2011-2012 Annual Report Electronic Resources

Electronic resources are responsible for the library's online collection. Electronic resources include multiple databases that cover several disciplines. These databases are frequently used by students and are a core part of the research process. The Electronic resources department keeps record of the number views each database has per month, along with the number resources downloaded from said databases.

¹ Books refer to loans of book materials from the regular shelves upstairs. Media includes videos, DVDs, and any mixed media items or audio items.

² Laptops are checked out on a four-hour basis for use inside the library.

³ In-house books are materials that are not checked out, but used inside the library.

⁴ Periodicals are used in-house, as no periodicals can be checked out unless special circumstances permit.

⁵ Reference questions include the total number questions answered from all departments combined.

⁶ Reservations for study rooms are made online through the library website.

⁷ The library records a gate count of all people entering and leaving the library. The numbers reflect, as accurately as possible, the number of people physically coming into the library.
