## FROM THE PRESIDENT

Congratulations to everyone gathered here today!

Congratulations to the students who have worked so hard for so long to achieve this goal. Behind your accomplishments is a story of courage, hard work, and commitment. Many of you have faced challenges that you thought would be insurmountable, yet here you are. You have had experiences here that have changed the way you look at the world and the way you look at yourself. This may have happened during study abroad or an alternative spring break project; or as a result of an internship, research project, or work-study experience; or because you participated in clubs, student government, music, theatre, dance, or athletics; or because of a mentoring relationship with someone on our faculty or staff. Your studies at Winona State University have opened up new ideas, new possibilities, new understandings, and even new worlds.

Congratulations to the family members and friends who have supported today's graduates. Thank you for being here to support your graduate on this special day and for entrusting your graduate to Winona State University. Your encouragement has made a tremendous difference in the lives of our students and in our campus community. The celebration of our graduates is a celebration of you, too.

And congratulations to those in the Winona State University community who have also given their all to help today's graduates achieve and succeed. Today is certainly a celebration of our students, but it is also a celebration of the dedication of Winona State's faculty and staff. Without you, none of this would be possible! Thank you for everything you do to make Winona State University such a distinctive place.

Our graduates know that Winona State University has a simple mission statement that sums up our essence: "a community of learners improving our world." Graduates, I hope that your time here was filled with pride in this community and with learning that enriched you in many ways. I also hope that you have only begun to improve our world.

Today marks the beginning of a new phase in your relationship with Winona State University. You have been a tremendous part of the life of Winona State, and we trust that we have been a tremendous part of your life as well. As your life progresses, our relationship with you will continue. This will be your home forever.

You became a Warrior the day you arrived on campus, and you will remain a Warrior forever.

A handwritten signature in black ink, which appears to read "S. Olson". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

# ALMA MATER

Hail! Winona

Lo, in Mississippi's waters,  
Blue the eternal sky;  
In our hearts, O Alma Mater,  
Clear thy spirit high!  
(Chorus)

Noble hills watch o'er the valley  
Where thy dwelling lies;  
Steadfast hearts, O Alma Mater,  
Guard thy destinies.  
(Chorus)

Ever shall tomorrow better  
What today hath won;  
Lead thy children, Alma Mater,  
On, forever on!  
(Chorus)

## CHORUS

Lift the chorus  
Send it ringing  
Far o'er hill and vale!  
Hail to thee, O Alma Mater!  
Hail, Winona hail!

*Words by Charlotte Chorpensing  
Tune "Annie Lisle," arranged by Paul Yoder*

## ACADEMIC COSTUME AND PROCESSION

The traditions of academic apparel and procession date back to as early as the 12th century when the first “modern” universities at Bologna and Paris were centers of European learning. The usual garb of the time was a long gown — a necessity for warmth in unheated buildings of that era. Scholars, generally members of church orders, wore such robes as well as hoods to protect their shaved heads. Later, the hood became a cape that could be pulled over the head in unpleasant weather.

Today there are three basic types of gowns and hoods. The bachelor’s gown has pointed sleeves and is designed to be worn closed at the front. The master’s gown is designed with an oblong sleeve, open at the wrist, with an arc cutaway at the front of the sleeve. It may be worn either open or closed. The doctoral gown is full with voluminous bell sleeves, and it also may be worn open or closed.

The hoods worn by those who hold a master’s degree are lined with the official colors of the institution awarding the degree. Graduates of WSU receive a hood lined with purple and white. WSU faculty and administration members wear hoods that show the colors of the institution where their degrees were obtained. The binding or edging of the hood is silk or velvet and the color indicates the subject area or discipline as listed below.

Caps retain the traditional black color but the various tassel colors each have meaning. Gold tassels indicate bachelor of science degree, white is for bachelor of

arts and black tassels indicate master’s and specialist degrees. Doctoral tassels are usually metallic gold.

Customs of the commencement processional vary a great deal. At Winona State University, the first to enter the auditorium at the start of the ceremony is the Marshal carrying the WSU Mace, followed by the stage party consisting of the president, guest speakers, deans of the colleges of WSU and other honored guests.

The degree candidates—the graduates—are next into the auditorium. The students process into the ceremony grouped by college and in alphabetical order. Each college of graduates is led in procession by a banner carrier who is academically one of the highest ranking juniors and who carries the banner for the particular college. The main WSU banner is also carried by a top tier junior and precedes the master’s degrees and where appropriate, sixth year and specialist degrees.

Within the individual colleges, the graduates march in order of their degree, first the associate degrees, then the bachelor’s degrees.

Following the graduates in the processional are the faculty and administration. They enter the auditorium in the order of their seniority at WSU. The retired faculty and administration are also invited to process and enter as a separate group in a place of honor.

A number of the graduates wear honor cords to signify exceptional academic achievement. The description of the honor cords and their criteria are listed on page 10.

### COLORS OF THE MASTER’S AND DOCTORAL HOODS INDICATE THE FOLLOWING DISCIPLINES:

*Thank You to the WSU Foundation!*

The purple robes worn by the Commencement Ambassadors and Banner Carriers at today’s ceremony were funded through a one-time Special Projects grant from the WSU Foundation, which exists to foster and support the advancement of Winona State University and its students.

## STUDENT SPEAKERS

*Kaitlyn O'Neill*

If Kaitlyn O'Neill has one regret about her college experience, it's that she didn't spend every single year at Winona State University.

Originally from New Prague, Minn., O'Neill first enrolled at University of Minnesota as a freshman. However, she longed for more of a sense of community and personal interaction. After visiting

friends who attended WSU and "loved it," she decided to trade in her maroon and gold for purple and hasn't looked back for a second.

"I am so happy with my choice to transfer and wish I had spent all five years on this campus," said O'Neill. "The relationships I created with my peers, professors, and WSU staff – it was something I had never experienced at the U of M."

The supportive and welcoming atmosphere at WSU empowered O'Neill to take chances and to find her voice. She felt comfortable branching out and trying new things.

"I always felt I had support from my professors and peers when I wanted to start something new," said O'Neill. "Whether I succeeded or not, I learned a lot. I was never alone in the process, and I was guided to exactly where I was meant to be."

O'Neill was active during her time at WSU as a member of the WSU Dance Team, an avid supporter of the Warrior football team, and one of the founding members of WSU's Love Your Melon club, a charitable organization that donates a hat to every child battling cancer in America.

She lives by the motto, "Be nice and work hard. Nothing can go terribly wrong with your day if you are simply nice to everyone and you work hard at whatever you're doing."

As O'Neill prepares for life beyond WSU, she's thankful for everything that has brought her to this moment, ready to take on the world.

"I have landed great internships, been a part of awesome experiences and volunteer opportunities, and met some amazing people. Without taking those chances I would not feel as ready for the real world."

*Mary Kay Haupt*

Winona State University gave Mary Haupt more than just a degree; it gave her the chance to make good on a lifelong dream.

Haupt's path to a master's degree has been anything but simple. She received her bachelor's degree in 1982, and spent years working in marketing and job training. She later switched gears to raise her three children, but as her youngest daughter entered school, she sought to pick up where she "left off."

A native of Pulaski, Wis., Haupt originally enrolled in a master's program at UW-Stout. However, after hearing so many people praise the WSU graduate program in Community Counseling, she made the switch to become a Warrior, enrolling in 2005 as a post-traditional student.

Haupt liked WSU so much, she jumped at the opportunity to work full-time at the university, deferring her academic pursuit temporarily. Then in fall 2012, she committed to attending classes fulltime, all the while continuing to work in the Student Life and Development area and completing an internship in Counseling Services.

"The Counselor Education department and staff helped me regain the confidence in my ability to do good in this world, something that I longed to do when I graduated in 1982 the first time," said Haupt.

Haupt said her favorite part about WSU is the people. Role models and mentors are "everywhere," she said.

"Everyone pulled for me from day one, and saw something in me that used to be there a few decades ago," said Haupt. "They pulled the happiness right out of me, and now you will see a glow that shows I'm right where I should be."

After finishing graduate school, Haupt hopes to work in mental health counseling, with the ultimate goal of being an educator or speaker.

Her advice to her peers as she graduates is to never give up. "A set-back just means a comeback, and to realize that knowledge of the world and yourself comes with time."

Sigma Theta Tau - International Honor Society of Nursing, Kappa Mu chapter - Purple cords - GPA of 3.5 or higher for graduate students and 3.2 or higher for undergraduate students

## *Organization or Service Cords*

African-American graduates wear a Kente cloth, a colorful stole dating back to 12th century royalty of the Asante people of Ghana. The Kente cloth honors those persons who represent the highest expression of esteem and dignity of African-American culture.

Purple, silver and white triple braided cords are worn by graduating members of the Student Senate who have provided at least one full semester of service, are in good standing with the Senate and have the approval of the Student Senate Executive Committee.

Red, white and blue cords are worn by graduating students who have served in the United States Armed Forces.

## THE PRESIDENTIAL MEDALLION

Each Winona State president has proudly worn the Presidential Medallion since it was created in 1967. It is more than the insignia of the office. It is a symbol of a people's faith in education, in the responsibility of the office and in the guardianship of the university by the State of Minnesota.

Floretta Murray, professor emerita of the Winona State College Art Department, designed the Winona State Presidential Medallion. The 1967-68 students proudly gifted this outstanding work of art to the college.

The symbolism of the medallion lies within the framework of the letters of "Winona State University," which encircle and bind together the inner symbols. At the center of the medallion is an equilateral triangle symbolic of science, literature and the arts. Through their unity man will survive. Within the triangle is a circle, depicting the endless movement of education, which represents the world and man, incomplete without knowledge.

At the apex of the triangle, aquamarine is symbolic of the Mississippi River and the 10,000 lakes of Minnesota. Topaz on the lower left represents the golden grain of this great state. At the lower right, garnet honors the pioneer citizens of Winona. In 1858 they asked the Legislature to establish an institution for higher education in Winona and, in addition, gave land from the city to provide a place for the university.

The segments outside the triangle are the diamond-set stars, which shine for L'Etoile du Nord, the Star of North, or the State of Minnesota. The trees to the left denote the great forests, while the flowing lines at the triangle's base symbolize our streams and rivers. The fire of the opal in the link to the chain stands for zeal, supportive of education as a social necessity. The purple alexandrite in the chain symbolizes the school color and the pride that our students and faculty have for the university. These gems were gifts of the citizens of Winona and Winona State faculty members as a mark of their esteem for the university and its memorable past.

## THE UNIVERSITY MACE

A mace is a staff borne as a symbol of authority. The person carrying the University Mace, known as the Marshal, is the President of the Winona State University Faculty Association.

The University Mace has a circular medallion placed atop a metallic sphere. Inscribed on the sphere are the words "Founded 1858," the date Winona Normal School, which later became Winona State University, was established. The sphere and medallion are attached atop a long staff. The medallion in the Mace is derived from the Presidential Medallion.

The powerful symbolism of the University Mace makes it a distinctive and valuable part of Commencement.

# WINONA STATE UNIVERSITY

*A community of learners improving our world*

The origins of Winona State University can be traced to the earliest days of the State of Minnesota. Although still a part of the nation's western frontier in 1858, settlers were rapidly populating the newly formed state. The Minnesota Legislature determined schools would be required for the state's children, and teachers would be needed to educate those students. Lawmakers passed an act calling for the establishment of a state normal school to prepare teachers.

When the citizens of Winona learned of the opportunity to be the home for the first state normal school, they raised \$7,000 in money and land nearly overnight. Because of the community's overwhelming support, Winona was quickly selected as the site for the first teacher training institution west of the Mississippi River. The Winona State Normal School held its first classes in 1860. As the school opened its doors, it began sending newly trained teachers out into the state to help meet the educational needs of its citizenry.

Throughout its history, the school's mission and goals have evolved to reflect the times and needs of the region and nation. Classes for students in Rochester were first offered in 1917. In 1921, the normal school became Winona State Teachers College, authorized to grant bachelor's degrees. Another name change, to Winona State College in 1957, reflected an expanded mission with the addition of bachelor of arts, master of science, and associate in arts degrees. In 1975, the institution earned full university status.

Winona State has grown into a vibrant university structured in five colleges: Business, Education, Liberal Arts, Nursing and Health Sciences, and Science and Engineering. Enrollment, including the Winona and Rochester campuses and the adult education and outreach programs, totals more than 8,700. Undergraduate degrees are granted in more

than 100 areas of study, while 28 graduate programs are offered, including the Doctor of Nursing Practice.

A comprehensive university that prepares students to be skilled, responsible, and active citizens, Winona State is recognized nationally as a leader in higher education. The university's innovative programs encourage active learning opportunities and respect for diverse ideas. Its incorporation of contemporary technology into the learning environment offers students many advantages in today's rapidly changing world.

As the university has evolved, the campus has grown. In 2014, WSU welcomed the Cal Fremling, a 49-passenger floating interpretive center and classroom dedicated to creating a greater understanding of the Mississippi River. This spring, the university accepted the donation of the Laird Norton Building, a 30,000-square-foot facility that will support the exhibition of campus and community art.

On the horizon, Winona State's Education Village aims to change the future of education. The proposed modern learning environment will prepare new graduates as they enter the ever-changing education system. The Education Village will build on the university's history as a world leader in education and renew national and international recognition for teacher education at Winona State University.

Winona State is as committed today to providing a future filled with opportunity as it was when it was founded more than 150 years ago. With a clear vision of quality education, the university continues to fulfill its contract to improve the lives of the people of Minnesota, the nation, and the world.

# WELCOME TO THE ALUMNI SOCIETY CLASS OF 2015

*"Staying connected with Winona State University and the alumni office has given me the opportunity to succeed professionally. The events the WSU alumni office holds allow me to connect with the ever-growing Warrior network. Having a degree from WSU is a powerful thing, and you never know who could be hiring."*

*Laura Lake '13*

The Society of the Alumni of the State Normal School at Winona was organized in 1875 under the leadership of William F. Phelps. The society's objectives were to promote the relationship between the institution and its graduates and pupils, as well as to advance their mutual interests and the cause of popular education in the state of Minnesota.

Today, Winona State University has issued more than 50,000 degrees in more than 150 years of existence. Our alumni and friends are spread across the USA and the world. As a member of the WSU Alumni Society you have the opportunity to:

**Share the Experience:** Each year, the Alumni Society awards a number of \$1,000 scholarships to qualified new incoming students who are related to a WSU Alumnus.

**Advance Your Career:** Career development is an ongoing, lifelong process. Take advantage of services offered to enhance your career, including assistance with job searches, career management, and free transcripts for all alumni.

**Share Your Knowledge and Connections:** As an alum, you can provide valuable professional expertise and assist in building bridges between students and employers. The Alumni College program offers the opportunity to return to campus and share where your education has taken you.

**Be Recognized:** Each year Winona State and the Alumni Society recognize individuals for their outstanding commitment to the university, its mission, and to improving our world. Distinguished Alumni Award recipients are graduates who have achieved prominence in their chosen field of endeavor and who have made significant contributions to the university, bringing honor to themselves and to their alma mater.

**Know Your Community:** Currents magazine is published three times each year and is distributed to WSU alumni, friends, parents, faculty, and staff. Keep up to date on campus news, faculty and student accomplishments, alumni achievements, and find out who got a new job, got married or had a baby!

**Stay Connected:** The office of Alumni Relations and the Alumni Society sponsor events, activities, reunions, and programs to help alumni stay connected to their alma mater and to each other. Our goal is to keep you, the alumni and friends of WSU, connected to this great institution.

*"Among lifelong friends, colleagues, and influential role models, I found my thirst for knowledge at WSU. Never stop learning. Whether that is professional development, trade skills, a new language, or an expansion of your new degree, continue to strive for something new. And if you've ever considered graduate school but don't have anything lined up then get on it! It is never too late. An education is something that can never be taken away."*

# PROFESSIONAL PHOTOGRAPHY SERVICES

To respect the dignity of the ceremony and allow all guests to see their degree candidates recognized, guests are not allowed on the floor of the arena and are requested to remain seated. Arrangements have been made with Lifetouch to photograph each degree candidate during the ceremony. Degree candidates will be able to review their images online 7 to 10 days after the ceremony. Questions regarding photographs should be directed to Lifetouch at 1-866-214-0468.

View and order portraits online at: [www.events.lifetouch.com](http://www.events.lifetouch.com).

*Capture the excitement of commencement for yourself and those special people who couldn't be there.*

## *A Community of Learners Improving Our World*

*Winona State University, founded in 1858, is the first of Minnesota's state universities as well as the first state-supported teacher training institution established west of the Mississippi River. As Minnesota's premier state university, WSU prepares students with high quality educational programs and student services in an all-inclusive learning community. Students experience rigorous programs and instructional excellence in an environment that respects diversity and fosters intellectual maturity.*
