Welcome!

It is my pleasure to welcome you to Winona State University! I have been here five years now, and I am more excited than ever about what we have to offer our students and the community we serve. You are joining a university that has embraced several themes that enrich our shared world and that will prepare you to make a difference wherever you go and whatever you do. As the 2010 academic year begins, we will celebrate the opening of our Integrated Wellness Center and a new residence hall complex. Health and wellness in our individual lives, in our working relationships, and in our environment are all important values of ours. We are a tobacco-free campus. We signed the American College and University Presidents Climate Commitment and, thereby, pledged to reduce the impact of our campus on the environment and to become, in time, carbon neutral. WSU is truly "Going Green."

WSU is recognized as a national leader in higher education. We continually strive for inclusive excellence in every aspect of University life. Our mission is to educate and enlighten our citizenry as a distinctive institution: A community of learners improving our world. I encourage you to become familiar with our mission statement. You will see it on banners all around campus. Pause a moment as you walk by those banners—now carrying our sesquicentennial flame—and think about how you can help us become a community of learners who can, indeed, make a difference in the lives of others. I believe that this mission will inspire you and guide you as you undertake your exciting journey at WSU.

You are joining WSU as we undertake a grand challenge to prepare our students for life in the 21st century, to explore what you will need to know as you prepare for life in a rapidly changing world, and to design new ways to join you in that journey. By our own actions and how we live out our values, we want to show you what it means to live responsible, productive, and creative lives, inspired by what we learn and by the people we meet.

I hope your time at WSU will be both challenging and inspiring. May your time here offer you many wonderful experiences that you will cherish in the years to come, as you, in turn, reach out to enrich the lives of others.

Best regards,

Judith A. Ramaley
President

INTRODUCTION

Winona State University is a comprehensive university that offers academically-inspired students the opportunity to obtain an education in the liberal arts and contemporary professions and to explore the application of knowledge in today's world. The University prepares students to be skilled, competent, and active citizens with a strong sense of personal responsibility and motivation to contribute to the communities in which they live and work.

Located in the beautiful Upper Mississippi River Valley, Winona State University is built on a powerful sense of place and compassion for the human condition. The University offers distinctive graduate and undergraduate programs that reflect the special character of the communities it serves and that contribute to the quality of life in Minnesota and the region through thoughtful research, service, and unique collaborations with the community. Winona State University prepares the leaders of the 21st century to apply their knowledge to solve complex and ever-changing problems effectively. Winona State University is a *community of learners improving our world*.

HISTORICAL VIEW: 150+ YEARS OF ACADEMIC EXCELLENCE

Winona State University was founded in 1858 when the first Minnesota State Legislature established normal schools "to prepare teachers for the common schools of the state." The first tax-supported school west of the Mississippi River was established at Winona to train teachers for the new frontier.

The State Normal School became Winona Teachers College in 1921 and was authorized to grant the bachelor's degree. From the 1920s until World War II, significant curriculum changes enhanced the academic quality of teacher education. New courses were added, and departments emerged to organize a growing institution. Intramural and extramural athletics, social organizations, and co-curricular activities grew with the student population.

The boom following World War II saw rapid growth. In 1957, the institution became Winona State College; this new name reflected an expanded mission, which included the addition of Bachelor of Arts, Master of Science in Education, and Associate in Arts degrees. In 1975, the school became Winona State University.

Today, the University is structured into five colleges spread across two campuses in Winona and Rochester and is a member of the Minnesota State Colleges and Universities system. The original campus in Winona primarily serves traditional students; whereas, the Rochester campus focuses primarily on non-traditional students and graduate programs. In 2008, Winona State University celebrated its sesquicentennial, marking 150 years of service to students, the community, and the world.

DISTINCTIVES

- **Quality and Value:** For 14 consecutive years, Winona State University (WSU) has been featured as one of America's 100 Best College Buys for quality and value; for six consecutive years, The Princeton Review has named WSU among the "Best in the Midwest." In the 2010 edition of U. S. News & World Report's "America's Best Colleges," WSU ranks among the top 50 public and private institutions in the Midwest Region Master's Category.
- **e-Warrior Digital Life and Learning Program:** Students select from approved laptop models and enjoy wireless access from anywhere on campus. The program gives students the opportunity to personalize and enhance their college experience.
- **Darrell W. Krueger Library** was designed to provide a wealth of information resources and services to the WSU community and beyond. The library holds more than 350,000 volumes and provides access to approximately 50,000 electronic periodicals and texts and more than one million microfilm documents.
- The University is home to the Child Advocacy Studies program, one of the most progressive model undergraduate curricula in the country. The multidisciplinary program is designed to train undergraduates—future teachers, law enforcement officers and health care professionals—in the identification and prevention of child abuse.
- **Sustainability** is a core University-wide commitment. WSU is a signatory of the American Colleges and University Presidents Climate Commitment as well as a partner in Sustain Winona, a community-based initiative dedicated to energy conservation, renewable energy technologies, and pollution prevention strategies.
- **Breathe Free:** In January 2009, the University became tobacco-free, providing a safe and healthy environment for work and study for students, employees, and visitors.

- **Campus Safety:** In 2009, the University was named one of the 25 safest campuses in the United States based on an independent review of data reported to the U.S. Department of Education under the Federal Clery Act.
- **Student Involvement:** WSU offers students the opportunity to get involved in student government and nearly 300 social, service, and professional clubs and organizations that reflect a broad spectrum of student interests. The University also sponsors professional cultural programs as well as student theatrical, musical, and dance performances.
- **Top-Notch Varsity Sports:** WSU is home to 15 men's and women's NCAA-II varsity sports: women's basketball, cross country, golf, gymnastics, soccer, softball, tennis, track and field, volleyball; men's baseball, basketball, cross country, football, and golf.

WSU CAMPUSES

Two campuses make up Winona State University: the original campus in Winona and Winona State University-Rochester.

Winona Campus

The original campus provides a serene yet stimulating collegiate environment in the heart of the city of Winona. Tree-lined walkways, fountains, prominent sculpture, and benches invite students and visitors to a learning community in tune with the natural beauty of southeast Minnesota.

The Winona campus provides students ample facilities for educational activities that combine traditional charm with convenience and state-of-the-art technology. All academic buildings are extensively wired for computer access, and wireless Internet access is available throughout the campus. As a feature of the e-Warrior Digital Life and Learning Program, many classrooms offer data and power connections for each student.

Winona's west residential campus is about one mile from the original campus and is located in Lourdes Hall, Maria Hall, and the Tau Center. It offers a unique living and learning experience with a strong sense of community. Students can take classes, meet with professors, and enjoy cultural experiences on the west campus while still actively participating in university life on the original campus. Lourdes Hall includes residential, dining, and recreational space. The Tau Center offers 120 completely wired single rooms and conference space with picturesque views of the bluffs and a peaceful setting by Gilmore Creek.

In recent years, WSU has aggressively upgraded facilities and added new buildings specifically designed to support its academic initiatives. Recent enhancements include:

- **Integrated Wellness Complex:** The 90,000-square-foot Integrated Wellness Complex will combine health and physical education, fitness, recreational sports, intercollegiate athletics, student health services, counseling services, and teaching and research space to educate a new generation of health care professionals. The facility is scheduled to open summer 2010.
- **Phelps Hall:** The oldest building on campus recently underwent a major transformation to provide upgraded facilities for the Mass Communication department, including a photo studio, TV studio, multimedia editing lab, and new quarters for the campus radio station, KQAL.
- **Maxwell Hall:** The recently renovated Maxwell Hall features an integrated academic services center, called the Warrior Hub, to assist students in accessing all the information they need in one convenient location. The building is also home to the National Child Protection Training Center and its state-of-the-art training facility, which includes a mock house and mock courtrooms.
- **Kryzsko Commons:** The campus Student Center has been expanded and renovated to increase the space available for meeting rooms and to provide additional food venues. Kryzsko Commons houses dining facilities, lounge and recreation areas, offices for student organizations, student study space, and meeting rooms.
- **Science Laboratory Center (SLC):** This contemporary facility was designed to create much-needed, modern academic space. The SLC has 118,000 square feet of space devoted to laboratories, a multimedia-equipped auditorium, student study spaces, and a vast atrium where even the floor and massive rock wall promote learning opportunities.
- **New Residence Hall:** Opening in July 2010, the new residence hall is a 408-bed residential complex that features suite-style living. In total, the University complex of residential housing includes East Lake Apartments and nine residence halls and is home to more than 2,500 students.

Winona State University-Rochester

Since 1917, Winona State University has served students in Rochester and the surrounding area. A number of years ago, the University entered into a partnership with Rochester Community and Technical College (RCTC) to establish the University Center Rochester (UCR). Since its inception, over 5,000 bachelor's and master's students have graduated from UCR programs. Today, WSU-Rochester offers degree programs from baccalaureate through doctoral levels.

On an annual basis, WSU-Rochester serves 1,400 students. Approximately 40 resident faculty and an additional 20 Winona campus faculty are dedicated to the Rochester campus each academic term. Because of the Rochester location, WSU-Rochester offers unique opportunities to collaborate with businesses, schools, and organizations in the area through specialized programs in computer science, health care, business, and education.

Housed with RCTC in a modern, integrated building on the UCR campus, WSU-Rochester features modern classroom facilities and technology-enhanced classrooms. The campus includes a new state-of-the-art Health Sciences building, which has several "smart" rooms, clinical nursing laboratory areas, and high fidelity simulation. Sophisticated technology links WSU-Rochester students with the Winona campuses and the world.

WSU students have access to the Goddard Library, which houses 57,000 volumes, a computer lab, and a laptop rental center. The College Center includes a cafeteria and snack bar and lounge areas. The UCR also includes a recently constructed fitness and recreation center with indoor courts and a running track.

THE COMMUNITIES

Winona

The city of Winona (population 27,000) is nestled among the bluffs of the beautiful Hiawatha Valley on the banks of the Mississippi River—one of the most scenic areas in Minnesota. Once one of the Midwest's wealthiest cities because of its location on the river, Winona enjoys a rich legacy of historic buildings and vintage homes. Winona State University is located in the heart of the city, giving students convenient access to shopping, recreation, social activities, and community resources. Additional cultural opportunities are available in La Crosse, Wisconsin (30 miles away), Rochester (45 miles away), and Minneapolis-St. Paul (120 miles away).

In addition to WSU, the city of Winona is home to two other institutions of higher education: Saint Mary's University of Minnesota and Minnesota State College—Southeast Technical. WSU cooperates with these institutions, as well as institutions throughout the Minnesota State Colleges and Universities system and the University of Minnesota, to enrich the educational and cultural opportunities for students at all institutions by sharing their programs and resources.

Rochester

WSU-Rochester is located on the eastern edge of the city of Rochester, which is a cosmopolitan city of more than 100,000 residents. Rochester is consistently branded as one of "America's most livable cities." It is home to the world-renowned Mayo Clinic and the largest IBM Corporation facility under one roof. The city offers extensive cultural, dining, shopping, recreational, and sports opportunities; it has the second largest airport in Minnesota.

In addition to WSU-Rochester, several other institutions offer programs in Rochester, including University of Minnesota—Rochester, Saint Mary's University of Minnesota, Augsburg College, and the Mayo School of Health Sciences.

ACADEMIC MISSION AND GOALS

Winona State University is an exemplary arts and sciences institution with select professional and graduate programs. With an enrollment of approximately 8,600 undergraduate and graduate students, WSU is a mid-sized public university committed to small class sizes and challenging, rigorous academic standards.

Faculty and administrators are involved with students, facilitate cooperative and active learning, and demonstrate respect for diverse talents and ways of knowing. Faculty members are dedicated to creating an optimal learning environment for students by using contemporary technology and by building learning communities, which help students maximize their post-graduation successes. Students acquire disciplinary expertise, enabling them to pursue careers or to enter graduate or professional schools. They learn the value of aesthetics and ethical integrity as well as the importance of becoming community leaders and furthering the public good.

Winona State University recognizes that many learning experiences occur outside the classroom. Therefore, the University is committed to building and maintaining a caring community. Community members strive for amicable relationships based on shared values and an affirmation of the principle of freedom of speech within an atmosphere of civility and mutual respect. Governed by collective bargaining agreements and guided by principled leadership, the University community respects diversity and collaborates to resolve issues that affect all its members. We celebrate our common successes and our distinctive heritage.

The University is committed to measuring results against self-defined and national standards. Through this ongoing assessment in which students, faculty, and staff participate, WSU will continuously improve and establish accountability for results. Thus, Winona State University reaffirms its social contract to provide educational benefits to the people of Minnesota, the nation, and the world.

MISSION OF GRADUATE EDUCATION

- Consistent with the mission of Winona State University, the mission of Graduate Education is to:
 - Provide lifelong educational opportunities.
 - Support a diverse range of high quality graduate programs to reflect the strengths and expertise of the university, and that are responsive to the changing needs of people in the region.
 - Promote quality graduate study that enhances undergraduate programs.
 - Provide flexible delivery systems for high quality graduate programs.

GOALS FOR GRADUATE EDUCATION

Consistent with the WSU Long-Range Plan, implementing the graduate education mission includes the following goals:

- To sustain and enhance the quality of graduate studies at WSU.
- To explore opportunities for all departments and disciplines to offer or contribute to graduate programs that fulfill the needs of the region.
- To prepare students as leaders and specialists in their chosen profession.
- To develop a sense of collaboration and collegiality among students and faculty through the process of graduate education.
- To require participation in research and scholarly or creative activities in all graduate programs.

EXPECTATIONS OF GRADUATE STUDENTS

Advanced Study: Students who study at the graduate level will build on previous academic preparation by becoming involved in rigorous advanced study within the chosen discipline to levels beyond basic knowledge and comprehension. Graduate study will require that students analyze, synthesize, apply, and evaluate concepts learned.

Scholarly Research: Graduate students will be expected to distinguish themselves through professional reading research, and writing. Students will demonstrate the ability to responsibly manage information and data in a manner truthfully and intellectually acceptable to professional peers.

Professionalism: Graduate students will be expected to become involved in scholarly research designed to question and critically evaluate the beliefs and ethics of the chosen profession. Central to this development is involvement in professional and scholarly association, and meaningful intellectual discussions and collaboration with graduate faculty for successful integration of knowledge, skills, and attitudes of the profession.

People Skill Development: In the current era of human development, the ability to work collaboratively and cooperatively with professional peer in a multicultural/gender fair/disability sensitive environment is the blueprint for future personal, professional, community and national success. Students will be expected to demonstrate these behaviors throughout their graduate study.

PROGRAM OVERVIEW

Since 1917, Winona State University has served students in Rochester, Minnesota and the surrounding area. In 1993, Winona State University, along with the University of Minnesota and Rochester Community and Technical College (RCTC), collaborated to create the University Center at Rochester (UCR). The Greater Rochester area served by the UCR has a population of over 100,000 people; area residents have a high level of education attainment, and they are highly receptive to the lifelong learning opportunities offered by WSU-Rochester and the other institutions.

Its location in the growing city of Rochester provides WSU-Rochester with unique opportunities to offer specialized classes and programs aimed at key industries in the area, including computer science, the health care professions, business, and education. WSU-Rochester's strong "commitment to community" is evident as students, faculty, and staff from a variety of programs engage in experiential community-based learning in area organizations, businesses, and schools.

WSU-Rochester has served the region with distinction, and the numbers tell the story. Over 2,000 students are served each year through day, evening, and weekend classes. Over 5,000 bachelor's and master's degree candidates have graduated from programs offered at the WSU-Rochester campus. Approximately 40 resident faculty serve WSU-Rochester; in addition, 20 faculty from the Winona campus are dedicated to the Rochester campus. A number of adjunct faculty professionals from area industries also serve students.

DEGREES AND PROGRAMS

WSU-Rochester provides upper-division courses for the completion of a number of WSU baccalaureate degrees. Entering students can transfer credits from other institutions through individual transcript evaluation or official 2+2 program agreements with RCTC. Through the 2+2 Program, students can complete 12 baccalaureate degree programs by transferring lower-division credits from RCTC and completing upper-level courses at WSU-Rochester. Students at WSU-Rochester can also complete numerous undergraduate minors and five graduate degrees within 16 different graduate programs at the Master's Specialist, and Doctoral levels.

See the *Undergraduate Catalog* for detailed descriptions of the undergraduate programs; for more information about the graduate programs, see page 5 of this catalog.

Non-Credit Programs

WSU-Rochester cooperates with community and professional groups and WSU's Outreach and Continuing Education Department to provide non-credit continuing education programs for educators, business and industry,

these colleges, Winona State University offers 60 undergraduate degree programs, 10 pre-professional programs, 23 Master's (MS) degree programs, an Educational Specialist (EdS) degree, a Doctor of Nursing Practice (DNP) degree, and several undergraduate and graduate licensure programs.

All programs are offered by highly qualified faculty in an environment committed to a passion for learning and student service. Approximately 400 faculty members dedicate themselves to delivering rigorous academic programs while maintaining "small school closeness." Classes average 25 to 30 students; the student-faculty ratio is 21:1.

OUTREACH AND CONTINUING EDUCATION

Somsen Hall, Room 106 (507) 457-5080

WSU offers a wide range of learning experiences and opportunities through the Outreach and Continuing Education program. These include non-credit and CEU activities; customized training, workshops and conferences; extension credit courses; classes available via distance learning technology and senior citizen registration. Non-credit programs, credit courses and advising are located in numerous places throughout the WSU service area. Special programs may also be developed to meet the continuing education needs of specific agencies, schools, businesses and industries.

WSU-ROCHESTER

agencies, and government.

Adult Entry Program

This program is designed for mature students who have never attended college or who are returning to college. Counselors are available in Rochester on a regular basis to assist adult students seeking a college education. Under this program, college credit may be awarded for life/work experience. (See "Outreach and Continuing Education Department" on page 4 for more information.)

ADMISSION AND REGISTRATION

While students applying for graduate degree programs must apply through the Graduate School office, it is possible to enroll in graduate courses as a "Graduate Special" student without applying to a graduate program. The student must provide proof that he or she has earned an undergraduate degree. For information about graduate admissions, see page 14.

STUDENT SERVICES

Campus Visits

Students are encouraged to visit the WSU-Rochester campus any time. For more information about programs and services, call (800) 366-5418 or (507) 285-7100.

Career Services

Rochester Campus: SS 125 (507) 280-5079
Winona Campus: Maxwell Hall (507) 457-5340
www.winona.edu/career
Email: RochesterCareer@winona.edu

Career Services assists undergraduate and graduate students seeking career direction, part-time work on and off campus, work-study positions, summer opportunities, internships, and full-time employment. Alumni are also eligible for assistance in their search for full-time employment. Students are encouraged to register early to take full advantage of the broad range of services offered through Career Services.

Students may schedule individual advising appointments to discuss career direction and questions related to the job search, to critique resumes and cover letters, and to obtain tips on interviewing. They may also schedule appointments for mock interviews on the Career Services virtual interview kiosk.

Career Services provides opportunities for students to interact with employers through career fairs, job fairs, and on-campus interviews. Once students register with Career Services, employers have access to their resumes directly through our website. Additionally, students can access job openings or update their resumes via the Internet 24 hours a day, seven days a week. Employment information, graduate follow-up results, and additional resources are available in the office as well as our website.

The Career Services office is open from 8:00 a.m. to 4:30 p.m. during the academic year and from 7:30 a.m. to 4:00 p.m. during the summer. Evening and weekend hours are available by appointment.

Computer Facilities

WSU-Rochester is equipped with state-of-the-art technology for interactive television (ITV) and computer systems that link UCR students with the Winona campuses and the world. The computer facilities consist of multiple smart rooms, one open computer lab, and a laptop rental center. All labs allow students access to mainframes on the Winona campus.

Counseling

Academic counseling services are available through WSU-Rochester (507) 285-7100. Staff members are professional counselors with extensive academic experience in counseling.

Financial Aid

Students must apply for financial aid online through the FAFSA website: www.fafsa.gov. Representatives from the WSU Financial Aid Office are available on the WSU-Rochester campus each week. Interested students should call to arrange an appointment with a financial aid advisor (507) 285-7100.

Housing and Dining

The University Center at Rochester (UCR) is a commuter campus. However, a variety of housing options are available in the Rochester area, including furnished and unfurnished apartments, efficiencies, single room rentals, and houses. RCTC has a listing of housing information available for students. In addition, Professional Property Management, an independent local agency, provides housing information for UCR students. Students may obtain housing information from both of these sources at the UCR Information Desk or on the WSU-Rochester website, www.winona.edu/rochester.

The UCR cafeteria is located on the third floor of the College Center. In addition to the cafeteria, the Café Express offers light meals and snacks during the early evening hours. Students may also use the microwaves located in the cafeteria as well as food and beverage vending machines located throughout the campus complex.

International Students

Staff members from the Office of International Services are available on the WSU-Rochester campus. Students may schedule appointments or request information by calling the Office of International Services on the Winona campus (507) 457-5303.

Disability Services

Special services and accommodations for students with special needs are available by request. Students may schedule appointments or request information by contacting the WSU Disability Resources Center on the Winona campus (507) 457-2391; drc@winona.edu.

Child Care

Child care for WSU-Rochester students is available on the UCR campus. Students may request information by contacting the UCR Child Care Center (507) 285-7232.

Library

WSU-Rochester students have access to the UCR Goddard Library in Rochester and the Darrell W. Krueger Library on the Winona campus. WSU-Rochester's library holdings are integrated into UCR's Goddard Library holdings of over 57,000 volumes. This arrangement provides students with an extensive resource of reference and research material on the WSU-Rochester campus. In addition, students may request overnight courier service to the Winona campus library for articles and books; they may also do online searches using MnPALS and a number of other systems.

Parking Services

Students will be charged a \$4.00 parking fee per credit with a maximum parking fee of \$60 per semester (subject to change). This fee will automatically be added to a student's semester billing for tuition and fees. No parking permit will be issued; student lots are designated.

Student Disclosure Policy

Educational records of students taking classes at the UCR campus may be made available to employees of WSU and RCTC while the student is attending the UCR campus if access to a student record is required in order to provide services to the student.

STUDENT LIFE

Connie Gores, Vice President for Student Life and Development
129 Kryzsko Commons (507) 457-5300
<http://www.winona.edu/sld>

The Division of Student Life and Development advances student learning and supports and enhances the educational mission of Winona State University. With an emphasis on holistic student development, faculty and staff within Student Life and Development (SLD) strive to assist students in achieving their potential and in becoming self-directed in all activities.

Student Life and Development promotes and contributes to a University community centered on student learning and success. SLD is responsible for planning and administering an array of programs, services, and activities designed to accomplish the following:

- Encourage the optimal growth and personal development of students
- Contribute to student success and well-being
- Foster a sense of community
- Support an environment which is personal in nature, intellectually and culturally diverse, and which encourages the integration of in and out-of-classroom student experiences
- SLD creates supportive environments and innovative opportunities for student learning. We promote individual student excellence; we invite collaboration and discovery; and we challenge students to take responsibility as members of a diverse, global community.

Dean of Students

Karen Johnson, Dean
131 Kryzsko Commons (507) 457-5300

The Dean of Students serves as a strong student advocate and provides leadership to the University community in maintaining a safe, inclusive, and affirming environment. The Dean manages and oversees the University's conduct processes and provides leadership to the University in promoting and maintaining student rights and responsibilities.

SERVICES

This section briefly describes key points of service available to address a broad range of student needs and interests. We encourage you to learn about the following services, which are focused on helping students succeed at WSU.

Campus Dining	Career Services
Counseling Center	Disability Services
Inclusion and Diversity	International Services
Parking Services	"Purple Pass" Service
Security Services	Student Health Service
Student Resource Center	Student Union
Teaching & Learning Technology	Warrior Hub
WSU Children's Center	

Campus Dining

Campus dining at WSU is located in Kryzsko Commons at the Jack Kane Dining Center (7:00 am - 6:15 pm daily) or in the lower level of Kryzsko Commons until 11:00 pm., with several different menus available. You may view the Chartwell's Dining website at <http://www.dineoncampus.com/winona/>.

Career Services

314 Maxwell Hall (507) 457-5878
<http://www.winona.edu/career>
Email: career@winona.edu

Career Services assists students seeking career direction, major selection, part-time employment on and off campus, work-study positions, summer opportunities, internships, and full-time employment. Individual advising appointments may be scheduled. Students are encouraged to register early to take full advantage of the broad range of services offered through Career Services. Alumni are also eligible to register for assistance in their search for full-time employment or career direction.

Career Services provides opportunities for students to interact with employers through career fairs, job fairs, and on-campus interviews. Employers have access to students' resumes when students upload and publish them directly through the Career Services website. Additionally, students can access job openings or update their resumes via the Internet

24 hours a day, seven days a week. Employment information and graduate follow-up results are available in the office as well as on our website. The DISCOVER career guidance and information system and the StrengthsQuest assessment are available through Career Services.

Career Services is open from 8:00 a.m. to 4:30 p.m. during the academic year and 7:30 a.m. to 4:00 p.m. during the summer.

Counseling Center

Wellness Center (507) 457-5330
<http://www.winona.edu/counselingcenter>
Email: counseling_center_office@winona.edu

The Counseling Center provides short-term counseling to currently enrolled students who are experiencing difficulty in their personal lives. Common concerns students may bring to the Counseling Center are anxiety, depression, adjustment issues, family problems, relationship concerns, academic concerns, self-esteem, grief, alcohol use/abuse, etc. Counselors also assist with off-campus referrals/resources if appropriate for the student's care. In addition to personal counseling, the Counseling Center also offers career counseling, including the use of testing instruments such as the STRONG and DISCOVER programs. Outreach educational presentations are offered to both the WSU community and the community at large.

Four licensed, full-time counselors, one licensed social worker, a full-time office manager, and graduate student trainees staff the Counseling Center. During the academic year, students should stop by the Counseling Center between 8:00 a.m. and 4:30 p.m. to request an appointment.

Services are provided at no cost to the student. The information exchanged during the counseling process is confidential; students are advised of their client rights and the exceptions to confidentiality. Information will be released with the student's written consent when appropriate.

Disability Services

Third Floor Maxwell Hall (507) 457-5878; Fax: (507) 457-2957
<http://www.winona.edu/disabilityservices>
Email: ds@winona.edu

In accordance with Section 504 of the federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Winona State University shall make reasonable adjustments in its policies, practices, services, and facilities to ensure equal opportunity for qualified persons with disabilities to participate in all educational programs and activities. A person with a disability is defined as:

- A person with a physical or mental impairment that substantially limits one or more major life activities. This includes care for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.
- A person who has a disability, has a record of the disability, or is regarded as having the disability.

A student requiring special accommodation or auxiliary aids must apply for such assistance through Disability Services. Proof of disability from a competent authority will be required, as well as information regarding specific limitations for which accommodation is requested. Reasonable accommodations are the services that are necessary to provide equal access in an academic setting. Examples of possible accommodations may include testing accommodations, note taking assistance, interpreter services, recorded lectures, assistive technology, writing/typing assistance, lab assistance, adaptive equipment, priority registration, or alternative format textbooks.

An eligible student is one who has a disability and who meets the essential academic eligibility requirements for the WSU program or activity in which the student seeks to participate. In order to receive academic accommodations, the student must identify/self-disclose his/her educational needs

- Approval of accommodations is based on adequate supporting documentation of a disability.
- Qualified students with disabilities must meet the same academic requirements as all students on campus.
- An accommodation is not reasonable if it compromises the essential elements of a course or lowers academic standards.
- A request may be denied if it fundamentally alters a course or program or is an undue hardship for WSU.
- Some of the auxiliary aids may be provided by another agency such as Recordings for the Blind & Dyslexic, State Services for the Blind, and

the National Library Service.

- Certain accommodations, such as course modifications or substitutions, may take up to one semester to be provided. The ADA Coordinator will respond to concerns about the inequality of access or opportunity.

More information is available in the Student or Faculty Disability Handbook, which is available in Disability Services or online at <http://www.winona.edu/disabilityservices/2206.htm>.

Inclusion and Diversity

121 Kryzsko Commons (507) 457-5595
<http://www.winona.edu/inclusionanddiversity>
 Email: cdstudent@winona.edu

It is the goal of Winona State University to create a learning community where its members feel safe and respected regardless of cultural background and where opportunities are provided to explore, understand, and appreciate one another's cultural experiences and heritage. WSU strives to develop a learning community where diversity in its broadest terms—including race, ethnicity, national origin, gender, ability/disability, age, religion, economic, language, gender identity, and sexual identity—is valued, affirmed, and celebrated as an important first step toward embracing world differences in order to make the world a better place in which to live and work.

Winona State University is committed to cultural diversity and supports the following initiatives as part of its mission to:

- Promote understanding of the cultural and ethnic heritages of African Americans, Asian Americans, Latino/Hispanic Americans, and Native Americans as well as other diverse cultures at WSU.
- Increase enrollment, retention, and success of historically underrepresented and under-served students (i.e., racially diverse students, first-generation college students, students for whom English is a second language, and low-income students).
- Increase recruitment and retention of culturally diverse faculty and staff.
- Enhance curriculum development through the inclusion of multicultural perspectives.
- Provide resources for multicultural campus and community initiatives.
- Promote the understanding and appreciation of issues related to race, ethnicity, national origin, gender, age, beliefs, ability levels, economic status, sexual identity, gender identity, and religion.
- Create a safe, welcoming, and nurturing environment that encourages all campus members—student and employee alike—to grow and achieve their goals.

In the spirit of broadening horizons and enabling campus and community members to appreciate different cultures and ethnicities, the ultimate aim of Winona State University's commitment to cultural diversity is to empower people of all backgrounds for successful living in a global society.

International Services and Cultural Outreach

128 Kryzsko Commons, (507) 457-5303, Fax (507) 457-2473
<http://www.winona.edu/internationaloffice>
 Terri Markos, Director

The International Services Office provides assistance to all international students attending WSU. Information and advice is available regarding admission to the University, scholarships, immigration concerns, orientation programs, insurance requirements, employment regulations for F1 visa holders and other information related to the well being of international students.

A limited number of English language courses are available for nonnative speakers. Students are assigned to these courses on the basis of their scores on the WSU English test for non-native speakers. This test must be taken prior to registration for the initial term of attendance at WSU.

Health insurance purchased through the University is required of all international students. Health Insurance premiums must be paid upon arrival to the university.

A required orientation is held prior to the beginning of each semester for all new international students.

The university requires that international students report to the International Services Office upon arrival to the University. At such time, updated information is provided on orientation dates and test times for the English screening exam.

Off-Campus Housing Referral Service

The Office of Housing and Residence Life (Kryzsko Commons, Room 130) provides an Off-Campus Referral Service, which consists of listings provided by the landlords of apartments and other rental options. Information is available at the office during business hours. The listing is available online at the Student Resource Center website at www.winona.edu/src.

WSU makes no representation as to the kind, quality, or quantity of facilities listed by the landlords. The University also does not control any changes to the information; cost and availability are subject to change by the landlords. WSU assumes no liability arising from relationships between students and landlords as a result of these listings. All questions should be addressed to the landlords.

The University does not own nor does it operate housing facilities specifically for married students. To apply for subsidized housing, students should contact the Housing and Redevelopment Authority of Winona, 165 E. 4th St., Winona, MN 55987.

Parking Services

E233 Maxwell Hall, (507) 457-5062
<http://www.winona.edu/parking>
 Email: parking@winona.edu

Parking permits are required in all University parking lots on the Winona campuses; WSU permits are also required for students who have state-issued handicapped permits. The application process for parking permits starts mid-April each year to be effective the next school year. Once permits are sold out, applicants' names are put on a waiting list. For more details and information, please contact Parking Services

"Purple Pass" – Warrior ID

Warrior Hub
 227 Maxwell Hall (507) 457-2480
<http://www.winona.edu/campuscard/10346.asp>

The Warrior ID Card, also known as the "Purple Pass," is not only students' WSU identification, but it can also be used as a Smart Card to purchase products and services on campus. Once money is deposited on the card, students can use the Purple Pass to eat; drink; snack; make copies; do laundry; purchase books, supplies, and merchandise; and request Library Services. WSU's system can track students' funds for meal plans, Kryzsko Kash, Purple Pass, and Dining Dollars. WSU also offers a free account management tool called Manage My ID and provides Security Door Access to certain WSU building facilities on campus. Students contact the cashiers at the Warrior Hub (Maxwell Hall, Room 209) to deposit money into their Purple Pass account. A minimum deposit of \$10.00 is required.

Security Services

Don Walski, Director of Security
 Sheehan Residence Hall, Main Floor (507) 457-5555
<http://www.winona.edu/security>
 Email: dwalski@winona.edu or security@winona.edu

WSU Security is responsible for the physical security of all residence halls and academic buildings throughout the University. Campus security employs three full-time security personnel with over 75 years of combined law enforcement experience. In addition, the security force is supplemented with approximately 65 students who perform security-related duties on campus. The Winona Police Department also patrols and responds to calls on campus 24 hours a day throughout the year.

Security works to ensure the safety of students, staff, faculty, and University property. Crime prevention, proactive safety programs, and training are integral parts of Winona State University Security; our goal is to maintain a safe environment for everyone. See page 9 for information about crime awareness and the Campus Security Report.

Student Health Service

Wellness Center (507) 457-5160
<http://www.winona.edu/healthservices>
 Email: health_services_office@winona.edu

The Health Service facility is staffed by physicians, nurse practitioners, registered and practical nurses, a medical technologist, a health educator, nutritionist, and a medical records clerk. Services include:

- Medical examinations and consultations for illness, injury, and other medical concerns
- Laboratory services
- Mantoux tests and other immunizations
- Physical exams for sports, employment, or travel
- Allergy injections (students must supply their own serum)
- Contraceptive counseling, exams, and prescriptions
- Health education materials including pamphlets, videos and consultation, which enable students to develop a lifestyle that will reduce their risk of disease and injury.
- Smoking cessation program
- Alcohol education class
- Campus-wide and community health promotion, prevention, and awareness programs
- A Peer Health Educator program

The student health fee pays for most of the services provided during regular office hours. There is no office visit fee to see the physician or nurse practitioner. However, there are charges for medications, laboratory tests, and some medical procedures and supplies. Information about costs and charges is available on the health service website. Emergency care is available evenings and weekends at Winona Health Urgent Care (420 E. Sarnia Street) or at the Community Memorial Hospital (855 Mankato Avenue).

Health Insurance

All full-time students may purchase health insurance through the MnSCU United HealthCare Student Resource Insurance. For detailed information, contact one of the following offices: International Services (Kryzsko Commons, Room 128) or Student Health Service (Wellness Center). Information is also available at www.uhcsr.com/winona.

Pre-Enrollment Medical Examination

Each student must complete a Report of Medical History form and submit it to the Student Health Service. All new students get the form at registration, or the health service mails it upon request. The form can be completed without a physical exam or a physician's signature. However, the University recommends that a physical exam be done.

Notes:

For students who are planning to participate in athletics, a physical exam is mandatory and must be completed after July 1. A special form is available from the Department of Athletics.

Health records for transfer students are not sent automatically with transcripts from other colleges; transfer students must specifically request the records. Students must complete the Report of Medical History for the WSU Student Health Service.

Proof of Immunization

Minnesota Law (M.S. 135A.14) requires that all students enrolled in a public or private post-secondary school in Minnesota be immunized against diphtheria, tetanus, measles, mumps and rubella—allowing only for certain specified exemptions. Records must be on file with the Student Health Service. The law also requires that all students, in order to remain enrolled, must submit their immunization information to the Student Health Service within 45 days of the beginning of the semester. The immunization form is available on the Student Health Service website (www.winona.edu/healthservices/immunizations.html) or at the Student Health Service office.

Student Resource Center (SRC)

Kryzsko Commons, Lower Level (507) 457-2456
<http://www.winona.edu/src>
 Email: src@winona.edu

The Student Resource Center (SRC) is a one-stop resource for students, prospective students, families, and community members seeking information about WSU and the Winona area. The SRC is also the satellite site for the Warrior Hub, which supports students with information on admissions, financial aid, registration, advising, career and employment, housing, parking, library services, and more. "ASK WSU" is coordinated through the staff at the SRC.

If students have questions prior to, during, or after their time at WSU, the SRC is here for them. Frequently asked questions can be accessed through the "ASK WSU" icon on the website. Routine inquiries can be handled by the SRC, making it a convenient WSU resource. The SRC's hours of operation and offered services are expanded on a regular basis; check the website for current hours.

Student Union

Kryzsko Commons (507) 457-5312
<http://www.winona.edu/studentunion>
 Email: studentunion@winona.edu

The hub of student activities is Kryzsko Commons. This facility encompasses places to eat, study, meet, or just hang out. The Jack Kane Dining Center is located on the upper level and offers students an all-you-care-to-eat dining option. Conference rooms and private dining areas are available to students for meetings and informal gatherings, and Baldwin Lounge provides students a quiet study space. The Student Activity Center is located on the lower level and includes a lounge area, a conference room, a club/Greek office, the Student Senate offices, a stage, and a dance floor. Additional private club space is available for students as well. The Smaug food court, located on the lower level, offers students a variety of options including grab-n-go foods; Asian, Italian, and Mexican cuisines; sandwiches; and a grille. Kafé Kryzsko (located adjacent to The Smaug) is a convenience store where students can get made-to-order smoothies, coffee, soft drinks, a variety of pre-packaged foods, and many other items. The WSU Bookstore stocks WSU apparel and gift items, class books, and school supplies.

Student Activities and Leadership

Kryzsko Commons (507) 457-5308
www.winona.edu/studentactivities

Getting involved in co-curricular and extra-curricular activities outside the classroom is extremely important to students' success at Winona State University! Involvement in a variety of activities helps students meet new people, get further involved in their field of study, develop new interests and life skills, and create a full college experience. WSU students can get involved in more than 300 clubs and organizations that encompass a wide variety of interests including:

- Academic Clubs
- Athletic Clubs
- Cultural Clubs
- Faith-Based Clubs
- Fine Arts Organizations and Ensembles
- Fraternities and Sororities
- Honorary and Professional Organizations
- Intramural Athletics Special Interest Clubs

The Alliance of Student Organizations (ASO) is the central organization to which all university clubs and organizations belong. A club fair is offered each semester so students can learn more about the clubs and organizations and sign up to join or gather more information. For a complete listing of all active clubs and organizations, go to www.winona.edu/studentactivities.

The Warriors L.E.A.D. Series is a leadership development series designed to assist students in learning about and shaping their leadership knowledge and skills. Based on the Social Change Model of Leadership Development, this series provides students with the chance to focus on becoming individual leaders, group leaders, and community leaders through three distinct programs:

- Emerging Warriors – For students who want to enhance their general leadership skills and knowledge.
- Developing Warriors – For student leaders and club officers who want to improve their skills in leading groups.
- Advancing Warriors – For students who want to take their leadership skills and knowledge to the next level.
- All programs are offered fall and spring semesters and are at no cost to students. For further information about how to get involved, go to www.winona.edu/studentactivities.

Teaching and Learning Technology Services (Information Technology Services)

130 Maxwell Hall (507) 457-6635
<http://www.winona.edu/tlt>
 Email: tlt@winona.edu

Teaching and Learning Technology Services staff provides real-time technology support required in the classroom to enhance the learning environment. Classroom support provides the "real-time" services needed to ensure that technology does not become a burden to the educational process. Additional services include event support, audio/video duplication, video editing stations, and technical support and training.

Warrior Hub

222 Maxwell Hall (507) 457-2800
<http://www.winona.edu/warriorhub>

The Warrior Hub, located on the west side of the newly remodeled Maxwell Hall, is an integrated student enrollment service center. This area incorporates the services of seven departments—Admissions, Advising Services, Career Services, Financial Aid, Parking, Registrar, and Student Accounts—all under one roof. The Warrior Hub provides students with more integrated and efficient services in a single stop.

The heart of the center is the second floor “hub” where WSU team members assist students with many of their enrollment service needs. When necessary, team members link students with specialists who work one-on-one with students to address specific needs. Many of these specialists have offices within the hub.

WSU Children's Center

On-Campus Site: Wabasha Hall, 101 E Wabasha St.
 Off-Campus Site: Madison Elementary School, 515 W. Wabasha St.
 (507) 457-2300

The WSU Children's Center, which is part of the College of Education, provides:

- Full-service, affordable, educational, and inclusive child care for all children.
- An interactive classroom setting for University students seeking a variety of Minnesota teaching licensures. Students participate in practicum/field placements, student teaching, and employment opportunities.
- A model program for regional early childhood professionals.

The Children's Center serves children aged six weeks to 12 years and is open-year round Monday through Friday from 7:00 a.m. to 5:30 p.m., excluding University holidays and part of each semester break. Children may be enrolled as either part-time or full-time participants. Additionally, children aged 3-5 may be enrolled as morning preschool participants. Children aged 6-11 may participate in after-school or full-day summer enrichment programs.

WSU students who have children are strongly urged to contact the Children's Center as soon as they are admitted to WSU due to high demand for the center's services.

POLICIES AND REGULATIONS

Affirmative Action Office
 202 Somsen Hall (507) 457-2766
<http://www.winona.edu/affirmaction/main.asp>

The Affirmative Action Officer provides information and investigates complaints of discrimination or harassment based upon race, sex, color, creed, religion, age, national origin, marital status, disability, status with regard to public assistance, sexual orientation, or membership or activity in a local commission as defined by law. The Affirmative Action Officer also investigates concerns regarding sexual assault at WSU. These confidential services are available by appointment or on a walk-in basis. Call the Affirmative Action office for more information or to make an appointment.

Crime Awareness and Campus Security Act

WSU Security Services
 Sheehan Hall, (507) 457-5555
<http://www.winona.edu/security/securityact.asp>
 Email: security@winona.edu

Winona State University recognizes that providing the safest environment possible is an integral element of the University's educational mission and annually publishes a Campus Security Report that is available to everyone. This report provides statements of policy for a broad range of topics including safety, community relations, environmental safety, enforcement authority, Annual Fire Safety Compliance Report, missing persons, emergency notification and response, and a three-year statistical review of designated crimes on campus.

A printed copy of this report may be obtained (at no charge) from Winona State University Office of Security (Sheehan Hall, 264 W. Mark Street, Winona, MN 55987) or by calling (507) 457-5555. The report in its entirety can be found at this web address:
<http://www.winona.edu/security/files/A1 - WSU Security Report Final-1.pdf>

For students, faculty, and staff attending WSU-Rochester campus, the Campus Security Report for Rochester can be found at this web address:
[http://www.winona.edu/security/files/A1 - WSU \(RC\) Security Report Final.pdf](http://www.winona.edu/security/files/A1 - WSU (RC) Security Report Final.pdf)

Winona State University encourages all members of the University community to be fully aware of the campus safety issues and to take action to prevent and report illegal and inappropriate activities. Personal awareness and applying personal safety practices are the foundation of a safe community. The Campus Security Report is designed to inform and educate the campus community on the measures that can be taken and the services available to assist in maintaining a safe and secure learning environment. All members of the University community are encouraged to contact the Director of Security by email (dwalski@winona.edu) or by phone (507-457-5555) with any concerns and questions regarding campus security and related issues.

Student Conduct

Office for Student Life and Development
 130 Kryzsko Commons, (507) 457-5300
<http://www.winona.edu/sld>
 Email: studentlife@winona.edu

The WSU Student Conduct Policy and related policies, which express expectations concerning behavior and state the rights of students, are available online at www.winona.edu/sld (online Student Handbook) or in the Office for Student Life and Development. Students are responsible for being aware of and complying with all WSU student policies and regulations.

The purpose of the conduct system at WSU is (1) to provide an educational experience through which students learn to understand, accept, and promote attitudes and behavior conducive to responsible citizenship; (2) to provide a system by which students are held accountable for actions that violate University proscribed behaviors listed in the Student Conduct Policy; and (3) to protect the due process rights of students charged with violating these behaviors.

At the discretion of the University, students may be held accountable for behavior—both on and off campus—that constitutes a violation of the Student Conduct Policy or local, state, and federal laws. Note that the WSU Student Conduct Policy does not replace or reduce the requirements of civil or criminal laws. If assistance with a complaint or additional information is needed, contact the Office for Student Life and Development.

VETERANS ASSISTANCE

Veterans Affairs Office
 1st Floor Maxwell Hall (507) 457-5109

WSU is approved by the State Approving Agency for Veterans Training. Students should present their eligibility certificates to the Veterans Affairs Office when they enroll.

Policies and Procedures

1. A student's application for veterans' benefits can be submitted through the county Veterans Service Office or through WSU. Along with the application, students must submit a certified copy of their DD-214 form or a Notice of Basic Eligibility.
2. Students should submit both copies of their Certificate of Eligibility for WSU when they apply for admission.
3. Enrollment is certified only after students present their DD-214 forms to the Veterans Affairs Office (after they have been admitted to the University). Enrollment for full-time students is usually for the academic year. Summer sessions and/or workshops are separate enrollment periods. The date of students' enrollment is based on the school calendar, workshop dates, or contract periods. **Note:** A mixture of graduate and undergraduate credits is allowed only under special arrangements.
4. Students must report each change in academic load to the Veterans Affairs Office.
5. Payments of benefits: Allowances are paid on a monthly basis, conditional on students' satisfactory progress in an approved course and their conduct. Payments are released upon certification furnished by the school. Students must notify the Registrar's Office and the Veterans Affairs Office when they complete a course, drop a course, or have an interruption in their course of training.
6. Veterans with Dependents: The Veterans Administration (VA)

requires students to submit certified copies of marriage certificates, birth certificates, and/or adoption papers for their dependents before they can receive payments based on their marriage and dependents. They are paid a single rate until these documents are on file with the VA. The WSU Veterans Affairs Office and the county Veterans Services Officer can help expedite this procedure.

7. Re-enrollment: Students can re-enroll without a new Certificate of Eligibility. They must notify the WSU Veterans Affairs Office.
8. Academic Load: Full-time training requires 12 semester hours (S.H.) of undergraduate credit or 9 S.H. of graduate credit. Three-fourths time training requires 9 S.H. of undergraduate credit or 7-8 S.H. of graduate credit. Half-time training requires 6-8 S.H. undergraduate credit or 6 S.H. of graduate credit.
9. Tutorial assistance: This program provides tutors to help students overcome a deficiency in any subject required for the satisfactory pursuit of an educational objective. It is available to Vietnam-era veterans. Contact the WSU Veterans Affairs Office for detailed information.
10. Credit for military schools: Service schools and training are evaluated according to the recommendations of the American Council on Education's Guide to the Evaluation of Educational Experience in the Armed Services when students present an official AARTS or SMARTS transcript to the Office of Admissions.
11. Waiver of physical education activity requirements: This requirement is waived if students have been on active duty for more than one year.

FINANCIAL ASSISTANCE

Warrior Hub

222 Maxwell Hall (507) 457-5090

Application for financial assistance requires the completion of the Free Application for Federal Student Aid (FAFSA). To be considered for aid, a student must be enrolled or accepted as a graduate student in an eligible program for the purpose of obtaining a degree and must maintain good standing and meet satisfactory progress standards at the university. To qualify for student loans, graduate students must be enrolled on a half-time basis or more. Half-time enrollment requires a minimum of three graduate credits.

Loans

Federal Perkins Loan: The Federal Perkins Loan is a 5% interest loan awarded through the Financial Aid Office to students enrolled on at least a half-time basis who demonstrate exceptional need based on the FAFSA.

Repayment and interest does not begin until after the student ceases to be enrolled on a half-time basis. Cancellation may be available for teaching in certain areas or certain subjects, for service in a Head Start Program, full-time nursing or law enforcement, or other conditions per the terms of the promissory note the student signs at the time of disbursement.

Federal Subsidized Stafford Loan: This need based loan is available to students enrolled half-time or more and provides up to \$8500 per year for graduate study. The interest rate is variable capped at 8.25 percent with the federal government paying the interest while the student is in school and for a six-month grace period. Eligibility is determined by the Financial Aid Office based on the FAFSA and cost of attendance. Borrowing is done through a commercial lender.

Federal Unsubsidized Stafford Loan: Demonstrated financial need is not required for the Federal Unsubsidized Stafford Loan but a FAFSA must be filed before school certification can occur. The borrower is responsible for interest that occurs while he/she is in school. The interest rate is variable capped at 8.25 percent. Graduate students may borrow up to the cost of attendance at WSU minus any subsidized Federal Stafford or other aid received. Borrowing is done through a commercial lender.

Student Education Loan Fund (SELF): The Minnesota Higher Education Services Office provides loans of up to \$9000 per year for graduate students who are enrolled at least half time. Loan amounts are determined by the cost of attendance, other aid and student's prior and current student loan indebtedness. A student is eligible for SELF loans regardless of family income, but must have a creditworthy cosigner. Students make interest payments at a variable rate while they are in school. Students are required to file a FAFSA and have their application approved through the Financial Aid Office.

Short Term Loans: These loans are available to students for emergency expenses. For applications and more information, students should contact the financial Aid Office.

Employment

The Federal and State Work-Study Programs provide part-time employment to students who demonstrate financial need. Most employment is on campus, but students can work in off-campus nonprofit organizations or public agencies. Employment is limited to twenty hours per week while classes are in session. Institutional employment is available to students on a limited basis through various departments on campus. Students seeking this employment should contact campus departments. Graduate assistantships for teaching, research and staff assignments may also be available. Contact the graduate departments for possible openings.

ACADEMIC POLICIES

Sally Johnstone, Vice President for Academic Affairs
211 Somsen Hall (507) 457-5010
<http://www.winona.edu/academics>

The Office of the Vice President for Academic Affairs oversees all academic matters for the University, which includes maintaining the curriculum and making it available to students, assuring the quality of instruction, administering the academic policies and requirements of the University, managing enrollment, and maintaining a stimulating learning environment.

Policy Changes: Administrative and committee actions may change policies that affect students at any time. Students are responsible for complying with changes as they are reported either in the student newspaper (the Winonan) or in announcements posted in the Warrior Hub (Maxwell Hall) or on the University's website (www.winona.edu).

GRADUATE PROGRAMS

The colleges within the university that offer graduate programs are the College of Education, College of Liberal Arts and College of Nursing and Health Sciences. In addition to the Master of Science, Master of Arts, and Specialist degree, and Doctor of Nursing Practice degree, various advanced licensure programs are available. Each graduate student is responsible for

complying with the regulations for admission, registration, completion of candidacy/program forms, program requirements, graduation requirements, and all other deadlines and stipulations applying to graduate study. The University catalog in effect at the time of approval of the Application for Admission to Candidacy governs student program and degree requirements. Deadlines applying to graduate students are specified in the academic calendar.

Undergraduate Students in Graduate Courses

Undergraduate students who need twelve or fewer semester credits to complete baccalaureate degree requirements may request permission from the Director of Graduate Studies to take 500 level courses for graduate credit to complete a regular course load during the semester of graduation.

Undergraduate students may not enroll in courses at the 600 level or 700 level. These 500 level course credits will not apply toward undergraduate degree requirements, but will apply to graduate program requirements if within time limit regulations. Exceptions may be granted for special departmental programs.

Graduate Special Students (Non-degree seeking)

A student who has completed a baccalaureate degree from an accredited university and who wishes to enroll in graduate courses, but does not intend to pursue a graduate degree at Winona State University, may register as

a graduate special student. Prospective graduate special students must complete a Graduate Special application form to be admitted to the university. Admission as a graduate special student does not constitute admission to a graduate degree program.

A graduate special student who later wishes to enter a graduate degree program at Winona State must meet all requirements for admission to graduate study and complete an Application for Admission to Graduate Study and an application for the particular program in which they wish to major. A maximum of twelve (12) semester graduate credits earned as a graduate special student may be accepted into a degree program upon recommendation of the major department.

GRADUATE ASSISTANTSHIPS

Graduate assistantships are awarded to provide graduate students with additional study and experience in their field through interaction with faculty and staff. Graduate assistants may be assigned to instructional, laboratory, research, and/or other professional duties. A graduate assistant works under the direct supervision of a graduate faculty member or full-time professional employee with a Master's degree or equivalent experience and expertise in the area of the assignment.

Graduate assistantships are available to highly qualified graduate students. WSU Regulation 310 governs the requirements, responsibilities and hiring procedures for graduate assistants. In addition to a WSU contract, students must also sign the Condition of Employment for Graduate Assistants. Graduate assistants receive a stipend and tuition assistance. Applicants should submit applications for assistantships to the appropriate department chairperson/program director. Anyone who has been appointed to a graduate assistantship prior to the first day of classes shall be granted resident tuition status for the period of the appointment.

Further information regarding the program may be found at <http://www.winona.edu/graduatestudy/GradAssistGuide.html>.

The application form may be found at <http://www.winona.edu/graduatestudy/downloadsstu.html>.

TIME LIMITATION

All degree requirements including credits to be earned, transfer credits, final examinations, thesis, required research papers, and all other program requirements must be completed within the seven (7) years prior to the awarding of the degree, except for the Specialist degree in Educational Leadership, wherein the limitation is eight (8) years and the Doctor of Nursing Practice is five (5) years.

Under exceptional extenuating circumstances, a student may submit a petition through their advisor and to the Director of Graduate Studies requesting a one-year extension of the time limitation. Such a request is to contain all pertinent facts, justifying rationale, and a plan for degree completion.

COURSE CREDIT

Courses numbered 600 and above are for graduate credit only and no undergraduate may enroll in them. Courses for either graduate or undergraduate credit are 400/500 level, with the 400 level for undergraduate credit and the corresponding 500 number for graduate credit. Compare the graduate and undergraduate catalogs to determine these courses. The 500 level courses will not apply toward an undergraduate degree. Graduate students registered in the 500 numbered courses will be required to do additional work to meet course requirements. Graduate credit will not be given for courses at the 500 level to students who have already received credit for an equivalent undergraduate course.

Courses offered for a letter grade only will be listed as Grade Only in the specific course description. Courses offered Pass/No Credit only will be listed as P/NC in the course description. If no grading option is listed in the course description, the course may be taken for either a letter grade or a Pass/NC.

CREDIT LIMITATIONS AND OVERLOADS

Six (6) credits of enrollment per semester are required for full-time status for students receiving financial aid. No graduate student is permitted to enroll for more than twelve (12) credits per academic semester or six (6) credits during the summer session without approval from the appropriate area dean or Director of Graduate Studies. This regulation applies to any combination of courses, workshops, weekend seminars, institutes, and other special offerings.

TRANSFERS OF GRADUATE CREDITS -

The Graduate Council sets the general standard for the transfer of credit. A limited number of graduate course credits acquired at another accredited college or university may be included as part of a student's program of study, with approval of the student's advisor, the department chairperson/program director, and the director of the Graduate Studies. If credit is transferred, only the credit is transferred, not the grade. Transfer credits will be accepted only after they have been approved as part of the student's degree program on the Application for Admission to Candidacy Form.

Approval of credit is granted by the graduate program based on the specific program requirements described in the Graduate Catalog, as well as (1) the number of credits requested, (2) the appropriateness of credit for inclusion in the degree program, and (3) the currency of the credit. These criteria are described below. Any exceptions must be approved by the student's advisor and the Graduate Council. One (1) official copy of all transcripts must be sent to the Graduate Office, Maxwell 105, Winona State University, P.O. Box 5838, Winona, MN 55987.

Number of credits: Master's, Specialist, and Doctoral degree students are allowed up to ten (10) semester graduate credits of A, B, or Pass grades if earned from regionally accredited graduate institutions and recorded as a graduate course on the official transcript. If graduate credits are being transferred from other Minnesota State Universities (Bemidji, Mankato, Metropolitan, Moorhead, St. Cloud, and Southwest) and/or the University of Minnesota, WSU may accept up to 16 semester hours. Subject to university approval, consortium/cooperative agreements for special degree programs may develop transfer credit regulations that apply only to students in those programs.

Appropriateness of credit: Transfer credit must be approved by the program faculty as appropriate for inclusion as part of the student's degree requirements. Credit cannot be awarded for:

- (1) courses taken prior to completion of an undergraduate degree program,
- (2) courses that would not receive graduate credit if taken at WSU,
- (3) courses with a grade lower than B (3.00),
- (4) thesis or dissertation research credits received at another institution,
- (5) life experience,
- (6) credit by examination,
- (7) non-credit extension courses, workshops, and in-service Training credits,
- (8) correspondence courses,
- (9) thesis supervision.

Transfer credit from an accredited Online University may be included as part of the student's program with approval of the student's advisor, the department chairperson/program director, and the director of the Graduate Studies through the Application for Admission to Candidacy.

Currency of credit: Transfer credit must be taken within seven years of completion of the Master's degree and within ten years of completion of the Doctoral degree. Students wishing to apply course content after exceeding the time limit must demonstrate currency of knowledge in the field of study to which they are applying. Currency of knowledge must be formally evaluated by the student's advisor.

Appeal Process: Students who feel that their requests for transfer credit have been inappropriately denied may appeal as follows:

- (1) Denial by the student's advisor can be appealed to the department chairperson.
- (2) Denial by the department chairperson or program director can be appealed to the college dean.
- (3) Denial by the college dean can be appealed to the director of graduate studies who will submit it to the Graduate Council for a final decision.

Supplement to Candidacy/Program Form for Transfer of Graduate Credits

After the Application for Candidacy/Program has been completed, enrollment at another college or university with the expectation of credit transfer must be approved by the advisor, chairperson/program director of the student's major department, and the Director of Graduate Studies on a Supplement to Candidacy/Program form. Only grades of A, B, or Pass will be accepted in transfer and will not be used for computation of the required WSU grade point average.

Pass grades may be accepted in transfer and applied to a graduate program, but in no case may the credits exceed the limits set forth in the section entitled PASS/NO CREDIT courses.

GRADE POINT AVERAGE (GPA)

Academic warning letters will be sent to graduate students who earn a grade of C or lower in any one course, who at any point carried a grade of IP or I in any 3 or more graduate courses or whose cumulative grade point average is lower than 3.0. Students will be evaluated at the end of the following term to determine their continued status in the graduate program. Each semester hour of credit attempted receives honor points according to the following: each A credit = 4 honor points; each B credit = 3 honor points; each C credit = 2 honor points; each D credit = 1 honor point; each F credit = 0 honor points. The grade point average is computed by dividing the total number of honor points by the total number of credits attempted. Only those courses and credits taken at WSU will count for the computation of grade point averages. Although courses taken on a pass/no credit basis grant credit applying toward graduation, the credit does not affect the cumulative grade point average. An A = Excellent, B = Good, C = Average, D = Poor, F = Failure, P = Passing, NC = No Credit, W = Official Withdrawal, V = Audit (registration without credit or grade). In addition, temporary grades may be issued as follows: IP = In Progress, Z = No Grade Reported, see Instructor. No course will be counted if the grade is below C. These are minimum standards and the departments offering graduate programs may require higher standards.

IN PROGRESS (IP) GRADES (FORMERLY INCOMPLETE (I) GRADE)

An In Progress (IP) is permitted by the instructor for special cases when circumstances prevent the student from completing course requirements by the end of the semester, although the student is passing the course in all other respects.

All IP grades must be removed within one calendar year from the end of the semester in which an incomplete is incurred or the course grade becomes an F. All IP grades for course work must be removed before a graduate degree is granted.

AUDITED COURSES

The course audit procedure permits a student to attend classes but not receive credit. Courses pursued on an audit basis must be declared and processed prior to completing the student's registration. Regular tuition charges apply. Students may not use "audit" credits to satisfy graduation, certification, or licensure requirements.

PASS/NO CREDIT COURSES

Courses taken on a pass/no credit basis receive credit towards graduation. These credits do not affect the cumulative grade point average. Completion of such a course is entered P (pass) or NC (no credit) on the permanent record. Departments designate which courses may be taken on the pass/no credit basis. A student may be allowed to count nine (9) credits of P/NC regular coursework on the master's degree. Internships, workshops, clinicals or practicums, which are only offered on a P/NC basis, may also be applied toward the degree program, if approved as part of the Application for Candidacy/Program. The P/NC limit for the Specialist and Doctorate degree is 16 credits. Consult the graduate departments for any additional restrictions. A grade of "pass" means at least B quality work for graduate credit.

INDEPENDENT STUDY

Projects beyond the scope or range of regular graduate courses may be pursued on an independent study basis. Arrangement must be made with the instructor and be approved by the advisor, department chairperson, college dean and the Director of Graduate Studies. Application for independent study must be completed according to announced deadlines specified in the class schedules. A maximum of nine (9) credits of independent study (3 credits in one semester or summer session) may be counted toward the approved degree program. Any exceptions will be considered on an individual basis. Application forms may be obtained from the department office or the Warrior Hub.

ARRANGED CLASSES

A student who desires to enroll in a course that is listed in the WSU Catalog, but not offered during a specified term, must complete an Arranged Class Application Form. Application forms may be obtained from the department office or the Warrior Hub.

The application must be approved by the instructor of the arranged course, advisor, chairperson/program director of the student's major department, college dean, and the Director of Graduate Studies. Arranged courses may

only be pursued during those semesters when the course is not offered through the regular schedule. Application for arranged classes must be completed according to announced deadlines specified in the class schedules. Only two required core courses may be taken on an arranged basis following appropriate approvals, and a maximum of nine (9) credits (core and electives) may be counted toward the approved degree program. Any exceptions will be considered on an individual basis.

INTERNSHIPS/PRACTICUMS/CLINICALS

Internships/Practicums/Clinicals are available or required in many departments. The conditions and requirements are determined by the department supervising the experience. Applications, if necessary, must be completed according to announced deadlines specified in the class schedules. For descriptions and limitations, see departmental course descriptions. Application forms for internships may be obtained from the department office, or Warrior Hub.

DROP/ADD POLICY

In the event a student must drop and/or add a course after registration has been completed, the regulations published in the class schedule must be followed. For further information contact the Warrior Hub, Maxwell 210; Outreach and Continuing Education, Somsen 106; or the WSU Rochester Center (depending on how the course was offered).

COURSE AND UNIVERSITY WITHDRAWAL

If a student withdraws either from a class or from the University, he/she is required to contact the Warrior Hub, Outreach and Continuing Education, or Rochester Center to complete the appropriate forms. Withdrawals must be requested before the deadline date published in the class schedule. If a student processes the withdrawal by the deadline date he/she will receive a mark of withdrawal (W) on his/her transcript. If a student withdraws (W) from a course he/she is repeating, the original grade is included in the computation of the GPA. If a student drops a course or withdraws from the University without giving official notification to the Warrior Hub, Outreach and Continuing Education, or the Rochester Center, he/she will be given a grade of F. If a student withdraws from the University during any semester, he/she must discharge all business obligations and notify the Warrior Hub.

TRANSCRIPT REQUESTS

Transcripts are issued by the Warrior Hub only upon written request since student records are confidential in nature. Partial transcripts are not issued. Each transcript must include a student's complete record. As the university cannot certify credit earned at other institutions, copies of such transcripts will not be issued. All Winona State University transcript requests will be issued free of charge.

ACADEMIC AND BEHAVIORAL INTEGRITY

Academic and Behavioral Integrity is based on the premise that each student has the responsibility to:

- a. uphold the highest standards of academic and behavioral integrity in the students own work.
- b. refuse to tolerate violations of academic and behavioral integrity; and the University community requires that work produced by students in the course of their studies represents their personal efforts and requires that they properly acknowledge the intellectual contributions of others. Papers and other work in written or oral format prepared for classes should contain the student's own words and ideas unless the student identifies the ideas of others as being quoted, summarized or paraphrased. Such ideas must be duly cited by attributing all information that is not readily verifiable and not commonly understood in the discipline. To do otherwise is to plagiarize by using passages or ideas from others while claiming them as one's own. Behavioral integrity shall consist of demonstrating behaviors that are consistent with expected professional behaviors in the classroom. The primary responsibility for ensuring adherence to the principle of academic and behavioral integrity rests with students and faculty. Any infraction that comes to the attention of any person should be brought to the attention of the faculty member to whose course it pertains.

Violations of the principle of academic and behavioral integrity include, but are not limited to:

CHEATING: Intentionally using or attempting to use unauthorized materials, information, notes, study aids or other devices in

any academic exercise. This definition includes unauthorized communication of information during an academic exercise.

FABRICATION & FALSIFICATION: Intentional and unauthorized alteration or invention of any information or citation in an academic exercise. Falsification is a matter of altering information, while fabrication is a matter of inventing or counterfeiting information for use in an academic exercise or for academic gain.

MULTIPLE SUBMISSIONS: The submission of substantial portions of the same academic work (including oral reports), for credit more than once without authorization.

PLAGIARISM: Intentionally or knowingly presenting the work of another as one's own (i.e., without proper acknowledgment of the source). The sole exception to the requirement of acknowledging sources is when the ideas, information, etc. are common knowledge.

ABUSE OF ACADEMIC MATERIALS: Intentionally or knowingly destroying, stealing, or making inaccessible library or other academic resources material.

COMPLICITY IN ACADEMIC DISHONESTY: Intentionally or knowingly helping, or attempting to help another to commit an act of academic dishonesty.

VIOLATIONS OF STUDENT CONFIDENTIALITY: Continued violations after being advised of the violation. Possible faculty actions in a case of alleged academic and behavioral integrity misconduct include:

For events in which the behavior is determined to be isolated or the result of the student not understanding the specific situation, the student will be advised and/or referred to an appropriate academic resource for remediation or assistance.

For incidents where there is evidence that the student intentionally and knowingly violated the academic integrity policy, the faculty member will refer the charges to the college dean with a recommendation for one of the following: academic advisement and/or reprimand; a grade of F or reduction of grade on the specific piece of work; a grade of E or reduction of grade in the course; probation, suspension, or dismissal from the program. The final decision regarding action will be made by the department/program's graduate committee.

GRADUATE STUDENT APPEALS PROCESS (GENERAL)

Winona State University graduate students have the right to appeal academic decisions. An unfavorable ruling at one level can be appealed to the successive levels. Wherever the student enters the process, the remainder of the communication line must be completed. At each level, the student must write a letter of appeal outlining the conflict and what process has been followed up to that point. Below is the communication flow chart.

1. Student Advisor -

If the problem has not been solved to student satisfaction, appeal to the:

2. Department Chairperson -

If the problem has not been solved to student satisfaction, appeal to the:

3. Dean of the College -

If the problem has not been solved to student satisfaction, appeal to the:

4. Graduate Council -

If the problem has not been solved to student satisfaction, appeal to the:

5. Associate Vice President for Academic Affairs.

GRADUATION

Applications for graduation must be submitted at least one term prior to graduation. It is the sole responsibility of the student to ensure that all incompletes and program requirements are completed and submitted to the Office of Graduate Studies within ten (10) working days following the end of the semester of graduation. Late completion and submission of requirements will result in postponement of graduation to a later semester.

ADMISSION POLICIES

ADMISSION TO GRADUATE STATUS (INSTITUTIONAL ADMISSION)

1. The student must first meet admission standards as set by Winona State University. Application deadlines published in the catalog and class schedule must be followed in order to allow complete processing prior to registration.
2. Complete the appropriate application form for graduate special status or a degree and send to Graduate Office, Winona State University, P.O. Box 5838, Winona, MN 55987, along with a \$20 nonrefundable application fee made payable to Winona State University. The fee is waived for students who have previously been admitted to WSU as an undergraduate or graduate student.
3. Request one official transcript from each undergraduate and graduate college or university attended. All transcripts must be submitted directly by each institution to the Graduate Studies Office. Transcripts must show that the student has received a Bachelor's degree from an institution accredited by an appropriate national accrediting body, a regional accrediting agency, or by the reporting state agency of the state in which the college or university is located.
4. Coursework must begin within two (2) years after admission to a graduate degree program or the student must reapply, provide one copy of official transcripts, and pay the application fee.

ADMISSION TO A GRADUATE DEGREE PROGRAM (DEPARTMENT ADMISSION)

1. After admission to Graduate Status, completed applications from students who have a minimum, cumulative GPA of 2.5 on a four (4) point scale from their baccalaureate degree-granting institution will be forwarded to the appropriate department for admission review and recommendation for admission into a degree program. Check the departmental sections of the catalog to determine additional criteria such as a higher GPA, test scores, references, etc.
2. Students with a cumulative grade point average from their baccalaureate degree granting institution, which is lower than required by their graduate department, may be granted provisional status by the department/program. Students admitted on a provisional basis may be required to achieve at least a 3.00 GPA in their first 12 semester hours of 600 level course work before being permitted to apply for a graduate degree program. In addition, provisionally admitted students will be required to satisfy any course work deficiencies or additional admission criteria indicated by the department/program. Upon completion of the 12 semester hours and/or other requirements, the student's provisional admission will be reviewed for either termination or full admission. A registration hold will indicate when students have reached this level.
3. Following receipt of the departmental recommendation, the Office of Graduate Studies will notify the student of the action taken on the application.
4. Students unable to satisfy the departmental or above stated requirements will be allowed to continue to enroll in graduate level course work as a Graduate Special Student, not as a degree seeking student.

ADDING AN ADDITIONAL MAJOR OR DEGREE

Notify the Office of Graduate Studies for information on obtaining an additional major or degree:

Office of Graduate Studies, Maxwell 105, PO Box 5838, Winona MN 55987, (507) 457-5038, or email the Office Manager, Patricia Cichosz, at pcichosz@winona.edu.

TEST REQUIREMENTS

Students seeking the MS, MA, or EdS degrees may be required to take the Graduate Record Examination (GRE). Refer to the department policies for those situations. Information concerning these tests may be obtained from the Office of Graduate Studies.

PREREQUISITES

Refer to department policies for prerequisites required for admission to the specific graduate degree program.

INTERNATIONAL STUDENTS

All applicants from foreign countries must complete all WSU application procedures. Students will be admitted on the basis of certified credentials verifying completion of previous educational studies. Students must also submit a TOEFL score of at least 520 for undergraduates, and 577 for MS and MA graduate students. The university requires all non-native speakers of English to complete an on-campus English placement exam. This English test determines appropriate English placement for each individual student. In addition to official academic credentials and the TOEFL score, international students must present proof of financial responsibility for the full course of study. The university requires that all financial obligations including tuition, fees, room and board be paid at the time of registration. All new international students are automatically enrolled in the WSU Laptop Program at a cost of \$500 per semester.

The International Student Office emphasizes that the financial support statement is of extreme importance because very little financial aid exists for foreign students and immigration regulations prohibit employment outside the campus community. In view of the increasing cost of education and unstable conditions that arise around the world, Winona State is unable to assume responsibility for emergency situations that arise while a foreign student is in attendance at the university.

International students must apply well in advance of the time they wish to enroll. This is necessary due to the complexity of the admission process and allows for the proper planning of mandatory orientation programs for international students. International students interested in obtaining additional information about the university or interested in obtaining an application packet should direct their initial inquiries to the International Services Office, Kryzsko Commons, Winona State University, Winona, Minnesota 55987, (507) 457-5303.

APPLICATION FOR ADMISSION TO CANDIDACY (Program Planning form)

Before the student has completed 16 graduate semester credits with a grade point average of at least 3.0, the student, in consultation with the advisor, must submit a completed Application for Admission to Candidacy form to the Office of Graduate Studies. Graduate students who do not have at least a 3.0 GPA will not be allowed to make further progress in their program until the GPA is improved. To improve the GPA, students may retake courses for which they received a grade below B. However, below B grade courses may be retaken only once. Any courses taken beyond 16 credits will not apply to the degree program unless the Director of Graduate Studies approves a petition for waiver of the 16 credit requirement. The Application for Admission to Candidacy form must include a detailed proposed program of completed and needed coursework for degree completion, must indicate a thesis plan or other capstone writing experience, and must include any courses/credits accepted in transfer toward the degree program (one official copy of transcripts for transfer credit must be on file in the Graduate Office.) The form must be approved by the advisor, the chairperson/program director of the major department, and the Director of Graduate Studies. Any proposed changes to the approved candidacy/program must be requested in advance on the Supplement to the Application for Admission to Candidacy and be approved by the advisor, the department chairperson/program director and the Director of Graduate Studies.

RESEARCH AND WRITING REQUIREMENTS

All graduate degree programs must contain at least three (3) credits of research methodology, statistics, or the equivalent. All graduate degree programs must also contain a capstone writing experience; for example, thesis, professional paper, written report of a project, written review of a simulation, or portfolio. The selected experience must be indicated on the Application for Candidacy/Program Form and the final product(s) must be submitted to the Department responsible for maintaining the materials.

MS AND MA DEGREE REQUIREMENTS

In addition to the provisions listed above, the following requirements must be met by all Master of Science and Master of Arts students:

1. The student must meet all academic prerequisites and requirements.
2. The student must complete at least 30 semester hours (WSU and transfer credits) with a minimum grade point average of 3.0. No course

will be counted if the grade is below C. These are minimum standards; departments may require higher standards and additional credits. At least fifty percent of the credits required for the master's degree must be in courses numbered at the 600 level or above.

3. All degree candidates must pass a final comprehensive examination to be prepared by the major department. A Notification of Intent to Take the Comprehensive Exam form must be received in the Office of Graduate Studies by midterm day of the semester preceding the semester the exam will be taken. Students must have completed all coursework or be enrolled in their last course(s) to be eligible for the comprehensive examination. Students who choose the thesis option may take the examination before enrolling in the thesis course.
4. Each candidate in a thesis option must pass a final oral examination by a committee of three graduate faculty members at least two weeks before graduation. The advisor will be the chairperson of this committee. Candidates for the Master of Science degree without thesis may also be required by their major department to pass a final oral examination.
5. If the student has elected a plan that requires a thesis, the thesis must be completed and approved by the advisor no later than two weeks prior to graduation. Unbound copies of the thesis must be made available to the oral examination committee. After this committee has approved the

thesis, three bound copies must be submitted to the Office of Graduate Studies for distribution. A bindery signoff form must be received by the Graduate Studies Office before a degree can be granted.

6. Each candidate must submit to the Office of Graduate Studies a statement signed by the advisor or by the chairperson/program director of the major department certifying that the student has completed all departmental requirements for the master's degree at least ten days prior to the last day of the semester. The requirements listed above in 1 through 6 are general, all-university regulations. Students should consult their advisors to determine whether there are additional departmental requirements.

COLLEGE OF EDUCATION

101-110 Gildemeister Hall, (507) 457-5570

Hank Rubin, Dean

<http://www.winona.edu/education>

MISSION

The College of Education's mission is to provide continuing leadership and excellence in preparing classroom teachers, counselors, administrators, and other educational professionals. It accomplishes its mission by offering undergraduate and graduate programs to prepare professionals for public and private schools in the region.

The College strives to provide the knowledge, skills, professionalism, and practice necessary to enable students to perform with excellence as educational professionals and leaders in the service region, state, nation, and world. All programs within the College provide students with appropriate field experiences and internships in the region, throughout Minnesota, and other states. Further, the College provides opportunities for cross-cultural and international awareness and understanding through both general education and professional work.

Faculty members in the College are committed to the serious study of education and the promotion of professional standards to foster innovation in professional preparation.

ACCREDITATION AND PROFESSIONAL MEMBERSHIPS

WSU is accredited by the National Council for Accreditation of Teacher Education (NCATE). All teacher education and school counselor programs have been approved by the Minnesota Board of Teaching. In addition, several programs have received national recognition from the following professional organizations: Association for Childhood Education International, Council for Exceptional Children, National Association for the Education of Young Children, National Association of Schools of Music, National Council of Teachers of English, National Council of Teachers of Mathematics, and the National Council for the Social Studies.

WSU's Counselor Education programs are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) and NCATE. Programs in the Department of Education Leadership are also accredited by NCATE and accredited by the MN Board of School Administrators (BOSA) for K-12 Principal and Superintendent.

The College of Education is a member of the American Association of Colleges for Teacher Education (AACTE) and the Minnesota Association of Colleges for Teacher Education (MACTE).

GRADUATE PROGRAMS

All departments in the College of Education are involved in the delivery of quality graduate-level courses, certificate or licensure programs, or advanced degree programs, in addition to partnering with school districts and community agencies and providing professional service and consultation to the region. Important individual departmental information is presented here, but all departments and all graduate faculty are united as partners in the graduate enterprise of the College of Education.

COUNSELOR EDUCATION DEPARTMENT MISSION

The Counselor Education Department prepares socially conscious, culturally competent school and community counselors, leaders, and agents of change for

effective, respectful, responsible work with people reflecting the broad diversity of society.

COUNSELOR EDUCATION DEPARTMENT GOALS AND OBJECTIVES

Department Goals and Objectives are included in the Counselor Education Department Program Handbook.

ACCREDITATION

The Counselor Education Department Community Counseling and School Counseling programs are fully accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Initial accreditation was granted in October 2001, with full reaccreditation granted in December 2008. Winona State University is accredited through the Higher Learning Commission of the North Central Association of Colleges and Schools.

The Professional Education Unit of Winona State is accredited by the National Council for Accreditation of Teacher Education (NCATE), including the advanced program in School Counseling. The Minnesota Board of Teaching has approved the licensure program in School Counseling. Community Counseling graduates are eligible for professional counseling licensure in Minnesota through the Board of Behavioral Health and Therapy (BBHT).

ADMISSION REQUIREMENTS

The department's admissions process is designed to ensure that the most uniquely qualified applicants are identified, admitted, and retained. All student applications for admission must follow this sequence:

1. Application and admission to Graduate Study at WSU. Application deadline for Graduate Study is November 15. An undergraduate GPA of 2.5 is the basic standard for admission to Graduate Study at WSU, as well as for CE applicants. Applicants with undergraduate GPAs lower than 2.5 are eligible only for Graduate Special Student admission status (see Graduate Special Students below).
2. Completion of CE Department admissions application. All persons admitted to Graduate Study and all Graduate Special students are eligible to apply for admission into the CE Department. Deadline for completed written application materials is December 1 for the following Fall Semester. Note to Graduate Special students: successful completion of the CE admissions process only can result in your being provisionally admitted into the department because you are not yet eligible for admission to Graduate Study.
3. Notification to CE Department Administrative Assistant (507) 457-5335 of intent to enroll in CE 601, Foundations of Counseling, for the next academic semester. After completing all written application materials, selected students will be invited to attend a group screening process on the third Friday in January prior to following fall semester in which they plan to take 601. All written application materials and screening data will be assessed to select a cohort of no more than 45 persons (15 persons per 601 section) who will be admitted into the CE Department. Specific screening dates and all materials are available through the CE Department offices.
4. After admission to the CE Department, each student will be assigned an academic advisor. All persons initially are admitted into the Professional Development program, and the decision to admit into either the Community Counseling or School Counseling programs will be made by the CE faculty based on all of the student's work in the department up to and including CE 660, Counseling Theory and Practice.
5. CE 601, Foundations of Counseling, must be among the first 12 credits taken in a student's CE Department program, and must be taken in the Fall semester following successful screening.

NOTE: Persons interested in applying to the Counselor Education Department may contact the CE Department Administrative Assistant in Winona at (507) 457-5335 for the names, telephone numbers, and email addresses of department faculty to assist students with the application and admission process.

SUMMARY OF IMPORTANT ADMISSIONS/SCREENING DEADLINE DATES

Application for admission to Graduate Study deadline: November 15

Written application materials deadline: December 1.

Required on-campus screening date (for those selected): Third Friday in January (for following Fall semester)

GRADUATE SPECIAL STUDENTS

General information regarding Graduate Special Student status at Winona State University is found under the Academic Information section of the Winona State University Graduate Catalog. Persons interested in applying to the Counselor Education Department but who do not meet the requirements for admission as a Graduate Regular Student may be admitted to the university as a Graduate Special Student. Graduate Special Students may apply for provisional admission to the Counselor Education Department (see above under Admission Requirements).

PERMITTED COURSES FOR APPLICANTS AND GRADUATE SPECIAL STUDENTS

Students not yet admitted to the CE Department and all Graduate Special Students are permitted to enroll in only the following Counselor Education Department Courses or other related graduate level coursework outside of the department: CE 532 Stress Management, CE 534 Human Relations and Diversity, CE 611 Development over the Lifespan, CE 625 Career Development and Appraisal, and CE 633 Ethical Practice and Social Change.

APPLICATION FOR ADMISSION TO CANDIDACY Students complete the Application for Admission to Candidacy form in consultation with their academic advisor after they have been admitted to the Counselor Education Department, and while taking CE 601 Foundations of Counseling. The Application for Admission to Candidacy defines the specific program requirements that a student must meet to complete their degree from the Counselor Education Department.

ADVISING

After screening, all students are assigned an advisor from the Counselor Education Department faculty. The faculty advisor will work with the student throughout their program of study unless the student requests in writing a change of advisor.

FINANCIAL ASSISTANCE

Financial assistance for graduate students enrolled in the Counselor Education Department is available through graduate assistantships, federal and state grants, scholarships, loans, and campus employment. Students may contact the Winona State University Financial Aid Office for financial assistance information or their faculty advisor for scholarships specifically earmarked for Counselor Education students.

GRADUATION REQUIREMENTS

1. Students must complete all degree requirements for the major as stated on their Application for Admission to Candidacy.
2. Students in Community Counseling and School Counseling must complete a one hundred fifty (150) clock hour practicum experience.
3. Students in Community Counseling and School Counseling must complete a six hundred (600) clock hour internship experience.
4. Students must pass a final written comprehensive examination.
5. Students must complete a major capstone writing project in consultation with their advisor, to be presented as the major requirement for CE 695 Capstone Project.

6. Students may elect to complete a master's thesis, an extensive research project that must be approved by the candidate's advisor and an oral examination committee.

ENDORSEMENT STATEMENT

When considering students for practicum and/or internship, and program graduates for employment, licensure, and/or certification, the faculty of the Counselor Education Department will endorse candidates only for positions for which they qualify by education, training, and personal qualifications. Program and/or degree requirements as defined by the student's Application for Admission to Candidacy will serve as a guide to faculty when recommending students and graduates for specific positions in either a community counseling or school counseling setting. Both the Community Counseling and School Counseling Programs offered by the Winona State University Counselor Education Department meet all curriculum and clinical instruction requirements as defined by the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

DESCRIPTION OF PROGRAMS

COMMUNITY COUNSELING: This program prepares persons for careers as professional counselors in public and private community counseling settings (e.g., community mental health centers, social service agencies, correctional institutions, and medical and rehabilitation settings). Successful completion of the program leads to eligibility for counselor licensure in many states, including Minnesota and Wisconsin. The Community Counseling Program is CACREP accredited.

SCHOOL COUNSELING: The School Counseling program prepares program graduates for employment as K-12 school counselors. Successful completion of the program leads to recommendation for licensure as a school counselor in Minnesota or Wisconsin. If a student plans to become licensed in a state other than Minnesota or Wisconsin, they are advised to become familiar with the specific licensure requirements of the state in which they plan to practice. In 2000, the Counselor Education Department School Counseling Program was selected as a participating program in the Transforming School Counseling National Initiative Sponsored by the Education Trust in Washington, D.C. The School Counseling Program is CACREP accredited.

PROFESSIONAL DEVELOPMENT (NOT A COUNSELING DEGREE): The Professional Development program provides practicing professionals with a non-counseling master's degree. The program emphasizes personal and professional growth and development through a curriculum designed to enhance student understanding of self and others while promoting more effective work in the individual's respective field. Upon successful completion of the Professional Development degree, graduates may apply for admission to one of the counseling degree programs offered by the Winona State University Counselor Education Department.

ADDICTION COUNSELING (CERTIFICATE):

The Addiction Counseling Certificate course sequence is intended to prepare graduates for credentialing as a Licensed Alcohol and Drug Counselor (LADC) in Minnesota. Students admitted to the Counselor Education program may complete the certificate track in addition to their counseling MS degree, or students who have already completed their bachelor's degree may apply for the certificate program only without completing the MS requirements. If a student plans to become licensed in a state other than Minnesota, they are advised to become familiar with the specific licensure requirements of the state in which they plan to practice.

The Department of Education offers the Master of Science in Education through its Learning Communities (Master Teacher Program), and other Master of Science degrees are offered through other departments in the College of Education. Candidates for the MS in Education in the Learning Communities (Master Teacher Program) must have or be currently eligible for a Minnesota teacher's license. They may follow the program with or without a thesis. NOTE: Persons pursuing the MS Education program must first follow the admissions application procedure for the graduate school.

Admission criteria leading to the Master's in Education degree program, including alternate admission criteria:

1. Candidates with a composite undergraduate G.P.A. of 2.75 or better will be admitted without being required to take the Graduate Record Exam. Students applying for the Graduate Induction Program must meet the minimum 2.75 G.P.A. requirement.
2. If the composite G.P.A. is less than 2.75, the candidate must earn a combined GRE score of 900 or better on the verbal and quantitative tests, and an analytical writing score of 4.0 or better, in order to be admitted.
3. If a candidate does not meet criteria of either 1 or 2 above, and intends to apply to a graduate program in the education department, the candidate may enroll as a special graduate student. After completion of 69 semester credits, the student must reapply for admission through submission of a professional portfolio. (See graduate advisor for portfolio guidelines.) Reapplication for admission will be reviewed by the graduate committee of the Education Department. NOTE: Students who have completed a baccalaureate degree in a field of education and do not intend to apply credits toward a graduate degree in education at WSU may register for an unlimited number of credits with special graduate student status.

MASTER OF SCIENCE IN EDUCATION, LEARNING COMMUNITIES (MASTER TEACHER PROGRAM) (32 S.H.)

The Master Teacher Program for a Master of Science in Education consists of a cohort of 40-50 in-service educators who meet one weekend per month for 2 years (4 semesters). Their learning is assisted by University and Practitioner Facilitators and is focused on constructivist learning, cultural pluralism and diversity within a community of practitioners, propositions from the National Board of Professional Teaching Standards, and action research.

Admission to the WSU Learning Communities (Master Teacher Program) MS is the same as that of any graduate studies program at Winona State University. During the first term, the Master Teacher Program facilitators, in conjunction with the Winona State University Office of Graduate Studies, will provide assistance as you move through this process.

REQUIRED COURSES (14-16 S.H.)

- 600 Improvement of Instruction & Curriculum Planning (3)
- 618 Field Experience in Classroom Procedures (2-4)
- 623 Foundations of Education (3)
- 640 Current Education Issues (3)
- 675 Action Research: Assessment of Classroom Learning (3)

PRESCRIBED COURSES (9-11 S.H.)

- 690 Developing Culture for Learning (3)
- 691 Constructivist Learning Theory (3)
- 692 Creating Inclusive Classroom Environments (2)
- 696 Trends & Issues in Teaching in the Content Areas (1-3)

ADDITIONAL ELECTIVES (5-9 S.H.)

Additional Graduate Credits: the 5-9 elective credits enable admitted Master Teacher graduate students, in consultation with the Master Teacher Program Facilitators, to meet their individual professional development needs and those of the schools where they are employed. The elective credits may be from WSU or transfer credits and are not subject to Master Teacher Program fees. WSU electives taken during enrollment in the Master Teacher Program can be drawn from existing course offerings in the content areas or designed in consultation/collaboration with experts in the field.

Electives in the Master of Science in Education/Master Teacher Program do not constitute specialization or endorsement in a given content area.

MASTER OF SCIENCE IN EDUCATION, GRADUATE INDUCTION PROGRAM (In collaboration with ISD #535)

For details on this program, see the ROCHESTER EDUCATION DEPARTMENT section of this catalog, p. 23.

Winona State University and Independent School District 535 are joint participants in a Graduate Induction Program for grades K6 in the Rochester (Minnesota) Public Schools. The program is designed to assist inexperienced teachers with challenges unique to entry into the field of education. Resident teachers receiving a fellowship complete a Master of Science in Education through a sequence of course work and field components. Open annually to selected inexperienced, licensed elementary teachers. Graduate Residents are classified as Minnesota residents for the purpose of tuition rate.

POST-BACCALAUREATE SECONDARY TEACHER PREPARATION COLLABORATIVE (30 S.H.)

For details on this program, see the ROCHESTER EDUCATION DEPARTMENT section of this catalog, p. 23.

Winona State University and Public School Districts in Southeastern Minnesota are partners in a Teacher Preparation Collaborative designed to allow individuals with a bachelor's degree in an appropriate content area to complete coursework enabling them to become licensed to teach in a middle school or high school setting in Minnesota. This alternative pathway to licensure requires intensive coursework and field experience during the summer at the Rochester campus followed by a yearlong internship under the supervision of a classroom teacher in a middle school or high school. An optional Master's of Science in Education degree that may be obtained with an additional 17 credits.

TRAINING AND DEVELOPMENT CERTIFICATE PROGRAM (15 S.H.)

For details on this program, see the BUSINESS EDUCATION section of this catalog, p. 16.

The training and development field is a growing industry with exceptional employment opportunities. To help meet the increasing demand for training professionals, the Business Education faculty members have developed the Training and Development Certificate as a professional credential for persons seeking to change careers, upgrade skills or enter the human resources field.

MISSION OF THE DEPARTMENT OF EDUCATION LEADERSHIP

The mission of the Department of Education Leadership is to prepare professionals to enter leadership and administration roles in a variety of organizational settings and positions. To accomplish that, it is essential to ensure that all students acquire the professional dispositions, knowledge, and skills essential for quality professional practice.

DEPARTMENT OVERVIEW

The Department of Education Leadership offers two degrees (the Master's of Science, MS, and the Educational Specialist, EdS) and licensure in two areas: the K-12 Principalship and the Superintendency. Within the MS we have five specializations students can choose from. Within the EdS we have two specializations that match up with licensure: K-12 Principalship and General School Leadership - the Superintendency. License requires 30 credits beyond the MS with specific course requirements - but does not require the EdS degree. A simple explanation is that the degree requires the student to produce a field study (a research product) and the six credits related to it; licensure does not require the field study so course work is substituted. For more details contact the department.

ADMISSION TO THE DEPARTMENT OF EDUCATION LEADERSHIP

Applicants wishing to be accepted as graduate students in the Department of Education Leadership must first make application through the Office of Graduate Study. The Department of Education Leadership Department is responsible for making the final decision on admittance to the degree program. The department may require a personal interview and/or a qualifying examination. All application forms can be downloaded from either of the following websites: www.winona.edu/educationalleadership/ or www.winona.edu/graduatestudy Prospective graduate students must meet the following requirements to be considered for admission to graduate study in Education Leadership.

1. For the Master's degree: A G.P.A. of 2.50 on a 4.00 scale for all Bachelor's degree work. If the G.P.A. is less than 2.50, a personal interview and/or qualifying exam will be required at the Department's discretion.
2. For Specialist degree: A G.P.A. of 3.25 on a 4 point scale for all Master's degree work. If the G.P.A. is less than 3.25, a personal interview and/or qualifying exam will be required at the Department's discretion. Although the Master's degree is recommended, some individuals may wish to enter the Specialist degree program with only a Bachelor's degree. For such individuals, an undergraduate G.P.A. of 3.25 is required; if less than 3.25 a personal interview and/or qualifying exam will be required at the Department's discretion.
3. Written Statement: First-time applicants to either the MS or EdS degree with a concentration in Teacher Leadership, K-12 Principalship, or General School Leadership (The Superintendency) must submit a two (2) to five (5) page typewritten statement explaining their:
 - a. vision of the purpose and role of K-12 education, and
 - b. personal interest, aptitude and experience in leadership.

ITV / WEB-BASED COURSE OFFERINGS

The Department of Education Leadership is committed to diversity in pedagogy and course delivery methods. Some elective courses are delivered on-line with no face-to-face class meetings. Most courses are web assisted or supported in the form of on-line syllabi, supplemental reading links, assignments, and discussion forums. Check with the course instructor for details. All courses are offered at two sites through ITV (Winona and Rochester campuses). Additional remote ITV access sites are possible and must be approved by the instructor at least two weeks before the first class session.

DEGREES

MASTER OF SCIENCE DEGREE (MS) in EDUCATION LEADERSHIP (33 S.H.)

The MS degree provides a course of study that prepares the student for the role of leader in a variety of organizations. Eleven courses, or 33 graduate credits, are needed to complete the degree. A core of five Education Leadership courses is required of all degree candidates; a variety of options are permitted for the remaining six courses (18 credits). The options are packaged as specializations. The five specializations available are:

1. **General** - for students wishing to develop their own program of study with leadership aspirations in such areas as technical or community colleges, higher education, nonprofit organizations, or for personal development.

2. **Teacher Leadership** - for individuals who wish to develop competency in non-licensure roles such as department chair, curriculum committee chair, lead teacher, teacher mentor, special project leader, administrative assistant, or administrator in other educational settings. This is also an appropriate path for students planning to continue on for a school administrator's license.
3. **K-12 Principalship** - this path may assist in getting a K-12 Principal Endorsement in other states (contact your advisor).
4. **OE/ABL** - Outdoor Education/Adventure Based Leadership - in cooperation with the Recreation, Tourism and Therapeutic Recreation (RTTR) Department, their graduate certificate in Outdoor Education/Adventure Based Leadership can be combined with the five core courses in Education Leadership for the Master's Degree.
5. **PESS** - Physical Education and Sport Science - in cooperation with the Physical Education and Sport Science (PESS) Department, their graduate certificate in Sport Management can be combined with the five core

courses in Education Leadership for the Master's Degree. This path is taken by students looking for collegiate coaching positions and the high school athletic directors.

ELECTIVE COURSES (VARIABLE CREDITS) Taken as necessary to meet the needs and interests of students, and minimum credit requirements for the degree.

CAPSTONE WRITING REQUIREMENTS

Candidates must write a significant research paper or master's thesis to show proficiency in research and writing at the graduate level. The topic and proposal for this paper must be approved by the faculty advisor. Guides for form and style are available from the Department of Education Leadership.

Non-Thesis Option – student completes EL 670 – Research and Writing and writes the paper in cooperation with their advisor.

Thesis Option – student completes EL 670 – Research and Writing, takes EL 699 – Master's Thesis, writes the paper in cooperation with their advisor and defends their research to a faculty panel.

EXAMINATIONS

Each candidate must pass a written comprehensive examination on required course work.

EDUCATIONAL SPECIALIST DEGREE (EdS) in EDUCATION LEADERSHIP (30 S.H.)

The Educational Specialist degree in Education Leadership is designed for individuals who wish to achieve proficiency beyond the Master's degree level in the K-12 principalship, the superintendency, or other leadership roles. The degree requirements include the completion of a field study involving experience with formal research and writing. Completion of the EdS degree (or equivalent of MS plus 30 credits) also meets initial licensure requirements as K-12 Principal or Superintendent (district level administrator) in Minnesota, Wisconsin and Iowa. Licensure without the EdS degree requires that 6 credits be earned in lieu of the completing the field study (EL 789 and EL 799). This degree can also be used by individuals who wish to pursue an advanced graduate degree for greater competency in non-licensure roles such as department chair, curriculum committee chair, lead teacher, teacher mentor, special project leader, administrative assistant, or positions related to policy studies and research in public agencies. A minimum G.P.A. of 3.0 is required to receive the degree. Only grades earned at Winona State University will be counted in determining the grade point average.

ADMINISTRATIVE LICENSURE REQUIREMENTS:

The Education Leadership Program of study can be used to meet the requirements for licensure for K-12 Principal and Superintendent in Minnesota, Wisconsin and Iowa. Licensure can be earned before completing EdS degree requirements. Our program of study complies with all of the Minnesota Board of School Administrators (BOSA) requirements for licensing K-12 Principals and Superintendents (MR3512) and is accessible to the public. Initial licensure requires that you:

- apply for admission into the EdS degree program (actually earning the degree is optional)
- complete a minimum of 30 credits beyond the MS
- have completed three years of teaching experience at the elementary or secondary level while holding teaching licenses valid for the position or positions in which the experience was gained
- complete six semester credits of field experience (practicum or internship) as an administrative intern to an appropriately licensed educational administrator
- demonstrate knowledge of administrative competencies (Minnesota only) to the satisfaction of a joint faculty/administrator panel. The field experience may be waived or reduced for persons who have gained licensure in one administrative area and who have had three years of experience under that administrative license. Educational requirements for licensure in other states for administrative positions may be satisfied by specific program modifications. Contact the department for state licensure requirements.

EL 781 Internship (3) (student is employed in a leadership position) The practicum or internship is a capstone field experience. Individuals seeking K-12 administrative licensure will serve in the capacity of an administrative aide or intern. As a guideline for when to register for a practicum or internship, it is suggested that a minimum of 75% of program credits be completed. For individuals seeking careers in other settings, a practicum or internship can be arranged specific to career aspirations or waived. Students planning to register should go to the department web site (www.winona.edu/educationalleadership) and click on Downloads (Forms and Documents) to download the appropriate form. The Practicum or Internship Agreement

Form should be completed with a cooperating supervisor and returned to the department before or during the first week of each semester.

EXAMINATIONS

To be awarded the Educational Specialist Degree (EdS), the candidate is required to pass an oral defense related to their field study.

ELECTIVE COURSES (VARIABLE)

Taken as necessary to meet degree and/or licensure requirements.

WRITING REQUIREMENT (EdS Field Study)

The writing seminar (EL789) prepares the student for the task of writing the field study. The class is designed to guide the student in writing the research proposal, annotated bibliography and rough draft of their literature review. Completing the field study is done in cooperation with your advisor (by taking EL 799 Specialist Degree Thesis/Field Study). To finish the degree program, candidates must submit three copies of an approved field study to the Office of Graduate Studies. A guide for the completion of the field study is available from the department office.

The Educational Foundations, Research, and Technology (EFRT) Department offers graduate courses in the psychological, social, and philosophical foundations of education. These courses make up the professional core of many education programs in the college of education. Through these courses, we help students understand the role and purpose of public education in a democratic society, contemporary theories of human learning and development and their implications for classroom instruction, the construction and interpretation of teacher-generated and standardized assessments, the contexts from which students come, in which they learn, and to which they return, and to become critical consumers of educational research.

In addition, EFRT offers graduate courses in the effective use of technology in classroom instruction. These courses explore the impact of technology on human learning and behavior, its ability to expand students' access to information, reduce the cognitive requirements of classroom tasks, and demonstrate students' understanding through various media.

The Rochester Education Department offers two distinct graduate program options leading to the Master of Science in Education or to Teacher Licensure. Candidates who elect the MS in Education must have or be currently eligible for a Minnesota teacher's license. NOTE: Persons pursuing admission to the MS Education programs must follow the application procedures for admission to graduate study.

Admission criteria leading to the Master's in Education degree program, including alternate admission criteria:

1. Candidates with a composite undergraduate G.P.A. of 2.75 or better will be admitted without being required to take the Graduate Record Exam. Students applying for the Graduate Induction Program must meet the minimum 2.75 G.P.A. requirement.
2. If the composite G.P.A. is less than 2.75, the candidate must earn a combined GRE score of 900 or better on the verbal and quantitative tests, and an analytical writing score of 4.0 or better, in order to be admitted.
3. If a candidate does not meet criteria of either 1 or 2 above, and intends to apply to a graduate program in the education department, the candidate may enroll as a special graduate student. After completion of 69 semester credits, the student must reapply for admission through submission of a professional portfolio. (See graduate advisor for portfolio guidelines.) Reapplication for admission will be reviewed by the graduate committee of the Education Department. NOTE: Students who have completed a baccalaureate degree in a field of education and do not intend to apply credits toward a graduate degree in education at WSU may register for an unlimited number of credits with special graduate student status.

MASTER OF SCIENCE IN EDUCATION, GRADUATE INDUCTION PROGRAM (GIP) (In collaboration with ISD #535)

Winona State University and Independent School District 535 are joint participants in a Graduate Induction Program for grades K6 in the Rochester (Minnesota) Public Schools. The program is designed to assist inexperienced teachers with challenges unique to entry into the field of education. Resident teachers receiving a fellowship complete a Master of Science in Education through a sequence of course work and field components. Open annually to selected, inexperienced, licensed elementary teachers. Graduate Residents are classified as Minnesota residents for the purpose of tuition rate.

POST-BACCALAUREATE SECONDARY TEACHER PREPARATION COLLABORATIVE (TPC) (30 S.H.)

Winona State University and Public School Districts in Southeastern Minnesota are partners in a Teacher Preparation Collaborative designed to allow individuals with a bachelor's degree in an appropriate content area to complete coursework enabling them to become licensed to teach in a middle school or high school setting in Minnesota. This alternative pathway to licensure requires intensive coursework and field experience during the summer at the Rochester campus followed by a yearlong internship under the supervision of a classroom teacher in a middle school or high school. An optional Master's of Science in Education degree may be obtained with an additional 17 credits.

Individuals with the appropriate academic content preparation may complete licensure requirements:

- Business Education (grades 5-12)
- Chemistry (grades 9-12)*
- Communication Arts and Literature (grades 5-12)
- Earth Science (grades 9-12)*
- Life Science (grades 9-12)*
- Mathematics (grades 5-12)
- Physics (grades 9-12)*
- Social Science (grades 5-12)
- * Sciences specialty (grades 5-8)

ADMISSION REQUIREMENTS FOR INTERNS IN THE TEACHER PREPARATION COLLABORATIVE

Candidates for this program must:

- Hold a Bachelor's Degree in appropriate field from a regionally accredited institution
 - Have an overall GPA of 2.75 along with a GPA of 3.0 in major for licensure area*
 - Provide evidence of successful completion of the Praxis I/PPST
 - Provide evidence of successful completion of the appropriate Praxis II content test*
 - Complete application materials
 - Participate in an interview and selection process by WSU/District Committee
- *Candidates who are unable to meet these requirements have the option to meet with a WSU academic advisor to develop a plan for remediation.

After selection, candidates must:

- Sign an agreement indicating willingness to complete WSU summer coursework prior to a yearlong full time internship in a public middle school or high school.
- Be recommended to the Board of Teaching for a Limited Intern License
- Agree to take Principles of Learning and Teaching (PLT) as required for licensure at the end of the yearlong practicum
- Complete portfolios during the yearlong practicum that demonstrate competence in the content field for licensure and the Minnesota Standards of Effective Practice

Total credits required for Master's option = 17 credits

Total credits for combined licensure and master's option = 47 graduate credits

MASTER OF SCIENCE LEARNING COMMUNITIES (MASTER TEACHER PROGRAM) (32 S.H.)

For details on this program, see the EDUCATION section of this catalog, p. 19.

The Master Teacher Program for a Master of Science in Education consists of a cohort of 40-50 in-service educators who meet one weekend per month for 2 years (4 semesters). Their learning is assisted by University and Practitioner Facilitators and is focused on constructivist learning, cultural pluralism and diversity within a community of practitioners, propositions from the National Board of Professional Teaching Standards, and action research.

DEGREES OFFERED

Master of Science degrees in Special Education with options in 1) Learning Disabilities, 2) Developmental Disabilities, or 3) Early Childhood Special Education.

SPECIAL EDUCATION DEPARTMENT MISSION

The mission of the Special Education Department is to improve the world through quality teacher preparation for P-12 students with disabilities. The department prepares professionals to work with P-12 students with developmental or learning disabilities or early childhood special needs. Procedures include both classroom and clinical work. Students completing a licensure program or degree are qualified to serve students in a variety of educational settings.

Learning Disabilities (Winona campus)

Special Education Early Childhood (Rochester campus)

PATHWAYS AVAILABLE

A graduate student may follow any of three options:

Masters degree candidate in Special Education.

Graduate Special Student for licensure in specific program (Master's Degree requires additional coursework, comprehensive exam, and professional paper.)

Post-Baccalaureate Undergraduate candidate for licensure in specific program(s). This option is for graduates of four-year institutions who wish to continue preparation as undergraduate students and obtain additional licensure. This is not a graduate option and does not lead to a graduate degree. See undergraduate catalog.

Graduate applications are available on the WSU website <http://www.winona.edu/graduatestudy>.

SPECIAL EDUCATION (SPED)

SPED 500/400 Education of Exceptional Children/Youth - 3 S.H.

An overview of information to assist human service professionals in understanding the educational, vocational and other transitional needs of individuals in preschool through post-school who are speech impaired, learning disabled, emotionally disturbed, behaviorally disordered, deaf, blind,

mentally disabled, physically disabled, health impaired or gifted. IDEA, ADA and SEC 504 as well as parent participation are stressed. Offered twice yearly and summer. Grade only.

SPED 505/405 Student Management Systems - 3 S.H.

A study of management systems used in modern preschool through high school education settings with emphasis upon preventive, proactive techniques. Both regulated and unregulated management systems for regular education and special education students are taught. Offered twice yearly. Grade only.

SPED 510/410 Introduction to Assessment/Methods - 3 S.H.

An introduction to the basic components of Special Education assessment, curriculum, instruction and IEP development. Standardized and informal assessment procedures and their relationship to direct instruction are emphasized. Offered twice yearly. Prerequisites: SPED 500, 505, EDUC 304 or equivalent, EDUC 311 or equivalent; methods courses in math and reading recommended. Concurrent enrollment in SPED 631. Departmental permission to enroll. Grade only.

SPED 514/414 Multisensory/Comprehensive Language Arts Instruction I - 5 S.H.

The first of a two course sequence (SPED 514/515) in literacy methods. This first course examines the integration of reading, writing, listening, and speaking competencies in a unified literacy curriculum for learners from kindergarten through grade 12. Instructional emphasis is placed upon learning the sound/symbols associations for all levels of written language including the multisensory essential teaching techniques in literacy instruction based on the original work of Orton and Gillingham. Instruction encompasses linguistic rules and the structure of English from elementary to the highest levels of vocabulary, and matching appropriate instructional strategies with the present knowledge of learners and their language learning capabilities. A required supervised practicum is integral to the course. WSU students enrolled in this course must demonstrate mastery of the skills learned by teaching students with reading difficulties under supervised conditions. This two-course sequence meets the Minnesota Board of Teaching reading competency requirements. Grade only.

SPED 515/415 Multisensory/Comprehensive Language Arts Instruction II - 5 S.H.

The second of a two-course sequence (SPED 514/515) in literacy methods extends the examination of reading, writing, listening, speaking, and viewing competencies into all areas of language arts. The focus will be on applying multisensory teaching techniques based on the original work of Orton and Gillingham to all the areas needed for literacy competencies: word decoding and encoding, comprehension skills, written expression skills, vocabulary development, and knowledgeable use of grammar. This will also include assessment of an individual's specific instructional needs and ways to adapt instruction of essential concepts to fit those needs at all levels of literacy required by learners from kindergarten through high school. A required supervised practicum is integral to the course. WSU students enrolled in this course must demonstrate mastery of the skills learned by teaching students with reading difficulties under supervised conditions. This two-course sequence meets the Minnesota Board of Teaching reading competency requirements. Prerequisite: SPED 514. Grade only.

SPED 520/420 Special Education Administrative Procedures - 3 S.H.

An overview of special education delivery models including finances, legislation, philosophic considerations, least restrictive approaches, parent involvement and due process safeguards. Local, state and federal rules and regulations are studied as are federal legislation including IDEA, ADA, and Section 504. Offered twice yearly and summer. Prerequisite or co-requisite: SPED 500. Grade only.

SPED 525/425 Inclusion in Regular Classrooms - 3 S.H.

Procedures for modification of the regular classroom curriculum and instruction to meet the individual needs of students with disabilities. Special attention to professional collaboration with regular educators. Offered yearly. Prerequisites: SPED 500, 505, 510, 520, 631. Required of students who do not have a teaching background. Other requirements apply. Grade only.

SPED 530/430 Characteristics of Students with Disabilities - 3 S.H.

This course is designed to provide the student with an understanding of the characteristics of students who are developmentally disabled, learning disabled, or emotionally/behaviorally disordered. Implications for planning instruction and issues related to field of Special Education are identified. Offered twice yearly. Grade only.

SPED 532/432 Assessment/Methods for Moderate to Severe Developmental Disabilities - 3 S.H.

This course covers assessment, planning, program design and implementation, appropriate instruction, and case management for K-12 students with moderate to severe developmental disabilities. Emphasis is on

practical application, classroom management, IEP development, material selection, medical considerations, and assistive technology. Whenever possible, this class meets in a public school classroom. Prerequisites: SPED 500, 505, 510, 511, 530, and Red Cross CPR certificate. Class is offered once a year. Grade only.

SPED 533/433 Practicum DD- Moderate to Severe Developmental Disabilities - 3 S.H.

This field experience covers appropriate instruction and case management for individuals with moderate to severe developmental disabilities. Students find school or community placements, such as extended school year programs, summer camps, respite care, and group homes, but must have approval and enroll before beginning practicum. Working or volunteering with a designated supervisor, practicum students complete a minimum of 45 contact hours. A portfolio and letter of verification is required. Offered both semesters and summers. Prerequisite: Sophomore status. P/NC only.

SPED 540/440 Assessment/Methods for Students with Developmental Disabilities - 3 S.H.

Knowledge and skills for professional entry-level assessment and program development/adaptation for students with developmental disabilities including transition and paraprofessional supervision. Offered yearly. Prerequisites: SPED 631; concurrent enrollment in SPED 655 (Internship DD); can also be taken before SPED 655. Departmental permission to enroll. Grade only.

SPED 545/445 Assessment/Methods for Students with Learning Disabilities - 3 S.H.

Advanced skills and understanding of academic, processing and behavioral assessments, curriculum and instruction for planning the least restrictive educational programs for students with learning disabilities. Offered twice yearly. Prerequisites: SPED 631; concurrent enrollment in SPED 655 (Internship LD); can also be taken before SPED 655. Departmental permission to enroll. Grade only.

SPED 550/450 Early Childhood Special Education Foundations - 2 S.H.

This course is designed for teacher candidates of special education: early childhood. The course will focus on the central concepts, tools of inquiry, and history and context of developmental delays and disabilities and medical conditions as a foundation on which to base practice. Offered one semester each year at WSU-Rochester. Prerequisites: SPED 500 and 505. Grade only.

SPED 551/451 Early Childhood Special Education Assessment, Planning, & Placement - 4 S.H.

This course is designed for teacher candidates of special education: early childhood. The course will focus on understanding referral, assessment, planning, and placement practices specific to teaching children from birth through age six who exhibit a broad range of developmental delays or disabilities or medical complications. Offered one semester each year at WSU-Rochester. Prerequisites: SPED 500 and 505. Grade only.

SPED 552/452 Early Childhood Special Education Instructional Design & Implementation - 4 S.H.

This course is designed for teacher candidates of special education: early childhood. The course will focus on understanding how to use individual family services plans and individual education program plans to design and implement developmentally appropriate instruction for young children with developmental delays or disabilities or medical conditions. Offered one semester each year at WSU-Rochester. Prerequisites: SPED 500 and 505. Grade only.

553/453 Early Childhood Special Education Collaboration - 2 S.H.

This course is designed for teacher candidates of special education: early childhood. The course will focus on understanding communication and interaction with students, families, other teachers and the community to support student learning and well-being. MISSION

The mission of the College of Liberal Arts is to offer degree programs in the arts, humanities and social sciences, as well as specialized professional and occupational areas. The college also seeks to provide a comprehensive base of liberal studies as the foundation of all degrees.

These two facets of the mission translate into two major responsibilities of the faculty: 1) To provide a broad array of quality programs in the liberal arts and related professional fields; 2) To provide the majority of the general education curriculum to all WSU students.

The specific missions of the College of Liberal Arts are as follows:

1. Develop a depth of knowledge in a primary discipline.
2. Develop breadth through knowledge and appreciation of the arts, humanities, and social sciences beyond one's primary discipline.
3. Provide an intellectual, social and cultural atmosphere for the development of self-education and lifelong learning.
4. Make individuals aware of the rights and responsibilities they have to themselves and to society.
5. Prepare individuals to meet the career challenges of a rapidly changing society.
6. Contribute to the development of basic and applied knowledge in the fields of the liberal arts.

CAREER OPPORTUNITIES

The opportunities for career education within the College of Liberal Arts are many and varied. Important in career planning is the fact that a liberal arts education provides the student with career skills that are useful in many jobs such as business, law, and medicine. These skills have general applicability and they will provide considerable vocational choice and career flexibility.

FACULTY

Over eighty percent of the liberal arts faculty have terminal degrees in their fields from prominent universities. Many are widely known for their scholarly and creative efforts as well as for their excellence as teachers.

FACILITIES

The majority of the liberal arts faculty offices and facilities are located in Minné Hall and in the Performing Arts Center. The Art Department is located in Watkins Hall, the Mass Communication Department and the Psychology Department are in Phelps Hall.

MA English - Literature & Language

MA English - TESOL: Teaching English to Speakers of Other Languages

MASTER OF SCIENCE IN ENGLISH 30 S.H. (includes studies in education)

ADMISSION TO MA AND MS PROGRAMS:

Prerequisites and Criteria for Admission to MA and MS Programs:

Undergraduate preparation:

For MA Literature & Language and MS in English programs BA or BS in English or a closely related field of study.

For MA TESOL BA or BS in English, Applied Linguistics, TESOL, or a closely related field of study.

Applicants must have an undergraduate degree completed by the time of graduate enrollment, and the undergraduate degree should correlate to the course of study that the applicant wishes to pursue at the graduate level. In some cases, students accepted into the English Graduate Program may be required to take equivalency courses in certain subjects not covered by their undergraduate coursework. Strong application materials, as well as a minimum 3.00 GPA overall, figured on a basis of 4.0, and a minimum 3.25 GPA in undergraduate English courses.

International student transcripts must be provided in English and reflect strong academic performance. Admission criterion for international students is a TOEFL score of 600 (paper-based test) / 250 (computer-based test) or equivalent on the internet-based test.

Application Process:

Annual receipt deadline of all application materials is March 1. All application forms can be downloaded from the WSU Graduate Studies website, www.winona.edu/graduatestudy. The Application for Admission, Immunization Form, and official academic transcripts should be sent to:

WSU Graduate Studies Office, Maxwell 105

P.O. Box 5838

Winona State University

Winona, MN 55987-5838

International applicants must provide the following additional admissions

materials:

1. Application for admission as an international student to the International Student Services office: Forms are available on the WSU International Student Services website: www.winona.edu/internationaloffice.
2. Official TOEFL Score: An official TOEFL score should be sent to Chairperson Ruth Forsythe, English Department, 3rd Floor, Minné Hall, Winona State University, Winona, MN 55987.

All applicants must, in addition, send a statement of purpose, a writing sample, and three letters of recommendation to the Director of Graduate Studies in English (3rd Floor, Minné Hall, Winona State University, Winona, MN 55987) by the March 1 receipt deadline.

A statement of purpose: A one to two-page essay addressing topics such as why the applicant would like to pursue graduate studies in English, why the applicant believes he or she will succeed in conducting advanced work in this field, and how the applicant envisions the shape that his or her studies and endeavors will take within our program.

A writing sample: Treating a subject related to literature or language study, a substantial analytical paper at least five pages, with multiple sources written for an upper-level English, linguistics, or related course. It must include the grades and comments of the professor, whose name and phone number must be indicated. If the applicant is interested in pursuing creative writing, he or she may also include a short sample of his or her work in this area.

Three letters of recommendation from undergraduate professors (or, if applicable, graduate professors or teaching supervisors): These letters should consider, among other relevant matters, the applicant's academic performance and promise in the field of literature, language studies, and/or TESOL. Applicants for admission who are also applying for a teaching assistantship should have each recommender add a section about how well the applicant is likely to handle the responsibilities and challenges associated with tutoring and teaching.

GRADUATE ASSISTANTSHIPS:

Each year the Department of English offers a number of graduate assistantships that involve teaching, tutoring, and related work for a total of twenty hours per week. A separate Graduate Assistantship Application form, which may be downloaded from the WSU Office of Graduate Studies website (www.winona.edu/graduatestudy), is required and should be sent by March 1 to:

Director of Graduate Studies in English

Dept. of English, 3rd Floor, Minné Hall
Winona State University
Winona, MN 55987

Assistantships are awarded for one year; students may reapply for a second appointment. All new graduate assistants must take 611 in their first semester.

ADDITIONAL REQUIREMENTS FOR MA AND MS PROGRAMS:

All forms required by the English Graduate Program and the WSU Office of Graduate Studies must be submitted in a timely manner. See the two websites for further information. All WSU Academic Policies for Graduate Programs apply to English Department graduate students.

- 1. Admission to Candidacy:** Before completing 16 graduate credit hours, students must submit the original and 3 copies of the Application for Admission to Candidacy form, which may be downloaded from the English Graduate website, to the WSU Office of Graduate Studies. A copy must be given to the Director of Graduate Studies in English. On the Candidacy form, students may transfer towards their degree up to 10 credit hours of approved, pertinent graduate coursework from other institutions and up to 12 graduate credit hours of approved, pertinent coursework from WSU Graduate Special Student coursework. Relevant transcripts must be included for such transferred graduate credit. If any changes are made to the Application for Admission to Candidacy form, a Supplement to Candidacy form, which may be downloaded from the WSU Office of Graduate Studies website, must be filed with the Office of Graduate Studies, and a copy must be given to the Director of Graduate Studies in English.
- 2. Coursework and Credit Requirements:** All graduate students must complete a minimum of 30 semester hours of graduate coursework. Only graduate courses completed with a grade of A or B (or Pass, for P/NC courses) will count towards the degree. Each of the three Master's degrees in English has distinctive requirements.
 - MA Literature & Language and MS students must take 612 and 613 in their first semester and 693 in the semester preceding their Comprehensive Exam, and they must complete half of their minimum of 30 graduate credits at the 600 level.
 - MA Literature & Language students must take at least 24 of their graduate credits in English.
 - MS students must take at least 18 of their graduate credits in English courses and must take 6 credits in graduate Education courses, and they may take the remaining 6 credits in either or another field.
 - MA TESOL students must complete 17 semester hours of required graduate English TESOL courses (Eng. 580, 581, 582, 583, 584, 614), and at least 6 additional semester hours from other graduate courses (not including English 699) in the English Department. The remaining 7 semester hours may be graduate courses in the English or Education Departments.
- 3. Comprehensive Examination:**

All graduate students must pass either the literature or the TESOL version of the Comprehensive Exam. These exams are administered during the spring semester each year.

At the beginning of the fall term preceding the exam, students must submit the Notification of Intent to Take Comprehensive Exams, a form that may be downloaded from the WSU Office of Graduate Studies. The form must be sent to the WSU OGS, and a copy must be given to the Director of Graduate Studies in English.

One retake is allowed for students who do not pass, and this retake is scheduled with the Director of Graduate Studies.

Students taking the literature Comprehensive Exam are required to take 693 in the fall preceding the exam term. More information on the Comprehensive Exams may be found on the English Graduate Website.
- 4. Thesis / Non-Thesis Option:**

All graduate students must fulfill the graduate research requirement through taking either 612 or 614 and through writing a Master's thesis or fulfilling the Non-Thesis Option.

During their second fulltime semester, students must submit to the Director of Graduate Studies in English the Thesis/Non-Thesis form.

Students enrolled in the graduate program through an agreement with an international partner institution may be required to select the Non-Thesis Option.

Students who opt not to write a thesis must take, in lieu of 699 thesis credits, two additional 600 level courses.

Students who have taken thesis credits may switch to the Non-Thesis

Option, but they must submit a Supplement to Candidacy form and a Request for 699 Withdrawal form.

- 5. Master's Thesis:** Students who select the Master's thesis option may choose to write a scholarly thesis on a literary topic, a scholarly thesis on a linguistics or TESOL topic, or a creative thesis with a scholarly introduction. Descriptions of various types of theses may be found on the English Graduate Website, as may further information about the thesis prospectus, the thesis forms, and the typical thesis-writing schedule. Students who intend to write a Master's thesis must secure a director, finish a prospectus, find two thesis readers, have the prospectus approved by the director and two readers, and submit to the Director of Graduate Studies in English the Prospectus Submission & Thesis Committee form before the summer between their first and second fulltime academic years.

A student may not register for 699: Arranged Course: Thesis Credits until this form has been filed.

After writing and revising the thesis in consultation with their director and readers, thesis students must defend their theses and complete the bindery process at least one month before the anticipated graduation date.

- 6. The Application for Graduation** and related paperwork must be submitted before the deadlines indicated on the WSU Academic Calendar, and all English Department requirements for graduation must be met no later than one month prior to graduation.

COURSE DESCRIPTIONS

Courses listed as 500/400 classes are open to both graduates and undergraduates, but the former are assigned additional, more advanced reading and writing and are held to higher academic standards. Only graduate students may register for courses at the 500 and 600 level. MS and MA Literature & Language students are required to take at least half of their coursework credit hours at the 600 level. Current and upcoming graduate offerings are listed on the website www.winona.edu/english/Graduate.

Advanced study of topics in language and linguistics. Topics may include history of the English language, sociolinguistics, psycholinguistics, language and social context, contrastive rhetoric, pragmatics, and language and culture. Variable content: semester schedules announce each section's subject. Grade only.

580/480 Theories of Second Language Acquisition - 3 S.H.

This course introduces students to core issues in second language acquisition and research. Students work to understand what is occurring linguistically, cognitively, and socially as humans learn languages beyond their native language. The course focuses on both theoretical and pragmatic interactions among learner, language, and context. Grade only.

581/481 TESOL Theory and Methods - 3 S.H.

The course examines theories, methods and techniques of teaching English to speakers of other languages (TESOL) including psychological, socio-cultural, political, and pedagogical factors affecting learning and teaching and the influence of these factors on current teaching methods. Grade only.

582/482 Second Language Composition Studies - 3 S.H.

The course is a survey of theories of second language writing, including analysis of theoretical perspectives and pedagogical materials. This may also include application of TESOL theory and methods to the teaching of composition. Grade only.

583/483 Pedagogical Grammar - 3 S.H.

In this course students examine the structural features of English as they apply to the teaching and learning of English as a second or foreign language. The primary focus is on explaining grammatical concepts within pedagogical contexts. Prior experience in the formal study of English grammar is necessary background for this course. Grade only.

584/484 ESL Materials, Resources, and Assessment - 3 S.H.

The major focus of this course is the examination of theories and principles guiding successful ESL material development and language test creation. Students typically practice developing their own course materials, evaluate their suitability in a sample lesson, and prepare tests for a variety of student levels. Grade only.

602-603-604 Seminar in Literary Themes, Topics, Genres - 3 S.H. each.

Intensive study of a literary theme, topic, genre, or other aspect of literature. Grade only.

Disorders likely to be covered are anxiety, mood, conduct, pervasive developmental disorders (e.g., autism), and learning among others. Prerequisites: PSY 210, PSY 250 and PSY 420/520. Offered yearly. Grade only.

524/424 Women and Mental Health - 3 S.H.

Diagnosis and treatment will be discussed with mood disorders as a central focus followed by themes in therapy selected from topics such as: anger, autonomy, identity, integration of marriage and career, lesbianism, poverty, consciousness raising and gender role development. Traditional and alternative therapeutic approaches will be discussed in light of socioeconomic factors affecting women. Current issues related to needs of women will be addressed. Prerequisites: PSY 210 and 6 semester hour credits in psychology, and PSY 275 (or WS 148), or permission of instructor. Offered as available. Grade only.

525/425 Organizational Psychology - 3 S.H.

An analytical survey of theory and research in organizational socialization, decision-making, motivation, leadership and the use of power and authority, communication, organizational change and development, and the evaluation of organizational effectiveness. Prerequisite: PSY 210. Offered yearly. Grade only.

598/498 Seminar in Psychology - 1-3 S.H.

A variable topic course involving in-depth study of a specialized subject area within psychology. May be repeated with different topics. Prerequisite: PSY 210 and as determined by the instructor. Offered as available. Grade only.

MISSION

The College provides quality undergraduate programs in nursing and the health sciences and graduate programs (Master's in Nursing and Doctor of Nursing Practice) in nursing. These programs are designed to graduate caring, ethical, skilled and forward thinking professionals who are sensitive to diversity and prepared to work with clients through health promotion, prevention of health problems and care during illness. In addition to its professional programs, the College seeks to promote health awareness at WSU. The College's educational environment supports lifelong wellness in the individual, the University, the community, and global society.

GRADUATE DEGREES OFFERED:

Master of Science

MAJOR

Advanced Practice Nursing

ACCREDITATION

The Master of Science Program in Nursing is accredited by: Commission on Collegiate Nursing Education (CCNE) One Dupont Circle NW, Suite 530, Washington, DC 20036-1120; Phone: (202) 887-6791; www.aacn.nche.edu.

LOCATION

Classes for the Master's Program are offered primarily on the Rochester campus with selected courses offered in Winona through ITV and/or other sites using distance education technology.

PURPOSE

The Master of Science Program in Nursing at Winona State University educates nurses for advanced practice where change is constant. Students select a focus of Nurse Administrator, Clinical Nurse Specialist, Nurse Educator, Adult Nurse Practitioner, or Family Nurse Practitioner. The program provides a strong clinical base in advanced nursing practice and is designed so each student will have the opportunity to:

- Value caring as the basis of nursing in the human health experience.
- Synthesize theories from nursing science and related disciplines to guide advanced nursing practice.
- Demonstrate advanced level of clinical expertise in nursing care of clients.
- Integrate the roles of the advanced practice nurse in various settings.
- Use a process of scholarly inquiry in advanced practice nursing.
- Analyze the effects of historical, cultural, economic, ethical, legal, and political influences on nursing and health care delivery.
- Manage resources within a health care delivery system through collaboration with other health care providers, community, and clients.
- Contribute to the continuing professional development of self and others.

DESCRIPTION OF PROGRAM

The Master's Program is grounded in the belief that all advanced practice nurses share a common core of knowledge. Through the foundational core courses, students further develop their ability to integrate theory, research, and practice. Courses within the selected focus of Nurse Administrator, Clinical Nurse Specialist, Nurse Educator, Adult Nurse Practitioner, or Family Nurse Practitioner, provide specialized knowledge and practice opportunities in each advanced nursing role. The domains of advanced practice nursing include client health status management; the nurse/client relationship; teaching/coaching; professional roles; managing and negotiating health care delivery systems; and monitoring and ensuring quality of health care practice.

Focus: Nurse Administrator

Students who elect the Nurse Administrator focus will be prepared for administrative positions in a health care setting. In addition to the core courses, content focuses on elements of a nursing care system; the responsibilities of the Nurse Administrator in research, education, and clinical practice; human resource management; fiscal accountability of the Nurse Administrator, the functions of the Nurse Administrator in the organization, and on issues and trends in Nursing Administration. Clinical practicums in advanced nursing for the Nurse Administrator focus on management of clients, nurses, and resources. The administration practicum offers students the opportunity to apply administration principles under the guidance of a qualified preceptor. Graduates are eligible to sit for the American Organization of Nurse Executives Certified in Executive in Nursing Practice (CENP) exam after two years of practice as a nurse executive.

Focus: Clinical Nurse Specialist

Students who elect the Clinical Nurse Specialist focus will develop, test, and practice the role of the clinical case manager and clinical nurse specialist in an area of the student's choice. Extension of advanced nursing practice roles of expert clinician, leader/manager, teacher, consultant and researcher will be demonstrated within the framework of clinical nurse specialist practice in adult health nursing. Clinical Nurse Specialist students will demonstrate competencies in three spheres of influence; patient/client, nurse/nursing personnel and systems/organizational. Graduates are eligible to sit for the American Nursing Credentialing Center's Adult Health certification exam.

Focus: Nurse Educator

Students who elect the Nurse Educator focus will be prepared to teach in an academic or health care setting. Courses and learning experience focus on knowledge and skills related to the educational process in nursing. Students practice teaching under the guidance of preceptors in academic and health care settings. Graduates are eligible to sit for the National League for Nursing Certified Nurse Educator certification exam after two years of full-time employment in the academic faculty role.

Focus: Adult Nurse Practitioner or Family Nurse Practitioner

Students who elect the Adult Nurse Practitioner or Family Nurse Practitioner focus will be prepared to perform an expanded role in the delivery of primary health care. In addition to the core courses, content includes comprehensive assessment of the health status of adults/families; management of common acute and chronic health problems; provision of counseling and teaching in areas of health promotion and disease prevention; and collaboration with other health professionals. Clinical practicums under the supervision of qualified nurse practitioner and physician preceptors will focus on primary health care in a variety of settings with emphasis on rural and underserved communities. Family Nurse Practitioner students have additional theory and clinical content related to the care of children. Graduates are able to sit for the American Nursing Credentialing Center's Adult NP (if graduating from the Adult NP focus) or Family NP (if graduating from the FNP focus)

CLINICAL EXPERIENCES

Faculty and graduate students select preceptors in settings and clinical practice areas of nursing to meet students' individual needs. Students commonly precept in hospitals and clinics affiliated with the Mayo Medical Center in Rochester, North Iowa Mercy Health Center in Mason City, Gunderson/Lutheran and Franciscan Skemp Health Care in La Crosse, and other hospitals, clinics, county public health agencies, senior citizen centers, schools of nursing, and health care agencies from a three-state area.

ADMISSION REQUIREMENTS*

1. Baccalaureate degree in nursing from an NLN or CCNE accredited program;
2. Undergraduate coursework in physical assessment;
3. Undergraduate courses in nursing research and statistics strongly recommended;
4. Computer literacy with knowledge of word processing, spreadsheet, and data base programs;
5. Transcript(s) of past education with GPA of 3.0 or greater on a 4.0 scale (one official copy of transcripts from each institution attended); (Post-nursing master's candidates need only submit one copy of the Master's in Nursing transcript); Transcripts should be mailed to the WSU Office of Graduate Studies by the universities attended.

6. Students with a GPA of less than 3.0 will be considered for provisional admission on an individual basis.
7. Minimum one year of clinical nursing experience (recommended);
8. Evidence of current unencumbered RN license (Minnesota RN license required for all clinicals & RN license in any state in which clinical is conducted);
9. Three professional and/or academic references; (Post-nursing master's candidates submit at least one reference)
10. Statement of professional goals;
11. Background check (clinical requirement after admissions);
12. Satisfactory scores on the TOEFL test for international or non-English speaking students.

Students requesting admission to the Adult Nurse Practitioner or Family Nurse Practitioner focus must also participate in a personal interview with Master's Nursing Program faculty.

Students requesting admission to the Clinical Nurse Specialist focus may be required to have a personal interview.

*Policies are available for individual consideration of students who may have unique education and experience, but may not meet some of the university or program admission criteria.

PROGRESSION

Academic Advising and Credits

1. Advising

You will be assigned an academic advisor after admission into the program. It is your responsibility to contact your academic advisor during your first semester of coursework. The academic advisor is a member of the graduate faculty. If you are a newly admitted student or a graduate special student, please contact Graduate Programs of Nursing Office for Academic Advising (507) 285-7473.

FUNCTIONS OF THE ACADEMIC ADVISOR INCLUDE:

1. Long range planning for the program of studies for the master's degree;
2. Short range planning, independent study, defining clinical and academic needs, transfer of credit;
3. Support or referral for special services;
4. Aware of honors, awards, or financial assistance;
5. The academic advisor may be a member of the student's research committee and may serve as major thesis advisor.

If you wish to change academic advisors, you may do so by obtaining the consent of the faculty member chosen and reporting the request to the Administrative Assistant of the Master's Program.

2. Admission to Graduate Candidacy

Before completing 16 graduate credits (with a grade point of at least 3.0) and in consultation with your advisor, students must submit a completed Application for Admission to Candidacy for the Master Degree in Nursing form. Any courses taken beyond 16 credits may not count toward degree requirements if they are not part of the approved plan of study. You are responsible for initiating this procedure.

THE APPLICATION MUST INCLUDE:

1. All courses already completed (including transfer courses);
2. Those courses needed to complete requirements for the degree and the proposed semester they will be taken;
3. Approval signatures from advisor and Program Director.

Any changes in the Plan of Study must be endorsed by your academic advisor, the Director of the Program, and the Dean for Graduate Studies. You must file a Supplement to Candidacy form during the semester before graduation with the Office of Graduate Study. The Admission to Candidacy form must match your WSU graduate transcript.

Forms can be found at: www.winona.edu/nursing/graduate/forms.asp

Post-Master's Students must submit a Certificate Program Plan form with approval signatures.

3. Intent to Return Form

Students who do not register each semester during the academic year must file an Intent to Return form with the Registrar's Office the semester before planning to return.

A copy of this form may be found by visiting the Office of Graduate Study website at: www.winona.edu/graduatestudy/downloadsStu.html.

4. Change of Program Focus

When admitted to the Master's Program in Nursing, you are admitted to the program and specific focus area. Graduate faculty approval is required to change focus areas.

5. Grades

The basic system in the Graduate School is an A, B, C, D, F system and is explained below:

- A - Designates above average, exceptional graduate work
- B - Average graduate work
- C - Given upon evidence of work that is passing but not graduate level. (C credits must be balanced by A credits.)
- P - Pass or successful completion of course requirements
- D, F, or NC (no credit) - Failing graduate work
- I - An Incomplete (I) is permitted for special occasions when unusual circumstances prevent the student from completing the course requirements. All incompletes must be removed within one calendar year from the end of the semester in which the incomplete is incurred or the course grade becomes an F. All incompletes must be removed before a graduate degree is granted.
- IP - An In Progress (IP) is given for a professional study or thesis each semester until the proposal or final thesis/professional study is completed. The student is advised to check with the thesis/professional study advisor if an IP becomes necessary.

Students are expected to register each semester for N690 Continuing Thesis/ Professional Study in the intervening semesters after completing N688/698 (Proposal) and before the semester they complete the thesis/professional study, when they register for N689/699.

Before consideration is given to the issuance of a grade of I ALL of the following criteria must be met:

1. The student is unable to complete the course requirements due to circumstances beyond her/his control;
2. The student must be performing at a level that would warrant the issuance of a passing grade at the time the request is made;
3. No more than two weeks remain in the semester; and
4. The request is initiated by the student by completing a Request for an Incomplete form. (See Appendix)

6. Graduate Credit

All degree requirements including credits to be earned or transferred, final examinations, thesis, and all other program requirements must be completed within seven years of initial graduate enrollment.

Six credits or more per semester is considered full-time for financial aid purposes. No graduate student is permitted to enroll for more than 12 credits per academic semester or during summer session unless permission is received from the Dean of the College of Nursing and Health Sciences.

To request permission to enroll in more than 12 credits, a Credit Overload Request form needs to be submitted. The request needs advisor and department approval before submitting to the Dean for approval. Forms can be found in the Registrar's Office.

7. Independent Study

N685 Independent Study in Nursing provides an opportunity for you to work independently under the direction of an advisor (See WSU Graduate Catalog.) Often you will be doing a special project to enable you to register for a full load of credits. You need to have permission from the faculty person who will be working with you before you register. You also need to develop a contract that includes your learning objectives, plan for accomplishing them, and criteria for the project's evaluation. Individual Study may be repeated for a total of nine (9) credit hours. See the Graduate Catalog for the policy on arranged classes.

8. Credit by Portfolio

Portfolio Review Process for MS Course Substitution

Portfolio Purpose: The portfolio review process is available to all MS and post-master's program students who believe that they can meet the learning objectives/competencies required of a specific nursing course within their program of study without taking and completing the course in the traditional manner. The portfolio is a mechanism used to validate the acquisition of knowledge and skills congruent with course expectations and student learning outcomes. The portfolio provides objective evidence that students have acquired the content and skills through prior learning and/or practice experiences. The decision to accept the documentation provided is based on determination of the equivalency of this prior knowledge and skills that the student would be expected to demonstrate at the completion of a specific course.

9. Conditions Leading to Dismissal from the Program

- Students, who are admitted on probation and who do not achieve a cumulative GPA of 3.00 on the first 12 credits, may be dismissed.
- Students whose cumulative GPA falls below 3.00 will be placed on probation. Students will be given one semester to raise their GPA to 3.00. If students are placed on probation for a second time, their status will be reviewed regarding continuation in the program.
- Violation of academic or behavioral integrity policies.
- Inability to provide safe patient care in clinical experiences.
- Two or more failing course grades.
- Students who do not take classes for four (4) or more semesters who do not notify the department of their intent to return to the program.

Graduation Requirements

A STUDENT IS ELIGIBLE FOR GRADUATION UPON:

- Completion of required courses found on the officially approved Admission to Candidacy Form.
- Completion of the thesis a minimum of two weeks before intended date of graduation.
- Oral Presentation of the thesis at least two weeks before intended date of graduation.
- Evidence that all college policies for graduation are met.

The "Application for Graduation" form must be submitted at least one semester prior to graduation (may be found by visiting the Office of Graduate Study website at: www.winona.edu/graduatestudy/downloads/Stu.html or from Carolyn Ryno, Administrative Assistant in Rochester).

Students who graduate spring semester must participate in commencement exercises unless excused by the Dean of Nursing on presentation of proof that attendance at commencement will cause undue hardship.

PLEASE NOTE: The Master of Science degree will not be posted on your WSU transcript until your Thesis/Professional Study Binding Certificate has been received by the Graduate Office.

Master's PROGRAM IN NURSING CORE AND FOCUS REQUIREMENTS

- General requirements of the University
- Completed Thesis or Professional Study

GRADUATE SPECIAL STUDENTS

Students who have completed a baccalaureate degree in nursing and who wish to enroll in further undergraduate courses, graduate courses or a combination of both but either do or do not intend to pursue a Master's degree may apply as a Graduate Special student to the Master's Program in nursing. Courses numbered 600 and above are for graduate credit only. Selected courses at the 500 level are for either undergraduate or graduate credit. Students may take up to 12 credits as a Graduate Special student before acceptance into the program if pursuing a Master's degree at the University. Courses open to Graduate Special Students include: N504 Pathophysiology, N506 Psychosocial Interventions, N508 Advanced Role Seminar, 514 Health Care Policy and Finance, and 601 Statistics. Enrollment availability may be restricted in preference for admitted students.

The course offerings on the registration system each semester includes detail about any restrictions. Graduate Special applications are on the graduate website www.winona.edu/graduatestudy/downloads/Stu.html, or call the Master's Nursing Program and request that an application be mailed to you.

SPECIALIZED PROGRAMS

RN to MS Professional Pathway

Winona State University is known for its high quality baccalaureate and masters programs in nursing. The nursing department now offers a unique pathway for nurses who have (1) completed an associate degree or diploma nursing program, (2) have nursing experience, and (3) plan to acquire a master's degree in nursing. Selected individuals who meet the admission requirements and are highly motivated will substitute Master's-level credits for Baccalaureate-level credits in the RN to BS Completion program that count toward the BS degree. Students may take 7-12 credits of 400/500 level double numbered courses thus reducing the remaining master's level courses to 30-37 credits. Students will substitute *N419/519 Advanced Health Promotion, *N408/508 Advanced Role Seminar and, *N414/514 Health Care Policy and Finance for N465 Population Based Nursing and N491 Professional Development in the RN to BS Completion program. Students plan their streamlined program with advisors from both the baccalaureate and master's programs in anticipation of formal admission to the master's program. A separate application is required for admission to the Master's Program in nursing.

NON-BSN OPPORTUNITY

The Nursing Department offers an alternative pathway for nurses who were prepared in either an associate degree or diploma nursing program, have nursing experience, and earned their baccalaureate degree in a field other than nursing. This pathway is for select RNs who meet the above mentioned criteria, have exceptional academic records, clinical experience, and do not wish to earn a baccalaureate degree in nursing. Those who desire to earn a Baccalaureate Degree in Nursing should complete the RN to MS Professional Pathway.

POST-NURSING MASTER'S CERTIFICATE PROGRAMS

The Master's of Science Program in Nursing offers four post-nursing Master's certificate programs for nurses interested in post-nursing Master's education. The post-Master's certificate programs are in the areas of nurse practitioner, clinical nurse specialist, nurse educator, and nurse administrator.

Focus: Post-Nursing Master's Certificate - Nurse Educator - 9-10 S.H.

This program is designed for Post-Nursing Master's prepared nurses making career moves from practice based employment to education programs and is part of an effort to expand the outreach and access to educational programming for the preparation of qualified Nurse Educators. The program consists of three seminar courses and one practicum consisting of 60-120 hours clinical experience in the student's own community.

Focus: Post-Nursing Master's Certificate - Nurse Practitioner - 28 S.H. (ANP) 34 S.H. (FNP)

This program is designed to integrate the Post Nursing Master's students into the existing sequence of courses leading to preparation as an Adult Nurse Practitioner (ANP) or Family Nurse Practitioner (FNP). This option provides nurses that already have Master's degree preparation in another area of nursing the opportunity to acquire the education, skills, and abilities to seek certification and practice as an Advanced Practice Registered Nurse (APRN), Nurse Practitioner.

Focus: Post-Nursing Master's Certificate - Clinical Nurse Specialist - 9-36 S.H.

This program is designed to integrate the Post-Nursing Master's-students into some of the courses in the Clinical Nurse Specialist focus. This option provides nurses that already have Master's-degree preparation in another area of nursing the opportunity to acquire the education, skills, and abilities to seek certification and practice as an Advanced Practice Registered Nurse (APRN), Clinical Nurse Specialist. Some of the courses are offered using distance teaching strategies and one course has been developed to acquire the skills and education for prescriptive authority in Clinical Nurse Specialist practice.

Focus: Post-Nursing Master's Certificate Nurse Administrator - 10-15 S.H.

This program is designed to provide Post-Nursing master's prepared nurses to gain the appropriate education and clinical skills to practice as a Master's prepared nurse administrator. This program is designed to integrate

Post-Nursing Master's students into the existing sequence of courses. Classroom, distance learning strategies, and a practicum experience are utilized throughout the program.

COURSE DESCRIPTIONS

502/402 Clinical Pharmacology - 3 S.H.

This course includes principles of pharmacokinetics and pharmacodynamics as a foundation for the use of medications in the clinical management of diseases. Major classes of drugs will be discussed in terms of actions; therapeutic and other effects; adverse, allergic and idiosyncratic reactions; indications and contraindications. The importance of sound diagnostic reasoning in the selection of pharmacological interventions with attention to safety, cost, simplicity, acceptability and efficacy will be stressed. The responsibilities related to prescribing medications will be emphasized. Prerequisite: Admission to the graduate program in nursing or consent of instructor (contact Master's Program Secretary). Grade only.

504/404 Advanced Pathophysiology - 3 S.H.

Advanced physiology and pathophysiology at the cellular, organic and systemic level will be explored as a basis for clinical assessment and management by advanced practice nurses. Integration of function among organ systems will be emphasized. The effect of psychosocial variables on physiologic function will be explored. Prerequisite: Admission to the graduate program in nursing or consent of instructor. Grade only.

506/406 Psychosocial Interventions in Family Care - 2 S.H.

This course explores the role of the advanced practice nurse in addressing the psychosocial needs of the client and family. Focus will be on the development of counseling skills for advanced psychosocial assessment and on providing culturally sensitive guidance in caring for the client and family during health, crisis, and acute and chronic illness. Prerequisite: Admission to the graduate program in nursing or consent of instructor. Grade only.

508/408 Advanced Role Seminar - 2 S.H.

This course will provide a forum for the explorations of advanced practice role behaviors including collaboration and leadership. Selected theories and frameworks relevant to the various roles will be evaluated. Ethics and diversity issues in nursing and health care will be discussed. Prerequisite: Admission to the graduate program in nursing or consent of instructor. Grade only.

510/410 Theoretical Foundations and Research for Advanced Nursing Practice - 4 S.H.

The goal of this course is to provide students with the opportunity to critically analyze existing nursing theories and articulate a personal philosophy of nursing. Students will do an in-depth analysis of a concept. The student will analyze methods and techniques of research and interpret their usefulness for application in clinical practice. Theory and practice will be used to define nursing problems and develop a research proposal. Corequisite or prerequisite: STAT 601. Grade only.

514/414 Health Care Policy and Finance 3 - S.H.

This course provides a base for nurse leaders and advanced practice nurses to enter and effectively shape health care policy in the workplace, organizations, community, and government at the state and federal level. Students will develop an understanding of health care financing in the delivery of health care. Prerequisite: Admission to the graduate program in nursing or consent of instructor. Grade only.

519/419 Advanced Health Promotion 3 - S.H.

Concepts related to health promotion and maintenance are analyzed from theoretical and research based perspectives. Using principles of epidemiology, advanced practice nurses identify risk factors for specific populations and examine variables that influence wellness. Interventions for promotion of optimal health are designed with particular consideration for age and cultural differences. A community based practicum allows the student to explore possibilities for enacting the advanced practice role outside traditional biomedical settings and within the context of families and communities. (2 cr. seminar; 1 cr. clinical). Prerequisite: N510 and Admission to the graduate program in nursing or consent of instructor. Grade only.

Stat 601 Statistical Methods for Health Care Professionals - 3 S.H.

Application and interpretation of statistical techniques in the health professions. Prerequisite: Stat 110 or equivalent or consent of instructor. Grade only.

620 Clinical Nurse Specialist Role I Seminar - 1-3 S.H.

This course is designed to introduce students to the roles of the clinical Nurse Specialist. Nursing practice models will be explored. Assessment and measurement of patient outcomes, cost containment, cost effectiveness, and evaluation will be emphasized. Use of a theoretical and research basis for effecting change to improve patient outcomes relevant to non disease-based etiologies of acute and chronic illnesses among adults is a major focus. Prerequisites or corequisites: N502, N504, N506, N510, N519, N623 (or

equivalent courses approved by faculty). Must register for N621 at same time. Grade only.

621 Clinical Nurse Specialist Role I Clinical - 1-3 S.H.

This course is designed for students to practice the Clinical Nurse Specialist roles with a preceptor in the student's chosen clinical focus. Students do an in-depth study of non disease-based etiologies of acute and chronic illness among adults and apply advanced practice nursing interventions. Prerequisites or corequisites: N502, N504, N506, N510, N519, N623 (or equivalent courses approved by faculty). Must register for N620 at the same time. Grade only.

623 Advanced Health Assessment - 1-3 S.H.

This course builds on prerequisite knowledge of systematic and holistic health assessment of children and adults. Additional assessment tools for the advanced practice nurse are provided. Emphasis is on diagnostic reasoning and research based strategies for assessing health of individuals within the context of family and community. Special emphasis is placed on age, gender, and cultural variations. This course emphasizes diagnostic reasoning that guides the collection and interpretation of data to serve as a basis for advanced practice. (2 cr. seminar; 1 cr. clinical) Prerequisite: Undergraduate physical assessment course and/or N517 or equivalent; N504, N510, N519. Grade only.

624 Clinical Nurse Specialist Role II Seminar - 1-3 S.H.

This course builds on Clinical Nurse Specialist Role I Seminar and Clinical. An in-depth study of selected topics related to the assessment, diagnosis, and management of acute and chronic illnesses among adults will be completed. An analysis and synthesis of the literature with an emphasis on theory and research will be included. Effects of culturally specific beliefs on response to acute and chronic illness will be discussed. The roles of the CNS are synthesized. Prerequisites: N502, N504, N506, N510, N519, N620, N621, N623 (or equivalent courses approved by faculty). Corequisite: N625. Grade only.

625 Clinical Nurse Specialist Role II Clinical - 1-4 S.H.

This course builds on Clinical Nurse Specialist Role I Seminar and Clinical. Assessment, measurement, and management of disease based and non disease based etiologies of acute and chronic illnesses among adults will be a major focus. Independent nursing interventions that aim to prevent, alleviate, and/or reduce symptoms, functional problems, or risk behaviors will be implemented. Integration of the Clinical Nurse Specialist roles will be achieved. Prerequisites: N502, N504, N506, N508, N510, N519, N620, N621, N623 (or equivalent courses approved by faculty). Corequisite: N624. Grade only.

626 Assessment and Intervention: Care of the Ill Client Seminar - 3 S.H.

This course is for students selecting the NA and NE options. Concepts relevant to nursing focused on acute and chronic health deviations among individuals, families and groups in various settings are examined. Assessment and interventions (collaborative and independent) for each concept as relevant to the NE and NA advanced roles will be discussed. An analysis and synthesis of the literature with an emphasis on theory and research will be included. Effects of culturally specific beliefs on response to acute and chronic illness will be discussed. Prerequisites: N502, N504, N510. Corequisite: N627. Grade only.

627 Assessment and Intervention: Care of the Ill Client Clinical - 1-3 S.H.

This course is for students selecting the NA and NE options and is the clinical application of N626. The health assessment of clients with chronic and acute conditions will serve as the basis for diagnosis and implementation of independent nursing interventions. Emphasis will be placed on the integration of theory and research into clinical practice. Effectiveness of therapeutic nursing interventions on patient outcomes will be assessed. Critical analysis of data sets and clinical instruments for decision making relevant to the role will be conducted. NA students register for 1 S.H.; NE students register for 2 S.H. Prerequisites: N502, N504, N508, N510. Corequisite: N626. Grade only.

629 Clinical Nurse Specialist Prescribing Clinical - 1-3 S.H.

This course is specifically designed for the post Master's CNS student who already holds national CNS certification and is seeking a supervised clinical experience to become eligible for prescriptive authority. The course requirements are specifically designed to meet requirements established by the revised MN Nurse Practice Act in 1999; however, the course requirements also meet criteria in other state nurse practice acts (students are assessed on an individual basis). The course focuses on assessment, measurement, diagnosis and management of disease-based and non disease-based etiologies of acute and chronic illnesses among adults. Emphasis is placed on accurate and safe selection of specific pharmacologic and non-pharmacologic treatments under the supervision of a provider who is licensed to prescribe pharmacologic agents. Prerequisites: Earned Master's Degree in

nursing with a CNS focus, N502, N623 (or equivalent courses approved by the CNS focus faculty). Grade only.

640 Primary Care of Adults I - 3 S.H.

Focus is on the diagnosis and management of acute and episodic health related conditions and illnesses in the primary care setting. Epidemiology of problems is examined and emphasis is placed on health promotion and disease prevention. Prerequisites: N502, N506, N623; Corequisites: N519, N641. Grade only.

641 Primary Health Care Clinical I - 2-3 S.H.

This course provides the opportunity to apply the knowledge and develop skills related to the role of the nurse practitioner in primary care. ANP students register for 2 S.H.; FNP students register for 3 S.H. Corequisite: N640, N642 (FNP only). Grade only.

642 Primary Care of Children I - 2 S.H.

This course focuses on promotion of health of children and their families, and the diagnosis and management of acute and common health related conditions and illnesses in the primary care setting. Corequisites: N640 (FNP only). Grade only.

643 Primary Care Clinical II - 3-4 S.H.

This course provides the opportunity to apply knowledge and develop skills related to the role of the nurse practitioner in management of clients/families with complex disease states and health related conditions. ANP students register for 3 S.H.; FNP students register for 4 S.H. Corequisites: N644, N646 (FNP only). Grade only.

644 Primary Care of Adults II - 3 S.H.

This course focuses on the diagnosis and management of chronic and co morbid health related conditions and illnesses in the primary care setting. Epidemiology of problems is examined and emphasis is placed on health promotion, health maintenance, and prevention of disability. Prerequisites: N640, N641, N642 (FNP only). Corequisites: N643, N646 (FNP only). Grade only.

645 Primary Care Internship - 3 S.H.

A clinical preceptorship for nurse practitioner students that provides an opportunity to further enhance knowledge and the skill level related to primary care. The clinical preceptorship provides opportunities to apply theoretical and didactic knowledge in practice. The internship is an intensive immersion in a single practice setting with focus on continued development of the Nurse Practitioner role and in providing continuity of care. Asynchronous, Internet based course. Prerequisites: N502, N506, N508, N519, N623, N640, N641, N642, N643, N644, N646 (FNP only). Grade only.

646 Primary Care of Children II - 2 S.H.

This course focuses on the role of the NP in the evaluation and management of chronic and complex health disorders of children in the primary care setting. The impact of chronic and complex disorders on children and families will be considered with an emphasis on strategies to promote wellness, optimize development, and facilitate adaptation in the child and family. Epidemiology of problems is examined. Prerequisites: N640, N641, N642. Corequisites: N643, N644. Grade only.

650 Nursing Information Management & Decision-Making Technology - 1-3 S.H.

This course provides a basis for the use of computerized records and data for delivering nursing care. Content includes areas such as nursing informatics, electronic patient records, taxonomies for diagnosis, interventions and outcomes, and decision support technology. Prerequisites: N510, N626, N627 or consent of instructor. Grade only.

651 Organizational Concepts for Nursing Administration - 3 S.H.

This course provides knowledge of organizational concepts in health care systems with emphasis on nursing care systems. Emphasis is on the interrelationships needed to provide nursing services in contemporary health care organizations focusing on both formal and informal systems, culture and structure. Prerequisite: N510, Mayo Nurse Anesthetist Students, consent of instructor. Grade only.

652 Resource Management in Nursing Services - 1-3 S.H.

This course focuses on the application of fiscal management principles, budgeting conventions, and human resource allocation methods as they are applied in the provision of nursing care within health care organizations. Prerequisites: N510, N651 or consent of instructor. Grade only.

653 Human Resource Management - 1-2 S.H.

This course focuses on personnel management and labor relations principles as they apply to the provision of nursing services within a health care organization. Prerequisites: N510, N651, and N626/627 (or concurrent). Grade only.

654 Structure and Design of Nursing Services in Health Care Organizations - 1-2 S.H.

Course content related to health care organization structures with an emphasis on the design and delivery of nursing services. Prerequisites: N510,

N626, N627, N650 (or concurrent) N651, N652, N653 or consent of instructor. Grade only.

655 Nursing Administration Practicum I - 1-2 S.H.

This guided practicum is designed for students to practice the nursing administration role with practicing nurse administrators, quality improvement specialists, and Informatics nurses utilized as preceptors to enhance the application of principles. Competencies that will begin to be developed are (a) communication and relationship-building, (b) knowledge of the healthcare environment, (c) leadership, (d) professionalism, and (e) business skills. Prerequisites: N510, N651 and (N626, N627, N652, N653, or concurrent). Grade only.

656 Administrative Processes in Health Care and Nursing - 1-3 S.H.

This course provides knowledge of health care organization design and behavior. Focus is on nursing care systems as they relate to the organization, labor relations, and personnel principles as they apply to the provision of nursing services. Prerequisite: Admission to the graduate program or consent of instructor. Grade only.

657 Nursing Administration Practicum II - 1-2 S.H.

This is the second semester of a guided practicum designed for students to practice the nursing administration role with practicing nurse administrators, quality improvement specialists, and informatics nurses utilized as preceptors to enhance the application of principles. Competencies that will be developed and refined are (a) communication and relationship-building, (b) knowledge of the healthcare environment, (c) leadership, (d) professionalism, and (e) business skills. Emphasis will be on human and financial resource management. Prerequisites: N510, N626, N627, N651, N652, N653, and (N650, N654 or concurrent). Grade only.

669 Nursing Education: Theory and Research - 1-3 S.H.

This course provides a foundation for the nurse educator focus with the MS program in nursing. The course is an overview of the classic and contemporary philosophies, theories and research about teaching and learning in nursing. Teaching and learning in schools of nursing, practice settings for the professional development of nurses, and client (patient) education are primary foci of the course. Prerequisites: N508, N510, N626, N627 or consent of instructor. Grade only.

670 Nursing Education: Curricula and Program Design - 1-3 S.H.

This course is designed to introduce students to the components of educational program processes. Principles of program design and evaluation of nursing education and staff development are the key concepts explored in this class. Prerequisites: N510, N626, N627 or consent of instructor. Grade only.

671 Nursing Education: Instruction and Evaluation - 1-2 S.H.

A course for nurse educators designed to apply teaching and learning theories, research and strategies to teaching in schools of nursing or healthcare organization staff development programs. Content focuses on the practical application of a large variety of teaching and evaluation techniques available in the practice of nursing education. Prerequisites: N510, N624 and N625 or N626 and N627, N669, N670 or consent of instructor. Grade only.

672 Nursing Education: Instruction and Evaluation: Practicum - 1-2 S.H.

This practicum, a companion course to N671, provides the student with a guided experience in the process of teaching. The practicum will focus on assessing learners; planning, developing, and implementing instruction; and the evaluation of learner achievement. Prerequisites: N510, N624 and N625 or N626 and N627, N669, N670 or consent of instructor. Grade only.

688 Professional Study I - 2 S.H.

This course is an extension of the base knowledge acquired in the core courses of statistics and research in nursing that prepares students to undertake a faculty supervised investigation/project. This may include such projects as clinical investigations, case studies, evaluation projects, outcome studies on interventions or changes in interventions, or programmatic applied research. The intent of Professional Study I is to do the preliminary work to implement the project and may include planning, approval, and implementation phases of the project. Prerequisites: STAT 601, N510. Grade only.

689 Professional Study II - 1 S.H.

This course is an extension of Professional Study I. The intent is to complete the investigation/project, prepare the scholarly written report, and make an oral presentation of the project. Prerequisite: permission of project advisor. Grade only.

690 Continuing Thesis/Professional Study - 1 S.H.

Continuing enrollment for thesis or professional study when not registered for N698, N699, N688, or N689. This course is to be used for registration while actively working with thesis or professional study advisor when not enrolled in the above courses. May be repeated. Credits do not count for graduation. Prerequisite: permission of project advisor. Grade Only.

698 Thesis I - 2 S.H.

This course is an extension of the base knowledge acquired in the core courses of statistics and research in nursing that prepares students to undertake a faculty supervised thesis. Investigation of a nursing research question using the research process and subsequent presentation of the research to the thesis committee is required for graduation. This course is taken during the proposal refinement and approval process phases of the research process. Prerequisites: STAT 601, N510. Prerequisite: permission of thesis advisor. Grade only.

699 Thesis II - S.H.

This course is an extension of the base knowledge acquired in the core courses of statistics and research in nursing that prepares students to undertake a faculty supervised thesis and involves completion of the nursing research process and presentation of the research to the thesis committee. Taken after Thesis I. Prerequisite: permission of thesis advisor. Grade only.

ELECTIVE COURSES

516/416 Issues in Gerontology and Geriatrics for the 21st Century - 1-3 S.H.

This course is a series of three consecutive modules of content related to common issues in gerontology and geriatrics. A student may take one, two or all modules and each has as a prerequisite, the preceding module. The course is open to upper level undergraduate students, students enrolled in the RN to MS Program and Graduate Students in Nursing. Other students admitted by consent of instructor. The course will focus on normal aging, theories of aging, social gerontology and societal effects of an increasing population of older people. The geriatric content will focus on major geriatric syndromes such as immobility, incontinence, instability, iatrogenic illness and intellectual impairment. Emphasis will be placed on assessment and maintenance of individual competency, independence and physiological function across clinical settings. Grade only.

517/417 Health Assessment Techniques - 1 S.H.

A guided study review of the basic components of physical assessment and an opportunity for performance evaluation at completion of course. Content relative to obtaining a complete health history and performing a physical examination, with appropriate documentation of each. Designed for advanced practice nursing students to ensure readiness for N623 Advanced Health Assessment. Prerequisite: consent of instructor. Pass/No credit.

518/418 Computer Applications in Nursing - 2 S.H.

This course is designed to provide knowledge of technological modalities presently used to assist in the diagnosis and treatment of patients, planning and monitoring of care, management of information, and data analysis. The application of nursing informatics in nursing research, administration, education, and practice will be explored. Emphasis in this course is on extensive hands on experience in Windows, word processing, spreadsheet and database applications, presentation software, the Internet, advanced online library searching, and other computer-related applications. Course meets admission requirement for computer literacy. Grade only.

595/495 Seminar/Workshop in Nursing - 1-3 S.H.

This course provides in depth study of selected topics. Content arranged by Nursing Department and specified for each offering. May be repeated when offered with different content/title. Grade only.

596/496 Feminist Perspectives in Nursing - 2 S.H.

This seminar explores the relationship of the feminist movement, feminist theory, and gender issues in nursing history and practice. Faculty and students will explore a feminist process for integrating feminist values into the classroom. Graduate students will be required to write a paper to meet course requirements. Nursing major or consent of instructor. Grade only.

602 Health Care for Rural Americans - 1-3 S.H.

This course provides an overview of issues related to caring for rural individuals, families and communities. The course is divided into three modules: Rural Health Care Policy, Rural Health Clinical Application and Special Populations in Rural Health. Emphasis will be on the knowledge and skills needed by primary health care providers in rural settings. Students will have the opportunity to examine rural health issues from a variety of perspectives including health promotion/disease prevention with individuals, families and communities, disease management and issues affecting rural health care policy. Graduate nursing students in any option may register for 1 to 3 credits; each module is worth one credit. Grade only.

610 Nutrition for Advanced Practice Nurses - 2 S.H.

This guided self-study provides an overview of nutrition theory and application for the advanced practice nurse. Content includes principles of nutritional health maintenance and health promotion. Designed for students who desire additional knowledge of nutrition. Prerequisite: consent of instructor. Grade only.

611 Advanced Practice Nursing Clinical - 1-3 S.H.

This focused clinical experience provides opportunities to apply theoretical

knowledge and clinical skills in the practice setting. Students will develop analytical and management skills related to advanced practice nursing. Emphasis will be on providing planned interventions of nursing care, health education, disease prevention, or risk reduction to a preselected patient population. Prerequisite: consent of instructor. Pass/No Credit.

685 Individual Study in Nursing - 1-3 S.H.

This course provides an opportunity for the qualified graduate student in nursing to work independently under the direction of a graduate faculty

member. Topics may include research, development of special skills or clinical experience, selected readings, or review of a nursing problem. May be repeated for a total of 6 (six) credit hours. Contract with learning objectives, plan for accomplishments, and criteria for evaluation is necessary. Offered each semester. Prerequisites: enrolled in the graduate nursing program and consent of instructor. Grade only

GRADUATE DEGREES OFFERED

Doctor of Nursing Practice

ACCREDITATION

The Doctor of Nursing Practice program is not accredited. Accreditation will be applied for in conjunction with the next accreditation cycle for all programs in the Department of Nursing. This re-accreditation is scheduled for 2013 through the Commission on Collegiate Nursing Education (CCNE) One Dupont Circle NW, Suite 530, Washington, DC 20036-1120. Phone: (202) 887-6791; www.aacn.nche.edu

LOCATION

Doctor of Nursing Practice faculty offices are located at the WSU-Rochester campus. Courses for the Doctor of Nursing Practice are offered utilizing a variety of synchronous and asynchronous distance education methods including Internet, ITV, and Internet based conferencing.

PURPOSE

The post-nursing master's DNP program provides masters prepared nurses with opportunities for practice-based doctoral education. The DNP Program is offered by Winona State University as part of a consortium of graduate nursing education programs in the Minnesota State Colleges and Universities (MnSCU) system. The program is taught by the graduate nursing faculty and advanced practice nurses and leaders from the associated clinical facilities of:

Metropolitan State University
Minnesota State University, Mankato
Minnesota State University Moorhead
Winona State University

The DNP Program features a plan of study that:

- builds upon the previous masters education of nurses currently practicing in a variety of advanced roles (e.g., nurse administrator, nurse educator, clinical nurse specialist, nurse anesthetist, nurse practitioner, nurse midwife).
- emphasizes leadership in advanced practice, preparation for research utilization/translation of research to practice, and doctoral level clinical experiences in evidence-based practice, quality improvement, and organization/systems thinking.

- is structured around the American Association of Colleges of Nursing (AACN) Essentials of Doctoral Education for Advanced Nursing Practice, and focuses upon the development of skills and knowledge needed for increasingly complex roles in practice, teaching, and leadership.
- provides five semesters of doctoral level didactic and clinical coursework utilizing a variety of approaches, including distance learning technologies, that facilitate access for students in remote areas while providing opportunities for discussions and clinical experiences with advanced nursing leaders and experts throughout Minnesota and the nation.

DNP STUDENT LEARNING OUTCOMES

The learning outcomes are based on the AACN Essentials of Doctoral Education for Advanced Nursing Practice (2006) and reflect the ability of graduates to:

1. Evaluate scientific underpinnings that contribute to translation of nursing research to improve practice.
2. Evaluate nursing actions that influence health care outcomes for individuals, families, and populations.
3. Use knowledge gained through evaluation of nursing actions that influence health outcomes to improve care delivery, patient outcomes, and systems management.
4. Evaluate evidence pertaining to direct care of patients and management of care for individuals, families, systems, and populations.
5. Translate evidence gained through evaluation of direct care of patients and management of care for individuals, families, systems, and populations to improve practice and implement health policy.

ADMISSION REQUIREMENTS

1. Graduation with a minimum cumulative grade point average of 3.0 on a 4.0 scale, from a CCNE or NLNAC accredited Master's program in nursing.
2. Registered nurse licensure in the state where you expect to conduct your clinical practicum.
3. Eligibility for licensure in Minnesota.
4. Certification: Nurse practitioner, clinical nurse specialist, nurse anesthetist, and nurse midwife applicants must have the respective national certification needed for practice.
5. Professional references from two persons who can comment

competently on the applicant's background and suitability for doctoral study. One reference should be from a supervisor and one from a peer in an advanced nursing role (e.g., nurse practitioner, nurse administrator, clinical nurse specialist, or nursing educator). (See reference form on web page).

6. Goal Statement (See guidelines).
7. Resume (See guidelines on web page).
8. An interview with DNP faculty may be requested following review of the application.

Application Submission Requirements

The applicant seeking admission is required to submit or show evidence of the following:

1. Completed Program Application for admission to the Doctor of Nursing Practice Program.
2. Official copies of transcript(s) from each institution attended for graduate study. NOTE: If the applicant has unofficial copies of graduate level transcripts, please include those in the application. They will help expedite application review until official transcripts are received.
3. Evidence of current unencumbered license as a Registered Nurse from the state(s) where clinical will be conducted.
4. References.
5. Goal Statement.
6. Resume.
7. Official copy of TOEFL score if international student.
8. A \$40 non-refundable application fee.

PROGRAM REQUIREMENTS

The number of credits required for graduation from the DNP program includes:

1. 36 credits of doctoral course work completed as an admitted student in the DNP program.
 2. A minimum of 36 credits of nursing-focus or role-specific course work transferred from the student's master's in nursing program.
- A minimum total of 72 credits are required for graduation.

In addition to completion of the required courses students are required to complete and successfully defend an evidence based capstone project.

Plan of Study

The following is the sequence of the program of study for the Doctor of Nursing Practice. Students are admitted with a cohort of students that progress through the program as outlined. If a student has to stop out of the program for academic, personal or professional reasons, the student must submit a written request to join another cohort. The written request must be submitted to the DNP Program Management Council Chairperson. Beginning Fall 2010, the DNP Program will be offered on a part-time basis.

COURSE DESCRIPTIONS

NURS 700 Theoretical Foundations for Nursing Practice

Credits:	4 semester credits
Prerequisite:	Admission to the DNP Program

Course Description: This course focuses on theoretical perspectives and foundations for inquiry in the discipline. The structure of nursing knowledge (phenomena, concepts, and theories) will be evaluated for its relationship to practice. The interrelationship of theory, research, and practice will be analyzed. Grade only.

NURS 701 Applied Biostatistics

Credits:	4 semester credits
Prerequisites:	Admission to the DNP Program; Graduate Level Statistics Course

Course Description: The goals of this course are to develop statistical skills necessary to evaluate critically biomedical research using advanced quantitative methods, to identify appropriate techniques for interpretation of results of independent research, and for presentation of results to improve clinical practice. Grade only.

NURS 702 Clinical Scholarship and Analytical Methods for Advanced Nursing Practice

Credits:	4 semester credits
Prerequisites:	Nurs 700 & Nurs 701
Corequisite:	Nurs 740

Course Description: This course focuses on the conduct of clinical scholarship. Content includes transformational research approaches and evidence-based practice processes, including epidemiological methods. Evaluation methods of clinical practice change outcomes on individuals, groups, populations, and systems are addressed. Grade only.

NURS 704 Clinical Prevention and Population Health

Credits:	4 semester credits
Prerequisite:	Nurs 700, Nurs 702, & Nurs 704
Corequisite:	Nurs 750

Course Description: The conceptual foundations of culturally sensitive clinical prevention and population health in advanced nursing practice will be evaluated. A global perspective to clinical prevention and population health that bridges illness and preventive care models will be investigated and designed. Grade only.

NURS 706 Organizational and Systems Leadership

Credits:	4 semester credits
Prerequisite:	Nurs 700, Nurs 702, Nurs 704, Nurs 740, & Nurs 750
Corequisite:	Nurs 760

Course Description: Organizational and systems leadership skills critical for culturally sensitive nursing practice to improve healthcare and outcomes are enhanced. Focus is on transformational leadership, measurement of outcomes, data driven decision-making, and the business realities of leading within healthcare. Grade only.

NURS 738 Doctoral Practice Concentration Specialty Required Elective: Contemporary Topics in Leadership

Credits:	4 semester credits
Prerequisite:	Nurs 770

Course Description: This course focuses on the reading of contemporary publications related to principles of leadership. The concepts outlined in the readings will be discussed and applied to the leadership role in structuring and implementing evidence-based practice projects. Grade only.

NURS 740 Clinical Scholarship I

Credits:	3 semester credits (1 credit seminar, 25 hrs; 2 credits clinical, 100 hrs.)
Prerequisite:	Nurs 700, Nurs 701
Corequisite:	Nurs 702

Course Description: This clinical seminar focuses on collaboration of interprofessional teams and the roles of advanced practice nurses within this collaboration. Development of a framework for identifying, implementing, and evaluating a collaborative effort is emphasized. Grade only.

NURS 750 Clinical Scholarship II

Credits:	3 semester credits (1 credit seminar, 25 hrs; 2 credits clinical 100 hrs.)
Prerequisite:	Nurs 700, Nurs 702, & Nurs 740
Corequisite:	Nurs 704

Course Description: Develop, implement, and evaluate culturally-sensitive approaches to improve health status/access patterns and/or address gaps in care of populations within a community of focus whether locally, nationally, or globally. Grade only.

NURS 760 Clinical Scholarship III

Credits: 3 semester credits (1 credit seminar, 25 hrs; 2 credits clinical, 100 hrs.)

Prerequisites: Nurs 700, Nurs 702, Nurs 704, Nurs 740, & Nurs 750

Corequisite: Nurs 706

Course Description: This course focuses on development of consultative and leadership strategies for use in implementing a clinical practice approach to a clinical nursing practice problem. The inter-professional context along with various information technologies and information systems will be considered. Grade only.

NURS 770 Clinical Scholarship IV: Capstone

Credits: 3 semester credits (1 credit seminar, 25 hrs; 2 credits clinical, 100 hrs.)

Prerequisites: Nurs 700, Nurs 702, Nurs 704, Nurs 740, Nurs 750 & Nurs 760

Corequisite: None

Course Description: This seminar and practicum focuses on accountability for advancing the nursing profession and contributing to the developing body of nursing practice knowledge. Addresses advocacy at all levels of policy implementation. Culminates in a successful oral defense of the capstone project. Grade only.

NURS 790 Continuing Clinical Scholarship

Credit: 1 semester credit

Course Description: Continuing enrollment for clinical scholarship study when not registered for other clinical scholarship courses. This course is to be used for registration while actively working with clinical scholarship/scholarly project advisor. May be repeated. Credits do not count for graduation. Prerequisite: permission of project advisor. Pass/No Credit

NURS 798 Continuing Registration

Credits: 1 semester credit

Prerequisites: Nurs 770 and consent of instructor.

Course Description: This course allows continuing enrollment in the Consortium DNP program to complete the capstone project. It continues registration after completion of all other course requirements and may not be used to meet any other program or graduation requirement. Grade only.

Grades

A grade of B is the minimum passing grade for each course. If a student does not receive a minimum grade of a B in any DNP course, the student will not be allowed to progress to the next courses in the plan of study until the course is repeated and completed with a minimum grade of B. Only one course can be repeated, and students are allowed to repeat a course only once during the academic program. If a student is required to repeat a course for academic reasons, a formal request to repeat the course and to continue the program with a new cohort of students must be submitted to the DNP Program Management Council (PMC). The PMC will admit students to a subsequent cohort on a "space available" basis.

Incomplete/In Progress Grades: A grade of incomplete (I) or in progress (IP) may be granted at the discretion of the lead instructor for the course and consistent with the institutional grade policy. Students must submit a request for a grade of incomplete prior to the end of the respective course. The uncompleted coursework must be completed and a grade of B or better assigned by the instructor prior to the end of the following semester. Any coursework that remains uncompleted by the end of the following semester will turn to an F grade. The student may not progress into subsequent courses until a satisfactory grade is submitted by the lead instructor. In rare situations, a student might receive an I/IP grade for a clinical course due to delays resulting from the clinical environment. These situations will be negotiated between the student and their advisor. The student may register for the subsequent clinical scholarship course and must complete the requirements for both courses within the semester.

Dropping Courses and Withdrawal: Dropping courses in the DNP program is not encouraged since the student will need to wait until the following year to complete the dropped course and continue the program.

If a student must drop a course, it is important that the student officially drops the course. Otherwise, the course will appear on the student transcript. Any course not officially dropped will be subject to institutional scholastic standards, and the student may receive an F for the course. Each class dropped after the fifth class day will result in a grade of withdrawal or W, which will appear on the student transcript. To drop all courses, which is considered an official withdrawal from the program, students must contact the graduate college at the parent institution for more information.

Transfer Credits

Transfer of doctoral level courses into the student's program of study can include coursework that substitutes for required courses or meets the requirements of elective coursework. Consistent with institutional and system policy, all coursework to be considered for transfer into the DNP program must be at the doctoral level from regionally accredited academic institutions and must be completed after the student is enrolled in the MnSCU Consortium DNP program.

Students must submit a formal request for transfer of credits to the PMC after approval from student's academic advisor. The request must be submitted prior to enrollment in the course and include a course description and syllabus. Final approval of a course to be transferred into the student's plan of study will be made by the PMC. A maximum of 4 credits can be transferred into the student's plan of study. Appeals may be directed toward the Chairperson of the PMC and will be reviewed on a case by case basis.

Time Limitation

All degree requirements including DNP Consortium credits, transfer credits, and all other program requirements must be completed with the five years prior to the awarding of the degree. Under exceptional extenuating circumstances, a student may submit a petition through their advisor and to the Program Management Council requesting an extension of the time limitation.

DNP Qualifying Examination/DNP Capstone Proposal Defense

The student's defense of the capstone/evidence based project proposal serves as the preliminary examination for the DNP program. The members of the DNP Capstone Project Committee may ask fundamental and developmental questions, which cover the first year of DNP coursework, at their discretion. This examination is intended to determine if a student is prepared and qualified to begin work on the capstone project. To be eligible to take the qualifying examination and defend the capstone project proposal, a student must have a DNP Capstone Project Committee in place and have completed the first two semesters of doctoral coursework as specified by the plan of study.

The approval/disapproval of the project by the student's doctoral DNP Capstone Project Committee will serve as documentation of the student's performance on the examination. If a student does not receive approval of the project proposal by the advisory committee, the student must correct any deficiencies and meet again with the DNP Capstone Project Committee. Students are allowed to repeat the qualifying exam/capstone proposal defense once. If the student fails to receive approval for the capstone project after the second attempt, the student is dismissed from the DNP program.

Once the committee has approved the capstone project proposal, that student is considered to have passed the qualifying examination. The process for selection of the capstone project advisor and committee and for development and approval of the proposal is included in the capstone project guidelines.

IRB Approval for Capstone Projects

It is the responsibility of the DNP student to seek guidance from his/her advisor regarding the Institutional Review Board (IRB) procedures for the capstone project. Generally, IRB approval is required if any human subjects are involved, such as for evaluation of project outcomes. IRB submissions are normally sent to the student's home institution and the agency where the data collection (or project) will occur. Generally, IRB approval is sought following the qualifying examination when the student's DNP committee has approved the proposal; however, projects may require different data collection timing, so the student should work with the advisor. IRB policies, directions, forms, and examples for consenting are found within each institution's website. All students must complete a Human Subjects education module.

DNP Comprehensive Examination/Final Capstone Project Defense

The final defense of the capstone project serves as the comprehensive examination for the DNP program. This examination serves to determine that the student has met all the requirements of the capstone project and has completed a project reflective of doctoral level academic and clinical work.

Approval of the final defense of the capstone project by the DNP Capstone Project Committee serves as documentation that the student has met all project expectations and is eligible for graduation, once all academic and clinical requirements have been met. If a student does not pass the exam, the student must correct any deficiencies and meet again with the DNP Capstone Project Committee. Students are allowed to repeat the final defense once. If the student fails the comprehensive examination a second time, the student is dismissed from the DNP program. Please see the DNP Capstone Project Guidelines for the guidelines for the capstone project and the final defense.

Students who do not complete the capstone project or do not pass the final defense of the project before completion of DNP program coursework are required to maintain registration in a minimum of one credit of coursework each semester until the final defense of the capstone is completed and approved by the DNP Capstone Project Committee.

DNP Scholarly Expectations

The nature of doctoral study necessitates that students take responsibility for their own learning. Many hours per week are devoted to reading, writing, and assignment preparations. Due to the on-line coursework, it is imperative that students prepare with being proficient in technology (e.g. completing the set-up wizard prior to synchronous classes, monitoring discussions on-line). Since synchronous course meeting times are less frequent, it is important that students attend and prepare in advance for these classes.

Timeliness of coursework is also essential. Instructors may deduct points for late assignments. Students may also do self-grading or self-reflection as a part of coursework; if there is a discrepancy between the student's self-evaluation and the instructor's evaluation, the instructor may override this score (and will notify the student).

Coursework in the DNP program builds on the MS knowledge. Therefore, students must apply information learned in their MS program, such as how to read research, levels of evidence for research, basic statistics, and clinical expertise.

Writing is an important skill in the DNP program. If students need a review of writing skills (and APA style), each institution has available resources, such as a learning center or writing lab. It behooves each student to use these resources, as needed.

DNP Clinical Scholarship Courses

The clinical scholarship courses are a sequence of four courses designed to provide DNP students with 400 hours of clinical experience with a preceptor and a setting for development and implementation of the DNP Capstone Project.

Clinical Preceptor: Each DNP student will select, with the input of their Initial DNP Academic Advisor or their DNP Capstone Project Chair, a preceptor for their 400 hour clinical experience. The preceptor must be an expert in the clinical, educational, or administrative area in which the DNP student wishes to develop expertise. There are currently very few nurses prepared at the DNP level who can serve as the clinical preceptor for DNP students. Therefore, the clinical preceptor will not necessarily be a DNP-prepared advanced practice nurse. Examples of persons who might fill the position of clinical preceptor include an advanced practice nurse or other professional with a doctoral degree; an advanced practice nurse with considerable experience and recognition as an expert in a particular clinical field; a MD with specialized training and experience; a nurse with an administrative position as the Director, Vice President, President, or CEO within a health care organization; a doctorally-prepared nurse educator; a nurse with a business or other degree; an advanced practice nurse in private practice; etc. The clinical preceptor must hold a position in the organization where he/she can facilitate the DNP student's access to organizational information, decision makers, and other personnel in order to complete the development and implementation of the DNP student's clinical project over a year practicum within the organization.

When possible and practical, the DNP student is encouraged to select a clinical preceptor outside of their current work setting. In large organizations, for example, the DNP student would be placed for the clinical scholarship courses with a clinical preceptor outside the department or unit where they are employed. The line between current employment and clinical scholarship hours and project(s) must be clear to the organization, the preceptor, the DNP Capstone Project Committee, and the DNP student. The selection of the clinical preceptor must be determined in consultation with the student's DNP Capstone Project Chair.

Clinical Site: The clinical site for the clinical scholarship courses is important to the development and implementation of the DNP Capstone Project. DNP students are encouraged to select a clinical site that can provide the facilities and expertise for their growth. The clinical site may be a hospital, a health care system, an insurance company, a public health agency, a school/college of nursing, a research institute, a nonprofit agency, or other organization. The home institution must have a contract with the clinical site. The DNP student should begin discussing possible clinical sites early in the DNP program so that the contract can be in place before the student begins the second semester of study. The Initial DNP Academic Advisor and/or the DNP Capstone Project Chair can assist with locating a suitable clinical site.

Following completion of each clinical scholarship course, a student evaluation will be completed by both the preceptor and the clinical faculty. Additional description of Clinical Practicum Requirements and DNP Project Guidelines are available in the DNP Nursing Student Handbook.

DEPARTMENTS

Biology
Chemistry
Computer Science
Composites Materials Engineering
Geoscience
Mathematics & Statistics
Physics

The College of Science and Engineering offers baccalaureate degree programs only. However, numerous graduate courses are offered in Biology, Chemistry, Geoscience, Mathematics, Mathematics Education, Physics, and Statistics to serve the continuing education needs of educators and other professionals.

MISSION

The College of Science and Engineering is committed to furthering 21st century advances in science, technology, engineering, and mathematics (STEM) by inspiring the next generation of innovators and teachers and by promoting research and scholarship across STEM disciplines. Through a broad range of major, minor, and pre-professional programs, as well as through basic skills, interdisciplinary, and research-rich learning environments, the College endeavors to ensure the success of all students.

College curricula are designed to provide meaningful, challenging educational experiences and to build deep connections between STEM experiences and disciplinary interests, career goals, and societal issues. To achieve these goals, the College strives to integrate curriculum with vital research in a range of settings, which include research conducted in Upper Mississippi River region environments as well as significant experience at nearby healthcare centers, regional manufacturing and composites industries, state-of-the-art laboratory and computing facilities, and area school districts. These learning experiences help students develop purpose and passion for lifelong learning.

COURSE DESCRIPTIONS

525/425 Animal Behavior - 3 S.H.

A study of how and why animals behave in the ways they do. Special attention is given to the observation and description of behavior and to the ensuing questions of immediate causation, development, evolution and function of behavior. Lecture and demonstration. Prerequisites: 308, 310, 312. Offered alternate years. Grade or P/NC.

545/445 Immunology - 3 S.H.

An introduction to the theory and practice of modern immunology. Emphasis on the immune response in humans. Prerequisites: 308, 310, Chem. 340. Offered yearly. Grade or P/NC.

560/460 General Parasitology - 3 S.H.

An introduction to the study of parasites of humans and domestic animals, and the etiology of associated pathologic states. Prerequisites: 308, 310 and Chem. 340. P/NC option for non-biology majors/minors only. Lecture and laboratory. Offered yearly. Grade or P/NC.

570/470 Histology - 4 S.H.

A microscopic study of animal cells, tissues, and organs and correlating structure and function. Emphasis is placed on the mammal. Laboratory includes microtechniques and histochemistry and the analysis of electromicrographs. Lecture and laboratory. Prerequisites: 308, 310, and Chem. 212, 213. Offered yearly. Grade or P/NC.

COURSE DESCRIPTIONS

PREREQUISITES: Prerequisites may be satisfied by equivalent 589/489 Special Topics 13 S.H. coursework or by consent of instructor. Exposure to mathematics education topics not included in other courses. Prerequisite: Determined by topics. (Not sure what this is doing here.)

MATHEMATICS

510/410 History of Mathematics - 3 S.H.

General view of the historical development of the elementary branches of mathematics. Prerequisite: 160 and 210. Fall. Grade only.

520/420 Numerical Analysis - 4 S.H.

Numerical solution of equations, numerical interpolation, differentiation, and integration, numerical linear algebra, numerical solution of differential equations with analysis and use of algorithms and related software.

Prerequisite: CS 231 or 234 and Math 260. Fall. Grade only.

530/430 Operations Research: Linear Programming - 3 S.H.

An introduction to linear programming, including the simplex method. Other topics chosen from duality, sensitivity analysis, and the transportation and assignment problems. Prerequisite: one calculus course. Recommended: one linear algebra course. Offered alternate years. Grade only.

535/435 Operations Research: Modeling - 3 S.H.

This course emphasizes mathematical modeling: problem identification and model construction. Topics chosen from among network flow analysis, nonlinear mathematical programming, queuing theory, simulation, integer programming, and Markov chains. Prerequisite: one calculus course.

Recommended: one course in probability and statistics, and more than one course in calculus. Offered alternate years. Grade only.

580/480 Special Topics - 1-3 S.H.

Exposure to mathematical topics not included in other courses. Prerequisite: Determined by topics. Offered on demand. Grade only.

600 Problems in Mathematics - 1-4 S.H.

Designed to allow post-baccalaureate students an opportunity to study mathematical topics in depth under the supervision of a faculty member. May be repeated to a total of 4 S.H. On demand. Grade only.

MATHEMATICS EDUCATION

589/489 Special Topics - 1-3 S.H.

Exposure to statistical topics not included in other courses. Prerequisite: Determined by topics. Grade only.

600 Problems in Mathematics Education -1-4 S.H.

Designed to allow post-baccalaureate students an opportunity to study mathematics education topics in depth under the supervision of a faculty member. May be repeated to a total of 4 S.H. On demand. Grade only.

STATISTICS

525/425 Modern Methods of Data Analysis - 3 S.H.

An introduction to the use of the computer as a powerful tool in data analysis. Topics will include statistical graphics, advanced regression techniques, curve fitting and smoothing, generalized additive models, CART, multivariate techniques, cross-validation and the bootstrap. Additional topics that may be covered are random number generation, regression trees and Monte Carlo simulation methods. Prerequisite: Math 165 and Stat 360. Offered alternate spring semesters. Grade only.

540/440 Epidemiology - 3 S.H.

A general introduction to the concepts and methods of epidemiology as they are applied in a variety of disease situations. Topics include modeling the disease process in a population; retrospective, prospective and observational studies; rates, ratios and data interpretation; and evaluation of epidemiological information. Prerequisite: An introductory statistics course. Offered alternate years. Grade only.

589/489 Special Topics - 1-3 S.H.

Exposure to statistical topics not included in other courses. Prerequisite: Determined by topics. Offered on demand. Grade only.

600 Problems in Statistics - 1-4 S.H.

Designed to allow post-baccalaureate students an opportunity to study statistical topics in depth under the supervision of a faculty member. May be repeated to a total of 4 S.H. On demand. Grade only.

601 Statistical Methods for Health Care Research 3 S.H.

Application and interpretation of statistical techniques in the health profession. Prerequisites: Stat 110 or equivalent and registration in a graduate nursing degree program. Offered yearly. Grade only.

COURSE DESCRIPTIONS

500/400 Seminars - 1-4 S.H.

This course consists of one or more seminars offered from time to time on a variety of topics of physics. Students may repeat the course under a different topic. Prerequisite: Consent of the instructor. Offered on demand. Grade only.

520/420 Control Theory - 3 S.H.

An introduction to the design, analysis and behavior of mechanical and electronic systems including study of the input and output characteristics and interactions of the functional blocks which comprise the system.

Prerequisites: P202 or 22, Math 330. Offered yearly. Grade only.

525/425 The Physics of Semiconductors - 3 S.H.

A study of the physics of semiconductors, pn junctions and transistors, fabrication of semiconductor devices including integrated circuits; and the electrical characteristics and behavior of these devices. Prerequisite: 551.

Offered every two years. Grade only.

530/430 Electromagnetic Theory I - 3 S.H.

Electrostatics including Gauss's Law and Laplace's Equation, Magnetostatics. Introduction to Maxwell's Equations. Prerequisites: 202 or 222 and Math 330. Offered every two years. Grade only.

531/431 Electromagnetic Theory II - 3 S.H.

A continuation of 530/430 with applications of Maxwell's equations to waveguides, optics, and special relativity. Prerequisite: Physics 530/430. Offered every two years. Grade only.

540/440 Mathematical Methods in Physics I - 3 S.H.

Partial differential equations of mathematical physics. Orthogonal functions. Fourier series. Prerequisites: Physics 202 or 222 and Math 330. Offered on demand. Grade only.

541/441 Mathematical Methods in Physics II - 3 S.H.

Eigenvalue problems. Sturm-Liouville theory. Matrix theory. Calculus of residues. Special functions. Laplace and Fourier transforms. Prerequisite: Physics 540/440. Offered on demand. Grade only.

551/451 Quantum Mechanics - 3 S.H.

A continuation of 223. Interpretation of wave functions. Systems in one dimension. Hermitian operators and angular momentum. Electron spin. Systems in two or three dimensions. Prerequisite: 223. Offered every two years. Grade only.

560/460 Undergraduate/Graduate Research - 1-4 S.H.

An opportunity for advanced physics students to work with a faculty member on an independent research project. A written report and oral presentation are required on the results of the research. Offered every semester. Grade only.

590/490 Individual Problems in Physics - 1-4 S.H.

An opportunity for the qualified advanced undergraduate or graduate to work independently. Topics may include research, development of special skills, selected readings, etc. Time arranged. Prerequisite: Consent of the physics advisor. May be repeated to a total of four credits. Offered on demand as an arranged class. Grade only.
