Day in the Life of Goodricher Rafael Gutierrez

Empowering Students, Developing Leaders

Since 1972, the Goodrich Scholarship Program has enabled more than 1,500 students to complete a first-class education at the University of Nebraska Omaha (UNO). You know many of our alumni today as doctors, educators, engineers, artists, and elected officials. What they are and always will be is Goodrich. Once a Goodricher, always a Goodricher.

Goodrich students establish a dynamic presence on campus. They come hungry, ready to learn and eager to join the UNO community. Many recipients are the first in their families to attend college. They come from underrepresented populations and have earned an opportunity to continue their education.

The Goodrich Scholarship has many benefits, including:

- Financial aid in the form of tuition, general fees and textbook support
- A specialized two-year writing-intensive humanities and social science core

curriculum that emphasizes cultural and intellectual diversity within our local and global communities

- Academic and non-academic support services

Goodrich Students Develop Ties that Bind

Goodrich students get connected and stay connected to outstanding faculty and staff during their time at UNO. This level of attention to the scholar is part of the reason for the program's exceptional graduation and retention rates.

Outstanding in Research

Our faculty conducts important research in a wide variety of fields, including service learning, folklore, identity development, philosophy, public administration, and translation.

Support Specialists are Here to Help

Our support services make it possible to thrive as a college student. Student support specialists help Goodrich students develop academic skills to compete in a rapidly changing society. This sort of personal attention keeps our Goodrich community connected, just like a family.
