## CERTIFIED DRINKING WATER TESTING LABORATORIES (1989 Update)

Joseph L. Taraba  
Associate Extension Professor and  
Extension Specialist for Agricultural Engineering

The following is a list of testing laboratories certified by the Commonwealth of Kentucky for the testing of drinking water through the Department of Environmental Protection, Division of Water, Drinking Water Branch. The areas of certification have been noted for each laboratory. This list is complete as of September 18, 1989.

The certification means that the testing procedures, laboratory facilities, and proficiency of testing meet state standards. Contact the laboratory before sampling the water. The laboratory will supply a sampling container (or suggest a type of container to use) and explain the procedures for taking a water sample for each type of test requested. Follow the procedures exactly so that the laboratory results from the water sample will be accurate.

CERTIFIED WATER TESTING LABORATORIES

LABORATORY

AREA OF CERTIFICATION:

A & L Agricultural  
411 North Third Street  
Memphis, Tennessee 38105  
Phone: (901) 527-2780

Inorganics\*  
Organics\*  
Trihalomethane  
Sodium  
Corrosivity

Aqua Tech Environmental Consultants  
P. O. Box 76, State Route 100  
Melmore, Ohio 44845  
Phone: (419) 397-2222

Inorganics\*  
Organics\*  
Trihalomethane  
Sodium  
Corrosivity  
Regulated Volatile Synthetics  
Vinyl Chloride  
Unregulated Volatile Synthetics

Beckmar Environmental Laboratory  
Professional Towers-Suite 309  
4010 Dupont Circle  
Louisville, Kentucky 40207  
Phone: (502) 896-9505

Bacteriology  
Inorganics\*  
Sodium  
Corrosivity

Burmah Technical Services  
15199 Community Road, P. O. Drawer 2609  
Gulfport, Mississippi 39505  
Phone: (601) 863-3036
