HARTFORD, CONN., TUESDAY, MAY 15, 1906.

PRICE, FIVE CENTS.

SPRINGFIELD TRAINING SCHOOL 6—TRINITY 1.

Trinity Loses in Poorly Played Game.

In a very poorly played game Springfield Training School defeated Trinity Saturday afternoon by the score of 6 to 1. For the first four innings both teams played excellent ball, but in the fifth by an error and a wild throw Springfield scored two runs. From then on Trinity appeared in very bad form.

The game started with Springfield at the bat. Honhart was out on a grounder to Donnelly. The next man got a base on balls and stole second. Hawkes then sent a swift grounder to Xanders who shot the ball over to Donnelly and was back again at third to put out the runner from second; this was the most cleverly executed play of the game. In her half of the inning Trinity retired in succession.

In the second, Purington for Springfield struck out, and Wright and Prettyman were out on grounders to the infield. For Trinity, Badgly did not hit safe, Xanders hit out a neat single, but was unable to get around, Connor and Donnelly following with easy outs.

The third inning Springfield had three men on bases with two out; Badgly had good control, however, and struck out Hawkes, Springfield's heaviest hitter. Trinity made the first score of the game this inning, Marlcor reaching second on an error and stolen base, then scoring on a well placed single by Morgan. Burwell and Powell also were on bases, but were unable to score before the side was retired.

In the fourth inning both sides went out in quick succession.

In the fifth, after Jones' hit and put out at home, Burke and Honhart reached first, Cobb was safe on an error by Burwell, thus scoring Burke and Honhart. Hawkes was put out on first. For Trinity, Morgan made his second single hit, but was held on bases till the side was retired.

Springfield did its next scoring in the eighth inning. Three singles and one error brought in two runs. Trinity was unable to score.

Again in the ninth, Springfield crossed home plate twice on an error by Burwell, one by Powell, two singles and a wild throw by Cunningham. Trinity was put out in one, two, three order.

For Springfield Hawkes did good hitting, getting two hits out of five times at bat and also received five chances at second without an error. Xanders was the redeeming feature of Trinity's play, handling everything in sight, like a professional, with three put outs and three assists. Morgan found no difficulty in getting two hits. The score:

| Springfield | AB | R | IB | PO | A | E |

TRINITY'S ENTRIES FOR N. E. I. MEET.

Next Friday and Saturday the annual New England Intercollegiate Championship Meet will be held at Brookline, Mass. Eleven colleges in all will be well represented: Amherst, Dartmouth, Brown, Williams, Bowdoin, Trinity, Tufts, Massachusetts Institute of Technology, Wesleyan, University of Maine, University of Vermont. On Friday the trials will take place and on Saturday the finals will be held. Trinity will be ably represented by the following men: 100 yard dash—Capt. Gateson. 440 yard dash—Taylor. Half mile run—Morris. Mile run—Morris. 120 yard hurdle—Olmstead. 220 yard hurdle—Pond. High jump—Bowne, Olmstead.

After the team's victory over Holy Cross, last Thursday, it is hoped that Trinity will earn a number of points. The chances are very good for scoring, especially Bowne in the high jump who tied for first in that event last spring. The men are in perfect condition, having trained faithfully since the beginning of the season.

The above six men together with Manager Haight and Coach O'Connor will leave Hartford Thursday night for Boston, and will make their stay there until the meet is over.

Although Capt. Gateson is severely handicapped by his injured arm, it is hoped he may capture a point for Trinity.

TWO TRINITY GAMES TOMORROW.

At Medford—Varsity vs. Tufts.
At Hartford—Second Team vs. Westminster.

DR. LUTHER AT HOLDERNESS.

Dr. Luther spent Saturday and Sunday at the Holderness School, Holderness, N. H. He preached the sermon in the Holderness chapel on Sunday. It is expected that several men will come here from Holderness next year.

LETTER OF THE CLASS OF '98.

Some Interesting Facts.

The following letter, including many of the members, has been received from Edgar I. Waterman, secretary of the Class of '98:—

WILLIAM RUSSELL ALLEN, JR. Address: Graniteville, Missouri. January 18, 1905, married Miss Florence York. Since January 1, 1899, has been with the Syenite Granite Company at Graniteville, Missouri.

HENRY J. BLAKESLEE. Address: 169A Park Avenue, Utica, New York. Business: electrical engineer. From 1898 to 1900 was instructor in the laboratories at Trinity College; from 1900 to 1902, superintendent of construction for the Hartford Electric Light Company; and from 1902 to 1905 was inspector for the Hartford Board of Fire Underwriters. 1905, inspector for Underwriters Association of New York State. Has also engaged in consulting engineering, and also done field engineering work for the Westinghouse, Church, Kerr Company. Has recently obtained patent No. 808,718 upon a regulating transformer. On June 6, 1905, married Miss Emma J. Pratt.

CHARLES LUTHER BURNHAM. Address: 47 East 57th Street, New York, N. Y. Member of the law firm Van Wyck, Mygatt & Burnham at 79 Wall street, New York. On November 9, 1904, married Miss Anna Wallace Elliott. Has a daughter, Anita Burnham, born August 17, 1905. On graduating from Trinity entered the Yale Law School and graduated there in 1901.

JULIAN S. CARTER. Address: 1212 Eutaw Place, Baltimore, Md. On January 1, 1905 entered the Real Estate business under the firm name of Caughy, Hearn & Carter, with offices in Central Savings Bank building, Baltimore, Maryland. On June 1, 1905 graduated in law at the University of Maryland.

AUSTIN COLE. Address: 627 Victoria Bldg., St. Louis, Mo. Engaged in manufacturing machinery. In December, 1900, married Miss Ivy Ingraham. Has two children, Austin Cole, Jr., born January 26, 1902, and Prentiss Ingraham Cole, born August 16, 1904.

ALFRED L. ELLIS. Address: Metuchen, New Jersey. Practicing physician. June 28, 1905, married Miss Gladys Antidel. On March 27, 1906, had a son whose name is William McEwan Ellis. After graduating from the medical school was on the medical staff at Ward's Island and was afterwards chief examiner in New York City for the Travelers Insurance Company. Then entered into active practice at Metuchen, New Jersey, where he is secretary of the Board of Health

and is also secretary of the Middlesex County Medical Society.

LEONARD A. ELLIS. Address: 550 Farmington Ave., Hartford, Conn. Occupation, banking. Started in a broker's office in Hartford, Conn., but not having risen from the "office boy" to the "boss" in one year left this place to accept the position of bookkeeper in the Connecticut Trust and Safe Deposit Co. of Hartford, Conn., and has been there since October, 1899.

EDWIN H. FOOT. Address: Red Wing, Minnesota. November 8, 1898, married Miss Evalyn T. Lawther. Has two children; Evelyn M. L. Foot, and Theodosia V. L. Foot. Is engaged in manufacturing.

DUDLEY C. GRAVES. Address: 49 Pearl Street, Hartford, Conn. Connected with the stock brokerage house of Francis R. Cooley, Hartford, since January 1, 1904.

ROBERT W. GRAY. Address: 54 Huntington Street, Hartford, Conn. Senior member of the firm of Gray & Prior, engaged in manufacturing gasoline engines and other machinery. October 12, 1904, married Miss Mary Kremer. Has a son, Robert W. Gray, Jr.

WOOLSEY McALPINE JOHNSON. Address: 7 West 47th Street, New York, N. Y. Consulting metallurgical engineer. 1899-1900, studied physical chemistry at University of Gottingen and traveled in Europe. 1900, studied electrochemistry at Trinity. 1901, studied mining and metallurgy at Harvard University, Lawrence Scientific School. 1901-1902, electrometallurgist of the Oxford Copper Co. 1903-1904, metallurgist, Sawyer Zinc Co.; Iola, Allen Co., Kan., in charge of experimental laboratory and No. 2 Works. 1905, superintendent Lungroitz. February, 1906, Reduction Co., Warren, N. H. March, 1906, lectured on application of physical chemistry to metallurgy at Harvard. 1906, member American Inst. of Mining Engineers, Am. Inst. Electrical Engineers, Am. Electrochemical Society, Engineers' Club, New York. At present engaged as consulting expert in New York. He has made the following contributions to the American Electrochemical Society: "The Copper Oxide Accumulator," "The Electrolytic Dissolution of a Composite Metallic Anode," "The Electrodeposition of Nickel," "The Reduction Temperature of different Oxides of Zinc." This article has been copied and translated in whole or part into all important European technical journals. "The Future of the Electro-metallurgy of Iron and Steel," "The Zinc Industry and its Future," contributed to "Electrochemical and Metallurgical Industry," of New York, "The Physical Characteristics of Electrodeposited Metals," four articles on "Electrode Potential," "The Chemistry of Sulphur Compounds in the Zinc Retort," "A Furnace for Metallurgical Research," "Refractory Materials for

NOTICE

Subscribers are urged to report promptly any serious irregularity in the receipt of the Tripod. All complaints and business communications should be addressed to the Business Manager.

Office, 19 Jarvis Hall.

TO ALUMNI.

THE TRIPOD is published for the Alumni even more than for the Undergraduates. With this in mind we are striving to produce a paper which shall be interesting and necessary to Graduates, and also to reach as large a number as possible. We are very largely dependent on the Alumni both for our moral and financial support. If you are not already a subscriber will you kindly give this matter your attention?

"NOW THEN—TRINITY!"

EDITORIAL.

In another column of this issue the "Tripod" prints a notice of Trinity's entries in the annual New England Intercollegiate Meet, which will be held in Brookline on Friday and Saturday of this week.

We firmly believe that we have the best track team that has ever represented the college and everybody seems greatly interested in the squad. Of course, with the exception of Captain Gateson and Bowne our team is young and inexperienced, but the future of this branch of athletics seems particularly bright for Trinity.

Coach O'Connor has done much for our men and the "Tripod" hopes that a way may be provided whereby we shall be able to keep him here next year. We cannot hope to win in such company as Amherst and Dartmouth, but we expect to get a few points and this means a great deal.

After the N. E. I. meet comes the Union meet which should mean another victory for Trinity. Now here is an opportunity for about a dozen or fifteen men to accompany the team to Schenectady. Rates will be obtained and the expense will amount to very little. This is done everywhere else except at Trinity. Why not here?

Truth is, at times, unpleasant. But the fact remains that we have had a very unsuccessful season at baseball

thus far. Yet we have no cause for grumbling about the results of the games. The "Tripod" is confident that Trinity spirit is too well defined to show any lack of support on the part of the student body. Our team is one of the hardest working nines that Trinity has ever sent out, yet, last year we won from such teams as Holy Cross, Pennsylvania, and Amherst, and this season we have been defeated by much weaker teams.

Of course, all this is known by every man in college, but what the "Tripod" strongly suggests is that every man makes it his special duty to be present on the field at least two or three afternoons a week and support the practice games between the 'Varsity and the second team. Come out and encourage a loyal Trinity team!

TRAINING FOR CITIZENSHIP.

Dr. Luther's Address in Willimantic.

At the convention of the Eastern Connecticut Traders' Association in Willimantic, Friday, President Luther made a very interesting address on "Training For Citizenship." Dr. Luther spoke on the influence of the teacher upon the pupil. The personal influence of the teacher on the pupils is the secret of education. He believed in the raising at once of the age at which compulsory education shall stop. This should be raised from 14 years to 16 years. In closing Dr. Luther said, "The Citizenship of the future is in the keeping of the teachers of our land, and they should do their utmost to teach those committed to their care to be brave and true; that labor is the greatest blessing in the world and that hard work, self-sacrifice, and service to one's neighbors, are the great essential things."

SOPHOMORE DINING CLUB ELECTIONS.

Edwin Donnelly has been elected toastmaster for the next Sophomore Dining Club Banquet which will be held the latter part of this month. At a meeting of the S. D. C. held last Saturday night, the following freshmen were elected to membership: J. Stratton Carpenter of Pennsylvania, Alexander W. Creedon of Connecticut, Stephen E. McGinley of Connecticut, Harry I. Maxon of Texas, John B. Shearer of Massachusetts and Keith Willoughby of New York. A meeting of these six men was held yesterday noon in the Latin room for the purpose of talking over the remainder of the elections.

TRINITY 2d vs ROCKVILLE.

The Trinity 2d team was defeated at Rockville on Saturday by a score of 10 to 5. The college team played the strong Volunteer nine of that city. The game was a good one considering that the diamond was of sand and very slow, which accounted for several errors on the part of the 2d team. The play had to be stopped about every ten minutes on account of sand storms which were blinding. Battery for Trinity, Hyde and Claussen; for Rockville, McMannus and O'Brien.

The score by innings:

Trinity 0 1 0 2 0 0 1 0 1—5
Rockville 2 1 0 4 2 1 0 0 *—10

Cornell University Medical College

NEW YORK CITY

The course covering four years begins the last week
in September and continues until June.

A preliminary training in natural science is of great
advantage. All the classes are divided into small sec-
tions for recitations, laboratory and clinical bedside in-
struction. Students are admitted to advanced standing
after passing the requisite examinations. The successful
completion of the first year in any College or University
recognized by the Regents of the State of New York as
maintaining a satisfactory standing is sufficient to sat-
isfy the requirements for admission which have lately
been raised. The annual announcement giving full par-
ticulars will be mailed on application.

The Connecticut Mutual Life Insurance Company,

HARTFORD, CONN.,

Why should I insure my life?

Because it is a debt you owe to those who are dependent upon your earnings for their support.

You admit that it is your duty to supply their needs from day to day, but forget that it is equally your duty to provide an ever ready and sufficient equivalent for your earning power, which your family stands in constant jeopardy to lose by your premature death.

Guard your family against disaster and yourself against dependency in old age.

When should I insure my life?

Now! The cost will never be less, and tomorrow you may not be able to obtain insurance at any price.

Even if others are not now dependent upon you, take time by the forelock and you will be the better able to meet future responsibilities, and at a smaller premium.

Where shall I insure my life?

In a purely Mutual Company.

In a company that earns, declares, and pays annual dividends. In a company that is doing a conservative business.

Such a Company is The Connecticut Mutual Life Insurance Company of Hartford, Conn. It furnishes perfect protection at lowest cost.

For further information, address the Company, or any of its agents.

The largest of the Trinity College Buildings, shown in this cut, includes the principal Dormitories, the Chapel, the Library, and some of the Lecture Rooms. Other buildings are the Jarvis Laboratories, the Boardman Hall of Natural Science, the Observatory and the gymnasium.

The Laboratories are fully equipped for work in Chemistry, Natural History, Physics, and in preparation for Electrical Engineering. The Library is at all times open to students for study. A Course in Civil Engineering has lately been established.

For Catalogues, etc., address the Secretary of the Faculty, Trinity College, Hartford, Conn.
