THE UNIVERSITY OF NEBRASKA AT OMAHA

SETTING THE PACE

We believe setting the pace accurately describes University of Nebraska at Omaha's place in the agenda of the future.

The theme takes its lead from our Role and Mission Statement, in which the University of Nebraska at Omaha declares itself a "pacesetting, comprehensive metropolitan university."

Implicit is our commitment to offer the highest quality curriculum in an environment of innovation.

We are proud to be an intricate part of the fabric of our city and state. Through diverse and far-reaching programs, UNO is touching the lives of our citizens, helping to create better schools and businesses, a stronger economy, a vibrant arts community and much more. Through a diverse academic curriculum, a spirit of inquiry and high standards of achievement, UNO is setting the pace for growth, leadership and innovation in the key issues which affect us all.

ACADEMIC REGALIA

Identification of the hood and robe as academic apparel is believed to have originated at the English universities of Oxford and Cambridge during the twelfth and thirteenth centuries. The hoods are a carry-over from the times when monks, who operated these universities, wore them to protect their shaved heads in winter. The robe is an adaptation of the shoulder cape also worn by these same monks while collecting alms.

Use of the academic robe came to the United States in 1754 with the founding of what is now Columbia University. In 1895, a commission of University officials adopted a universal code of design and color for the academic garb. This code has undergone several revisions in subsequent years.

Styling of the robes varies for the bachelor's and master's degrees with the width of sleeve borders and length of the hood increasing with each advanced degree. Hoods are normally not used for bachelor's degrees today. Instead, the tassel colors are used to indicate the degree program.

UNIVERSITY HONORS PROGRAM

The University Honors Program is an all-University program which provides maximum educational opportunities for students of high ability through special multidisciplinary seminars and participation in an academic level not generally possible in usual curricular offerings.

The program is an outgrowth of the Arts and Sciences Honors program and was initiated in 1978. It is governed through the office of the Vice Chancellor for Academic Affairs and administered through the Honors Coordinator. UNO colleges which implement honors programs include Arts and Sciences, Business Administration, Education, Fine Arts and Public Affairs and Community Service.

As part of their Honors Program requirements, students undertake a research project that results in a Senior Honors Thesis. Students and their theses topics are listed at the end of the list of graduates. Students who have been designated in this booklet as Honors Program students have fulfilled the academic requirements of this program.

MEDALLION COLORS

Students receiving their baccalaureate degree with honors will be presented medallions in the colors designated.

THE ORDER OF THE TOWER

The University of Nebraska at Omaha's highest non-academic award, the Order of the Tower, was first presented in 1964. Since that time, more than 70 individuals have received this honor which symbolizes an ongoing commitment to the growth and development of the University.

The Order of the Tower is bestowed upon community leaders whose service and/or financial support has made it possible for the University to address the academic, cultural and economic needs of the people of Omaha and citizens of the State of Nebraska. Recipients of the award embody virtues and attributes valued highly by the University and are recognized as an example to others.

An alphabetical listing of past recipients is listed on the page following the most recent honorees.

ALFRED G. THOMSEN
ORDER OF THE TOWER AWARD

Alfred G. Thomsen graduated from North High School in 1953. In 1957, Thomsen graduated from the University of Omaha with a bachelor's degree in business administration and a certificate in real estate.

After building expertise in real estate management, sales, development, leasing and consulting, Thomsen founded his own company—Alfred G. Thomsen Company—in 1969. Since then, he has served as chairman of the board of Building Energy Management—a division of Alfred G. Thomsen Company; as president of Beval Corporation; as president of Spacesearch Corporation; as vice president and treasurer of Prime Realty Development Company, Inc.; and as vice chairman of THC, Inc.

Thomsen devotes his time to many organizations and committees including: Building Owners and Managers Association International; Building Owners and Managers Association of Omaha, Inc.; University of Nebraska at Omaha Chancellor's Advisory Council; University of Nebraska at Omaha Chancellor's Club; Community Memorial Hospital in Missouri Valley, Iowa; Immanuel Medical Center, Inc.; Nebraska Food Bank Network, Inc.; University of Nebraska Foundation; North High School Alumni Boosters Club; and the University of Nebraska at Omaha Alumni Association House Construction Committee.

Thomsen and his wife Beverly have two children, Tami Kay and Todd Walter.

DURWARD B. VARNER
ORDER OF THE TOWER AWARD

Durward B. Varner was born in Cottonwood, Texas and received his undergraduate degree in agricultural economics from Texas A&M University in 1940.

Varner worked as an assistant to the president of the Federal Land Bank in Houston, Texas for one year before serving in the U.S. Army during World War II. Varner rose from 2nd Lieutenant to Lieutenant Colonel, ETO, by the end of his fourth year of duty.

After the war, Varner worked as assistant dean of students at Texas A&M University and then pursued a graduate degree in economics graduating in 1949 from the University of Chicago. After graduation, Varner worked as an assistant professor in agricultural economics at Michigan State University. From 1952 to 1955 he served as director of the Cooperative Extension Service and then as vice president.

From 1959 to 1970, Varner served as chancellor of Oakland University, located in Rochester, Michigan. Varner came to Nebraska in 1970 and served as chancellor of the University of Nebraska-Lincoln for two years. He then became president of the University of Nebraska System and led the University until 1977. Since then, he has served as chairman of the board of the University of Nebraska Foundation.

Varner has received numerous honorary degrees. He received the Nebraska Builders Award from the University of Nebraska-Lincoln in 1984; was named Man of the Year by the Juvenile Diabetes Foundation in 1985; and received the Kiwanis Club Distinguished Service Award in 1985.

Varner and his wife Paula have three children and four grandchildren.
