

The merits of videolaryngoscopy during glottic visualisation for endotracheal intubation

Citation for published version (APA):

Maassen, R. L. J. G. (2013). The merits of videolaryngoscopy during glottic visualisation for endotracheal intubation. Maastricht: Maastricht University.

Document status and date:

Published: 01/01/2013

Document Version:

Publisher's PDF, also known as Version of record

Please check the document version of this publication:

- A submitted manuscript is the version of the article upon submission and before peer-review. There can be important differences between the submitted version and the official published version of record. People interested in the research are advised to contact the author for the final version of the publication, or visit the DOI to the publisher's website.
- The final author version and the galley proof are versions of the publication after peer review.
- The final published version features the final layout of the paper including the volume, issue and page numbers.

STELLINGEN

behorende bij het proefschrift:

The Merits of Videolaryngoscopy during Glottic Visualisation for Endotracheal Intubation

- (1) The performance of videolaryngoscopy is superior to classic direct laryngoscopy in the easy and difficult airway (dit proefschrift)
- (2) Videolaryngoscopy will become the “golden”standard for all intubations, not only those predicted to be “difficult” (dit proefschrift)
- (3) A Cormack & Lehane grade III or IV equals failed direct laryngoscopy
- (4) Extralaryngeal manoeuvres may be a hindrance to endotracheal intubation (dit proefschrift)
- (5) Less need for the “difficult airway trolley” thanks to videolaryngoscopy
- (6) Videolaryngoscopy is as receiving a free upgrade of a hotel booking (dit proefschrift)
- (7) To err is human, to forgive is divine (Alexander Pope 1688-1744)
- (8) An old error is always more popular than a new truth
- (9) Een tevreden mens is schatrijk een ontevreden mens straatarm (Toon Hermans)
- (10) De stelling: “bezit is het einde van de droom” geldt niet voor het afronden van een promotietraject. Het biedt namelijk vele nieuwe inzichten en is het begin van nieuwe dromen.
