PHILADELPHIA, PA.

CONDUCTED BY THE
BROTHERS OF THE CHRISTIAN SCHOOLS

1932-1933

“Let it simply be asked, where is the security for prosperity, for reputation, for life, if the sense of religious obligation desert the oaths, which are the instruments of investigation in courts of justice? And let us with caution indulge the supposition that morality can be maintained without religion. Whatever be conceded to the influence of refined education on minds of peculiar structure, reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principles.”

—GEORGE WASHINGTON.

“The whole foundation of enlightened civilization, in government, in society, and in business, rests on religion. Unless our people are thoroughly instructed in its great truths they are not fitted either to understand our institutions or to provide them with adequate support. For our independent colleges and secondary schools to be neglectful of their responsibilities in this direction is to turn their graduates loose with simply an increased capacity to prey upon each other. Such a dereliction of duty would put in jeopardy the whole fabric of society. For our chartered institutions of learning to turn back to the material and neglect the spiritual would be treason, not only to the cause for which they were founded but to man and to God.”

—CALVIN COOLIDGE.

LA SALLE COLLEGE

HISTORY OF THE COLLEGE

In 1863, the late Most Reverend James Frederick Wood, D.D., then Bishop of Philadelphia, in conjunction with a committee consisting of Brothers of the Christian Schools, Reverend Clergy, and laymen obtained from the State of Pennsylvania a charter incorporating La Salle College in Philadelphia.*

Their aim was to supply within the limits of Philadelphia the need of a College for higher Catholic education.

The nucleus of La Salle College had already been formed in September, 1862, as the Christian Brothers' Academy attached to St. Michael's Parochial School, at 1419 North Second Street. When the number of students became too large for the accommodations afforded by the building on Second Street, the property at the northeast corner of Filbert and Juniper Streets was purchased in 1867, and classes continued there until June, 1886.

Owing to the constant increase in the number of students, the College was forced to seek for a more commodious site. The Bouvier mansion on Broad Street, above Girard Avenue, was acquired in December, 1882. In the following September the academic and preparatory departments of the College were transferred to this location, and on the completion of the school buildings, the collegiate and commercial departments were also removed.

Increasing numbers and the demands of modern education required another removal to a larger site, and in June, 1926, a tract of land at Twentieth Street and Olney Avenue was purchased for the erection of buildings which would meet these requirements. The College and Faculty Buildings were completed in June, 1929, and were occupied in September. Ground was broken for the College Gymnasium and the Preparatory School in May, 1929. These buildings were ready for use during the first semester of the school year 1929-1930.

*An act to incorporate La Salle College in the City of Philadelphia, Pa., approved March 20, 1863.

GENERAL REGULATIONS

DISCIPLINE

Parents and guardians are respectfully reminded that regular attendance and strict punctuality are essential to success.

If in any one term the number of absences in any subject exceeds twice the number of credit hours in that subject, the student shall be dropped. However, should the joint action of the Dean and the Professor concerned permit his continuance, he shall not be rated higher than seventy per cent in the specialty for that term.

ATTENDANCE

Classes begin at 9:00 A. M.

Students reporting late shall receive a "cut", equivalent to an absence. Each department may penalize absences and lateness by the assignment of grades and of extra work in any manner it may see fit.

Professors have the right to demand the recitations of omitted assignments.

Students are held responsible for information and notices posted on the bulletin board within twenty-four hours after posting.

Smoking is not permitted on the campus nor within one block of the College.

Students must procure all class requisites such as books, note paper, dissecting instruments, etc., before the class recitation begins.

ATHLETICS

Physical Education is required of all Freshmen students. Although the College encourages and supports a reasonable amount of interscholastic competition, it is always secondary to curricular activities. Students whose academic work is unsatisfactory are ineligible in such competition.

STANDING OF STUDENTS

1. A student will be listed as a member of the lowest class of which he has not fully satisfied the requirements.

LA SALLE COLLEGE

2. If at the end of any term, a student has grades of less than 60% in one-half of the credit hours of that term he shall be dropped.

3. A student will not be allowed to change from one course to another after the second week of the scholastic year.

4. If at the end of the year, a student wishes to change from one course to another, he may do so only with the approval of his advisor and of the Committee on Standing of Students.

5. Freshmen may carry two conditions to the Sophomore year, but these conditions must be removed at the condition examination held during the Christmas recess of that year.

A Sophomore may carry one condition to the Junior year under the same condition noted for Freshmen.

No Junior who has conditions or failures may enter the Senior class.

A "Credit" is defined as one hour of lecture or recitation, or two hours of laboratory work per week for one semester.

EXAMINATIONS AND REPORTS

A bulletin, based on the written examinations, is issued at the end of each semester.

All students awarded scholarships, in whole or in part, must maintain creditable rating in both tests and examinations, otherwise they will be dropped.

GRADES ARE APPRECIATED AS FOLLOWS:

95 to 100 Honors.

80 to 94 Excellent.

70 to 79 Satisfactory.

60 to 69 Condition.

Below 60 Failure.

Condition examinations will be held at the Christmas and Easter holidays and again in June. Students who fail in a condition examination must repeat the subject. Students who fail to report for a condition examination or who fail to remove conditions at the times appointed must repeat the subject. In either case the condition becomes a failure and declassification may result.

Students who receive a grade below 60% must also repeat the subject. Bi-monthly tests are given in all classes.

LA SALLE COLLEGE
