MALCA LITOVITZ

Whimsy

Take me back to white curtains
blowing in a fresh wind —
a Flower Power poster
with coils of snakes around its head.

Autumn leaves hang brown now on
branches,
but traces of white whimsy live in my
soul.

Malca Litovitz was an award-winning Canadian poet, highly respected professor of English literature and creative writing, editor and critic. Though no longer with us, her indomitable spirit, energy and courage live on in the memories of the many people who knew her — Malca's inner, reflective soul residing forever in her calm, lyrical poems.
