1940-1941

Annual Report of the
General Hospital Society
of Connecticut
and the New Haven Dispensary
1940-1941

☪ The General Hospital Society of Connecticut, which was chartered by a group of civic leaders in New Haven on May 26, 1826, owns and operates the New Haven Hospital. It is probably the fifth oldest general hospital society in the United States.

Created by and for the community, the Hospital, a voluntary institution, has served the sick and injured for more than a century. Coincidental with the growth of the city the Hospital has expanded from a capacity of seventy-five beds to five hundred seventy-five beds. It provides hospital care for the men, women, and children of the community without regard to race, religion, or ability to pay.

As a general hospital, affiliated with the Schools of Medicine and Nursing of Yale University, it is equipped to provide the patient with skilled and modern treatment for acute diseases, including contagious, tuberculous, nervous, and mental diseases.

The New Haven Dispensary, chartered in 1872, is affiliated with the New Haven Hospital. Its forty-three clinics are located in the Hospital and are organized for the diagnosis and treatment of the sick and needy not requiring bed care.

with this

AWARD OF MERIT

National Hospital Day, May 12, is the anniversary of the birth of Florence Nightingale and its observance by hospitals in North America fosters the friendliest relationships between the public and our institutions. This day is dedicated to every beneficent aim and purpose that promotes the welfare of our hospitals and the people whom they serve.

NATIONAL HOSPITAL DAY COMMITTEE

REPORT OF THE EXECUTIVE COMMITTEE

To the Directors of the General Hospital Society of Connecticut:

We report with sorrow the death during the last year of the following members of the General Hospital Society of Connecticut:

Mrs. Franklin B. Dexter, Life Member—January 26, 1941.
(1884-1941)

Mr. Lewis H. English, Vice-President for Life—February 3,
1941. (1905-1941)

Dr. Thomas V. Hynes, Assistant Attending Obstetrician and
Gynecologist—March 31, 1941. (1917-1941)

IN submitting its report for the year ending June 30, 1941, the Executive Committee follows its regular procedure in bringing to your attention the major problems of the year, leaving to the Director the responsibility for the more detailed report on the many activities of our continuously growing institution.

The patient days have increased from a total of 154,009 in 1939-40 to 171,373, an increase of 17,364. The visits to the Dispensary have decreased from 118,406 in 1939-40 to 107,963, a decrease of 10,443. Financially, the auditors' statement shows that the New Haven Hospital operated at a loss of \$48,871.98, compared with a loss for the year ending June 30, 1940, of \$60,781.66, a decrease in operating loss of \$11,909.68. The Dispensary incurred a loss of \$40,011.16 as compared with a loss of \$46,127.85, a decrease of \$6,116.69. The total loss falling on the New Haven Hospital for the year 1940-41 was \$88,883.14, a decrease of \$18,026.37 over the year ending June 30, 1940. The deficit was reduced by a contribution of \$75,000.00 from Yale University. The Winchester Hospital showed a loss of \$29,444.61 compared with \$13,288.91 for the previous year, an increase of \$16,155.70. This loss was charged against principal of the William Wirt Winchester Fund.

Camp Happyland, under the leadership of Mrs. Austill, provided many children with a happy and healthful summer. The Camp was operated at a per capita cost of \$1.33, or a total cost of \$7,065.58. Contributions toward the meeting of this cost were gratefully received from: Kiwanis Club, City of New Haven,

Employees Tuberculosis Relief Association, and the Christmas Seal Fund of West Haven, with the result that it was necessary to charge only \$4,566.58 to the William Wirt Winchester Funds. We are indebted to the Camp Happyland Association for its continuing interest in our summer Camp.

We take pleasure in reporting gifts to principal during the year in the sum of \$9,266.91; miscellaneous gifts to income during the year amounted to \$5,897.24. We are indebted to the Community Chest, the State of Connecticut, and the City of New Haven for their appropriations of \$35,000, \$20,000, and \$5,000 respectively.

Our thanks as usual go to Dr. Blake and the Medical Board for the treatment of patients, to Miss Grant and the nursing staff, to Miss Rice of the Medical Social Service, to the large group of employees directed by Miss Dana, and to the many other faithful members of Director Hamilton's administrative staff.

Gratitude is also due to the many volunteers who have worked under the leadership of Mrs. Stewart Jones; to the members of the Children's Recreation Committee for their work with children in the wards and Dispensary; to the Board of Lady Visitors for the holiday gifts to patients and personnel and for the decoration of the Hospital at Christmas time; and to the Committee of Visiting Clergymen.

We are grateful, too, to the many donors who by gifts of books, periodicals, and flowers have brought cheer to our patients.

Executive Committee

Report of the Director

To the Directors of the General Hospital Society of Connecticut:

CONTINUING its rapid growth, the New Haven Hospital has rendered, during its fiscal year 1940-1941, the greatest volume of service to the community of any one of the many years of its history. The accompanying statistics contained in this annual report, my third as the Director, show an increase in patient days of 17,364 and reveal that 1,573 more individuals were cared for by the Hospital than during the previous year, without any increase in the bed complement. The average occupancy was again elevated, reaching 83.68% as compared to the United States average of 70% for general hospitals. The average occupancy for the Main Hospital was 91.80%. This high average has meant that for weeks at a time the occupancy was well over one hundred per cent, manifesting the overcrowded conditions and the difficulties under which the service was rendered. There has been a consequent increase of work and service in all departments, with severe burdens occurring particularly in the operating room, x-ray, and laboratory units. The shrinkage of 10,443 visits to the New Haven Dispensary was probably attributable to the improved economic conditions in the community.

The community is sorely in need of additional hospital facilities. At our hospital a long waiting list of patients desiring admission to ward and semiprivate accommodations has been in evidence throughout the year. An intensive study of the best program of expanding facilities was undertaken and plans are ready whenever the funds can be secured.

Very few changes in the organization of the professional staff were made during the year. An increase in the birth rate, combined with an increase in the trend toward hospital delivery, brought a demand for the use of our obstetrical facilities by an unusually large number of physicians. This necessitated the establishment of quality standards, in addition to those involved in a State license in Medicine, for the selection of such obstetricians. Consequently, the use of the delivery rooms was restricted to doctors, devoting full time to obstetrical practice, who have evidenced sufficient training and experience to care for complicated as well as normal deliveries. Special professional committees

developed new regulations and standards required by the advancement of medical science or where the pressure of the volume of service created acute conditions. Of these were: a revised drug formulary, standards for inhalational therapy, and the establishment of a priority schedule for the operating rooms.

It has become increasingly difficult for the Hospital to retain sufficient personnel in the face of augmented demands from the Army, Navy, and Public Health services for doctors, nurses, and technicians, and from the rapidly developing defense industries of our community for other types of workers. It will always be difficult for the Hospital to meet the wages and opportunities offered by these other establishments in periods of prosperity. Yet we are doing whatever is possible to make employment by the New Haven Hospital more attractive. Hence, the base rate of subsidiary workers was increased and the method of payment of the entire employed force was changed from the traditional cash plus maintenance basis to a complete cash basis, thus affording the worker individual freedom of action in regard to food and lodging. This, in addition to many minor but significant adjustments in personnel policies, has resulted in a greater stabilization of our working organization. To compensate for an impending shortage of nurses, the Hospital and School of Nursing have developed courses for nursing specialties, inactive nurses, ward aides, and ward secretaries. In cooperation with the Red Cross a course for Volunteer Nurses' Aides has been inaugurated.

In spite of the increased expenses, the average unit cost decreased from \$7.86 to \$7.82 per patient day and the deficit for the year for the New Haven Hospital and New Haven Dispensary was \$88,883.14. This is a decrease of \$18,026.37 from the previous year and the lowest deficit incurred in a number of years.

As planned, the William Wirt Winchester Hospital was closed in August, 1940. Since then, watchman and external repair service have been maintained at the idle plant.

The New Haven Hospital has cooperated as far as possible in aiding the defense program in Connecticut, and the Selective Service Boards have continued to hold their medical examinations in the Hospital. A disaster program has been worked out in collaboration with the Red Cross which has supplied cots and blankets. At the same time the Faculty Guild has prepared a supply of dressings adequate for the emergency. All of this

material is in storage reserve, and the New Haven Hospital could take care of 100 emergency patients on short notice in case of a disaster. This is regarded throughout the country as a model program.

In its public relations program the Hospital continued to publish its own bulletin, *The Watch Tower*, which has been well accepted. The New Haven Hospital received from the American Hospital Association, in a tie for first place, the Award of Merit for its observance of National Hospital Day in competition with all the other hospitals in the United States and Canada.

The telephone switchboard service was transferred from the Southern New England Telephone Company to the Hospital with resulting economies. The maintenance service has been taken over from the University Service Bureaus and it was more feasible to develop a maintenance program in anticipation of repair.

Albert F. Dolloff, Assistant Director, resigned to take charge of a hospital in New Hampshire with the resulting promotions of James W. Stephan to Assistant Director and Reo J. Marcotte, M.D., to Administrative Assistant.

The coming fiscal year forecasts an even greater demand for service, particularly in semiprivate accommodations and in the Obstetrical Service. With the present inadequacy of the facilities in the community, this enlarged demand will undoubtedly result in overcrowded conditions and a lengthening of the periods of unusual pressure. The rising cost of food and supplies and the necessity of increasing the fundamental salary rates for all employees will result in a radically augmented deficit unless further income can be secured. This income must be obtained even though it requires an increase in the schedule of charges to patients.

In tribute to the efforts expended during the trying period just past and in anticipation of the greater efforts pending this coming year, I express upon behalf of the Executive Staff our sincere appreciation to all the members of the Hospital organization who are evidencing sufficient courage and morale to meet these inherent problems.

For the Executive Staff,

JAMES A. HAMILTON

Director

Volunteers save thousands of work hours for the hospital by their contribution of time in a variety of tasks that include clerical duties, receiving visitors, aiding patients and assisting on the wards. Active in the New Haven Hospital are the Volunteer Service, Grey Ladies, Red Cross Aides and Yale Aides.

CAMP HAPPYLAND

WILLIAM WIRT WINCHESTER MEMORIAL HOSPITAL

Camp Happyland was established as a Day Camp on the grounds of the William Wirt Winchester Hospital in the Spring of 1911. Operated under the administration of the New Haven Hospital with Winchester Funds, Camp Happyland has provided more than 3000 youngsters with the benefits of summer air and sunshine. This pre-ventorium has served the community with over 150,000 patient camp days for children.

Total children's days	5,332	Greatest weight gain	13½ lb.
Children admitted	106	Total operating expense.....	\$7,065.58
Daily average number	86	Per capita cost per day	\$1.33
Number gained over 10 pounds each	10	Per capita cost of food per day	\$.46

George F. Eaton	Dr. Margaret B. Weir
	Mrs. Louise F. Wilson

*Previous to the amendment of the constitution of The General Hospital Society in 1919, persons contributing at any one time \$1,000 became vice-presidents for life; contributors of \$500, life directors; contributors of \$50, life members; and contributors of \$25, members for ten years. The Act of March 20, 1919, omitted the class of life directors and provided that contributors of \$500 should be life members; of \$25, annual members. Those enumerated in the list as life directors are, therefore, those who qualified before the amendment of 1919.

As early as 1873, with the addition of the East and West Wings, the hospital had begun a period of growth that has continued uninterrupted as the bed capacity rose from 75 to 575.

*The Union & New Haven Trust Company, Treasurer,
The General Hospital Society of Connecticut,
New Haven, Connecticut.*

We have made an examination of the balance sheet of

THE GENERAL HOSPITAL SOCIETY
OF CONNECTICUT

(comprising the New Haven Hospital and the
William Wirt Winchester Memorial Hospital)

as at June 30, 1941, and of the related statements of general fund surplus and deficits for the fiscal year then ended. In connection therewith, we examined or tested accounting records of the Society and other supporting evidence and obtained information and explanations from officers and employees of the Society; we also made a general review of the operating and income accounts for the year, but we did not make a detailed audit of the transactions.

At your request, we did not apply the auditing procedure of confirming the accounts receivable by communication with the debtors. Owing to the amount of time which would be involved, we did not make a detailed review of the patients' accounts receivable but, after discussion with the Director, we believe that the amount of \$313,640.44, shown on the attached balance sheet for patients' accounts, contains items of a considerable aggregate amount which, after investigation, will be written off against the allowance of \$269,775.07 for uncollectible accounts. The foregoing allowance appears to be ample.

The stocks and bonds, real estate mortgages and real estate shown on the books were in agreement with those shown on certified lists submitted to us by the custodian, The Union & New Haven Trust Company. The funds investments are shown on the balance sheet at cost or at amounts assigned by the Treasurer at date of receipt. At June 30, 1941 the approximate amount of the stocks and bonds based on market quotations was \$3,535,000.00 compared with a total book amount of \$3,762,536.76.

Our verification of the recorded changes in the accounts for the funds principal and investments was limited to a comparison of the transactions shown on the books with reports of such changes prepared by the Treasurer.

It was impracticable for us to obtain direct confirmation and verification of legacies and gifts received during the year ended June 30, 1941. We have not undertaken to ascertain that provisions affecting funds and gifts have been observed.

In our opinion, based upon such examination and subject to the foregoing comments and also to the explanations shown in the footnotes to the statements, the accompanying balance sheet and related statements of general fund surplus and deficits fairly present the position of the Society at June 30, 1941, and the results of its operations for the year.

LYBRAND, ROSS BROS. & MONTGOMERY
Certified Public Accountants.

New York, September 30, 1941.

THE GENERAL HOSPITAL SOCIETY OF CONNECTICUT

BALANCE SHEET, JUNE 30, 1941

ASSETS

Funds assets:

Investments in stocks, bonds, etc., at book amounts, per statement attached:			
Stocks and bonds, including \$59,000 first mortgage 5 per cent bonds of the Society due 1944 (approximate amount at market quotations, \$3,535,000)	\$3,762,536.76		
Real estate mortgages	134,830.00		
Real estate acquired from former mortgagors	78,831.68	\$3,976,198.44	
Uninvested principal cash		3,104.11	
Current account receivable from general fund		6,831.75	
		3,986,134.30	

Plant funds assets at book amounts (note 2):

New Haven Hospital:			
Land and buildings	1,275,124.58		
Equipment	286,820.27		
Radium	11,104.60		
Proposed extension of private pavilion (architect's fees)	5,550.29		
	1,578,599.74		
William Wirt Winchester Memorial Hospital:			
Land and buildings	\$913,583.87		
Equipment	122,843.29	1,036,427.16	2,615,026.90

General fund assets:

Cash (note 3)		84,170.61	
Accounts receivable, patients (see report comments)	313,640.44		
Less, Allowance for uncollectible accounts	269,775.07	43,865.37	
Miscellaneous accounts receivable		18,757.03	
Inventories of supplies, at cost		82,445.45	
Deferred charges:			
Unexpired insurance, etc.	4,575.40		
Equipment, etc.	12,394.45	16,969.85	246,208.31
		\$6,847,369.51	

NOTES:

1. The assets and funds of the New Haven Dispensary, which amount to approximately \$40,000, are not included in the above balance sheet.
2. The amounts shown for buildings and equipment do not include buildings constructed by Yale University and used by the New Haven Hospital or other items either charged off against capital invested in plant or treated as expense. The Society is contingently liable under certain agreements and upon certain contingencies to acquire such buildings erected by Yale University. No allowance is made for depreciation of buildings and equipment.

BALANCE SHEET (continued)

LIABILITIES AND FUNDS

Funds principal:

Endowment funds and funds functioning as endowment (per statement attached), subject to annuity payments aggregating \$800 per annum		\$4,609,533.73
--------------------------------------------------------------------------------------------------------------------------------------	--	----------------

Less:

Unallocated net loss on disposition of investments	\$ 454,724.43	
Advances to general fund to provide working capital	175,000.00	629,724.43

3,979,809.30

Agnes D. Goeckler fund expendable for treatment of cancer		6,325.00
-----------------------------------------------------------	--	----------

3,986,134.30

Plant liability and capital:

First mortgage 5 per cent bonds due 1944	1,000,000.00	
Less, Unissued	464,000.00	

Issued and outstanding (see funds assets, contra)	536,000.00	
Capital invested in plant	2,079,026.90	2,615,026.90

General fund liabilities and surplus:

Accounts payable, etc. (note 3)	3,875.83	
Current accounts payable to funds principal	6,831.75	
Patients' credit balances	5,969.23	
Accrued interest on first mortgage bonds	6,700.00	
Unexpended expense appropriations, etc.	19,839.50	
Special funds, etc.	4,521.63	
Due to funds principal for advances to provide working capital	175,000.00	

222,737.94

Surplus	23,470.37	246,208.31
---------	-----------	------------

\$5,847,369.51

NOTE:

- General fund cash and accounts payable have been reduced as of June 30, 1941 by approximately \$97,000, representing disbursements made after that date for accrued expenses and commitments included in the accounts before closing at June 30, 1941 in accordance with the adopted policy of the Society.

STATEMENT OF GENERAL FUND SURPLUS
FOR YEAR ENDED JUNE 30, 1941

Surplus, June 30, 1940		\$ 24,064.60
For deficits:		
Year ended June 30, 1940:		
Transferred from William Wirt Winchester fund principal	\$13,288.91	
Year ended June 30, 1941:		
Contributions received from Yale University	75,000.00	88,288.91
		112,353.51
Deficits for year ended June 30, 1941:		
New Haven Hospital, per statement attached	48,871.98	
New Haven Dispensary, per statement attached	40,011.16	88,883.14
		88,883.14
Surplus, June 30, 1941		\$ <u>23,470.37</u>
