"The mere sharpening of wits, the bare training of the intellect, the naked acquisition of science, while they increase the power for good, likewise increase the power for evil. An intellectual growth will only add to our confusion, unless it is accompanied by a moral growth. I do not know of any source of moral power other than that which comes from religion. . . .

"The whole foundation of enlightened civilization, in government, in society, and in business, rests on religion. Unless our people are thoroughly instructed in its great truths they are not fitted either to understand our institutions or to provide them with adequate support. For our independent colleges and secondary schools to be neglectful of their responsibilities in this direction is to turn their graduates loose with simply an increased capacity to prey upon each other. Such a dereliction of duty would put in jeopardy the whole fabric of society. For our chartered institutions of learning to turn back to the material and neglect the spiritual would be treason, not only to the cause for which they were founded but to man and to God."

—CALVIN COOLIDGE.

LA SALLE COLLEGE

HISTORY OF THE COLLEGE

In 1863, the late Most Reverend James Frederick Wood, D.D., then Bishop of Philadelphia, in conjunction with a committee consisting of Brothers of the Christian Schools, Reverend Clergy, and laymen obtained from the State of Pennsylvania a charter incorporating La Salle College in Philadelphia.*

Their aim was to supply within the limits of Philadelphia the need of a College for higher Catholic education.

The nucleus of La Salle College had already been formed in September, 1862, as the Christian Brothers' Academy attached to St. Michael's Parochial School, at 1419 North Second Street. When the number of students became too large for the accommodations afforded by the building on Second Street, the property at the northeast corner of Filbert and Juniper Streets was purchased in 1867, and classes continued there until June, 1886.

Owing to the constant increase in the number of students, the College was forced to seek for a more commodious site. The Bouvier mansion on Broad Street, above Girard Avenue, was acquired in December, 1882. In the following September the academic and preparatory departments of the College were transferred to this location, and on the completion of the school buildings, the collegiate and commercial departments were also removed.

Increasing numbers and the demands of modern education required another removal to a larger site, and in June, 1926, a tract of land at Twentieth Street and Olney Avenue was purchased for the erection of buildings which would meet these requirements. The College and Faculty Buildings were completed in June, 1929, and were occupied in September. Ground was broken for the College Gymnasium and the Preparatory School in May, 1929. These buildings were ready for use during the first semester of the school year 1929-1930.

*An act to incorporate La Salle College in the City of Philadelphia, Pa., approved March 20, 1863.

LA SALLE COLLEGE

ENTRANCE

Application.—Application may be filed two or three years previous to entrance. Early application is recommended. Copies of the application blank may be obtained by writing to the Registrar, La Salle College, Philadelphia.

Vaccination.—All new students are required to present a Certificate of Vaccination.

Entrance Requirements.—Students are usually admitted upon presentation of satisfactory credentials from recognized secondary schools or by College Entrance Board Examinations. Candidates presenting other credentials may be admitted at the discretion of the Committee on admissions.

To be admitted as a regular student in the Freshman Class a candidate must show the following credit:

1. A total of fifteen units in acceptable college preparatory subjects.

2. Of the fifteen units at least eleven and a half must be in subjects in the following list: English, Mathematics, History, Economics, Foreign Languages, and the Sciences: Physics, Chemistry, Biology, Botany, Zoology, Physical Geography, and Physiology.

3. At least eight of the fifteen units must be distributed as follows:

English	3 units
History	1 unit
Algebra	1 unit
Plane Geometry	1 unit
Foreign Language	2 units

4. If only one unit of History is offered it shall be in American History or Civics.

5. If only two units of Foreign Languages are offered, they must be in the same language.

The term *unit* as used above is the usual college entrance unit.

LA SALLE COLLEGE

DISCIPLINE

Attendance.—A student who is absent in a course for any cause for a number of hours in a semester that exceeds twice the number of hours per week in which the course is given may continue in the course and take the examination only with the permission of the instructor. In any case he may not receive more than a passing mark in the course. Absence from an examination shall be considered a failure unless the student is excused before the examination by the President.

The College reserves the right to exclude at any time students whose conduct or academic standing it regards as undesirable, and to do so without assigning any further reason for such action. In such cases the fees due or already paid in advance will not be remitted or refunded in whole or in part. Neither the College nor any of its officers shall be under any liability whatsoever for expulsion.

Athletics.—Physical Education is compulsory for all freshman and sophomore students. Although the school encourages and supports a reasonable amount of inter-scholastic competition, this must remain secondary to curricular activities. Students, therefore, whose classwork is unsatisfactory are ineligible to take part in such competition.

STATUS AND CLASSIFICATION OF STUDENTS

Regular students are graduated and given the degree of Bachelor of Arts upon completion of 132 semester hours of college work. The pre-medical certificate is given upon the completion of 98 semester hours of college work taken exactly according to the general program for three-year pre-medical students and completed in not less than three years. Upon application the student may be awarded the pre-dental certificate at the completion of the regular freshman year.

At the beginning of any academic year:

1. A student who has to his credit fewer than 32 semester hours (or, if Physical Education is included, 34 semester hours) shall be classed during that year as a freshman.
2. A student who has completed the freshman year and has to his credit fewer than 64 semester hours (or, if Physical Education is included, 68 semester hours) shall be classed during that year as a sophomore.
3. A student who has completed the sophomore year and has to his credit less than 96 semester hours (or, if Physical Education is included, 100 semester hours) shall be classed during that year as a junior.

MAIN PORTAL

CHAPEL

LA SALLE COLLEGE

4. A student who has completed the junior year shall be classed during that year as a senior.

EXAMINATIONS

At the end of each semester one week shall be set apart for examinations in all departments. The passing mark for all subjects is 70 per cent.; the condition mark is 55 per cent. Students who are conditioned in any subject may take a condition examination at the time appointed by the Dean. If the student passes the condition examination he shall be given the grade of 70 per cent. If he fails in the condition examination or for any reason does not take it on the appointed date he shall be rated a failure in that subject and shall be required to repeat the course for credit. In no case may a student be given a second condition examination for the one failure. A fee of two dollars is charged for each subject in which a condition examination is given. A student whose mark is below 55 per cent. in the regular examination shall be considered a failure. He shall not be given a condition examination for any reason whatever, but shall be required to repeat the course for credit.

CHANGE OF COURSE

A student who discontinues a course after the first two weeks of the semester shall be considered a failure in that subject. A student who wishes to change a course between the time when his roster has been completed and the end of the second week of the semester may do so only with the permission of the Dean and of the instructors concerned.

HONORS

Students who attain the average of 95 per cent. in the majority of their college subjects are eligible to graduate *Summa Cum Laude*. Similarly for the average 90 per cent. in most of their subjects students are eligible to graduate *Magna Cum Laude*, and for 85 per cent., *Cum Laude*. A single failure or condition renders a student ineligible for any honors whatever.

FINANCIAL REGULATIONS

Tuition.—The tuition fee is payable in four equal installments. The first payment must be made upon the date of registration; others on or before the fifteenth of November, February and April.

Failure to Pay.—If a student fails to pay his fees and other charges in accordance with the above regulations, his name is dropped and

LA SALLE COLLEGE

he is excluded from lectures, recitations, and examinations until payment is made. The student shall be held accountable for all absences incurred through the operation of this rule. If payment in full is not made within three weeks of the date upon which charges are due, the student may be permanently dropped.

Return of Fees.—A student who withdraws on account of illness or other physical disability, shall be given a return of an amount which shall be such proportionate part of the term fees as the number of weeks in which he is not in attendance bears to the number of weeks in the academic session, provided such proportionate part be not more than one-half of the term's fees. Formal notice of withdrawal, together with the doctor's certificate, must be filed with the registrar. No fees shall be returned to students who are dismissed or are forced to withdraw because of scholastic deficiency.

Late Registration and Absence.—Neither late registration nor absence during the semester shall entitle the student to a reduction in fees.

Graduation and Transcription of Credits.—No student shall be graduated or issued a transcript of credits who has not satisfied in full all his financial obligations. A commencement fee of thirty dollars is required of all candidates for the degree; a commencement fee of twenty dollars, of all candidates for a certificate. A student is entitled to one transcript free of charge. For every additional one a fee of two dollars is charged.

Payment.—Remittances are payable in cash, or by check drawn for the exact amount to the order of La Salle College. All fees are payable in advance at the office of the Treasurer.

Departments

LA SALLE COLLEGE

ACCOUNTING

1. *Accounting*.—This course is built up along the methods of modern accounting practice. It is developed from the balance sheet approach. The course includes: balance sheet; profit and loss statement; debit and credit; the account; the ledger, the books of original entry; closing accounts; and related topics.
(3 hours, 2 semesters.)
2. *Accounting*.—This course covers the principles of higher accounting. A study of the corporation is made. It includes: records and accounts peculiar to a corporation; elements of manufacturing accounts; perpetual inventory; voucher system and payroll methods; reserves and surplus; sinking funds; income summary; the balance sheet; assets and liability; depreciation; liquidation of a corporation; mergers; and related problems.
(3 hours, 2 semesters.)
3. *Accounting*.—Lectures and discussion on the theories underlying Cost Accounting, its relationship to financial books, the handling of materials, labor records and methods of wage payment, the distribution of indirect expenses, and the treatment of selling and administrative expense.
(3 hours, 2 semesters.)
4. *Accounting*.—This course aims to give the general principles of auditing including the qualifications duties, and responsibilities of the public auditor, the procedure of the audit and the preparation of reports.
(3 hours, 2 semesters.)

BIOLOGY

1. *General Botany*.—An introductory course including in the first semester, a study of the form, structure and life processes of flowering plants. The second semester embraces life-history studies in the lower types of plant life; bacteria, algae, fungi, liverworts, mosses, ferns, cycads, conifers and the leading groups of angiosperms are studied in evolutionary sequence. Laboratory work is supplemented by plant analysis. (2 hours lecture and 2 hours laboratory, 2 semesters.)

LA SALLE COLLEGE

2. *General Zoology*.—An introductory course dealing with the characteristics of living matter, cell structure, the comparative anatomy of leading phyla of animals, problems of heredity, etc, together with a review of significant animal types from the protozoa to the higher mammalia. (2 hours lecture and 2 hours laboratory, 2 semesters.)
3. *Mammalian Anatomy*.—A course primarily intended for training in dissection. The cat is used as material. Prerequisite, Biology 2. (1 hour lecture and 2 hours laboratory, 2 semesters.)
4. *Osteology and Myology*.—A course designed to familiarize students with the close mechanical inter-relation between bones and muscles, and with complicated anatomical terminology. Prerequisite, Biology 2 and 3. (1 hour lecture and 2 hours laboratory, 1 semester.)
(Omitted 1931-32.)
5. *Histology*.—This course is designed to acquaint the student with the characteristics of various groups of tissues, with special reference to the human body. Prerequisite, Biology 2 and 3. (2 hours lecture and 4 hours laboratory, 1 semester.)
6. *Embryology*.—The fundamental processes underlying the development of vertebrates. Morphological changes which occur in the frog and chick embryos will form the basis of instruction. Prerequisite, Biology 2, 3 and 5. (2 hours lecture and 4 hours laboratory, 1 semester.)
7. *Bacteriology*.—The general morphology and physiology of the true bacteria with special reference to pathogenic forms. Prerequisite, Biology 1 and Chemistry 1. (1 hour lecture, 2 semesters.)
8. *Cell Physiology*.—The laws of energetics and thermodynamics and their application to lyophilic and lyophobic colloids; the application of these fundamentals to the living cell. The emphasis is placed on permeability, anabolism and katabolism. Prerequisite, Biology 1 and 2, Chemistry 1 and Physics 1. Chemistry 6 should precede or accompany this course. (1 hour lecture and 2 hours laboratory, 2 semesters.)

LA SALLE COLLEGE

9. *Invertebrate Concerned With Disease*.—Animals as casual factors in human diseases; the relationship of the Protozoa, round worms, flat worms and arthropods to human and animal physiology. Prerequisite, Biology 2. (1 hour lecture and 2 hours laboratory, 1 semester.)
10. *Materia Medica*.—The origin, isolation, recognition and utilization of the principal materials used in medicine that are derived from plant or animal sources. Prerequisite, biology 1 and 2.
(Omitted 1931-32.)
11. *Biological Micro-Technique*.—The methods of preparing plant and animal tissue for microscopic study; ordinary and special methods of fixing, embedding, cutting, staining and mounting; free-hand, celloidin and paraffin technique. Prerequisite, Biology 1 or 2. (1 hour lecture and 2 hours laboratory, 1 semester.)
12. *Organic Evolution and Genetics*.—A lecture course outlining briefly the history of the development of evolutionary science and presenting the evidences of organic evolution together with the leading theories advanced, such as those of Lamarck, Darwin, DeVries and Nageli; the scope and method of genetics or modern experimental evolution; Mendel's laws of heredity as applied to plants and animals. Prerequisite, Biology 1 and 2. (2 hours lecture, 1 semester.)
13. *Cytology*.—An advanced course concerned with studies in plants and animal cell structure; the role of the cell in heredity; the cytological basis of Mendelism and Weismannism. Prerequisite, Biology 1, 2, 11 and 12. Biology 8 should precede this course. (Hours to be arranged by the professor in charge.)
(Omitted 1931-32.)
14. *Taxonomy of the Spermatophytes*.—An advanced course in the classification of seed plants; the distinguishing features of the leading families of the higher plants in evolutionary sequence. Prerequisite, Biology 1. Biology 15 should accompany this course. (1 hour lecture and 2 hours laboratory supplemented by excursions, 2 semesters.)
(Omitted 1931-32.)

LA SALLE COLLEGE

15. *Field Botany*.—A field survey of the phanerogamic and cryptogamic flora of Philadelphia and vicinity supplemented by lectures on the methods of preserving and classifying plants. Prerequisite, Biology 1. (Hours to be arranged by the professor in charge, 2 semesters.)
(Omitted 1931-32.)
 16. *Field Zoology*.—A course corresponding to Biology 15 concerned with the fauna of Philadelphia and environs. Prerequisite, Biology 2. (Hours to be arranged by the professor in charge, 2 semesters.) (Omitted 1931-32.)
 17. *General Biology*.—A brief study of life processes in plants and animals. (2 hours lecture and 2 hours laboratory, 2 semesters.)
 18. *Economic Biology*.—The relation of plants and animals to human welfare and man as a factor in the environment of plants and animals. Prerequisite, Biology 1 and 2, or 17. (2 hours lecture, 1 semester.) (Omitted 1931-32.)
 19. *Anthropology*.—A lecture course dealing with the "science of man and his works;" the origin and classification of the living races; language, the spread of the alphabet, the beginnings of civilization and its subsequent growth and development. Prerequisite, Sophomore standing. Should be preceded or accompanied by Biology 12. (2 hours lecture, 2 semesters.) (Omitted 1931-32.)
 21. *History of Biological Science*.—The philosophical beginnings of biology among the early Greeks and its subsequent development; the principal epochs in its history; the influence of the cell theory and the evolutionary theory on modern thought; the rise of the "research method" and the present day fields of active biological investigation. Prerequisite, Biology 1, 2 and 12. (A reading course, hours to be arranged by the professor in charge.)
- Biology Seminar*.—A seminar is conducted at stated times throughout the year the purpose of which is to further the work of the department. Visiting professors are invited to address the seminar group. Papers are read by the students.
