

The Trinity Tripod

VOL. III. No. 47.

HARTFORD, CONN., TUESDAY APRIL 30, 1907.

PRICE, FIVE CENTS.

TRINITY DEFEATED BY NEW YORK UNIVERSITY.

Fourteen Inning Game.

The Trinity baseball team met defeat at the hands of the New York University team in New York last Saturday. It was necessary to play fourteen innings before the deciding score of 3 to 2 was made. The diamond at University Heights was in very poor condition, but notwithstanding this, a fast exhibition of the national game was seen. The Trinity men played better ball, then they have before this year, and it was simply a hard luck game from the Trinity standpoint. Badgley was in the box for Trinity and allowed but six hits throughout the entire fourteen innings, while the Trinity fellows succeeded in getting eight hits off MacDonald.

The score: RHE
T. 0 1 0 0 0 1 0 0 0 0 0 0 0—2 8 4
NY 0 0 0 0 1 0 1 0 0 0 0 0 0—3 6 3
Batteries, Badgley and Smith for Trinity, MacDonald and Mowen for N. Y. U.

THE SECOND TEAM LOSES IN CLOSE GAME.

Rockville Volunteers 5, Second Team 3.

The second team lost to the Rockville Volunteers, Saturday, with the score of 5 to 3. Morrow was in good form and except for his inability to locate the plate at times, pitched a good game. Ten of the Rockville team were struck out. His work at the bat was of high order as two singles were credited to him. Eaton played well at first base and got a safety also.

For Rockville, Pinney the catcher and Captain, directed the team in good style and scored two of the runs.

Score: R H E
Trinity 0 0 2 0 0 0 1 0 0—3 6 5
Rockville . . . 2 0 0 0 1 0 0 2 x—5 3 1

INTERCLASS MEET.

The annual spring interclass meet will be held on Saturday, May 4th. All entries must be handed in to Manager Edsall before Thursday noon.

The list of events is as follows: 10, 220 and 440-yard dashes, 880, one mile and two mile runs, 120 and 220-yard high and low hurdles, broad and high jump, putting the shot, throwing the hammer and the discus. The class winning this meet is awarded the Leffingwell Cup, presented by E. DeK. Leffingwell of the class of 1905.

One of the purposes of this meet is to try out the track material for the varsity team and men will be picked for the Worcester meet who show up well in this meet, so let everybody come out and show what they can do.

The work upon the tennis courts, the completion of which we are eagerly awaiting, will be started this week.

ATHLETIC ASSOCIATION MEETING.

There was a meeting of the Athletic Association Monday evening in the Latin Room. It was called to order at 7 o'clock by Chairman G. Cunningham '07. The first thing in the order of business was the election of an assistant baseball manager to fill Mr. Livingston's place, he having recently resigned owing to pressure of work. The candidates were Messrs. Hart, Harriman, Creedon, and McGinley, all of the class of 1909. Mr. McGinley was elected.

Mr. McGuyer '08, was unanimously elected basketball manager, and Messrs. Creedon and Plant were nominated for assistant basketball manager. The ballot gave the position to Mr. Creedon.

The meeting, before adjourning, transacted some business relative to encouraging men to join the Athletic Association. It was also voted to hold the track meet with Wesleyan here according to its terms.

The meeting was adjourned at 8 o'clock. The gathering was characterized by large attendance and considerable enthusiasm.

NEW PHYSICS BOOKS IN LIBRARY.

As mentioned in a recent issue, Prof. Perkins made a gift to the library for the purchase of books needed for his department. The library added to the amount from its funds, purchasing the books of which there is a list below. We print this list because we think it will be of interest to undergraduates in that department, and also to some of our alumni.

Maxwell's "Theory of Heat," "Light for Students" by Edwin Edser, "Practical Physics" by Glazebrook and Shaw, "Practical Acoustics" by C. L. Barnes, "Principles of Mechanics" by T. M. Goodeve, "Modern Theory of Physical Phenomena" by A. Righi, "Light" by Lewis Wright, "Elementary Electrical Calculations" by James and Sand, "Wireless Telegraphy and Telephony" by D. Mazzotto, "Electrical Measurements" by Carhart and Patterson, "The Election Theory" by Fournier, "Alternating Current Machines" by Sheldon and Mason, "Dynamo Electric Machines" by Sheldon, "Electric Railways" by Ashe and Keiley, "Electrical Engineering" by Slingo and Brooker, "Elementary Electricity and Magnetism" by Jackson, "A Text Book of Physics" by Watson, "Electrical Nature of Matter" by Jones, "Molecules and the Molecular Theory" by Risteen, "Matter, Ether and Motion" by Dolbear, "Text Book of General Physics" by J. S. Ames, "The Theory of Optics" by A. Schuster, "Experimental Electricity" by Whetham, "Maxwell's Theory and Wireless Telegraphy" by Poincare and Vreeland, "The Elements of Physics" in three volumes, by Nichols and Franklin, "Thermodynamics of the Steam Engine" by Peabody, "Gas, Gasoline and Oil Engines" by Hiscox, "Electricity in

(Continued on page 2.)

PRIZE EXAMINATION IN ENGLISH.

The association for the promotion of the interests of church schools, colleges and seminaries will hold its prize examinations in English sometime during the latter part of May.

There will be two sets of examinations, one for Freshmen and Sophomores and one for Juniors and Seniors. The candidates will be allowed four hours for their work.

The Freshmen and Sophomore candidates will be examined on the general history of English literature. The questions will require a knowledge of Pancoast's "Introduction to English Literature," (Holt & Co.), and Stopford's Brooke's "English Literature" (Macmillan), or their equivalents. Candidates should also submit an essay of not less than 2,500 words on the life and works of an English author.

The Junior and Senior candidates will be examined on the history of the English language, including the elements of old English. The questions will require a knowledge of Sweet's "Anglo Saxon Reader," (Clarendon Press), or Bright's "Anglo Saxon Reader," (Holt & Co.), Lounsbury's "History of the English Language," (Holt & Co.), or Emerson's "History of the English Language," (Macmillan), or their equivalents. Candidates should also submit an essay of not less than 2,000 words on some subject connected with the work prescribed.

NOTES.

William E. Larned '10, has left college to enter West Point Military Academy where he begins the course of study the first of June. His loss will be greatly felt by his classmates and in fact to the whole college, for he was connected with several of the college organizations. The Mandolin Club will find it difficult to replace him. He is somewhat of an artist and designed the cover for the Tablets this year, and several of his illustrations will appear in the 1908 Ivy. All his college friends wish him success in his new duties. He is a member of the Alpha Delta Phi Fraternity.

The Musical Clubs will give a concert in the Congregational Church at Glastonbury on Tuesday evening, April 30th.

A picture of the past season's hockey team was taken yesterday morning on the steps of the Natural History building. The following were in the picture: Capt. Morris, Cunningham, Ferguson, Budd, Stevens, Roberts, Rich (manager), Potter and Neff (assistant manager).

The basketball team picture was also taken, the following men reporting: Capt. Donnelly, Pond, Olmstead, Connor, Claussen, Chamberlain (manager), Cook, Olson, Capen and MacGuyer (assistant manager).

MEETING OF THE CORPORATION.

Roscoe J. Ham Elected Professor of Romance Languages.

The trustees of the college convened Saturday afternoon for the regular corporation meeting. Among other things of importance in the meeting was the election of a professor of romance languages to take the place of Professor W. R. Martin, now temporarily filled by Mr. Huizinga.

The appointment was given to Professor Roscoe J. Ham now of Bowdoin College. Professor Ham graduated from Harvard in the class of 1896. After his graduation, he spent a couple of years taking post graduate work. In 1901 Professor Ham started his work at Bowdoin spending several months abroad in the interests of the college.

While at Bowdoin, Professor Ham edited a French grammar and also a German grammar.

At the meeting, Joseph D. Flynn of the mathematics department, now assistant professor, was promoted to a full professorship. Professor Flynn has been at Trinity for several years as assistant professor, and as a graduate of Trinity has been one of the most popular and respected members of the faculty.

Dr. Swan's title of "Instructor of the Gymnasium" has been changed to "Director of the Gymnasium," following the example of other colleges.

The trustees decided to resume, in a measure, religious study, which has been omitted this term, with the opening of the new college year. Religious studies have been carried on since the entrance of the first class in 1824. Professor Isbon T. Beckwith offers his services to conduct a single elective course in the subject. The work will comprise the careful study of the Bible along the lines of advanced scholarship and research. Professor Beckwith was at one time professor of Greek here at Trinity.

Trinity Tripod

Published Tuesdays and Fridays in each week of the college year by students of Trinity College.

The columns of THE TRIPOD are at all times open to Alumni, Undergraduates and others for the free discussion of matters of interest to Trinity men.

All communications, or material of any sort for Tuesday's issue must be in the Tripod box before 10 p.m. on Monday; for Friday's issue before 10 a.m. on Thursday.

Subscribers are urged to report promptly any serious irregularity in the receipt of the Tripod. All complaints and business communications should be addressed to the Circulation Manager.

Entered as second class matter Nov. 29, 1904, at the Post Office, at Hartford, Conn.

TO ALUMNI.

THE TRIPOD is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN—TRINITY!"

COMMUNICATION.

To the Editor of the Tripod,—

Dear Sir:—The editorial in your last issue in regard to the grafting of baseballs has created a good deal of discussion, some of which I have heard. I should like to tell you that I think you are doing rightly to speak of such a subject even if your paper does go to so many graduates and prospective students, and we suffer some in consequence. No good ever came from winking at graft, and the best way to kill it is to give it publicity.

You say that undergraduates watching the baseball practice are in the custom of stealing balls when they have an opportunity. It is true, but not only those watching are guilty of theft. I have seen even those practicing carry off some of the balls with them, perhaps thinking that they have earned the right to take them. The square fellow doesn't do such a thing and a little serious thought would convince anybody that it is not right.

I am not trying to write an article to be added to the series of the "Shame of the Colleges," but I do think that the attention of Trinity undergraduates ought to be called to the fact that this college is full of petty, almost childish graft. The students have high enough standards not to steal from one another, which is unknown, but many of them do not hesitate to take things belonging

to the college as a whole, to the Athletic Association, or even to their own classes. A few illustrations of things that have come to my knowledge since I came to college may help to prove my point. I have heard men ask baseball managers or their assistants to obtain balls for them. I once heard a manager bragging of having "worked" a dealer into making him a present of a fine sweater in return for allowing his firm to supply our team with athletic goods. There is nothing vitally wrong with that but it is graft. A manager should give his orders to the company which gives the best goods for the least expenditure and not to the firm which gives him a sweater, regardless of prices. The members of smoker committees have had cigarettes "to burn" for weeks after a smoker. It would be more honorable to divide those extra cigarettes among the whole class, all of whom contributed to the success of the entertainment. It is also strange that through some mix-up '08 was left with a \$25 bill for printing their smoker programs when the committee calculated at one time that there was plenty of money to pay for everything. That committee, I am told, never rendered a report, and though the committee as a whole may not be to blame, there was something wrong some place. There are several other cases I might give if time and space allowed.

Now, I contend that this laxity of principle in regard to graft is not the result of a few men of bad character. Such men don't come to Trinity. It all comes from "don't care," "what's the difference?" "others do it, why not I?" attitude. Wake the men up. Show them their faults in the true light and they will improve.

Yours in making all Trinity men gentlemen. R. N.

INTER-COLLEGIATE NOTES.

Williams is planning to build a "Scholars' Dormitory" to be used exclusively by "high stand" men.

Williams has received a gift of \$192,000 from the estate of Mrs. Laura Currier. Yale received \$100,000 from the same source.

Boulton, who has rowed stroke on two of Yale's victorious crews, has been replaced in the eight oar shell by Griswold, a new man, who has never rowed for Yale before.

Two special committees have been appointed by the regents of University of Wisconsin to report the advisability of doing away with university athletics.

There has been a shake-up recently in the Harvard crew. Several men have been advanced to the second crew. Morgan, who stroked the crew all spring, has been retired to No. 4 on the second shell.

Wesleyan will send a team of six to take part in the big athletic carnival to be held in Philadelphia, Saturday under the auspices of the University of Pennsylvania.

ALUMNI DEPARTMENT.

At the two hundredth anniversary of the oldest Episcopal Church in Connecticut, Christ Church at Stratford, Bishop Chancey B. Brewster, hon. '97, preached to a large congregation, and confirmed a class of forty, assisted by the Rector, Rev. Nathaniel Ellsworth Cornwall, hon. '68.

At an afternoon service the rector read a history of the parish in Revolutionary days, the Rev. Dr. Samuel Hart '66, spoke on the Rev. Samuel Johnson, one of the earliest and most important rectors. Prof. C. F. Johnson, who is a direct descendent, unveiled a memorial to his ancestor, who was also the first president of King's College of New York City. The Rev. Robert L. Paddock, of New York City, a former rector, also spoke.

'50—The Rev. D. E. Loveridge, after eighteen years of active service in Eugene, Oregon, has become rector emeritus of St. Mary's Church in that place. Mr. Loveridge was ordained fifty-six years ago.

'74—The Rev. H. Evan Cotton has resigned the rectorship of St. John's Church, Hagerstown, Md., and will probably go abroad for the summer.

'81—The Rev. Louis C. Washburn has accepted the rectorship of Christ Church, Philadelphia, and will enter on its duties in the fall.

'91—J. Howard Morse, the president of the board of charity commissioners, has resigned, and will retire on May 1st.

'03—Karl Fenning, who is associated with Pierce and Barber in the prosecution of patent litigation, has changed his office to 100 Broadway, New York City.

THE HARVARD MEDICAL SCHOOL
Boston Mass.
 With the completion of the new buildings, which were dedicated September 25, 1906, this school now has facilities and equipment for teaching and research in the various branches of medicine probably unsurpassed in this country. Of the five buildings, four are devoted entirely to laboratory teaching and research. The numerous hospitals of Boston affords abundant opportunities for clinical instruction in medicine and surgery.
COURSE FOR THE DEGREE OF M. D.
 A four years' course open to bachelors of art, literature philosophy or science, and to persons of equivalent standing; leads to the degree of M. D. The studies of the fourth year are wholly elective: they include laboratory subjects, general medicine, general surgery and the special clinical branches.
 The next school year extends from September 26, 1907 to June 29, 1908.
 Send for illustrated catalogue; address
Harvard Medical School, Boston, Mass.

CORNELL UNIVERSITY MEDICAL COLLEGE.
 The session begins on the last Wednesday in September. For entrance into any class there is required a preliminary education equivalent to at least a four year "high school" course including English, primary Latin, Algebra and Geometry. The first two years are devoted to Anatomy, Chemistry and Physiology, and may be taken either in Ithaca or New York. The last two years are chiefly clinical and must be taken in New York.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

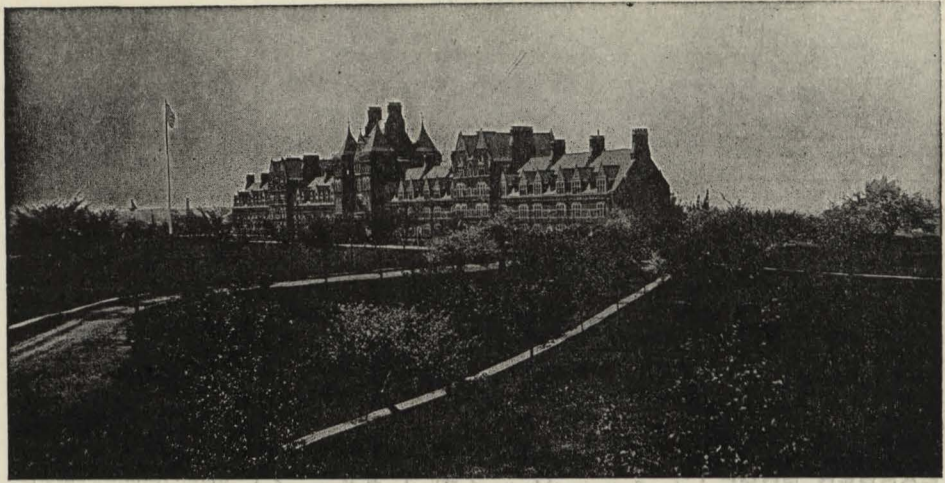

In a purely Mutual Company. In a company that earns, declares, and pays annual dividends. In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

Cornell University Medical College
NEW YORK CITY

The course covering four years begins the last week in September and continues until June.

A preliminary training in natural science is of great advantage. All the classes are divided into small sections for recitations, laboratory and clinical bedside instruction. Students are admitted to advanced standing after passing the requisite examinations. The successful completion of the first year in any College or University recognized by the Regents of the State of New York as maintaining a satisfactory standing is sufficient to satisfy the requirements for admission which have lately been raised. The annual announcement giving full particulars will be mailed on application.

SMART COLLEGE CLOTHES

By "college clothes" we mean that touch of style and the generous drape such as "college fellows" seek.

"IT PAYS TO BUY OUR KIND."
