ABSTRACT

The purposes of this research is to know the Return On Investment (ROI), Financial Leverage (FL), and Price Earning Ratio (PER) partially or simultaneously were listed on the Indonesia Stock Exchange. The sample used consist of 39 financial statement of trading company in Indonesia Stock Exchange during 2013-2015. The results indicate that the variable Return On Investment (ROI), Financial Leverage (FL), and Price Earning Ratio (PER) simultaneous significantly affect Stock Return. Partially variable Return On Investment (ROI) and Financial Leverage (FL) significantly influence on Stock Return, while the variables Price Earning Ratio (PER) does not significantly affect Stock Return. This indicates that the increased Return On Investment (ROI) and Financial Leverage (FL) of the company, but there are still other influences beside the Return On Investment (ROI) and Financial Leverage (FL) of the Stock Return.

Keywords: Stock Return, ROI, Financial Leverage, PER

ABSTRAK

Tujuan penelitian ini adalah untuk mengetahui *Return On Investment* (ROI), *Financial Leverage* (FL) dan *Price Earning Ratio* (PER) secara parsial maupun simultan terhadap *Return Saham* di Perusahaan Dagang yang terdaftar di Bursa Efek Indonesia. Sampel yang digunakan terdiri dari 39 laporan keuangan perusahaan dagang yang ada di Bursa Efek Indonesia selama tahun 2013-2015. Hasil penelitian menunjukkan bahwa *Return On Investment* (ROI), *Financial Leverage* (FL), dan *Price Earning Ratio* (PER) secara simultan berpengaruh secara signifikan terhadap *Return Saham*. Secara parsial variabel *Return On Investment* (ROI) dan *Finacial Leverage* (FL) mempunyai pengaruh secara signifikan terhadap *Return Saham*, sedangkan variabel *Price Earning Ratio* (PER) tidak berpengaruh secara signifikan terhadap *Return Saham*. Hal ini menunjukkan bahwa meningkatnya *Return Saham* diimbangi dengan peningkatan *Return On Investment* (ROI) dan *Financial Leverage* (FL) perusahaan tersebut., namun masih ada pengaruh lain selain *Return On Investment* (ROI) dan *Financial Leverage* (FL) terhadap *Return Saham*

Kata Kunci: Return Saham, ROI, Financial Leverage, PER
