# NEW from HEIN on MICROFICHE!

Save valuable space! At last . . .  
a permanent solution to your superseded volumes!

For law libraries, where regularly updated material is the norm, the storage and handling of outdated and superseded material can cause expensive space problems. At the same time, these "esoteric" volumes represent a valuable source of information to the legal researcher and scholar, to help them understand the thinking and conditions and how they have changed over the years. In addition, court opinions may cite the volumes that have been replaced by later revisions, yet the researcher may need to research that earlier work. Hein's new microfiche product offers a space-saving, economical alternative to help law libraries manage these outdated, yet historically valuable collections.

William S. Hein & Co., Inc. is pleased to announce the availability through a special microfiching agreement of the archive file for:

Item #401191 (Please refer to this number when ordering)

**WEST'S FLORIDA STATUTES ANNOTATED**, all superseded volumes to date \$828.75

Item #401480 (Please refer to this number when ordering)

**WEST'S LOUISIANA STATUTES ANNOTATED**, all superseded volumes to date \$1,443.00

Item #401930 (please refer to this number when ordering)

**MISSISSIPPI CODE ANNOTATED, 1972**, all superseded volumes to date \$95.00

Future superseded volumes will be microfiched and supplied automatically five years after publication of their replacement. The fiche is available on standard NMA 24x type 2B negative polarity diazo. Cost of carriage not included; taxes where applicable.
