Constitution and By-Laws

THE LAWYERS CLUB of the University of Michigan was founded in 1922 by Mr. William W. Cook of the New York bar, without a formal charter. Thereafter, in 1923-1924 he erected the first building as a center for its activities and named it The Lawyers Club. This building was put into use for the first time in the fall of 1924. In 1930 Mr. Cook added a second building, which he named the John P. Cook Building, in memory of his father.

The property used by the Club in its activities is vested in the Regents of the University of Michigan in trust. Its management, and the management of the Club generally, are vested in a Board of Governors. It is stipulated in the instrument of gift that "going prices shall be charged for room and board" and that members of the Club, whether residing in the building or not, shall be charged annual dues to be fixed by the Board of Governors. It is also stipulated that all membership dues and all profits derived from the operation of the Club buildings "shall be used exclusively for legal research, to be expended from time to time as the governors deem best."

The Board of Governors, as it was originally constituted by Mr. Cook, consisted of the Dean of the law faculty, *ex officio*, who was to be President of the Board, and four members of the law faculty, who were to be chosen by the Regents of the University of Michigan.

In 1925, with the consent of the donor, the Board of Governors was reconstituted to consist of the Chief Justice of the Michigan Supreme Court, one Regent, two members of the law faculty, two practicing lawyers, and two law students. In 1926 there were added, likewise with the consent of the donor, one elected member of the Supreme Court of Michigan and the President of the University of Michigan.

In 1932 the Board of Governors of The Lawyers Club filed the following Articles of Incorporation and was granted a corporate charter under the General Laws of Michigan.

4. Any member of the bar in good standing who has been vouched for by two Honorary or Lawyer members of the Club shall be eligible for Lawyer membership.

The name of any member of the bar who has been proposed for membership shall be submitted to the Lawyer Membership Committee by mail, or otherwise, for its approval and it shall vote upon his name by mail, or otherwise, within thirty days after the same has been submitted. 2. The president shall be a third-year student-resident who resided at the Club during the year immediately preceding his election.

3. The executive council shall consist of the two Student members of the Board of Governors, *ex officio*; and three third-year students and two second-year students, all of whom shall be residents of The Lawyers Club, to be elected, as hereinafter provided, by the Student members of the Club.

5. Nominations for election to the offices of president and member of the Executive Council shall be made in the following manner: As soon as practicable after the opening of school in each year, a Nominating Committee composed of the two faculty members of the Board of Governors and the remaining student member thereof shall receive nominating petitions from student members of the Club. This Committee

¹ As amended April 20, 1940.

shall publish the requisites of such petitions and the date or dates on which they will be received. The Committee shall review each petition and shall have the power to disapprove any nomination for cause. The Nominating Committee may make such additional nominations as it deems desirable to supplement those made by direct petition. Members nominated by the Committee shall be notified of their nominations a reasonable time prior to the election. The members nominated by petition and not disapproved, plus those nominated by the Committee, shall constitute the total body of candidates for office.

As soon as practicable after the nominating procedure has been completed, a special meeting of the second- and third-year members of the Club shall be called for the election of officers, at which a ballot bearing the names of the candidates shall be distributed. *Provided*, however, that if the total number of candidates for president exceeds three third-year student members; or the total number of candidates for member of the executive council exceeds seven third-year members and six second-year members, a primary election shall be held to reduce the number of candidates to those maximums.

The president shall be chosen from among those nominated for that office. The members of the executive council shall be chosen from among those nominated for the office of president and not elected to that office and those specifically nominated for the office of executive councilman. A majority vote of all those voting shall be necessary to the election of the president; provided, however, that in case none of the nominees re-

ceives a majority vote on the first ballot, the nominee receiving the smallest number of votes on that ballot shall be dropped from the list and a second ballot taken on the two remaining nominees. In the case of members of the executive council a majority vote shall not be necessary, but the three third-year students and the two second-year students receiving the highest number of votes shall be declared elected. Second- and third-year students only shall be eligible to vote.¹

6. The president shall be chairman of the executive council and shall preside at all its meetings and at all meetings of the Student members of the Club. He shall perform such other duties as are usually incident to the office which he holds but shall have no vote except in the case of a tie.

7. The executive council shall elect a vice-president and a secretary-treasurer from among its own members. The vice-president shall perform the duties of the president during his absence or incapacity. The secretary-treasurer shall keep the minutes of the council, collect such funds as come within the control of the council and disburse the same on its order, and perform such other duties as may be prescribed by the council.

8. The executive council shall have authority to provide for the appointment of such committees as it may deem necessary to carry out its functions. Membership in such committees need not be limited to members of the executive council, but each committee shall have a member of the executive council as its chairman. Sub-

ject to approval by the Board of Governors of this corporation, the executive council may make and enforce regulations for the discipline, conduct, and welfare of the student members residing in or using the Club buildings, and may levy and collect dues to enable it to carry on its functions.

9. The number of regular meetings to be held by the executive council and the time for holding such meetings shall be determined by the council. Special meetings may be called at any time by the president and shall be called by him upon the request of two members of the council. The presence of six members shall be necessary to constitute a quorum for the transaction of business at any meeting of the council.

C. Guest Privileges

Guest privileges may be extended to members of the bar in good standing and to distinguished guests of the University at the request of any member of the Board of Governors of this corporation. Guest cards for this purpose shall be issued on such request by the Secretary of this corporation.
