# FINANCIAL SUPPORT & SCHOLARSHIPS

UNO believes you should have as much information as possible in order to make the best decisions about your finances. The resources listed below were created to help you figure out how much your education will cost and how financial aid may help offset those costs.

## 2016–2017 COST OF ATTENDANCE

The cost of attendance is the estimated full and reasonable cost of completing an academic year as a full-time student and includes tuition and fees, room and board, books and supplies, and other expenses including personal expenses and transportation. These estimates are conservative by design, and in no way attempt to reflect differences in actual costs incurred by students with differing lifestyle choices.

## FINANCIAL AID DISBURSEMENT

Financial Aid generally posts one week before the start of the semester. If you make purchases and would like them to be paid by your financial aid, the charges must be applied prior to your aid posting. Purchases generally take one business day to post to your student account so please plan accordingly.

Parking permits cannot be paid with federal financial aid without your consent. If you would like your parking permit to be paid with your financial aid, please select the option to authorize the university “to apply your Title IV financial aid to all charges appearing on your student account” when accepting your financial aid via MavLINK. If you did not do so when you accepted your aid, you can change this option any time prior to your aid posting.

## FINANCIAL AID RESOURCES

### Financial Aid Calculators – [finaid.org/calculators](http://finaid.org/calculators)

Figure out how much school will cost, how much money to save, and how much aid you’ll need.

### Net Price Calculator – [admissions.unomaha.edu/calculator](http://admissions.unomaha.edu/calculator)

Use the Net Price Calculator to get an approximate idea of what your total UNO costs will be including tuition, books, room and board, and more.

### Scholarship Search Engine – [fastweb.com](http://fastweb.com)

An online resource for paying and preparing for college, filled with financial aid tips, advice on college life, and job and internship information.

### The College Board – [bigfuture.collegeboard.org](http://bigfuture.collegeboard.org)

# CASHIERING & STUDENT ACCOUNTS

CASHIERING.UNOMAHA.EDU | 402.554.2324 | UNOCSA@UNOMAHA.EDU | 109 EAB

## STUDENT FEES\*

### University Program and Facilities Fee (UPF)-Flat Fee

All students enrolled for on-campus courses will be charged a flat fee of \$270.99 (for 0 to 6 credit hours) and \$437.34 for (7 or more credit hours). The UPF receipts are divided into two separate funds: Fund A student fees and Fund B student fees.

### Technology Fee

The UNO Technology fee is assessed at a rate of \$11.00 per credit hour. This fee provides educational information technology resources to UNO students, and is assessed to all students regardless of residency or campus location. Upon withdrawal from a course, this fee is refundable at the same percentage as tuition.

### Student Access and Success Fee

The Student Access and Success Fee funds direct services to students in admissions, registration, and other campus support services. Through these programs, students are provided resources to assist them in being successful in their educational endeavors.

### Library Fee

The Library Fee, collected by the NU system and distributed to UNO's Criss Library, is used to pay for collections, services, and spaces benefiting students.

### Cultural Enrichment Fee

All students enrolled in on-campus courses are charged a Cultural Enrichment Fee of \$5.00, which provides them with access to cultural events offered by the Theatre, Music, Art, and Writer's Workshop departments at no additional charge. The cultural enrichment fee is charged per semester.

### Student Research Fee

The fee is used for the Fund for Scholarly Experience (FUSE), which institutionalizes faculty-mentored scholarly opportunities for undergraduate and graduate students.

## STUDENT FEES (CONT'D)

### ID Card Fee

The MavCARD/ID card fee is to support the use of MavCARDS on campus and in the community. It is required to access services in a variety of university offices and to attend many university-sponsored events. The revenue from this fee is used to offset the cost of supplies, processing equipment and other operating costs.

To get a full description of the different student fees, visit [cashiering.unomaha.edu](http://cashiering.unomaha.edu).

## TUITION DUE DATES

Tuition for the fall, spring, and summer semesters are due in full on the due date.

**Fall 2016:** September 23

**Spring 2017:** February 23

**Summer 2017:** May 23

### Late Payment Fees

Each unpaid billing is subject to late payment fees. A maximum of four late payment fees can be assessed during a single semester. If you have not received your billing statement within five working days of the billing date, please contact the Cashiering and Student Accounts Office. Unpaid balances that remain outstanding will result in the placement of a hold on the account. This hold will prevent future registration and receipt of transcripts. Late payment fee amounts are listed below:

**Balances \$100.00—\$999.00:** \$25.00

**Balances \$1,000.00 and over:** \$50.00

## BENEFITS OF E-BILLS

- No delay of mail time in receiving your bill.
- No possibility of bills being lost in the mail.
- No sensitive data in print format going through the mail.
- E-Bills help save the environment with reduced paper usage and paper waste.
- E-Bill statements in MavLINK allow you to print additional copies at anytime.
- Prior E-Bill statements for the academic year will be available in an archived listing allowing you to look at and reprint prior statements.
- E-Bills help the university to keep costs competitive.

## eCHECK PAYMENT OPTION

Instead of using a debit card that may have a transaction limit, you can pay your account by eCheck. You can simply provide your routing and bank account numbers and have your payment securely drafted directly from your bank account.

## BOOKSTORE CHARGES

You are eligible to make UNO Bookstore purchases of up to \$1,500.00 per semester and charge them to your student account. This includes books, supplies, and other items. Simply ask for this payment option at the cashier station when making a purchase. All charges posted to your student account are subject to the same billing terms as your tuition and fees account.

## ONLINE PARKING PERMITS

You are eligible to charge your parking permit purchase to your student account and have it billed in the same manner as your tuition and student fees. Permits must be purchased online at [parking.unomaha.edu](http://parking.unomaha.edu).

## MAVERICK PAYMENT PLAN

Starting fall of 2016, any student who does not have a past due balance in their MavLINK account can enroll in a tuition payment plan that will break their total tuition and fees into three monthly payments with no interest.

The Maverick Payment plan, which only applies to tuition and fees, will be available for the fall, spring, and summer sessions. Students must re-enroll for the payment plan every semester (a \$20 fee applies with each enrollment).

### Deadlines

The sign up deadlines are September 23, February 23, May 23. The payment plan can be setup through your MavLINK account.

### Due Dates

Please note the following payment due dates:

**Fall:** September, October, November

**Spring:** February, March, April

**Summer:** May, June, July

### Payments

For your convenience, automatic payments options are available:

- Directly through your bank using a routing number and account number. (This is recommended).
- Debit and credit cards may also be used. Note that there is a 2.7% service charge applied for each payment.

\*2015–2016 rates listed. Subject to change. Student fees are generally mandatory and non-refundable. However, Technology Fees and Library Fees are refundable at the same rates as tuition. Distance Education students are not subject to certain fees associated with on-campus courses, but are subject to Distance Education fees. The revenue collected from these fees covers costs of providing student services and maintaining facilities.

### CAN MY PARENT/GUARDIAN GAIN ACCESS TO MY STUDENT RECORDS?

You might want to share information with your parent/guardian and/or family members. For example, you may want to give your parent/guardian the ability to pay a bill, get an address or view grades. UNO understands this, so a method is available that allows students to provide third party access to this information.

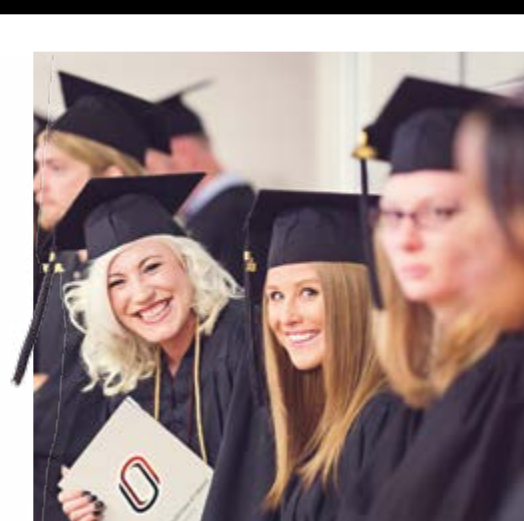

Visit [registrar.unomaha.edu/ferpa](https://registrar.unomaha.edu/ferpa), view Third-Party Access: Guest/Parent Account, then complete an Information Release Form which authorizes UNO to release information to designated person(s).

Up to five parent/guest accounts can be created with unique access options. You can authorize another person, such as a parent or guardian, to view specific types of personal information in the Student Information System (SIS) through a guest account on MavLINK.

The Office of the University Registrar maintains signed consent from students who have chosen to allow the release of non-directory information to parents.

# ACHIEVEMENT

Achievement at UNO means preparing you for success during your college experience and beyond. It involves creating learning and working environments that encourage you to reach your potential and discover your unique purpose. Each aspect of achievement helps you develop the essential skills you need to excel in your chosen profession and to be an active, engaged, and inclusive citizen of the world.

## UNIVERSITY OF NEBRASKA SYSTEM FOUR YEAR GRADUATION GUARANTEE

The four-year guarantee for graduation relies on mutual commitment from the student to follow a list of practical guidelines while attending college and from the university to ensure that required courses or acceptable alternatives are available.

### IS GRADUATING IN FOUR YEARS RIGHT FOR YOU?

Of course, not all students are in a position to graduate in four years. Some students may need or prefer to work more hours and attend school part-time, or they may be enrolled in a program that requires more than four years to complete the course work. Others may just choose a different pace or the opportunity to take a wider range of courses that are not directly related to their field of study. This program is designed for those who want to complete their degree program as quickly as possible.

### YOUR RESPONSIBILITIES

It's important that students have appropriate high school preparation, pursue a course of study that can be completed in four years, and follow these practices:

- › Register for and complete 15-18 credit hours per semester with passing grades. This will help you stay on track to graduate in four years.
- › Select a major early in college and stick with it.
- › Work with your academic advisors to develop a four-year plan.
- › Sign up early for classes during every semester.
- › If you must work, work at a job or internship fewer than 20 hours per week.
- › When a required course is not available, notify the department chair as soon as you can.

### OUR GUARANTEE

In turn, the university guarantees students will be able to enroll in courses that permit graduation in four years. If that's not possible, the university will provide mutually acceptable alternatives or substitutions.

The Four-Year Graduation Guarantee was approved by the University of Nebraska Board of Regents in 2002. The program recognizes the importance of Nebraska undergraduate students being able to earn their bachelor's or first-professional degrees in a timely fashion.

## GENERAL EDUCATION CURRICULUM

The goal of a liberal arts education is to give you a breadth of knowledge and help you develop into a well-rounded student. A liberal arts education serves three functions: teaches you how to think, how to learn, and develops your creativity.

#### Fundamental Academic Competencies (15 hours)

### COLLEGE REQUIREMENTS

These are the requirements that are established by your college.

### MAJOR REQUIREMENTS

*\*Hours must be from at least two disciplines in each category.*

*\*\*Diversity courses may be taken within the distribution requirements, the major, the minor, or as other elective.*

# 5 REASONS TO JOIN FRATERNITY & SORORITY LIFE

Fraternity and Sorority Life (FSL) shapes amazing individuals with fascinating life stories into students who are independent thinkers and hard workers.

## 1 LEADERSHIP OPPORTUNITIES

FSL teaches the skills all students need to become leaders, managers, organizers, and meaningful contributors to their community. Opportunities to use these skills occur both in and out of the classroom. Additional leadership opportunities exist through involvement as officers or delegates on their respective greek councils.

## 2 LIFELONG FRIENDSHIPS

FSL provide a support system that lifts each other up to their potential. Our members are builders, they build organizations, members futures and the community. These life-long friendships are formed through FSL and will help ease the adjustment to college.

## 3 COMMITMENT TO PHILANTHROPY AND SERVICE

The FSL community at UNO prides itself on the dedicated service it provides to the community. Each chapter holds a fundraiser every year to raise money for local and national causes. FSL members also work with local organizations to develop and serve on charitable projects.

## 4 BEYOND OMAHA

Road trips, national conferences, and a national network of friends on campuses all across the country are just a few experiences that reach beyond a student's on-campus life. There is no other opportunity like it in Omaha, it helps make college fun and practical, enjoyable and educational.

## 5 ACADEMIC ACHIEVEMENT

Greek-letter organizations were founded on the principles of academic success and camaraderie. Today is no different. UNO proudly recognizes the all fraternity and all sorority GPA is consistently above the all female and all male GPA. Greek students are more likely to stay in college than non-Greek students.

# CAMPUS RECREATION

Campus Recreation (Campus Rec) is a part of the Wellness subdivision and supports students on their journey to living a healthy and balanced lifestyle while at UNO.

## YOU'RE ALREADY A MEMBER

If you are enrolled in at least one credit hour on-campus, a campus recreation membership is included as part of your University Program and Facilities Fees (UPFF). There is no need to purchase a membership separately while taking an on-campus class. A valid membership is determined on a semester basis.

If you are enrolled in an online, remote, research, or thesis class a campus recreation membership would need to be purchased at a rate of \$40/month or \$150/semester. A purchase is necessary since these classes do not pay the University Program and Facilities Fees (UPFF).

For more information on campus recreation memberships, policies, and regulations please visit [campusrec.unomaha.edu](http://campusrec.unomaha.edu).

## SOMETHING FOR EVERYONE

# ENGAGEMENT

As the nation's leader in community engagement, UNO continually creates programs and service projects that make an impact on the community through service. From service learning to community service projects, UNO provides students with many great opportunities to engage with our local, national, and global communities.

## Carnegie Classification

UNO was announced as one of the nation's leaders in engagement and outreach in the 2015 Community Engagement Classification by the Carnegie Foundation.

2014 Recipient of the Presidential Award for the Economic Opportunity category of the Presidential Higher Education Community Service Honor Roll.

# 500+

University partner organizations focused on community issues including housing, poverty, children, youth, family, environment, diversity, arts, and safety.

Students donated over 385,000 hours of service to a wide range of community projects in the last year.

# A NATIONAL LEADER IN COMMUNITY ENGAGEMENT

Community engagement at UNO is defined as collaboration between UNO and our local, regional, national, and global communities for the exchange of knowledge and resources. As a metropolitan university, UNO is committed to creating valuable opportunities that are mutually beneficial for students, faculty, staff, and the community.

## BARBARA WEITZ COMMUNITY ENGAGEMENT CENTER

The Barbara Weitz Community Engagement Center (Weitz CEC) is a one-of-a-kind place where university and community organizations are housed to intentionally collaborate for the benefit of the university and the community. In the Weitz CEC, you will find a number of UNO's signature outreach programs including the Service Learning Academy (SLA), the Office of Civic and Social Responsibility (CSR), and the William Brennan Institute for Labor Studies (WBILS). Throughout the uniquely designed spaces, the Weitz CEC fosters volunteer opportunities, service events, service learning inquiries, service learning projects and events, student jobs and internships, and community events. This special place adds a new venue from which UNO students become civically engaged agents of change.

### Office of Civic and Social Responsibility

CSR connects the network of UNO to meaningful service opportunities, while also serving UNO's university partner organizations by posting and sharing service events. CSR programs include the Student Volunteer and Leadership Collaborative (The Collaborative), the Maverick Food Pantry, and the Volunteer Connections Center. CSR welcomes UNO students who are interested in learning more about service.

### Service Learning Academy

SLA collaborates with nonprofit organizations, governmental agencies, P-12 faculty, and UNO faculty to combine classroom instruction with meaningful community service projects. Students' learning goes beyond the classroom as they apply their knowledge to real-life situations in the community. UNO offers a variety of courses that incorporate service learning. You can find service learning classes by going to the class search page, and selecting the program option service learning.

# OFFICE OF CIVIC & SOCIAL RESPONSIBILITY

The Office of Civic and Social Responsibility (CSR) is dedicated to developing engaged, civic-minded citizens and leaders of our communities. UNO believes service and engagement are vital components for the educational development of all students and for a sustainable, healthy community.

## VOLUNTEER CONNECTIONS CENTER

The Volunteer Connections Center (VCC) helps UNO students find their passion and purpose by finding their “choice” service opportunity or organization. VCC coordinates Volunteer Fairs to show students how nonprofit organizations address community needs, and how volunteers can explore opportunities to make a positive impact. Additionally, the VCC sends out weekly UNO Serve emails that list service opportunities within the community. These service opportunities are also listed on MavSYNC.

## SOCIAL ENTREPRENEURSHIP

Students who wish to initiate their own service project receive support from CSR’s Seed Projects, which provide a stipend and guidance on how to make your project come to life. CSR also provides support to Clinton Global Initiative University (CGI U) applicants. CGI U connects students from all over the world and helps them become better social innovators and leaders.

## MAVERICK FOOD PANTRY

UNO’s Maverick Food Pantry contributes to UNO’s culture of caring by providing food to those in immediate need and connecting them with resources in the greater Omaha area for long-term support. UNO students, faculty, and staff can anonymously request a food package on MavSYNC and pick up the package in 130 Weitz CEC. Maverick Food Pantry volunteers sort donations, assemble food packages, and assist those picking up packages.

## SIGNATURE SERVICE DAYS

Each academic year, UNO sponsors multiple days of service in which volunteers engage in service projects around the community for a day. Signature Service Days have expanded to over sixteen days dedicated to service throughout the academic year. On a Signature Service Day, UNO students, faculty, and staff, along with our K-12 partners, Metro Community College, and community volunteers, come to the Weitz CEC and are transported into the community to complete service projects.

## THE COLLABORATIVE

The Collaborative aims to create programs that empower students to effect positive change within the community. The Collaborative is a program that connects UNO students with nonprofit organizations for an all-encompassing professional experience during the academic year. The Collaborative has several student worker positions available, and they receive on-going education about the nonprofit sector.

## 60 MINUTES OF SERVICE

CSR offers weekly opportunities for students to complete service projects. Stop by CEC 130 every Wednesday from noon to 1 P.M. to serve with Omaha non-profit organizations and enjoy a free lunch.

## Service Areas

Service Areas help UNO and community volunteers easily find service opportunities within their area of interest. Nonprofit organizations provide numerous opportunities to collaborate with other community partners.

### Zimride

Zimride is a social rideshare program specifically designed for the university community. This free program allows students to share rides with others who travel along the same route.
