VOLUME LXV

Special Issue (JANUARY 1969)

FINAL REPORT TRINITY COLLEGE CAPITAL CAMPAIGN

July 1964 — June 1968

Trinity College has achieved signal success in its recently completed Capital Campaign. As of June 30, 1968 a total of \$7,624,163 had been received in cash and other gifts qualifying for the Ford Foundation Challenge Grant. This is in excess of the \$6,600,000 minimum requirement by a gratifying margin. Another \$1,015,770 in pledges and letters of intent will swell the total when paid, presumably within the next year or so. Furthermore, gifts totalling \$1,028,500 had been received during the first year of the Campaign, which preceded the three-year Ford Challenge period. The Ford Foundation grant amounted to \$2,200,000. Thus, a grand total of \$11,868,433 has been contributed or pledged to the College during the whole Campaign period from July 1, 1964 to June 30, 1968.

When Trinity started off in 1964 to raise \$7 million it was in an atmosphere of high hopes. Yet some wondered if this institution, which had struggled so hard to raise almost \$4.7 million in a campaign ended as recently as 1958, could now hope to raise an amount much greater only six years later. Of this we were certain, that Trinity, in order to maintain its position of excellence, had to have better facilities in the Life Sciences and for athletics. The College also had to continue to work for higher faculty salaries and student scholarships if it was to fulfill its mission of offering the finest quality of higher education. Thus, perhaps it was necessity more than any other factor that brought Trinity College to a fund raising level it never dreamed it could achieve only four short years ago.

Extraordinary success was achieved because of extraordinary events and extraordinary people. Approximately one year after launching of the Campaign, the whole College community and particularly the Campaign Organization were electrified by the news of the Ford Foundation Challenge Grant. This offered Trinity College up to \$2,200,000 if it would raise an amount of three times that figure or \$6,600,000. It allowed a three year period from July 1, 1965 to June 30, 1968 to do so. This, of course, opened up a whole new campaign as well as broad new horizons.

Extraordinary people were evident throughout the Campaign Organization which numbered over 1,000 men and women. These were the people that sallied forth, pounded pavements, rang doorbells and carried the Trinity story in communities stretching from coast to coast. They attended over 200 meetings and directly interviewed in excess of 3,000 individuals. The remarkable results of their efforts will stand as testimony to their dedication.

Extraordinary too were the donors, for their generous response to the Trinity story was one far above and beyond what the entire College family would have thought possible at the outset of this Campaign. When they thought of Trinity their commitment was deep indeed. It is now with them in mind that the College publishes this book of gratitude.

Had it not been for the exemplary generosity of so many wonderful supporters of Trinity, one wonders if any of the magnificent facilities for learning would presently be rising on the Campus. Instead these thousands of gifts—some larger, some smaller, but all generous have now permitted Trinity to take a giant step forward. The magnificent new Life Sciences Center was named in honor of Trinity's fourteenth President who retired on June 30, 1968 as the Campaign ended. It will offer the finest facilities for developing pre-medical, biology and psychology students. The rapidly rising Ferris Athletic Center will benefit the entire student body with better year round athletic and recreational facilities. Endowment for faculty salaries, student scholarships and the Watkinson Library have all been strengthened.

We present in the following pages a statistical tabulation of the disposition of funds, a listing of the organizational Steering Committee and Area Chairmen as well as a listing of all contributors.

Some observations relative to the source of funds are in order:

The Trustees contributed by far more than any other single group. Their exemplary generosity accounted for a stunning 28.5% of the total money raised. This amount, however, does not include the many, many dollars they successfully solicited from other individuals and corporations. The entire Trinity community is more than grateful for this wholehearted commitment and leadership.

Alumni other than Trustees contributed 16.3% exceeding by a factor of three times the amount they contributed in the Program of Progress Campaign in 1956-58. When combined with the gifts of Trustees who are Trinity degree holders, alumni in toto contributed well over \$3,000,000 after accepting a goal of \$2.2 million in 1965!

Parents, many of whom were saddled with high educational expenses provided better than twice the amount of support from that source in the Program of Progress of 1956-58. Together with Friends of the College, we thank them for the more than \$1,000,000 they collectively provided.

Corporation support continued to be exemplary for Trinity as it has been in the past by amounting to over one million dollars. Trinity can be proud of the fact that it is a leader in corporate support for colleges of its size. For the success achieved in this campaign, the College is deeply grateful for the time and effort so successfully expended by Mr. Olcott D. Smith, Chairman, Aetna Life and Casualty and Mr. William P. Gwinn, President of The United Aircraft Corporation and Life Trustee of the College.

Foundations were an area wherein some real headway was made. In addition to the Ford Foundation grant of \$2,200,000, well over \$1,100,000 was received from these sources. The most heartening development was that Trinity proved itself worthy of support from many foundations from whom it received grants for the very first time. This should enhance the possibilities for support from these same sources in the future.

In addition to expressing the College's gratitude to its many alumni and friends that made possible outstanding fund raising success, this

report seeks also to convey another message—that the efforts of the last four years have intensified the loyalty of the Trinity College family as a whole. In addition, new loyalty and leadership was discovered that in all probability will develop into a great asset for the College's future development efforts. Importantly too, the extensive publicity accorded Trinity throughout the country has helped it to become even more widely known to the general public as well as to prospective students. During the entire effort the College sought and, we feel, succeeded in reaffirming its concern for offering the very best mental, spiritual, and physical development to every one of its students.

On July 1, 1968, Trinity College welcomed a new President when Dr. Theodore D. Lockwood '48 took over the helm of a distinguished institution strengthened by the 15-year stewardship of Dr. Albert C. Jacobs.

The contributors to whom we are so grateful, listed on the pages that follow, represent the broad base of support upon which Dr. Lockwood can depend as he moves the College into a new era of greatness.

DISPOSITION OF FUNDS RECEIVED TRINITY COLLEGE CAPITAL CAMPAIGN

July 1, 1964 — June 30, 1968

	<i>Budget</i>	<i>Actual</i>
Endowment	\$ 4,200,000	\$ 2,215,694 ²
Jacobs Life Sciences Center	2,400,000	3,550,000 ³
Ferris Athletic Center & Fields	2,200,000	2,783,113 ³
Library Expansion & Improvement	440,000	477,782
Annual Funds Purposes	775,000	680,625
Valuation of Gifts in Kind	—	189,179
Campaign Expenses	— ¹	559,602
	<u>\$10,015,000</u>	<u>\$10,455,995⁴</u>

1. No actual amount budgeted other than a reasonable percentage of the amount raised.
2. Includes \$642,196 in Life Income funds.
3. Contract prices, final bills not as yet rendered.
4. Although the Campaign succeeded in raising some \$11,868,433, much of the money received qualifying for Ford Foundation matching funds was for very desirable purposes, although not necessarily those of the Campaign. Over the four year period approximately \$1,412,438, which represents the difference between the \$11,868,433 of funds raised and the \$10,455,995 total disposition of funds, was restricted for such purposes as scholarships, grants-in-aid, study grants, prizes, lectures, recitals and other current expenditures that help maintain and improve the excellence of Trinity College.
