ESTHER K. SMITH

## The Turning Point

Hiding from the gaze of the  
curious  
Lot's wife  
will not disclose her whereabouts.  
Damned by curiosity  
she remains  
in her tomb of salt  
forever paying the penalty  
of looking back  
as the fire raged  
the earth convulsed  
the acrid smoke  
stretched to the sky.  
Too inquisitive  
she stands in the desert  
unrevealed,  
the brooding Mount Sodom  
a silent witness  
watching over her.
