photo)

PACKER GUARD AT C-C

Thurston: 'Never Dreamed I Would Some Day Play Pro'

By AUGIE KÄRCHER Daily News Sports Editor COCHRANE-FOUNTAIN CITY, Wis. — "If it doesn't bother you to lose, you should quit athletics now," Fred (Fuzzy) Thurston said before a packed audience which gathered here Wednesday night to honor Cochrane-Fountain City High School athletes.

Leathy, C-C athletic director, helped Green Bay win the National League Football championship this past fall, the culmination of long struggle for him.

Thurston, all-pro offensive guard for the Green Bay Packers and long-time friend of Ralph Leathy, C-C athletic director, helped Green Bay win the National League Football championship this past fall, the culmination of long struggle for him.

Usgaard, Spande Lead Mabel Win

MABEL, Minn. — Mabel, led by Davis Usgaard and Al Spande, squeezed out a victory in a quadrangular meet here Monday.

Spande recorded a first in the low hurdles with a time of 23.7 seconds, a second in the broad jump and fourth in the 220 and 100-yard dashes.

Rozek Records 613; Jerry's League Champs

Clem Rozek belted 613 for Jerry's Plumbers in the Ace League Wednesday night at Winona Athletic Club, as Winona bowling action continues to wane.

Baker of Wykoff was a double winner as he raced to victories in the 100 and 220 yard dashes with times of :10.8 and :26.05.

Thurston predicted many great years ahead for the Packers who have "the finest all-around back in the NFL" in Paul Hornung.

Thurston was presented by Leathy who also introduced Tom Calkins, Pirate basketball coach; Bob Gussel, football; Gene McDermott, baseball; and Jim Danielson, assistant baseball.

Burros Share Maple Leaf Baseball Lead

MAPLE LEAF W L W L Lanesboro 2 1 Wykoff 0 1 Chatfield 2 2 Harmony 0 2 Spring Valley 1 1 Preston 0 2

Lanesboro and Chatfield top the Maple Leaf Conference as a result of victories this week.

Wykoff gained the win column with a 9-5 win over Preston in a non-conference game Wednesday.

Wykoff pushed over five runs in the sixth inning as Merlin Hare, who went three for three, homered with a man aboard and Con Vreeman, who had two hits in four at bat, tripled with two on.

Abraham Five Lake City King

LAKE CITY, Minn. (Special)—The Lake City Commercial Bowling League banquet was held April 28 at the VFW clubhouse.

FUTURE PROFESSIONAL ATHLETES? Perhaps Billy Bye (far right), business manager of the Minnesota Vikings, is wondering if Ricky Rustad (left), Bob Johnsgaard or Doug Johnson, all-conference athletes at Rushford High School, might someday be wearing a professional uniform.

VIKINGS' BYE SPEAKER

Rislove Winner Of Legion Award

By GARY EVANS Daily News Sports Writer RUSHFORD, Minn.—Humorous Billy Bye, business manager of the Minnesota Vikings, kept his audience at the annual athletic banquet sponsored by the local Lions Club, laughing throughout his address here Wednesday night.

Dennis Rislove was named winner of the American Legion Athlete of the Year award.

Bye, speaking at his 44th athletic banquet since January, received a certificate from the Lions Club stating that he had been a guest speaker at Rushford.
