**2.26.18**

mirror green rivers thaw  
convex flows, smoothly  
alongside, our bodies gliding on  
powder blue skies disguise  
a vapor moon  
crisp evergreen branches soar  
through and to

dancing with the winding pavement  
weightless wanderings with purpose  
warm glittering sunlight streaks  
roaming  
dictated by the river

roughly five minutes  
in the background  
subconscious soothing calm  
unearthly tones fill my head

cement this moment  
melancholy melody transports peace to the future  
nostalgia jolts, piercing the present  
secret moments, collection of friends
