Uprising in Iraq, Jet's Attack Palace

By WEBB MCKINLEY
BEIRUT, Lebanon (AP) — Iraq's Ba'ath Socialist party government apparently battled down a bloody attempt at revolution today believed led by an ousted minister.

including jet plane attacks on Baghdad's presidential palace and the Al Rashid military camp, the capital was reported quiet at midday.
Premier Ahmad Hassan El Bakr and Defense Minister Mahdi Saleh Ammash appealed

over Baghdad Radio for unity, warned against "Ba'athists killing Ba'athists" and promised "all problems will be solved."

Commanders of the 2nd, 3rd and 4th Army Divisions pledged their allegiance to the government.

The leader of the attempted coup appeared to be Ali Saleh El Saadi, until Tuesday the deputy premier, information minister and reputed Ba'athist strongman. He suddenly was dropped from the leadership of the Iraqi Ba'ath party command in a reshuffle announced just before the coup attempt.

A mysterious radio calling itself at times "the radio of the Iraqi revolution" and at times "the voice of the Arab nation" said El Saadi had left Baghdad for Madrid.

Cairo radio said he and several of his Ba'athist supporters had arrived in the Spanish capital by Iraqi military plane.

BACK FROM MANEUVERS . . . The first troops of the 2nd Armored Division returning from Germany arrived at Bergstrom Air Force Base near Austin, Texas, Tuesday afternoon. Typical of many is this lieutenant, wearing a fur hat and carrying bundles of gifts for the family back home. The division was airlifted to Germany last month in Exercise Big Lift, designed to prove the United States' ability to move combat forces overseas. (AP Photofax)

PASS UP STEAKS

1st GIs Back From Germany

By GARTH JONES
BERGSTROM AIR FORCE BASE, Tex. (AP)—Troops leading the way home on the big lift from Germany were typical soldiers—they chose a kiss from the wife or girlfriend instead of a steak.

The first C135 jet transport returning from Germany arrived Tuesday afternoon from near Frankfurt. It started a series of 87 flights due here about 2 1/2 hours apart until Nov. 21.

Early this morning Bergstrom reported a total of seven flights arriving from Germany with a total of 524 men.

"Everything is running right on schedule," said a spokesman for Military Air Transport Service, which operates the planes.

Other planes will land at Gray Air Force Base, near Killeen, and Connally Air Force Base, near Waco, until 222 flights have returned the 16,000 troops flown to Europe Oct. 22-23.

Exercise Big Lift was designed to prove the United States' ability to move combat

forces overseas quickly and in large numbers. A seven-day maneuver with the 3rd Armored Division ended Tuesday.

While the 73 men and officers on the first plane waited for U.S. custom agents to check baggage they took a straw vote.

"Do you want to go first to the mess hall where we have some big thick steaks waiting to feed you or would you rather skip that to see your wives and families?" a welcoming officer asked.

There were just two half-hearted votes for the steaks.

10-Inch Snow Buries Some Areas in Ohio

By THE ASSOCIATED PRESS
Snow ranging up to 10 inches in depth blocked many secondary roads in northeastern Ohio today.

Cold air sweeping in off Lake Erie carried snow to parts of Lake, Ashtabula and Geauga counties.

The heaviest fall, 10 inches, was in Hamblen in Geauga County. An 8-inch fall covered roads in Kirtland in Lake County and closed the schools there.

But Tuesday's fall storm was expected to ease up to flurries today in the cold zone between the Great Lakes and Atlantic Coast states.

Up to 5 inches of snow fell in some sections of New York State Tuesday.

Snow showers whirled during the night in northwestern Pennsylvania. Snow ranging from 1 to 3 inches left slushy roads in Erie County.

The snowfall measured 5 inches in Houlton, Maine, and 2 inches in Houghton, Mich. Lighter falls were reported in the West.

Goldwater Asks Bigger Cuts in Foreign Aid

By WALTER R. MEARS
Associated Press Staff Writer
CHICAGO (AP)—Sen. Barry Goldwater sees pressure from a "rather fed up" America behind congressional slashes in President Kennedy's foreign aid bill—and he thinks the cuts should be bigger.

But while the Arizona senator tied into the administration aid program Tuesday night, he said he's taking Kennedy's advice on another subject: presidential politics.

Goldwater's Chicago outing was his first since New York Gov. Nelson A. Rockefeller declared himself a candidate for the 1964 Republican presidential nomination.

WIND SAVES FAMOUS LANDMARK . . . Firemen battle a spectacular blaze that threatened San Francisco's famous "Cliff House" restaurant just south of the Golden Gate Tuesday night. Fire Chief William Murray said the blaze started in the basement

of a museum housing relics out of San Francisco's past. Three hundred firemen and more than sixty pieces of equipment fought the blaze for two and one half hours before bringing it under control. (AP Photofax)

U.S. Asks Release Of Yale Professor

By PRESTON GROVER
Associated Press Staff Writer
MOSCOW (AP) — U.S. Ambassador Foy Kohler today demanded the immediate release of Prof. Frederick C. Barghoorn, Yale University professor held by the Russians on spy charges.

The ambassador spent 15 minutes with Valerian Zorin, deputy foreign minister. He also demanded the right to see Barg-

hoorn and to have the charges against him given in detail.

In a brief statement, the embassy said the ambassador "registered a strong protest at the completely unwarranted arrest and detention of Prof. Barghoorn and the unjustified long period of time between his arrest and notification of the American Embassy by the Ministry of Foreign Affairs."

The Foreign Ministry announced the arrest of the visiting professor Tuesday, said it took place several days ago but gave no other information.

"The ambassador demanded immediate access to Prof. Barghoorn and requested his release forthwith," the statement continued.

Barghoorn, professor of political science at Yale, has written a number of books critical of the Soviet system and was here on a tourist visa preparing to write a further book.

He was last seen by an embassy official on Oct. 31 when he came for drinks to the apartment of Walter Stoessel, minister counsellor in the embassy. At that time he said he expected to leave the Soviet Union the following day.

Earlier, the embassy issued a statement saying Stoessel had protested the arrest to Mikhail Smyrnovsky, chief of the American section of the Foreign Office, and asked for all details.

Stoessel repeated the request made Tuesday by Consul Thomas Fain to see Barghoorn immediately.

"The answer of the Foreign Ministry representative was that no details would be provided at the present time, but the request would be passed along," the statement said.

Explosion at Medina Base, San Antonio

SAN ANTONIO, Tex. (AP)—An explosion at a top secret government base shook San Antonio today, breaking windows more than 10 miles away.

There were no immediate reports of injuries, but a spokesman at the Medina base facility of the Atomic Energy Commission said workers were in the area when the explosion occurred at 10:30 a.m. (CST).

"I told him I was not interested. I was mad. I told him, 'Do you think you can buy anything with money?'"

The Olesens eluded photographers by being in an anteroom before trial opened.

Olesen testified he once called the late Mrs. Thompson and told her to tell Thompson "not to bother my wife."

Thompson, 35, is charged with planning the murder of his heavily-insured 34-year-old wife last March 6. Randall said "seven important links" will tie Thompson to the slaying — the links including trysts with another woman, insurance, arrangements to remove a telephone and watchdog from the house, and arrangements to "shop" for a killer.

Mrs. Olesen, who worked at Gould-National Batteries in St. Paul, said Thompson once made a remark to her along the lines of: "If I put \$10,000 in the bank—Something to this effect—I said no."

Husband Says He Planned to 'Get' Lawyer

MINNEAPOLIS (AP) — The weeping "other woman" in the T. Eugene Thompson murder trial testified today she took part in a hotel tryst with the defendant but repeatedly tried to break off their affair.

The witness was Mrs. Jacqueline Olesen, dark-haired wife of a truck driver. She admitted having dates with Thompson both before and after her present marriage.

Mrs. Olesen said Thompson once told her, "Just give me a year," when she refused to go out with him.

Mrs. Thompson was slain March 6.

Relating their conversation, the young mother of three said she told the St. Paul attorney: "I said 'no'; after a year it will be two years and three years and I had to make something for myself. He said, 'Just give me another month.'"

It was at that point the previously-composed witness broke down and wept.

Crying softly as she answered prosecution questions, Mrs. Olesen said Thompson had asked her "to live with him."

Thompson, charged with planning the slaying of his heavily-insured wife, listened without apparent stress as Mrs. Olesen hammered home the contentions made in the state's opening statement.

Mrs. Olesen once clenched her teeth before affirming that she had seen Thompson after her present marriage to truck driver Ronald D. Olesen of St. Paul in June 1962.

One of their meetings, the woman said, was in Chicago in 1961. She had gone by train alone, and Thompson had registered for two hotel rooms. They used only one room, the woman said.

Thompson also paid for baby sitters and financed her secretarial course before she became a secretary in his law office, the woman said.

Early in her testimony, the woman said she had frequent lunch and dinner dates with Thompson and that he once offered her an apartment.

Also testifying was the woman's husband, Ronald, who said he once called the Thompson home and warned he would "get him" if Thompson did not stop seeing his wife.

Mrs. Olesen, wearing glasses, a fur hat, plaid jacket and brown skirt, was nervous at first, then became more composed. Her answers seemed to pour out and she was once admonished to listen closely to the questions before answering.

The mother of three told of discussing with Thompson a divorce from her former husband. She said she met the defendant first in 1957.

Up to the mid-morning recess, Mrs. Olesen had made no reference to nights in motels or trips with Thompson, as charged in the opening statement by Prosecutor William Randall.

"He called me at work. He told me he had an apartment building on South Mississippi River Boulevard, that I could have the front apartment. He told me to drive by and look at it."

"I told him I was not interested. I was mad. I told him, 'Do you think you can buy anything with money?'"

The Olesens eluded photographers by being in an anteroom before trial opened.

Olesen testified he once called the late Mrs. Thompson and told her to tell Thompson "not to bother my wife."

divorce action in which Thompson was an attorney. They talked of Thompson handling her own divorce in 1958, she said, but she did not go through with a divorce at that time.

The woman identified herself as Jacqueline Okoneski Olesen.

Just before the morning recess, Mrs. Olesen said she once had dinner with Thompson. Randall then asked where they had gone.

"We drove to Forest Lake to his summer place."

Hyam Segell, defense counsel, objected to a question about the condition of the cottage, and the question was not immediately answered.

In 1960, the woman said, she did begin a divorce action with Thompson representing her. The defendant first asked her to go out late in July 1960, she said.

Segell objected when Randall asked how many dates the couple had. He was overruled and Mrs. Olesen said: "Many times."

The Olesens were married June 15, 1962. The woman said she had seen Thompson after remarriage, clenching her teeth as she answered.

Olesen said he first met Thompson in late 1961 or early 1962, at "the home of my wife, Jackie," when she was Mrs. Okoneski.

Both he and his wife are in their 30s.

Their testimony followed introduction Tuesday of a model of the Thompson home and a photo of a dachshund dog, Schatzie, which Thompson had arranged to place in another home before the slaying.

More of U.S. Off Limits to Red Envoys

WASHINGTON (AP) — In a move to curb spying, the United States has put some 11 per cent of the country off limits to envoys of Soviet satellite nations.

In the past, these diplomats were allowed to travel freely. The new orders, explained in diplomatic notes Tuesday, also kept in force travel restrictions on Soviet citizens, although some new areas were opened and others closed.

About 26 percent of the country is off limits to Russian travelers—and a like percentage of Russia is off limits to American travelers.

The new restrictions—which don't apply to tourists—came after the Defense Department insisted that the travel of various diplomatic representatives of Poland, Hungary, Czechoslovakia, Romania and Bulgaria be restricted.

Many of them, defense officials argued, were flagrantly peering about in sensitive military areas and probably feeding information to Russia whose own envoys are barred from the areas.

The U.S. counties listed as off limits in the notes were carefully selected after several months of argument between the Defense and State departments.

Billy Williams, Governor's Aide For Years, Dies

ST. PAUL (AP) — Billy Williams, who served as an executive aide to 14 Minnesota governors, died today. He was 86.

Williams began his state service under Gov. John A. Johnson in 1905 and retired in 1957. He had been in ill health for the past year.

Pair Hurt When Car Hits Bus

MONTICELLO, Minn. (AP) — Frank Piotrowski, 69, Foley, and his wife suffered minor injuries late Tuesday when their car skidded into a halted school bus on Highway 152.

The Wright County sheriff's office reported the Monticello school children aboard were only shaken up. Piotrowski said he was seeking to stop for the unloading bus when his car skidded on the wet blacktop.

DEAR ABBY:

Woman Should Pay You Back

By ABIGAIL VAN BUREN

DEAR ABBY: Two years ago I loaned a friend \$200 to help her out of a jam with a finance company. Her husband didn't know anything about it and she was afraid to tell him. To date she hasn't paid me a cent. I asked her once about six months ago and she said she would get it for me, but she never did. I have some bills coming up and could use the money. I am not charging her interest; and I didn't ask for her I.O.U. Both she and her husband are working and it wouldn't be a hardship for them to pay me. Should I ask her husband for it? I'd like my money without taking legal action.

UNDECIDED

DEAR UNDECIDED: Your friend, not her husband, owes you the money. Tell her she must begin repaying you or you will be forced to tell her husband. And if she makes no effort — shoot the works. Your friendship is probably shot anyway.

DEAR ABBY: What do you do about people who neglect to respond to an R.S.V.P. invitation? I cannot make the necessary plans for my wedding unless I know how many people to expect. Is it proper to telephone them and ask if they are coming or not? Or should I assume by their failure to reply that they are not coming?

BEWILDERED BRIDE

DEAR BEWILDERED: As a last resort, telephone! Some people expect you to assume that, because they did not officially DECLINE, they will be there. You would simply not believe the number who ignore an R.S.V.P.

Abby

DEAR ABBY: I am 23 and have been married for three years. My husband is 25 and we have two children, a year apart. I love my husband, but here is my problem: He likes to look at magazines with pictures of sexy-looking women in them and it hurts me until I am sick inside. I am not ugly, Abby, but I can't compete with those women. He doesn't buy the magazines, he just borrows them from his buddies. He knows how much it hurts me, but he says I am just being silly — that all men look at that stuff. Do they, really? Is my husband normal? I couldn't feel worse if I had caught him with another woman. Please help me.

NO NAME PLEASE

DEAR NO NAME: Most men won't pass up a chance to look at a "sexy-looking" woman (or a picture of one). If your husband openly enjoys it occasionally, and obviously he does, I wouldn't call him "sick." He is possibly a bit immature, but he's normal.

Castro Executes 4 More as Spies

HAVANA (AP) — Fidel Castro's government announced Monday night it executed four agents of the U.S. Central Intelligence Agency. They were convicted of infiltrating Cuba for subversive activities.

The four, tried by a military court Monday, were identified as Antonio Cobelas Rodriguez, Orlando Sanchez Zaraza, Luis Millan Rodriguez and Jose Bolanos Morales.

A government announcement said their assignment was to "draft recruits for CIA activities and convince them to leave

Stolen New York Jewelry Found

NEW YORK (AP)—A cache of diamonds, believed part of the loot from last Friday's \$3-million jewel robbery here, was found Monday night at a Manhattan demolition site.

It was the same site where the robbers had abandoned a hijacked jewelry messenger service car from which police recovered \$2½ million worth of gems and gold bars.

The value of the newest find was not estimated immediately. The demolition site, on West 40th Street, is a block away from where the car, carrying six unarmed guards, was robbed by five gunmen.

Grain Trucks Checked for Highway Safety

ST. PAUL (AP)—Spot checks of books and records of grain truckers in the Mankato-New Ulm area are under way as a part of a long range program of making Minnesota highways safer from accidents involving grain trucks, Ronald Anderson said Tuesday night.

Anderson, chairman of the Minnesota Railroad and Warehouse Commission, said checks would eventually be made all over the state.

He said the specific purpose of the checks is to make certain grain firms and truckers are complying with a directive issued by the commission Nov. 6.

The directive called attention to three areas—driving too many hours at a stretch, failure to issue freight bills to shippers and failure to charge legally filed rates.

Okabena Man Dead in Fire

OKABENA, Minn. (AP) — Ed DeMoure, rural Okabena farmer, died Tuesday of smoke inhalation suffered in a fire at his home about 2:30 a.m.

Fire Chief Ray Ahrens said DeMoure and a hired man, Allen Ahrens, apparently discovered the blaze but that DeMoure was overcome in a bedroom after fetching a fire extinguisher.

Firemen called by the hired man pulled DeMoure and his wife from the room and took them to a Lakefield, Minn., hospital. DeMoure died about 8 a.m. His wife was in satisfactory condition.

The fire chief said damage was confined mostly to the bed and a chair in the couple's bedroom. He said a cigarette or electric heating pad may have been to blame.

Vulcan Gets \$100,000 From SBA

The board of directors of Vulcan Manufacturing Co., Inc., authorized the firm Tuesday to accept a \$100,000 loan from the Small Business Administration. The money will be used as working capital to finance purchase of needed materials and equipment, to expand the business and to improve production methods.

The loan was approved in October by the Minneapolis office of the SBA. Action by the directors, however, was necessary before the firm could accept the money. The Merchants National Bank, which is handling details of the loan for Vulcan, agreed to participate with the SBA in making the money available. It will contribute 20 percent — \$20,000 — of the total amount. Harold Fehr, Minneapolis, will become president of the firm. He is expected to take over his duties around Dec. 1.

R. E. Lange, currently president, will become chairman of the board. Vulcan, which is at 400 W. 3rd St., manufactures automotive and aircraft equipment.

The \$100,000 loan was the second largest single grant made during October to a Minnesota firm. It was the fourth largest loan made during the same period in the entire four-state area served by the Minneapolis office of the SBA.

\$315,668 Levy Proposed in Pepin County

DURAND, Wis. (Special) — A county tax levy totaling \$315,668 was proposed here Tuesday when the Pepin Board of Supervisors opened its fall meeting at the courthouse.

The proposed levy is about \$30,000 higher than last year's. Proposed expenditures of heretofore total \$292,166 and highway expenditures, \$220,213, for total expenditures of \$512,379.

Expected revenues other than from property taxes total \$196,711: Highway, \$121,300, and other, \$75,411.

FRANCIS SAM, Town of Waterville Chairman, questioned why the cost of a tractor with a three-point hitch for use with a gopher poisoning machine was not included in the budget. He was told the finance committee had decided to leave it up to the county board for further discussion before a decision is made.

Resolutions were read and set aside for further consideration today. It was decided to vote on some routine matters immediately.

The Tri-county superintendent of schools, Newell J. Weiss, Memorial, discussed salaries for supervising teachers. Formerly these salaries were paid by the state, and although the Legislature is considering restoring these payments, the counties must pay the salaries now.

WEISS SAID Dunn County has voted to pay its share of the two supervising teachers serving Pepin, Dunn and St. Croix counties. These funds have been used for the salaries, he reported.

St. Croix recently voted to support his plan and now it's up to Pepin County board, he said. Supervising teachers service Arkansas and Pepin school systems in the county. Pepin county's share of the salaries totals \$1,330.

If the county board failed to approve the salaries, the schools using the teachers would be charged for their expenses rather than the entire county. Part of this would be reimbursed with state aid.

WEISS ALSO discussed bill 254-A which is before the Legislature. It would permit a service area for a number of school districts which are too small to pay for specialized services. Each school district could buy the amount of the services needed.

Eleven districts is the recommended number for a service area. One board member from each district would be on the board of the service area. A superintendent from each district would serve as a member of the advisory group, Weiss said.

Talk on Children Set at Caledonia

CALEDONIA, Minn. — "Bringing Up Junior — Problems and Attitudes of Parenthood" will be the topic of a talk by Ronald Pitzer, family life specialist at the University of Minnesota, Thursday at 8 p.m. at the Sprague Bank meeting room here. All parents of young children are invited. This meeting is sponsored by the Houston County extension home program.

Jury Hearing \$15,000 Suit Against City

Seven witnesses, including the plaintiff in a \$15,000 personal injury suit, were heard by a District Court jury this morning. The trial continued this afternoon.

Mrs. Adolph Koch, 1064 W. Mark St., and her husband are plaintiffs. She was the last to testify before noon recess and was to return to the stand this afternoon.

THE SUITS, against the city of Winona, involve a fall on an alleged icy uneven sidewalk at 175 Lafayette St., Feb. 16, 1962, by Mrs. Koch. She seeks \$10,000 and her husband \$5,000.

Mrs. Koch says that she suffered a broken left wrist, which she claims is permanently disabling. She testified this morning that she fell while walking north on the west sidewalk of Lafayette Street and approximately in front of 175 Lafayette St. about 9 a.m. Feb. 16, 1962.

She said that she was 66 years old at the time of the fall and now is 68. Mrs. Koch said she was in good health before the fall and had no troubles with her wrist or body.

SHE SAID she and Mrs. John Steadman, 1062 W. Mark St., a neighbor, were shopping. She was walking outside of Mrs. Steadman, or closer to the curb, Mrs. Koch testified. When Mrs. Steadman commented about the Frank West Agency, she turned to look, slipped and fell to the sidewalk, said Mrs. Koch.

Mrs. Koch said she broke her fall with her left hand and arm and that Mrs. Steadman and another woman helped her into the nearby Northwestern Bell Telephone Co. office.

"I was in such pain," she said. "My whole arm ached." From the office she was taken by Mrs. Steadman and H. J. Kurvers Jr., Minneapolis, former telephone manager, to Winona Clinic.

THERE WERE no doctors at the clinic, she said, and Kurvers took her to Winona General Hospital, while Mrs. Steadman went to get Mrs. Koch's car.

At the hospital, she said, she was taken to the emergency ward and later X-rays were taken. At 2 p.m., Mrs. Koch said, she was taken into surgery. She said she found later, when she awakened, that a cast had been applied. The pain still was present in her left wrist and shoulder, she said.

The following day, said Mrs. Koch, she was released from the hospital and was taken home. One week later the wrist was checked and later the cast was removed and another applied, she continued.

During the seven to eight weeks while the cast was in place, she said, she could not do any housework. Her husband lost some of the time from his work as a result, she said.

KURVERS was among witnesses testifying before Mrs. Koch came to the stand. He said that he now works in Minneapolis for an insurance firm. He said he recalled the incident, but that he didn't see her fall. "The sidewalks were extremely slippery," he said. He said he had called Joseph Knopp at Merchants National Bank about the slippery sidewalk.

Work in four Wisconsin counties in this area is slated as part of the \$96,428,300 state Highway Commission proposes to spend next year on the interstate system, state trunk system, federal aid urban projects off the system and on federal aid secondary projects off the system.

The largest project — estimated at \$901,700 — is on Highway 35, the Great River Road, from STOCKHOLM to the North Pepin County line, involving four miles of structures, grading, base and surfacing.

Bids on this project may be opened by the commission at Madison Dec. 17. Plans are being studied again following study of the transcript of a hearing held at Stockholm in September at which some petitioners asked for a longer extension of curbing. This is in the Eau Claire district of the commission.

Projected for BUFFALO COUNTY are base and surfacing of 7.60 miles of Highway 35 between Nelson and Alma, estimated at \$195,000, and engineering and/or right of way, \$32,100.

TREMPEALEAU COUNTY projects include base and surfacing of 4.30 miles between the west county line of Highway 35 and Centerville, estimated at

Kurvers said he took Mrs. Koch to the clinic and later to the hospital. She seemed to be nervous and in pain while in the telephone office, he said.

KNOPP, Winona Rt. 1, said he received a message about the slippery sidewalk that morning and called it to the attention of a janitor, who was in charge of sanding and salting the sidewalk.

He said that the bank is in charge of maintenance to the building and sidewalk at 175 Lafayette St., and that the sidewalk was sanded or salted later that day.

MRS. GLENN BUEGE, 355 W. Mark St., an employee of Frank West Agency, testified she saw one woman trying to help another off the sidewalk after 9 a.m. that day.

She said that she only glanced at the women for a second and continued doing her work. She said she could see them through an office window.

Mrs. Buege said she did not see the fall. The sidewalk was slippery and icy that day, she said. Earlier testimony came from Roy G. Wildgrube, 460 E. Howard St., former city recorder; James J. Kleinschmidt, 1253 W. Broadway, former city engineer and a civil engineer here, and Ronald Putz, 149 E. Lake Blvd., a weather observer employed by North Central Airlines.

Wildgrube testified about the physical appearance of the building at 175 Lafayette St. He said that it was the old city building.

The area where the fall allegedly occurred, he said, was where a garage was located. A concrete sidewalk and driveway were located there, he said.

WILDGRUBE, in cross-examination, said that Mrs. Koch filed a claim as a result of the accident. She was the only one to file a claim about the sidewalk at 175 Lafayette St., he said.

Kleinschmidt produced a diagram of the area of the alleged fall and noted the slope on the sidewalk.

Putz described the weather on the day of the fall and on the day before. He said there was light snow and drizzle on Feb. 15 but none Feb. 16. The temperature was 30 degrees at 9 a.m. Feb. 16, he said, and the high on Feb. 15 was 33 degrees at 10 p.m.

Richard Darby is attorney for Mr. and Mrs. Koch. Roger Brosnahan is representing the city. Judge Arnold Hatfield is presiding.

Jurors chosen were: Mrs. Elaine Meyers, 421 Sioux St.; Wesley Grant, Dakota; Mrs. Marion C. Hill, Elba; Clifford Buege, Houston; Harry Schott, Lewiston; Mrs. Burt Dyar, St. Charles.

Mrs. Cecile M. Eggers, 1706 Monroe St.; Archie Guidinger, St. Charles; Mrs. Violette Maund, Peterson; Charles Ihre, St. Charles; Mrs. Michael Griffin, Lewiston, and Lawrence Schneider, St. Charles.

American dipper birds or water ouzels, walk underwater searching for food, using their wings much as they do in flying.

County petitioned for the bridge. County H, on which the bridge will be located, was added to the Federal Aid Secondary System.

OF THE TOTAL earmarked, \$64.4 million is designed for state trunk highways, federal-aid county and urban projects, and \$31.9 million for continued development of the interstate.

Of the millions for interstate, part is in La Crosse County. Work planned will give the state 285 miles of interstate open to traffic, or more than 60 percent of the total 452-mile system. Congress has established the 41,000-mile interstate system. Only one percent will be on Wisconsin highways, which will be carrying over 20 percent of the traffic, according to Harvey Grasse, chairman of the state Highway Commission.

Wisconsin was one of only three states during the last biennium with some type of activity — construction, right of way acquisition or detail design — under way on every mile of its interstate allotment. These included tentative proposals for loops or spurs from Eau Claire and La Crosse.

Construction progress has been noticeably rapid in rural sections of the state's 1-system — in 1958 only 7 1/2 miles were open to traffic.

500 Parents Visit Senior High School

About 500 parents of students at Winona Senior High School attended a Parents Night open house at the school Tuesday night.

An abbreviated daily classroom program was in progress during the evening with parents attending 17-minute sessions in each of the classes in which their children are enrolled.

Parents met at 7 p.m. and went immediately to their children's first period classroom to observe the instructional program, then attended each of their other classes.

In each room the instructor spoke briefly on course content and classroom procedures. At the conclusion of the building tours, parents met in the high school cafeteria where members of the Senior High chapter of Future Teachers of America, headed by Judy Mahle, served coffee. The girls also served as ushers.

A committee of teachers, of which Earl Symes was chairman, worked with Senior High Principal Robert Smith and the administration on arrangements for the program.

A similar open house for parents of students at Central Junior High School will be next Tuesday.

Programs for parents of ninth graders at Washington-Kosciusko, Jefferson and Central Junior High Schools and the junior class at Senior High will be scheduled in January and February.

Girl, 6, Walks Into Side of Truck at Kellogg

KELLOGG, Minn. (Special) — A 6-year old Kellogg girl received head and facial abrasions and bruises and a cerebral concussion when she fell at 5:15 p.m. Tuesday after walking into a semi-trailer.

Phyllis Johnson, who had been playing with a little friend, Lori Freiberg, was on her way across Highway 61 en route to the home of her parents, Mr. and Mrs. Clarence Johnson. It was dusk.

The semi, witnesses said, proceeded south on the highway without knowing anything had happened.

The child walked into the side of the semi and was thrown toward the curb. She was taken to St. Elizabeth's Hospital by ambulance. X-rays revealed no bones were broken. She was released today.

White Bear Lake Votes School Bonds

WHITE BEAR LAKE, Minn. (AP) — Residents voted 2,534 to 1,618 Tuesday in favor of a \$3,850,000 school improvement bond issue — the largest bond issue ever approved by the township.

Proponents had contended the city faces an enrollment increase in the school system of 700 students per year for the next five years. Most of the bond money will go to expand school facilities.

Whitehall Teacher Killed

BLAIR, Wis. (Special) — For the second time this year a Trempealeau County teacher has died as the result of a car accident.

Mrs. Jesse (Marie) Olson, 45, Holmen Rt. 1, became the county's 10th traffic fatality of 1963 Tuesday about 5 p.m. three miles south of Blair on Highway 53 while en route home from Whitehall, where she was high school English and forensics teacher.

SHE DIED in a head-on collision in her lane of traffic with a vehicle owned by Clifton L. Egbert, 59, Eau Claire. Egbert and his wife, 57, were taken by Frederickson ambulance, Blair, to Tri-County Memorial Hospital, Whitehall.

The other teacher killed was Leo M. Schneider, 33, instructor at Blair High School, who died in a hospital June 3 about two hours after receiving extensive head and internal injuries when his car went off Highway 53 on a curve about 1 1/2 miles west of Blair.

Mrs. Olson, in her first year at Whitehall, was proceeding up what is known as the Estrick ridge. She had rounded the curve at the bottom of the hill and was about one-third of the way up the slope when her car was struck.

SHERIFF Orris Klundby said the impact occurred five feet from the edge of the highway in her lane. She was proceeding generally south.

Egbert, adjuster for the Northwestern Insurance Co., was apparently proceeding north to Eau Claire, and for a reason yet unknown swerved into Mrs. Olson's 1957 car, authorities said.

The sheriff said Egbert may have swerved to avoid hitting a deer on the highway and lost control on the lip of the concrete. There are drainage lips on both sides of the 22-foot roadway.

MRS. OLSON'S car was shifted in its tracks, the sheriff said. Egbert's 1962 car was swung around with the impact and was facing the way it had come. It was on its top in Mrs. Olson's lane, right in front of her car. The backs of both vehicles were slanted toward the center line.

The sheriff said he had to pry the door open to get Mrs. Olson from the car. She was taken to the Whitehall hospital but had died almost instantly after the impact, according to Coroner James E. Garaghan, Whitehall. Death was caused by a broken neck, he said. A severe hemorrhage from one ear indicated a skull fracture, and both legs were broken.

The hospital reported this morning that Mr. and Mrs. Egbert were in fair condition. Mr. Egbert received multiple lacerations and contusions, including scalp cuts. Mrs. Egbert received lacerations to the scalp, a fracture of the left wrist and a possible rib fracture.

NEITHER was unconscious following the accident. Sheriff Klundby planned to talk to Mr. Egbert today if his condition permitted. He believes Egbert was driving.

The Egberts had to be removed through a back window of their car.

The crash, which occurred a short distance from the Mrs. Raymond Johnson farm at the foot of the hill, was discovered by William E. Moran, Skokie, Ill., who was traveling toward Blair. He stopped at a farmhouse and reported it to the La Crosse County traffic patrol, apparently thinking he was still in La Crosse County. The office there reported it to the sheriff's office at Whitehall at 5:09 p.m.

Willard Knudson, Blair, county traffic officer, investigated with the sheriff.

Both vehicles were completely wrecked, the sheriff said. The Egbert vehicle was towed to the Gaistad service station in Blair and the Olson car to Kolve garage.

MRS. OLSON was born Feb. 4, 1918, at Stevenston, rural La Crosse County. She lived about 3 1/2 miles north of Holmen. Her address was Holmen Rt. 1.

A former teacher, she had returned to teaching this year. Survivors are: Her husband; two adopted children, Steven, 16, and Thelma, 8; her parents, Mr. and Mrs. Walter Oststead, Stevenston; two brothers, Walter L. and John T. Stevens, town, and one sister, Mrs. Orrin (Agnes) Evenson, rural Whitehall, also a teacher in the Whitehall school system.

The body was taken to Jostad Funeral Home, West Salem. Funeral arrangements aren't complete, but services will be at Holmen Lutheran Church, the Rev. N. A. Bernison officiating.

Lake City Project

WABASHA, Minn. — One of the highway projects in the four-year construction program adopted by the Wabasha County Board of Commissioners recently was unintentionally omitted in the report given. Work will be done on SCAH 15 at the old McAbill farm west of Lake City.

BLAIR DEATH SCENE . . . Authorities said that the car at the left — driven by Clifton L. Egbert — crossed over into the left lane and hit the auto in the background. The car at the left was on its top in the center of the lane before being tipped up to free the occupants. The car in the background — driven by Mrs. Jesse Olson — was pushed back and sideways slightly by the impact. (Sheriff Klundby photo)

5 Area 4-H'ers Going to Chicago

ST. PAUL, Minn. — Two Winona and three area 4-H'ers will be among the 32 state 4-H members who have won expense-paid trips to the 42nd National 4-H Club Congress at Chicago Dec. 1-5.

They are Vergas and Carol Meyer, WINONA, and Margaret Heublen, LEWISTON; Nancy Amundson, CHATFIELD, and Jeanne Burross, PETERSON.

They will join with 1,500 other 4-H'ers from the 50 states and Puerto Rico who will compete for national honors including about \$100,000 in scholarships.

Vergas and Carol Meyer received honors in their leadership projects: Margaret in achievement; Nancy in home improvement and Jeanne in home economics.

During their stay at Chicago the delegates will serve as discussion leaders and participate in many events centered around the theme, "Citizenship in Action."

Harmony Man Loses Fingers in Corn Picker

HARMONY, Minn. (Special) — A Harmony farmer, Earl Hille, 48, lost two fingers in a corn picker Tuesday about 11 a.m. while working on the William Elliott farm, south of here.

Hille was one of 12 members of Harmony Methodist Church working on land whose crops are donated by Elliott to the church. He was freeing a stalk from the machine when his right hand became entangled. The third and fourth fingers were severed.

Companions took the injured man to Harmony for first aid, then to St. Mary's Hospital, Rochester, for treatment.

Hille lives with his wife and two daughters on a farm three miles south of Harmony. He farms 200 acres of land and had finished his own corn-picking Saturday. Neighbors are assisting with routine chores in his absence.

Assault Case Plea Changed to Guilty

Pleading guilty today in municipal court to a charge of assault, William Pickart, 527 1/2 E. 4th St., was fined \$25 by Municipal Judge John D. McGill.

Pickart was arrested last Thursday on complaint of Mrs. Joseph E. Maliszewski, 527 E. 4th St., his mother-in-law. He pleaded not guilty to the charge and posted bail of \$25. Upon hearing the change of plea today, Judge McGill directed that the fine be made equal to the amount of bail.

1st Snow Seen; It'll Warm Up

Giving Winona and vicinity a touch of what is to come, the first snow of the season whipped across the area Tuesday night and early today.

Although only a trace in Winona, enough fell to cover the ground temporarily in the Alma and Wabasha areas. Drivers who had parked their cars outside overnight, found them covered with snow this morning. Temperatures ranged around the freezing mark and slightly below at daybreak.

At Gilmanton They Wreck Car, Laugh

GILMANTON, Wis. (Special) — The teen-age boys of Gilmanton found an unusual and safe way to wreck a car and had a lot of fun doing it.

An old car was placed in the high school shop and for 5 cents anybody could take a whack at it with a maul.

THIS WAS one of the many concessions at the Gilmanton Music Boosters annual fall fair held to raise funds for its various projects. The fair, called "Melody Midway," was set up in the gym while a dance was in progress in the adjoining new music room.

The evening provided fun for the entire family. A fish pond for the small fry was the busiest stand early in the evening. "Balloon busting" provided sound effects.

The fortune telling booth was manned by ladies in gypsy attire who revealed secrets with a crystal ball, cards, horoscope and palm reading to the amusement of children and adults. The jail house, guessing booths and refreshment stands were busy.

Free acts by local and out-of-town talent included a variety of musical numbers. Cake and candy walks were offered and won by participants. The silent auction was held. Mrs. Ed Ottum of Gilmanton received a blanket.

Youth Pleads Guilty To Possessing Beer

Kenneth C. Volkman, 18 3/4 E. King St., pleaded guilty in municipal court today to a charge of being a minor with beer in his possession.

Judge John D. McGill sentenced him to pay a fine of \$35 or to serve 12 days. Volkman was making arrangements to pay the fine.

He was arrested by police at West 25 and Johnson streets at 9:35 p.m. Tuesday.

Rochester Chest Goes Over Top

ROCHESTER, Minn. — The 1964 United Fund campaign in Rochester has gone "over the top" with a total of \$260,305.74 raised to date, some \$1,702 over the goal of \$258,603.

The money will go to support 20 welfare, health and youth organizations in Rochester during the coming year.

PLAINVIEW FB MEETING — Sen. Robert Dunlap will speak following a Plainview Township Farm Bureau turkey supper today at 7:30 p.m. at the home of Mr. and Mrs. John Liebenow. A question and answer period will follow.

CLEARING AND colder is the forecast for tonight with a low temperature of 20-25. Thursday is predicted to be mostly fair with an afternoon high of 40. A little warmer and no precipitation is the outlook for Friday.

The extended forecast for the next five days indicated temperatures across the area would average near normal with normal daytime highs 36-42 and nighttime lows 20-25. A warming trend was expected through Friday, cooler over the weekend and then slightly warmer again next week.

Little or no precipitation is expected but some chance exists for scattered light rain or snow Sunday or Monday.

The temperatures continued seasonal in Winona with a high of only 40 registered Tuesday afternoon. Overnight the mercury dropped to 32 and it was 35 at noon today.

A BRISK northwest wind accompanied the light snow flurries over the area about 9 p.m. Tuesday, making walking difficult.

The temperatures were in keeping with those in the city a year ago today when the high was 43 and the low 28. All-time high for Nov. 13 was 67 in 1902 and the low 5 in 1919. Mean and normal were the same, 36.

First snow last year appeared in Winona on Oct. 25 and 26 and was gone as soon as it hit the ground. First snow to remain for any appreciable time was half an inch on Nov. 4 and 5.

For the third consecutive day snow was reported at International Falls where the morning temperature was 28. Bemidji's 26 was the state's low. Rochester had a minimum of 30 after a Tuesday high of 34 and La Crosse posted figures of 31 and 39 for the same times.

THE COLDEST air to penetrate the Northwest this fall dropped temperatures far below freezing in the central and western Dakotas overnight.

An inch of snow was reported in the area just north of Virginia, and lesser amounts were reported in scattered localities in the northeastern part of Minnesota. Highway maintenance crews graded and sanded the highways north of Virginia this morning.

Lowest reading reported in the nation was 8 degrees above zero at Bismarck, N. D. Dickinson, N. D., had 9 above; Williston, N. D., Lemmon, S. D., 10; Huron, S. D. 13, and Minot, N. D., 14.

IN WISCONSIN light snow flurries were falling today at Watous, Lone Rock, Madison, Oshkosh and Green Bay. Milwaukee recorded its first official flurries Tuesday afternoon. And the Weather Bureau said this morning that unofficial reports indicate that 12 to 18 inches of snow have fallen in the Hurley-Ironwood area since Monday.

Temperatures still were on the chilly side early today. Madison and Eau Claire recorded the low of 30.

Racine and Beloit topped Wisconsin Tuesday with 41 degrees. The snow flurries are expected to continue through Thursday and may be occasionally heavy near Lakes Superior and Michigan.

YUMA, Ariz., was the warmest spot in the country Tuesday as the temperature reached 92.

Voice of the Outdoors

Money Creek Limit

Hunting parties that filled over the weekend in Southeastern Minnesota were rather few. Most of the groups ran less than 50 percent. In fact, we contacted parties Saturday afternoon who hunted all day and had not seen a single deer.

However, the three hunters above filled Sunday. They are left to right Leonard Mrozek, 735 38th Ave., Goodview, and son, Eugene, 12, who is mighty proud of his first deer, and Eugene Drussell, 673 E. Mark St. They hunted in Money Creek valley.

Deer Reports

A light snowstorm over the northeast corner of the state has been a big boost to deer hunting in the rifle zone. Tracking was possible in most of the area. Several Winonans who drove to the rifle zone for

and hunting got their deer. Cliff Murray and Willard Matzke, who hunted near Lutzen on the North Shore, were home Monday with their deer. "Lots of hunters and plenty of deer,"

was their report.

Cold storage plants in Winona report about half as many deer in storage Tuesday morning, as a year ago. This percentage probably will stand up over the area. Rollingstone locker plant was getting a lot of deer Saturday. There were 29 waiting to be skinned Saturday evening.

Sixty-nine deer were brought to Huettl Dressing Plant at Lake City for dressing from Saturday to Monday. All deer were killed in that area. Roy Munger was the first to bring in his deer. Munger, rural Lake City, arrived about 8:30 a.m. Saturday with a deer shot on his farm.

The carry-over of deer herd in Southeastern Minnesota will run high, in the estimate of some of the state wardens. The fawn crop was good this year,

and the harvest far below normal — about one deer to 10 hunters, compared with a 38 percent success ratio in 1962. They look for a deer explosion next year.

Horicon Closed

The 12,000 goose quota for the Horicon National refuge was reached Saturday and hunting stopped for this season. It was open 36 days this year, compared with eight days a year ago, which shows the difference in the waterfowl migration pattern this year. The goose season in Minnesota and Wisconsin, otherwise, remains open through Dec. 13.

No noticeable big migration of waterfowl as the result of the drop in temperature and high north wind was noticeable along the river, according to reports at the Wildlife Refuge. The forecasted big flight hinted by Ducks Unlimited apparently got sidetracked.

COSENZA, Italy (AP) — A slight earthquake rolled through a section of the Calabrian area of southern Italy today. It damaged some buildings, created panic but caused no injuries. Thousands of persons ran into the streets when the two-second tremor occurred shortly after dawn.

Fire Destroys Mill At Waterford, Wis.

WATERFORD, Wis. (AP)—Fire destroyed the Waterford mill Monday night, with damage expected to run as high as \$50,000. Machinery and other equipment stored in the building were valued at \$25,000. The mill was adjacent to the Waterford Fire Department. No one was injured. Cause of the blaze was not determined.

Sen. Larson to Make State Building Tour

MABEL, Minn. — State Sen. Lew W. Larson, Mabel, is a member of the Legislative Building Commission which this weekend will inspect two mental hospitals, a school and hospital for the mentally retarded and a youth conservation forestry camp. Legislators will inspect the

Anoka State Hospital and Cambridge State School and Hospital Friday and the following day will visit Moose Lake State Hospital and Correctional Camp, a penal farm adjacent to the hospital under the jurisdiction of the St. Cloud Reformatory for Men and the Willow River Youth Forestry Camp. Sixteen similar tours of more than 60 state installations are being conducted by the commission in a long-range study of state building needs prepar-

tory to a report to be made at the 1965 session of the Legislature.

Five Cases Settled in District Court

Announcement of the settlement of five District Court civil cases was made Tuesday afternoon by Judge Arnold Hatfield.

Two of the cases were consolidations of two each, while the others were single damage suit actions. Four of the cases were initiated at the beginning of this term of court.

ONE OF THE two-suit actions had been brought by twin brothers, Clinton and Quinton Butler, 23, Houston Rt. 2, against a third brother, Richard Butler, 21, and Burton Henderson, rural Ridgeway.

The suits, each of which was for \$40,000, stemmed from a car-motorcycle accident on Nisbit Road, four miles south of Ridgeway, Aug. 5, 1962.

In another suit Nicholas Rogers, 75, rural St. Charles, claimed \$27,500 damages in a personal injury action against his former employer, Cyril D. Persons, rural St. Charles. He claimed permanent injury resulting from a fall in a barn on Persons' farm Oct. 16, 1962.

A \$3,000 personal injury suit was being brought by Mrs. Ravanna Smith, 170 Mechanic St., as guardian ad litem for her son, Ronald, 18, as a result of a lawn mower accident, which occurred May 29, 1962.

Defendants were: Ray Litterski, Minnesota City Rt. 1, owner of a farm where the accident occurred; S. S. Kresge Co., 51 W. 3rd St., which sold the mower to Litterski, and Kacy Manufacturing Co., producer of the mower.

A DAMAGE suit that had been carried over from a previous term was among those settled. It involved the heirs of a rural Winona youth killed in a traffic accident on old Goodview Road Oct. 28, 1960.

Mrs. Ruth Evens, Winona Rt. 1, whose son, Richard, was fatally injured, was bringing the suit against Howard F. Dorn, 1603 W. 5th St., owner of the car, which was driven by his son, Allen. She sought \$25,000.

Separate suits by Siebrecht's Inc., 66 W. 3rd St., and Charles W. Siebrecht, Winona Rt. 3, had been filed against John T. Morris, 360 Pelzer St.

In the first suit was a claim by plaintiff that Morris owed \$766.36 on an account for merchandise sold and delivered.

Charles Siebrecht claimed that Morris executed and delivered a promissory note in Feb. 1957. In this, the second suit, Siebrecht claimed Morris owed \$550.

Minnesota River Hearings Set

ST. PAUL (AP)—Three hearings are set for Thursday and two for Friday by the Legislative Commission on Minnesota River Development, as it goes to the site of river towns for its latest sessions.

Chairman Harold R. Anderson of North Mankato said Thursday's meetings will be at Ortonville, 10 a.m.; Milan, 3 p.m., and Montevideo, 6 p.m. Next day the commission will meet at Granite Falls at 10 a.m. and in Redwood Falls at 2 p.m.

20-Year Highway Program Needs Study

THE MINNESOTA Highway Department has just published a comprehensive needs study which shows construction needs totaling \$1,211,693,900 over the 20-year period 1962-1981. This figure does not include estimated costs for right of way or preliminary engineering.

Based on the present 11,817-mile trunk highway system, it is estimated that 11,095 miles will need improvement during the 20-year period. Average cost for improvement to minimum standards is \$109,208 per mile.

The four main areas covered in the study were:

1. Sections inadequate to handle present traffic when compared to certain minimum conditions.
2. Sections inadequate to handle anticipated traffic 20 years hence.
3. The nature and amount of construction required to bring the sections up to specified standards, and
4. The cost of the required improvements.

IN ESTIMATING the sections needing improvement, the study unit has also projected needed improvements as they will occur during the 20-year period. As of the time of this study, there are 7,630 miles in need of improvement; 10 years hence, there will be 1,680 more miles in need of improvements; and by 1981, an additional 1,785 miles will require improvements.

Of the five major classifications of projects, the greatest number of miles, 5,944, will be in need of regrading, widening, and surfacing. Of lesser mileage but with a higher price tag are 3,717 miles recommended for complete construction or reconstruction. Other categories and their mileages are: Surfacing, 813; miscellaneous construction, 525; and base and surfacing, 98 miles.

ONE OF THE MOST pressing types of improvements needed is the widening or rebuilding of the 20-foot concrete pavements, particularly those with the dangerous "lip" or mountable curbs. There are presently 1,600 miles of this category in the state highway system. Of this total, 1,598 miles are recommended for complete or partial construction—1,226 miles to adequate two-lane roads, and 372 miles to multi-lane divided facilities.

The state's 2,487 bridges have also come under close scrutiny by the needs study. Of this total, 1,053 are considered adequate and 1,857 in need of reconstruction or replacement. Estimated cost would be about a quarter billion dollars.

The needs study has also looked into a possible reorganization of the state highway system. At present it consists of constitutional routes and legislative routes. The routes originally assigned to the system in 1921 are constitutional, and those subsequently approved by the legislature are called legislative routes. No routes can be added or deleted without legislative action.

AS YEARS HAVE passed, it has become increasingly apparent that many of the routes are no longer of statewide importance. This fact was recognized by the Automotive Safety Foundation in its 1954 report. The Foundation at this time recommended that the state highway system be reduced to 8,750 miles including urban extensions. The remaining 3,000 plus miles would be returned to local jurisdiction.

However, the new 20-year needs study cites 1,374 miles of local service roads which should be returned to local jurisdiction and another 1,006 miles which should be considered for return.

In addition, as segments of the Interstate are completed, 538 miles of paralleling state routes should be gradually phased out of the state system.

IN A RECOMPUTATION of the state system mileage, the needs study shows the following:

	Miles	Cost of Needed Improvement
Present state system	11,817	\$1,211,693,900
Less mileage paralleling interstate	538	
	11,279	\$1,193,092,100
Plus Interstate routes	898	
	12,177	
Less recommended for definite consideration for return to local jurisdiction	1,374	
System No. 1	10,803	\$1,096,473,140
Less recommended for possible consideration for return to local jurisdiction	1,007	
System No. 2	9,796	\$1,029,191,540

IF THE MILEAGE of the state highway system were reduced to 9,796 miles, the cost of the needed improvements would be reduced from \$1,211 billion to \$1,029 billion; a savings of \$182.5 million.

The Minnesota Highway Needs Study is strictly an engineering analysis; therefore, the problem of securing additional funds was not within its scope. However, based on the anticipated funds available to the state each year for the construction of highways, approximately \$35 million is available for regular state highway construction. The major portion of the federal aid funds available is earmarked by the federal government for interstate construction.

TO IMPROVE THE regular state highway system as it now exists, an additional

Slogan of Peace And Prosperity

By SEN. BARRY GOLDWATER

That the "peace and prosperity" slogan is the most effective upon which a Presidential campaign can hinge has been proved many times.

But such claims must be based upon fact instead of statistic juggling, peace with honor instead of peace by concession to the enemy and prosperity which is reflected in the greatest of all the so-called "economic indicators," the national debt.

It has been unfortunate that the average American voter, too hard pressed with his business and personal affairs, often has failed to do his homework on government and thus become susceptible to all the wild claims and misrepresentations demagogic politicians could foist upon him.

An uninformed voter can be expected to cast his ballot only on the basis of what he does not know. The result is the election of candidates on the basis of personality, oratorical ability, good looks or other superficial qualities. The qualified candidate who lacks these somewhat doubtful attributes can hold little hope of election under such circumstances.

On the other hand, when there is a genuine peace, with the enemies of the free world made fully aware that our distaste for war is real, but that we will fight to preserve our freedoms and rights—if our prosperity really reflects full employment and production and a diminishing national debt—then the voter, whether or not he is fully informed, personally experiences prosperity's benefits. He, therefore, can be expected to cast his vote for the administration which has brought him such bounty.

IN 1964, there can be little doubt that "peace and prosperity" again will be the campaign theme of the "in" party. In recent weeks, statements by New Frontiersmen of every rank, from the President on down, have given us some indication of the claims which will be made in support of this theme.

The overriding consideration in forecasting the elections of next year will be whether the public actually is well informed on the issues. If, as pointed out above, the voters are uninformed and "peace and prosperity" is just a slogan, they can be expected to fall prey to the histrionics and false oratory of the demagogues. But if peace and prosperity really exist, neither histrionics nor demagoguery will make any difference.

How do you stand, sir?

'To Avoid the Last Minute Rush, They're Out Christmas Shopping!'

THE WASHINGTON MERRY-GO-ROUND

Mrs. Nhu Brought on Revolution in Viet Nam

By DREW PEARSON

WASHINGTON — There was a lot more to the last hectic efforts of Madame Nhu to keep her family in control in South Viet Nam than the public knew about.

At the very last moment she had a warning that the Viet Nam special forces, long paid by Central Intelligence, but recently cut off, were likely to turn against her strong-man husband and President Diem, her brother-in-law. She rushed from San Francisco back to Los Angeles and phoned Saigon. She got through to the palace, but no one answered the phone. The revolt had just started.

Earlier than this, and before Mme. Nhu left for the United States, she had flatly refused to make any of the concessions urged by Ambassador Henry Cabot Lodge. Kennedy had persuaded Lodge, a Republican and a Protestant, to take the most difficult of all diplomatic assignments and straighten out Viet Nam. Too many Americans were being killed; too much money was being spent; too many Buddhists were being persecuted by the Catholic Vietnamese government.

Lodge had demanded drastic reforms — freedom of religion, freedom of the press, free speech, and more economic aid for the masses of the people instead of the reigning aristocracy. Without this, he argued, there could be no defeat of Communism. U. S. troops would have to remain in Viet Nam indefinitely.

President Diem and his brother were willing to go along, but Mme. Nhu said no. She put her dainty foot down so vigorously that the male members of the triumvirate gave in.

AFTER THAT, the United States pulled the plug on the \$250,000 quarterly installments to the special forces — which had been raiding Buddhist pagodas — cut off money to Nhu's secret police and scrimped, the \$2,000,000 monthly import of surplus U. S. food.

This meant that the downfall of the Diem regime was only a matter of time. A lot of people are now

feeling sorry for Madame Nhu, lonely, mourning and reported broke in California. Unquestionably she put up a gallant fight. She had come to the United States to reverse, single-handed, the weight of the Kennedy financial boycott of her family's government. It was her hope by rousing public opinion, and through her good friend, Cardinal Spellman, chief patron of Saigon, to force the Kennedy administration to change its mind.

In some respects she was the Madame Chiang Kai-shek of Southeast Asia. Mme. Chiang, also with a strong religious background (a Methodist), came to the United States in the post-war years to win support for her husband and Nationalist China. The two strong-willed women both refused to let their husbands yield to the changing times of their country.

HAD CHIANG Kai-shek initiated some of the social reforms in China that he has since adopted in Formosa, he would still be governing the Chinese mainland. And had Mme. Nhu permitted freedom of religion, the press, and used some of the U. S. aid millions for the benefit of the Vietnamese people, her husband and brother-in-law would be alive today and she would not be living lonely in Los Angeles.

When Sen. Tom Dodd, the witch-hunting Democrat from Connecticut delivered his rambling diatribe against both Republican and Democratic Senate leaders the other day, GOP Leader Everett Dirksen of Illinois remarked: "Quite a number of things can induce verbal incoherence."

Dodd's repetitious harangue was that the Senate must get down to work. "I am willing to have the Senate sit longer hours . . . Let us sit Saturdays. Let us sit Saturdays. . . Let us stop the Wall Street attitude of 9 to 12 or 4 to 5 or 6. We are not doing the people's business. We are being frivolous with the people's business . . . I see the senator from Wisconsin (Sen. Dirksen) at my left hand. I consider him to be one of the ablest men in the Senate. I say this with full knowledge of what I am saying."

ONE REASON Sen. Dirksen — and some others — didn't think Dodd really knew what he was saying was that the rambling sen-

ator from Connecticut was one of the worst absentees records in Congress. He rivals Adam Clayton Powell.

On the important space committee of which he is a member, Dodd had attended two meetings this year — one when Astronaut John Glenn was testifying and pictures were being taken, the other when some matters came up affecting Connecticut.

Dodd is also a member of the blue-ribbon Foreign Relations Committee, a coveted spot wangled for him ahead of senior senators by Vice President Johnson because Dodd had backed LBJ for President.

RUSTY HINTS AROUND

Rusty is fond of milk, and when he doesn't find any in his dish he picks up the dish and bangs it on the floor.

If that doesn't get results, he gets an empty milk carton from the kitchen wastebasket and takes it to one of the Trimbles — just a hint.

Mother Of 11 Has Mumps

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: I thought you might be interested in this statistic. I'm 48, the mother of 11 children, and have just recovered from the mumps. — L.P.

Thanks, Happy recovery. Yes, mumps can occur at any age, but it's such a common disease that most people have it in childhood.

Dear Doctor: I have heard that mumps in later years can have serious complications and can even result in sterility.

My husband is 20 years old and has never had mumps. Would it be advisable for him to be deliberately exposed to it now, rather than chance it later in life? — MRS. P.R.

I don't think so. At 20 he is an adult, and in the case of mumps, that's what we mean by "later in life." Not in the third grade, that is. If he does get mumps, now or 20 years from now, he will have a good chance of avoiding complications (including sterility) if he follows the doctor's orders and stays in bed until the acute phase has passed. If he tries to argue that "it's just a kid disease, and I don't have to stay in bed," then he will be inviting more serious trouble. Besides, maybe he really has had mumps and doesn't know it.

Few adults have serious aftereffects from mumps if they treat the disease with the respect it deserves. It can do damage even with the best of care, but it isn't as likely to.

Dear Dr. Molner: My doctor told me I had an extra systole. Can this cause a heart attack? I asked him if I should have an electrocardiograph and he said it was up to me. — MRS. S.S.

The systole (pronounced SIS-to-lee) means the pumping beat of the heart. The relaxation after each beat is diastole.

Quite a few people usually those of tense, nervous nature—have an "extra systole" at times. At first they may say their heart has "skipped a beat." This is not what happens.

Rather, an extra beat appears in the heart's rhythm, so you have two beats close together and a noticeable pause afterward. That is when they think they have skipped a beat.

The extra systole does not cause a heart attack. Very rarely does it do any harm except to the nerves, if you let it.

Dear Dr. Molner: I have two travel clocks with the dials marked "radium." Both are stored in my closet with my hats, etc. Will they contaminate my clothes? — M.E.

The clocks won't contaminate anything. The radium is too small in quantity.

Dear Dr. Molner: What is the meaning of "secondary anemia"? — UP.

It means that the anemia (or lack of iron in the blood) is resulting from some other, or underlying cause. Usually giving iron in medicinal form controls the condition but it doesn't correct the cause. Common causes of secondary anemia are bleeding hemorrhoids, bleeding ulcers, excessive menstruation. In these (and other) conditions, there's no permanent value in pumping iron into the system unless you correct the cause.

Sometimes, but not very often, faulty diet is responsible.

Dear Dr. Molner: I am 64 and am feeling tops. My doctor discovered from X-rays that I have a diverticulosis and to watch it, but he didn't say what to watch. I understand most older people have this condition. Some say it starts cancer.—E.M.

Diverticulosis doesn't require special "watching" in

Thinks Winona Beauty Spot of Nation
To the Editor:

Our travels have taken us throughout the states and we feel that Southeastern Minnesota and the Winona area in particular is one of the most beautiful parts of the country. Especially beautiful is the lake area with the hills in the background. We have had visitors this fall from several distant states—all of whom we have driven along the lake front and up to Garvin Heights to enjoy the view. When we pointed out to these diverse visitors the land that the city intends to sell so that a motel can be erected, their consternation was unanimous. To theirs we add our own. Surely others must feel the same?

Such a magnificent natural setting with a major highway already in the midst of it offers to the City Council a rare and daring test of their ingenuity. I feel sure the Winona Council can originate a plan attracting tourists and publicizing Winona which will capitalize on Winona's natural beauty rather than eliminate it.

Trash, Garbage Problems Aired

To the Editor:

Has someone a solution to our problem?

We are the older citizens who have no car or man around to do things for us. Since the city doesn't pick up cans or trash any more, what are we to do with it? There must be someone who hauls trash for a price, but where are they? We have called four different haulers within the past month and every week since. The answer is always the same, too busy.

When the city was debating the hauling problem, seems to me there was quite an argument about the private trucker being run out of business. Where is he now?

We try not to buy anything in cans but trash still accumulates, buying fresh vegetables is the same, what do we do with our garbage for a whole week? If we wrap it each day the bottom packages are mush. We can't spread it out in our kitchen to dry before wrapping, too many flies. Our refrigerators have more garbage than food. This morning we will have four prune pits or one-half grapefruit rind to wrap in one-half newspaper and tie with yards of string to be sure it won't leak. This noon there will be two wilted lettuce leaves and some tomato waste to wrap again. Tonight we will have cereal so there won't be any garbage to bother with. Why can't they leave well enough alone. We can't see that this method of hauling is any better. We can bury our messy garbage but what about the cans?

Maybe what we need is a new set of city fathers, some who understand the housewife's problem. Since we are forced to use less vegetables I'm afraid in a few years there will be more malnutrition cases than our hospital can handle.

Property Values Up in Buffalo

ALMA, Wis. (Special) — The Buffalo County Board of Supervisors, resuming its annual meeting Tuesday, accepted a report fixing the full value of all property at \$51,789,700, or over \$1½ million higher than the previous year.

Edward Sendelbach, Town of Waumandee, board chairman, presided. There were two substitutes on the board, Melvin Gahnz for Earl Blank, Cochrane, and Hauser Rockwell for Lori Howard, city of Mondovi.

AT THE FORENOON session Joe Greshik, Fountain City, and Christ Allemann, Town of Waumandee, were re-elected to the county school committee.

Oliver Weinandy, Cochrane, was re-elected to a three-year term on the board of the Buffalo County Teachers College.

The statistical report of Harley E. Turk, supervisor of assessments, Sparta office, was adopted on recommendation of the committee on equalization, consisting of Wilfred C. Kaufmann, L. W. Ambuehl, Arthur Wolfe, Harold Zittel and Sidney Johnson.

Assessed value of all property was \$46,158,780. Assessing closest to 100 percent of full value were Town of Milton, 99.94 percent; Town of Buffalo, 98.83 percent; Mondovi city, 98.48; Buffalo City, 97.12; Town of Montana, 96.36; Town of Lincoln, 95.29; Town of Cross, 95.23; Town of Mondovi, 92.33; city of Alma, 90.48, and Town of Waumandee, 90.15 percent.

AVERAGE assessment to full value was 79.47 percent in the 17 towns, one village and four cities.

Townships represented 68.01 percent of the total full value or \$35,223,950. The cities represented 28.597 percent of full value or \$14,810,060. The one village, Cochrane, represented 2.390 percent of the full value or \$1,755,690.

Full value of real estate was \$40,690,100 and personal property, \$11,099,600.

Municipality with the highest real estate valuation is Mondovi City, \$7,060,200. Second high is Town of Nelson, \$2,612,500; third, city of Alma, \$2,570,600; fourth, Town of Waumandee, \$2,314,700, and fifth, Fountain City, \$2,253,100.

All other municipalities were over \$1 million in real estate except Town of Milton, \$750,300.

A TOTAL OF 57,238 head of cattle was counted for a full value of \$8,104,070 and average per head, \$141.60.

There were 2,499 head of sheep in the county at assessment time, May 1, valued at \$10 per head. Swine totaled 10,617 averaged at \$36.76 per head. All other livestock was valued at \$68,620.

Merchant's stock was valued at \$1,214,235 in the county and manufacturers stock at \$187,295, for a total full value of \$9,989,450 for all stocks.

Watercraft was valued at \$12,500; machinery, tools and patterns at \$338,450; furniture, fixtures and equipment, \$323,800, and all other personal property liable to taxation, \$435,400.

Residential real estate was fixed at \$13,211,500; mercantile real estate, \$3,898,600; manufacturing real estate, \$1,101,700; agricultural, \$21,892,200; swamp, cutover or wasteland, \$90,100, and timber, \$496,000.

TOTAL VALUATION of all

property in the municipalities was as follows: Mondovi city, \$8,037,560; Town of Nelson, \$3,205,120; Waumandee, \$3,119,160; city of Alma, \$2,893,890; Glencoe, \$2,485,890; Fountain City, \$2,485,660; Town of Mondovi, \$2,457,600; Naples, \$2,366,840; Gilmanton, \$2,217,600; Belvidere, \$2,197,850; Modena, \$2,151,270; Town of Buffalo, \$2,028,470; Montana, \$2,022,630; Dover, \$1,859,280; Cochrane, \$1,755,690; Town of Alma, \$1,628,640; Canton, \$1,618,460; Maxville, \$1,608,110; Lincoln, \$1,550,310; Buffalo City, \$1,392,950, and Milton, \$1,045,790.

Of the full value of all taxable property in Wisconsin this year, \$21,313,872,965, Buffalo County represents 0.243 percent.

Other county valuations in this area and their percentages to the total are: TREMPLEAU, \$79,756,390, 0.374; FEPIN, \$26,526,710, 0.124, and JACKSON, \$48,400,550, 0.227.

Full value of LA CROSSE COUNTY is \$345,904,930 or 1.623 percent of the total in the state. EAU CLAIRE COUNTY'S valuation was fixed at \$264,504,850 or 1.241 percent.

BUFFALO COUNTY assessors earned from \$250 paid in Canton to \$1,000 paid by Mondovi city. Assessors were: Harvey Ruff, Town of Alma; Walter Ruben, Belvidere; Gaylord Servais, Buffalo; Walter Poeschel, Canton; Herman O. Arneson, Cross; James A. Julson, Dover; Walter Winsand, Gilmanton; Alvin V. Boberg, Glencoe;

Alton Balk, Lincoln, Donald Weckin, Maxville; Bernard Hund, Milton; Edmund Hagen, Modena; Ronald W. Helwig, Town of Mondovi; Simon Pronschinske, Montana; Carl Solie, Naples; B. J. Kennedy, Nelson; Michael Hogan, Waumandee; Carl I. Jacobson, Cochrane; W. W. Capps, Alma city; Norman J. Hansemann, Buffalo City; Carl H. Heitman, Fountain City, and Houser F. Rockwell, Mondovi.

Pet Elk Slain by Hunter

REDWOOD FALLS, Minn. (AP) — Fanny, an elderly elk who became sort of a landmark here through residence in a local park for many years, is no more. She fell victim to a hunter's bullet over the weekend.

The animal had been living about the farm of Frank Baldwin, retired court clerk, since 1957 when youngsters drove her out of the recreation area.

Baldwin said she was so tame she would eat out of his hand. But that trust in man played her ill when the hunting season opened — she just didn't run away, even from those fellows that had red coats on.

Carl Stone, game warden at Hector, said the elk was killed by Larry Panitzke of Morton but that the hunter probably would not be charged because it was a mistake most anyone might have made.

So the 600-pound pet, estimated to be 31 years, is going on sale at a local meat market in the form of roasts and chops — with the state getting proceeds after the butcher's expenses are deducted.

Underground School Sought

FORT WORTH, Tex. (AP) — Suburban Lake Worth may build an underground junior high school in order to avoid the noise of jet bombers.

The school board Monday night decided to submit a \$950,000 bond issue to the voters Nov. 26 to build the subterranean

schoolhouse, which would contain 21 air-conditioned classrooms and a cafeteria.

School board members said the 1,710 students lose up to 10 per cent of instructional time because of the noise from the jets landing and taking off at Carswell Air Force Base about 1½ miles away.

An evening snack: Spread toast with soft cheddar cheese and broil, then garnish each slice with a couple of anchovy fillets.

"Where Quality Clothing Is NOT Expensive"

Former Winonan, Husband Play On Concert Stage, Eau Claire

By JEAN HAGEN
Daily News Women's Editor

Winona music lovers missed hearing one of their native daughters give a superb performance in concert Sunday evening at Eau Claire.

The former Lynne Belville and her husband, George Cherry, both pianists, were presented by the music department of Eau Claire State College at the college auditorium to an audience of over 600 persons.

concert work professionally, but do not anticipate traveling, since they have three small children: Anne, who is seven; Christian, who is three, and Nathan, who is nine months old.

Their attractive home, done in the modern manner, is dominated in the living room by a grand piano. A smaller one in the study is on big rollers, so that it can be rolled easily in beside the other piano for the hours of practicing the Cherrys do together each day.

Mr. and Mrs. George Cherry

MRS. CHERRY is the daughter of Mrs. Lloyd Belville of Winona and the late Lloyd Belville and Mr. Cherry is on the faculty of ESC as instructor in music.

They played a two-part program of duo-piano and one-piano duets. They were heard with enthusiasm by their audience, who applauded for four curtain calls and encores.

The repertoire was a pleasant mixture of the modern and the classic, including works by Poulenc and Ravel as well as Brahms, Mozart, Schumann and Dvorak.

THE DELICACY and grace of Mozart's Sonata in D major was to this listener the most appealing and beautiful piece of work performed. Played on the two grand pianos, with the artists facing each other for perfect cues and timing, it seemed as if it were the perfect way to play Mozart's lovely, gay melodious measures.

The opening number, Poulenc's "Sonata," with its modern dissonance, still had measures of sweetness in the seemingly simple thread of melody that grew in complexity and volume as the players progressed, climaxing with sudden staccato and deep bass emphasis.

"Five Waltzes" from Opus 39 by Brahms were delightfully interpreted, the first sweet and soothing, suggestive of the swaying of a hammock on a drowsy summer day; the next more sprightly and ballet-like; one like a familiar lullaby; and still another with the waltzing rhythm of a Slavic dance.

IN THE second segment of the evening's concert, the two pianists performed at one piano, playing first the Ravel "Ma Mere l'Oye" or Mother Goose Suite, comprised of the charming musical tales of Sleeping Beauty, Tom Thumb, the Ugly Little Creature, Beauty and the Beast and the Enchanted Garden.

Two Schumann numbers played were the "Am Springbrunnen," Opus 85, No. 9 and "Abendlied," Opus 85, No. 12. The first was performed as its title suggests, like the bubbling splashing of a fountain; the second was more dreamy, with a somnolent peace and calm in its tempo and melody, as the Cherrys performed it.

The final number, played swiftly and surely by the accomplished young artists was the Dvorak "Two Slavic Dances" from Opus 46. One could visualize the swirling of gypsy skirts and imagine the glow of a camp fire.

FOR THEIR first appearance as a team alone on the concert stage in Eau Claire the Cherrys were formally dressed, Mrs. Cherry in a long white satin gown in pleasing contrast to her dark hair and Mr. Cherry in white tie and tails.

After the concert, a reception in their honor was held on campus and later, Rhodes Lewis, head of the music department of the college, and Mrs. Lewis entertained at a supper at their home for invited guests.

The Cherrys met when they were both working on their masters degrees, under Soulima Stravinsky, son of Igor Stravinsky, at the University of Illinois at Urbana. They were married in 1955, after receiving their degrees. They spent several years in Akron, Ohio, after their marriage, maintaining double studios, where between them they had 80 pupils.

FOR THE past two years, Mr. Cherry has been on the staff at ESC and Mrs. Cherry has given private piano lessons, although she also taught piano part-time last year at the college.

The couple hope to do more

Allan Bestal Named Phelps President

A change of officers was made at the meeting of Phelps School PTA members Monday evening at the school cafeteria.

Miles Croom, president, announced his resignation and introduced Allan Bestal, vice president, who will serve as president.

Announcement was made by Dr. Howard Munson of the decision of the school to not hold a children's Christmas program. There will be no meeting of the PTA group in December.

A film, "The Language Conspiracy," from Northwestern Bell Telephone Company, was shown.

Kindergarten mothers were lunch hostesses.

The workshop, to be held from 1-8 p.m. will include many displays and demonstrations of handmade gifts and home decorations. A small admission fee will be charged, the proceeds going to the World Fellowship Fund. The World Fellowship committee of the Winona YWCA includes Mrs. John Cross, chairman, Mmes. M. H. Doner, L. T. Goss, Gordon Gutzmann, D. R. Kiral, William Miller, Lyle Morcomb, Tim Morris, Howard Munson, E. L. Rugar, and R. G. Thern.

State to Aid On Lighting At St. Charles

ST. CHARLES, Minn. (Special)—State funds will be available for improving lighting at two highway intersections, State Highway Department engineers told the City Council at its meeting here Tuesday night.

Charles Burrill, district highway engineer, and Robert Owens, lighting engineer, Rochester, met with the council on the matter. They said the state would pay 100 percent of the cost of relighting the westerly junction of U.S. Highway 14 and State Highway 74. At the easterly junction of the two highways, where 74 follows Main street, the state would pay 75 percent of the lighting cost, engineers said. Council plans must be submitted for approval. Burrill said, before state funds are committed.

Two Chamber of Commerce members, Dr. James Finlary and Mel Brownell, participated in the lighting discussion.

GERALD HAAS and Kenneth Millard, Junior Chamber of Commerce members, asked the city to help maintain Jensen's Park, southeast of the city. The Jaycees proposed city maintenance of the road, installation of No Hunting signs, grass cutting and extension of water and sewer systems to the park. The request was taken under advisement.

Appearing on behalf of the

VOTE organization, Mrs. Sam McHutchison asked council members if land east of the athletic field, proposed as a gift by the city to the school district, had been surveyed. She also asked cost figures for extension of water, sewer, road and lighting facilities to the area and how such costs would be met if the area becomes a school site. She read a letter which said, in part:

"The citizens making up the VOTE group have borne in mind that in making these improvements within present city limits, abutting property owners are assessed a proportion of the cost. The land involved is not within an area where there are adjoining property owners. It is bounded on the north by Highway 14, on the west by the present Memorial Athletic Field, on the south by the farm of Curtis Edwards (who presumably would have no use for such improvements) and on the east by the city limits."

MAYOR Don Hankerson said later that the school board had not accepted the offer of land, therefore taxpayers' money will not be used to conduct such a survey at present. If a building were erected, he added, the cost of utilities probably would be incorporated into the contract. Water and sewer mains now extend to the Memorial Field area, the mayor noted.

Mrs. Newton Eckles was hired as a full-time employe for the municipal liquor store at a monthly salary of \$180.

The council voted to adopt a bicycle ordinance providing for licensing, establishing regulations for their use and penalties for violations.

Buffalo County Supervisors Rename Three

ALMA, Wis. (Special)—All members of the Buffalo County highway committee were re-elected during this morning's session of the annual Board of Supervisors meeting which started last week.

Henry Multhaup, Town of Buffalo, received the majority of votes, 17, on the first ballot. There are 28 on the board. Two were cast for Ed Baecker, Town of Montana; 4 each for Arthur Wolfe, Alma, and Sidney C. Johnson, Town of Maxwell, and one for Ferd Bolzer, Town of Milton.

ALGER MARUM, Gilmanton, was re-elected on the second ballot. He received 14 on the first ballot with 11 cast for Baecker, and one each for Otto Bollinger, Mondovi, and Johnson. On the second ballot Marum received 17 and Baecker 11. Elmer Brenn, Town of Naples, polled 18 on the first ballot to win. Four were cast for Baecker, 5 for Johnson and one for Wolfe.

Kermit Spieth, clerk of Cochran village, was seated on the board Wednesday to replace Earl Blank during the rest of the session.

At the request of Jerome Benson, director of the department

of public welfare, the board approved the hiring of a case-worker supervisor and an additional caseworker.

The board voted to buy a two-way radio for Deputy Sheriff Myron Hoch's car, voting \$1,000 for it in the budget, and to replace the traffic department's radar equipment, putting \$1,100 in the budget for this purpose.

Delmar Zirzow, clerk of the Alma school board, urged the supervisors to continue the office of county supervising teacher. The state has discontinued paying for this county office. Mrs. Mike Varenick holds the position.

THE BOARD will further consider the following:

A request for a well and shelterhouse in a public two-acre park in Town of Waumandee; a proposal to make all county roads arterials; a pay raise request for highway department employes; a request for \$125 for the Great River Road Association, presented by Oscar Florin, Fountain City, and Multhaup, and a petition from Nelson VFW post and requests by other veterans organizations making the veterans service officer a full-time position. Currently, Walter Kalms is serving the unexpired term of Alvin Metzler, who resigned in August because of poor health and is now in a rest home at Mondovi.

Lightning Causes Damage at Blair

BLAIR, Wis., (Special) — Lightning put telephones out of operation on two neighboring farms in Trump Coulee, five miles east of Blair, Friday.

At the Leland Hedberg farm the telephone was loosened about two inches from the wall. The lightning arrester on the outside wall was completely torn off and an electric clock on the kitchen wall was knocked down.

Less than a quarter of a mile away at the Goodwin Christlanson farm, lightning damaged the telephone and burned out a light in the kitchen.

Service men repaired the telephone lines the following day. A new telephone was installed at the Hedberg farm.

No damage was reported in Blair and other areas in the electrical storm which struck shortly after 4 p.m.

Negro Youths Assault, Burn White Man

ATLANTA (AP) — A 39-year-old white man was seized by several Negro youths who dragged him several blocks and set his clothing afire, police reported.

The victim, William Lanigan, was reported in serious condition at a hospital Monday with third-degree burns over the upper part of his body.

Detectives said Lanigan was unable to give a coherent statement, but related that the youths dragged him to the rear of a residence and set his clothing on fire.

Hubert Johnson said he heard the man screaming outside his house and extinguished the flames with a coat.

East 5th Collision Causes \$200 Damage

A two-car collision at East 5th and Chatfield streets at 3:45 p.m. Tuesday resulted in more than \$200 damage, according to police.

Police said a car driven south on Chatfield Street by Robert Stoltzman, 17, 206 Mankato Ave., collided with a car driven west on 5th Street by Harvey Hansow, 915 E. Broadway. Damage was more than \$100 to each.

PATIENTS FROM KELLOGG

KELLOGG, Minn. (Special) — Thomas Costello is a patient at St. Elizabeth's Hospital, Wabasha, with a heart condition. The Rt. Rev. Msgr. B. A. Kramer, former pastor of St. Agnes Parish, underwent major surgery at St. Mary's Hospital, Rochester, Nov. 4 and will be hospitalized a month.

Half Dozen GOPers Seek Senate Bid

By ADOLPH JOHNSON
Associated Press Staff Writer

Half a dozen persons have been mentioned thus far as possible Republican candidates to oppose Sen. Eugene McCarthy, DFL, for the U.S. Senate in 1964 but there is no certainty that the eventual nominee is among them.

The list includes two Minnesota legislators, two congressmen, a former congressman, a former governor and a present state office holder.

None of those named has definitely announced his candidacy, but several have indicated a lack of interest, at least at this time.

Among those who have more or less firmly withdrawn, but who are still being pushed by some segments of the party, are former Gov. Elmer L. Andersen, former 5th District Congressman Walter Judd, now being pushed as Minnesota's favorite son GOP candidate for president, Rep. Clark MacGregor of the 3rd District and State Treasurer Val Bjornson.

Bjornson puts it this way: "If I win, the DFLs get a chance to appoint someone to the post of state treasurer. If I lose, it is just another defeat."

Bjornson suffered one such defeat when he ran for the Senate in 1954 against Sen. Hubert H. Humphrey. The treasurer said the fact that he is now in the middle of a four year term and could not without relinquishing his office did not change his position on another Senate race.

Rep. Ancher Nelsen, 2nd District congressman, former lieutenant governor and former national REA administrator, has in effect said "No, thank you," on previous occasions when he has been mentioned for officers other than the one he now holds.

Others being mentioned include Cliff Sommer, Owatonna banker who was chairman of former Gov. Andersen's business advisory group and now is active in the campaign to win Minnesota support for Sen. Barry Goldwater as a candidate for the GOP nomination for president.

The list also includes Harvey Rice, president of Macalester College; Robert Forsythe, state GOP chairman; State Rep. Clinton Hall of Rushford; State Sen. Alf Bergerud of Edina, and Wheelock Whitney, Minneapolis business man.

Bergerud, who is perhaps best known for his work on legislative and congressional redistricting, is a leader in the conservative group in the State Senate. He is near retirement from his post as president of Red Owl Stores.

Whitney, who has been active in Republican party politics for several years, appears more actively interested in becoming a candidate at this point than others being discussed.

DFLs and GOPs each found something to cheer about in last week's nonpartisan local elections.

The DFLs pointed with some jubilation to the defeat of Joe Jagunich for mayor of Eveleth. Jagunich headed a group of Range mayors supporting former Gov. Andersen.

The GOPs, on the other hand, found some solace in the failure of Irving Keldsen in his attempt to come back as mayor of Richfield. Keldsen was the DFL nominee for Congress in the 3rd District in 1962.

Camp Fire Girls Honor Minnesotan

SAN FRANCISCO (AP)—Mrs. Oliver Anderson, Fairmont, Minn., was one of 24 United States women presented with silver medallions Monday night at the opening of the triennial convention of Camp Fire Girls Inc.

The medal is recognition for the highest service by leaders of Camp Fire girls. Attending the convention are some 1,200 adult delegates and 400 Horizon Club members — high school age girls.

For flavor change: Mince a green pepper and saute it in a little butter; add to cream of mushroom soup.

47,407 Trucks, Cars Impounded In Chicago

CHICAGO (AP) — A new claimant has appeared for the title of world's largest used car dealer—the Chicago Police Department.

Police Supt. O.W. Wilson made the claim Monday in announcing his force this year has impounded 47,407 autos and trucks which were abandoned on city streets in violation of the municipal code. Most of the cars were abandoned because they simply will not run any

more. Some turn out to be stolen cars and there are a few new autos that are mysteriously abandoned.

The law requires the autos be sold as junk, even if they are in good operating condition. The junk dealers salvage the good parts and sell the rest for scrap metal.

National Grange Endorses Sale

PORTLAND, Ore. (AP) — The master of the National Grange has endorsed the proposed sale of grain to Russia. The official, Herschel D. New-

deal might fail if this country insists the grain must be shipped in United States vessels.

Newson also warned members at the opening session Monday of the National Grange convention against the argument that the way to solve problems is to do away with government regulation. He said:

"Such a reactionary proposal would in the final analysis destroy the family farm, the cooperative movement, and indeed it would limit opportunity and diminish individual human dignity in the type of economic anarchy which would result from the destruction of disciplines in our American system . . ."

Hunter Fined For Waving Rifle At Farmer

BENSON, Minn. (AP) — A Monticello, Minn., man was fined in justice court Monday for waving his rifle at a farmer in a deer hunting argument.

Ervin B. Schwanke was arrested over the weekend on complaint of Ed Stiel of Danvers, who said he was picking corn when Schwanke approached from a neighboring farm.

The hunter said he was pur-

suing a wounded deer. During an argument with Stiel, the farmer contended, Schwanke's rifle was pointed at him. Testimony indicated the weapon was not loaded.

Buckner fined Schwanke \$100 with \$60 suspended.

Halas: 'Biggest Game of Year, But Not of Career'

CHICAGO (AP) — Footballs sail through the air against the cold November sky. Players run through special formations in different areas of the field. And in the middle of it all is George Halas, owner-coach of the Chicago Bears.

Halas, 68, the National Football League pioneer, is preparing his Bears for their biggest game of the year Sunday — the Green Bay Packers — in an effort to break the deadlock for first place in the Western Division.

Wearing dark glasses and a baseball cap, Halas is an impressive figure. A pair of gray, baggy pants are partially hidden by a knee-length coat carrying the familiar orange and blue colors of the Bears.

"All right," he shouts to the photographers, "get all the pictures you want. This will be the last day for you guys."

Up in the north stands, a security officer scans apartment windows nearby.

"He is a sentinel," said Halas. "He's looking for the Indians who got Custer."

Halas is ready to go to work. "Offense here, defense there. No, we're not hoping for snow or rain. We want them at their best. That's the way to beat a team—when it's at its best."

He gives most of his attention to the offense at the start of the drill.

"There's been a lot of talk about our offense but I'm not worried. We'll be ready. Look, Ronnie Bull is running a lot better. Not at full speed but better."

The offense finishes and Halas calls the defense together. The defensive team starts working and Halas angrily calls for a few stragglers to hurry up.

"Pay attention, hurry up, we're working on plays."

The defense finishes and the Bears line-up for kickoff returns. Willie Galimore is fielding the kicks and the two teams move against each other.

"No, don't take a step back," hollers Halas. "Forward, always forward Ted. See what I mean Roger. Move ahead, think ahead."

After Bobby Green puts on a brilliant exhibition of punting, the players dash into the dressing room.

"Good workout," said Halas. "We got the stiffness out. No, it's not much different preparing for a big game. The players have about the same amount of work. It's just a lot more work for the coaches."

"No, I wouldn't say it's the biggest game of my career. But it's the biggest game of the year and we'll be ready."

Emil's Tags 3,072 At Winona AC for Series First Place

Winona has a new men's team champion in the series department today after Emil's Men's Wear rocketed to 3,072 in the Classic League at Winona Athletic Club Tuesday night.

The Emil's team, which leads the league by a half game after their torrid pin toppling demonstration Tuesday, carried a 86-pin per game handicap for a 2,814 scratch total.

The group opened with a 1,009, then cruised on to a 1,048 topper and 1,015 for the 3,072 total. The count replaced the 3,052 hit by Kline Electric in the Westgate Lakeside League Oct. 25 as the city high.

Joe Loshek's 603 paced Emil's and Ralph Palbicki was right behind with a 602. Stan Wiczorek turned in a 558, Bob Bell a 530 and Clarence Bell a 521.

The count was doubly sweet for the group as it was bowling Kewpee Lunch Annex—losers pay for lunch.

Harry Stever's 614 for Hamm's Beer paced five honor count bowlers. Jerry Dureske socked a 245-600 for Hot Fish Shop. DuWayne Yantes turned in a 602.

On the staff side, Shirley Squires again made news in the Ladies City League at Hal-Rod Lanes when she cracked 238-571 for Cozy Corner which topped 933-2,610.

Shirley's game total was good for fourth-place in Winona's top 10. Other 500 kgers were: Helen Nelson 561, Ellie Hanson 552, Yvonne Carpenter 545, Lenore Klage 543, Barbara Pozanc 523, Leona Lubinski 520 errorless, Irene Trimmer 505 and Irene Gos-tomski 504. Betty Thrune turned in an all spare 177 game.

WINONA AC: Elks — Charles Trubl raked 556 in leading Home Furniture to 2,613. Lloyd Walling's 202 sparked Main Tavern to 966.

WESTGATE: Hiawatha — Mix Thompson took single laurels with 222-552 for Midland, while Speltz Garage was belting 936-2,716.

Wenonah — Pin Pals took all the honors with 857-2,459 behind Charlotte Muras' 187-520.

National — Ken Nordahl sparked 561 for Morken's Service, and Mike Sawyer waxed 252 for Shorty's. Louise's Liquor Store took team laurels with 985-2,783.

American — David Schewe rocked 230 in helping Lincoln Insurance to 991-2,852. Fran Hengel ripped a 584 errorless, and Bud Steinhoff had a 552 errorless. Cliff Hall hit 10 straight spares, and finished with a strike for a 188 first game.

HAL-ROD: Lucky Ladies — Helen Nelson pounded 212-545 for Midway Tavern, and Hamm's Beer took group honors with 866-2,496.

Four-City-Gene Zeche sparked Central Motors to 998-2,957 with his 590. Arwin Overby belted 233 for Christensen Drugs.

ST. MARTIN'S: Tuesday night — Weldon Neitzke rapped 556 in helping Sinclair Oils to 2,737.

LET'S TALK SPORTS
with Gary Evans

IT WASN'T TWO WEEKS AGO that Jim Kubicek, the man who puts the type into this page on Sunday so you have a sports section to read, came to work, chest expanded and proclaimed that he had ended the "600 jinx" at the Cochrane Hotel and Bowling Alleys.

It seems that he pummeled a 617 about the time that bowlers at Cochrane were beginning to think such a score was impossible. The honor count came on games of 148-213-256 and at that time gave Mr. Kubicek the record game of the year. The series topper—a 619—had been hit by Orville Blank.

All thoughts of a jinx were buried Monday night by Jim Baecker, who bowls for the Buffalo Electric team in the Tuesday Night League.

Kubicek Baecker, if you remember, was the man who socked a 289 a season ago.

Monday night he turned in another record league score for the alleys with a 689. Jim opened with a 245, bypassed Kubicek's 256 with a 258 in his second game and then faded to 186 for the best count in the 17-year history of the lanes.

Best previous high for the alleys owned by Jake Zeches was a 687 for Hugh Duffy. Oscar Stirn had turned in a 684.

NEWS WAS RECEIVED at St. Mary's College Tuesday of the passing of Norbert (Nibbs) Scully, former all-sports stand-out at the school in the middle '30s.

Scully died of a heart attack while teaching at Loyola University, Chicago, Ill., Monday.

Brother Charles, who was notified of Scully's death, said that he had been teaching at Loyola since September.

Prior to that time he taught at Long Island, New York.

"Nibbs had a heart attack out there in the middle of last year," said Brother Charles, "and wasn't able to complete the year. This fall he decided to move back to Chicago to teach at Loyola."

Scully was a member of the 1934 Redmen football team which played in the first indoor college game against St. Viator of Bourbonnais, Ill.

SEVERAL BOWLING secretaries have been calling as to the whereabouts of Daily News 300 patches.

Before Augie Karcher vacated this post for a job with the ABC in Milwaukee—and by the way, we just received a letter stating that all is well with the Karchers—he informed me that he had dropped off patches at the city alleys.

A quick check proved that the alleys still have some available, so pick them up and get them on your bowling shirts.

WINONA DAILY NEWS 300 CLUB BUT IT TOOK THREE GAMES

WHILE WE'RE ON the subject of bowling, don't forget that Lee Stange, personable young Minnesota Twins chucker, will be at Westgate Bowl for a clinic Thursday.

In addition to speaking at St. Mary's and St. Stan's Grade Schools, Stange, who won the Major League Baseballers Bowling Tournament, will conduct a clinic for juniors from 3-5 p.m. at Westgate Thursday and then meet with the adults from 5-6 o'clock.

Vikings Place Reed on Waivers
MINNEAPOLIS (AP)—Plunker Bob Reed, who suffered a slight shoulder separation Sunday at Green Bay, was placed on waivers Tuesday by the Minnesota Vikings of the National Football League.

The club also activated full-back Tommy Wilson, injured in a game with Green Bay Oct. 13.

Orlando Pena won only 12 games for Kansas City last season but three of them were shut-outs. He lost 20 times despite a 1.69 earned run average.

Tale Sad, But True: Poe Playing Against Tigers

NEW YORK (AP)—The paper said a boy named Poe was Harvard's "secret weapon" in beating Princeton last Saturday — Dave Poe, a sophomore back who'd been out with an injury.

Ridiculous! No, incredible, impossible! A Poe playing AGAINST Princeton.

Shades of Johnny Poe, Arthur Poe, Johnson Poe, Edgar Allen Poe, Net Poe, Gresham Poe.

For 22 years those Poes played football FOR Princeton and performed fantastic feats, sometimes against Harvard but more often against Yale. It is assumed this young man will fulfill his obligation when Harvard plays Yale Nov. 23.

Even now on a Princeton football field you might hear echoes of Johnny Poe's "If you won't be beat, you can't be beat." Those words were spoken at halftime during the Harvard game of '96. They have been used to inspire Tiger teams ever since.

With another Yale game coming this week, young Tigers probably will hear of Arthur Poe's run that beat Yale in 1893 and his amazing kick that won in 1899. They're part of football legend, just like Sam White's run or Jake Stagle's, or Dick Kazmaier's more recent feats.

Harvard's Poe isn't quite like the Poes the old grads tell about. He's 6-foot-2 and weighs 175. And he got hurt. The real Poes all were little guys who played when a football team consisted of 11 hard-bitten heroes who let the subs play only if they were totally disabled.

FOR LINEMAN STOKES Equal-Time Plan Working Well

ALBUQUERQUE, N.M. (AP) — "I hope he doesn't win this honor too often or we won't even see him out at practice."

That was University of New Mexico Coach Bill Weeks talking about center Eddie Stokes who was named Associated Press Lineman of the Week Tuesday.

Weeks and the mechanical engineering department have an equal-time agreement with Stokes.

The 189-pound Phillips, Tex., native misses the Monday and Friday football practices and half of the Wednesday workouts because of mechanical engineering labs.

Stokes was selected for his outstanding play in New Mexico's 17-6 upset victory over Wyoming.

"I'm really thrilled about this because they told me I wasn't big enough for a college lineman," Stokes said as he walked with reporters to what was left of Tuesday's practice.

The "they" referred to Texas Tech and Oklahoma State — Eddie's first two college choices.

"They told me at Texas Tech and Oklahoma State that I couldn't play in a college line. I just weighed 160 pounds so I came here," he said.

Stokes was the defensive captain who called the signals that limited Wyoming to 181 yards — its lowest total offense of the season — made five unassisted tackles and helped on 10.

In the first quarter he swung down the receiver on a passing pass and pounced on an ensuing fumble on the Wyoming 10. It resulted in New Mexico's first touchdown.

Philadelphia Topples Warriors

PHILADELPHIA (AP) — Philadelphia fans gloated today over their National Basketball Association team's victory, although it came at the expense of an old Philadelphia favorite — the Warriors.

The Philadelphia 76ers — formerly the Syracuse Nats — defeated the San Francisco — formerly Philadelphia — Warriors 106-102 Tuesday night in an overtime battle between transplants. It was the only game scheduled.

Hal Greer's short jump shot, with 33 seconds left in the overtime proved to be the winning point, although Ben Warley sank two free throws in the final eight seconds for the 76ers.

Eagles Still Minus No. 1 Hearings Resume On Harness Riot

PHILADELPHIA (AP) — Philadelphia Eagles' Coach Nick Skorich says he is resigned to another week without No. 1 quarterback Sonny Jurgensen, but he doesn't intend to allow the No. 2 signal caller, King Hill, to suffer again like last Sunday.

Hill received a broken nose in the 42-14 mauling at the hands of the New York Giants.

"Our pass protection was pretty good until last week," said Skorich. "We expect a better performance out of the front line. There's no excuse for their breaking down in the second half. We'll just concentrate on getting a better effort."

Jurgensen, who suffered an injured shoulder four weeks ago, lobbed the ball in Tuesday's practice sessions.

NEW YORK (AP)—The New York State Harness Racing Commission resumed hearings today into last Friday night's riot at Roosevelt Raceway. The Commission said after the first session Tuesday that the "judges acted with complete propriety" the night of the riot.

Officials of Roosevelt Raceway and Commission officials on duty last Friday testified.

The riot erupted after the sixth race — first one in the twin double — when six of eight horses fell and failed to finish. The judges ruled the race official, fans swarmed onto the track and did at least \$100,000 worth of property damage.

The last three races were canceled.

Irish Ignore Leahy Tirade Against Grid Fortunes

SOUTH BEND, Ind. (AP) — Quietly and officially, Notre Dame completely ignored the latest tirade against its football fortunes by former Coach Frank Leahy Tuesday.

From Coach Hugh Devore to Athletic Director Ed (Moose) Krause and up to Rev. Edmund Joyce, university vice president and chairman of the athletic board, the Irish hierarchy simply said "No comment."

The "no comment" was in reference to remarks by Leahy in Daytona Beach, Fla., that the Irish had lost their winning football spirit.

It wasn't the first time that Leahy, who in 11 seasons as Notre Dame head coach compiled a record of 87 victories, 11 defeats and 9 ties, had taken a swipe at Notre Dame's failure to dominate the national scene in recent years.

In 1955, two years after Terry Brennan had succeeded Leahy at Notre Dame, Leahy fired a tirade in Los Angeles accusing the Irish of letting down.

Leahy also followed with similar comments during Coach Joe Kuharich's tenure at Notre Dame. Then he made his most recent remarks before the Daytona Quarterback Club this week.

"I saw Pittsburgh humiliate Notre Dame last Saturday (27-7)," said Leahy. "The spirit of Notre Dame, the tradition of Knute Rockne, the Four Horsemen, George Gipp . . . were treasures at South Bend."

"For some reason, that feeling doesn't exist today. I plain don't know the answer, except that they are not in the best shape. They are getting beaten in the second half. Physically they leave a lot to be desired."

Leahy added that Devore is a good coach and that the Notre Dame president wants a representative team.

Gophers Try To Eliminate Ball Bobbling

MINNEAPOLIS (AP)—Coach Murray Warmath sent his University of Minnesota football squad through a drill Tuesday aimed at elimination of the wave of mistakes that have plagued the Gophers.

These included loss of the ball 13 times on fumbles and five times on pass interceptions in the last four games.

Bryan Magnuson moved in at second team fullback replacing Jay Sharp and Bill Dallman returned to second team left guard after missing last Saturday's game because of an injury.

Fred Nord, second team left tackle, reinjured his left ankle and is doubtful for next Saturday.

PREP FOR GOPHERS

LAFAYETTE, Ind. (AP) — John Kizniwski and Gordon Teter alternated at right half-back Tuesday as the Purdue football squad worked out on offense to be used against Minnesota in the closing home game Saturday.

To bolster defenses, coach Jack Mollenkopf shifted Jim Garcia to right tackle, and George Pappas was moved to right guard on the second unit.

Johnnies Are Picked for Grid Playoffs

KANSAS CITY (AP) — St. John's (Minn.), unbeaten and untied the past two seasons, was selected Tuesday as the first of four teams for the semifinal play-offs of the National Association of Intercollegiate Athletics (NAIA) football championship.

An opponent for St. John's, as well as a site and date for the playoff, will be announced later, A. O. Duer, executive secretary of the NAIA said.

(A St. John's spokesman said the game would be played Nov. 30 in Memorial Stadium at the University of Minnesota.)

Winners of the play-off games will advance to the Camellia Bowl, which is scheduled for Dec. 14 at Sacramento, Calif.

St. John's, winner of 17 straight the past two seasons, is champion of the Minnesota Intercollegiate Athletic Conference. The team leads the NAIA in rushing defense, allowing an average of only 12.9 yards a game; is fourth in total defense, 107.5; fifth in rushing offense, 288.2 per game, and sixth in total offense, 396.1.

The Johnnies have scored 298 points while allowing the opposition 45 in eight games this season.

Hospital Asked To Produce Knox Records

BALTIMORE (AP) — The grand jury investigating the death of boxer Ernie Knox has asked the Johns Hopkins Hospital to produce medical records about treatment given Knox.

Hospital officials must make the records available Thursday. State's Attorney William J. C'Donnell said they involve treatment given Knox in January and February 1951 and in May 1953.

Knox, 26, of Baltimore was knocked out in the ninth round of a heavyweight bout with Wayne Bethea here Oct. 14. He died two days later of a brain hemorrhage.

Starr Throwing

GREEN BAY, Wis. (AP) — Veteran quarterback Bart Starr, with the splint removed from his broken right hand, resumed throwing Tuesday as the Green Bay Packers began preparation for their football battle with the Bears at Chicago Sunday.

Starr, missing in the past three games, tossed short and long passes in the touch-football drill. There was no contact work.
