Academic Department Indicators Academic Year 2017-2018

The audience is the Academic Planning Council (APC), college and department heads, and faculty. The purpose is to report instructional productivity measures useful for making comparisons and observing trends. Selected departmental information in this report is submitted annually to the Delaware Study, a National Study of Instructional Costs and Productivity.

This Instructional Productivity information corresponds to the UNO state- and tuition-funded budget. The Supplemental Information at the end of the document provides counts and statistics for campus-wide programs embedded in most colleges. Only Dual Enrollment instruction is excluded from the productivity report since it is a fee-based instructional program for high school students enrolled simultaneously at UNO.

A detailed description of report terminology and calculations is located in the ***Glossary***.

Some questions that may be answered by this report are:

I. Faculty Instructional Productivity

What is the total instructional faculty FTE in departments and colleges?

What is the amount of state-aided salary dollars associated with instructional faculty FTE?

What are the student credit hours generated by instructional faculty FTE?

What is the department / college portion of university faculty salaries and SCH?

What is the student credit hour per faculty FTE ratio and what is the trend?

II. Tenure Density

What percentage of tenured / tenure track faculty are tenured?

III. Student Majors/Minors

How many student majors or minors are there in a department or college?

IV. Degrees Conferred

How many certificates or degrees are awarded?

V. Student Credit Hours by Curriculum

How many student credit hours are generated in Lower, Upper, or Graduate level courses?

What percent of SCH by the level of courses are taken by the level of the students?

VI. Sections in Academic Year

How many course sections are offered in an academic year? (Fall and spring)

What percentage of the undergraduate organized course sections are small enrollments?

Additional Information:

UNO Graduates Studies

What are the total majors and degrees at the graduate level by departments and colleges?

Non-Departmental Degrees and Majors

What are the non-departmental majors or degrees in the colleges?

Supplemental Information

How many sections were delivered in: Dual Enrollment, Service Learning, Internships, Distance Education, Off-Campus, and First-Year Experience instruction?

Majors or Degrees Counted Only in College (non-departmental) Totals

Majors or degrees that don't correspond to a department page in the Academic Department Indicators are included in the college summary totals. These majors or degrees are counted only in college totals as listed below. **From fall 2010, all current UNO academic plans of enrolled students are counted.**

Senior Vice Chancellor

University of Nebraska at Omaha Glossary of Academic Department Indicator Terms

Academic Department Indicators is a summary of state-funded instructional activity carried out by faculty during an academic year. The glossary explains the data and calculations used in each section of the report.

While most of the information in this report spans the 9-month academic year time frame, there are some exceptions. Academic year is fall and spring and corresponds to nine-month academic year faculty activity. Salaries are calculated and reported on a fall/spring academic year basis. Student majors are a day 6 census snapshot count for the fall term only. Tenure density is a fall snapshot of tenured/tenure-track faculty as reported annually to the Board of Regents. Degrees are reported over an entire year from August through May on the same cycle as that required by IPEDS for federal reporting. Row and column labels specify the time frames by section.

I. Faculty Instructional Productivity

Section I. shows total instructional faculty FTE and salaries for the 9-month academic year. The percent of student credit hours in the college and for the campus is given on each department and college page. The SCH/FTE represents the ratio of student credit hours per instructional faculty FTE.

FTE and credit hours are reported in the primary department that funds the faculty. Occasionally a faculty will teach an overload assignment and their FTE and SCH are reported in the department where they are paid, not their home department. For the most recent year, the data and ratio for full-time faculty (FT), part-time faculty (PT), and TA (teaching assistants) are displayed separately across the page.

Full-time instructional faculty are one (1.0) FTE except for those who also have external grants funded assignments. In this case, the full-time faculty will have an FTE of less than one that is reduced by their work effort directed to grants. Part-time faculty appointments are less than one FTE and are summed to an FTE equivalent. Part-time faculty FTE and the credit hours they teach are reported in the primary department where they are funded. Deans, administrators, staff, or others who teach part-time are defined as part-time faculty.

Note: Full-time equivalency (FTE) is a standardized unit also used in ratio analysis. Total FTE also may represent a sum of one or more individuals to a total full-time equivalency.

Percentage Columns

Percent of Salaries: Department/Unit salaries are shown as a percentage of the college total salaries and as a percent of campus total salaries.

Percent of SCH: Academic year (fall and spring) student credit hours generated by a department/unit are shown as a percentage of the college total credit hours and as a percentage of the total campus credit hours.

SCH/FTE Inst Faculty: This ratio represents the academic year teaching workload and is calculated as total student credit hours per total faculty FTE.

Faculty, Student Credit Hour (SCH), Ratio Columns

FTE Faculty Total: The Full-Time Equivalent (FTE) faculty total column represents the state-funded portion of academic year (fall and spring) faculty who are on active appointments and who are instructor of records and teaching assistants who are instructor of record or assigned to teaching related duties any time during the academic year.

Unit Faculty Salaries: The salaries column is a sum of all academic year (fall and spring) faculty and teaching assistants on active appointments (not on leave) who are ***instructor of record*** or assigned teaching related duties anytime during the academic year. Only State-supported faculty and teaching assistant salaries are included. Twelve-month faculty salaries are adjusted by .75 to an academic year (9-month) equivalent.

Academic Year SCH: The student credit hours are academic year, broken out by level of the course, and reported in the department/unit of the faculty (regardless of the curriculum). One and two-hundred numbered courses are “Lower Division”, three and four-hundred numbered courses “Upper Division”, and eight and nine-hundred numbered courses are “Graduate Level”. Credit hours are attributed to the home department of the faculty member. Cross-listed section credit hours are attributed to the unit funding the faculty to teach the section. Similarly, credit hours generated by distance education, at Offutt, or for B.G.S. programs are attributed to the unit funding the faculty to teach the course or section. Interdisciplinary program SCH (that do not have budgeted/assigned faculty) are attributed to the unit funding the faculty to teach the section.

SCH / FTE Ratio: This ratio is total student credit hours divided by Full Time Equivalent (FTE) Faculty. For the most recent year only, a ratio is given for FT (full-time), and PT (part-time), and TA (teaching assistant) categories.

II. Tenure Density

A count of tenured / tenure-track faculty and the percentage that are tenured is given. Tenured or tenure-track faculty and administrators are reported in their tenure department. The tenured percentage for the campus matches the annual percentage reported to the Board of Regents.

Tenured/Tenure Track: The tenured faculty is a percent of the total who are tenured or on tenure-track.

III. Student Majors/Minors/Certificates

Students are counted in their majors and minors as of census day for the fall semester (Day 6 of classes). Both first and second majors associated with 1st and 2nd degree programs are counted in the department responsible for the major. Total count of up to four minors per student is reported here.

The *Undergrad* column includes all undergraduates except for the students in the B.G.S. (Bachelor of General Studies) degree. The *B.G.S.* column is a count of students in B.G.S. degree concentrations. *UG/GR Minors* is a count of undergraduate and graduate students with minors, up to four minors are counted per student. The *Less Doct* column is a count of master’s, graduate certificate, and specialist degree-seeking students. The *Doct* column is a count of doctoral students.

Students with majors or concentrations in Environmental Studies, a B.G.S. program in General Studies or General Administration, Human Services graduate certificate, or Master’s in Public Health are reported in the department that corresponds to the major or concentration in the degree program.

IV. Degrees Conferred

Academic Department Indicators for degrees awarded August through May correspond to the IPEDS degrees and awards reporting cycle. The count of degrees includes double majors or more than one degree per person where applicable. The counting of double majors, or more than one degree per person, is consistent with federal degrees and awards reporting guidelines (IPEDS).

The B.G.S. column counts graduates by area of concentration in the B.G.S. degree programs. The *Other Bach* column is a count of all undergraduates' degrees/majors other than the B.G.S. The *Master* column counts all master degrees awarded, the *ED.S* column is a count of Specialist in Education degrees, the *Doct* column counts the doctoral degrees, and the *Cert* column is a count of undergraduate and graduate certificates awarded.

Graduates with majors or concentrations in Environmental Studies, BGS in General Studies or General Administration, Human Resources graduate certificate, or Master's in Public Health are reported in the department that corresponds to the major or concentration in the degree program.

V. SCH by Curriculum

The student credit hours (SCH) by Curriculum reports SCH differently than in Section I. In Section I, the SCH follows the faculty member who taught the course and is reported under the faculty member's home department. Section V. reports SCH by curriculum under the sponsorship of a department or college.

The percentages represent the distribution of course credit hours (in lower, upper, and graduate division courses) enrolled by student level (freshmen, sophomore, junior, senior, special undergraduate, graduate in major, all other graduates).

SCH Columns

Total SCH: The total number of academic year student credit hours (enrolled as of the official census day in fall and spring) by curricula.

LD SCH: The total number of academic year credit hours enrolled, in sections with a course number less than or equal to 2999, for the curricula.

UD SCH: The total number of academic year credit hours enrolled, in sections with a course number ranging from 3000 through 4999, for the curricula.

GR SCH: The total number of academic year credit hours enrolled, in sections with a course number greater than or equal to 8000, for the curricula.

Percentage Columns

The percentages represent the distribution of course credit hours (in lower, upper, and graduate division courses) enrolled by student level (freshmen, sophomore, junior, senior, special undergraduate, graduate in major, all other graduates).

Frsh Undec %: Freshmen students in the undecided major as a percent in *all courses or LD courses' credit hours*. Normally, freshmen undecided majors take only lower division courses.

Frsh/Soph %: Freshmen or sophomore students in declared majors as a percent of the *Total, LD, UD, or GR courses' credits hours*.

Jr/SR/Spec %: Junior, senior, or special undergraduate students in declared majors as a percent of *Total, LD, UD, or GR courses' credit hours*. Note: A special undergraduate already holds a baccalaureate degree.

Grad in Maj %: Graduate students taking courses in curriculum listed in their major department. This percentage is given for *all courses and GR courses' credit hours*.

All Other Grad %: Graduate students taking courses in the curriculum reported, but who are majors outside the department. This percentage is shown for *all courses and GR courses' credit hours*.

Grad Stu %: All graduate students taking courses in the curriculum at the noted level. The percentage is given for *LD or UD courses' credit hours*.

VI. Sections in the Academic Year

Similar to Section V., course sections are reported in the curriculum department. Cross-listed course sections and honors sections are collapsed by instructor, course, meeting time and place for section counting purposes. In other words, honors (associated with a regular section) and cross-listed sections are recognized as a single section taught in the same time and place.

Only sections with enrolled students are included. Lab and discussion sections with zero credit hours with enrollments are included in the section counts. Cancelled sections are excluded. Sections housed under the Senior Vice Chancellor for Academic and Student Affairs, or Study Abroad are excluded. Examples of sections under the Senior Vice Chancellor are: university seminar or ROTC, and courses with a curriculum designation of HONR.

The percentage with small enrollments is given. An undergraduate organized section is considered small when enrollment falls below a threshold of 10. Note that some sections are small due to mandated small enrollments such as those established by the Nebraska State Department of Education for some Teacher Education courses.

Section counts and credit hours are given for Undergraduate Organized Sections, Undergraduates Labs/Discussion Sections, Graduate Organized Sections and Graduate Labs/Discussion Sections. Head counts and credit hours are given for Undergraduate and Graduate Individual Study.

Graduate Studies Summary

At the request of the Dean of Graduate Studies, a summary of graduate credit hours, student majors and minors, degrees conferred, and a count of Organized Graduate Sections begins on page 58. All of this information is presented in academic department and college summaries in the detail section.

Supplemental Information

The supplemental section provides useful departmental information on special university-wide programs. Except for Dual Enrollment, the information shown here also is included in the detail department and college academic indicators.

Dual Enrollment allows academically talented students to earn college credit while still in high school. Dual enrollment can provide enhanced curriculum opportunities that help students remain engaged in their junior and senior years of high school and help prepare for college level work. The dual enrollment courses are fee-based and not counted in official campus credit hours or state-aided campus revenues. Dual Enrollment courses are offered only fall and spring terms.

Service Learning are regular courses that include community engagement projects and goals in the course requirements. Service learning are predominantly offered in fall and spring terms with a few in the summer.

Internships for Credit are offered across many departments fall, spring and summer. The actual number of enrolled students is more meaningful than the number of sections which may vary from one enrollment to many.

Distance Education is offered throughout the year as regular courses delivered by Internet and other distance technologies.

Off-campus Courses offered throughout the year are regular courses mostly delivered at the Offutt site. The Offutt location is convenient for students with active military assignments but non-military persons also may enroll at this location.

First-Year Experience courses integrate college success strategies with academic content. These are regular for-credit courses taught by faculty and University Division staff. First-Year Experience courses are offered only fall and spring terms.

The Thompson Learning Community is designed to promote the academic success of UNO students receiving the William H. Thompson Scholarship. TLC consists of a sequence of common courses offered across campus academic departments. The TLC courses are offered fall and spring only.

Summer SCH by Course Level reports summer SCH generated by curriculum as of census time. SCH is reported by level of curriculum under the sponsorship of a department or college, also as a percent of the college and campus total credit hours. Summer SCH, combined with the total SCH of ADI Section V (SCH by Curriculum) provides the 12-month period (fall, spring, and summer) credit hours generated by the curriculum under the sponsorship of a department and college.
