In publishing this *Catalog*, every reasonable effort has been made to be factually accurate. The publisher assumes no responsibility for editorial, clerical, or printing errors. The information presented is, at the time of printing, an accurate description of course offerings, policies, and requirements of Southern Adventist University. The provisions of this *Catalog*, however, are not to be regarded as an irrevocable contract between the University and the student. The University reserves the right to change any provision or requirement at any time, without prior notice.

## ***Something to keep in mind —***

Although this *CATALOG* is not a textbook, you will refer to it often during your university career. It describes the academic program you select and the requirements you must fulfill to graduate. Before you enroll at Southern or register for any succeeding semester, you should satisfy yourself that you are familiar with this *Catalog*.

Two important parts of your academic life are General Education and your field of concentration. You will find it especially valuable to read carefully the sections of the *Catalog* that explain these programs.

Every attempt has been made to prepare this *Catalog* so everyone may understand it, but some of the information may still be confusing to you. Also, because changes may occur in your program requirements, you may encounter contradictions between this *Catalog* and advice that you later receive. Talk to someone about the sections of this *Catalog* that are not clear.

The first person to talk to is your academic adviser. You may also find help from the chair/dean of your department/school. It may be necessary to visit with the Director and Assistant Director of Records and Advisement. The Vice President and Associate Vice President for Academic Administration are also available to assist you. If you need explanations about financial questions, talk with the Associate Vice President of Enrollment Services or the Assistant Directors of Student Finance.

Remember that you are the one who selects your program of study and it is your responsibility to know the graduation requirements and meet them.

Do not lose this *Catalog*. It is your “university manual.”

# THIS IS SOUTHERN ADVENTIST UNIVERSITY

---

Southern Adventist University is a co-educational institution established by the Seventh-day Adventist Church, offering master's, baccalaureate, and associate degrees, and one-year certificates.

## **The Mission**

Southern Adventist University as a learning community nurtures Christ-likeness and encourages the pursuit of truth, wholeness, and a life of service.

## **Core Values**

- A Christ-centered campus
- Academic and professional excellence in a distinctive Seventh-day Adventist environment—theologically, socially, morally, and intellectually
- Demonstrated hospitality and service
- Affordable education

## **Institutional Goals**

- Graduates who master the basic skills of critical reasoning, independent thinking, computation, communication, collaboration, and creativity needed to enter the workplace with confidence, to pursue lifelong learning, and to exercise leadership as contributing citizens who advance their families, communities, the church, and society.
- Competent and diverse faculty and staff who model balanced ethical lives, integrate faith and learning, demonstrate scholarship through teaching, research, and other scholarly and creative activities, and celebrate and energize the student spirit as they respect and support the different ways students develop their minds, their persons, and their citizenship.
- Campus learning communities that engage students with ideas that mark educated persons, global and multicultural perspectives, and advanced technology to develop both ethical principles and intellectual flexibility.
- Active partnerships with alumni, church, community, business and industry, civic organizations, and government in order to analyze, project, and respond to changing needs to help ensure that graduates are prepared for a life of service.
- Responsible stewardship of resources entrusted to the university through effective fiscal management to fulfill the mission, vision, and goals of the university.

## **Educational Philosophy**

Rooted in its theological understanding of God and humanity, the educational philosophy of the Seventh-day Adventist church is summarized as follows:

- God, the creator and Sustainer of the universe, is the Source of all

knowledge.

- Created in the image of God for the purpose of communion with Him, humanity has sinned and has separated from Him.
- Through infinite love, God sent His Son to restore this relationship with us—a personal relationship that begins now and continues throughout eternity.

Within the context of this theological understanding, education is viewed as an essential element of redemption, and must focus on developing the whole person. Through harmonious development of the physical, mental, spiritual, and social dimensions, the individual becomes better equipped to bring wholeness to a broken world. Within this philosophical framework, the **Student Development Goals** are as follows:

- **Spiritual:** To create a safe, nurturing community of faith in which students may grow in a vibrant relationship with the Lord Jesus Christ, while integrating into their lives Christian beliefs and values as understood by the Seventh-day Adventist church.
- **Intellectual:** To facilitate in students the mastery of cognitive skills of critical reasoning, independent thinking, reflective judgment, communication, and creativity as students confront the issues, ideas, and values of historical and contemporary civilization.
- **Occupational:** To assist students in attaining knowledge-based competencies essential for productive citizenship, leadership, and service in an increasingly complex global society.
- **Social:** To provide opportunities for students to develop socio-emotional maturity that will enable them to be effective, contributing members of families, groups, and communities in a pluralistic society.
- **Physical:** To empower students to take responsibility for their own well-being through a health-promoting lifestyle.

## HISTORY

In 1892 the educational venture that developed into Southern Adventist University had its beginning in the small village of Graysville, Tennessee. The school became known as Graysville Academy. In 1896 the name was changed to Southern Industrial School and five years later to Southern Training School.

In 1916, because of limited acreage available for further expansion of plant facilities, the school was moved to the Thatcher farm in Hamilton County, Tennessee. The name “Collegedale” was given to the anticipated community. At its new location, the school opened as Southern Junior College and continued as such until 1944 when it achieved senior college status and the name was changed to Southern Missionary College. In 1982 the name was changed to Southern College of Seventh-day Adventists.

In 1996 graduate studies were added to the curriculum and the name was changed again, this time to Southern Adventist University.

## SETTING

Southern Adventist University's one-thousand-acre Collegedale campus is nestled in a valley 18 miles east of Chattanooga. The quietness and beauty of the surroundings are in keeping with the University's educational philosophy.

### **ACCREDITATION AND MEMBERSHIPS**

Southern Adventist University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097, telephone number 404-679-4501) to award one-year certificates, associate degrees, baccalaureate degrees and master's degrees. It is also accredited by the Accrediting Association of Seventh-day Adventist Schools, Colleges, and Universities.

Schools and departments of the University are also accredited by various organizations. The Associate of Science, Bachelor of Science, and Master of Science degree programs in nursing are accredited by the National League for Nursing Accrediting Commission (61 Broadway, New York, NY 10006, telephone number, 1-212-363-5555 ext. 153). The School of Nursing is an agency member of the Council of Baccalaureate and Higher Degree Programs and the Council of Associate Degree Programs of the National League for Nursing. The School of Nursing is approved by the Tennessee Board of Nursing. The School of Education and Psychology teacher education program is accredited by the National Council for Accreditation of Teacher Education. The University is approved by the Tennessee State Board of Education for the preparation of secondary and elementary teachers. The School of Music program is accredited by the National Association of Schools of Music. The Long-Term Care Administration program is accredited by the National Association of Boards of Examiners of Long-Term Care Administrators. The Social Work program is accredited by the Council of Social Work Education.

Southern Adventist University is also a member of the Association of American Colleges, the American Council on Education, the Tennessee College Association, and the American Association of Colleges for Teacher Education.

### **ACADEMIC PROGRAM**

Southern Adventist University offers 7 master's degree programs with 22 emphases, 57 baccalaureate degree majors, 49 minors, 16 associate degree majors, and 1 one-year certificate. Additional preprofessional and terminal curricula are available to students seeking admission to professional schools. (See "Degrees and Curricula," page 33). Twelve departments/schools offer secondary teaching certification.

### **DISTANCE LEARNING**

Distance learning includes undergraduate and graduate programs located on national and international Seventh-day Adventist college and university

campuses as well as on-line courses and degrees. The distance learning program provides the same quality of educational experience as the main campus to those students who cannot attend classes in Collegedale.

### STUDENTS

Sixty percent of the students of Southern Adventist University come from the eight states constituting the Southern Union Conference of Seventh-day Adventists. However, most of the additional states and 50 foreign countries are also represented. There are a few more women than men.

Former Southern Adventist University students are now serving in the ministerial, teaching, medical, and other services of the Seventh-day Adventist Church at home and abroad. Others are engaged in advanced study, business pursuits, government service, research activities, private and institutional medical services, and the teaching professions on all levels.

# ADMISSIONS

---

Southern Adventist University welcomes applications from students who seek a university career that unites spirituality and academic integrity and who commit themselves to an educational program designed according to Christian principles as taught by the Seventh-day Adventist Church. The University does not discriminate in admissions on the basis of age, gender, race, color, ethnic or national origin, religion, or handicap.

## **ADMISSION OF FRESHMAN STUDENTS\***

Applicants for regular admission as freshmen (less than 24 college credits) must satisfy one of the following three conditions at the time of enrollment:

### **Regular Acceptance**

1. Graduate from an approved secondary school, including Home Study International, with a grade point average (GPA) of at least 2.25 (on a 4.00 scale) in major subjects,\*\* and have a minimum composite score of 18 on the American College Test (ACT) or a minimum of 870 (excluding the writing section) on the Scholastic Aptitude Test (SAT).
2. Pass the General Education Development (GED) test with a minimum score of 410 on each section and an average of 450 overall (or 2250 total standard score points) and have a composite score of 18 on the ACT or a minimum of 870 (excluding the writing section) on the SAT. Each GED applicant must have an official transcript of his or her grades and credits sent to the Enrollment Services Office from the high school most recently attended.
3. Applicants who have completed their high school education in a home school setting must have an ACT minimum composite test score of 18, or an SAT score of 870 (excluding the writing section), and submit a portfolio, which must include the following documents:
  - a) If the student participated in or completed a course of study through a correspondence school, the student must submit an official transcript from that school. If the student was taught partially or completely within the home, then it will be necessary to create a transcript of class work of the entire high school experience. Include course description, when the course was taken, as well as grade achieved. For example, "Algebra I: Fall, 2002, B+, 1 unit". The home school transcript must show the graduation date and be signed and dated by one of the parents.
  - b) A copy of an original research paper.
  - c) A written statement reflecting on the value the student received from his or her home school experience.

### **Acceptance of Freshman on Academic Probation**

- A. If either the high school GPA or ACT/SAT composite score is below the minimum requirements as stated above, the student may appeal to the Admissions Committee.
- B. Students accepted on academic probation may take no more than 13 semester hours during the first semester.
- C. Students accepted on academic probation

are required to take Academic Power Tools—a class designed for students who want to learn to be successful in college. An additional fee is required that is not included in tuition charges.

\*Those planning to enter professions such as business and management, computing, education, journalism and communication, nursing, music education, or religion should also consult the respective school for any additional admission requirements.

\*\*Major subjects: English, mathematics, natural science, religion, social science, and foreign language.

### **Subjects Required for Admission**

Applicants to freshman standing must have, at the minimum, the following subjects in their secondary program:

1. Three units of English, excluding journalism and communication.
2. Two units of mathematics, one of which must be algebra. If Algebra 1 has not been taken, MATH 080 must be taken to make up for this deficiency.
3. Two units of science. A college class in biology, chemistry, or physics must be taken in addition to general education science requirements if this condition is not met.
4. Two units of social studies. If one of these two units is not World History, HIST 174, 175, 364, 365, 374, 375, 386, 387 or 388 must be taken as part of the General Education requirements.
5. Two units in a foreign language are required for a B.A. degree. If deficient, one year of a foreign language at the college level will be required.
6. Computer competency is strongly recommended.

## **ADMISSION OF TRANSFER STUDENTS**

### **Regular Acceptance**

Transfer students must show evidence of a college GPA of 2.00 in major subjects and a minimum composite ACT (American College Test) of 18 or an SAT (Scholastic Aptitude Test) of 870 prior to registration. Students who have a transfer GPA of 2.50 or above in 12 hours of major subjects such as general education courses offered at Southern in general education areas A, C, D, E (see *Catalog* under Academic Policies, General Education), may exempt themselves from the ACT/SAT requirement unless required by individual department or school.

### **Acceptance of Transfer Students on Academic Probation**

- A. If either the college GPA or ACT/SAT composite score is below the minimum requirements as stated above, the student may appeal to the Admissions Committee.
- B. Students accepted on academic probation may take no more than 13 semester hours during the first semester.
- C. Students accepted on academic probation are required to take Academic Power Tools—a class designed for students who want to learn to be successful in college. An additional fee is required that is not included in tuition charges.

### **Transfer Credits**

Transfer credits may be applied toward the requirements for a degree

when the student has satisfactorily completed a minimum of 12 semester hours in residence. Credit by examination taken at other colleges will be accepted according to Southern Adventist University standards (see "University Credit by Examination" in the Academic Policies section of the *Catalog* on page 45). A maximum of 72 semester hours may be accepted from a college where the highest degree offered is the associate degree. Background deficiencies revealed by transcripts and entrance examinations will be given individual attention.

Credit may be granted for courses taken at institutions which are not regionally accredited only after the student has completed at least 16 semester hours at Southern Adventist University with a 2.00 or better average. Transfer courses that are comparable to Southern Adventist University courses may be recorded with an earned grade of "D" or better in general education and a "C" earned grade for a major.

A student who has been dismissed from another institution because of poor scholarship or citizenship, or who is on probation from that institution, is not generally eligible for admission until s/he can qualify for readmission to the institution from which s/he has been dismissed.

**Transfer students must submit both their official college and high school transcripts to the Enrollment Services Office before being allowed to register for classes.**

#### **ADMISSION OF SPECIAL STUDENTS**

Mature individuals who do not meet the above University admission requirements and who do not wish to become degree candidates, but who may desire limited credit for transfer to another institution of higher learning, may register as special students. A special student may enroll for a maximum of five semester hours per term.

#### **ADMISSION OF INTERNATIONAL STUDENTS**

In addition to meeting the freshman or transfer acceptance criteria, an international student must send official copies of all credits, degrees, diplomas and other credentials, with validation by school or national officials. These should be in the original language, accompanied by a translation (not an interpretation) in English, and certified by an American Embassy official if possible.

The deadline for international student applications to be received by the Enrollment Services Office is June 30 for the fall registration, and October 30 for the winter registration.

Students from countries which administer the G.C.E. (General Certificate of Education) examinations must have earned five (5) or more "O" level academic subject passes (generally at one sitting, with marks 1 through 6 or A through D). Subjects must include English, a natural science, and three others selected from a second language, mathematics, science, and social studies. Proficiency in English, both written and oral, must be proven before admission. This may be done by taking: (1) the Test of English as a Foreign Language (TOEFL) Internet-Based Test (IBT); (2) the TOEFL Paper-Based Test (PBT); or (3) the TOEFL Computer-Based Test (CBT). Students whose TOEFL (IBT) score is 79 (PBT 550 or CBT 213) or higher meet the official admission level.

All students desiring an I-20 must first submit a legible copy of their passport, showing legal name.

All international students with student visas are required by current

immigration laws to be enrolled in a full course study (a minimum of 12 hours) for each semester in attendance. NOND 080/090, Academic Power Tools, may count as part of the international student's load.

According to current immigration laws, international students with student visas may work on campus provided that employment is available, and provided that the student is enrolled in a full course of study (minimum of 12 hours) for each semester in attendance and is making progress to the completion of a degree. On-campus employment is limited up to 20 hours per week when there are regular classes held. Such employment may be full time (up to 40 hours per week) during school vacation periods provided that the student intends to register for the subsequent academic semester. The Human Resources Office monitors hours worked and notifies the student and the campus employer when a student works in excess of 20 hours per week. If a student's work exceeds 20 hours per week, the student will become out of status with Immigration Services. Spouses may work only if they have a student visa (or other eligible visa) of their own.

International students on non-immigrant visas are required by law to secure permission before accepting any off-campus employment.

International students should not leave their homeland until they have in their possession:

1. An admissions letter of acceptance from Southern Adventist University
2. Form I-20 (from Southern Adventist University)
3. A valid passport
4. A valid visa to enter the United States
5. Sufficient funds for the first year at Southern Adventist University—in addition to the international security deposit of US\$3,000 required of all non-U.S. citizens except for citizens of Canada, Bermuda, and the Bahamas.

In addition to the regular University expenses, there are other expenses for an international student. (Please refer to the Financing Your Education section of the *Catalog*.)

#### **ADMISSION OF ENGLISH AS A SECOND LANGUAGE (ESL) STUDENTS**

Students that meet the admission criteria of an international student except for the TOEFL requirements can be accepted as an English as a Second Language (ESL) student if they have a TOEFL IBT score between 45 and 78 (PBT 450-549 or CBT 133-212). ESL students must enroll as special advisees of the English Department which administers the language classes. Students whose TOEFL IBT scores are below 45 (PBT 450 or CBT 133) are not eligible for admission to the University. See page 137 in the English Department section of the *Catalog* for additional ESL information.

#### **ADMISSION TO THE SCHOOL OF BUSINESS AND MANAGEMENT**

Students majoring in business and management should refer to the School of Business and Management section of the *Catalog* for requirements pertaining to the admission into the School.

#### **ADMISSION TO THE SCHOOL OF COMPUTING**

Students majoring in computer science should refer to the School of Computing section of the *Catalog* for requirements pertaining to admission to the School.

#### **ADMISSION TO THE SCHOOL OF EDUCATION AND PSYCHOLOGY**

Students who plan to teach in elementary or secondary schools should refer to the School of Education and Psychology section of the *Catalog* for admission requirements to the Teacher Education Program.

**ADMISSION TO THE SCHOOL OF JOURNALISM AND COMMUNICATION**

Students majoring in journalism and communication should refer to the School of Journalism and Communication section of the *Catalog* for requirements pertaining to admission into the School.

**ADMISSION TO THE SCHOOL OF MUSIC**

Students majoring in music should refer to the School of Music section of the *Catalog* for requirements pertaining to admission into the School.

**ADMISSION TO THE SCHOOL OF NURSING**

Students applying to nursing courses as a freshman or as a transfer student should refer to the School of Nursing section of the *Catalog* for requirements pertaining to admission into the School.

**ADMISSION TO THE SCHOOL OF RELIGION**

Students majoring in religion should refer to the School of Religion section of the *Catalog* for requirements pertaining to the admission into the School.

**EXTENSION CLASSES**

Extension classes are university classes offered on the campuses of Southern Union academies as an opportunity for seniors to earn university credit in skills areas that will fulfill part of the General Education requirements at Southern Adventist University. Instructors are academy teachers who are qualified with appropriate credentials and experience.

To enroll in an extension class, students must be members of the senior class with a grade point average of 3.00 or above during the years of their secondary education.

The extension classes must duplicate as nearly as possible their university counterparts in content, degree of difficulty, testing and grading. The use of formal Advanced Placement (AP) courses may be used where such are available.

Academies that would like to participate in this program must contact the Vice President of Academic Administration to make application.

**APPLICATION PROCEDURE FOR ADMISSION**

- ◆ Prospective students should request application forms from the Enrollment Services Office or can apply on the Internet at [www.southern.edu](http://www.southern.edu).
- ◆ Completed applications should be returned to the Enrollment Services Office with an application fee of \$25.
- ◆ It is the student's responsibility to request any former schools (high school and college) to forward transcripts to the Admissions Office in support of the application. These will become the property of the University.
- ◆ It is the student's responsibility to forward the ACT or SAT test scores to the Enrollment Services Office.
- ◆ Upon receipt and evaluation of the application, transcripts of credits and test scores, the Enrollment Services Office will notify the applicant of the action taken.

**Southern Adventist University must have received a final official high school transcript or GED scores and a transcript from the high school last attended from each new student before he or she will be allowed to proceed to registration.**

#### **WHEN TO APPLY OR REAPPLY**

Southern gives acceptance priority to those that submit their application no later than March 31. Applications received after March 31 will be processed on a space availability basis.

All new and transfer students who have received academic acceptance will be mailed a Commitment Deposit Card. To register for classes, this card must be completed and returned to the Enrollment Services Office with a \$250 Commitment Deposit. Deadlines are July 16 for the fall semester and November 16 for the winter semester. The \$250 is not an additional fee, it will be used as the housing deposit unless the student will not be in university housing. For those not in university housing, the \$250 will be applied to the student's account. The Commitment Deposit is refundable until the deadlines. After that date, the student will forfeit the deposit. The Commitment Deposit is required of any new or transfer student seeking enrollment whether residence hall or village.

#### **ADMISSION TO GRADUATE PROGRAMS**

# STUDENT LIFE AND SERVICES

---

A university is not only classroom instruction, but also a mode of association. The effectiveness of the University program is enhanced if students develop their interests and meet their needs through participation in the nonacademic activities provided. Students are encouraged to take advantage of the facilities and opportunities planned for their cultural, social, and spiritual growth.

## **CAMPUS SAFETY**

The Campus Safety department safeguards campus residents, property, and facilities. Its responsibilities include fire prevention and detection, traffic control, campus escort service, assistance with vehicle jump starts and lockouts, vehicle registration, card entry, arrangements for emergency after hours transportation, the maintenance of campus safety and order. Campus Safety is also responsible for the public address system, recording of programs and classroom presentations as per request. Campus Safety is located at 5061 Industrial Drive.

## **CAREER SERVICES**

Key elements in selecting an academic major and career are discovering one's interests, abilities, and vocational values. Students are invited to discuss career options, self-assessment, aptitudes, interests, vocational values, and goals with a counselor by visiting or calling the Counseling & Testing Services office located in the Student Success Center on the third floor of Lynn Wood Hall.

The career services staff offers assistance in résumé and cover letter preparation, graduate school and employment application processing, and job interview preparation. Recruiters from professional schools and businesses regularly visit the University to interview seniors. Annual job opportunities and health career fairs provide students with opportunities to network with employers.

## **CHAPLAIN'S OFFICE**

Any student of Southern Adventist University has the opportunity to enrich his/her personal relationship with Jesus through Campus Ministries activities. Through the programs coordinated from the Chaplain's Office, students can engage in a wide variety of on- and off-campus spiritual activities. Student leaders working with the campus chaplain direct out-reach activities such as Campus Ministries, CABL (Collegiate Adventist for Better Living), Destiny Drama Company, Collegiate Missions, and numerous religious programs.

Southern Adventist University enjoys a reputation of having a strong commitment to mission service. There are opportunities for short-term mission projects as well as traditional Student Missionary positions or volunteer Task Force positions. The Student Missionary assignments from the world divisions are published by the General Conference Adventist Volunteer Center on their web site. Students interested in any mission or Task Force position may work through the Chaplain's Office for information and placement in mission positions.

The campus chaplain serves as a pastor for the University campus. The chaplain is available for spiritual counseling, personal and relationship concerns, or any situation in which students desire personal and professional

counseling. It is the desire of the Chaplain's Office to provide a safe, confidential setting for students to discuss personal issues.

Since many university students choose a life partner while here at the University, the Chaplain's Office provides various premarital inventories and counseling programs to aid in the establishment of healthy Christian relationships.

#### **CONCERT-LECTURE SERIES**

Each year a concert-lecture series featuring significant artists and lecturers is provided for students, generally in connection with the weekly convocation program. The cost of admission for students is included in the tuition.

#### **CONVOCATION**

Convocation exercises in the residence halls and for the entire student body serve educational and spiritual purposes. They also provide an element of unity which is one of the most desirable features of private education such as is found at Southern Adventist University. The spiritual emphasis weeks and the weekend church services assist in the spiritual growth of the students. Students are required to attend these services regularly. Failure to do so will jeopardize the student's current status and readmission privileges.

#### **COUNSELING AND TESTING SERVICES**

Each student is assigned an academic adviser who will assist in program planning and give advice and guidance on academic questions throughout the school year. Students may also seek counseling regarding academic concerns from any member of the faculty.

Students who wish to seek assistance from a professional counselor should contact Counseling Services in the Student Success Center located on the third floor of Lynn Wood Hall (423-236-2782). A wide variety of resources to assist students adjust to university life are available. Personal and career counseling, consultation, testing, advisement for international students, and referral services are provided in a confidential caring environment.

Southern Adventist University is an established non-Saturday National Test Center for the administration of entrance examinations for students applying to graduate and professional schools. Contact Testing Services in the Student Success Center for test applications and test date information.

#### **DINING**

For the promotion of student health and enjoyment, Southern Adventist University provides a complete vegetarian cafeteria service, organized to serve student needs. The spacious dining hall is an inviting center of social and cultural life at the University, and service by the cafeteria staff is available for the many student and faculty social functions. Auxiliary dining rooms are available for meetings of various student or faculty organizations. The Food Service Department also operates two vegetarian fast-food shops on the campus. K.R.'s Place is conveniently located in the Student Center and the Campus Kitchen is at the nearby Fleming Plaza.

#### **DISABILITIES - REHABILITATION ACT (1973) Section 504: Services for Students with Special Needs**

Students with physical or academic disabilities that could impact their learning experiences at Southern must contact Learning Success Services (LSS), by phone (423-236-2838) or in person, to schedule an appointment with the Disability Services Coordinator. LSS is located on the third floor of Lynn Wood Hall. It is expected that students with disabilities will make this

contact during the first three weeks of the semester. Otherwise, the process of certifying eligibility and arranging for reasonable accommodations will probably not be completed in time to meet their needs before mid-term. Students who contact LSS after the first month of the semester should not plan on receiving accommodations for that semester.

Southern is in compliance with Section 504 of the Rehabilitation Act (1973) and is dedicated to the elimination of architectural and prejudicial barriers which prevent any qualified person from attending. SAU has established LSS to provide disability services according to the provisions of applicable disability law.

The University does not assume responsibility of identifying students who qualify for accommodations or special services. The student must 1) voluntarily and confidentially identify to the Disability Services Coordinator as having a qualifying disability and 2) provide appropriate documentation to meet the requirements for being certified to receive accommodations.

Details about the services available and the requirements and processes involved in qualifying for accommodations at Southern, can be found at [lss.southern.edu](http://lss.southern.edu). From the *Student Links* menu select the *Disability Support* option.

### **DISCIPLINE**

Discipline refers to any action taken by Southern Adventist University relative to a student's social standing. All student disciplinary procedures are under the direction of the Vice-President for Student Services, who works with the residence hall deans in handling student disciplinary cases. The vice-president for Student Services may separate a student from the school, suspend a student, deny re-admission, or place a student on citizenship probation. For further details, consult the *Student Handbook*.

### **HEALTH SERVICE**

The University Health Center strives to provide high quality health care for the students of Southern Adventist University. Services are provided by a nurse practitioner under the supervision of a physician. The Health Center is open during regular university working hours. To maximize healthcare for all students it is the normal procedure for students to be seen at the Health Center. Registered nurses are on-call for urgent needs when the Health Center is not open.

The Health Center is available to all students and student dependents that are on school insurance.

Visits for minor illnesses or injuries, wound care, blood pressure checks, and equipment loans are free. Visits requiring prescriptions or expanded medical care, physicals, lab tests, immunizations, and medications or supplies will have a charge. The Health Center will bill the school insurance but the students should plan to file their own private insurance. Charges from the Health Center and some prescriptions may be placed on the student's account.

University policy requires all students to have adequate accident and health insurance covering both inpatient and outpatient services. The same coverage is encouraged for all spouses and dependents. This requirement can be met by (a) enrolling in the student insurance plan, or (b) waiving the student insurance plan by providing information regarding coverage from another policy or health care plan. All students living in a residence hall or other student housing must purchase the student insurance plan unless

waiving the coverage. A student taking six hours or more who has not waived the coverage will be automatically enrolled in this insurance plan at registration.

A policy brochure describing benefits, terms, and limits is available from the Risk Management department. *The waiver is valid for one year and is only effective upon providing information regarding other insurance.*

### **ORIENTATION PROGRAM**

Southern Adventist University has a personal interest in the success of the student desiring a university education. There is much that the student must do to get acquainted with the academic, social, and religious life of the University by perusing this *Catalog* and the Southern Adventist University *Student Handbook*. Instruction and counsel are given which will help the student better understand the University program and what is expected of him/her as a citizen of the University community.

Orientation for new students is held prior to the fall term. It includes examinations and instruction helpful in course planning. The student is introduced to the facilities, purposes, and functions of the University. Social occasions are also provided when students may meet faculty members and fellow students. All new freshman and transferring students are required to attend the orientation program.

### **PHOTO RELEASE**

By enrolling at Southern Adventist University, students authorize the use and reproduction by the University, or anyone authorized by the University, of any images taken while enrolled at the University, whether video or photo, film or digital, whether distributed by print medium, video cassette, CD, DVD, internet, television, or any other mode or medium, whether now existing or subsequently developed. All such images, however stored, shall constitute Southern Adventist University property solely and completely. Students will not be entitled to compensation for the use of the images.

### **RESIDENCE HALL LIVING**

Living in a university residence hall with its daily “give and take” prepares the student to meet life with equanimity, teaches respect for the rights and opinions of others, and offers first-hand experience in adjusting to a social group. Four residence halls that serve the needs of our students are: Talge Hall, Thatcher Hall, Thatcher South, and Southern Village.

To assure students this beneficial experience, the University requires those students who take more than three semester hours of class work and who are unmarried, under 23 years of age, and not living with their parents or other approved relatives in the vicinity, to reside in one of the residence halls.

Those over the age 23 may be asked to find alternate housing either in Student Family Housing or off-campus.

### **SOCIAL ACTIVITIES AND ORGANIZATIONS**

The Director of Student Life and Activities plans social activities in consultation with the Student Activities Committee. Additional social programs are sponsored during the year by clubs and organizations.

In addition to the Student Association, more than 30 campus organizations provide opportunities for enrichment, leadership training, and enjoyment. They include church-related organizations—Campus Ministries; Student Ministerial Association; clubs related to academic interests sponsored by the

departments; social clubs—Sigma Theta Chi (women), Upsilon Delta Phi (men), Black Christian Union, Christian Veterans Association and the Latin American Club, and special interest or hobby clubs.

### **STANDARDS OF CONDUCT**

In harmony with the objectives of the University, high standards of behavior are maintained to encourage the development of genuine Christian character. Mature Christian students of sound spiritual and social integrity appreciate standards that elevate and ennoble. Admission to Southern Adventist University is a privilege that requires the acceptance of and compliance with published and announced regulations. Only those whose principles and interests are in harmony with the ideals of the University and who willingly subscribe to the social program as ordered are welcomed. It therefore follows that since students at Southern Adventist University receive an education subsidized by the Seventh-day Adventist Church, those who engage in activities determined to be detrimental to the church on or off campus will not be knowingly accepted or retained.

A student who is out of harmony with the social policies of the University, who is uncooperative, and whose attitude gives evidence of an unresponsive nature may be advised to withdraw without specific charge.

Each student is expected to become acquainted with the standards of conduct published in the Southern Adventist University Student Handbook. The handbook includes levels of social discipline and the appeal route. A copy may be obtained from the office of the Vice President for Student Services. Interim announcements of policies adopted by the administration are of equal force with those listed in official publications.

### **STUDENT ASSOCIATION**

Every undergraduate student at Southern Adventist University who is taking eight or more semester hours of class work is a member of the Student Association with voting privileges in the election of officers. The association affords opportunities for leadership development and for cooperation in achieving the objectives of Southern Adventist University. The association assists the University administration and faculty in the implementation of policies and assumes responsibility in giving direction to campus activities entrusted to it. The association's activities are coordinated and communicated through the Student Senate and cabinet and their several committees. The activities and responsibilities of the officers and the detailed organization of the Student Association are outlined in the Student Association Constitution and Bylaws.

### **STUDENT EMPLOYMENT**

Southern Adventist University encourages every student to balance work and study. If a student wants to work, is physically and emotionally able to work, and has arranged his/her class schedule to accommodate a reasonable work schedule, he/she may be able to obtain employment on campus. Students seeking employment should contact the Human Resources Office for information; however, students are responsible for securing their own employment.

### **STUDENT PUBLICATIONS AND PRODUCTIONS**

As a vital part of its community of learning, Southern Adventist University sponsors the production of a variety of media by its students. When

exercised in the spirit of Christian fellowship, responsible freedom of expression and debate of issues enhances the university community. Editors and producers are encouraged to express themselves freely within the parameters of the philosophy, standards, and mission statement of the University.

Student media are the voices of both students and faculty, representing the visual and creative arts, both in print and non-print formats. The student media provides a marketplace of ideas in a university environment. Student media serve not only the current residents of the campus, but also document the culture and history of the institution.

Approved student-produced media on campus are the *Festival Studios* (multimedia year in review), *Joker* (pictorial directory), *Numerique* (student phone directory), *Southern Accent* (student newspaper), *Southern Memories* (yearbook), and *Campus Chatter* (weekly announcements). Southern Adventist University is the legal publisher of all of the approved student-produced media.

## **E. A. ANDERSON LECTURE SERIES**

The E. A. Anderson Lecture Series is an annual feature of the business curriculum. The series is made possible by the generosity of E. A. Anderson of Atlanta, Georgia, for the purpose of giving the student a broader understanding of the business world. The public is invited to attend the lectures free of charge; however, for a fee, continuing education credit is available. Lectures are presented at 8 p.m. on Monday evenings during the second semester, in the E. A. Anderson Business Seminar Room, Brock Hall, Room 333.

## **EUGENE A. ANDERSON ORGAN CONCERT SERIES**

The Eugene A. Anderson Organ Concert Series was initiated in 1986 to provide world-class organ concerts on the campus of Southern Adventist University. The foremost organists from throughout the world present these concerts. Select performances are broadcast internationally on the American Public Radio Program, "Pipe Dreams." The series is made possible through the generosity of Eugene A. Anderson of Atlanta, Georgia, for the education and enjoyment of the students and the general public.

The Anton Heiller Memorial Organ, a 70-stop 108-rank tracker organ, was dedicated in the Collegedale Seventh-day Adventist Church in April, 1986, and is the largest of its kind in North America. A second instrument, a Renaissance mean-tone organ with two manuals and 13 stops, is housed in the music building's Ackerman Auditorium. Both were built by John Brombaugh and Associates of Eugene, Oregon.

## **CHAMBER MUSIC SERIES**

Ackerman Auditorium in J. Mabel Wood Hall is the setting for the Chamber Music Series. Each semester two or three artists and/or ensembles provide a variety of listening experiences for students, faculty, and the community. Artists are chosen in such a fashion that over a four-year period a student can become acquainted with solo and ensemble music of many style periods. Master classes are often scheduled in conjunction with a concert.

## **E. O. GRUNDSET LECTURE SERIES**

The E. O. Grundset Lecture Series is jointly sponsored by the Southern Adventist University Chapter (Kappa Phi) of the Beta Beta Beta National Biological Honor Society and the Biology Department. Five or more lectures are presented each semester by guest speakers. The general public is invited.

The lectures are divided into two categories. The Technical Research Seminars are designed to update students, faculty, and the community on current biological research as well as to illustrate to students how biological knowledge is acquired through research. The Natural History Lectures are less technical and provide a general understanding of organismic and ecological biology, either by a description of the plants or animals in a certain region or an account of the behavior, habits, or ecology of certain species.

## **GERHARD F. HASEL LECTURESHIP ON BIBLICAL SCHOLARSHIP**

The Gerhard F. Hasel Lectureship on Biblical Scholarship serves to promote biblical scholarship, particularly by inviting recognized

non-Seventh-day Adventist scholars to lecture on the campus of Southern Adventist University each winter semester. The lectureship also serves to maintain a mutually helpful interchange between Adventist and non-Adventist biblical scholars, and to expose students and faculty to varied research and views in order to challenge and fortify reasons for biblical faith. The lectureship is sponsored by the E. G. White Memorial Chair in Religion.

#### **INSTITUTE OF ARCHAEOLOGY**

The Institute of Archaeology, under the auspices of the School of Religion, coordinates archaeological programs through course offerings, the Lynn H. Wood Archaeological Museum, laboratories, a research library, excavations, and publications.

#### **INSTITUTE OF EVANGELISM AND WORLD MISSIONS**

The Robert H. Pierson Institute of Evangelism and World Missions, under the auspices of the School of Religion, provides coordination and funding for students and faculty to engage in direct evangelistic and missionary opportunities, as well as research and resources through the Evangelistic Resource Center.

#### **LEARNING SUCCESS SERVICES**

Learning Success Services (LSS), located on the third floor of Lynn Wood Hall, provides staff and equipment in a supportive Christian environment to assist and encourage all students in their pursuit of learning. One-on-one tutoring by appointment is available in most academic areas. Students with expertise in academic areas are encouraged to seek employment as tutors. LSS offers seminars, classes, and tutoring in study skills, time management, organization, and learning. The Disability Services office is also at LSS. Students with documented disabilities should read the section about Disabilities in this *Catalog* on page 17.

#### **LIBRARIES**

Within a Christian context, McKee Library manages the academic knowledge commons and instructs users in its proper use, because knowledge is the foundation for critical thinking. A variety of educational resources in print, non-print, and electronic format are made available to the students and the faculty of the University. Professional librarians and staff are available to help students and faculty with their individual research needs as well as providing class instruction and tours. McKee Library's website is a central source for accessing information and is located at <http://library.southern.edu>. Research Central links students and faculty to the online catalog, over 100 databases, over 21,000 full-text periodicals, a journal locator, and selected websites. The Services and About Us pages provide information about McKee Library and its services. Students enrolled in online courses may access the McKee Library-Distance Education page located at <http://disted.southern.edu>. The print collection contains over 150,000 volumes housed in open stacks. Over 4,000 items are housed in the media collection. One thousand one hundred print periodicals are currently received which include a large number of titles kept permanently on microform. Special collections in the library include the Dr. Vernon Thomas Memorial Civil War and Abraham Lincoln Collection: books, letters, manuscripts, newspapers, pamphlets, picture, paintings, maps, and artifacts of this period in American

History. Individual study carrels and group study tables provide areas for student learning.

#### **MARINE BIOLOGICAL STATION**

Southern Adventist University is affiliated with Walla Walla College's Rosario Beach Marine Biological Station to enrich and supplement its on-campus programs.

This Marine Biological Station is located on Fidalgo Island in the Puget Sound in the state of Washington and provides students with opportunities to study marine habitats in a temperate climate. This station also furnishes facilities for summer class work and

research. Its close proximity to biomes ranging from sea bottom to Alpine tundra provides an excellent opportunity for instruction and investigation.

#### **ROBERT H. PIERSON LECTURE SERIES**

The Robert H. Pierson Lectureship is sponsored in November of every year by the School of Religion under the auspices of the Ellen G. White Memorial Chair in Religion. The lectures are meant to facilitate the training of ministers and other religion majors in Biblical Studies, Theology, History, Adventist Studies, Homiletics, Church Leadership, and in other areas of preparation.

#### **WSMC FM90.5**

WSMC FM90.5 (Chattanooga's classical station) is a 100,000 watt, noncommercial, fine arts radio station licensed to Southern Adventist University.

WSMC provides training for students in the field of broadcasting. The station regularly hires between 15 and 20 students as on-air announcers, reporters, production, marketing, and development assistants. The station is an excellent way for the student to receive hands-on experience in the field of broadcasting and public radio/development.

WSMC represents the University to the Greater Chattanooga community, with a coverage area including a 94-mile radius of Chattanooga. Founded in 1961, it is the oldest noncommercial fine arts station in southeastern Tennessee. WSMC was the first radio station in a seven-state region to receive satellite capability. The station also exists as an outreach of the University—striving to enhance the quality of life in the community.

The station produces high-quality fine arts, informational, educational, and inspirational programs. WSMC broadcasts programs from Public Radio International, National Public Radio, and American Public Media, as well as news from the BBC.

WSMC's broadcast studios are located in Brock Hall. The facility includes a studio-quality production room, news room, music library, and on-air studios.

## PLANNING A COURSE OF STUDY

When planning their course work, students should acquaint themselves with their chosen program of study and graduation requirements outlined in this *Catalog*. Students who have not decided their course of study before entering the University may take a general program exploring several fields. This *approach* need not result in loss of credits if carefully planned.

Freshman students may consult faculty members during the summer months before the beginning of the fall term. Students planning to teach should consult the School of Education and Psychology to include teacher education courses as a part of their program in order to qualify for denominational and state certification.

Degree candidates are responsible for satisfying all degree requirements. They may choose to meet the requirements of any one *Catalog* in effect during the period of residency. If students discontinue their education for a period of twelve months or more, they must qualify according to the *Catalog* in force at the time of their return.

## GENERAL DEGREE REQUIREMENTS: Master's Degree

The general and specific degree requirements for a master's degree are described in a separate *Graduate Catalog*, available by writing to the graduate school. Master's degrees are available in the fields of Business, Counseling, Education, Nursing, and Religion.

## GENERAL DEGREE REQUIREMENTS: Baccalaureate Degree

The general degree requirements for a baccalaureate degree are as follows:

- ◆ Satisfactory make-up of admissions deficiencies.
- ◆ A minimum of 124 semester hours with a resident and cumulative grade point average of 2.00 (C) or above.\* Students earning the Bachelor of Music degree will take 138-142 semester hours.
- ◆ A minimum of 40 hours of upper division credit, to include at least 14 upper division hours in the major for a B.A. degree and at least 18 upper division hours in the major for all other degrees.
- ◆ Completion of a major and minor (two majors accepted) for a B.A. degree or completion of a major for other degrees with a cumulative grade point average of 2.25 in the major,\* completion of the General Education requirements, and electives to satisfy the total credit requirements for graduation. Courses completed with grades lower than a "C-" will not be applied on a major or minor. Grades of "C" or better are required for the Nursing major and grades of "C" or better are required for Nursing cognate courses.
- ◆ More than one major may be earned provided all courses required for each major and its cognates are completed. Each major must include a minimum of 20 semester hours that do not overlap with any other major or minor.
- ◆ More than one minor may be earned provided all courses required for each minor are completed. Each minor must include a minimum of 12 semester hours that do not overlap with any other major or minor.

-----  
\*For educational certification, all secondary and elementary majors must have a minimum overall grade point, major, and education average of 2.75. The Nursing Major requires a GPA of 2.50 in cognate courses as well as in the major. The Clinical Laboratory Science Major requires minimum grades of C- and a minimum average of 2.25 in the major and cognates. The School of Religion and the Social Work Department require a minimum overall GPA of 2.50.

**GENERAL DEGREE REQUIREMENTS: Baccalaureate, continued**

- ◆ Bachelor of Art degrees are exempt from completing a minor if the student is a Southern Scholar or working towards certification.
- ◆ Completion of an examination as required by the department or school.
- ◆ Students wishing to obtain a second degree will need to complete, beyond the 124 minimum hours required, a minimum of 30 hours, including 16 hours upper division, and a new major.

**GENERAL DEGREE REQUIREMENTS: Associate Degree**

- ◆ A minimum of 64 semester hours and a resident and cumulative grade point average of 2.00 (C) or above. Nursing majors need 69 semester hours and a minimum cumulative GPA of 2.50.
- ◆ Completion of a major, the General Education requirements, and electives to satisfy the total credit requirements for graduation. Courses completed with grades lower than "C-" will not be applied on a major.
- ◆ Students who have completed one associate degree and who wish to obtain another associate degree may do so upon completion of the curriculum prescribed for the second degree.  
The work completed for the second degree must include at least 24 hours in residence over and above the number of hours earned for the first degree. If the second associate degree is earned subsequent to the first associate degree, the requirements for the second degree will be governed by the provisions of the *Catalog* in effect at the time the student re-enters the University for work toward the second degree.
- ◆ Students who wish to obtain an associate degree at the time they receive a baccalaureate degree may do so if the degrees are in different fields. If requirements for an associate and a baccalaureate degree in the same field are completed at the same time, only the higher degree will be conferred.

**ONE-YEAR CERTIFICATE REQUIREMENTS**

- ◆ A minimum of 32 semester hours which meet the requirements of a specific one-year program.
- ◆ A resident and cumulative grade point average of 2.00 (C) or above. Grades in the technical area below "C-" will not be accepted.

**GENERAL REQUIREMENTS: Minor**

- ◆ A minimum of eighteen semester hours of which six must be upper division credit.

**CLASS STANDING**

Freshmen .....	0-23 semester hours
Sophomores.....	24-54 semester hours
Juniors.....	55-93 semester hours
Seniors .....	94 semester hours

Eligibility for class office requires a grade point average of 2.25 and a good citizenship record.

**GRADUATION REQUIREMENTS**

*Degree Candidacy:* A student becomes a degree candidate when s/he enters the school term during which it will be possible to complete all requirements for graduation. A senior contract for graduation must be made to the Records and Advisement Office by the end of October of the senior

year.

*Dates of Graduation:* The date of graduation will be (a) the date of commencement for those graduating in December or May and (b) for others, the last day of the month in which graduation requirements are met and an official transcript is received at the Records and Advisement Office. There are three commencement services. One at the end of the first semester, another at the end of the second semester, and summer commencement in July.

*Transcripts:* Before a student will be allowed to graduate, transcripts of all correspondence and transfer credits must be received at the Records and Advisement Office.

*Participation in Graduation Exercises:* Students are allowed to participate in commencement exercises only if they have completed all the courses required for graduation.

*Deferred Graduation:* Students ordinarily graduate under the requirements of the *Catalog* of the year in which they enter the University. Students who are studying for a baccalaureate degree and fail to graduate within six calendar years (four years for an associate degree), must plan to conform to the current *Catalog*.

#### **RESIDENCE REQUIREMENTS**

*Baccalaureate Degree:* Twenty-five percent of the total semester hours required for the baccalaureate degree must be taken in residency including 30 of the last 36 hours completed preceding the conferment of the degree. The total hours taken in residence must include fifteen in upper division, nine of which must be in the major and three in the minor fields.

*Associate Degree:* Twenty-five percent of the total semester hours required for the associate degree must be taken in residency including 30 of the last 36 hours completed preceding the conferment of the degree. The total hours taken in residence must include fifteen in the major field of study and three in the minor if a minor is taken.

*Certificate Programs:* Eighteen semester hours of credit must be completed in residence immediately preceding the conferment of a one-year certificate.

*Transfer Credit:* Prior arrangements must be made with the Records and Advisement Office to take courses for transfer credit at another college or university during any session the student is simultaneously enrolled at Southern Adventist University and during any summer after initial enrollment. See department/school sections of the *Catalog* for classes which must be taken in residence.

#### **PREREQUISITE FOR TAKING UPPER DIVISION CLASSES**

Students must complete forty semester hours of 100 and 200 level courses (lower division) before enrolling in a 300 or 400 level course (upper division). **The English Composition and mathematics requirements in area A, Basic Academic Skills, of General Education must be met before enrollment in upper division classes.**

## GENERAL EDUCATION

General education is an important part of the student's experience at Southern Adventist University. The general education structure is designed to provide the student opportunity to develop those values and competencies that mark an educated person and prepare him or her for leadership in today's complex society. While recognizing the validity of many different general education programs, the faculty of SAU have designed the following sequence that provides development of academic skills and opportunities for self-fulfillment and conveys basic values of both the Seventh-day Adventist Church and western civilization. Students may exercise considerable latitude when selected courses to comply with General Education requirements.

As a requirement of graduation, all baccalaureate seniors must take the Academic Profile Test in the fall of their senior year. Failure to achieve proficiency at level one in each category will necessitate retaking the entire exam at the student's expense.

**Writing Across the Curriculum:** The Writing Across the Curriculum program at Southern Adventist University is one of the longest-running programs of its kind in the nation. The goal of the program is to assist students in developing writing skills suitable to various disciplines. Such skills will also make students more competitive in the job market. Thus, candidates for the bachelor's degree must complete three writing-emphasis classes as outlined in the General Education requirements. These classes are carefully tailored to emphasize personal growth in writing skills through both spontaneous and planned writing exercises. Students should also expect writing requirements in courses other than those designated as writing-emphasis courses.

**Community Service:** Promotion of voluntary, unselfish service to mankind is a thread that runs through all programs of study at Southern Adventist University. Volunteerism, however, cannot be mandated. It can only be encouraged. Students at Southern are encouraged to volunteer for community service through government, philanthropic, cultural, political, church, medical, educational, environmental, and other organizations and agencies or through individual projects. Based on nominations from each academic department/school, Community Service Awards are presented each year at the annual Awards Convocation to students who have made an exceptional contribution of time and effort in serving others.

### Semester Hours Assoc. Bachelor's

## AREA A. ACADEMIC, COMMUNICATION, AND COMPUTER SKILLS

A graduate of Southern Adventist University can use the skills of reading, writing, mathematics, oral communication and basic computing skills.

Underlying all General Education requirements are the basic academic skills of English and mathematics. It is important for a graduate to be able to discern an author's organization, arguments, and supports, and to write coherently, fluently, and grammatically.

Graduates need numeric and symbolic computation skills to function successfully in our scientific and technological society.

**All English Composition and mathematics**

requirements in Area A must be completed before upper division work is undertaken. Upper division transfer students may take Area A requirements concurrently with upper division classes.

1. **English**

ENGL 101 and 102 are required for both the associate and bachelor's degrees. Students with an Enhanced ACT English score below 17 must take English 100 before enrolling in ENGL 101. ESL students with TOEFL scores below 550 must take the designated ESL courses and raise their TOEFL scores to 550 before enrolling in ENGL 101.

6-9

6-9

2. **Mathematics**

Students with a Mathematics ACT score below 22 must take one mathematics course (100 level or above). MATH 080 is required of all students who meet neither of the following criteria: 1) ACT Mathematics score of 16 or above, 2) Completion of high school Algebra II with a grade of C or better. If MATH 080 is required, it must be completed with a grade of C or better before the student registers for any other mathematics course.

**AREA C. HISTORY, POLITICAL, AND ECONOMIC SYSTEMS**

A graduate of Southern Adventist University has knowledge of history and the skill to analyze political and economic systems. It is essential that one have an historical perspective in a society that allows its members a voice in shaping its political, social, and economic institutions. CLEP exam credit for history will only be accepted for three of the six hours required for a bachelor's level degree. Students with less than one secondary school credit for

World History must include one of the following:  
 HIST 174, 175, 364, 365, 374, 375, 386, 387 or 388.

**AREA D. LANGUAGE, LITERATURE, FINE ARTS** 3

A graduate of Southern Adventist University can recognize the impact of arts and humanities on life and integrate such knowledge into personal experience.

Language, literature, speech, and the fine arts convey ideas, values, and emotions. An acquaintance with these modes of communication enhances the ability to express oneself and fosters an appreciation of the cultural heritage of world civilization and the complexities of human existence.

Bachelor's degree students must include at least 3 hours in two sub-areas. Students entering Southern Adventist University who have less than two secondary school credits of foreign language and who are pursuing a Bachelor of Arts degree must complete the elementary level of a foreign language. Students seeking a Bachelor of Arts degree must check with their School/Department prior to taking MDLG 240-241.

**AREA E. NATURAL SCIENCE**

A graduate of Southern Adventist University comprehends the basic concepts of science and can apply the scientific method to problem solving.

A study of the sciences develops an inquiring attitude toward one's environment. It provides individuals with empirical and rational methods of inquiry and an awareness of both the potential and the limitations of pure and applied science in solving problems.

Bachelor's degree students must take at least 3 hours from each of 2 sub-areas or complete a science sequence course. Only one of the following may apply: BIOL 424, PHYS 317.

Students who have less than two secondary school units in science must take 3 hours of science above the usual requirements; e.g. associate degree students must take 6 hours and bachelor's degree students must take 9 hours.

Southern Scholars must take a sequence of two classes from the same department. See the "Honors Studies Sequence" section on page 30 of the *Catalog* for clarification.

---	---

A graduate of Southern Adventist University will have a knowledge of and be able to apply the dynamics of personal relationships, social interaction, and healthful living toward effective service.

The basic social units significantly shape people's lives, and a knowledge of their workings is necessary to understand ourselves and others.

Bachelor's degree students must include at least 2 hours in 2 of the following sub-areas:

**1. Social Work and Family Studies**

A graduate of Southern Adventist University will understand how to live a balanced life by following the principles of wellness and using leisure time wisely. The Seventh-day Adventist philosophy stresses the balanced development of the whole person. Toward this goal, education in the use of leisure time is important, particularly in recreational, creative, and practical skills. PEAC 225 is required for both the associate and the bachelor's degrees. An additional PEAC course is required for the bachelor's degree.

**1. Creative Skills**

**SOUTHERN SCHOLARS (Honors Program):**

The honors program is designed for students who bring to their baccalaureate studies a high degree of motivation and intellectual curiosity. Special projects, inter-disciplinary studies, and designated honors courses provide a challenging and intellectually stimulating educational experience. Degrees of depth and breadth are attained in this experience beyond those normally attained in regular baccalaureate studies.

The program is administered by an Honors Committee which admits students to the program and discontinues honors status of those who fail to maintain

minimum program standards. Its members also advise individual Southern Scholars and continually monitor their progress.

Eligible students will be invited to become Southern Scholars. Freshmen are eligible if they have a high school GPA of 3.70 or higher. Other students must have completed at least 31 and at most 62 semester hours (exceptions may be granted under special conditions) with a cumulative GPA of 3.50 or higher.

To continue as Southern Scholars, students must complete a minimum of twelve credits each semester and thirty-one credits each calendar year. They must also enroll in appropriate honors sequence courses, receive a B (3.00) average or higher in the honors sequence courses and maintain a minimum cumulative GPA of 3.50. All honors students are expected to graduate within a four-year period unless extenuating circumstances justify an extension by the honors committee.

Ordinarily, all courses of the honors sequence must be taken in residence. Limited exceptions may be made by the honors committee in the case of transfer students. Students already enrolled at Southern Adventist University who wish to take honors sequence classes at another institution must secure prior approval from the honors committee.

After completing one year in the honors program, Southern Scholars may receive a waiver for the cost of auditing one class each semester that they remain in the program. Once having earned junior status and having finished one year in the program, Southern Scholars will receive a tuition refund equivalent to one three-hour class for the last four semesters if they are enrolled full-time. The "per hour" rate for a 16-hour class load will be the basis for calculating the refund. Southern Scholars also receive a 100 percent tuition waiver for Honors Seminar, HMNT 451 and 452. Refer to the scholarship on page 304.

## HONORS STUDIES SEQUENCE

### A. General Education

Honors students must meet regular General Education requirements with the following stipulations:

1. Area B-2. One of the following courses must be selected: RELT 317, 424, 458, or 467.
2. Area D-1. Foreign language competency must be attained at the intermediate level.
3. Area D-2. ENGL 445 must be selected.
4. Area D-3. HMNT 205 must be selected.
5. Area E. MATH 181 or MATH 215 and one of the following science sequences must be selected: BIOL 151-152; CHEM 151-152; PHYS 211-212 with PHYS 213-214.

### B. Honors Seminar

HMNT 451, 452, a sequence of eight seminar sessions, one each month, September through April taken during the junior or senior year.

### C. Project (2-3 hours, Directed Study)

A significant scholarly project, involving research, writing, or special performance, appropriate to the major in question, is ordinarily completed the senior year. Ideally, this project will demonstrate an understanding of the relationship between the student's major field and some other discipline. The project is expected to be of sufficiently high quality to warrant a grade of A and to justify public presentation. The completed project submitted in duplicate must be approved by the Honors Committee in consultation with the student's supervising professor three weeks prior to graduation. The 2-3 hours of credit for this project is done as directed study or in a research class.

### **GRADUATION WITH ACADEMIC HONORS**

Students graduating with a cumulative GPA of 3.50 or above will have the degree conferred as follows: 3.50-3.74, cum laude; 3.75-3.89, magna cum laude; 3.90-4.00, summa cum laude. The appropriate designations will appear on the diploma.

### **HONOR ROLL/DEAN'S LIST**

At the conclusion of each semester of the school year, students who have carried a minimum of 12 semester hours and who have attained the following grade point averages will be included in the honors group indicated:

- 3.50 - 3.74 Honor Roll
- 3.75 - 3.89 Dean's List
- 3.90 - 4.00 Distinguished Dean's List

### **STUDENT MISSION/TASK FORCE CREDIT**

Students may earn twelve hours of elective credit while participating in the Student Mission/Task Force programs. Details are available in the office of the University

Chaplain. Students who wish to serve as student missionaries or task force workers must plan their programs a year in advance to fulfill necessary prerequisites.

### **MAJOR AND MINOR REQUIREMENTS**

Each major consists of 30 hours or more in the chosen field of specialization of which a minimum of 14 for a Bachelor of Arts degree and 18 for all other bachelor's degrees must be upper division credit. The total semester hours required for each major for the Bachelor of Science, Bachelor of Business Administration, Bachelor of Music,

Bachelor of Social Work, and Bachelor of Fine Arts degrees varies with the field of specialization chosen.

All minors consist of at least eighteen semester hours. Six hours of a minor must be upper division credit.

The specific requirements for majors and minors are given under the respective disciplines in the section "Courses of Study."

### **DEGREES AND CURRICULA**

**A Master's Degree** consists of at least one additional year of course work beyond the bachelor's degree. It includes a field of concentration and may require a thesis.

**The Bachelor of Arts** degree consists of four years of course work that places a student's major field of study in the context of a liberal arts education. To encourage a wide range of studies, a minor is required. A foreign language component is required.

**The Bachelor of Science** degree consists of four years of course work that places the student's major field of study in the context of a liberal arts education. The degree permits greater concentration in the field of study. No minor or foreign language study is required except as specified for certain majors.

**The Bachelor of Business Administration** degree is a professional degree consisting of a four-year program with concentrations available in various fields of business. Requirements for this degree are outlined in the School of Business and Management section.

**The Bachelor of Fine Arts** degree consists of four years of course work allowing the student the focus to develop a body of work in drawing and

painting. No minor is required.

**The Bachelor of Music** degree is a professional degree consisting of four years of course work designed to meet the needs of students wishing to receive teaching credentials. Requirements for this degree are outlined in the School of Music section.

**The Bachelor of Social Work** degree is a professional degree consisting of a four-year program of courses designed to meet the needs of students wishing to go into the social work profession. Requirements for this degree are outlined in the Social Work and Family Studies Department section.

**The Associate of Arts** degrees is a two-year program designed to meet the needs of students who wish to pursue a short general studies program.

**The Associate of Science** degree is a two-year program designed to meet the needs of students who wish to pursue a short occupational or pre-professional program.

**The Associate of Technology** degree is a two-year program designed to meet the needs of students who wish to pursue an occupational program.

**The One-Year Certificate** is available for students in the Auto Mechanics Technician program. Requirements for this certificate are outlined in the Technology Department section.

**Paraprofessional Curricula** are programs designed to prepare students to enter professional schools. In some cases paraprofessional curricula will lead to an associate degree.

**PREPROFESSIONAL CURRICULA**

Southern Adventist University offers preprofessional and pre-technical programs in a wide variety of fields which may prepare students for admission to professional schools or to enter technical careers. The following nondegree pre-professional curricula are offered at Southern Adventist University:

- |            |                         |
|------------|-------------------------|
| Anesthesia | Osteopathic Medicine    |
| Dentistry  | Pharmacy                |
| Law        | Podiatric Medicine      |
| Medicine   | Pre-Physician Assistant |
| Optometry  | Veterinary Medicine     |

Detailed requirements for non-degree pre-professional curricula are outlined by department or in the section on “Interdepartmental Programs” (See Index).

Associate degrees in Allied Health are available to students who fulfill pre-professional requirements for programs designated in the Allied Health section. Because pre-professional and technical admission requirements may vary from one professional school to another, students should become acquainted with the admission requirements of their chosen school.

**REGISTRATION**

Students are expected to register during the scheduled registration periods designated in the school calendar. Registration is complete only after the adviser has given approval online. New students are required to participate in the orientation activities.

*Late Registration.* Permission to register late must be obtained from the Director of Records and Advisement. Students failing to register during the scheduled registration periods will be charged a late registration fee. The course load of a late registrant may be reduced according to the amount of class work missed. No student may register after two weeks of the semester have elapsed.

*Changes in Registration.* To avoid changes in registration, students should carefully consider the program of courses necessary to meet their objectives.

To avoid subsequent adjustments, a balance should be maintained between the course load, work program, and extracurricular activities.

To make program changes, students must obtain the appropriate change of registration voucher at the Records and Advisement Office, obtain the necessary signatures indicating approval of the change, and return the form to the Records and Advisement Office. Course changes and complete withdrawals from the school become effective on the date the voucher is filed at the Records and Advisement Office. A fee will be assessed for each change in program after the first week of instruction.

A student may not change from one section to another of the same course without the approval of the professor.

When a student drops a class during the first week of the semester, the class is deleted from the student's record. A grade of "W" is issued when a student drops the class on the second week of the semester. A student may withdraw from a class up to two weeks after midterm and receive a grade of "W" automatically. A student withdrawing from a class after that date and up to two weeks before the last day of classes will be assigned a grade of "W" or "WF" by the professor. The grade for any withdrawal during the final two weeks of the semester will automatically be "F."

*Auditing Courses.* With the approval of the department/school, students may register on an audit basis in courses for which they are qualified. Auditors are to be admitted to classes of limited enrollment only if there are places after all students who wish to enroll for credit have been accommodated. Class attendance is expected but examinations and reports may be omitted. With the approval of the professor, a student may change a course registration from audit to credit or from credit to audit only **during the first week of instruction**. No credit is given for courses audited, and the cost is one-half of the regular tuition charge. Audit tuition charge is in addition to a flat rate charge.

*Canceled Classes.* The Vice President for Academic Administration or a department/school may cancel a class for which fewer than six tuition paying students enroll. This policy applies to ordinary classes but not to directed study courses, private lessons, and other special classes such as special methods of secondary teaching. Students enrolled in canceled classes should confer with their advisers to determine alternate means to complete their schedules.

*Withdrawal Procedure for Students Called to Active Military Duty.* Southern Adventist University community recognizes the sacrifices that those in the armed forces make while serving our country. We are proud of these individuals and have, therefore, adopted the following policy to deal with currently enrolled Southern Adventist University students who are called to active military duty.

1. Upon presentation of official military orders, the student will be automatically withdrawn from all of his/her courses for the given semester and a grade of "W" with notice of reason for withdrawal will be recorded on his/her academic record.
2. In addition, the student is eligible for a full-tuition refund or can choose to have the monies held on account to be used at a later date.
3. In the case of a resident student, room and board charges will be

prorated based on the period in the semester when the student is required to leave; and the remaining charges will be refunded or held on account based on the student's request.

**COURSE LOAD**

University courses are expressed in semester hours. A semester hour consists of one fifty-minute class period per week for one semester. Thus, two-semester-hour classes meet two hours a week and three-semester-hour classes meet three hours a week. Physical Education activity courses meet two fifty minute periods for one credit hour. A laboratory period of two and one-half to three hours is equal to one class period. For every semester hour of credit a minimum of fifteen contact hours should be scheduled. Final exam periods may count as one contact hour. Students should expect to study up to two hours outside of class for each fifty- minute period the class meets. Ideally, a sixteen-semester-hour class load should require up to 32 hours of study each week by the student. Except by permission of the Vice President for Academic Administration, a student may not register for eighteen or more semester hours.

To qualify for a baccalaureate degree in four years, a student must average between fifteen and sixteen hours per semester. The summer term may be used to advantage by students wishing to complete degree requirements in less than four years or by students having to take reduced programs of studies during the regular academic year. The typical class load during the summer is one three-hour class per session.

*Online Courses.* An online course begins and ends within the same time frame as traditional courses during any semester or summer session in which the online course is scheduled.

*Student Status.* An undergraduate student must be currently enrolled for a minimum of 12 semester hours to be considered full-time. Part-time status is maintained when a student is enrolled in 6-11 semester hours. Special status is given to the student enrolled in 5 or fewer hours.

*Study-Work Program.* It is important that the student adjust the course load to achieve a reasonable balance in study and work. During registration the student should confer with his/her adviser in planning the proper balance of study and work.

In determining an acceptable study-work program, the following will serve as a guide:

<u>Course Load</u>	<u>Maximum Work Load</u>

**ACADEMIC ADVISEMENT**

Southern Adventist University is committed to assist every student in the area of academic advisement. Full-time students are assigned an academic adviser from their major field and are required to consult with their advisers before registering for classes.

The responsibility of meeting graduation requirements belongs to the individual student. In planning their schedules all students should carefully

follow the instructions in the *Catalog*, recommendations of their advisers, and reports of academic progress issued from the Records and Advisement Office. In the event of a discrepancy between an adviser's word and the *Catalog*, final interpretation of graduation requirements rests with the Records and Advisement Office.

Seniors must file a senior contract in the Records and Advisement Office to graduate in October of their senior year. Previous to their senior year students should check periodically with the Records and Advisement office to determine whether they are meeting all curriculum requirements satisfactorily.

In the process of curriculum planning, students who have chosen a career in teaching should consult the Teacher Certification Officer regarding the requirements for teaching credentials. Admission for Teacher Education should be completed during the sophomore year.

### GRADING SYSTEM

Southern Adventist University does not have an institutional grading policy. Professors use a variety of methods to evaluate students' performance, but the grades they issue are defined as follows:

- A Superior;** the student demonstrates exceptional capability in handling course material
- B Above average;** the student's demonstrated capability in handling course material exceeds the expectation of the professor
- C Average;** the student demonstrates a satisfactory grasp of course material which the professor intends students to learn in the class
- D Below average;** the student's demonstrated ability to deal with the course material is less than the professor intends students to learn
- F Failing;** the student does not demonstrate sufficient capability with the course material to merit a passing grade
- W Withdrew from the class;** is not calculated in the GPA
- WF Withdrew Failing;** calculated as an "F" in the GPA
- AU Audit;** no credit
- I Incomplete;** is not calculated in the GPA
- IP In Progress;** a temporary passing grade for interrupted course work still in progress; is not calculated in the GPA
- P Pass;** is not calculated in the GPA
- NR Not Reported;** the professor did not issue a grade; is not calculated in the GPA

The Pass/Fail option is available only in Physical Education activity classes (PEAC). **Students enrolling in these classes must make a decision either to receive a grade of Pass/Fail or a conventional grade before the final grades are submitted. The decision will be final.** Nursing Practicum, NRSG 191, is also a Pass/Fail class.

A student may receive an "I" (Incomplete) because of illness or other unavoidable delay. Students who are eligible for an incomplete must secure

from the Records and Advisement Office the proper form and file the application with the professor to receive an incomplete. There is a charge of \$20 for processing grades of incomplete. Any incomplete which is not removed by the end of the following term (Fall, Winter) will automatically become an "F." A professor may assign a temporary "IP" (in progress) when an unavoidable problem prevents the issuance of a grade.

A course may be repeated before the student takes a more advanced course in the same field. Only the last grade will be counted on repeated courses. No course may be repeated more than once without permission from the Vice President for Academic Administration.

Mid-semester and semester grade reports are available online for the student to access. Only semester grades are recorded on the student's permanent record. The following system of grading and grade point values is used:

A 4.00 grade points per hour	C 2.00 grade points per hour
A- 3.70 grade points per hour	C- 1.70 grade points per hour
B+ 3.30 grade points per hour	D+ 1.30 grade points per hour
B 3.00 grade points per hour	D 1.00 grade points per hour
B- 2.70 grade points per hour	D- 0.70 grade points per hour
C+ 2.30 grade points per hour	F 0.00 grade points per hour
	WF 0.00 grade points per hour

The grade point average is calculated by dividing the total number of grade points earned by the credit hours attempted.

#### **OUTCOMES ASSESSMENT**

In an ongoing attempt to improve its educational quality, the University administers a comprehensive assessment program. This involves periodic measurement of student academic achievement, student satisfaction, and personal, professional, and career development. Although participation in these assessment activities is expected of all students, not every student will be selected for every assessment; but during the course of enrollment, students are likely to be involved in at least one assessment activity.

#### **STUDENT RECORDS**

A student's record is regarded as confidential, and release of the record or of information contained therein is governed by regulations of the federal law on "Family Educational Rights and Privacy." Only directory information, such as a student's name, photograph, address, e-mail address, telephone listing, birthplace and date, major fields of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, may be released by the institution without consent of the student unless the student has asked SAU to withhold such information.

With the permission of the student, parents of students termed "dependent" for income tax purposes are entitled to access to the student's educational records. The law also provides for the release of information to university personnel who demonstrate a legitimate educational interest, other institutions engaged in research (provided information is not revealed to any other parties), and certain federal and state government officials.

A student may inspect and review records and is entitled to challenge the content of records. Students may access online a history of their coursework, grades, and degree audit.

A more thorough explanation of records may be obtained from the Records and Advisement Office. The Director of Records and Advisement will further explain and

clarify the Family Educational Rights and Privacy Act to students, parents, or interested parties upon request.

### **ACADEMIC HONESTY**

Morally and spiritually, Southern Adventist University is dedicated to scholastic integrity. Consequently, both students and faculty are required to maintain high, ethical Christian levels of honesty.

#### *Faculty Responsibilities:*

1. Professors must explain clearly the requirements for assignments, examinations, and projects, such as “open book,” “take home,” or “peer collaboration.”
2. Professors may assume “no collaboration” is the rule unless they state otherwise.

#### *Student Responsibilities:*

1. Students assume responsibility to avoid plagiarism by learning the proper procedures for acknowledging borrowed wording, information, or ideas. Otherwise students might innocently misrepresent others' material as their own.
2. Students unfamiliar with procedures for citing sources should confer with their professors.
3. Students are to assume that all course work is “no collaboration” unless stated otherwise by the professor.

#### *Schools/Departmental Policies:*

Some departments/schools, because of the nature of their programs, have additional honesty policies which have the same force as those published here. Such policies will be presented to students before implementation.

#### *Procedures for Handling Academic Dishonesty:*

1. When a professor suspects that academic dishonesty has occurred, the professor should first privately discuss the incident with the student. After the meeting, if the professor is convinced the student was dishonest, he or she will file an incident report with the Associate Vice-President of Academic Administration describing the infraction and the penalty administered. The professor shall also give a copy of the report to the student.
2. In verified instances of academic dishonesty, the commonly applied penalties include, but are not limited to the following:
  - a. Record a failing grade on the exam, assignment, or project.
  - b. Assign a failing grade in the class.
  - c. Allow the student to resubmit the assignment with a reduced value for the assignment.
  - d. Assign the student a paper, project, or activity that improves the student's understanding of the value and nature of academic integrity.
3. The University keeps a centralized file of dishonesty reports in the Academic Administration office. After two reported incidents of academic dishonesty, the Associate Vice President will notify the dean or

chair of the student's major. Two incidents also make a student eligible for dismissal from the University.

4. At any point, the student may appeal any of the above actions through the established appeal procedures spelled out in the "Academic Grievance Procedure" section of this *Catalog*.

#### **ACADEMIC PROBATION AND DISMISSAL**

Any student whose GPA does not meet the criteria for graduation is on academic probation. The following are four categories of students who are on academic probation:

1. Students whose Southern Adventist University or cumulative GPA falls below 2.00. They are not eligible to hold office in any student organization.
2. Entering freshmen whose high school GPA is below 2.00 or if their composite ACT score is less than 18.
3. Transfer students whose GPA is less than 2.00.
4. Students in baccalaureate programs completing their sophomore year with a GPA in their major field less than the level required for graduation. For most degrees the institutional graduation requirement is 2.25, but some programs may designate a higher GPA.
5. Students on Academic Probation may enroll in a maximum of 13 hours and are required to enroll in NOND 080/090 Academic Power Tools.\* There is an additional cost of \$604 beyond the flat rate fee.

Candidates for a baccalaureate degree must achieve a minimum GPA of 2.00 after 55 semester hours have been attempted. Candidates for an associate or certificate program must have a GPA of 2.00 before beginning their final semester. Veterans enrolled for baccalaureate degrees, associate degrees, or certificate programs must maintain a cumulative grade point average of 2.00, or they will not be certified for veterans benefits. Veterans may be certified for repeat of "F" grades or for a major that requires a specific minimum grade and the grade received was lower than specified.

Government regulations require all financial aid recipients to maintain satisfactory academic progress towards a degree as measured both qualitatively and quantitatively in order to receive financial aid. This requirement applies to the entire enrollment at Southern Adventist University—even periods during which a student does not receive financial aid. Failure to comply with this requirement may result in a student becoming ineligible for financial aid.

This policy defines the minimum standards for eligibility for state and/or federal financial aid.

Students are subject to academic dismissal for any of the following categories:

1. if they are on academic probation for two consecutive semesters without demonstrating improvement;
2. if they are on academic probation for one or more semesters and have not received a grade of "C-" or better in NOND 080/090 Academic Power Tools;
3. if their Southern Adventist University or cumulative GPA does not reach the levels indicated in the preceding paragraph or the levels in the following table:

**Cumulative Credit Hours Attempted**

**Cumulative Grade Point**

**Average**

0 - 23	1.50 or above
24 - 54	1.75 or above
55 or above	2.00 or above

At the end of each semester the Academic Review Committee reviews the records of students who are subject to dismissal and the Vice President for Academic Administration will notify students in writing whether or not they may continue. A student academically dismissed may be readmitted only after demonstrating maturity and motivation for a university career. The dismissed student may be required to complete successfully at least one term of college-level courses at another institution prior to readmission at Southern Adventist University.

\*Students enrolled in less than 12 hours are exempt from Academic Power Tools.

Students receiving financial aid must also meet an academic progress policy set by the federal government. For further explanation see page 311, "Academic Progress Requirements."

**RIGHT OF PETITION**

Students who believe there is a valid reason for requesting variance from or exception to an academic policy stated in the *Catalog* may make a petition to the Director of Records and Advisement for consideration of their case after obtaining the advice and signature of the department chair or school dean of their major. The petition must contain a statement of the request and supporting reasons. Highly unusual requests will be referred to the Vice President for Academic Administration. Students will be notified in writing by the Director of Records and Advisement of the action on petitions. Petition forms are available from the Records and Advisement Office.

**ACADEMIC GRIEVANCE PROCEDURE**

Students who believe that their academic rights have been infringed upon or that they have been treated unjustly with respect to their academic program are entitled to a fair and impartial consideration of their cases. They should do the following to effect a solution:

1. Present the case to the professor or professors concerned.
2. If necessary, discuss the problem with the department chair or school dean.
3. If agreement is not reached at this level, submit the matter to the Vice President for Academic Administration.
4. Finally, ask for a review of the case by the Academic Grievance Committee, chaired by the Vice President for Academic Administration or his designee and including three other faculty members and two students selected by the Academic Affairs Committee. Both the student and the professor involved in the case are entitled to appear before the committee or to present a written statement of the case. The decision of the committee shall be presented in writing to the individuals involved within three days of the committee meeting unless a later time is agreed upon by both parties. The decision of the committee is binding and will be implemented by the professor involved or the Vice President for Academic Administration.

**ABSENCES**

*Class.* Attendance at class and laboratory appointments is expected. Professors prepare an absence policy for each class, which includes an explanation of penalties, if any, for absences, and the procedure for making up work, if such is allowed. It is the responsibility of professors to publish their policies for each class at the beginning of each semester, but it is the students' responsibility to familiarize themselves with the practices of each professor from whom they are taking classes. Generally speaking, professors will not excuse absences for reasons other than illness, authorized school trips, or emergencies beyond the students' control.

Students are not penalized if they incur absences while participating in school-authorized activities, but they are held responsible for work they miss.

It is their responsibility to initiate arrangements to make up their assignments. One and one-half absences are given for missing a 75-minute class, two for missing a 100-minute class, etc.

*Examination.* Because of problems concerning time, expense and fairness, final examinations will be taken as scheduled in the official examinations schedule. In the case of illness verified by Student Health Service or a physician, death in the immediate family, three examinations scheduled consecutively in one day, or four or more examinations scheduled in one day, a final exam may be rescheduled upon approval by the professor and the Vice President for Academic Administration. The rescheduled examination will be given at a time convenient to the professor.

When examinations are rescheduled because of three scheduled consecutively in one day or four in one day, the last examination of the day will normally be the one rescheduled. Examinations rescheduled for any reason other than those listed above, may require a fee of \$65 per examination. All rescheduling requests will be made on a form available at the office of the Vice President for Academic Administration.

*Convocation.* Convocations are held each Thursday at 11:00 a.m. During weeks of prayer, convocations are held on Monday through Friday as well. Occasionally, convocation will be held in the evening or may begin at 10:30 a.m. on Thursday. All students are required to attend 14 convocations each semester. Failure to meet this convocation requirement may result in suspension of registration. Exceptions to the convocation attendance requirement are made by the Office of Student Services only for legitimate direct work conflicts with scheduled convocations. Any excuses for absences from convocation must be approved by the Vice President for Student Services.

A special series of orientation convocations is scheduled during the SmartStart summer session.

#### **LIMITATIONS ON CLASS ATTENDANCE**

Classes at Southern Adventist University are open to registered students only. The learning experiences, class discussions, and the information disseminated in the classroom, or other places of learning, are services which the University provides to its students. The relationship of trust that is required for honest inquiry and open interaction between students and faculty is protected by asking visitors not to attend or participate in classes unless they are invited by the professor for a specific purpose.

Professors and the institution reserve the right to remove students or visitors from classes if their speech or behavior threatens the purposes of the class by exceeding the bounds of normal academic freedom.

Professors conducting extension classes from other institutions on the Southern Adventist University campus share the rights spelled out by this policy.

#### **WAIVER EXAMINATIONS**

Upon the approval of the department chair or school dean and the Vice President for Academic Administration, students may obtain a waiver of curricular requirements by successfully completing a comprehensive examination—written, oral, manipulative, or otherwise, as determined by the department/school involved. A fee of \$50 per examination is charged.

#### **ENGLISH AS A SECOND LANGUAGE**

Southern Adventist University offers a program in English as a Second Language for Intermediate and Advanced level students whose English language skills are below the official admission level of the TOEFL score of 550 (CBT 213). For details, see the Admissions and English Department sections of the *Catalog*.

#### **NONTRADITIONAL COLLEGE CREDIT**

In addition to credit earned in the traditional classroom setting, Southern Adventist University accepts credit earned by two other means—challenge examinations and correspondence courses.

The goals and objectives of the University emphasize not only facts and concepts but also values and attitudes which are not easily transmitted through correspondence courses or measured by examinations. These values and attitudes can best be developed by the student's interacting over a period of time with peers and professors committed to moral excellence, critical thinking, and the pursuit of truth. For this reason, most university credits should be earned through class participation. However, the University will permit a maximum of one-fourth of the credit required for a given degree to be earned by these nontraditional means.

Southern recognizes the International Baccalaureate as nontraditional credit and will record up to 12 hours of credit of courses taken on the Highest level (HL).

*University Credit by Examination.* The University recognizes three types of examinations for credit: challenge examinations prepared by a department/school which must be passed at "B" level or above, approved College Level Examination Program (CLEP) subject examinations which must be passed at the score of 50 or higher, and the Advanced Placement Examinations which must be passed with a score of three or better.

Not all classes listed in the *Catalog* are open to challenge examinations. Students must obtain clearance from the department chair or school dean for the class they propose to challenge before petitioning to earn credit by examination. Students must also furnish evidence of adequate preparation to challenge a class before the department chair or school dean assigns a professor to prepare a challenge examination. A student may challenge a given course by examination only once. No CLEP or challenge exam may be attempted after the student has been enrolled in that course beyond the second week of a semester. CLEP exam credit for history will only be accepted for three of the six hours required for a bachelor's level degree.

Students taking the CLEP exam for SOCI 125 must pass with a score of 59 or higher. The following subjects are not acceptable by CLEP exam: BIOL 151, 152, CHEM 151, and CHEM 152. CLEP credit is not accepted by the Modern Languages Department. **No course may be challenged as part of the last thirty hours of any degree.** Grades are recorded for departmental challenge examinations and scaled scores are recorded for nationally formed examinations. Permission to take a challenge examination while in residence must be obtained from both the department chair or school dean and the Vice President for Academic Administration. A challenge test may not be taken if the student has audited the class.

Students may earn a maximum of 12 hours of credit by examination in courses that do not appear in the University *Catalog* if the evaluating tests are approved by the Academic Affairs Committee.

Credit for challenge and/or validation examinations will not be placed on a student's permanent record and is, therefore, not transferable until that student has successfully completed 12 semester hours in residence at Southern Adventist University.

Fees charged for challenge examination and credit are listed under "Special Fees and Charges" in the financial section of this *Catalog*.

Additional information concerning challenge examinations may be obtained from the Records and Advisement Office or the Counseling and Testing Center.

*Correspondence.* A maximum of 12 semester hours of correspondence or extension credit may apply toward a baccalaureate degree program and eight hours toward an associate degree.

Griggs University, a department of Home Study International, Silver Spring, MD, is the officially recognized correspondence school. Southern Adventist University recommends Home Study International for those students needing correspondence credit and accepts all such credits when the study program is approved by the University prior to enrollment. The University accepts credits from correspondence schools which are accredited by NUCEA (National University Continuing Education Association) on the basis that credits are accepted from other regionally accredited colleges or universities.

A student will be permitted to carry correspondence work while in residence only if the required course is unobtainable at the University. Correspondence courses, whether taken while in residence or during the summer, must be approved in advance by the University.

Correspondence work may not apply on the upper division requirements of the major or minor. A minimum grade of "B" must be earned to apply on the lower division requirements for a major. A course in which the student earned a grade of "D" or "F" while in residence may not be repeated by correspondence. No correspondence credit will be entered on the student's record until s/he has earned a minimum of 12 hours in residence with an average of at least "C." Official transcripts must be in the Records and Advisement Office before a diploma will be ordered. The graduation date will be the last day of the month after the official transcript is received.

*Practicum and Internships.* Suggested departmental/school guidelines for practicum and internships.

Practicum:

- a. A minimum of 50 clock hours per one credit hour.
- b. The process of learning a job on a part-time basis.

- c. The work may be done at various job sites.

Internships:

- a. A minimum of 100 clock hours per one credit hour.
- b. The application of learning the skills of a job on a full-time basis.
- c. The work must be supervised on one job site.

### **TRANSIENT STUDENT**

A Southern Adventist University student acquires transient student status when s/he is granted permission through the Southern Adventist University Records and Advisement Office to enroll for automatically transferrable credit at another accredited institution. The credit that students may transfer must meet Southern Adventist University criteria for transfer credit and residence requirements.

To receive transient status, a student must:

1. have completed a minimum of 12 hours in residence at Southern Adventist University and
2. be enrolled simultaneously at Southern Adventist University for a minimum of three hours of class credit. (This condition does not apply to summer classes.)

Students may not receive transient status for more than one semester during which the amount of transferrable credit exceeds the amount of simultaneous credit earned at Southern Adventist University.

### **EXTENSION CLASSES**

Extension classes are university classes offered on the campuses of Southern Union academies as an opportunity for seniors to earn university credit in skills areas that will fulfill part of the General Education requirements at Southern Adventist University. Instructors are academy teachers who are qualified with appropriate credentials and experience.

To enroll in an extension class, students must be members of the senior class with a grade point average of 3.00 or above during the years of their secondary education.

The extension classes must duplicate as nearly as possible their university counterparts in content, degree of difficulty, testing and grading.

Southern Adventist University will bill each academy for its extension classes at the rate of \$50 per credit hour. For example: The cost for ENGL 101, three credit hours, would be \$150 (\$50 x 3).

### **CONTINUING EDUCATION**

Southern Adventist University makes continuing education credit available through the Records and Advisement Office. Sponsors of organizations wishing to offer Southern Adventist University continuing education certificates must complete the following steps:

1. Secure approval of the program by
  - a. applying at the Records and Advisement Office at least two weeks before conducting the workshop/seminar/conference and
  - b. submitting with their application the topic of the presentation, an outline of the presentation, and the name of the presenter(s) with evidence credentials.
2. File an evaluation of the workshop/seminar/conference following the presentation. The University will furnish evaluation forms.
3. Participants in continuing education events must pay institutional processing fees to receive their certificates.

**TRANSCRIPTS**

Students may obtain transcripts of their academic record upon written request made by fax or letter to the Office of Records and Advisement. This request must include a hand-written signature as electronic generated signatures are unacceptable. Requests made by telephone, E-mail, or third party cannot be honored. Official transcripts given directly to a student will be enclosed in a sealed envelope with the registrar's signature across the back. Transcripts will be issued for those students whose accounts are paid in full and who are current in re-payment of student loans.

Transcripts are free unless special services are required. Same-day service and/or individual requests requiring an excess of more than five transcripts will be charged \$10. A secure method of payment may be used such as cash, credit card, cashiers check, or money order. (A personal check will not be accepted.) If the student requires that the transcript be sent by overnight service, an additional \$25 charge will be incurred. Requests for overnight service may be made up to 3:30 p.m. upon confirmation of payment.

A student may receive an unofficial transcript for evaluative purposes by applying in person or by fax with the Records and Advisement Office. Services of international faxing will cost \$15. For further clarification regarding transcripts, diplomas, and test scores see page 323.

**SEQUENCE OF COURSES**

A student may not receive credit for a course which is a prerequisite to a course for which s/he has already received credit.

**COURSE NUMBERS**

Each course number consists of three figures as follows:

**HIST 354. Latin America (C-1), (W)****3 hours**

The first numeral indicates class year status as follows:

- 0—Developmental (no credit)
- 1—freshman level (lower division)
- 2—sophomore level (lower division)
- 3—junior level (upper division)
- 4—senior level (upper division)

Within a given 100 sequence there is no significance in one course number being higher than another. For instance, 265 does not necessarily mean that the course is on a higher level than 235.

Course numbers separated by a hyphen are two-semester courses in which credit for the first course is a prerequisite to the second [e.g., ENGL 101-102. College Composition]. However, credit is given for the first semester when taken alone.

Course numbers that stand alone represent courses of one semester which are complete units. Course numbers separated by a comma [e.g., HIST 154, 155. American History and Institutions] represent complete units, either one of which is counted for graduation without reference to sequence.

Designation in brackets following course titles, [e.g., MATH 106. Survey of Mathematics I (A-2)] indicates the General Education area and sub-area that the class fulfills. Classes designated with a "(W)" are writing classes for General Education credit.

**Students may earn credit for a cross-listed course from only one department/school [e.g. HIST 356 and SOCI 356].**

**COGNATE COURSES**

Required courses related to the major which are not a part of the major are called cognate courses [e.g., students majoring in Nursing are required to take Microbiology as a cognate course].

# ALLIED HEALTH

---

**Chair:** Keith Snyder

**Faculty:** Earl Aagaard, Joyce Azevedo, David Ekkens, Ann Foster, Lee Spencer,

Neville Trimm

**Program Adviser:** Renita Klischies

**Adjunct Faculty:** Kathy Tan, Nolan Wright

**Clinical Laboratory Science:** Marcia Kilsby, Albert McMullen, Karen Reiner, Richard Show

## ALLIED HEALTH

The Allied Health Professions are rapidly growing areas of specialization within the health care industry. Job openings are plentiful and pay scales are comparable to other professionals in health care. The department offers a B.S. degree in Clinical Laboratory Science (Medical Technology) and A.S. degrees in a number of Allied Health fields (listed on pages 53-54).

## MISSION STATEMENT

The Allied Health branch of the Biology/Allied Health Department exists to coordinate the advising of students who require prerequisite courses for entrance into a variety of clinical programs in the medical, dental, and health professions, as well as to promote these professions as meaningful career options providing opportunities for Christian service.

## ASSESSMENT

The programs in this department vary extensively depending on the particular health career and the requirements of the specific schools which offer the clinical programs. Southern Adventist University continually monitors the requirements of these clinical programs and modifies its preprofessional curricula to meet the changes when they are made. Continual assessment is made essentially by the advisers in the department who measure their effectiveness by their success in structuring programs to meet individual student needs and to meet requirements of the professional school where the student will transfer. The entrance rate of students into professional programs is also used to assess adequacy of class offerings and program requirements.

## BACHELOR OF SCIENCE IN CLINICAL LABORATORY SCIENCE (Medical Technology)

**Adviser:** Renita Klischies

The Bachelor of Science degree with a major in clinical laboratory science (medical technology) consists of three years of prescribed study at Southern Adventist University and a 12- to 13-month senior year in a hospital-based medical technology program accredited by the Committee on Allied Health Education and Accreditation (CAHEA) of the American Medical Association. The hospital program affiliated with Southern Adventist University is Andrews University. Internship in other CAHEA-accredited programs requires prior university approval.

The Clinical Laboratory Science degree qualifies a person to take a number of national certifying examinations, including those offered by the

Board of Registry of the American Society of Clinical Pathologists (ASCP) and the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). Certified laboratory professionals work in hospitals, clinics, physicians' offices, public health agencies, private laboratories, pharmaceutical firms, and research institutions.

The curriculum prescribed by Southern Adventist University is designed to meet the requirements of the University and of CAHEA. Hospitals with clinical programs

may have additional requirements. Students should consult the brochures or advisers of the specific hospitals for those requirements.

Occasionally pre-dental students, pre-medical students, and graduating seniors in biology or chemistry may wish to become certified Clinical Lab Scientists. This is possible if the student plans courses to fulfill the requirements of the University and the hospital program.

During the fall semester of the third year, students must apply for admission to an approved clinical program. Acceptance of the individual student to the senior year program is determined by the institution offering the clinical program. To be eligible for admission, a student must complete all of the University course requirements prior to beginning the clinical year. The overall grade point average must be acceptable to the University for graduation. Most clinical programs do not accept students with less than a 2.75 cumulative average on a 4.00 system. Although clinical acceptances are granted during the junior year, they are conditional, pending satisfactory completion of the stated admission criteria.

Written information about the affiliated clinical programs is available through the University Allied Health adviser. Acceptance criteria, pre-clinical course requirements, application procedures, tuition for the senior year, and program formats may vary at each approved clinical program.

**ASSOCIATE OF SCIENCE IN ALLIED HEALTH**

The Associate of Science degree in Allied Health Professions prepares the student for admission to professional programs at Loma Linda University, Andrews University, or other universities. Admission to any professional school is dependent on meeting the GPA and prerequisite requirements of the individual school. Students should consult the bulletin of the school of their choice to ascertain the entrance requirements.

Students who plan to graduate from Southern Adventist University with an Associate Degree in Allied Health must meet the A.S. degree General Education requirements of SAU as well as the entrance requirements of the clinical program to which they will be applying.

Applications for transfer to the junior year of colleges offering Allied Health programs must be made late first semester of the final year at Southern Adventist University. The lowest acceptable grade for courses to be transferred is C. A minimum grade point average of 2.00 is required for the Associate of Science degree at Southern Adventist University, but grade point averages between 3.00 and 3.50 are considered minimal for entrance to the junior year of most clinical Allied Health programs. Some programs require the Allied Health Professions Admissions Test (AHPAT).

**Note:** Due to rapidly changing health care requirements, please contact the individual college/university for recent curriculum changes.

The major Allied health areas in which a two year Associate Degree may be earned at Southern Adventist University are:

pre-Dental Hygiene	pre-Physical Therapy
pre-Health Information Administration	pre-Respiratory Therapy
pre-Nutrition and Dietetics	pre-Speech Language Pathology & Audiology
pre-Occupational Therapy	

The department also offers one-year curricula to meet requirements for entrance into the following Allied Health degree programs at Loma Linda University and most other university programs:

- Occupational Therapy Assistant (Associate in Science Degree)
- Physical Therapy Assistant (Associate in Science Degree)
- Radiation Technology (Associate and Bachelor of Science Degrees)

For details on these or other programs not listed here and for Southern Adventist University curricula for entrance into them write:

**PRE-DENTAL HYGIENE**

**Adviser:** Renita Klischies

Dental hygienists provide preventative dental care and encourage patients to develop good oral hygiene skills. In addition to carrying out clinical responsibilities such as cleaning and scaling teeth, hygienists educate patients in ways to develop and maintain good oral health. Although most hygienists work with individual patients, some develop and promote community dental health programs. In addition to career opportunities within dental offices, dental hygienists apply their skills and knowledge in other career activities including office management, business administration, dental hygiene education, research and marketing of dental related equipment and materials.

The program below meets admission requirements for Loma Linda University, as well as Southern Adventist University's requirements for an A.S. degree. **PRE-HEALTH INFORMATION ADMINISTRATION**

**Adviser:** Renita Klischies

Health information Administration is an excellent career choice for those who would like to have a profession in healthcare that combines interests in computer science, business, management, law, and medicine. These professionals have opportunities to assist in the development of health information systems for quality patient care, financial reimbursement, medical research, health care planning, and health care quality evaluation. One of the many career options chosen by Health Information Administrators is the management of a health information department. In this position the manager will determine department policies, budget department resources, provide leadership in planning and organizing the department, and evaluate and motivate employees.

**PRE-NUTRITION AND DIETETICS**

**Adviser:** Renita Klischies

Dietitians and nutritionists use their knowledge of the principles of nutrition to help people develop healthy eating habits. Dietitians may be involved in setting up and supervising food service systems for institutions such as hospitals, prisons, and schools; and promoting sound eating habits through education and research. Clinical dietitians provide nutritional services for patients in hospitals, nursing homes, clinics, or doctors' offices. Community dietitians counsel individuals and groups on nutritional practices designed to prevent disease and promote good health. Management dietitians are responsible for large scale meal planning and preparation in such places as hospitals, nursing homes, company cafeterias, and schools.

**PRE-OCCUPATIONAL THERAPY**

**Adviser:** Renita Klischies

An occupational therapist works with people whose lives have been disrupted by physical injury or illness, developmental problems, the aging process, and social or psychological difficulties. Occupational therapists use selected educational, vocational and rehabilitative activities to help individuals reach the highest functional levels possible, become self reliant and build a balanced lifestyle of work and leisure.

The program below meets admission requirements for Loma Linda University, as well as Southern Adventist University's requirements for an A.S. degree. ### PRE-PHYSICAL THERAPY

**Adviser:** Renita Klischies

Physical therapists work to improve the mobility, relieve the pain, and prevent or limit the permanent disability of patients suffering from injuries or disease. Their patients include accident victims or handicapped individuals with such conditions as nerve injuries, amputations, low back pain, arthritis, and heart disease. Some physical therapists treat a wide variety of problems and others specialize in such areas as pediatrics, orthopedics, and sports physical therapy. The working environment of physical therapists varies from specially equipped facilities in hospitals or clinics to schools, private offices, and private homes.

**PRE-RESPIRATORY THERAPY**

**Adviser:** Renita Klischies

Respiratory therapists apply scientific knowledge and theory to practical clinical problems of respiratory care. The respiratory therapist is qualified to assume primary responsibility for all respiratory care modalities, including the supervision of respiratory therapy technician functions. The respiratory therapist may be required to exercise considerable independent clinical judgement, under the supervision of a physician, in the respiratory care of patients. Respiratory therapy personnel are employed in hospitals, nursing care facilities, clinics, physicians' offices, companies providing emergency oxygen services, and municipal organizations.

**PRE-SPEECH-LANGUAGE PATHOLOGY & AUDIOLOGY**

**Adviser:** Renita Klischies

Speech-language pathologists identify, assess, and treat persons with speech and language disorders while audiologists assess and treat hearing impaired individuals. Because both occupations are concerned with communication, individuals competent in one area must be familiar with the other. The duties of speech-language pathologists and audiologists vary. Most, however, provide direct clinical services to individuals with communication disorders. In speech, language, and hearing clinics they may independently develop and implement a treatment program. In private medical centers and other facilities, they may be part of a team that develops and executes a treatment plan. In schools they may help administrators develop individual or group programs, counsel parents on prevention of hearing disorders, and assist professors with classroom activities.

The program below meets admission requirements for Andrews University and Loma Linda University, as well as Southern Adventist University's requirements for an A.S. degree. This program can be modified to meet the requirements of other schools. For a complete description of Southern's General Education requirements, refer to pages 27-31.

**ALLIED HEALTH COURSES**

**ALHT 111. Introduction to the Health Professions** **1 hour**

A survey course that heightens awareness of the options, expectations, and realities of the health professions. Students gain an overview of professional health careers through lectures, guest speakers, observation, and research. (Winter)

**ALHT 225. Introduction to Clinical Laboratory Science** **2 hours**

This course is designed to acquaint prospective clinical laboratory scientists with the profession. The history and standards of medical technology and employment opportunities will be surveyed. Elementary clinical laboratory procedures will be taught and laboratory tours will be conducted.

**ALHT 265. Topics in Allied Health** **2 hours**

Formal course work designed to meet the needs and interests of students in specialty areas of the Allied Health professions not covered in regular courses.

## BIOLOGY

The study of Biology constitutes one of the most exciting and important fields of scientific investigation, since it provides a better understanding of ourselves and the living things around us. Even the casual observer of Biology who pauses long enough to take a course may derive a lifetime of pleasure and fulfillment from a hobby such as bird watching, shell collecting, or wild flower photography.

## MISSION STATEMENT

The Biology Department exists as an integral part of Southern Adventist University with its mission to provide a quality Seventh-day Adventist Christian undergraduate education, emphasizing the balanced development of the spiritual, intellectual, physical, and social dimensions of men and women. Within the framework of a Christian understanding of the origin and workings of biological systems, the department seeks to provide opportunities for its academic and local communities to understand the value, process and limitations of scientific inquiry as well as to develop an awareness and understanding of the biological world and our responsibility to it. Its curricula are designed to provide students with high quality preparation for careers in the biological and biomedical professions.

## THE BIOLOGY MAJOR

A major in Biology is an excellent starting point for numerous careers which are both rewarding and challenging. With a degree in Biology, one may pursue graduate study leading to research in the basic sciences (anatomy, physiology, ecology, microbiology, cytology, etc.), teaching at the college or graduate level, or employment in industry or government. A biology degree is also the degree of choice in preparation for high-school teaching, medicine, dentistry, optometry, careers in wildlife, forestry or zoo management, health education, public health, biostatistics, epidemiology, and environmental health, to name a few.

The Biology Department makes available a number of experiences, both curricular and extracurricular, to enrich its students' academic programs. The department offers courses which include field experiences in Indonesia, Canada, Smoky Mountains, and the Okefenokee National Wildlife Refuge. The Tennessee Aquarium in nearby Chattanooga provides additional learning resources. The department is also affiliated with Walla Walla College's Rosario Beach Biological Field Station (see page 22).

Extracurricular opportunities include membership in the Beta Beta Beta national biological honor society, a yearly lecture series on natural history and research topics (see page 21), as well as a premedical preceptorship program (see page 296).

## ASSESSMENT

In order to help evaluate the department's teaching effectiveness and the academic achievements of its graduates, all seniors are required to pass the ETS Major Field Achievement Test in Biology prior to their final semester. The results of these exams are used by the department staff to evaluate class offerings as well as program requirements.

**Major—B.A. Biology, Teacher Certification, 7-12 (36 Hours)**

Secondary certification in Biology requires a baccalaureate degree consisting of 36 credits of specified biology courses, a minor in chemistry, specified cognates, and completion of professional education courses (page 114) for licensure.

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s).

**NON-MAJOR, NON-MINOR COURSES****BIOL 101-102. Anatomy and Physiology (E-1) 4,4 hours**

A study of the fundamentals of human anatomy and physiology. The first semester covers basic cytology, histology, the musculoskeletal, integumentary, nervous, and endocrine systems. The remainder of the body systems are studied the second semester. Three lectures and one three-hour laboratory period each week. Does not apply on a major or minor in Biology. Lab fee 2 will be charged for both semesters. (BIOL 101-Fall, Summer; BIOL 102-Fall, Winter)

**BIOL 103. Principles of Biology (E-1) 3 hours**

A basic general education biology course designed to give the student a modern treatment of the fundamental processes and principles of plant and animal life. Two lectures and one three-hour laboratory each week. Does not apply on a major or minor in Biology.

**BIOL 225. Basic Microbiology (E-1) 4 hours**

A study of the principles of microbiology, disinfection, sterilization, elementary immunology, and microorganisms emphasizing their relationship to health and disease. Three lectures and two one and one-half hour laboratory periods each week. Does not apply on a major or minor in Biology. Lab fee 2 will be charged for this course.

**BIOL 421. Issues in Science and Society (W) 3 hours**

*This course is cross-listed with RELT 421, School of Religion. A student may receive credit for this course from only one program.*

A study of the philosophical basis of modern natural science as it relates to current issues in origins, biotechnology, bioethics, and environmental responsibility. Special attention is given to Christian perspectives of the issues discussed. This is a writing class and enrollment is limited. Seniors will be given preference. BIOL 421/RELT 421 will not count toward a biology major or minor.

**CORE COURSES****BIOL 151-152. General Biology (E-1) 4,4 hours**

This is a rigorous introductory course in Biology primarily for science majors and pre-professional students. It introduces the student to biology as a science; the scientific method; cell structure and function; cell energetics; Mendelian and molecular genetics; diversity of life-the plant and animal kingdoms; reproductive patterns; anatomy and physiology; and ecological interactions and life origin. It is prerequisite to most all other Biology major courses. Three lectures, one recitation, and one three-hour laboratory period each week. (BIOL 151-Fall; BIOL 152-Winter)

**BIOL 311. Genetics 4 hours**

**Prerequisite:** BIOL 151 or 225.

A study of heredity as related to man, domestic plants and animals and an investigation of gene structure and function. Three lectures and one three-hour laboratory period each week. (Fall)

**BIOL 317. Ecology 3 hours**

**Prerequisites:** BIOL 151-152.

Ecology is a study of the interrelationships of plants, animals and their environment. This course examines these interactions in the context of energy flow, nutrient cycles, limiting factors, succession and population dynamics. Field work introduces various ecological sampling techniques and the student participates in an ecological analysis of

various local communities as well as extended field trips. Two lectures and one field trip or three-hour laboratory period each week. Lab fee 8 will be assessed for this course.

**BIOL 412. Cell and Molecular Biology** **4 hours**

**Prerequisites:** BIOL 311; CHEM 311.

This course, designed for advanced Biology and Chemistry majors, deals primarily with cell structure and function. Building on cellular principles learned in BIOL 151-152 and BIOL 311, the student is exposed to methods of cellular and molecular research while learning about the appearance and operation of cellular organelles. The exciting details of cell integration and control provide the framework for this interdisciplinary study. Three lectures and one three-hour laboratory period each week. (Winter)

**BIOL 424. Issues of Natural Science and Religion (E-1) (W)** **3 hours**

**Prerequisite:** Senior standing.

*This course is cross-listed with RELT 424, School of Religion. A student may receive credit for this course from only one program.*

A study of the scientific, philosophical and religious basis of modern science as it relates to issues in origins and speciation. The course will involve a comparison of the data related to various theories on the origin and history of living organisms based upon current knowledge in biology, paleontology, genetics, and other related areas. Special consideration will be given to Christian perspectives of the issues discussed. Credit can be applied toward either Biology or Religion (see RELT 424). Recommended for the junior year. Three lectures each week.

**BIOL 486. Biology Seminar** **1 hour**

**Prerequisites:** Biology major or minor with senior standing.

An introduction to oral scientific communication. Students learn to evaluate scientific literature, present their findings orally, and critically and constructively evaluate peer and expert presentations. The preparation and delivery of short oral presentations is required.

## BASIC ZOOLOGY

**BIOL 313. Developmental Biology** **3 hours**

**Prerequisites:** BIOL 151-152.

An introduction to embryonic development from the formation of germ cells through the maturation of major organs culminating in parturition. Special reference is made to humans. Emphasis is placed on problems of growth, differentiation, and morphogenesis. Laboratory includes microscopic study and experiments with sea urchin, frog, and chick embryos. Two lectures and one three-hour laboratory period each week.

**BIOL 387. Animal Behavior** **3 hours**

*This course is cross-listed with PSYC 387. A student may receive credit for this course from only one program.*

**Prerequisites:** BIOL 151-152 or PSYC 122 and 128.

The behavior of animals is studied with a focus on both proximate causes (mechanisms) and ultimate causes (survival strategies) of behavior. Special importance is placed on understanding techniques of experimental study and hypothesis testing. Topics covered include: genetic, developmental, and physiological bases of behavior; instinct and learning; communication; habitat selection; feeding, antipredatory, reproductive, and parenting strategies; mating systems, social behavior and human sociobiology. Three lectures each week.

**BIOL 416. Human Anatomy** **3 hours**

**Prerequisites:** Senior standing.

An introductory study of human anatomy with an emphasis on the skeletal, muscular, nervous, and circulatory systems. One lecture and two three-hour laboratory periods each week. Lab fee 11 will be assessed for this course. (Fall)

**BIOL 417. Animal Histology** **3 hours**

*Prerequisites:* BIOL 151-152.

A descriptive study of normal tissues, primarily those of man. The microscopic identification and characteristics of stained sections are emphasized in the laboratory. Two lectures and one three-hour laboratory period each week. (Fall)

**BIOL 418. Animal Physiology** **3 hours**

*Prerequisites:* BIOL 151-152; CHEM 151-152 or BIOL 101-102.

Functional processes used by animals in adjusting to their external environment and controlling their internal environment. Laboratories involve analysis of functions of major organ systems. Three lectures and one three-hour laboratory period each week. (Winter)

**BOTANY/ECOLOGY****BIOL 250. Introduction to Tropical Marine Biology (E-1)** **3 hours**

A study of the major invertebrates and fish of the tropical coral reef and seashores. Emphasis is placed on the life habits of the organisms and their ecological niches. Habitats studied are coral reefs, rocky shores, sandy beaches, thalassia beds and mangrove swamps. Involves two weeks of on-campus class work and a one to two week field laboratory experience on tropical coral reefs. Additional fee required. (Summer)

**BIOL 252. Tropical Biology (E-1)** **3 hours**

A general introduction to the tropical habitats of Asia with the plants and animals that inhabit them. Both terrestrial and marine habitats are studied through exploration of volcanoes, nature parks, and a marine preserve. Involves three weeks in tropical Asia. Additional fee required. (Summer, even years)

**BIOL 321. Field Ecology** **3 hours**

This course covers general ecology principles and ecology of a selected field area, usually in Algonquin Provincial Park, Ontario, Canada. Emphasis will be placed on identification of mammals, birds, insects and plants and their ecological interactions. Five days of class lectures, approximately nine days of field trip, and post-trip writing assignments will be required. (Summer, odd years).

**BIOL 408. Flowering Plants and Ferns** **3 hours**

*Prerequisites:* BIOL 151-152.

This field study of trees, flowering plants and ferns emphasizes species identification with the aid of botanical keys, recognition of plant families and noting habitats where various species occur. Other taxonomic methods are introduced. Students prepare a collection of herbarium specimens. Two lectures and one field trip or three-hour laboratory period each week.

**BIOL 409. Smoky Mountain Flora** **3 hours**

*Prerequisite:* BIOL 152.

A field study of the wild flowers, shrubs and trees in the Great Smoky Mountain National Park, which contains the world's finest examples of temperate deciduous forest. Plants are identified by means of botanical keys, and observation lists are kept. Special attention is given to the different forest types and their associated plants. Involves a 10-day to three-week camping study experience. Field trips daily. Lab fee 11 will be assessed for this course. (Summer)

**CLINICAL SCIENCES**

**BIOL 315. Parasitology 3 hours**

*Prerequisites:* BIOL 151-152.

A general survey of the more important parasites of man and domestic animals. Two lectures and one three-hour laboratory period each week. (Fall)

**BIOL 330. General Microbiology 4 hours**

*Prerequisites:* BIOL 151-152.

A general study of bacteria, yeasts, molds and viruses, considering their morphology, physiology, genetics and methods of control. Study is given to immunology topics: antigen-antibody properties, host-antigen interactions, humoral and cellular immune systems. The importance of microorganisms in environmental and applied fields is considered. Three lectures and one three-hour laboratory period each week. (Winter)

**BIOL 340. Immunology 3 hours**

*Prerequisites:* BIOL 151-152.

A study of the basic aspects of the human immune system including topics such as antigen and antibody structure and reactions, humoral and cell mediated immunity, hypersensitivity, immune disease and transplantation immunology. Two lectures and one three-hour laboratory period each week. (Winter)

**ZOOLOGY FIELD****BIOL 312. Vertebrate Natural History 3 hours**

*Prerequisites:* BIOL 151-152.

Natural history of the vertebrate classes including ecology, physiology, behavior, classification and identification, with emphasis on local species. Two lectures and one three-hour laboratory each week. An extended weekend field trip with an additional fee will be required as part of laboratory credit. Lab fee 8 will be assessed for this course.

**BIOL 314. Ornithology (E-1) 3 hours**

A systematic study of bird life with special emphasis on external features, taxonomy, nesting and feeding habits, flight and migratory patterns. Two lectures and one laboratory period each week. An extended field trip, which applies toward laboratory credit, is planned during spring vacation. There is an additional charge for the trip. Lab fee 8 will be assessed for this course.

**BIOL 320. Entomology 3 hours**

*Prerequisites:* BIOL 151-152.

A systematic study of the insects of the world considering anatomy, physiology, behavior and relation to humans. In the laboratory, emphasis is placed on identifying local insects and a representative collection is turned in. Short field trips are planned as part of the laboratory work. Two lectures and one three-hour laboratory period each week.

**BIOL 411. Mammalogy 3 hours**

*Prerequisites:* BIOL 151-152.

A study of the mammals of the world, with emphasis on North America. Includes classroom and field study of systematics, distribution, behavior and ecology. A small collection is required in the laboratory. Two lectures and one three-hour laboratory each week. An extended weekend field trip with an additional fee will be required as part of laboratory credit. Lab fee 5 will be assessed for this course.

**SPECIAL COURSES****BIOL 365. Topics in Biology 1-3 hours**

Formal course work designed to meet the needs or interests of students in specialty areas of Biology not covered in regular courses. May be repeated in different specialized areas. Additional fee may be required.

**BIOL 197/397(W). Introduction to Biological Research 1 hour**

**Prerequisites:** BIOL 151.

An introduction to the principles of scientific research, including the function of the scientific method, literature searches, research techniques, writing of grant proposals, and how to publish results. (Fall)

**BIOL 255. Introduction to Dentistry** **1 hour**

An introduction to the field of dentistry covering basic dental terminology, dental nomenclature, and tooth morphology. Guest lecturers from various dental specialties share perspectives on dentistry as a career as well as giving an overview of the scope of treatment in the specialty. Factors necessary for good personal dental health are emphasized. Laboratory experiences introduce the student to dental waxing procedures as well as to practice manual dexterity carving skills.

**BIOL 295/495. Directed Study** **1-3 hours**

**Prerequisites:** BIOL 151-152.

BIOL 495 open to Biology majors or minors only.

Designed for the individual student or group of students who wish to do independent study in an area of biology not listed in the regular offerings. Content and method of study must be arranged for prior to registration. This course may be repeated for credit. (Fall, Winter, Summer—upon request)

**BIOL 297/497(W). Research in Biology** **1-2 hours**

**Prerequisite:** BIOL 397.

Individual research under the direction of members of the staff. Problems will be selected according to the interest and experience of the student. Prior to registration, students are urged to contact all biology staff members with respect to the choice of available research problems. This course should be taken not later than the first semester of the senior year. This course may be repeated for credit. (Fall, Winter, Summer—upon request)

## EDUCATION

**EDUC 438. Curriculum Content Methods/Biology** **1 hour**

**Prerequisite:** Admission to Teacher Education.

Attention is given to methods and materials of instruction; planning, testing, and evaluating student performance; and the survey and evaluation of textbooks.

## ROSARIO BEACH MARINE BIOLOGICAL FIELD STATION

The Rosario Beach Marine Station is a teaching and research facility operated by Walla Walla College in affiliation with Southern Adventist University and other Adventist colleges. Located seven miles south of Anacortes, Washington, the station occupies 40 acres of beach and timberland. In addition to some of the biology courses listed in this *Catalog*, the following are among those taught during the summer at Rosario Beach: For current class offerings, see <http://rosario.wwc.edu>.

**BIOL 460. Marine Ecology** **3.3 hours**

**Prerequisites:** BIOL 151-152.

Study of interspecific, intraspecific, and community relationships demonstrated by marine organisms. (Summer)

**BIOL 463. Marine Phycology** **3.3 hours**

**Prerequisites:** BIOL 151-152.

Systematic study of plants found in Puget Sound, with a survey of marine plants from other areas. (Summer)

**BIOL 468. Comparative Physiology**

**3.3 hours**

*Prerequisites:* BIOL 151-152, BIOL 412.

Comparative study of the physiology and life processes of animals with emphasis on invertebrates. (Summer)

**BIOL 475. Marine Invertebrates**

**3.3 hours**

*Prerequisites:* BIOL 151-152.

A description of selected groups of marine invertebrates. The course will involve extensive collection, classification, and study of the marine invertebrates of the Puget Sound. (Summer)

**NOTE:** The above classes are taught for 5 quarter credits through Walla Walla College and are equivalent to 3.3 semester hours.

(E-1) (W) See 27-31 for explanation of General Education requirements.

## MISSION STATEMENT

The mission of the School of Business and Management is to provide a high quality professional education within the context of the Seventh-day Adventist Christian community. A God-centered environment that integrates personal integrity, ethics, respect, and dignity in all relationships is valued. The emphasis is excellence in teaching at the undergraduate level with value given to the development of knowledge. Programs and instruction provide both theory and application to promote strategic outcomes in a free market society exemplified by qualified alumni committed to dedicated service.

## OBJECTIVES

The courses and programs offered by the School of Business and Management are designed to prepare students for business-related careers in the for-profit and not-for-profit sectors and/or for further graduate education.

The objectives of the school are:

1. To give the student a broad background of knowledge of the free enterprise system within a framework of moral and ethical guidelines.
2. To assist the student in developing a sound Christian philosophy toward our current economic environment and the ever-changing business world of the future.
3. To provide the student with a quality academic program with basic business skills required for initial job placement.
4. To encourage Seventh-day Adventist students to serve as workers and in

positions of business leadership with organizations sponsored by this denomination when opportunities are available.

5. To foster within all students a commitment to excellence and a concept of service in the workplace and to community.
6. To provide the necessary academic background for entrance into graduate degree programs in business.

**ADMISSION REQUIREMENTS FOR SCHOOL OF BUSINESS & MANAGEMENT**

1. Admission to the School of Business and Management is required before one may graduate with a degree program offered in the School.
2. Students may be admitted who have met these criteria:
  - a) Completed general education: ENGL 101 and 102; MATH 120 or equivalent.
  - b) Completed **nine** hours of business courses that apply to their major with a "C" or better.
  - c) Earned overall major GPA of 2.25 or better.
3. Those pursuing a degree program in the School of Business and Management must formally apply for admission during their sophomore year (24-54 hours).
4. Transfer students will be considered for admission after they have earned nine hours in residence in their major.

**SCHOOL OF BUSINESS AND MANAGEMENT PROBATION**

1. If a student's cumulative GPA in the major falls below 2.25, the student will be placed on School of Business and Management probation and the course load restricted to a maximum of 13 credit hours per semester.
2. A student will remain on probation, including the restricted course load, until the cumulative GPA in the major improves to 2.25.

**DEGREE REQUIREMENTS**

1. A minimum cumulative GPA of 2.25 in the major.
2. Courses with grades lower than "C" (2.00) in the major studies must be repeated.

**ACCOUNTING**

**ACCT 103. College Accounting (G-2) 3 hours**

Covers the fundamental accounting processes dealing with the bookkeeping and accounting functions for the small business, professional offices, merchandising firms and service organizations. This course does not apply for credit to a BBA or BS business major. (Fall)

**ACCT 221-222. Principles of Accounting (G-2) 3,3 hours**

**Prerequisite:** ACCT 222 lowest final grade C- for ACCT 221.

An introduction to financial accounting, including the accounting equation, debits and credits, transaction analysis, financial statement preparation, and the differences in accounting for the proprietorship, partnership, and corporate forms of ownership. The course also provides an introduction to managerial accounting, including job order and process accounting, standard costs, budgeting, and cost-volume-profit analysis. (Required for freshman BBA majors).

**ACCT 311. Intermediate Accounting I 4 hours**

**Prerequisite:** ACCT 221.

An in-depth course in financial accounting. Topics include the accounting conceptual framework, the hierarchy of GAAP, accounting for cash, receivables, inventories, plant assets, intangibles, and current and long-term liabilities. (Fall)

**ACCT 312. Intermediate Accounting II 4 hours**

**Prerequisite:** ACCT 311.

A continuation of ACCT 311. Topics include; accounting for contributed capital, retained earnings investments, income taxes, retirement and OPEB's and leases; reporting earnings per share; the Statement of Cash Flows; financial statement disclosure requirements; and financial statement analysis. (Winter)

**ACCT 316. Governmental and Fund Accounting 3 hours**

**Prerequisites:** ACCT 222.

An in-depth coverage of the concepts of fund accounting as they apply to governmental units and not-for-profit institutions including schools and hospitals. Attention is given to the pronouncements of the Governmental Accounting Standards Board. (Fall, even years)

**ACCT 321. Managerial Accounting 3 hours**

**Prerequisites:** BUAD 105; ACCT 222.

A study of the budgeting and financial planning processes for service and manufacturing industries through selected quantitative management decision-making tools. Topics include cost behavior, product and service pricing decisions, relevant costs, make-or-buy decisions, out-sourcing decisions, capital budgeting, transfer pricing, and performance measurement.

**ACCT 323. Cost Accounting 2 hours**

**Prerequisite:** ACCT 222.

An in-depth study of the more technical aspects of cost accounting systems, including cost allocations, joint product and by-product accounting, actual, standard, and direct cost methods. Process cost is emphasized. The more quantitative aspects of management are covered including decision-making under uncertainty, inventory control, cost behavior and regression analysis, the variance investigation decision, and mix and yield variances. (Fall)

**ACCT 326. Accounting Software Tools 2 hours**

**Prerequisite:** ACCT 222.

A study of accounting information systems, reporting systems, computer-based systems, and systems development will be covered. (Winter)

**MGNT 491. Management Practicum** **1-3 hours**

*Prerequisite:* Junior or senior status.

A practicum consists of supervised volunteer/work experience in related fields of management on a part-time basis. The work may be done at various job sites. A minimum of 50 clock hours of work experience is required for each semester hour of credit. (Note: A maximum of 3 credit hours of practicum and/or internship may apply as an elective in the major.)

**MGNT 492. Management Internship** **1-3 hours**

*Prerequisites:* Junior or senior status and school approval.

Students obtain on-the-job experience working under supervision in a management position or a tailored program of management experience in a selected office or facility on a full-time basis. All hours must be completed on one job site. A minimum of 100 clock hours of work experience is required for each semester hour of credit. (Note: A maximum of 3 credit hours of practicum and/or internship may apply as an elective in the major.)

**MGNT 295/495. Directed Study** **1-3 hours**

**Prerequisite:** Approval of the Dean of the School.

Individualized research into a selected topic chosen by the faculty adviser and the student.

**MGNT 497. Management Research** **3 hours**

**Prerequisite:** BUAD 221; MGNT 334.

This course permits students to apply principles of research and statistical analysis of data leading to the completion of a research project.

## MARKETING

**BMKT 326. Principles of Marketing** **3 hours**

**Prerequisite:** ECON 213, 225 or concurrent enrollment.

A study of the nature and functions of marketing. Includes marketing institutions, basic problems in the marketing of commodities and services, price policies, and competitive practices.

**BMKT 327. Consumer Behavior** **3 hours**

**Prerequisite:** BMKT 326.

An analysis of the consumer decision-making process where behavioral science is combined with marketing theory to enable the marketer to understand and predict consumer behavior in the various stages of the buying decision. (Winter)

**BMKT 328. Sales Management** **3 hours**

**Prerequisite:** BMKT 326 or permission of instructor.

The customer-focused management model includes strategies for increasing customer satisfaction and retention through the design and implementation of service strategies. Topics include customer expectations, service development and design, service delivery, management and measurement of service quality, service recovery, and the financial effect of service strategies.

**BMKT 423. Promotional Strategy** **3 hours**

**Prerequisite:** BMKT 326.

An analysis of integrated marketing communications, with an emphasis on the role of advertising, promotion, direct marketing, and public relations. Topics include setting

advertising objectives and budget, media strategy, creative strategy, and evaluating promotional effectiveness. Focus is on the design and management of a complete promotional strategy for an organization. (Winter, even years)

**BMKT 424. Marketing Strategy** **3 hours**

*Prerequisite:* BMKT 326, 327.

A case study approach to the solving of major marketing problems of various organizations and the ability to formulate appropriate strategies in responding to the presented case problems. (Winter)

**BMKT 491. Marketing Practicum** **1-3 hours**

*Prerequisite:* Junior or senior status.

A practicum consists of supervised volunteer/work experience in related fields of management on a part-time basis. The work may be done at various job sites. A minimum of 50 clock hours of work experience is required for each semester hour of credit. (Note: A maximum of 3 credit hours of practicum and/or internship may apply as an elective in the major.)

**BMKT 492. Marketing Internship** **3 hours**

*Prerequisites:* Junior or senior status and school approval.

Students obtain on-the-job experience working under supervision at an ad agency, marketing department, marketing research company, wholesaler, retailer, or company sales department on a full-time basis. All hours must be completed on one job site. A minimum of 100 clock hours of work experience is required for each semester hour of credit. (Note: A maximum of 3 credit hours of practicum and/or internship may apply as an elective in the major.)

**BMKT 295/495. Directed Study** **1-3 hours**

*Prerequisite:* Approval of the Dean of the School.

Individualized research into a selected topic chosen by the faculty adviser and the student.

**BMKT 497. Marketing Research** **3 hours**

*Prerequisite:* BMKT 326, 327; BUAD 221.

A study of the role of research in marketing decision-making; research design, implementation, and analysis and interpretation of research findings. Students will do research for a real business organization, concluding with a research and marketing recommendation report to the sponsoring organization. (Winter)

# CHEMISTRY

---

**Chair:** Rhonda Scott

**Faculty:** Loren Barnhurst, Brent Hamstra, Bruce Schilling

## CHEMISTRY

A major in chemistry can prepare you for a rewarding and challenging career in traditional areas such as chemical engineering, environmental chemistry, quality assurance, basic or applied chemical research, and teaching at the high school or post secondary level. A major in chemistry is also excellent preparation for a career in biomedical research, medicine or dentistry, pharmacology, patent law, and forensic science. In a recent article published in the *Journal of Forensic Science*, crime lab directors stated they would preferentially hire individuals with a B.S. in chemistry.

The B.S. degree in Chemistry is recommended in preparation for graduate study leading to research oriented careers in chemistry, professional applications of chemistry, or post-secondary education. The B.S. degree in Chemistry, Biochemistry emphasis, is recommended for students preparing for careers in medicine or dentistry as well as graduate study, research or teaching in biochemistry, molecular biology, or biotechnology. The B.A. degree is the preferred degree for high-school teaching, pre-paramedical fields, and some business applications.

## MISSION STATEMENT

Within a Christian environment of learning, the Chemistry Department seeks to provide undergraduate students with the knowledge and skills necessary for distinguished professional performance in chemistry or other fields that require a strong background in chemistry.

## ASSESSMENT

To aid the chemistry department in evaluating teaching effectiveness, nationally standardized tests prepared by the American Chemical Society are administered at the end of each course for which an appropriate test is available. Students majoring in chemistry are expected to achieve a minimum score of 40<sup>th</sup> percentile on these exams and achieve a grade of C- or above in their chemistry courses. Students who score below the 40<sup>th</sup> percentile but have passed the corresponding course will be given self-paced instructional materials to strengthen areas of identified weakness.

It is strongly recommended that students work towards certification in a second area of study such as mathematics or another science area. See the School of Education and Psychology for listing of professional requirements (35 hours, listed on page 114) and general education requirements (44-47 hours).

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the catalog. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s).

**Endorsement for Teacher Certification (20 hours)**

An endorsement to teach chemistry as an additional field may be obtained by completing a major in another field (preferably mathematics or another science with secondary certification), completing a minor in chemistry that includes the courses listed below, and taking and passing the PRAXIS II licensure exams required for certification in chemistry.

**Endorsement for Teacher Certification (20 hours), continued**

<u>Required Courses</u>	<u>Hours</u>
CHEM 151-152 General Chemistry	8
CHEM 311-312 Organic Chemistry	8
Upper Division*	4
	<u>20</u>

\*The upper division course should be carefully chosen in consultation with your advisor and a faculty member in the chemistry department to determine what course will best help you prepare for the PRAXIS exams needed for certification in chemistry. Most often this course will be either CHEM 315 Quantitative Analysis or CHEM 341 Biochemistry I.

**Minor—Chemistry (18 Hours)**

<u>Required Courses</u>	<u>Hours</u>
CHEM 151-152 General Chemistry	8
*Chemistry Electives	10

\*A minimum of six hours must be upper division.

**CHEMISTRY****CHEM 107. Chemistry of Everyday Life (E-2) 3 hours**

This course is a qualitative look at the chemistry of everyday living for non-science majors. Topics may include household chemicals, drugs (prescription, over-the-counter, or illicit), hazards and risks, food chemistry, polymers, cosmetics, forensic science, and sports equipment. This course does not apply to a major or minor in Chemistry.

**CHEM 111. Survey of Chemistry I (E-2) 3 hours**

**Prerequisites:** A course in high school algebra. A minimum Mathematics ACT score of 16 or a minimum grade of "C" in MATH 080 are also required.

A survey course designed to familiarize the student with the basic principles of inorganic chemistry. Three hours of lecture each week. Does not apply to a major or minor in Chemistry. (Fall, Winter, Summer)

**CHEM 112. Survey of Chemistry II (E-2) 3 hours**

**Prerequisite:** Successful completion of CHEM 111.

A survey course designed to familiarize the student with the basic principles of organic and biochemistry. Three hours of lecture each week. Does not apply to a major or minor in Chemistry. (Fall, Winter)

**CHEM 113. Survey of Chemistry Laboratory I (E-2) 1 hour**

**Prerequisite:** Previous or concurrent enrollment in CHEM 111.

Laboratory material designed to illustrate the material in CHEM 111. Two and one-half hours of laboratory each week. Does not apply to a major or minor in Chemistry. (Fall)

**CHEM 114. Survey of Chemistry Laboratory II (E-2) 1 hour**

**Prerequisite:** Previous or concurrent enrollment in CHEM 112.

Laboratory material designed to illustrate the material in CHEM 112. Two and one-half hours of laboratory each week. Does not apply to a major or minor in Chemistry. (Winter)

**CHEM 115. Introductory Chemistry (E-2) 3 hours**

**Prerequisites:** A course in high school algebra. A minimum Mathematics ACT score of 16 or a minimum grade of "C" in MATH 080 are also required.

A course for elementary education majors that uses a "hands-on" approach to teach the basic principles of chemistry (including the use of basic scientific instruments) and the interrelationships among the other disciplines of science and technology. Does

not apply to a major or minor in Chemistry. (Winter)

**CHEM 151-152. General Chemistry (E-2) 4,4 hours**

**Prerequisites:** High school chemistry and mathematics through high school Algebra II. An introduction to the fundamental laws and accepted theories of chemistry. Areas to be studied include stoichiometry, atomic and molecular structure and bonding, states of matter, equilibrium, kinetics, thermodynamics, acids and bases, oxidation-reduction and electrochemistry, descriptive chemistry, and nuclear chemistry. To enroll in CHEM 152, a student must complete CHEM 151 with a grade of C- or better. Three hours of lecture, one hour of recitation, and three hours of laboratory each week.

**CHEM 311-312. Organic Chemistry 4,4 hours**

**Prerequisite:** Completion of CHEM 152 with a grade of C- or higher. Many of the fundamental functional groups of both aliphatic and aromatic compounds are studied. Attention is given to spectroscopy, relative reactivities, reaction mechanisms, and physical properties of these compounds. Laboratory experiments acquaint students with basic organic chemistry laboratory techniques and illustrate reactions that are discussed in lecture. To enroll in CHEM 312, a student must complete CHEM 311 with a grade of C- or better. Three hours of lecture, one hour of recitation, and four hours of laboratory each week.

**CHEM 315. Quantitative Analysis 4 hours**

**Prerequisite:** Completion of CHEM 152 with a grade of C- or higher. A study of equilibria as it applies to analytical chemistry. Techniques of determinations, sampling, handling of data, and the detailed chemistry involved are studied in terms of quantitative determinations. Three hours of lecture and four hours of laboratory each week. (Fall, alternate years)

**CHEM 321. Instrumental Analysis 4 hours**

**Prerequisite:** Completion of CHEM 315 with a grade of C- or higher. A study of the theories, techniques, and instruments involved in spectrometry, chromatography, and electrochemistry. Three hours of lecture and four hours of laboratory each week. (Winter, alternate years)

**CHEM 341. Biochemistry I 4 hours**

**Prerequisites:** Successful completion of CHEM 312 and BIOL 151 with a grade of C- or higher or consent of instructor. A study of the basic principles of the chemistry of living organisms. Topics presented include the structure, properties, and functions of carbohydrates, lipids, and proteins; an introduction to bioenergetics; enzyme kinetics and mechanisms; carbohydrate, lipid, and energy metabolism. Four hours of lecture each week. (Fall)

**CHEM 342. Biochemistry II 2 hours**

**Prerequisite:** Completion of CHEM 341 with a grade of C- or higher. A continued study of the basic principles of the chemistry of living organisms. Topics presented include the metabolism of proteins and nucleic acids and the regulation of gene expression. Two hours of lecture each week. (Winter, alternate years)

**CHEM 343. Biochemistry Laboratory 1 hour**

**Prerequisites:** Successful completion of CHEM 315 and previous or concurrent enrollment in CHEM 342. An introduction to the fundamental techniques used in the study of biochemical systems, including the separation and analysis of biological molecules, enzyme kinetics, and metabolism studies. Four hours of laboratory each week. Requires computer data analysis. (Winter, alternate years)

**CHEM 411. Physical Chemistry I (W) 4 hours**

**Prerequisites:** Successful completion of CHEM 152, MATH 181, PHYS 212, with a grade of C- or higher.

A study of the fundamental concepts of chemical thermodynamics, chemical equilibria, properties of pure substances and mixtures, phase changes, kinetic theory, and reaction kinetics and dynamics. This class is offered alternate years and is not open to students who have taken PHYS 411. Three hours of lecture and four hours of laboratory each week. (Fall, alternate years)

**CHEM 415. Physical Chemistry II** **3 hours**

**Prerequisites:** Successful completion of CHEM 152, MATH 315, PHYS 212, with a grade of C- or higher.

An introduction to quantum chemistry. Areas to be studied include: wave mechanics; boundary problems; the Schroedinger equation and its solution for one electron atoms and extension to multielectron systems; chemical bonding; and atomic and molecular spectroscopy. This class is offered alternate years and is not open to students who have taken PHYS 412. Three hours of lecture each week. (Winter, alternate years)

**CHEM 425. Advanced Organic Chemistry** **3 hours**

**Prerequisite:** Successful completion of CHEM 312 with a grade of C- or higher.

Compound types, reactions, and intermediates not considered in Organic Chemistry will be studied. Once a sufficient background has been established, an introduction to medicinal chemistry and synthesis of medicinal compounds will be studied. (Winter, alternate years)

**CHEM 435. Inorganic Chemistry** **4 hours**

**Prerequisite:** Successful completion of CHEM 312 with a grade of C- or higher; completion of CHEM 411 is recommended.

A study of structures and chemical properties of inorganic compounds. Particular focus is placed on the description of chemical bonds between elements, the effects of bond properties on the structures, reactivity, and characterization of these compounds, and the periodic trends observed in the properties of the elements. Three hours of lecture and four hours of laboratory each week. (Winter, alternate years)

**CHEM 465. Topics in Chemistry** **1-4 hours**

Selected topics presented in a formal classroom setting in specialty areas of chemistry not covered in regular courses. May be repeated for credit for different topics.

**CHEM 485. Chemistry Seminar** **1 hour**

**Prerequisites:** Successful completion of CHEM 312 and COMM 135.

An introduction to the use of chemical literature as a source of information. Oral and written presentations are made on specific topics in chemistry. These presentations must utilize Power Point and word processing skills and should be taken in the junior or senior year. (Winter)

**CHEM 295/495. Directed Study** **1-3 hours**

**Prerequisite:** Successful completion of CHEM 152.

A course emphasizing individual directed study by a student who wishes to explore an area of chemistry not listed in the regular course offerings.

**CHEM 497. Introduction to Research (W)** **1-2 hours**

**Prerequisite:** Junior or senior chemistry major who has successfully completed CHEM 312.

Individual research under the direction of the members of the staff. (This course should be taken no later than the first semester of the senior year.) Prior to registration, students are urged to contact all chemistry staff members about choice of available projects. (Fall)

## EDUCATION

**EDUC 438. Curriculum Content Methods/Chemistry**

**1 hour**

*Prerequisite:* Admission to Teacher Education. *Pre- or co-requisite:* CHEM 312.

Attention is given to national science education standards, methods and materials of instruction, planning, testing, and evaluating student performance, the survey and evaluation of textbooks, and the planning of laboratory experiments, including safety considerations and waste disposal.

(E-2) (W) See pages 27-31 for explanation of general education requirements.

# SCHOOL OF COMPUTING

---

**Dean:** Rick Halterman

**Faculty:** John Beckett, Jared Bruckner, Tyson Hall, Timothy D. Korson,  
P. Willard Munger, Eduardo Urbina

## MISSION STATEMENT

The mission of Southern Adventist University's School of Computing is to provide an exemplary Christian learning environment which enables students to become Christian computing professionals, who, in addition to being competent in their chosen profession, realize their responsibility to God, church, family, employer, colleagues, and society.

## MAJORS IN COMPUTING

The rapidly expanding field of computing continues to demand an ever-increasing number of technically educated people. The type of computer education needed also continues to shift. Computer graduates this year will be taking jobs which were not even available when they entered college four years ago. Southern Adventist University offers several computer curricula designed to meet the needs of students desiring to enter the computing field but coming to the University with a wide-range of interests and abilities.

The B.S. degree in Computer Science, Computer Science Concentration, is designed to prepare for a wide range of computing professions. Software engineers, software developers, systems analysts, programmer/analysts, network engineers, database administrators, and data specialists are among the professions considered computer scientists. The computer science concentration curriculum follows the guideline for computer science degrees developed by the ACM and IEEE, Curriculum 2001. The B.S. degree in Computer Science, Embedded Systems Concentration, is designed to prepare students for work in the exciting field of embedded systems. Embedded systems professionals are a type of computer engineer who deals with the use of computers which are embedded in other systems, such as automobiles, robots, PDAs, etc. Computer science professionals in both areas are distinguished by the high level of theoretical expertise and innovation they apply to complex problems and to the application of new technologies.

The B.A. degree in Computer Science allows students to combine a computing degree with a minor or major in another academic area offering a B.A., for instance English, history, or music. This combination is useful in occupations such as teaching high school.

The B.S. in Computer Information Systems combines classes in computing and systems management with classes in accounting, economics, and business administration. With a few years experience graduates will be equipped to manage a data processing department in a hospital, business, or industry. This program follows IS 2002, the curriculum developed by ACM, AIS, and AITP.

The B.S. in Computer Systems Administration is designed to prepare graduates who will administer the complex computer systems and networks now common in the business world. It requires a minimum of programming, mathematics, and business courses, while concentrating on the technical issues needed to administer and support modern network computing systems and software.

The B.S. in Technical Animation is offered in conjunction with the School of Visual Art and Design. This combined degree in animation and computer science prepares the student to pursue a career in technical animation. See page 277 for more information.

### **ADMISSIONS**

Admission to the School of Computing is required before graduation with a major offered by the School of Computing. Declaration as a major is not the equivalent of acceptance to the School of Computing. Minimum requirements for admission to the School of Computing are:

1. Acceptance to Southern Adventist University.
2. Complete general education: ENGL 101 and 102.
3. Completion of 6 hours of computer courses required in the major with a grade of "C" or better.
4. Earned overall GPA of 2.25 or better.

Students pursuing a major offered by the School of Computing should apply for admission at the end of the freshman year. Transfer students will be considered for admission after completing 6 hours of major courses in residence.

### **SCHOOL OF COMPUTING PROBATION**

If a student's GPA falls below 2.25 in either the major or overall, the student will be placed on School of Computing probation. If the GPA does not improve to 2.25 by the end of one semester on probation, the student must repeat courses in an effort to increase the GPA. The faculty of the School of Computing must approve each probation student's course load before the student may register.

### **ASSESSMENT**

In the last semester of the senior year all computing students will be required to take a written two-hour exam. The results of this exam are used by the School's staff to evaluate class offerings as well as program requirements.

### **INTERNSHIP PROGRAM**

The School of Computing coordinates an internship program that encourages employers to utilize the skills of our students in exciting and productive ways and allows students to take advantage of the opportunities these employers provide. Currently the core of this effort is an innovative program called Meet the Firms, which includes job fair events and Preparing to Meet the Firms, a course that prepares students for finding jobs. Most of the internships are paid summer internships for which the student may also register to receive academic credit.

### **NETWORK USAGE POLICY AT SOUTHERN ADVENTIST UNIVERSITY**

Students must comply with the Network Usage Policy.

See <http://computing.southern.edu/netpolicy>. A hard copy of the policy is available from the Campus Card Desk.

## HARDWARE AND EMBEDDED SYSTEMS

### **CPHE 200. Digital Logic and Design** **4 hours**

**Pre- or co-requisite:** CPTR 103.

Digital design principles and implementation of digital systems. Number systems, Boolean algebra, architectural concepts, combinational and sequential logic, combinational datapath elements, memory, I/O design, CAD tools, project design methodologies, and logic syntheses. The objective of this course is to prepare the essential and rudimentary basis for students to become the next generation digital circuit designers. Three hours of lecture and three hours of laboratory each week. (Fall)

### **CPHE 220. Computer Architecture** **4 hours**

**Prerequisites:** CPHE 200; CPTR 124.

*This course is cross-listed with CPTR 220. A student may receive credit for this course from only one program.*

Basic machine organization and architecture. Processor components, pipelined datapaths, instruction sets, memory types and hierarchy. Introduction to data representation, instruction formats addressing techniques and assembly language. Three hours of lecture and three hours of laboratory each week. (Winter)

### **CPHE 310. Introduction to Signal Processing** **4 hours**

**Prerequisite:** MATH 182.

Introduction to signal processing for discrete-time and continuous-time signals. Filtering, frequency response, Fourier transform, Z transform, and sampling. Laboratory emphasizes computer-based signal processing. Three hours of lecture and three hours of laboratory each week. (Fall, odd years)

### **CPHE 320. Circuit Analysis** **4 hours**

**Prerequisites:** PHYS 212, 214.

Basic concepts of DC and AC circuit theory and analysis. Basic concepts of circuit behavior, circuit analysis theorems and methods, RLC circuits and introduction to microelectronics. Introduction to test and measurement instrumentation, experimental techniques for analysis and characterization of electrical circuits and technical writing and documentation skills. Three hours of lecture and three hours of laboratory each week. (Winter, even years)

### **CPHE 380. Microcontroller Design** **4 hours**

**Prerequisite:** CPHE 220 or CPTR 220.

Microcontroller structure, instruction set and addressing modes. Introduction to embedded system development, microcontroller resource allocation, assembly and C language programming, interrupt handlers, real-time operation, timing and basic communication interfaces. Three hours of lecture and three hours of laboratory each week. (Fall, even years)

### **CPHE 410. Computer Interfacing** **4 hours**

**Prerequisites:** CPHE 220, 380.

Fundamental of computer interfacing and embedded system development. Processors, chipsets, commercial busses, and I/O devices for high-end embedded systems. Embedded and real-time operating systems, device drivers, multitasking, X86 instruction set architecture, DMA, common bus standards (ISA, PCI-AGP) and current I/O interfaces (parallel, series, USB, IEEE 1394). The laboratory component emphasizes a team design experience and requires students to incorporate concepts

from the lecture into a capstone embedded system design project. Three hours of lecture and three hours of laboratory each week. (Winter, odd years)

**CPHE 295/495. Directed Study in Hardware and Embedded Systems 1-3 hours**

**Prerequisite:** Permission of instructor and school dean.

Individual or group work adjusted to meet particular needs of computer science students. Formal written report required. May be repeated for credit up to six hours.

## INFORMATION SYSTEMS

**CPIS 210. Information Technology Hardware and Software 3 hours**

**Prerequisites:** CPTR 103; skills in using PC's, Word Processing, Spreadsheets, and Database software.

Hardware: CPU architecture, memory, registers, addressing modes, busses, instruction sets, multi processors versus single processors; peripheral devices: hard disks, CDS, video display monitors, device controllers, input/output; operating systems functions and types; operating systems modules: processes, process management memory and file systems management; examples of hardware architectures; examples of operating systems; basic network components, switches, multiplexers and media; installation and configuration of multiuser operating systems. (Fall)

**CPIS 220. Applications Programming (G-2) 3 hours**

**Prerequisite:** CPTR 124.

This course focuses on the design and implementation of business computing systems utilizing a modern programming environment such as Visual Basic and/or Dephi. (Winter)

**CPIS 315. Requirements and System Analysis 3 hours**

**Prerequisites:** CPIS 220.

Requirements analysis. Object-oriented analysis and design. Use of data modeling tools. Emphasizes the factors for effective communications and integration with users and user systems. It encourages interpersonal skill development with clients, users, team members, and other associated with development, operation, and maintenance of the system. (Fall)

**CPIS 430. Physical Design and Implementation 3 hours**

**Prerequisites:** CPIS 315; CPTR 319.

Selection of development environments and standards; software construction; structured, event driven and object-oriented application design; testing; software quality assurance; system implementation; user training; system delivery; post implementation review; configuration management; maintenance; reverse engineering and re-engineering; distributed systems; design and implementation of net-centric applications. (Winter)

**CPIS 435. Project Management and Practice 3 hours**

**Prerequisite:** CPIS 315; **Co-requisite:** CPTR 319 or CPIS 430.

Managing the system life cycle; requirements determination, logical design, physical design, testing, implementation; system and database integration issues; network and client-server management; metrics for project management and system performance evaluation; managing expectations; superiors, users, team members and other related to the project; determining skill requirements and staffing the project; cost-effectiveness analysis; reporting and presentation techniques; effective management of both behavioral and technical aspects of the project; change management. (Winter)

**CPIS 265/465. Topics in Computer Information Systems 1-3 hours**

**Prerequisite:** Permission of the instructor.

Topics selected from areas of computer information systems not covered in other courses. May be repeated with permission.

**CPIS 295/495. Directed Study in Computer Information Systems 1-3 hours**

**Prerequisites:** Permission of instructor and school dean.

Individual or group work adjusted to meet particular needs of computer information systems students. Formal written report required. May be repeated for credit up to six hours.

### COMPUTER TECHNOLOGY

**CPTE 100. Computer Concepts (A-4) 1 hour**

Important computer competencies including understanding how the history of computers and the Internet can aid in our capability to prepare for future changes in computing technology, the ability to appreciate the potential and limitations of computers and the Internet, how to maintain a "healthy" personal computer system, and how to use computers and the Internet safely, responsibly, and effectively.

**CPTE 104. Introduction to Microcomputer Operating Systems (A-4) 1 hour**

Limited to students with no computer background or permission of the instructor. It is designed to introduce the student to the functions and features of DOS, Windows, and UNIX as a preparation for other computer application courses. Some general information about the hardware will be presented so students may feel less intimidated about adding a new board to the computer or hooking up a new mouse. Students will learn how to format disks, manipulate files, and use many utilities. Does not apply toward a baccalaureate major or minor in computer science.

**CPTE 105. Introduction to Word Processing (A-4) 1 hour**

**Prerequisite:** A typing course or permission of instructor.

Creating, editing and formatting documents; creating multiple-page reports; simple desktop publishing; mail merge; creating styles, outlines, tables, table of contents, form letters, mailing labels, and web pages; collaborating with others on a document.

**CPTE 106. Introduction to Spreadsheets (A-4) 1 hour**

Using spreadsheet software to manage data, use formulas and functions, develop professional-looking spreadsheets, create charts and graphs, manage lists, work with multiple spreadsheets and files, use editing and web tools, and develop spreadsheet applications.

**CPTE 107. Introduction to Database (A-4) 1 hour**

Using database software to manage data, create and manage a database, query a database, create forms and reports, create advanced queries, create custom forms, create custom reports, integrate the database with the Web and with other software applications.

**CPTE 108. Software Installation and Configuration 1 hour**

Installation, configuration, and troubleshooting of different system and application packages concentrating on current popular operating systems for the PC.

**CPTE 109. Presentation Technology (A-4) 1 hour**

An investigation of various presentation software packages and their use in making effective presentations. General presentation design, graphics for presentations, use

of animation, video and sound in presentations, and display technology. Students will design, create, enhance and use electronic overheads, outlines, speaker's notes, and audience handouts.

**CPTE 110. Introduction to Web Development (A-4) 1 hour**  
Web development using HTML. Designing and developing web sites using web site creation software. Maintaining and updating web sites.

**CPTE 205. Advanced Office Applications (A-4) 1 hour**  
**Prerequisite:** CPTE 105, 106, 107, or equivalent.  
Advanced application topics such as creating on-screen forms, advanced table techniques, using solver for complex problems, scenario management, importing data, automating tasks with macros, using query wizards and action queries. Introduction to using Visual Basic for Applications with documents, spreadsheets, and databases.

**CPTE 212. Web Programming 3 hours**  
**Prerequisite:** CPTR 124  
**Pre- or co-requisite:** JOUR 242 or CPTE 110 or permission of instructor.  
Programming for e-commerce using the World Wide Web. Application architecture, languages, scripting tools, HTML editors, Web design packages and authoring tools. (Fall)

**CPTE 218. PC Hardware Repair and Upgrading 2 hours**  
**Pre- or co-requisite:** CPTR 103  
This course focuses on the troubleshooting and repair of computing hardware. Use of troubleshooting hardware and software. (Fall)

**CPTE 228. Becoming a Power User 3 hours**  
**Prerequisites:** Basic skills in using PC operating systems; word processing, spreadsheet, and database software.  
Developing high-level skills in using both applications and systems software: Windows OS, Windows Server, utilities, word processor, spreadsheet, database, presentation, charting, and planning programs. Integrating applications. Building new applications using off-the-shelf software packages. (Winter)

**CPTE 245/345. Computer-Aided Publishing (A-4) 3 hours**  
**Prerequisite:** CPTE 100  
*This course is cross-listed with BUAD 245/345, School of Business and Management. A student may receive credit for this course from only one school.*  
An introductory course in the use of the computer as an aid in publishing materials such as newsletters, flyers, programs. The course gives training in the preparation of camera-ready documents without conventional paste-up and typesetting services using specialized desktop publishing software.

**CPTE 254. UNIX Systems Administration 3 hours**  
**Prerequisite:** CPTE 228.  
Installation and management of UNIX operating systems in the business environment. Use of common UNIX tools for support and administration. Comparison of common UNIX variants. (Fall)

**CPTE 316. Application Software Support 3 hours**  
**Prerequisite:** CPTE 228.  
This course focuses on methods of mastering applications software in order to be able to provide technical support. Practice in mastering a wide range of software applications. Software troubleshooting. Interpersonal issues relative to giving support to non-technical personnel. Mentoring and software training issues. (Winter)

**CPTE 433. Network Administration 3 hours**  
**Prerequisites:** CPTR 328 or permission of instructor.

Network administration to support internal operations and e-commerce. The role of the supervisor in managing user accounts, file systems, directories, security systems, resources, etc. Managing backups, printers, application, and operating system updates and Internet connections. (Winter)

**CPTe 442. Software Evaluation 2 hours**

**Prerequisites:** CPTR 124.

This course focuses on methods for evaluating popular application software packages. Performance and feature evaluation, reliability, usability, maintainability, security issues, and licensing issues. (Fall)

**CPTe 446. Web Services 3 hours**

**Prerequisites:** CPTe 212 or SENG 209.

This is a practical course in web-centric computing from the server perspective. Topics include selection of web servers, technical architecture of web sites, security issues, implementation, management and maintenance of web servers, web services design, and database integration. (Winter)

**CPTe 265/465. Topics in Computer Technology 1-3 hours**

**Prerequisite:** Permission of the instructor.

Topics selected from areas of computer technology not covered in other courses. May be repeated with permission.

**CPTe 295/495. Directed Study in Computer Technology 1-3 hours**

**Prerequisites:** Permission of instructor and school dean.

Individual or group work adjusted to meet particular needs of technical computer support students. Formal written report required. May be repeated for credit up to six hours.

## COMPUTER SCIENCE

**CPTR 103. Principles of Computing (A-4) 3 hours**

A comprehensive introduction to the many areas of computing, including algorithmic problem solving, computer organization, operating systems, networking, net-centric computing, e-commerce and information systems. Introduction to the key issues and concepts throughout the field. Social and ethical issues in computing. (Fall)

**CPTR 124. Fundamentals of Programming (G-2) 4 hours**

**Prerequisite:** Math ACT  $\geq 22$  or MATH 090 or permission of instructor.

Control structures, data types, data representation, compiling, debugging, modularity, and standard programming algorithms are introduced, using an object-oriented language. Three hours of lecture and three hours of laboratory each week.

**CPTR 215. Fundamentals of Software Design (G-2) 4 hours**

**Prerequisite:** CPTR 124.

Introduction to software design methods. Elementary data structures. Development of reliable, modifiable programs. Three hours of lecture and three hours of laboratory each week. (Winter)

**CPTR 220. Organization, Architecture and Assembly Language 4 hours**

**Prerequisite:** CPTR 103, 124.

*This course is cross-listed with CPHE 220. A student may receive credit for this course from only one program.*

Basic machine organization and architecture. Processor components, instruction sets, memory types and hierarchy. Introduction to data representation, instruction formats, addressing techniques, and assembly language. Three hours of lecture and three hours of laboratory each week. (Winter)

**CPTR 314. Data Structures, Algorithms and Knowledge Systems 4 hours**

**Prerequisites:** CPTR 215; MATH 120 or equivalent. **Recommended:** MATH 181.  
Advanced data structures including heaps, hash tables, height-balanced trees, and graphs. Techniques for data abstraction. Algorithms that have application in many areas of computer science including searching, sorting, and graph algorithms. Recursive algorithms. Analysis of algorithms including time and space complexity analysis. Criteria for choosing data structures and algorithms. Fundamental issues in intelligent systems, search and constraint satisfaction, knowledge representation, and reasoning. (Fall)

**CPTR 319. Database Management Systems 3 hours**

**Prerequisite:** CPTR 103, 124.  
Introduction to database management systems, including data modeling, query languages and processing, database design, data integrity and security. Issues related to distributed database systems, object-oriented database systems, and legacy database systems are also discussed. (Winter)

**CPTR 327. User Interface Design 3 hours**

**Prerequisite:** CPTR 124.  
Applying the basic principles of human-computer interaction to the design of computer interfaces. Analysis of interface design and system integration problems. Comparison of standard graphical user interfaces (GUI) and application of guidelines for window, menu, and other dialogue techniques. Evaluate usability and compare interface design methodologies. (Fall)

**CPTR 328. Principles of Networking 3 hours**

**Prerequisite:** CPTR 103.  
Principles and issues related to computer networking and data communications. Network topologies, network protocols, network models, routing, congestion control, Internet working, security and privacy. (Fall)

**CPTR 365. Operating Systems 3 hours**

**Prerequisites:** CPTR 220, 314.  
Detailed study of operating system concepts. Process management, scheduling, time slicing, concurrency, mutual exclusion, semaphores, resource management, memory mapping, virtual systems, mass storage, file systems, and security. Case studies of operating systems. (Fall)

**CPTR 405. Organization of Programming Languages 3 hours**

**Prerequisites:** CPTR 215, 220. **Recommended:** CPTR 314.  
Computer language definition via formal syntax and semantics. Design and implementation issues of features found in most programming languages but including some features found only in modern programming languages. Programming language paradigms. (Winter)

**CPTR 412. Preparing to Meet the Firms 1 hour**

This course is made up of a series of topics presented in a seminar setting to provide students with necessary tools to actively pursue and acquire internships and jobs. Topics will include but are not limited to: résumés, networking, corporate climate, interviewing, dress, portfolios, company research, etiquette. Besides listening to guest presentations, opportunities will exist to interact with guest lecturers and professors about thoughts and theories regarding the area of job acquisition. (Winter)

**CPTR 415. Compiler Construction 3 hours**

**Prerequisites:** CPTR 405; MATH 280.  
Principles and techniques of lexical analysis, parsing, semantic analysis, code

generation, and optimization. Students will be required to design and implement a functional compiler for a given programming language. (Winter, even numbered years)

**CPTR 418. Artificial Intelligence 3 hours**

*Prerequisite:* CPTR 314.

Search techniques and methods of knowledge representation. Application to areas such as planning, learning, expert systems, neural networks, intelligent agents, natural language processing, image processing, and speech recognition. Introduction to the languages used in AI. (Fall, even numbered years)

**CPTR 425. Computer Graphics 3 hours**

*Prerequisites:* CPTR 314; MATH 182. *Recommended:* MATH 200.

This course teaches the principles of generating graphical images on a computer with an emphasis on the underlying mathematical theory and its programming implementations. Topics include graphics primitives, windowing techniques, clipping, 2-D and 3-D transformations, projections, 3-D viewing techniques, cubic interpolating and approximating curves, bicubic 3-D surface patches, fractal curves and surfaces, hidden line and surface removal, shading, surface mapping, ray tracing, animation techniques. (Fall, odd numbered years)

**CPTR 427. Network Security 3 hours**

*Prerequisite:* CPTR 328. *Recommended:* CPT 254.

This course provides an overview to key issues and solutions for information security and privacy. Introduction to cryptography and its application to network and operating system security; security threats; applications of cryptography; secret key and public key cryptographic algorithms; hash functions; basic number theory; authentication; security for electronic mail and network scripting languages. (Winter)

**CPTR 430. Algorithms 3 hours**

*Prerequisites:* CPTR 314; MATH 181, 280.

Techniques for the design and analysis of algorithms, divide-and-conquer, greedy, and dynamic programming algorithms. Computational complexity and analysis of particular algorithms of practical or theoretical importance in computer science. (Fall, even numbered years)

**CPTR 442. Theory of Computation 3 hours**

*Prerequisites:* CPTR 314; MATH 280.

Formal models of computation such as finite state automata, push-down automata and Turing machines. Formal languages. Computability and complexity theory along with the practical implications of theoretical results. (Winter, odd numbered years)

**CPTR 265/465. Topics in Computer Science 1-3 hours**

*Prerequisite:* Permission of the instructor.

Topics selected from areas of computer science not covered in other courses. Possible topics include: neural networks, information retrieval, distributed computing, advanced compiler design, computer architecture, advanced operating systems, systems programming, visualization of data, computer simulation, and parallel computing. May be repeated with permission.

**CPTR 486. Senior Seminar (W) 2 hours**

*Prerequisite:* Senior standing or permission of instructor.

Written and oral reports are made on specific topics treated in current computer science literature. Résumé writing, interviewing, application to graduate school, GRE testing, social and professional issues, witnessing on the job and at graduate school are also discussed. A comprehensive assessment exam will be taken as a class requirement.

**CPTR 292/492. Computing Internship 1-3 hours**

*Prerequisites:* Consent of instructor and school dean.

Individual or group work in current computing technologies. May be repeated for credit up to six hours.

**CPTR 295/495. Directed Study in Computer Science 1-3 hours**

*Prerequisite:* Permission of instructor and school dean.

Individual or group work adjusted to meet particular needs of computer science students. Formal written report required. May be repeated for credit up to six hours.

**SOFTWARE ENGINEERING****SENG 209. Introduction to Software Engineering 4 hours**

*Prerequisite:* CPTR 215 or CPIS 220.

Techniques for the management, development and maintenance of large complex software systems. Life cycle issues, requirements and domain analysis, architecture and formal and human-computer interaction design, implementation, testing, and quality assurance. Netcentric computing. Team projects. (Winter)

**SENG 265/465. Topics in Software Engineering 1-3 hours**

*Prerequisite:* Permission of the instructor.

Topics selected from areas of software engineering not covered in other courses. May be repeated with permission.

**SENG 295/495. Directed Study in Software Technology 1-3 hours**

*Prerequisites:* Permission of instructor and school dean.

Individual or group work adjusted to meet particular needs of computing students. Formal written report required. May be repeated for credit up to six hours.

# SCHOOL OF EDUCATION AND PSYCHOLOGY

---

**Dean:**

**Faculty:** Krystal Bishop, Charles D. Burks, Myrna Colon, Robert Coombs, Alberto dos Santos, Denise Dunzweiler, Ileana Freeman-Gutierrez, Michael Hills, Cathy Olson, Carleton Swafford, John Wesley Taylor V, Penny Webster, Ruth WilliamsMorris

**Adjunct Faculty:** Gerald Colvin, Liane de Souza, Linda Dickinson, Daniel Gaddy, Leona Gulley, Bonnie Mattheus, Patricia Salazar

**Teacher Education Council:**

## **PHILOSOPHY AND OBJECTIVES**

The School of Education and Psychology subscribes to the philosophy that human beings were created in the image of God but as a result of willful disobedience sin has marred their God-given attributes and divine likeness. This philosophy recognizes that the object of education is also the object of redemption—to restore in people the image of their maker and bring them back to the perfection in which they were created. Thus the work of redemption is also the work of education, involving the development of the whole person—physical, mental, spiritual, and social.

The teacher education and psychology programs in the unit are founded upon the basic assumption that there is a body of information, research, and practice that make up the knowledge base for the professions of teaching and psychology.

## **STATEMENT OF MISSION**

The mission of the School of Education and Psychology at Southern Adventist University is to prepare students at both undergraduate and graduate levels who can function effectively in a culturally pluralistic society and who are dedicated to assisting individuals in reaching their maximum potential in service to God and humanity.

## **POLICIES**

Students required to perform field or practicum experiences will accept personal responsibility for their learning and professional behavior. Each student contracts to abide by policies of the School of Education and Psychology. Students admitted to Student Teaching are encouraged to become familiar with policies outlined in the Student Teaching Handbook.

Students will be expected to provide their own transportation for all field and practicum experiences.

The School of Education and Psychology reserves the right to revise, add, and withdraw policies and/or courses as necessary to ensure a quality program.

## **GRADUATE DEGREES**

The School of Education and Psychology offers two Master of Science degrees:

1. Master of Science in Education (five emphases)
  - a. Curriculum and Instruction
  - b. Educational Administration and Supervision

- c. Inclusive Education
- d. Literacy Education
- e. Outdoor Teacher Education

- 2. Master of Science in Counseling (three emphases)
  - a. Community Counseling
  - b. Marriage and Family Therapy
  - c. School Counseling

Degree requirements are described in a separate *Graduate Catalog*, available by contacting the School of Education and Psychology.

### UNDERGRADUATE PSYCHOLOGY DEGREES

Undergraduate programs in psychology are pre-professional in that they are designed to introduce students to a wide knowledge base in the field and to prepare them for further training and education in specialized fields of psychology.

### BACHELOR OF ARTS DEGREE IN PSYCHOLOGY

The B.A. degree in psychology is recommended for students who wish to become psychologists or professional counselors, and are planning to gain admission into graduate programs. In addition, this degree is recommended for students who desire to combine psychology with another academic discipline such as law, business, English, or history.

**BACHELOR OF SCIENCE DEGREE IN PSYCHOLOGY  
Industrial/Organizational Psychology Concentration**

This B.S. degree is recommended for students planning to gain admission into graduate programs in industrial or organizational psychology. The degree program is general enough to allow entrance into several other areas of psychology at the graduate level, or to consider moving into the more applied aspects of psychology, such as human resource management, ergonomics, or business related fields. No foreign language is required for this major. However, a foreign language is encouraged as an elective.

**ASSESSMENT OF PSYCHOLOGY MAJORS**

During their last academic year in the undergraduate program, students are required to write a major position paper that demonstrates both their knowledge and application of various issues in the field of psychology. This major paper is part of the capstone course, History and Systems of Psychology, which takes a comprehensive view of the field of psychology. In addition, all psychology seniors are required to complete the Psychology Major Field Test during the final semester of their enrollment. This

examination is administered by the School of Education and Psychology.

**UNDERGRADUATE OUTDOOR EDUCATION DEGREE**

**BACHELOR OF SCIENCE DEGREE IN OUTDOOR EDUCATION**

The Outdoor Education degree program prepares students for a profession in or related to the outdoors. A student may choose from four concentration areas. Each area allows the student to develop skills in wilderness experiences and obtain outdoor professional certification necessary for employment in the area of choice. Graduates from this program find opportunities in state and national parks, environmental interpretative centers, camps, outdoor schools, adventure business, therapeutic outdoor programs, and mission organizations.

**UNDERGRADUATE DEGREES IN TEACHER EDUCATION**

The School of Education and Psychology is approved by the Tennessee State Board of Education for the preparation of secondary, middle, and elementary teachers. It is accredited by the National Council for Accreditation of Teacher Education (NCATE) and by the Accrediting Association of Seventh-day Adventists Schools, Colleges and Universities, Inc.

**PRAXIS II PASS RATE**

The completers of the Teacher Education Program at Southern have achieved a 100% pass rate in the Praxis II licensure exams.

**Objectives of the Teacher Education Program**

The goal of the Teacher Education Program is to nurture the development of the wholistic teacher. This goal is reflected in the conceptual framework, a goal in which we seek to provide opportunities for the candidate to become effective in the following roles: (a) a caring person, (b) an informed facilitator of learning, (c) a reflective decision maker, (d) a committed professional.

Southern Adventist University has approved teacher certification programs at four levels:

- K-8 SDA Elementary Education  
B.A. in Liberal Arts Education Leading to Licensure (K-6 TN)
- 5-8 Middle School Education  
B.S. in Math and Science Education Leading to Licensure  
(5-8 TN, 7-10 SDA)
- K-12 Secondary Education  
B.F.A. in Art Education  
B.Mus. in Music Education  
B.S. in Physical Education/Health
- 7-12 B.A. in Biology Education  
B.A. in Chemistry Education  
B.A. in English Education  
B.A. in History Education  
B.A. or B.S. in Mathematics Education  
B.A. in Physics Education  
B.A. in Religious Education  
B.A. in French Education  
B.A. in Spanish Education

**ADMISSION PROCEDURES**

Admission to Southern Adventist University does not automatically admit the student into teacher education. There are three stages that students must go through to successfully complete the Teacher Education Program prior to student teaching.

**A. Initial Admission to the Teacher Education Program**

Each student accepted at Southern Adventist University who indicated that teaching is his/her professional objective is assigned an educational program adviser by the Records and Advisement Office. The advisers assist in planning a student's academic program each year and guide their advisees through the stages of the Teacher Education Program. Advisers and advisees should work closely to follow the professional sequence of courses.

Students assume responsibility for making necessary applications, meeting the requirements, and other relevant deadlines.

**At the time of a student's Initial Admission to the Teacher Education Program, the current and subsequent catalogs will determine the requirements for completion of the program and graduation. Deviations to this policy will be valid only if mandated by the North American Division and/or the State of Tennessee Department of Education.**

**NOTE: Courses with grades lower than "C" (2.00) in the major studies or professional education must be repeated.**

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the third semester) after completing all requirements as outlined below. Initial admission is required before the student can enroll in upper division education courses. The following criteria are required for each applicant.

1. Be in residence at the University
2. Show evidence of physical, mental, spiritual and moral fitness
3. Possess an overall grade point average of 2.75 or above
4. Have successfully completed EDUC 129 Introduction to and Foundations of Elementary Education or EDUC 137 Introduction to and Foundations of Secondary and Middle Education, and ENGL 101 and 102 with a grade of C (2.00) or higher
5. Possess an enhanced ACT/SAT composite score of 22 OR have passed all three sections of the PRAXIS I (Pre-Professional Skills Test) which is the entrance competency test required by the State of Tennessee. The ACT composite score of 22 or above will EXEMPT the PPST
6. Have submitted a formal application which includes a brief essay in the student's own handwriting about the kind of teacher he/she plans to be, including goals for students, classroom setting, and personal goals.
7. Have obtained recommendations from the Vice President of Student Services and the student's academic adviser as part of the application process
8. Have presented a beginning professional portfolio to the Teacher Education Faculty
9. Have successfully completed an initial interview with the Teacher Education Faculty
- 10...Have signed a felony statement as part of the interview process
- 11...Have provided evidence of membership in a professional organization

Applications meeting the above criteria are approved by the School of Education and Psychology Faculty and recommended to the Teacher Education Council. The student will be informed in writing as to the status of the application for admission following the

action of the Teacher Education Council.

**B. Candidacy and Retention in Teacher Education**

After the applicant has been admitted to the Teacher Education Program, his/her progress may be reviewed by the Candidacy Committee. As a teacher candidate, the applicant will be given an opportunity to interact with the Candidacy Committee in a non-threatening atmosphere. During the interview the candidate can strengthen his/her commitment to teaching or express his/her concerns and questions about the teaching profession.

Retention in the Teacher Education Program is contingent on successful completion of courses attempted and maintenance of the academic standard required for initial admission to the program. Teacher candidates are expected

to maintain consistent personal representation of the standards and objectives of Southern Adventist University and the Teacher Education Program.

**C. Authorization to do Student Teaching**

The teacher candidate must file a formal application with the faculty of the School of Education and Psychology for authorization to do student teaching. Application forms may be obtained from the School secretary in Summerour Hall. A late application may delay the student teaching experience. Student teaching is regarded as the culminating experience of the Teacher Education Program.

**NOTE: Prior to the professional semester, the student must take and pass the PRAXIS II licensure exams—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s). Each student must arrange for a Designated Institution Report to be sent by the testing service to Southern Adventist University as evidence of passing scores. All students planning to student teach in the fall semester must complete all required Praxis II exams by the preceding June test date. All students planning to student teach in the winter semester must complete all required Praxis II exams by the preceding September test date.**

The following criteria are required for each applicant:

1. Completion of all professional education courses
2. Cumulative minimum GPA of 2.75  
Major Studies minimum GPA of 2.75  
Professional Education minimum GPA of 2.75
3. Courses in the major studies and the professional education courses with grades lower than "C" (2.00) must be repeated.
4. Evidence of good physical and mental health
5. Adherence to standards and objectives of Southern Adventist University and the Teacher Education Program
6. Formal application for student teaching at least one semester in advance
7. Completion and passing of all applicable PRAXIS II examinations
8. Completion of a successful student teaching interview
9. Formal presentation of completed Professional Development Portfolio. Minimum acceptable score is 75%

10. Evidence of having passed the Tennessee Board of Investigation background check
11. Evidence of current CPR Certification
12. Evidence of current First Aid Certification

Teacher candidates who meet the above criteria are approved by the School of Education Faculty and recommended to the Teacher Education Council. Candidates are informed in writing as to the status of their application following the action of the Teacher Education Council.

In the event that the candidacy committee recommends a conditional acceptance student teachers will be notified of the condition(s). Student teachers accepted conditionally will receive additional coaching from the supervisor. Failure to meet the conditions will result in termination of the student teaching placement. The candidacy committee will then determine eligibility for continuing student teaching.

#### **ADVISEMENT**

The major goal of the advisement process is to orient the teacher candidate with the total teacher education program, with major emphasis on its three components, namely, general education, professional education, and major studies. This is accomplished by the academic adviser as he/she interacts with his/her advisees during advisement sessions.

Secondary majors have an advisor in their major. However, they should seek advisement related to the Teacher Education Program from the Secondary Coordinator and/or the Certification Officer in the School of Education and Psychology.

#### **APPEAL PROCEDURES**

Criteria and standards for admission to teacher education are explicit, but allow for second chance attempts. Courses may be repeated to raise GPA or students may follow the Grievance Procedures found under Academic Policies (page 43). Also, students who do not meet all the criteria required to do Student Teaching may appeal to the Teacher Education Council. Any applicant who determines to follow this alternative policy must seek counsel from the Dean of the School of Education and Psychology.

#### **ASSESSMENT OF EDUCATION MAJORS**

Final assessment of senior education majors takes place during their **full semester of student teaching**. It involves continuous monitoring of the student's classroom performance using both verbal and written feedback. Senior assessment consists of two phases.

Phase One, Formative Evaluation, consists of ongoing monitoring and feedback. The cooperating teacher conducts informal conferences as well as a one-hour weekly formal conference providing anecdotal records. A formative evaluation is completed by the University supervisor and the cooperating teacher at midpoint of each placement.

Phase Two, Summative Evaluation, is completed by both the cooperating teacher and the University supervisor. Performance assessments used are the Student Teaching Summative Evaluation and the Student Teaching Portfolio. The student teacher is also evaluated by his/her students when they complete the Pupil Evaluation of the Student Teacher. A self-evaluation is completed by the student through a video-taped lesson. A

capstone interview is conducted with all student teaching candidates.

The faculty of the School of Education and Psychology will monitor a candidate's academic progress, emotional stability, and social and professional skills during the student teaching placements. If at any time, after being admitted to student teaching, a teacher candidate gives evidence of failing to maintain commitment to criteria or preparation for teaching, he/she may be asked to postpone student teaching placements and submit to further requirements as deemed necessary to ensure success in the teaching profession.

The final letter grade for the student's performance is decided by the Education Faculty. Failure to complete student teaching with a satisfactory grade of C (2.00) or above results in students being reassigned for an additional practicum.

Graduate follow-up is carried out through the Program Effectiveness Assessment completed by the first-year and third-year teachers. Feedback for the Teacher Education Program is solicited from administrators of school systems using the Program Effectiveness Assessment.

### TEACHER LICENSURE

Licensure and certification are synonymous terms for the process of granting legal authorization to teach in the public or private elementary, middle, or secondary schools of a state or of the Seventh-day Adventist Church based on meeting predetermined qualifications. Certification has been established to give professional status to qualified teachers and to assure school boards and parents that the teacher is well prepared.

### WHO CAN OBTAIN CERTIFICATION?

Every student who successfully completes the requirements for teaching in the elementary, middle, or secondary school and graduates from Southern Adventist University will receive recommendation for certification based upon the following criteria:

- A. Successful completion of student teaching assignments
- B. Satisfactory completion of all credential requirements
- C. Recommendation of major departments/schools
- D. Passing scores on the following PRAXIS II Examinations:
  - (1) Principles of Learning and Teaching, and (2) appropriate specialty area(s)

**Certification is not automatic. The eligible candidate must make the necessary application to the Southern Union Conference, and to any other appropriate union conference for denominational certification; and to the State of Tennessee and to any other specific state department of education where the candidate expects to teach.** Information regarding certification is available through the Southern Adventist University certification officer. Since teacher certification regulations are always in the process of change, graduating teacher education candidates are urged to make their applications for certification immediately. If the candidate does not make application within two years for denominational certification, or within three years for Tennessee State certification, she/he will have to take additional courses before certification can be issued.

### WHAT CERTIFICATES MAY BE OBTAINED?

- A. Initial Certificate (Tennessee)
  - A certificate is issued on the basis of a minimum of a Bachelor's Degree with a major in at least one subject teaching field and the

completion of an approved teacher education program. Passing scores on the following PRAXIS II Examinations: (1) Principles of Learning and Teaching, and (2) appropriate specialty area(s) must be obtained.

**B. Basic Certificate (SDA denominational)**

Required by the Department of Education of the North American Division of Seventh-day Adventists. This three-year denominational certificate is issued on

the basis of completing the following courses in addition to the above requirements:

EDUC 220	Growth Years	
	OR	3 hours
PSYC 128	Developmental Psychology	
HLED 173	Health for Life	2 hours
RELB	Biblical Studies	3 hours
REL	Upper division religion elective	3 hours
RELT 255	Christian Beliefs	3 hours
RELT 138	Adventist Heritage	3 hours

**REQUIREMENTS FOR CERTIFICATION**

Candidates for state certification must complete the appropriate teacher preparation curriculum. This consists of three components: general education, professional education, and major studies.

**A. General Education:**

This component represents that portion of the total teacher education program designed to foster the development of those competencies that are basic to all life's responsibilities and provide intellectual foundation in the liberal arts. Students pursuing a teacher education curriculum must work closely with their advisers for guidance in the selection of general education courses that are appropriate to their individual needs. Relevant courses are listed in this *Catalog* under the seven main areas of the General Education requirements, pages 27-31.

**B. Professional Education:**

Elementary: The elementary program with the degree requirements is listed on pages 115-116 of this *Catalog*.

Middle: The middle school program with degree requirements is listed on pages 116-117 of this *Catalog*.

Secondary: The following courses are required for secondary teaching certification. In order to be eligible for certification, students must have a minimum grade point average of 2.75 in the major, professional education, and cumulative areas. **They must also include one literature class and one mathematics class in their programs, each at the 100 level or above.**

	TOTAL HOURS	35 hours

\*Art, music, and physical education majors must enroll in EDUC 469

**C. Major Studies:**

Major studies requirements: Preparation for teaching in the elementary school requires a B.A. in Liberal Arts Education leading to licensure K-8 SDA (K-6 TN); preparation for teaching in the middle school requires a B.S. in Math and Science Education leading to licensure 5-8 TN, 7-10 SDA. See program descriptions on pages 115-117 of this *Catalog*.

The following departments/schools offer majors that can be combined with professional education courses resulting in licensure to teach:

- |                        |                             |
|------------------------|-----------------------------|
| Art                    | Modern Languages            |
| Biology                | (French and Spanish)        |
| Chemistry              | Music                       |
| Education & Psychology | Physical Education & Health |
| English                | Physics                     |
| History                | Religion                    |
| Mathematics            |                             |

Students are to complete the degree requirements as specified by their chosen majors plus the professional education courses as listed under B above.

**D. Miscellaneous Information Relative to Teacher Training:**

1. Because of time commitments during the student teaching experience, it is expected that any student entering student teaching will not be enrolled in additional classes without approval of the Candidacy Committee.
2. Correspondence credit will be accepted to the extent of one-fourth of the credit required for the certificate provided that no more than four semester hours in education are applied on the professional education requirement. If personal circumstances demand a correspondence course, a petition must be filed with the School of Education and Psychology and its approval obtained before registering for the course. The course must be completed and the grade filed in the Records and Advisement Office before student teaching is begun.
3. For SDA Certification a major is not always required for additional endorsements. A minor may be acceptable in some disciplines as a second field endorsement area.
4. Students should contact the School of Education and Psychology

for information on specific requirements in the area(s) of endorsement sought.

5. **NOTE: The Teacher Education Program at Southern Adventist University is constantly being refined to meet any and all North American Division, NCATE, and/or State of Tennessee’s changing and mandated licensure requirements for teacher preparation. As a result, changes may occur in the course offerings and in the program requirements for students preparing to become teachers.**

**Teacher education students must meet any and all such additional requirements mandated by NAD, NCATE, or the State of Tennessee, even though such changes may not be listed in the Teacher Education programs in the particular catalog under which the student entered. Students should stay in contact with the School of Education and Psychology to be aware of any changes that may affect them.**

**PROGRAMS FOR SECONDARY ENDORSEMENT  
FOR INDIVIDUALS MEETING REQUIREMENTS  
FOR ELEMENTARY EDUCATION CERTIFICATION**

The student must take ten hours of credit after the date the original certificate was earned. Six semester hours of the ten must be in specialized professional education appropriate to grades 7-12 and must include a minimum of 2 semester hours of appropriate methods. The credit for at least one area of endorsement in grades 7-12 may have been earned at any time prior to the application for adding the endorsement. **Grades must be C (2.00) or better.** The student must also fulfill the following:

1. Meet the State of Tennessee requirements for endorsement in at least one teaching field (this will vary from 18 to 51 hours).
2. A minimum of six semester hours of professional education including:
  - A. EDUC 434 Literacy in the Content Areas
  - B. EDUC 437 or EDUC 438 Curriculum and General or Content Methods
  - C. Any other courses designated by the School of Education and Psychology.
3. Four semester hours of electives.

**OUTDOOR EDUCATION**

**EDOE 138. Outdoor Basics 3 hours**

This course is a practical survey of outdoor adventure experiences available for recreational, educational, and professional use. Instruction in canoeing, top rope rock climbing, caving, low-impact camping, orienteering, team building dynamics and processing, and ropes courses is included. Leadership skills are emphasized as students learn to apply teaching techniques, safety, group dynamics, and basic wilderness ethics to field experiences. Lab fee 8 will be assessed for this course.

**EDOE 141. Fly-Fishing 1 hour**

*This course is cross-listed with PEAC 141, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program. See PEAC 141 for course description.*

**EDOE 142. Canoeing 1 hour**

*This course is cross-listed with PEAC 142, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program.* A leadership skills course in flat and moving water canoeing (up to Class III). Students learn how to apply current industry standards and techniques to safely lead group trips and expeditions. Instruction is done in the classroom culminating with a 5-day canoeing expedition. May be taken for American Canoe Association certification. Lab fee 13 will be assessed for this course. (Fall or Spring break)

**EDOE 144. Rock Climbing I 1 hour**

*This course is cross-listed with PEAC 145, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program. See PEAC 145 for course description.*

**EDOE 145. Rock Climbing II 1 hour**

*This course is cross-listed with PEAC 147, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program.*

**Prerequisite:** EDOE 144 or permission of the instructor.

Enhancement of the climbing skills and teaching abilities of students with a basic climbing background. Mastering of advanced top rope skills, anchor systems, and advanced rescues, as well as traditional (trad) and sport climbing theory and technique, including big wall and multi-pitch experience. Additional emphasis will be on teaching techniques for rock climbing. Lab fee 6 will be assessed for this course (Winter)

**EDOE 146. Whitewater Rafting Guide** **1 hour**

*This course is cross-listed with PEAC 146, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program.*

An entry-level course emphasizing the technical and educational proficiencies necessary to be a safe and professional white water rafting guide. Students will work closely with their instructor and local guiding organizations to learn skills such as participant safety, reading and understanding the river, and customer service. Course leads to certification as a local river rafting guide. Lab fee 8 will be assessed for this course. (Winter)

**EDOE 148. Basic Horsemanship** **1 hour**

Designed for students with no previous horse handling experience. Instruction includes grooming, saddling, bridling, and mounting, as well as the development of basic riding skills at the walk, trot, and canter. Lab fee 9 will be assessed for this course.

**EDOE 150. Wilderness First Aid** **1 hour**

This class is an excellent starting point for backcountry travelers with little or no medical background. The course covers the essentials of Wilderness Advanced First Aid including long term care considerations and the American Red Cross Wilderness Protocols. At least half of the training is hands-on and outside, with many opportunities to practice assessment and treatment techniques. The Wilderness Advanced First Aid course satisfies Forest Service requirements for backcountry guides in most jurisdictions and is recognized by the Coast Guard for the captain's license first-aid prerequisite. It is recommended for anyone who spends time hiking and paddling out of the reach of immediate medical care. Leads to Red Cross certification. Lab fee 4 will be assessed for this course.

**EDOE 151. Scuba** **1 hour**

*This course is cross-listed with PEAC 151, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program.*

See PEAC 151 for course description.

**EDOE 152. Caving** **1 hour**

*This course is cross-listed with PEAC 152, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program.*

Overview of sport caving as it applies to the outdoor classroom. Students will receive instruction in specialized equipment usage, cave selection, Leave No Trace ethics, conservation and cave ecology, group management, and participant and personal safety. The course leads to certification in K-12 Project Underground curriculum. Lab fee 6 will be assessed for this course. (Winter)

**EDOE 155. Basic Kayaking** **1 hour**

*This course is cross-listed with PEAC 155, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program.*

See PEAC 155 for course description.

**EDOE 156. Orienteering** **1 hour**

The use of map and compass is one of the most fundamental of outdoor skills. This class is designed to provide information and practical experience that students will use in their roles as outdoor educators and adventure leaders. Topics include map symbols, Universal Transverse Mercator Coordinate System, latitude and longitude, map scales, declination, resection and map and field bearings, and curriculum development. Students will participate in several map and compass practica as well as a three-day cross country experience. Lab fee 5 will be assessed for this course. Offered on a rotating basis.

**EDOE 212. Backpacking** **1 hour**

*This course is cross-listed with PEAC 212, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program. See PEAC 212 for course description.*

**EDOE 214. Mountain Biking 1 hour**

*This course is cross-listed with PEAC 214, School of Physical Education, Health and Wellness. A student may receive credit for this course from only one program. See PEAC 214 for course description.*

**EDOE 215. CHA Horsemanship Certification 1 hour**

**Prerequisite:** EDOE 148 or permission of instructor.

**PSYC 326. Physiological Psychology 3 hours**  
*Prerequisite:* PSYC 122.  
A study of the brain: neuroanatomy, neurophysiology, and neural control of behavior. The biochemical substrates of behavior such as memory, sleep, emotion, learning, and motivation are examined. (Winter, even years)

**PSYC 336. Language Acquisition and Development** **2 hours**

*This course is cross-listed with EDUC 336. A student may receive credit for this course from only one program.*

**Prerequisite:** PSYC 122 or PSYC 128.

See EDUC 336 for course description.

**PSYC 346. Introduction to Personality Theories** **3 hours**

**Prerequisite:** PSYC 122, 128.

This course is an exploration of the major paradigms of personality theory from a Christian perspective. Psychoanalysis, behaviorism, humanism, existentialism, and others will be covered. It will focus on the modern theorists, including White, Rogers, Skinner, May, Bandura, Mischel, Wilson, and Barash. A study of human motivation and an exploration of individual personality perspective will provide useful personal information.

**PSYC 349. Aging and Society (F-1) (W)** **3 hours**

*This course is cross-listed with SOCI 349 and SOCW 349. A student may receive credit for this course from only one program.*

See SOCI 349 for course description.

**PSYC 356. Classroom Assessment** **2 hours**

*This course is cross-listed with EDUC 356. A student may receive credit for this course from only one program.*

See EDUC 356 for course description.

**PSYC 357. Psychological Testing** **3 hours**

**Prerequisites:** PSYC 122 and PSYC 297 or Math 215.

This course is designed to introduce the student to the principles of testing, particularly as it relates to the practice of psychology. Specifically, the course examines the purpose of individual assessment of ability, aptitude, achievement, interest, and personality. Theory and basic concepts underlying the individually administered and group tests will be evaluated. Non-standardized tests and other techniques for psychological assessment will also be addressed.

**PSYC 377. Fundamentals of Counseling (F-1) (W)** **3 hours**

**Recommended:** PSYC 315 or PSYC 346.

This is an introduction to the major theories and practices of individual counseling. The dynamics of the helping relationship are analyzed. Theory and practice will be integrated.

**PSYC 384. Experimental Psychology** **3 hours**

**Prerequisite:** PSYC 297.

This course focuses on experimentation in the field of psychology. Specifically, students will be introduced to conducting simple experiments in such areas as learning, cognition, sensation, perception, and social psychology. (Fall, odd years)

**PSYC 387. Comparative Psychology** **3 hours**

*This course is cross-listed with BIOL 387. A student may receive credit for this course from only one program.*

See BIOL 387 for course description.

**PSYC 390. Health Psychology** **3 hours**

**Prerequisite:** PSYC 122.

A study of the principles of human behavior in understanding how the mind and body interact in health and disease. The course examines topics such as alcohol, other drugs and behavior, health promotion, psychosomatic illness, stress and coping, pain management, and health damaging behaviors. (Winter, odd years)

- PSYC 416. History and Systems of Psychology (F-1) (W)** **3 hours**  
*Prerequisite:* PSYC 122 and senior standing for BA/BS in Psychology.  
 This course examines the beginnings of modern psychology from its origins in theology, philosophy, and the natural sciences to its contemporary schools, systems, and theories. This is the capstone course of the psychology undergraduate program.
- PSYC 421. Behavior Management—Elementary** **2 hours**  
*This course is cross-listed with EDUC 421. A student may receive credit for this course from only one program*  
 See EDUC 421 for course description.
- PSYC 422. Adolescent Psychology** **3 hours**  
*This course is cross-listed with EDUC 423. A student may receive credit for this course from only one program*  
*Prerequisite:* PSYC 122 or PSYC 128.  
 The determinants and implications of behavioral characteristics and developmental patterns during adolescence will be studied. Content will include the psychological and social dynamics underlying the crises and issues specific to adolescents in modern society.
- PSYC 423. Behavior Management—Secondary** **2 hours**  
 See EDUC 422 for course description.
- PSYC 432. Industrial/Organizational Psychology** **3 hours**  
 A study of human behavior in industries and organizations. Major theories, issues, research, and methods will be introduced. Emphasis is given to acquainting students with the possible applications of psychology to the fields of business and organizational management. (Winter, even years)
- PSYC 460. Group Processes** **3 hours**  
*Prerequisite:* PSYC 377.  
 This course will offer the advanced student the opportunity to explore through practice the various roles of group dynamics. The experience will provide skill development for the management of small groups in therapy, school, and church settings. (Winter, odd years)
- PSYC 465. Topics in Psychology** **3 hours**  
*Prerequisite:* Psychology major with junior or senior standing.  
 Selected topics in psychology as chosen from such areas as: psychology of religion, ethics, individual differences, psychology of women, sensation and perception, etc. This course may be repeated for credit with an appropriate change in topics.
- PSYC 479. Family Counseling** **3 hours**  
*Prerequisite:* PSYC 377.  
 An advanced counseling techniques course including an emphasis on family and individual counseling and how to direct persons to make changes towards more effective interpersonal relationships. (Fall, even years)
- PSYC 490. Psychology Seminar** **1 hour**  
*Prerequisite:* Psychology major or minor with senior standing.  
 This course is designed to present an overview of psychology issues and contemporary problems.
- PSYC 491. Psychology Practicum** **1-3 hours**  
*Prerequisite:* Psychology major with junior or senior standing and approval of the instructor.  
 Supervised volunteer/work experience in related fields of psychology. At least forty (40)

clock hours of work experience are required for each semester hour of credit. This class should be taken no later than fall of the senior year. May be repeated for credit for up to 3 hours. Grades will be assigned on an A, B, or F basis.

**PSYC 295/495. Directed Study**

**1-2 hours**

*Prerequisite:* Approval of instructor.

This course permits the student with adequate preparation to pursue independent study in special fields. The area of study will appear on the transcript. Directed study arrangements are to be completed by the student in advance of registration after consulting with the instructor. Procedures and guidelines are available from the school. May be repeated for credit.

**PSYC 497. Research Design and Statistics II (W)**

**3 hours**

*Prerequisite:* PSYC 297 or MATH 215, either with a minimum grade of C-.

This course is the second of the two-part series, Research Design and Statistics. The focus is on research methodology, inferential statistics, and non-parametric methods of data analysis. Each student is required to complete an independent research project. Data analysis techniques utilize SPSS (Statistical Package for the Social Sciences).

**(A-4) (F-1) (F-2) (G-2) (W)** See pages 27-31 for explanation of General Education requirements.

# ENGINEERING STUDIES

---

## Engineering Studies Committee:

Henry Kuhlman (Chair), Ken Caviness, Ray Carson

Southern Adventist University Physics Department offers the first two years of a baccalaureate degree in engineering. Upon completing the two-year engineering studies program, students transfer to the Walla Walla College School of Engineering, with which Southern Adventist University is affiliated, for the final two years. Southern Adventist University awards an Associate of Science degree in Engineering Studies. Walla Walla College, located in Washington State, awards a Bachelor of Science in Engineering degree with concentrations in civil, electrical, and mechanical engineering and a pre-professional Bachelor of Science degree in bioengineering.

The WWC School of Engineering offers a high quality program that is fully accredited by the Accreditation Board for Engineering and Technology—the only nationally recognized organization which accredits engineering programs. It has an enrollment of approximately 250 students, many of whom are transfer students from affiliated Seventh-day Adventist colleges or universities.

The Southern Adventist University affiliation with Walla Walla College makes the transition to the final two years of the baccalaureate engineering program essentially the same as if the first two years were taken there. Even though transfer to Walla Walla College is simpler than to a non-affiliated school, the Southern Adventist University engineering studies program is compatible with baccalaureate engineering programs of many colleges and universities.

## ASSESSMENT

The engineering studies program is designed to parallel the first two years of the baccalaureate engineering degree at Walla Walla College. It is regularly assessed by means of one or two campus visits each year by engineering faculty from their College of Engineering.

## ENGLISH

The English Department offers two categories of classes that view man's search for truth and its most convincing expression through a Christian perspective. Language courses aid students in developing ease, confidence, and competence in the art of effective communication and in acquiring knowledge of the science of language; literature courses develop the ability to discern and appreciate the best literary works.

Students majoring or minoring in English must meet the specific requirements of the English Department (below) and the General Education program (pages 27-31). For the English major, intermediate foreign language is required. College Composition does not count toward an English major or minor, but students majoring or minoring in English must earn a grade of C or higher in College Composition. The nine upper division literature classes are all W courses and hence require word processing skills.

## MISSION STATEMENT

The mission of the Department of English is to provide general education students with basic communication and literary analysis skills in a Christian context, to offer support services for students needing help with their writing, and to prepare English majors for graduate school and/or the job market.

## ASSESSMENT

As a requirement for graduation and as part of a departmental assessment process, senior English majors take a written exam (Literature in English Major Field Test) and do a written evaluation of departmental programs. Results provide information used to improve departmental programs; the EMFT is administered by the Counseling Center. Majors are informed about the purpose and nature of these assessment activities when they enter the English program.

Students planning to obtain educational certification will need to include the required professional education courses and additional General Education requirements in their program as outlined in the Education and Psychology section of this *Catalog*. Students preparing for secondary teacher certification must also take ENGL 430. English majors who minor in journalism or public relations are eligible for internships through the School of Journalism and Communication.

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s).

**ENGLISH AS A SECOND LANGUAGE PROGRAM (ESL)**

Students whose native language is not English and whose TOEFL (paper-pencil test) scores are between 450-549, or whose TOEFL Computer Based Test (CBT) scores are between 133-212, or whose English ACT score is below 17 will be required to take special English classes offered by the English Department. These students are ineligible for Basic Writing or College Composition until they have completed these special English classes. Students with TOEFL scores below 450 (CBT 133) have not met admissions requirements and hence are ineligible to take classes in the English Department.

Southern Adventist University offers an ESL program with Intermediate and Advanced levels to aid students whose native language is not English. The ESL program is designed to help ESL students improve their English reading, speaking, and writing skills and to prepare for their success in regular academic programs. For details on international ESL students, see the Admissions section of the *Catalog*.

Placement in the ESL program is based on the TOEFL Michigan Test score of the past 12 months.

- Intermediate Level: 1—450-474 (CBT 133-151) (Michigan 70-74)  
(ESL 031,041,051)  
2—475-499 (CBT 152-172) (Michigan 75-79)

- Advanced Level: 1—500-524 (CBT 173-195) (Michigan 80-84)  
(ESL 121,131)  
2—525-549 (CBT 196-212) (Michigan 85-89)  
(ESL 122,132)

To progress from one level to the next, students must earn a minimum grade of C in the course work and achieve a minimum TOEFL score as follows:

- Intermediate Level: 1—475 (CBT 152) (ESL 031,041,051)  
2—500 (CBT 173) (ESL 032,042,052)

grades earned. Students are allowed to take 6 additional non ESL credit hours for elective college credit.

**ESL 031. Language Skills I: Writing 1** **3 hours (non-credit)**

**Prerequisite:** TOEFL score between 450-474 (CBT 133-151) or 70-74 on the Michigan Test

A study of the steps in the writing process, the parts of the paragraph and basic essay, and several important patterns of organization. Emphasis on sentence structure and practice in academic writing skills. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 475 (CBT 152) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 032. Language Skills I: Writing 2** **3 hours (non-credit)**

**Prerequisite:** TOEFL score between 475-499 (CBT 152-172) or 75-79 on the Michigan Test

A study of the steps in the writing process, the parts of the paragraph and the basic essay, and several important patterns of organization. Emphasis on sentence structure and practice in academic writing skills. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 500 (CBT 173) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 041. Language Skills I: Grammar 1** **3 hours (non-credit)**

**Prerequisite:** TOEFL score between 450-474 (CBT 133-151) or 70-74 on the Michigan Test

A study of form, meaning and use of standard American English grammar. Emphasis on the application of correct grammatical structures in spoken and written English. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 475 (CBT 152) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 042. Language Skills I: Grammar 2** **3 hours (non-credit)**

**Prerequisite:** TOEFL score between 475-499 (CBT 152-172) or 75-79 on the Michigan Test

A study of form, meaning and use of standard American English grammar. Emphasis on the application of correct grammatical structures in spoken and written English. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 500 (CBT 173) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 051. Language Skills I: Reading/Discourse 1** **3 hours (non-credit)**

**Prerequisite:** TOEFL score between 450-474 (CBT 133-151) or 70-74 on the Michigan Test

A student of basic reading strategies and practice in analysis of interpretation. Emphasis also given to oral communication skills in academic and non-academic situations. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 475 (CBT 152) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 052. Language Skills I: Reading/Discourse 2** **3 hours (non-credit)**

**Prerequisite:** TOEFL score between 475-499 (CBT 152-172) or 75-79 on the Michigan Test

A study of basic reading strategies and practice in analysis of interpretation. Emphasis also given to oral communication skills in academic and non-academic situations. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 500 (CBT 173) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 061. Language Skills I: TOEFL Preparation 1 hour (non-credit)**

*Prerequisite:* Admission to the ESL program

A course designed to help Intermediate students prepare for the TOEFL test, giving practice and experience in all areas of the test.

**ESL 121. Language Skills II: Writing/Grammar 1 3 hours**

*Prerequisite:* TOEFL score between 500-524 (CBT 173-195); Michigan Test 80-84, and for students who have entered the program with TOEFL scores below 500 (CBT 173), a minimum grade of C in each of the Language Skills I classes.

This course focuses on the composing of well-developed texts for a variety of writing tasks. It explores the writing process and how the correct use of grammar improves writing effectiveness. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 525 (CBT 196) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 122. Language Skills II: Writing/Grammar 2 3 hours**

*Prerequisite:* TOEFL score between 525-549 (CBT 196-212); Michigan Test 85-89, and for students who have entered the program with TOEFL scores below 525 (CBT 196), a minimum grade of C in each of the Language Skills I classes.

This course focuses on the composing of well-developed texts for a variety of writing tasks. It explores the writing process and how the correct use of grammar improves writing effectiveness. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 550 (CBT 213) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 131. Language Skills II: Reading/Discourse 1 3 hours**

*Prerequisite:* TOEFL score between 500-524 (CBT 173-195); Michigan Test 80-84, and for students who have entered the program with TOEFL scores below 500 (CBT 173), a minimum grade of C in each of the Language Skills I classes.

An integrated course to develop reading, speaking, and listening skills for academic related situations. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 525 (CBT 196) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 132. Language Skills II: Reading/Discourse 2 3 hours**

*Prerequisite:* TOEFL score between 525-549 (CBT 196-212); Michigan Test 85-89, and for students who have entered the program with TOEFL scores below 525 (CBT 196), a minimum grade of C in each of the Language Skills I classes.

An integrated course to develop reading, speaking, and listening skills for academic related situations. Students who do not both earn a minimum grade of C and achieve the minimum designated TOEFL score of 550 (CBT 213) will be required to repeat the course. A fee for the TOEFL test will be charged to the student's account.

**ESL 141. Language Skills II: TOEFL Preparation 1 hour (non-credit)**

*Prerequisite:* Admission to the ESL program

A course designed to help Advanced students prepare for the TOEFL test, giving practice and experience in all areas of the test.

**ENGLISH LANGUAGE AND COMPOSITION****ENGL 100. Basic Writing****3 hours**

Focuses on development of writing skills necessary for successful entry into ENGL 101 and for increasing English ACT scores. Students whose English ACT score is 16 or below are required to register for this class. In special cases where a Basic Writing student demonstrates the skills to succeed in ENGL 101, the composition coordinator and the professor of Basic Writing may agree to admit a student to ENGL 101 whose ACT is 16 or below. Students successfully completing this course will earn three institutional elective credits. To pass this course, students must earn a minimum grade of C. Near the end of the course, students will be required to take the English section of the ACT test and must score 17 or higher in order to progress into College Composition 101. The test fee will be charged to their accounts. ENGL 100 does not count toward an English major or minor.

**ENGL 101-102. College Composition (A-1) 3,3 hours**

**Prerequisite to ENGL 101:** ACT score of 17 or higher, or SAT score of 430 or higher, or TOEFL score of 550 or higher. **ENGL 101 is prerequisite to ENGL 102.**

A two-semester course focusing strongly on the writing process, especially revision. ENGL 101 emphasizes specific writing skills and principles which readily apply to most writing tasks. Students write expository essays organized according to pre-scribed modes. ENGL 102 reinforces the proficiencies developed in ENGL 101 while focusing on rhetorical and reasoning skills which apply to various persuasive and research writing activities. Students write persuasive essays and a research paper. This course does not count toward an English major or minor. (Fall, Winter, Summer)

**ENGL 304. Grammar and Linguistics for Elementary Teachers 3 hours**

**Prerequisite:** ENGL 102.

The course is a thorough review of traditional grammar and standard American usage, a survey of other grammatical approaches, and an introduction to linguistic topics relevant to the prospective elementary teacher. These topics include the history and development of the English language, the nature of language and its pedagogical implications, and issues surrounding dialects in the classroom.

**ENGL 305. Advanced Grammar 3 hours**

**Prerequisite:** ENGL 304 or a challenge exam.

The course is a systematic study of English grammar from a structuralist point of view with assistance from concepts found in transformational generative grammar.

Traditional diagramming is used to help students see and understand English syntax. (Fall)

- ENGL 312. Creative Writing: Language Arts  
Elementary Teacher (G-1) (W)** **3 hours**  
*Prerequisite:* Satisfactory score on placement exam.  
A workshop experience designed to provide teachers with tools and skills needed in the elementary classroom. Work provides opportunities to experiment with various genres suitable to the student's chosen level of teaching as well as experience in evaluating creative writings. (Winter)
- ENGL 313. Expository Writing (G-1) (W)** **3 hours**  
*Prerequisite:* ENGL 102  
A workshop approach that provides practical instruction in expository writing for all disciplines. Emphasis on developing a natural writing style; writing economical but lively prose; increasing vocabulary; and cultivating a writing process which frees writer's block and facilitates thoughtful, cogent, focused, coherent, and fluent writing. Involves reading and analysis of a wide variety of writing. Helpful for all students wishing to improve their writing skills, particularly those headed for graduate school or for professions in which writing is important. Tailored to the needs and interests of students who enroll. (Fall)
- ENGL 314. Creative Writing (G-1) (W)** **3 hours**  
*Prerequisite:* Three hours of literature.  
A workshop setting in which students study the principles of writing in literary genres. Each student will propose the contents of a personal portfolio. Upon approval, the students will work closely with the instructor to develop their chosen collection: poetry, fiction, creative nonfiction, or drama. They will participate in critiquing the work of classmates online, in hard copy, and in the classroom. Students will be encouraged to develop their own style and to find possible markets for manuscripts that may be worthy of publication. *This class is not available for audit.* (Winter)
- ENGL 315. Introduction to Linguistics** **3 hours**  
*Prerequisite:* ENGL 305  
A survey course introducing the student to the origin, history, and development of the English language. The course focuses on the nature of language and language change, language variety, phonology, morphology, syntax, semantics, and ethical issues in language use. (Winter)
- ENGL 414. Advanced Creative Writing** **3 hours**  
*Prerequisite:* ENGL 314 and approval of the instructor.  
A course designed to refine the skills of experienced creative writers who plan to publish their work. Students wishing to enroll will submit a collection of their finished writings and a proposal outlining their personal goals for the semester; students will be accepted only on the approval of the instructor. Reading assignments will be designed to match the needs of each student. In order to enrich the workshop environment for both groups, class will meet with ENGL 314. Instruction will include marketing strategies and manuscript format. (Winter)
- ENGL 442. Shakespeare (D-2) (W)** **3 hours**  
*Prerequisite:* ENGL 102  
Celebrated as the greatest of English writers, Shakespeare continues to influence world culture. This course employs a variety of critical strategies to read and discuss several plays. Topics discussed include authority and ethical government, art and the shaping of history, social unity and the influence of the theatre, staging and performance, music and costume, superstition and magic, identity and the self, honor and cowardice, obedience and the conscience.
- ENGL 491. English Practicum** **1-3 hours**  
*Prerequisites:* 18 hours in the major, ENGL 313 Expository Writing or ENGL 314 Creative Writing, and formal approval by the department.

The student gains on-the-job experience using English skills in a part-time work situation (maximum of 25 hours per week). A department coordinator works with the student and a local business to oversee placement and evaluation. Both the student and the business assess in writing the quality and nature of the work experience. The student receives 1 credit hour for each 50 hours of work experience. Positions can be paid or non-paid. Procedures and guidelines are available from the department. (Pass/Fail credit).

**ENGL 492. English Internship 3 hours**

**Prerequisites:** 18 hours in the major, ENGL 313 Expository Writing or ENGL 314 Creative Writing, and formal approval by the department.

The student gains on-the-job experience using English skills in a full-time work situation (minimum of 35 hours per week). A department coordinator works with the student and a selected business to oversee placement and evaluation. Both the student and the business assess in writing the quality and nature of the work experience. A minimum of 150 hours of supervised work is required. Positions can be paid or non-paid. Procedures and guidelines are available from the department. (Pass/Fail credit).

## LITERATURE

**ENGL 214. Survey of American Literature (D-2) 3 hours**

**Prerequisite:** ENGL 102.

A study of representative selections from major American authors, colonial through modern, with emphasis on ideas, attitudes, and trends having individual, national, and universal interest. (Fall)

**ENGL 215. Survey of English Literature (D-2) 3 hours**

**Prerequisite:** ENGL 102.

A study of representative selections by British writers, with special emphasis on the author's philosophy as compared or contrasted with Bible-based thinking, and a review of literary trends and influences from the late Roman period to the present. Among writers receiving strong attention are Chaucer, Shakespeare, Donne, Milton, Wordsworth.

**ENGL 216. Approaches to Literature (D-2) 3 hours**

A study of what recognized poets, short-story writers, dramatists, and novelists have to say about the human condition, emphasizing the various approaches to literature and including an introduction to literary terms and critical evaluation.

**ENGL 217. World Literature in Translation (D-2) 3 hours**

The literary works in this course are by Washington Irving, Ralph Waldo Emerson, Nathaniel Hawthorne, Herman Melville, Henry David Thoreau, Henry James, and Mark Twain. (Fall, even years)

**ENGL 335. Biblical Literature (D-2) (W) 3 hours**

Biblical Literature is a study of the literary masterpieces of the Bible in translation. The

course applies the techniques of oral interpretation and literary analysis to forms of literature such as narrative, lyric poetry, proverb, parable, epistle, and speech. (Winter, odd years)

**ENGL 336. Medieval and Renaissance Literature (D-2) (W) 3 hours**

From Chaucer through Milton, the writers and their times. Readings in Middle English narrative, allegory, play, and meditation; in sixteenth and seventeenth-century prose, poetry and dramatic literature, with the study of genre, conventions, and trends. Specific attention to moral and religious issues. (Winter, odd years)

**ENGL 337. Nineteenth-Century British Literature (D-2) (W) 3 hours**

A study of British writers from the Romantic and Victorian periods (1785-1901), with special emphasis upon Blake, Wordsworth, Coleridge, Byron, Shelley, Keats, Austen, Tennyson, Dickens, Arnold, Browning, Carlyle, and Wilde. (Winter, even years)

**ENGL 338. Twentieth-Century Writers (D-2) (W) 3 hours**

A study of twentieth-century writers with an emphasis on American and/or British works, although world literature in translation may be included. (Winter)

**ENGL 351. Nonfiction Literature (D-2) (W) 3 hours**

A course in the close reading and discussion of important works of nonfiction with accompanying written response. Topics for ENGL 351 will vary by semester according to the interests and availability of English faculty. May not apply to a major or minor in English.

**ENGL 425. Literature of the South (D-2) (W) 3 hours**

Literature of the South is a study of the literary works of established Southern writers who embody the cultural heritage of the American South. Authors for this course include Mark Twain, William Faulkner, Zora Neale Hurston, Eudora Welty, Flannery O'Connor, and Dennis Covington. (Fall, odd years)

**ENGL 430. Library Materials for Young Adults 2 hours**

A survey of the variety of books and related materials available for grades 7-12. Designed for prospective teachers in SDA junior and senior academies as well as those in public middle and high schools, this course correlates critical evaluation and selection to the uses, and specific needs of your adults as they develop their reading habits and skills. Includes a study of censorship and copyright law. (Winter)

**ENGL 444. Restoration and Eighteenth-Century Literature (D-2) (W) 3 hours**

This course considers British literature written between the Restoration and Romantic Revolution. Included are poets and essayists from Milton to Johnson, novelists like Defoe and Fielding, and comic playwrights such as Gay and Goldsmith. (Winter, odd years)

**ENGL 445. Ancient Classics (D-2) (W) 3 hours**

After beginning with the three great epics that underlie the literature of the Western World—the *Iliad*, the *Odyssey*, and The Book of Job—the course considers a range of Greek and Roman works. Collateral emphasis is on enhancing a student's ability to distinguish between classical Greco-Roman and Judeo-Christian modes of thought. (Fall)

**ENGL 457. U.S. Latino Literature (W) 3 hours**

*This course is cross-listed with SPAN 457. A student may receive credit for this course from only one program.*  
See SPAN 457 for course description.

**ENGL 465. Topics in English 1-3 hours**

Selected topics in English presented in a classroom setting. Subjects covered will determine how the class applies to the major. This course may be repeated for credit.

**ENGL 295/495. Directed Study**

**1-3 hours**

The content of this course will be adjusted to meet the particular needs of the student. This course also includes credit offered by the English Department on directed study tours. Open only to English majors or minors with the approval of the department chairman in consultation with the prospective instructor. This course may be repeated for credit.

**EDUCATION**

**EDUC 438. Curriculum and Content Methods/English, Grades 7-12 1 hour**

*Prerequisite:* Admission to Teacher Education.

This course is designed to be the final step before students are placed for their student teaching practicum. As such, the class combines discussion, guided practice in various teaching activities, and actual teaching experience in area middle schools and high schools/academies. Attention is given to Southern Union and Tennessee curriculum standards, as well as methods and materials of planning, instruction, and evaluating student performance. Requirements for both state and denominational certification are addressed, including PRAXIS test preparation.

**(A-1) (D-2) (D-4) (G-1) (W)** See pages 27-31 for explanation of General Education requirements.

# HISTORY

---

**Chair:** Benjamin McArthur

**Faculty:** Lisa Clark Diller, Mark Peach, Dennis Pettibone

## HISTORY

History is the study of the human experience. It investigates mankind's ideas, institutions, and activities. In pursuing this investigation, history courses at Southern Adventist University emphasize the Christian view of humanity. This perspective recognizes both the potential and the limitation of human endeavor and thereby permits a broader comprehension of the past and a greater hope for the future.

## APPROVAL OF STUDY PROGRAMS FOR HISTORY MAJORS

Departmental approval is necessary for all programs. A student majoring in history must plan his/her entire study program with a member of the history faculty. Approval is then considered on an individual basis and is granted on the following conditions:

1. Compliance with graduation requirements as explained elsewhere in the *Catalog*.
2. Fulfillment of the professional and individual needs of the student.
3. Embodiment of academic balance and continuity.
4. Completion of senior year assessment.

## ASSESSMENT

Assessment of seniors consists of two parts. First, in the spring semester of their senior year students will take the ETS Major Field Achievement Test in history. Second, at the beginning of the fall semester seniors will take a departmental exam. Preparation for this exam will constitute a one-hour independent study course involving: 1) reading a selected few classics of historical literature; 2) reviewing one's history course work utilizing several thematic questions provided by the history faculty. The subsequent examination will be in the form of a one-hour interview of the candidate by the history faculty. This will be based on the above mentioned materials and also on the student's portfolio of major papers accumulated during his/her history course work. The oral examination is graded on an Honors, Pass, or Fail basis. A failure requires further preparation by the student and another interview before graduation.

Upper division history classes seek to improve skills of writing and speech. All such classes require analytical writing as part of the course work. Additionally, many classes involve discussion and oral class reports as partial basis for the student's grade, most notably HIST 497, Research Methods in History, which requires an extended formal presentation of student research.

History majors must display the ability to apply computer usage to their discipline in two ways: first, a facility with word processing; and second, by a facility in accessing information via the Internet.

HIST 175 World Civilizations	3

The additional twelve hours will be chosen from remaining history courses, six hours of which must be upper division. A minimum of three hours must be chosen from each of the American and European areas. Three hours of political science may be taken in lieu of three hours of history.

**Denominational Certification in History**

A non-history major planning to obtain denomination teaching certification in history must take the following 18 hours of classes: HIST 154, 155, 174, 175, PLSC 254, and either GEOG 204 or PLSC 224. A student wishing a

minor in history must take an additional six hours of upper-division history courses.

**Minor—Political Economy (18 Hours)**

Combines an interdisciplinary selection of courses helpful for law school preparation. For a further description of this pre-law preparation program, see page 296.

**Minor—Political Science (18 Hours)**

This minor provides opportunity for students to gain practical experience in governmental work as part of an academic program. There are two types of internships for the minor: a Washington D.C. internship supervised by Columbia Union College; and a Tennessee State legislative internship in Nashville. Either internship will give intensive exposure to state or federal government or public advocacy work. There are also opportunities to work in a religious advocacy organization in the nation's capital with the CUC program.

The Political Science minor is an 18-hour program, 9 or 12 hours of which (depending on whether a summer or semester-long internship was taken) would consist of the internship credit. The balance of the minor would require:

1. PLSC 254 American Government
2. 3 to 6 hours of other PLSC courses

For more details on the program, see the History Department chair.

**History as a preprofessional degree:** A student majoring in history who plans to enter a professional school in an area such as medicine or law must present a balanced program of general education classes and electives that will support the professional objectives.

**History as a preparation for teaching:** A student majoring in history who plans to prepare for secondary teacher certification must include six hours upper division Political Science in the major and must also take PLSC 224, 254; and GEOG 204. It is strongly recommended that the student also earn teaching credentials in a field outside of history. No specific supporting field is required but art, behavioral science, business, English, modern languages, and religion are recognized as intimately related to the study of history. A student may receive denominational certification to teach history as a second area by completing a minor in history (see under Minor below). Since the entire second semester of the senior year is devoted to certification

requirements, students earning teacher certification must finish all history class work before reaching the final semester. Students applying for teacher certification must consult with the School of Education and Psychology to draft a schedule of classes meeting certification requirements.

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s).

**History Department tours:** The Department of History regularly sponsors study tours to foreign countries. The purpose of these tours is to provide students and other participants with an enhanced understanding of history and culture through a combination of traditional lecture and reading with direct observation of historical sites. Academic activities connected with the tours require students to spend an amount of time equal to that expected in a regular classroom setting. Preparatory meetings and assigned reading are included in this computation. Course credit is offered under HIST

295/495 Directed Study in History. Cost of the tours includes charge for academic credit.

**History as general education:** Freshman and sophomore students earning general education credit in history normally take courses from the 100 and 200 level. Junior and senior students meeting General Education requirements in history should select courses from the 300 and 400 level.

## HISTORY

**HIST 145. Civil War: Soldiers and Civilians** **3 hours**

This on-line course covers the American Civil War with particular attention to the experience of common soldiers and civilians. A variety of resources are used in the class, including on-line material, a compact disc, a textbook, and a Civil War memoir. (Only for qualified academy seniors).

**HIST 154, 155. American History and Institutions (C-1)** **3,3 hours**

# INTERDISCIPLINARY

---

The student-designed major is an interdisciplinary program available to any student who wishes to develop a more individualized program of study than those provided by existing majors. It is a coherent program of study that crosses disciplinary lines. One of the major disciplines must be chosen as the primary discipline to provide a coherent focus for the major. In planning the interdisciplinary major, the student selects an advisory committee of three faculty members, two from the primary discipline (including the department/school chair or dean) and one of the secondary disciplines. The Associate Vice-President of Academic Administration also serves on the advisory committee.

All students interested in developing an interdisciplinary major or in applying to the major must meet with the Associate Vice-President of Academic Administration. The requirements are intended to ensure that the interdisciplinary major is integrally related to the goals of a liberal arts education and appropriately reflect the disciplines involved. Each course of study is approved only on a case-by-case basis.

Interdisciplinary major is a privilege granted by the University to students who display unusual motivation to study an area not included among its degree programs. Although the individual student is responsible for the design and planning of the program, he or she must fulfill the following requirements:

1. Completion of General Education requirements (including the intermediate level of a foreign language for B.A. degree).
2. The advisory committee must approve the admission to the major. Applications must be made no later than fall semester of the junior year. An applicant should have a minimum grade point average of 3.50. Continuation in the program requires a grade point average of at least 3.30 each semester.
3. Majors will be approved only where university faculty and courses can provide a degree program of high quality. New courses will not be created for a student; however, a directed study course may be provided. In special cases up to nine (9) hours of transfer credit from another institution may apply to a major, particularly of specialized courses not available at SAU.
4. Bachelor of Art degree majors must have 30 hours, of which a minimum of 14 hours will be upper division. A second major or a minor from SAU's degree programs must be included.
5. Bachelor of Science majors must have 42 hours, of which a minimum of 18 hours will be upper division.
6. Courses for the major shall be chosen from at least two and not more than four disciplines.
7. Both B.A. and B.S. majors must include a three (3) hour research project (accomplished under a directed study number). Students will provide a defense of their project before their advisory committee.
8. In order to graduate, the student must have a minimum of 124 semester hours, 40 upper division hours, and three writing classes.

At least 30 of the semester hours in the major must be taken in residence after the student's application and proposal for the major have been

approved by the advisory committee. A grade of C or better must be obtained in all courses in the interdisciplinary major.

For the students who design their major, their transcript will give the degree and major: "Interdisciplinary" with the concentration as approved by the Advisory Committee.

It should be noted that any students receiving VA education benefits must have their interdisciplinary major and course of study submitted to and approved by the Tennessee Higher Education Commission as the State Approving Agency before certification to the VA.

# SCHOOL OF JOURNALISM & COMMUNICATION

---

**Dean:**

**Faculty:** Lorraine Ball, T. Lynn Caldwell, A. Laure Chamberlain, Denise R. Childs,

Linda Potter Crumley, Stephen Ruf, Greg Rumsey

**Adjunct Faculty:** David Barasoian, Wesley Hasden, John Keyes, Maria Sager,

Billy Weeks

**Advisory Council:** A current list of Advisory Council members is kept in the School of Journalism & Communication.

## MISSION STATEMENT

In harmony with Southern Adventist University's Christian environment, the School's programs integrate theory and practical skills necessary for graduates to serve in communication-related careers or to enter graduate school.

## ADMISSION CRITERIA

To graduate with a degree from the School of Journalism & Communication, acceptance to the School is required. Declaration as a major is not the equivalent to acceptance to the School of Journalism & Communication. Minimum requirements for admission to the School of Journalism & Communication are:

- Acceptance to Southern Adventist University.
- Completion of category A general education English and Math requirement.
- Completion of COMM 103 and JOUR 105 with a grade of "C" or better.
- Earned overall GPA of 2.25 or better.

Students pursuing a major offered by the School of Journalism & Communication should apply for admission at the end of the freshman year. Declared School of Journalism & Communication majors may not take upper-division departmental classes without admission to the School. Transfer and change-of-major students will be considered for admission on a case-by-case basis.

The School of Journalism & Communication provides an **educational environment** in which future leaders in telecommunications, journalism, public relations, and related areas can acquire the enduring ethical concepts, the intellectual discipline, and the professional abilities necessary for the mastery and management of a wide range of writing, editing, and other journalistic and public relations skills and techniques.

The School offers the Bachelor of Arts Degree with **majors** in Broadcast Journalism, Intercultural Communication, and Print Journalism, a Bachelor of Science Degree in Mass Communication, Nonprofit Administration and Development, Public Relations, and a Bachelor of Science Degree (combined major) in Public Relations and Business Administration as well as an Associate of Science Degree in Media Technology. **Minors** are also available in Advertising, Broadcast Journalism, Intercultural Communication, Journalism (News Editorial), Media Production, Nonprofit Leadership, Photography, Public Relations, and Sales.

Students enrolling in the **Broadcast Journalism** major receive preparation for careers in commercial and non-commercial radio and television as reporters, producers, videographers, and managers.

Students graduating with a degree in **Intercultural Communication** may find work in multi-national corporations, nonprofit organizations, government agencies, and a variety of religious and educational institutions. Students who pursue this degree are

prepared to seek employment as communication specialists in culturally diverse settings.

The **Print Journalism** major prepares students for careers as reporters, writers and editors for daily and weekly newspapers, magazines, wire services, publishing houses and for the vast array of publications that serve the church, business, industry, governmental agencies, the medical field, colleges and universities, and other nonprofit organizations.

Students graduating with the Bachelor of Science in **Mass Communication** have a broad communication education with a selected specialty that prepares them for a large variety of communication jobs in the church, in corporations, and also in nonprofit organizations.

Southern Adventist University's **Nonprofit Administration and Development** degree is designed to meet the demand for entry-level managers with fund development expertise.

**Public Relations** majors are prepared for careers in business, industry, government, the church, colleges, universities, hospitals, and other medical institutions, and in a wide range of organizations.

The dual major of **Public Relations** and **Business Administration** is a unique degree program. Because it contains the core classes from both majors, it equips students with public relations and business skills and makes graduates especially competitive in the corporate world.

All of the School's bachelor's degree majors prepare students for entry into graduate schools nationwide.

The associate degree in **Media Technology** prepares the student for entry level positions in media production, desktop publishing, or web design.

Members of the faculty will advise each student in planning a study program that is supportive of individual career goals, that meets degree requirements of the School of Journalism & Communication, and fulfills General Education requirements.

## **RESIDENCY**

All baccalaureate degrees offered by the School of Journalism & Communication require that at least 12 upper division hours of the respective degree requirements must be taken at Southern Adventist University.

## **AMERICAN HUMANICS CERTIFICATION**

The Nonprofit Administration and Development program is affiliated with **American Humanics, Inc.**, in Kansas City, MO, which offers certification for students who graduate with this degree. American Humanics is an alliance of colleges, universities, and nonprofit organizations preparing undergraduates for careers with youth and human service agencies through specified curriculum, co-curricular activities, and internships. American Humanics focuses on leadership and service to humanity, professionalism, measurable competencies, and certification.

American Humanics' mission is "to prepare and certify future nonprofit professionals to work with America's youth and families." American Humanics is affiliated with national nonprofit partners including:

- American Red Cross
- Big Brothers Big Sisters of America
- Boys & Girls Clubs of America
- Boy Scouts of America
- Camp Fire Boys and Girls
- Girls Incorporated
- Girl Scouts of the U.S.A.
- Habitat for Humanity International
- Junior Achievement Inc.
- National Network for Youth
- Special Olympics, International
- United Way of America
- Volunteers of America
- YMCA of the U.S.A.
- YWCA of the U.S.A.
- and other nonprofits

Certification is not automatic with the completion of the degree; American Humanics certification requires competencies in the following:

- career development
- communication
- personal leadership attributes
- historical and philosophical foundations
- youth and adult development
- board/committee development
- fund-raising principles and practices
- human resource development and supervision
- general nonprofit management
- nonprofit accounting and financial management
- nonprofit public relations
- program planning
- risk management

Besides nonprofit certification, the American Humanics certification program offers the following:

- one-to-one mentoring
- networking with prospective employers
- opportunity to “try out” various nonprofit roles
- potential for references and referrals
- exposure to national nonprofit network
- scholarships

#### **AMERICAN HUMANICS CERTIFICATION FOR OTHER MAJORS**

Certification in American Humanics for students majoring in other areas is also available. Certification can be attained by means of the Nonprofit Leadership minor. To make arrangements and apply for certification, contact the campus director.

#### **AMERICAN HUMANICS ASSESSMENT**

Assessment will take place through the American Humanics certification process and with internship and practicum supervisors.

#### **JOB OUTLOOK**

Because of the decline in government support of nonprofit, it is more valuable than ever that nonprofit managers have fund development skills. The B.S. in Nonprofit Administration and Development degree is designed to provide both training and internships in fund development as well as in management.

The demand for graduates with these competencies is high with an estimated 50,000 needed annually to fill new staff vacancies. More than one million nonprofit organizations are at work across the country, employing 9 million people and aided by nearly 90 million volunteers.

### **MEET THE FIRMS**

Meet the Firms is a program sponsored by the Schools of Business and Management, Computing, Journalism & Communication, and Nursing to facilitate students in locating internships and jobs in their fields of study. Meet the Firms seminars are held each fall and a one-hour seminar style class is offered each winter semester in preparation for the Meet the Firms event. A variety of invited companies meet with students to interview, network, and mentor in preparation for placement.

### **INTERNSHIPS AND ON-THE-JOB TRAINING**

Because of the strong relationships which the school has developed with the Chattanooga area mass media, students in journalism, broadcasting, and public relations have many opportunities to meet and work with professionals in television and radio news, in public relations, advertising, and on daily and weekly newspapers.

**Internships:** Helping students locate internships on newspapers, in publishing houses, in public relations and fund development departments in hospitals, in advertising agencies, and in radio and television newsrooms is a vital part of the education program provided by the school.

An Advisory Council and a Consulting Board advise the school in providing internships that give on-the-job experience. The school also participates in the General Conference internship program in which students work in various denominational institutions. The University radio station, WSMC FM90.5, and other media outlets provide learning opportunities for students in a number of courses.

**Campus Publications:** Students can gain valuable experience as writers, editors, and producers by working on Student Association publications such as *Southern Accent*, the campus newspaper; *Southern Memories*, the yearbook; and *Strawberry Festival*, the annual multi-media review of the year.

### **ASSESSMENT**

To make satisfactory progress toward preparation for the job market, students majoring in the school will be expected to attend school assemblies and other professional meetings sponsored by the school.

Students should demonstrate their growing professionalism through involvement in the operation of WSMC FM90.5; in the publication of the *Southern Accent*, *Southern Memories*, or some other publication; or in communication activities for a campus, church, or community organization.

Participation in the School Communication Club and the Society of

Adventist Communicators as well as student membership in a national professional organization such as the Society of Professional Journalists, or the Public Relations Student Society of America are also evidence of professional commitment.

School files for each student majoring in the School serve as a source of information for professors asked to provide recommendations for students seeking practicum, internships, or job positions.

Students in the School will be given a writing skills test when they take JOUR 105. On the basis of the results, advisers will recommend any needed remediation, which students must complete before registering for other writing courses offered by the School.

School effectiveness will be assessed by combining the results of the cumulative evaluations, student evaluations of courses, questionnaires completed by supervisors of interns, alumni, and workshop attendees. To determine that the curriculum meets the objectives of the School and the standards of the Accrediting Council of Education in Journalism and Mass Communication, the faculty makes an ongoing analysis of courses required for majors.

## BROADCASTING

### BRDC 201. Foundations of Broadcasting 3 hours

Provides an understanding of broadcasting and related industries. Basic theories and practices of radio, television, cable operations, and other electronic media are covered.

### BRDC 202. Digital Audio Production 3 hours

An introduction to audio production, including use of microphones, digital media, non-linear audio editing, recording, mixing, and post-production. Oral communication emphasis includes instruction on announcing, interviewing, and other broadcast techniques. Lab fee 10 will be assessed for this course.

### BRDC 227. TV Studio Production 3 hours

An introduction to the basics of producing both studio and multi-camera video

programs. Students produce individual and group projects in the School's studio in Brock Hall. Emphasis also given to lighting, audio, and video editing. Lab fee 10 will be assessed for this course.

**BRDC 314. Broadcast News Writing (W) 3 hours**

*Prerequisites:* JOUR 202, 205.

Gathering information, interviewing, writing, and editing for the broadcast media. How to start, develop, and polish hard news and feature stories by writing to sound and pictures. Students write, copy, and produce sound documentaries for the University radio station and Adventist World Radio. Lab fee 7 will be assessed for this course.

**BRDC 327. Digital Video Production 3 hours**

*Prerequisite:* BRDC 227.

An advanced video production class with a focus on digital video acquisition, non-linear editing, and the production of television graphics. Students will produce a series of single-camera video projects, utilizing non-linear editing and digital effects programs. This course will also include an introduction to video streaming on the Web. Lab fee 10 will be assessed for this course.

**BRDC 291/391. Practicum 1-3 hours**

*Prerequisite:* Consent of instructor before arranging for practicum.

Supervised work in a broadcast station or media production environment. At least 90 clock hours of work experience are required for each semester hour of credit. Procedures and guidelines are available from the School.

**BRDC 417. Electronic Media Management 3 hours**

*Prerequisites:* BRDC 201.

An analysis of the challenges involved in planning and operating electronic media including personnel, programming, business ethics, community relations, sales, FCC policies and promotion. Students interview media managers during field trips to area radio, TV, and cable operations. Added emphasis on Christian broadcasting and WSMC-FM, the University's 100,000-watt radio station. Case study method is involved.

**BRDC 426. TV News Reporting and Performance 3 hours**

*Prerequisites:* BRDC 314, 227/327 or COMM 315.

Students become reporters, videographers, producers, and anchors for a weekly newscast produced in the School's Brock Hall studio. Students learn basics of visual storytelling as they use digital equipment to shoot and edit packages for broadcast. In addition, each student is required to create a resume (tape) essential for getting a first job. Emphasis on visual storytelling and performance skills. Includes lectures and one three-hour lab per week. Lab fee 10 will be assessed for this course. (Fall, odd years)

**BRDC 445. Senior Project 1 hour**

*Prerequisite:* Senior standing.

Required of all B.S. seniors taking the Media Production or Photography Concentration, this student-selected, department-approved project demonstrates the student's ability to perform in his/her major field. Students in this course meet with their supervising professor as needed. A written proposal for a project must be submitted to the advising professor by three weeks into the term. Satisfactory completion of this course is required before the school grants the bachelor's degree. Graded S for "satisfactory" or NC for "not complete." Lab fee 5 will be assessed for this course.

**BRDC 265/465. Topics in Broadcasting 1-3 hours**

Selected topics in broadcast and related areas presented in a classroom setting. This course may be repeated for credit.

**BRDC 492. Broadcast/Media Production Internship 3 hours**

**Prerequisites:** Completion of half the requirements for a major or minor in broadcast journalism or media production and School approval before arranging for internship.

Students work at a broadcast station or media production facility to obtain on-the-job experience, preferably during an 8 to 12 week period the summer between the junior and senior year when no other college course is taken. At least 300 clock hours of work experience are required. Procedures and guidelines are available from the School.

**BRDC 295/495. Directed Study 1-3 hours**

For students who want to do independent research and/or media production. Directed study topics will be selected with guidance from the instructor who will serve as a consultant to the student in carrying out the project.

**COMMUNICATION****COMM 103. Introduction to Communication (G-2) 3 hours**

Overview of the development and characteristics of mass media, with emphasis on media in the United States including newspapers, radio, television, photography, film, sound recording, books, magazines, advertising, public relations, and new media technology. Attention is given to theories of communication and how to be a critical and discriminating consumer of mass media.

**COMM 135. Introduction to Public Speaking (A-5) 3 hours**

Preparing, presenting, listening, and critiquing speeches of various kinds—particularly informative and persuasive ones—with emphasis on the selection and organization of supporting material, reasoning, methods of securing interest, persuasive strategies, and elements of delivery. (Fall, Winter, Smart Start)

**COMM 230. Intro to Acting 3 hours**

This introductory level course is designed to present fundamental acting techniques to students unfamiliar with the theater. In addition, the student will gain a better understanding of theater as an art form, as well as learn the basic vocabulary specific to theater and acting.

**COMM 315. Scriptwriting (W) 3 hours**

This course provides an introduction to scriptwriting in a variety of forms. Students will be introduced to and get experience in the style and preparation of scripts for television, corporate video production, documentary and narrative film, motion pictures, animation, radio, and stage plays.

**COMM 326. Film Evaluation (D-2) (W) 3 hours**

The primary goal of this class is to help each student develop a set of criteria for critically evaluating films. Besides regular assigned reading, class activities include discussion of the contributions films make to our culture, studying how films are made, and how to write about films. Films are screened as a part of the class and weekly evaluation papers based on the screened film are expected.

**COMM 330. Intercultural Communication (W) 3 hours**

“Four trends of the modern world make intercultural communication inevitable: (1) technological development, (2) globalization of the economy, (3) widespread population migrations, and (4) development of multiculturalism,” say Howard University’s William J Starosta and the University of Rhode Island’s Guo-Ming Chen. To help students communicate and interrelate positively and productively within these current and ever changing contexts, this course deals with: communication and culture; cultural

perception and values; language and culture; nonverbal communication and culture; sociocultural, psychocultural, and environmental influences on the processes of communication; intercultural communication ethics; and intercultural relationships, adaptation, and listening.

**COMM 336. Interpersonal Communication 3 hours**

Introduces students to the theory, research, and practice of communication in personal relationships. Topics include listening, verbal and nonverbal communication, emotions, conflict management, and the development and maintenance of effective personal relationships. This course utilizes readings and learning activities as well as out-of-class activities to help students understand and apply interpersonal communication principles.

**COMM 291/391. Intercultural Communication Practicum 1-3 hours**

A course designed for student missionaries, task-force workers, and others serving in non-Anglo-American settings. Focuses on similarities and differences between the host culture and North American general culture—particularly in how people communicate. Activities include assigned reading before departure, journaling on site, and a formal paper and presentation after return to campus. Before departing, the student is to make all arrangements with a professor assigned by the School of Journalism & Communication.

**COMM 397. Communication Research 3 hours**

Introduces students to scientific inquiry and the basic research techniques of advertising, communication, journalism, and public relations. Uses interdisciplinary approach to explain research methodology and to evaluate the strengths, weaknesses, and limitations of different research designs. Helps students understand the importance of the development and exchange of scholarly information. This class should be completed before taking 400 level classes in the School of Journalism & Communication.

**COMM 406. Persuasion and Propaganda (W) 3 hours**

Historical origin and contemporary uses of propaganda; the concept of public opinion; motivational tools and techniques to achieve public response; characteristics of public and how they are influenced. Credit can be applied toward COMM 406 or PREL 406.

**COMM 412. Preparing to Meet the Firms 1 hour**

This course is made up of a series of topics presented in a seminar setting to provide students with necessary tools to actively pursue and acquire internships and jobs. Topics will include but are not limited to: résumés, networking, corporate climate, interviewing, dress, portfolios, company research, etiquette. Besides listening to guest presentations, opportunities will exist to interact with guest lecturers and professors about thoughts and theories regarding the area of job acquisition. (Winter)

**COMM 265/465. Topics 1-3 hours**

Selected topics in speech and related areas presented in a classroom setting. Subjects covered will determine general education credit status. This course may be repeated for credit.

**COMM 295/495. Directed Study 1-3 hours**

The content of this course will be adjusted to meet the particular needs of the student. Open only to students approved by the School dean in consultation with the prospective instructor. This course may be repeated for credit.

**JOURNALISM**

**JOUR 105. Writing for the Media (G-2) 3 hours**

**Prerequisite:** No less than a "C" in ENGL 101.

Basic writing skills for newspaper, magazines, advertising, public relations, online and broadcasting, with emphasis on learning the *Associated Press Stylebook*.

**JOUR 125. Introduction to Photography (G-1) 3 hours**  
Instruction in use of the camera and light meter; study of elements that constitute good photo composition, darkroom techniques involving film development, negative enlargement, and print finishing. Students supply their own 35mm cameras with adjustable f-stops and shutter speeds. A limited number of rental cameras are available. Two hours of lecture, three hours of laboratory each week. Lab fee 10 will be assessed for this course.

**JOUR 205. News Reporting (G-2) 3 hours**  
**Prerequisite:** JOUR 105.  
News gathering and research techniques; development of news writing skills and style. Emphasis on clarity of writing, accuracy, balance and fairness, and on meeting deadlines. Students are required to contribute bi-weekly stories to the University's newspaper, *The Southern Accent*. Oral communication emphasis: Interviewing.

**JOUR 208. Publication Tools and Techniques 3 hours**  
An introductory course in using computer-based tools in the creation of publications such as newsletters, brochures and newspapers. The course integrates elements of design with specialized software packages including Photoshop and Quark Express in order to prepare photographs, illustrations and text for publication. Lab fee 6 will be assessed for this course.

**JOUR 242. Intro to Web Design 3 hours**  
**Prerequisites:** JOUR 208 or CPT 245/345 or BUAD 245/345 or CPTR 103.  
This course introduces the student to Web design theory and techniques. Both commercial and non-commercial sites will be evaluated in class for design elements. Students will learn how to use this medium effectively as well as learn how it differs from other more traditional media. Besides learning basic design elements and Web writing, students will be introduced to HTML programming and learn Web page creation utilizing Macromedia Dreamweaver. As an exhibit of the skills learned, each student will design a small Web site. Lab fee 6 will be assessed for this course.

**JOUR 313. Publication Editing 3 hours**  
**Prerequisites:** JOUR 205, 208.  
Students will learn to edit according to the *Associated Press Stylebook*; write effective headlines and photo captions; select articles, photos, graphics and typefaces; become familiar with legal issues and tools that assist in research and fact verification; evaluate press estimates; and stay within budget. Use of color and the differences between editing for newspapers, magazines, and newsletters will be considered. Students will produce a newsletter and develop editing skills through various projects.

**JOUR 315. Advanced Photography (G-1) 2-3 hours**  
**Prerequisite:** JOUR 125.  
Advanced digital photography with emphasis on photojournalism, studio and corporate photography. The major focus will be on using the camera in producing photo essays and photo collections for exhibit. The course will focus on digital techniques—including film scanners, digital processing using Photoshop, and preparing digital photos for publication. One hour lecture, three hours of laboratory each week for 2 hours credit. Students registering for 3 hours credit will complete extra projects and additional laboratory and field work. Lab fee 10 will be assessed for this course. Limited supply of digital cameras are available for a \$100 rental fee.

**JOUR 316. Magazine and Feature Article Writing (W) 3 hours**

The study and practice of researching, writing, and marketing non-fiction feature stories for magazines, newspapers, and other periodicals. Discusses the writing process from idea development and story focus through final revision and marketing of articles via query letters to editors.

**JOUR 342. Interactive Online Journalism 3 hours**

*Prerequisite:* JOUR 242.

This course builds on the skills a student has acquired in Introduction to Web Design by focusing on advanced Web design tools. In this course, the student will utilize Macromedia Flash and learn how to produce online photo essays, audio and interactivity (e.g., forms and back-end databases); and experiment with best practices for Web site navigation and information design. (Winter, odd years)

**JOUR 356. Advanced Reporting (W) 3 hours**

*Prerequisite:* JOUR 205.

Students learn in-depth research and interviewing skills. Emphasis on public affairs reporting including assigned articles in politics, government, law enforcement, society, science, medicine, education, religion, the arts, and business. Also includes an introduction to computer-assisted reporting. (Winter, even years)

**JOUR 291/391. Practicum 1-3 hours**

*Prerequisite:* Consent of instructor before arranging for practicum.

Supervised work experience in writing or print journalism. At least 90 clock hours of work experience are required for each semester hour of credit. Procedures and guidelines are available from the School.

**JOUR 427. Mass Media Law and Ethics 3 hours**

Study of the legal, ethical and constitutional issues affecting the media and the news gathering and dissemination process. Concepts of libel, privacy, free press, fair-trial, contempt of court, access to information, protection of sources, copyright law, and government regulation of the media.

**JOUR 445. Senior Project 1 hour**

*Prerequisite:* Senior standing.

Required of all B.S. seniors taking Web Publication, this student-selected, department-approved project demonstrates the student's ability to perform in his/her major field. Students in this course meet with their supervising professor as needed. A written proposal for a project must be submitted to the advising professor by three weeks into the term. Satisfactory completion of this course is required before the school grants the bachelor's degree. Graded S for "satisfactory" or NC for "not complete."

**JOUR 265/465. Topics in Communication 1-3 hours**

Selected topics in print journalism or related areas of communication.

**JOUR 488. Mass Communication and Society (W) 3 hours**

This course provides for informed student participation in the examination of the role and function of the mass media system in the United States. Among the topics considered are: the concept of social responsibility as a constraint upon the media; and ethical, social, economic and political issues involved in the function of newspapers, magazines, radio, television, new media advertising, and public relations. Emphasis on reading, writing media critiques, and on analysis of concepts and ideas.

**JOUR 492. Journalism Internship 3 hours**

*Prerequisite:* Completion of half the requirements for a major or minor in broadcast or print journalism and School approval before arranging for internship.

Students work at a newspaper, magazine, broadcast station, or other agency to obtain on-the-job journalism experience, preferably during an 8 to 12 week period the summer between the junior and senior year when no other college course is taken. At least 300

clock hours of work experience are required. Procedures and guidelines are available from the School.

**JOUR 295/495. Directed Study** **1-4 hours**

For students who want to do independent research and writing in a specialized area of the mass media. Directed study topics will be selected with guidance from the instructor who will serve as a consultant to the student in carrying out the project.

## PUBLIC RELATIONS

**PREL 233. Introduction to the Nonprofit Sector** **3 hours**

This course offers the student an overview of the development and current status of the nonprofit sector in the United States with specific focus on youth and human service agencies. Students will study the unique philosophical, financial, and administrative qualities of this rapidly growing sector of society, as they observe and assess local nonprofit agencies at work.

**PREL 235. Public Relations Principles and Theory** **3 hours**

Basic Public Relations principles, philosophy, and theory as they relate to the historical development and contemporary practice of public relations; analysis of the public relations role in business, industry, and nonprofit organizations, and of the functions and responsibilities of the public relations practitioner.

**PREL 244. Sales** **2 hours**

Principles and techniques of selling products and services based on understanding of buyer behavior, time and stress management, and effective persuasion.

**PREL 344. Fundamentals of Advertising** **3 hours**

This course is designed to give the student a thorough overview of the business of advertising. Principal topics considered include advertising theories, the relationship between marketing and advertising, Integrated Marketing Communication, media planning, and advertising research. The course also includes an introduction to creative direction, copywriting, advertising research, and the process of planning and preparing advertisements.

**PREL 354. Advertising Copywriting** **2 hours**

Principles and practices in writing and preparing advertising messages for the mass media. Analysis of successful advertising copy as well as opportunity for students to develop their own copywriting skills are part of the course. Social responsibility and ethics of the advertiser and copywriter are an integral part of instruction.

**PREL 368. Fund Development** **3 hours**

Study of fund-raising principles and concepts; techniques used in planning, organizing, and carrying out a fund-raising campaign; developing prospect lists, writing proposals, identifying and training development leadership, and working with foundations.

**PREL 370. American Humanics Management Institute (AHMI)** **1 hour**

This course is designed to help students attain their American Humanics certification. Sessions held at AHMI give students certification in skills needed for American Humanics certification. Lab Fee 12 will be assessed for this course. Travel, food, and lodging is not included in lab fee. (Pass/Fail)

Preparation of press releases, brochures, newsletters, reports, audio-visuals, speeches, and media campaigns; planning and conducting special events.

**PREL 492. Public Relations Internship 3 hours**  
*Prerequisites:* Completion of at least half the requirements for a major or minor in public relations, advertising, or sales and School approval.  
Students work in the field of advertising, sales, or public relations to obtain on-the-job experience, preferably during an 8 to 12 week period the summer between the junior and senior year when no other college course is taken. At least 300 clock hours of work experience are required. Detailed procedures and guidelines are available from the School.

**PREL 295/495. Directed Study 1-4 hours**  
For students who want to do independent research and writing in a specialized area of public relations, advertising or marketing. Directed study topics will be selected with guidance from the instructor who will serve as a consultant to the student in carrying out the project.

**PREL 498. American Humanics Internship 3 hours**  
Students work in the field of nonprofit organizations to obtain on-the-job experience, preferably during an eight to twelve week period during the summer between the junior and senior year when no other college course is taken. At least 300 clock hours of work experience are required. Detailed procedures and guidelines are available from the School.

## WORKSHOPS

**JOUR 175/475. Communication Workshop 1-3 hours**  
One semester-hour credit will be available for 40 clock hours of active participation in workshops conducted by the School in such areas as free-lance writing, news writing, video production, editing newsletters, crisis communication, public relations writing, fund raising, writing for student publications, editing student publications, and advising student publications. Advanced students may earn additional credits by completing a project started during the workshop. May be repeated for credit. (Summer)

## MATHEMATICS

Throughout recorded history mathematics and mathematical thinking have influenced man's culture to an extent that even many well-educated people fail to appreciate. The Elements of Euclid, the invention of a place-value numeration system, the invention of the calculus, the development of statistical inference, and more recently the development of computers, to name just a few, are mathematical contributions to civilization which have significantly affected the philosophies, commerce, science, and technology of mankind.

The Mathematics Department seeks to transmit this mathematical heritage to the students of Southern Adventist University by (1) introducing students to mathematical concepts and techniques and the disciplined, logical thinking required to successfully apply them to a variety of problem-solving experiences, (2) providing a stage in the formal education of professional mathematicians, (3) educating teachers of mathematics, and (4) providing appropriate courses for users of mathematics.

## MISSION STATEMENT

Within a Christian environment of learning, the Mathematics Department seeks to provide students with mathematical skills and concepts appropriate to their chosen field of study and to prepare mathematics majors and minors for distinguished professional performance in mathematics or other fields that require a strong mathematical background.

## ASSESSMENT

All mathematics majors are required to take the Educational Testing Service Major Field Achievement Test in mathematics during their senior year. The results of this examination are used in ongoing review of the departmental curriculum.

See pages 24-25 and 27-31 for General Degree and General Education requirements. Note especially requirements of make-up of admissions deficiencies, three writing emphasis courses, and 40 upper division credits.

**Teacher Certification, 7-12**

Secondary certification in Mathematics requires a baccalaureate degree and completion of professional education courses (page 114) for licensure. Students preparing for secondary teacher certification must include MATH 215 Statistics and MATH 415 Geometry in the major. See further explanations in the Education and Psychology section, beginning on page 104.

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s).

An endorsement to teach mathematics as an additional field may be obtained by completing a major and secondary certification in another field and by completing a minor in mathematics that includes the following courses (21 hours): MATH 181 Calculus I, MATH 182 Calculus II, MATH 200 Elementary Linear Algebra, MATH 215 Statistics, MATH 216 Set Theory and Logic, MATH 415 Geometry, one three-hour upper-division MATH course, and EDUC 438 Curriculum and Content Methods, Grades 7-12/Mathematics.

**Actuarial Studies**

Students interested in the actuarial profession should consult with departmental faculty regarding appropriate courses from the School of Business and Management to include in their course of study.

**MATHEMATICS**

**MATH 080. Elementary Algebra (A-2) 3 hours (Non-Credit)**

This remedial course covers the content of first-year high school algebra. It is required of all students who meet NEITHER of the following criteria: 1) ACT math standard score of 16 or above; 2) high school Algebra II with a grade of C or better. Tuition for three semester hours will be charged for this course. (Winter)

**MATH 090. Intermediate Algebra (A-2) 3 hours (Non-Credit)**

**Prerequisite:** MATH 080 or exemption.

Number systems and their properties, exponents and radicals, equations and inequalities, polynomial functions and their graphs, systems of equations, logarithms. Tuition for three semester hours will be charged for this course. (Fall)

**MATH 106. Survey of Mathematics I (A-2) 3 hours**

Topics chosen from problem solving techniques, numeration systems, the real number system, the metric system, financial management, probability, statistics. This course does not apply on a major or minor in mathematics. (Fall, Winter, Summer)

**MATH 107. Survey of Mathematics II (A-2) 3 hours**

Topics chosen from set theory, logic, algebra, functions (polynomial, exponential, logarithmic), systems of linear equations and inequalities, matrices, linear programming, graph theory, geometry, voting and apportionment. This course does not apply on a major or minor in mathematics. MATH 106 is not a prerequisite for MATH 107. (Fall, Winter)

**MATH 120. Precalculus Algebra (A-2) 3 hours**

**Prerequisite:** Either completion of high school Algebra II with a grade of C or better and an ACT Mathematics score of 19 or above, or completion of MATH 090 or MATH 107 with a grade of C or better.

The real and complex number systems; algebraic equations and inequalities; functions and their graphs including polynomial, rational, exponential, and logarithmic functions; conic sections. This course does not apply on a major or minor in mathematics. (Fall, Winter, Summer)

**MATH 121. Precalculus Trigonometry (A-2) 2 hours**

**Pre or Co-requisite:** MATH 120 or equivalent.

The trigonometric and inverse trigonometric functions and their graphs, trigonometric equations and identities, trigonometric form of complex numbers, vectors, and other applications. This course does not apply on a major or minor in mathematics. (Fall, Winter)

**MATH 181. Calculus I 3 hours**

**Prerequisite:** MATH 120 or a high school precalculus course.

Differential and integral calculus of the elementary functions (non-trigonometric) including limits, continuity, the derivative, computation of derivatives, applications of the derivative, the definite integral, the fundamental theorem of calculus, computation of antiderivatives, applications of the definite integral. (Fall, Winter)

**MATH 182. Calculus II** 4 hours

*Prerequisites:* MATH 121 or equivalent and MATH 181.

Precise definitions of limits, calculus of the trigonometric functions, further topics in differential and integral calculus, polar coordinates, analytic geometry, parametric equations, sequences, infinite series, Taylor series. (Winter)

**MATH 200. Elementary Linear Algebra** 2 hours

*Prerequisite:* MATH 181.

Systems of linear equations, matrices and determinants, vector spaces, linear transformations, eigenvalues and eigenvectors, applications. (Winter)

**MATH 215. Statistics (A-2)** 3 hours

*Prerequisite:* An ACT mathematics standard score of 22 or above, or two years of high school algebra, or MATH 090, or MATH 106, or MATH 107.

An introduction to descriptive and inferential statistics including organization and analysis of data, elementary probability, probability distributions (binomial, normal, Student's t, chi-square, F), estimation, hypothesis testing, correlation and regression, nonparametric statistics. (Fall, Winter)

**MATH 216. Set Theory and Logic** 2 hours

*Prerequisite:* MATH 181.

An introduction to the ideas, terminology, and notation of logic, sets, equivalence relations, and functions. The concept of a mathematical proof will be emphasized. (Winter)

**MATH 218. Calculus III** 4 hours

*Prerequisite:* MATH 182.

Partial derivatives, multiple integrals, vector calculus including Green's theorem, Stokes's theorem, and the divergence theorem. (Fall)

**MATH 280. Discrete Mathematical Structures** 3 hours

*Prerequisite:* MATH 120 recommended; Familiarity with a programming language.

An examination of many of the mathematical concepts of particular use to computer scientists. The topics include set theory, relations, graph theory, combinatorics, Boolean algebra, digital logic and circuit design, proof techniques, and finite state automata. (Fall)

**MATH 315. Differential Equations** 3 hours

*Prerequisite:* MATH 182.

Introduction to dynamical systems, solutions of various types of ordinary differential equations, systems of linear differential equations, the Laplace transform, applications to problems in the physical sciences. (Winter)

**MATH 316. Partial Differential Equations** 3 hours

*Prerequisite:* MATH 315.

Partial differential equations, Fourier series, boundary value problems, Bessel functions, Legendre polynomials. (Fall, even years)

**MATH 317. Complex Variables** 3 hours

*Prerequisites:* MATH 216, 218.

An introduction to the theory of analytic functions of a complex variable, including mappings by elementary functions, complex integration, the Cauchy-Goursat theorem, Cauchy's integral formula, power series, Laurent series, the theory of residues, and conformal mapping. (Winter, even years)

**MATH 318. Abstract Algebra** 3 hours

*Prerequisites:* MATH 216, 218.

The structure of groups, rings, integral domains, and fields. (Fall, even years)

**MATH 319. Linear Algebra** 2 hours

*Prerequisites:* MATH 200, 216.

Finite dimensional vector spaces and the attendant concepts of systems of linear

equations, linear transformations, matrices, determinants, eigenvalues and eigenvectors, inner product spaces. (Winter, odd years)

**MATH 325. Probability Theory 3 hours**

*Prerequisite:* MATH 182.

Basic probability theory, combinatorial problems, independence and dependence, numerical-valued random phenomena, mean and variance of a probability law, normal, Poisson, and related probability laws. (Fall, even years)

**MATH 326. Mathematical Statistics 3 hours**

*Prerequisites:* MATH 215, 218, 325.

Random variables, conditional probability, standard distributions of random variables, distributions of functions of random variables, interval estimation, point estimation. (Winter, odd years)

**MATH 411-412. Intermediate Analysis 3,3 hours**

*Prerequisites:* MATH 216, 218.

The real number system, sequences, limits and metric spaces, continuity, uniform continuity, introduction to point set topology, properties of the derivative and integral, convergence and uniform convergence of sequences and series of functions, orderings. (Fall, odd years; Winter, even years)

**MATH 415. Geometry 3 hours**

*Prerequisite:* MATH 216.

Topics selected from the following: Euclidean geometry, axiomatic systems and finite geometries, transformational geometry, hyperbolic geometry, projective geometry, other non-Euclidean geometries, applications of geometry. (Fall, odd years)

**MATH 265/465. Topics in Mathematics 1-3 hours**

*Prerequisite:* Permission of the instructor.

Topics selected from areas of mathematics not covered in other courses. This course may be repeated for credit with permission.

**MATH 485. Mathematics Seminar (W) 1 hour**

*Prerequisite:* Permission of Mathematics staff.

Written and oral reports are made on a variety of topics in mathematics including topics in current mathematical literature. Mathematics majors obtaining secondary certification must choose topics in the history and philosophy of mathematics. (Fall, odd years)

**MATH 295/495. Directed Study 1-3 hours**

*Prerequisite:* Approval by department faculty.

Individual reading and problem solving in a field chosen in consultation with an instructor. This course may be repeated for credit. (On demand)

**EDUCATION**

**EDUC 438. Curriculum Content Methods/Mathematics 1 hour**

*Prerequisite:* Admission to Teacher Education.

Attention is given to methods and materials of instruction, planning, testing, and evaluating student performance, and the survey and evaluation of textbooks. (Fall, odd years)

# MODERN LANGUAGES

---

**Chair:** Carlos H. Parra

**Faculty:** Carmen Jiménez, Pierre Nzokizwanimana

**Adjunct Faculty:** Darwin Ayscue, Claryce Caviness, Magdalena Jesiak,  
Jeffrey Jordan, Gwendolyn Smith

## MODERN LANGUAGES

The Modern Languages Department at Southern Adventist University combines language study with experience abroad and academic courses. Southern offers interdisciplinary degrees in French, French Teaching, International Studies, Spanish, and Spanish Teaching. The International Studies degree will enhance students' ability to live and work in an international setting. Students discover French, German, Italian, Spanish and Russian not only as living languages but also as reflections of many cultures.

The Modern Languages Department also offers majors in French and Spanish, minors in French, German, Italian, and Spanish language courses in Italian and Russian, for those students wishing to gain a deeper understanding of cultures within a global context through the study of language, literature, and society. The French and Spanish majors also provides the necessary background for graduate study. In addition, the department offers French and Spanish Teaching Licensure majors for students interested in secondary education. Students seeking teacher certification should also pursue the teaching major.

The ability to communicate with people is increasingly essential in today's global community, and knowledge of other cultures and cultural experiences should be a key part of the background of a well-educated individual, particularly of those with a sense of world mission. By introducing students to another language and giving them opportunity and exposure to experience other cultures, the Modern Languages Department at Southern Adventist University strives in helping to overcome stereotypes and prejudices, foster a spirit of appreciation and inclusiveness, and facilitates easier communication and interaction with persons of other languages and cultures.

## MISSION STATEMENT

The Modern Languages Department at Southern Adventist University provides a Christian learning environment that enhances the understanding of other cultures, and promotes a global dialogue by widening horizons, broadening, perspectives, and deepening self-understanding as a worldwide family.

## ASSESSMENT

The assessment of majors in International Studies consists of three basic parts: First the candidates write an evaluation of the departmental program to state their perception of the program's effectiveness in achieving its objectives. Second, the candidates take a departmental exam to demonstrate their degree of success in achieving near native mastery of the target language in the areas of listening, reading, writing, and speaking. Third, the candidates take an oral examination focusing on their knowledge and appreciation of the culture of the peoples who speak the target language. A key element of this interview is the candidates' ability to compare and contrast the target culture with their own, and to show how they

relate, contribute to, and enrich each other.

The assessment of students majoring in Spanish, and Spanish Teaching consists of a departmental oral and written examination. Candidates will demonstrate a passing degree of knowledge and appreciation of Spanish speaking cultures, their literary expression, and the ability to understand many of the complexities affecting and resulting from the Spanish, and Spanish-American experience in their own context and when in contact with other cultures not only in the American continent, but in relation to global society. The assessment of students majoring in French and French Teaching is also a departmental oral and written examination. Candidates will demonstrate a passing degree of knowledge and appreciation of French speaking cultures, their literary expression, and the ability to understand the complexities in their own context not only in Europe and America, but as part of global society.

### **FOREIGN STUDY**

Adventist Colleges Abroad. Southern Adventist University is a member of the consortium of colleges and universities which, under the auspice of the General Conference of Seventh-day Adventists, supports the Adventist Colleges Abroad program. ACA provides an opportunity for students of French, German, Italian, or Spanish to achieve proficiency in the foreign language amid the added advantages of an authentic cultural setting.

**Students can also contact ACA at: [www.aca-noborders.org](http://www.aca-noborders.org)**

The language schools operated by the following institutions are affiliates of ACA: in Austria, Seminar Schloss Bogenhofen, Braunau; in France, Centre Universitaire et Pédagogique du Salève, Collonges-sous-Salève; in Spain, Colegio Adventista de Sagunto, Sagunto; in Argentina, Universidad Adventista del Plata, Libertador San Martín; in Italy, Istituto Avventista Villa Aurora; in Germany, Friedensau Adventist University; and in Mexico, Universidad de Montemorelos.

### **MAJOR PROGRAMS**

**Degrees.** B.A. French, International Studies, Spanish, French and Spanish Teaching.

**Placement Level.** Students who intend to enroll in a French or Spanish language course, who have had any background in the language must take the "Placement Examination."

**Exceptions.** Students who are native speakers or who have otherwise acquired advanced language proficiency are encouraged to take the "Challenge Examination" offered by the department. Otherwise, students with no background in a language must begin at the 101 level.

**Departmental Majors.** The Modern Languages Department offers language courses to satisfy the B.A. language requirement. A major in International Studies with emphasis in Spanish, French, German or Italian is offered. Majors in French, Spanish, and French or Spanish Teaching are also offered.

Students planning majors or minors should contact the department early in their studies for a list of required courses. Those students with questions about their major or minor should refer to the *Catalog* and/or contact Modern Languages faculty. Those students with transferred language credit from another college or university should meet with a faculty adviser early in their studies regarding major or minor course equivalents.

Students must earn a grade of C or better in all course work that is to count toward a department major or minor.

**Departmental Minors.** The department offers minors in Spanish, French,

German, and Italian.

**Language Emphasis.** American Sign Language (ASL), Italian, and Russian.

**Teaching Major, Certification.** Students planning to obtain Teaching certification must include the required professional education courses and any additional General Education requirements in their program as outlined in the School of Education and Psychology section of this *Catalog* under "Requirements for Certification."

The student must apply for initial admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before a student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the principles of Learning and Teaching, and particular specialty test(s) for the licensure area(s).

Students returning from any of Adventist Colleges Abroad (ACA), after fulfilling studies in French, Spanish, German, or Italian languages must meet with the Modern Languages Department Chair upon returning to SAU. This meeting is an assessment of the course work finished abroad, and advising of subsequent required course work towards a major offered at Southern.

#### **INTERNATIONAL STUDIES MAJORS**

ALL International Studies majors in Spanish or French MUST take from the Modern Languages Department at SAU, two (2) upper division courses upon returning from ACA and before graduation. These students will earn a minimum grade of "C" (2.00) in these courses. ALL students majoring in International Studies with emphasis in French, German, Italian, or Spanish MUST take a "Departmental Exit Examination" (DEE) during their last semester prior to graduation. Students will earn a minimum grade of "B-" in this examination.

#### **FRENCH AND SPANISH MAJORS**

ALL Spanish/French majors who studied abroad for one (1) full academic year at any of our ACA locations (Argentina, France, or Spain), who took a Culture and Civilization course equivalent to 3 SH, a literature course also equivalent to 3 SH, upon returning to SAU will need to take three (3) upper division courses in their majors from the required course list, SPAN/FREN 490, and cognate courses, if necessary. These courses MUST be taken at SAU. These students will earn a minimum grade of "C" (2.00) in all courses.

If any Spanish/French major has not taken any of the courses mentioned above, they MUST take five (5) upper division courses from the Modern Languages Department at SAU, SPAN/FREN 490 and cognate courses, if necessary. These students will earn a minimum grade of "C" (2.00) in all courses. ALL SPAN/FREN majors MUST pass a written/oral "Major Comprehensive Examination" (MCE) during their last semester and prior to graduation. This examination evaluates candidate's writing, reading, speaking, and listening skills in the language of study, and provides a platform for analysis and discussion of courses' content in their respective majors. Students will earn a minimum grade of "B-" in this examination.

## DESCRIPTION OF COURSES

**I. Courses Offered at the SAU Campus**

**FRENCH**

**FREN 101. Elementary French I (D-1) 3 hours**

This is a foundation course in basic language skills. Students who have any background in French must take the language placement examination. Students should contact department for details on specific scores. This course develops listening and reading strategies with emphasis on oral and written forms of communication. Laboratory work required. (Fall)

**FREN 102. Elementary French II (D-1) 3 hours**

**Prerequisite:** FREN 101 or score a minimum of 296 on placement examination or approval of the department.

This course is a continuation on the development of basic language skills. Written and oral communication is strongly emphasized. It concentrates on developing the ability to use the language creatively to deal with daily life situations within the French-speaking context. Laboratory work required. (Winter)

**FREN 207. Intermediate French I (D-1) 3 hours**

**Prerequisite:** FREN 102 or score a minimum of 356 on placement examination or approval of the department.

Review and expansion of grammar/vocabulary as students develop speaking, writing, reading, and listening skills. Readings and discussions focus on topics related to the culture of the French-speaking world. Laboratory work required. (Fall)

**FREN 208. Intermediate French II (D-1) 3 hours**

**Prerequisite:** FREN 207 or score a minimum of 440 on placement examination or approval of the department.

Continues the review and expansion of grammar/vocabulary as students develop speaking, writing, reading, and listening skills. Readings and discussions focus on topics related to the culture of the French-speaking world. Laboratory work required. (Winter)

**FREN 244. French Composition and Conversation 3 hours**

**Prerequisite:** FREN 208 or approval of the department.

Course designed to enhance oral and written proficiency along with vocabulary expansion and to review grammatical structures. It emphasizes description and narration, extending to the broader French-speaking world. FREN 244 and 344 is a sequence particularly suggested for students who minor in French. (Fall)

**FREN 305. French for Business 3 hours**

**Prerequisite:** A minimum of one (1) academic year at Collonges (ACA) prior to taking this course.

This course seeks to develop knowledge and proficiency in the French economic and business world. It includes vocabulary review; practice of oral and written expression, marketing, banking, employment, job hunting, interviewing, accounting, and publicity. Written expression of business correspondence are some of the topics discussed.

**FREN 344. Advanced French Composition and Conversation 3 hours**

**Prerequisite:** FREN 208 and FREN 244 or approval of the department.

Designed to enhance oral and written proficiency along with vocabulary expansion and to review grammatical structures. It focuses on *Nous* and *Les Autres*, incorporating description and narration, extending to the broader French-speaking world, incorporating current events and argumentation along with vocabulary study and grammar refinement. FREN 244 and 344 is a sequence particularly suggested for students who minor in French. (Fall)

**FREN 350. French Linguistics 3 hours**

**Prerequisite:** FREN 208 and FREN 244 or equivalent or approval of the department.  
An intensive course designed to enhance oral and written proficiency along with vocabulary expansion. It focuses on the study of syntax, morphology, phonetics, and phonology as components of the generative grammar of the French language. Open to eligible students returning from ACA. This course is required for majors in French. (Fall)

**FREN 353. Contemporary French Culture and Civilization 3 hours**

**Prerequisite:** FREN 244 or approval of the department.  
This course focuses on contemporary French culture and civilization and emphasizes social, political, and artistic trends, and intellectual movements that have contributed to the institutions and character of modern France. Course conducted entirely in French. (Winter)

**FREN 357. Survey of French Medieval and Renaissance Literature (D-2)W 3 hours**

**Prerequisites:** FREN 244 and ENGL 216 or approval of the department.  
Close reading and discussion of selected works from the period (eleventh through sixteenth centuries) viewed in the socio-historical, intellectual, and artistic context: *Chanson de Roland*, *Roman de Renart*, *Aucassin et Nicolette*, *Farce de Maître Pathelin*, and works by Chrétien de Troyes, Villon, Rabelais, the *Pléiade*, and Montaigne.

**FREN 358. Survey of French 17<sup>th</sup> and 18<sup>th</sup> Centuries Literature (D-2) (W)3 hours**

**Prerequisites:** FREN 244 and ENGL 216 or approval of the department.  
This course is a study of neo-classical tragedy and comedy as illustrated in select texts of Corneille, Molière, Racine, Marivaux, and Beaumarchais. It experiments in narrative fiction, including works by Mme de Lafayette and Prévost. The art of epistolarity: Pascal and the polemical letter, Mme de Sévigné and the personal letter, Voltaire and the traveler's letter. Focus on topics: *préciosité* and sensibility; feminism and modernity; rationalism and *esprit critique*.

**FREN 458. Survey of French 19<sup>th</sup> and 20<sup>th</sup> Centuries Literature (D-2) (W)3 hours**

**Prerequisites:** FREN 244 and ENGL 216 or approval of the department.  
Studies the main literary works and currents in the modern era in their historical context. Based on an interdisciplinary approach linking literary theory with history, sociology, and psychology. Works studied: Chateaubriand, *Réné*; Balzac, *Le Père Goriot*; Hugo, *Hernani*; Baudelaire, *Les Fleurs du mal*; Gide, *La Symphonie pastorale*; Camus, *L'Étranger*; Duras, *Moderato Cantabile*.

**FREN 459. Francophone Cultures and Literatures (D-2)(W) 3 hours**

**Prerequisites:** FREN 244 and ENGL 216 or approval of the department.  
This course proposes a cultural and literary journey based on a variety of texts throughout the main French-speaking regions of the world: the African continent, South East Asia, French Canada, Belgium, Switzerland, the French-speaking islands of the Caribbean. This approach is intended to stress and place into perspective these geographical and national entities. Guest-speakers closely related, either as native speakers or by their professional experience to French-speaking Africa, Canada, or the Caribbean will be invited when available.

**FREN 265/465. Topics in French 1-3 hours**

Selected topics in French presented in a classroom setting. Subjects covered will determine how the course applies to the major. This course may be repeated for credit.

**FREN 490. Comprehensive Examination Preparation 1 hour**

Designed to provide academic support for French majors who will be taking the

departmental written examination required for graduation. Faculty will meet with the student regularly to assure the student has covered all materials pertinent to this examination. French majors must take this course prior to graduation in the last semester.

**FREN 295/495. Directed Study** **1-3 hours**  
Emphasizes individual, directed study. Designed for students who want to conduct independent research in a specific subject of modern languages. Faculty will assist student with selection of topic and serve as consultant for the project. This course is limited primarily to the department majors and must be approved by the Chair of Modern Languages.

## GERMAN

**GRMN 101. Elementary German I (D-1)** **3 hours**  
A foundation course in the basic language skills. Laboratory work is required. Students who have not taken any German language must enroll in GRMN 101. This course develops listening and reading strategies with an emphasis on oral and written forms of communication. (Fall)\*

**GRMN 102. Elementary German II (D-1)** **3 hours**  
**Prerequisite:** GRMN 101 or approval of the department.  
This course is a continuation on the development of basic language skills. Oral and written communication are strongly emphasized. Laboratory work is required. (Winter)\*

**GRMN 207. Intermediate German I (D-1)** **3 hours**  
**Prerequisite:** GRMN 102 or approval of the department.  
Continued emphasis on development of listening and speaking skills. There is, however, an increased emphasis on reading and writing skills through short selections in German. Laboratory work is required. Students may get credit by passing a "challenge examination" with a B grade. For information on the examination, students should refer to SAU *Catalog* (p. 44) and/or Modern Languages faculty for details. (Fall)\*

**GRMN 208. Intermediate German II (D-1)** **3 hours**  
**Prerequisite:** GRMN 207 or approval of the department.  
This course maintains a strong emphasis on listening and speaking skills. Through reading of more extensive texts and informal writing as a support for speaking, it develops oral fluency toward more effective narrative. Laboratory work is required. Students may get credit by passing a "challenge examination" with a B grade. For information on this examination, students should refer to SAU *Catalog* and/or Modern Languages faculty for details. (Winter)\*

\*NOTE: Those students who have any background in German must seek departmental permission to enroll in any German course other than GRMN 101.

## ITALIAN

**ITAL 101. Elementary Italian I (D-1)** **3 hours**  
Introduces students to the basic principles of the language necessary for written and oral communication. Emphasis placed on developing the ability to use the language creatively to talk about oneself and to deal with daily life situations within the Italian cultural context. Laboratory work required. (Fall)

**ITAL 102. Elementary Italian II (D-1)** **3 hours**  
**Prerequisite:** ITAL 101 or approval of the department.  
Continues ITAL 101. This course further develops the student's ability to communicate in Italian, both orally and in writing. Students will speak, read, and write

about such topics as advice and opinions, the future, and hypothetical situations, while at the same time gaining insights into the culture of Italy. Laboratory work required. (Winter)

**ITAL 207. Intermediate Italian I (D-1) 3 hours**

*Prerequisite:* ITAL 102 or approval of the department.

This course requires a fairly good foundation in the basic principles of the language. Students improve their communication skills by discussing and writing about various topics drawn from readings focused on Italian culture. Review of grammar is included. Laboratory work required.

**ITAL 208. Intermediate Italian II (D-1) 3 hours**

*Prerequisite:* ITAL 207 or approval of the department.

Continues ITAL 207 and requires a good foundation in the basic principles of the language. Students improve their communication skills by discussing and writing about various topics drawn from readings focused on Italian culture. Although review of grammar is included, it is not necessarily stressed. Laboratory work required.

**MODERN LANGUAGE****MDLG 165/266. Topics in Modern Languages 1-3 hours**

Selected topics in modern languages presented in a classroom setting. Subjects covered will determine how the course applies to the major. This course may be repeated for credit.

**MDLG 240. American Sign Language I (D-1) 3 hours**

An introductory class in American Sign Language designed for the student with little or no signing experience. Course focus is on developing beginning sign communication for basic conversational usage.

**MDLG 241. American Sign Language II (D-1) 3 hours**

*Prerequisite:* MDLG 240 or equivalent.

A continuation of American Sign Language I with an ongoing emphasis on expressive and receptive sign communication development. Further attention is placed on ASL grammar and deaf culture. Students seeking a Bachelor of Arts degree must check with their School/Department prior to taking this course.

**MDLG 265. Spanish for Health Professionals (D-1) 3 hours**

This course is designed for physicians, nurses, and other health professionals who need to communicate with Spanish-speaking clients. In this course, students will develop health-related vocabulary in context; situational dialogues and responses; communication patterns; body language; and higher understanding of specific expressions and responses commonly used by health professionals when interacting with Spanish-speaking clients. This course will not count toward any of the majors offered by the Modern Languages Department. Open to all but primarily for Allied Health, Nursing, Pre-Med, Wellness, and Social Work majors. (Winter)

**SPANISH****SPAN 101. Elementary Spanish I (D-1) 3 hours**

A foundation course in basic language skills. Students who have any background in Spanish language must take the language placement examination. Students should contact department for details on specific scores. This course develops listening and reading strategies with an emphasis on oral and written forms of communication. (Fall)

**SPAN 102. Elementary Spanish II (D-1) 3 hours**

**Prerequisite:** SPAN 101 or score a minimum of 296 on placement examination or approval of the department. (Winter)

This course is a continuation on the development of basic language skills. Oral and written communication are strongly emphasized. Laboratory work is required. (Winter)

**SPAN 207. Intermediate Spanish I (D-1) 3 hours**

**Prerequisite:** SPAN 102 or score a minimum of 356 on a placement examination or approval of the department.

Continued emphasis on development of listening and speaking skills. There is, however, an increased emphasis on reading and writing skills through the study of short selections of Spanish literature. Laboratory work is required. Students may get credit for this course by passing a "challenge examination" with a B grade. For information on this examination, students should refer to SAU *Catalog* and/or Modern Languages faculty for details. (Fall)

**SPAN 208. Intermediate Spanish II (D-1) 3 hours**

**Prerequisite:** SPAN 207 or score a minimum of 440 on a placement examination or approval of the department.

This course maintains a strong emphasis on listening and speaking skills. Through reading of more extensive texts and informal writing as a support for speaking, it develops oral fluency and more effective narrative. Laboratory work is required. Students may get credit for this course by passing a "challenge examination" with a B grade. For information on this examination, students should refer to the SAU *Catalog* and/or Modern Languages faculty for details. (Winter)

**SPAN 243. Composition and Conversation (D-1) 3 hours**

**Prerequisite:** SPAN 208 or approval of the department.

An intensive course aiming at proficiency in understanding, speaking, reading, and writing in Spanish. This course is conducted in Spanish with a high emphasis on elaboration of formal writing. This course offers an opportunity for students to participate at a higher level of language fluency, both, oral and written. (Fall)

**SPAN 354. Hispanic Culture and Civilization 3 hours**

**Prerequisite:** SPAN 243 or approval of the department.

A course designed to study the social, political, economic, artistic, intellectual, and religious aspects of Spanish-speaking society, their diversity of cultures, their interaction, and their past and present projection toward participation in a global arena. (Winter)

**SPAN 355. Survey of Spanish Literature (D-2) (W) 3 hours**

**Prerequisite:** SPAN 243 and ENGL 216 for Spanish/Spanish Teaching majors or approval of the department.

This course is designed to study the history and development of Spanish literature, the many factors affecting literary productions, and the analysis of contemporary Spanish society. As a survey, this course contemplates Medieval Spanish literary productions to present literary movements in Spain. (Fall)

**SPAN 356. Survey of Spanish-American Literature (D-2) (W) 3 hours**

**Prerequisite:** SPAN 243 and ENGL 216 for Spanish/Spanish Teaching majors or approval of the department.

This course is designed as a survey of Spanish-American literary production from travel writing in the Sixteenth Century to contemporary literary productions in the many cultures of countries understood as the Americas. (Winter)

**SPAN 360. Spanish Through Genre Analysis (W) 3 hours**

**Prerequisites:** ENGL 216; SPAN 243.

This course is a historical study of some major literary works from Spain and Spanish America as presented in short story, novel, drama, poetry, and essay. Special emphasis given to political impact, social context, and individual characteristics of literary works chosen. This course will be conducted entirely in Spanish and will focus on active speaking, reading, text analysis, and writing.

**SPAN 457. U.S. Latino Literature (D-2) (W) 3 hours**

*This course is cross-listed with ENGL 457. A student may receive credit for this course from only one program.*

**Prerequisite:** SPAN 243 and ENGL 216 or approval of the department.

This course is designed to approach literary productions of U.S. Latinos and their cultural significance in contemporary U.S. society. The inevitable linguistic encounter on a common "national" space of literary production presents a variety of works that project a social struggle, a political agenda, and a beauty of narrative by non-canonical authors in the U.S. (Fall, alternate years)

**SPAN 458. Mexican-American Literature (D-2) (W) 3 hours**

**Prerequisite:** SPAN 243 and ENGL 216 or approval of the department.

This course is designed to contemplate the literary production of "border" Spanish speakers, and their linguistic evolution into what is known today as Chicano/a literature. Such space of production also reflects and portrays a level of militancy that affects, and is projected through, this literary space. A variety of topics (including participation on U.S. economy) are geared to understand the cultural differences among Spanish speakers in the cultural space known as "America." (Winter, odd years)

**SPAN 265/465. Topics in Spanish 1-3 hours**

Selected topics in Spanish presented in a classroom setting. Subject covered will determine how the course applies to the major. This course may be repeated for credit.

**SPAN 490. Comprehensive Examination Preparation 1 hour**

This particular course is a time designed to provide academic support for Spanish majors who will be taking the departmental written examination required for graduation. Faculty will meet with the student regularly to assure that the student has covered all materials pertinent to this examination. Spanish majors must take this course prior to graduation in the last semester.

**SPAN 295/495. Directed Study 1-3 hours**

A course emphasizing individual directed study. This course is for students who want to conduct independent research in a specific subject of modern languages. Faculty will assist student with selection of topic and serve as consultant for the project. This course is limited primarily to the department majors and must be approved by the Chair of Modern Languages.

**II. Courses offered at the ACA language schools**

For a complete listing of courses available for credit at the ACA campuses, see the 2006-07 ACA *Catalog* in Southern Adventist University's Modern Languages Department.

## EDUCATION

**EDUC 438. Curriculum Content Methods/Languages 1 hour**

**Prerequisite:** Admission to the Teacher Education Program.

Attention is given to methods and materials of language instruction, planning, testing,

and evaluating student performance; they survey and evaluation of textbooks appropriate for language teaching and learning is also included.

(D-1) (D-2) (W) See pages 27-31 for General Education requirements.

# SCHOOL OF MUSIC

---

**Dean:** W. Scott Ball

**Faculty:** Gennevieve Brown-Kibble, Peter J. Cooper, Judith Glass,  
Laurie Redmer Minner, Ken Parsons, Julie Penner

**Adjunct Faculty:** Martha Boutwell, Bob Burks, John Burroughs, Laura Elder,  
Robert Hansel, Gordon James, Elaine Janzen, Nora Kile, Bruce Kuist,  
Mark Reneau, Sherilyn Samaan, Clinton Schmitt, Patricia Silver, James  
Stroud,  
Nikolasa Tejero, Hazel von Maack, Gary Wilkes

## MUSIC

The faculty of the School of Music believes that music is one of the arts given to humankind by his Creator to be used in the worship of God and to enhance the quality of life. In harmony with this philosophy, course work is offered that meets the needs of the general university student as well as music majors and minors.

The School of Music offers two baccalaureate degrees, the Bachelor of Music degree in music education and the Bachelor of Science degree in music. Both degrees require courses in music theory and history, as well as a high level of achievement in a major performance area. The Bachelor of Music degree emphasizes the skills necessary for teaching music, with special emphasis on the training of teachers for the Seventh-day Adventist school system. The Bachelor of Science degree affords the student the opportunity to choose one of three tracks: (1) General, (2) Music Theory and Literature, (3) Music Performance.

## ADMISSION REQUIREMENTS

Music majors must fulfill all the general admission requirements of the University. Acceptance to the University, however, does not guarantee admission to the School of Music as a music major. The prospective music major is required to take written and aural entrance examinations in music theory and a performance examination in the applied area. To obtain Freshman Standing as a music major, the student must qualify for MUCT 111, Music Theory I and MUPF 189, Concentration. Continuation in the music program is contingent upon satisfactory progress toward a degree measured by regular assessment checkpoints, described in the following pages.

## GENERAL REQUIREMENTS

**Functional Piano:** All music majors must demonstrate keyboard proficiency by passing a piano proficiency examination or successfully completing Class Piano 1-4. Keyboard proficiency includes the ability to play hymns, scales, triads, arpeggios, several moderately easy compositions and accompaniments, and harmonize simple folk melodies. Students will take a piano placement test during the first week of the first semester in residence.

**Applied Music Credit:** One semester hour of credit will be given for twelve half-hour lessons with a minimum of four hours of practice per lesson. Performance Concentration grades are assigned following a jury examination at the end of each semester. (See Music Lesson Fees under Financial Policies section of this *Catalog*.)

**Concert and Recital Attendance:** Full-time music majors (students taking 12 or more credits) are required to attend, as a non-performer, six School approved concerts per semester, except for the student teaching semester. Attendance shall include faculty recitals, student junior and senior recitals, and music general recitals.

Failure to meet this requirement will nullify music major status.

**Music Ensemble Participation:** All music majors are required to participate in an appropriate music ensemble every semester in full-time residence (12 or more hours). During the student teaching semester, students are exempted from this requirement. Teacher certification candidates must, however, complete eight hours of appropriate ensembles. Appropriate ensembles are defined as follows: string majors, Symphony Orchestra; wind and percussion majors, Wind Symphony; voice majors, SAU Chorale; keyboard majors, any of the above. Students are encouraged to participate in a variety of other ensembles as time permits.

## ASSESSMENT

The School of Music has an ongoing program of student assessment. This program includes the following:

### 1. PERFORMANCE EVALUATIONS

#### a. Concentration:

Music Performance Concentration (MUPF 189, 389) grades will be based on the student having met the following criteria:

1. Completed at least 12 lessons for the semester. (One-half hour lesson=one semester hour credit; one hour lesson=two semester hours credit.)
2. Practiced a minimum of four hours each week for each semester hour of credit. The student will keep a "Daily Practice Log" for his/her verification of meeting this requirement. (Two semester hours of credit=eight hours of practice per week.)
3. Studied, completed, and performed sufficient literature to warrant the credit hours for which the individual is registered. (The number, length, and/or difficulty level of the work(s) studied and of the work(s) prepared for performance are the basis for this criterion. Where appropriate, other factors such as memorization will be considered.)
4. Performed on at least one Music General Recital during the semester. Organ students may meet this requirement through a service performance (e.g. convocation, evensong, worship service).
5. Completed the end of the semester jury examination and received a performance grade as determined by the Music Faculty (50%) and the Private Lesson Instructor (50%).  
Unsatisfactory performance in any item above will negatively affect the final Performance Concentration grade.

A grade of C- or lower will not count toward the Performance Concentration requirements.

A grade of C or lower for two consecutive semesters will result in the student being dropped as a Music Major. Reinstatement can be achieved only by applying to the Music Faculty and successfully completing an audition for reinstatement in the Performance Concentration area. Audition for reinstatement may be requested only once.

#### b. Applied Music:

Applied Music (MUPF 129, 329) grades will be based on the student having met the following criteria.

1. Completed at least 12 lessons for the semester. (One-half hour lesson=one semester hour credit; one hour lesson=two semester hours credit.)
2. Practiced a minimum of four hours per week for each semester hour of credit. The student will keep a "Daily Practice Log" for his/her verification of meeting this requirement. (Two semester hours credit=eight hours practice per week.)
3. Studied, completed, and performed sufficient literature at the individual student's level to warrant the credit hours for which the individual is registered.

Unsatisfactory performance in any item above will negatively affect the final Applied Music grade.

#### 2. APPLICATION TO MUSIC MAJOR TRACK

Music majors with Freshman Standing must apply to the Music Faculty for acceptance to a specific track upon completion of the freshman year. The following tracks are available: B.Mus. Music Education; B.S. Music/General; B.S. Theory and Literature; B.S. Performance. The faculty's decision is based upon the following:

- a. Satisfactory progress in academic coursework (minimum of 2.5 grade point average in MUCT and MUHL courses).
- b. Satisfactory progress in performance area (based on jury evaluations).
- c. Other criteria specific to Music Education and Performance concentrations.

#### 3. SOPHOMORE EVALUATION AND JUNIOR STANDING

Music majors must apply for junior standing at the end of the sophomore year.

These requirements are as follows:

- a. An overall grade point average of 2.00 for the Bachelor of Science degree and 2.75 for the Bachelor of Music degree.
- b. A grade point average of 2.75 in all music courses.
- c. Demonstration of keyboard proficiency.
- d. Completion of MUCT 211-212,221-222.
- e. Completion of at least four hours of MUPF 189: Concentration.

Faculty evaluation of the application for junior standing will result in the student's receiving one of the following classifications: (a) Pass, Bachelor of Music; (b) Pass, Bachelor of Science; (c) Probation; (d) Fail. Junior Standing requirements must be met at least two semesters before graduation.

#### 4. SENIOR RECITAL

All music degree candidates will present a senior recital. The student must be registered for private instruction while preparing for the senior recital. A faculty audition of the complete program must be scheduled at least three weeks before the recital date. Junior Standing as a music major is prerequisite to scheduling the faculty audition of the senior recital. Unsatisfactory performance at this audition will result in a rescheduling of the recital date.

Following the senior recital, the music faculty will vote either to accept the performance or to require all or portions of the recital to be repeated. The student will not be cleared

for graduation until successful completion of the senior recital. Upon music faculty approval, the senior recital requirement may be partially fulfilled through a conducting or chamber music performance.

#### 5. SENIOR ASSESSMENT EXAMINATION

During the senior year each graduating senior will take the nationally

standardized Major Field Achievement Test. The results of this examination will be used to help determine the effectiveness of the music program and the competency level of the graduates.

**BACHELOR OF MUSIC DEGREE IN MUSIC EDUCATION**

The Bachelor of Music degree in music education meets state and denominational certification requirements. Students must apply for admission to the Teacher Education Program through the School of Education and Psychology prior to taking upper division education courses. Each student will be responsible to determine the additional courses

that may be required for certification in the state of his/her choice. This information can be obtained at the School of Education and Psychology.

State certification and graduation requirements for Music Education majors include passing the Praxis II Specialty Test in Music Education at the 480 level.

*Prerequisites:* Performance examination for freshman standing. For music majors and minors.  
 Private instruction in voice, piano, organ, or orchestral instrument. One-half hour lesson and a minimum four hours practice per week are required for each hour of credit granted. Private lessons for voice majors and minors include attendance at a weekly voice performance class. All students must perform on at least one Music General Recital and complete a Jury Examination at the end of the semester. May be repeated for credit. (Fall, Winter, Summer)
- MUPF 225. Singers Diction I (G-1)** **2 hours**  
 An introduction to the study of Italian, German, French, and English pronunciation, using the International Phonetic Alphabet. (Fall, odd numbered years)
- MUPF 226. Singers Diction II (G-1)** **2 hours**  
*Prerequisite:* MUPF 225 or permission of instructor.  
 The advanced study of Italian, German, French, and English pronunciation, using the International Phonetic Alphabet. (Winter, even numbered years)
- MUPF 273. Basic Conducting (G-1)** **1 hour**  
*Prerequisite:* MUCT 111  
 The development of basic conducting skills, focusing on beat patterns, expressive gestures, score preparation and rehearsal techniques. (Fall)
- MUPF 279. Service Playing (G-1)** **1 hour**  
*Prerequisite:* Two hours MUPF 189 (organ) or permission of instructor.  
 The development of skills requisite to playing both liturgical and non-liturgical services, including hymn playing, choral and solo accompanying, conducting from the console, improvisation and modulation, and selection of appropriate preludes, offertories, and postludes. Performance experience required. May be repeated for credit.
- MUPF 289. Accompanying (G-1)** **1 hour**  
*Prerequisite:* Two hours MUPF 189 (piano) or permission of instructor.  
 The development of skills requisite to accompanying solo, choral, congregational, and worship service performance. Performance experience required. May be repeated for credit.

**MUPF 308. Group Voice Instruction (G-1) 1-2 hours**

Intermediate to advanced voice. The instruction will emphasize voice techniques through vocalises and solo performance (both in class and for recitals.) May be repeated for credit.

**MUPF 329. Applied Music (G-1) 1-2 hours**

*Prerequisite:* Two hours of MUPF 129 or permission of instructor.

Private instruction in voice, piano, organ, or orchestral instrument. One-half hour lesson and a minimum four hours practice per week are required for each hour of credit granted. May be repeated for credit. (Fall, Winter, Summer)

**MUPF 334. Chamber Music (G-1) 1 hour**

Study and performance of chamber literature for various combinations of strings, brass, woodwinds, and percussion from the earliest examples to works of the 20<sup>th</sup> century. May be repeated for credit.

**MUPF 344. Instrumental Literature (G-1) 2 hours**

Study and performance of solo literature for strings, brass, woodwinds, or percussion from the earliest examples to works of the 20<sup>th</sup> century.

**MUPF 373. Choral Conducting (G-1) 2 hours**

*Prerequisite:* MUPF 273.

The study of choral conducting, including the basic elements of tonal development, diction, vocal problems, formal structure, analysis, style, administration and a general survey of choral literature. Development of conducting technique in class and rehearsal settings. (Winter, odd numbered years)

**MUPF 374. Instrumental Conducting (G-1) 2 hours**

*Prerequisite:* MUPF 273.

The study of band and orchestral scores, covering elements of style, form, and interpretation. Emphasis on instrumental problems and transpositions. Development of baton technique through conducting instrumental ensembles. (Winter, even numbered years)

**MUPF 389. Concentration (G-1) 1-2 hours**

*Prerequisite:* Junior Standing as Music Major or approval of music faculty.

For music majors and minors. Private instruction in voice, piano, organ, or orchestral instrument. One-half hour lesson and a minimum four hours practice per week are required for each hour of credit granted. Private lessons for voice majors and minors include attendance at a weekly voice performance class. All students must perform on at least one Music General Recital and complete a Jury Examination at the end of the semester. May be repeated for credit. (Fall, Winter, Summer)

Courses MUPF 108, 129, and 329 are open to any student of the University as elective credit toward the B.A. or B.S. degree. The music major or minor may not apply these toward his applied music concentration. Students desiring to study organ must pass the Functional Piano Examination.

Courses MUPF 189 and 389 are courses primarily for the music major and minor, but they may be elected by anyone who passes the examination for freshman standing. Jury examinations are required with these course numbers.

The following performance areas may be studied: voice, piano, classical guitar, organ, violin, viola, cello, double bass, flute, oboe, clarinet, saxophone, bassoon, trumpet, French horn, euphonium, trombone, baritone tuba, and percussion instruments.

## CHORAL ENSEMBLES

Choral ensembles are open to all University students through audition. Each ensemble meets three periods per week and offers one hour credit each semester. Regular attendance at performances and rehearsals, including dress rehearsals, is required.

Ensembles for which academic credit is granted are organized and sponsored by the members of the music faculty. All may be repeated for credit.

**MUPF 118/318. I Cantori (G-1) 1 hour**

A carefully balanced SATB chamber choir comprised of students with advanced vocal potential and experience. In addition to their distinctive chamber choir experience, members of I Cantori form the leadership core for Bel Canto and Die Meistersinger. Performance opportunities include a variety of on-campus presentations and off-campus tours. Must be members of Bel Canto or Die Meistersinger. Membership commitment is expected for the entire academic year.

**MUPF 119/319. Bel Canto (G-1) 1 hour**

A choral ensemble for women with beginning through advanced levels of experience. Bel Canto functions independently and also with Die Meistersinger as a combined SATB ensemble. Performance opportunities include a variety of on-campus presentations.

**MUPF 158/358. Die Meistersinger Male Chorus (G-1) 1 hour**

A choral ensemble for men with beginning through advanced levels of experience. Die Meistersinger functions independently and also with Bel Canto as a combined SATB ensemble. Performance opportunities include a variety of on-campus presentations.

**MUPF 188/388. Vocal Ensemble Experience (G-1) 1 hour**

A course designed to provide credit for participants in major choral works, musical productions, and other school-sponsored vocal activities. This course does not fulfill the music ensemble requirement for music majors.

## INSTRUMENTAL ENSEMBLES

Instrumental ensembles are open to all University students through audition. Each ensemble meets three periods per week and offers one hour credit each semester. Regular attendance at rehearsals and performances is required.

Course numbers MUPF 178 and 378 do not fulfill the music ensemble participation requirement for music majors except those taking a keyboard concentration. Music majors other than those taking a keyboard concentration who wish Instrumental Ensemble Experience credit must be registered concurrently in Wind Symphony or Symphony Orchestra.

Ensembles for which academic credit is granted are organized and sponsored by members of the music faculty. All may be repeated for credit.

**MUPF 128, 328. Wind Symphony (G-1) 1 hour**

A large touring ensemble of woodwind, brass, and percussion players performing a wide variety of Grade 4-6 (Advanced) wind literature, both sacred and secular. Membership commitment is expected for the entire academic year.

**MUPF 138, 338. Symphony Orchestra (G-1) 1 hour**

A large touring ensemble that performs standard orchestral works from the Classical, Romantic, and Modern periods. Membership commitment is expected for the entire academic year.

**MUPF 178, 378. Instrumental Ensemble Experience (G-1) 1 hour**

**(D-3) (G-1) (W)** See pages 27-31 for explanation for General Education requirements.

# NONDEPARTMENTAL COURSES

---

**COOP 265/465. Cooperative Education** **1-6 hours**

This course allows students to receive credit for work experience. The assignments must be a specific program designed as an internship with an agreed upon description of the type of work, arrangements for supervision, and methods of evaluation. One hour of credit requires a minimum of 50 work hours. A maximum of six credit hours of cooperative education may be applied to a degree.

**NOND 080/090. Academic Power Tools** **0 hours [Non-Credit]**

This course is designed to assist students make a successful transition to university life. Course materials will focus on academic skills, time management, career choice, relationships with peers and professors, and sources of assistance to resolve problems. An additional fee of \$604 is charged above the flat-rate tuition fee.

**NOND 099. Student Missions Orientation** **0 hours [Non-Credit]**

This class is administered by the University Chaplain. A course designed to help students better understand cultural differences, interpersonal relationships, health care for others and themselves, social and monetary problems, personal qualifications for service, and relevant denominational policies for overseas service. The class is required by the General Conference of Seventh-day Adventist for those under appointment as student missionaries. The class is also a prerequisite for students participating in the North American Division Task Force Program. (Winter)

**NOND 227-228. Christian Service I, II** **6,6 hours**

This class is administered by the University Chaplain.

**Prerequisite:** NOND 099.

A two-semester sequence for elective credit only, designed for student participants in the North American Division Task Force and Student Mission Program. The credit is primarily field work characterized by Christian witnessing and other assignments. Other activities may be designated. Students may earn six credit hours by completing one semester or twelve credit hours by completing a full academic year. Periodic reports from the students and on-site supervisors may be required. A rebate of \$3,325/semester to cover 90% of the tuition (\$3,105) and the full general fee (\$220) applies to these classes. The policy for tuition refunds applies. The date the college receives notification of withdrawal will be the official withdrawal date. May not be repeated for credit.

# SCHOOL OF NURSING

---

**Dean:** Barbara James

**Faculty:** Pamela Ahlfeld, Desiree Batson, Judith Dedeker, Bonnie Freeland, Holly Gadd, David Gerstle, Lorella Howard, Jaclynn Huse, Dana Krause,

Sylvia Mayer, Callie McArthur, Christine Moniyung, Carmen Plott, Elizabeth Snyder, Shirley Spears, Judy Winters

**Coordinator of Nursing Admissions and Progression:** Linda Marlowe

## MISSION STATEMENT

The mission of the School of Nursing is to provide a Christian learning environment that values academic excellence and fosters personal and professional growth to meet the diverse needs of individuals, families, and communities.

## ASSOCIATE AND BACCALAUREATE PROGRAMS

The School of Nursing (SON) program at Southern Adventist University leads to a baccalaureate degree (BS) in nursing with the option to exit at the associate degree (AS) level. Students entering the nursing program are encouraged to declare the BS degree when they apply to the University. Registered nurses with an AS degree from a nursing program accredited by the National League for Nursing Accrediting Commission (NLNAC) may progress into baccalaureate level nursing or accelerated Registered Nurse (RN) to Master of Science (MSN) program. Diploma and AS degree graduates from a non-accredited program will be evaluated on an individual basis.

The nursing curriculum is based on the Neuman Systems Model (NSM) which emphasizes wholistic health. The curriculum leads to an Associate of Science degree in nursing which may be completed in four semesters, plus a summer once the student begins clinical nursing courses. Upon completion of the AS degree requirements, the student is eligible to take National Council Licensure Examination (NCLEX-RN).

The curriculum in the BS Program enhances professional opportunities through study in theoretical and clinical nursing. The program may be completed in two to three semesters.

The accelerated RN to MSN program allows the RN to combine baccalaureate and masters level course work in a condensed program of five to six full-time semesters. Accelerated program emphases include Adult and Family Nurse Practitioner, Nurse Educator, and a dual degree MSN/MBA with a focus on Health Care Administration (see SAU *Graduate Catalog* for complete program information).

A limited number of students are accepted into each program in Fall and Winter semesters of each year.

A well-equipped Learning Resource Center (LRC), clinical skills laboratory, and a tutorial program, Assisting Students to Achieve Professionally (ASAP) are provided to facilitate learning.

## POLICIES

Students admitted to nursing courses will accept personal responsibility for their learning and professional behavior. Each student contracts to abide by policies as stated in the SON Student Handbook.

Students will be expected to provide their own transportation for all

clinical appointments.

A laboratory fee is assessed per AS clinical class and per BS nursing class to help offset expenses which are not covered by regular tuition.

The Tennessee Board of Nursing (TBN) and other State Boards reserve the right to deny licensure if the applicant has committed a crime other than a minor traffic violation. The SON reserves the right to deny admission to or remove students from

the nursing program who have records of misconduct, legal or otherwise, that would jeopardize their professional performance.

The SON reserves the right to revise, add, or withdraw policies and/or courses as necessary to ensure a quality nursing program.

### ACCREDITATION

The programs in nursing are fully accredited by the National League for Nursing Accrediting Commission (61 Broadway, New York, NY 10006, (212)363-5555, ext. 153). They are approved by the TBN.

### ASSESSMENT

The SON has a comprehensive assessment program. AS and BS students are required to complete standardized competency examinations throughout the nursing curriculum. The AS graduate is eligible to take the NCLEX-RN examination. The TBN requires an annual pass rate of 85% or higher on the NCLEX-RN for a school to maintain approval.

### ADMISSION REQUIREMENTS

The final decisions on acceptance and progression in nursing are made by the SON. Declaration as a nursing major is not the equivalent of acceptance to the SON. Minimum requirements for admission to nursing courses are listed below:

1. Acceptance to Southern Adventist University.
2. A diploma from a four-year accredited high school or the equivalent.
3. Evidence of mental and moral fitness. References or information may be required.
4. A minimum of 550 on the Test of English as a Foreign Language (TOEFL) for students whose native language is not English.
5. Current American Heart Association Healthcare Provider CPR certification that must be maintained throughout the nursing program.
6. Signed release for a criminal background check.
7. Signed release for drug screen.
8. Foreign student transcript evaluation by World Education Services. The cost for this evaluation will be paid by the applicant. The number of credits accepted for transfer to Southern Adventist University may vary from those listed on the evaluation, in accordance with the policies of Southern Adventist University.
9. Evidence through a health verification form and all required tests, including immunizations, that student is in good health and free from communicable diseases.
10. In compliance with the Americans with Disabilities Act, students must be, with reasonable accommodation, physically and mentally capable of performing the essential functions of the program. The Core Performance Standards for Admission and Progression developed by the Southern Council on Collegiate Education for Nursing include:
  - a. Critical thinking ability sufficient for clinical judgment.
  - b. Interpersonal abilities sufficient to interact with individuals, families, and groups.
  - c. Communication abilities sufficient for interaction with others in verbal and written form.

- d. Physical abilities sufficient to move from room to room and maneuver in small spaces.
- e. Gross and fine motor abilities sufficient to provide safe and effective nursing care.
- f. Auditory abilities sufficient to monitor and assess health needs.
- g. Visual abilities sufficient for observation and assessment necessary in nursing care.
- h. Tactile ability sufficient for physical assessment.

### **Associate Degree**

Enrollment in the AS Nursing Program is limited, therefore admission is a competitive process. Meeting minimum admission requirements does not guarantee acceptance into clinical nursing courses. The SON faculty consider overall and cognate G.P.A., ACT scores, university courses completed, and length of time at SAU when determining the fall and winter nursing classes.

Minimum requirements for admission to associate degree nursing courses are as follows:

1. Two semesters of high school chemistry with a minimum grade of "B" or CHEM 111 with a minimum grade of "C."
2. ACT scores with a minimum standard enhanced score of 16 (if less than 16, a college math course is required); 20 in Reading (or Nelson-Denny); and 19 in English (if less than 19, an English class is required).
3. Science credits (Anatomy & Physiology, Chemistry, Microbiology, Nutrition) earned more than eight years prior to admission will not be accepted. Applicants may choose to validate knowledge by examination or by repeating the course.
4. A minimum current and cumulative university grade point average of 2.80 on a 4.00 scale in nursing cognate and solid courses (math, science, English, history, foreign language) is required before consideration for clinical nursing courses is given.
5. Students may be asked to take a standardized nursing admission assessment examination. Scores on this examination will be utilized in the selection process for admission to clinical nursing courses.
6. Transfer students from another nursing program will be evaluated individually and accepted on a space available basis.
7. Students who have successfully completed a practical nurse program and NRSG 103, Associate Nurse Perspectives, may receive eight (8) credit hours of advanced placement in nursing and will articulate directly into the second semester of the nursing curriculum on a space available basis.
8. ACT-PEP examinations in Anatomy and Physiology (8 credits) and microbiology (4 credits) will be accepted as an alternative method of college credit for LPNs if these credits are already on the transcript when applying to the nursing program.

The following should be sent by February 1 (Fall Admission) or September 1 (Winter Admission) to the University Director of Admissions: (1) application to the University (2) application to the SON (3) high school and college transcripts (4) ACT scores. The applicant is responsible to see that all application materials are received by the SON.

Students accepted to clinical nursing are required to send a Nursing

Education deposit of \$400 to hold their place in the class.

### **Baccalaureate Degree**

Students wishing to enter BS nursing courses must send an application to the SON's Admissions Coordinator. Upon acceptance to the nursing program, courses listed in the current catalog will be required. All non-nursing course requirements must be met in order to complete BS nursing courses in one year.

Minimum requirements for admission to the baccalaureate nursing program are as follows:

1. Current license as a registered nurse in Tennessee or current multistate license with privilege to practice in the state of Tennessee prior to registering for the final semester.
2. A minimum grade point average of 2.50.
3. Recommendation from nursing faculty in the student's basic nursing program.
4. An interview with the BS program coordinator or designee, if requested.
5. Experience:  
Documentation of clinical experience (satisfactory work performance recommendation), and/or RN Update or additional clinical experience may be required.
6. Nursing Credits:  
Graduates of NLNAC accredited AA/AS and Diploma Nursing Programs: When entering the baccalaureate nursing program, a transfer student will have placed in escrow 29 credits of associate degree level nursing and eight (8) credits of upper division nursing (NRS 305,309). After successfully completing 10 semester hours of BS nursing courses at Southern Adventist University, these credits held in escrow will be placed on the transcript as accepted credits toward a BS degree with a major in nursing.
7. General Education and Cognates: ACT-PEP examinations in Anatomy and Physiology (8 credits), Chemistry 111 (3 credits), and Microbiology (4 credits) will be accepted as an alternative method of university credit for RNs if these credits are already on the transcript when applying to the nursing program.
  - A. Associate Degree  
Graduates of a state approved associate degree program will be considered to have met General Education requirements for the first two years of the program with the exception of Introduction to Public Speaking, English, Math, Fitness for Life, and Computer Competency provided that the GPA is 2.5 or above. If ENGL 101, 102, COMM 135, PEAC 225, math and computer competency requirements were not included in the associate degree program, they must be taken in fulfillment of the Bachelor of Science degree General Education requirements.
  - B. Diploma Graduate
    1. Credit is acceptable for courses comparable to those required at Southern Adventist University if received from an accredited senior or junior college or by examination according to the policy stated in this *Catalog*.
    2. All cognates for the associate degree level must be completed before entering baccalaureate nursing courses. General Education requirements may be taken concurrently.
8. Students in third semester associate degree nursing courses may take: Nursing Assessment (NRS 328), Nursing Pharmacology (NRS 389),

- or Pathophysiology (NRSG 434) if they have taken all general education and cognates for associate and baccalaureate nursing and if approved by BS faculty.
9. Students may take Applied Statistics for Health Professions (NRSG 316) after completion of 40 semester hours of lower division courses.

## **PROGRESSION REQUIREMENTS**

### **Associate Degree**

1. A minimum grade of "C+" (2.30) is required in each nursing course for progression with a cumulative GPA of 2.30 in nursing and a 2.50 overall GPA on a 4.00 scale for graduation.
2. A minimum grade of "C" is required in each nursing cognate with a minimum cumulative grade point average of at least 2.50 on a 4.00 scale in the cognates for progression in nursing. Cognate courses are BIOL 101, 102; NRNT 125; PSYC 129; BIOL 225.
3. One failed nursing course may be repeated.
4. If a student is unable to progress due to a second nursing failure in the third or fourth semester, he/she may reapply one time to restart the program (See readmission requirements). No courses may be repeated after the student restarts. Readmission to the nursing program is on a space available basis.
5. Students who do not complete a semester or progress with their class, cannot be assured placement in their choice of a subsequent course.
6. Students are required to demonstrate satisfactory performance on standardized tests. If the required performance level is not achieved, remedial work must be completed to progress in the program.
7. Any cognate course taken off campus during the time the student is enrolled at Southern Adventist University (school year or Summer) must be approved by the Dean of the SON.
8. A student who withdraws from a nursing course or chooses not to progress to the subsequent course in the next semester that it is offered should notify the Admission and Progressions Coordinator immediately. The process for re-entering

the nursing program is outlined under "Readmission Requirements".

**Baccalaureate Degree**

1. A minimum grade of "C" (2.00) is required in each nursing and cognate course for progression. Cognate courses are CHEM 111, 112; RELT 373; SOCI 349.
2. A minimum nursing and cognate GPA of 2.50 on a 4.00 scale is required for graduation.
3. One failed nursing course may be repeated.
4. Any cognate course taken off campus during the time the student is enrolled at Southern Adventist University (academic year or summer) must be approved by the Dean of the SON.

**READMISSION REQUIREMENTS**

1. Apply for acceptance to Southern Adventist University.
2. Submit a nursing reapplication form to the SON.
3. A cumulative grade point average of 2.50 on a 4.00 scale is required for readmission to the nursing program.
4. Specified requirements as set forth by the SON relating to the individual applicant must be met.
5. A personal interview with a designated nursing faculty member is required.
6. If a lapse of time greater than two years occurs in a student's AS program, prior nursing credits will not be accepted unless an applicant can validate nursing knowledge and skills through written examination and clinical performance.
7. Students will be readmitted on a space available basis.

**NURSING****NRSG 090. Registered Nurse Update****Non-credit**

A non-credit course designed for the inactive nurse with a license who is intending to return to practice or to reinstate a permanent license as an RN or LPN nurse in the State of Tennessee. Includes both theory and clinical experience

**NRSG 103. Associate Nurse Perspectives****1 hour**

**Prerequisite:** Successful completion of the following: an approved LPN program; Nursing Mobility Profile I Examination; examination over basic skills common to all areas of nursing. A course designed to supplement and prepare the Licensed Practical Nurse for advanced placement and career mobility.

**NRSG 106. Fundamentals I****4 hours**

**Prerequisites:** Admission to the School of Nursing; Chemistry and Math (see AS admission requirement); BIOL 101;

**Co-requisites:** BIOL 102; NRNT 125.

A foundation course that introduces the NSM in which health assessment is viewed

from the physiological, psychological, sociocultural, developmental, and spiritual variables of client systems. The eight natural remedies will be presented with an emphasis on primary prevention. The nursing process and basic skills are introduced.

Application of nursing assessment, process, and skills will be in long-term care facilities. Three hours theory and one hour clinical.\* Lab fee 11 will be assessed for this course.

**NRS 107. Fundamentals II 4 hours**

*Prerequisite:* NRS 106.

A second foundation course that builds on the NSM and basic nursing concepts mastered in Fundamentals I. The physiological, psychological, sociocultural, developmental, and spiritual variables of adult clients are discussed and applied to clinical care of hospitalized individuals with special emphasis on the surgical patient. Concepts and skills in pharmacology are introduced, practiced, and applied in secondary care clinical facilities. Professional concerns of management, ethics, legal aspects, and interaction with members of the health care delivery system are addressed. Three hours theory and one hour clinical. Lab fee 9 will be assessed for this course.

**NRS 126. Adult Health I 4 hours**

*Prerequisite:* NRS 107; *Co-requisite:* PSYC 129.

A course emphasizing basic theory and practice of nursing in dealing with adults who are experiencing selected non-critical, medical-surgical stressors. The nursing process is utilized to promote physical, psychological, sociological, developmental and spiritual health, intervene in illness, and assist in rehabilitation. Practice takes place in secondary-care settings. Three hours theory and one hour clinical. Lab fee 9 will be assessed for this course.

**NRS 130. Mental Health 4 hours**

*Prerequisite:* NRS 107; *Co-requisite:* PSYC 129.

A course that provides theory and practice in nursing of clients across the lifespan with mental health stressors. The nursing process is utilized to promote physical, psychological, sociological, developmental, and spiritual health, intervene in illness, and assist in rehabilitation. Practice takes place in secondary care and community psychiatric settings. Three hours of theory and one hour clinical. Lab fee 9 will be assessed for this course.

**NRS 191. Nursing Practicum 1 hour**

*Prerequisites:* NRS 126, 130.

A clinical course that provides opportunity for application of theory and skills in an acute and/or skilled care facility directed by a preceptor and faculty liaison. Lab fee 7 will be assessed for this course. (120 clock hours) (Summer) (Pass/Fail)

**NRS 212. Childbearing Family 4 hours**

*Prerequisites:* NRS 126, 130.

A course utilizing the nursing process in providing care for childbearing families. Emphasis will be placed on assessment of stressors that affect the maternal/fetal, newborn, and family units. Consideration will be given to variables affecting expectant families and their infants before, during and immediately following delivery. Practice will take place in secondary-care and community settings. Three hours theory and one hour clinical. Lab fee 9 will be assessed for this course.

**NRS 226. Adult Health II 4 hours**

*Prerequisites:* NRS 126, 130.

A course designed sequentially to provide basic theory and practice of nursing in dealing with adults who are experiencing selected non-critical, medical-surgical stressors. The nursing process is utilized to promote physical, psychological, sociological, developmental and spiritual health, intervene in illness, and assist in rehabilitation. Practice takes place in secondary-care and community settings. Two and three-quarter hours theory and one and one-quarter hours clinical. Lab fee 9 will

be assessed for this course.

**NRSNG 231. Child Health 4 hours**

**Prerequisites:** NRSNG 191, 212, 226.

A course utilizing the nursing process emphasizing primary and secondary prevention with special consideration given to developmental and sociocultural variables in the care of the child rearing family. Practice includes secondary-care and community settings. Three and one-quarter hours theory and three-quarter hour of clinical. Lab fee 10 will be assessed for this course.

**NRSNG 305. Adult Health III 4 hours**

**Prerequisites:** NRSNG 191, 212, 226.

A course utilizing the nursing process in providing primary, secondary, and tertiary preventions and interventions for acutely ill adults and their families in the critical-care settings. Three and one-quarter hours theory and three-quarter hour of clinical. Lab fee 10 will be assessed for this course.

**NRSNG 309. Nursing Seminar 4 hours**

**Prerequisites:** NRSNG 231, 305.

A capstone course that integrates nursing skills with principles of management. Practice takes place in secondary and tertiary care settings where the student manages groups of clients (120 clock hours). Included is a nursing content review course in preparation for NCLEX-RN. Lab fee 10 will be assessed for this course.

**NRSNG 312. Survey of Alternative & Complementary Health Practices 2-3 hours**

This on-line course provides a comprehensive survey of alternative and complimentary health practices. Course content and web-based information allows the student to make informed decisions regarding the efficacy and appropriate application of a wide variety of health practices.

**NRSNG 314. Herbal Therapy 1 hour**

**Pre- or Co-requisite:** NRSNG 305, 309.

This course is a survey of generally accepted herbal therapies, their efficacy and safety. The focus will be on their use in conjunction with over-the-counter and prescription medications. Lab fee 5 will be assessed for this course. (Fall)

**NRSNG 316. Applied Statistics for Health Professions 3 hours**

**Prerequisite:** Meet SAU's math requirements or permission of professor.

A course focusing on applied statistics used in quantitative research studies in the health professions. Research is the foundation for evidence-based clinical, education, and administrative practice in all acute healthcare and preventive health settings. Health professionals must utilize research findings to improve their profession. Understanding basic statistics and how to interpret them in actual and current studies is an essential skill of baccalaureate and advanced health professions. Topics include the research process, ethics used for human participants, especially for vulnerable populations such as persons with chronic and terminal diseases, descriptive and inferential statistics, probabilities, confidence indexes, hypothesis testing, reliability, validity, and sampling. SPSS (statistical software) is used to analyze and display data. Basic computer competency is assumed. Lab fee 5 will be assessed for this course.

**NRSNG 318. Massage and Hydrotherapy 1 hour**

An introductory course that provides a practical and rational approach to noninvasive health care covering the topics of massage, hydrotherapy, and wholistic care. This complementary approach to health care is designed for all majors. Limited enrollment. Lab fee 5 will be assessed for this course.

**NRSNG 321. Mission Nursing 3 hours**

**Prerequisites:** NRSNG 212, 226; **Pre- or Co-requisite:** NRSNG 231.

A course that introduces the nursing student to principles and practices of health care in developing and third world countries. Concepts of basic health education, use of

natural remedies, prevention of diseases throughout the life-cycle are emphasized. A field trip (at student expense) to a developing country in the western hemisphere is optional. Limited enrollment. Lab fee 5 will be assessed for this course.

**NRSRG 322. Transitions in Professional Nursing 3 hours**

**Prerequisites:** NRSRG 231, 305, 309.

A course that assists the registered nurse student in transition from an associate degree or diploma level to the baccalaureate level of nursing. Nursing philosophies, theories, current concepts, issues relevant to professional nursing are emphasized. Nursing career options and the importance of career planning are explored. Field trip may be required. Lab fee 5 will be assessed for this course.

**NRSRG 328. Nursing Assessment 3 hours**

**Prerequisites:** NRSRG 231, 305, 309; **Co-requisite:** NRSRG 322.

A course that provides opportunity for development of more advanced wholistic assessment skills. Health is assessed within the framework of the environment, with attention to intra-, inter-, and extra-personal stressors and system stability. Health education is integrated with the assessment process. Two hours theory, one hour clinical.\*\* Lab fee 5 will be assessed for this course.

**NRSRG 331, 332. Introduction to Nursing Informatics I, II 2, 1 hours**

**Prerequisites:** NRSRG 126, 130.

These courses are designed to introduce nursing students to nursing informatics, a combination of computer science, information science, and nursing science. The student will be introduced to the management and processing of nursing data, information, and knowledge in order to support the practice and delivery of nursing care. (Must take NRSRG 331 before or concurrent with NRSRG 332; may not take NRSRG 332 alone.) Lab fee 5 will be assessed for this course.

**NRSRG 340. Community Health Nursing (W) 5 hours**

**Prerequisites:** NRSRG 231, 305, 309. **Co-requisites:** NRSRG 322, 328, 316.

A course that focuses on the impact of certain stressors on the health of individuals, families, and communities. The NSM as well as Pender's Health Promotion Model are utilized in diagnosis of aggregate health needs. Emphasis is placed on interventions in the primary, secondary, and tertiary levels of prevention. Three hours theory, two hours clinical. Lab fee 5 will be assessed for this course.

**NRSRG 389. Nursing Pharmacology 3 hours**

**Prerequisites:** NRSRG 231, 305, 309; CHEM 111 or 151; **Co-requisite:** CHEM 112 or 152.

A course that focuses on concepts of pharmacokinetics, and pharmacodynamics, adverse responses, major classifications of pharmacologic agents and their prototypes, and use of the nursing process in pharmacologic therapy across the lifespan. Effect of pharmacologic therapy upon client lines of resistance and defense is included. Recently approved pharmacologic agents are incorporated into the course content via student presentations. Lab fee 5 will be assessed for this course.

**NRSRG 412. Preparing to Meet the Firms 1 hour**

This course is made up of a series of topics presented in a seminar setting to provide students with necessary tools to actively pursue and acquire internships and jobs. Topics will include but are not limited to: Résumés, Networking, Corporate Climate, Interviewing, Dress, Portfolios, Company Research, Etiquette. Besides listening to guest presentations, opportunities will exist to interact with guest lecturers and professors about thoughts and theories regarding the area of job acquisition. (Winter)

**NRSRG 434. Pathophysiology 3 hours**

**Prerequisites:** NRSRG 231 305, 309; CHEM 111 or 151; **Co-requisite:** CHEM 112 or 152.

A course that examines alterations in the basic pathologic structure and defense of

humans. Stressors and other internal and external factors that have potential for disrupting homeostasis are examined. Understanding of pathophysiologic processes affecting the health of individuals is presented as a foundation for nursing interventions. Lab fee 5 will be assessed for this course.

**NRS 449. Death and Dying (F-1)** **2 hours**  
*This course is cross-listed with SOCI 249/449, SOCW 249, and PSYC 249. A student may receive credit for this course from only one program. See SOCI 249/449 for course description. (Winter)*

**NRS 265/365/465. Topics in Nursing** **1-3 hours**  
Selected topics designed to meet the needs or interests of students in specialty areas of Nursing not covered in regular courses. This course may be repeated for credit.

**NRS 485. Nursing Leadership and Management** **3 hours**  
**Prerequisites:** TN RN Licensure; NRS 322, 328, 340, 389.  
A course that provides an opportunity for the student to develop leadership and management skills. This is accomplished primarily through leadership, models, management, and administrative experiences in selected clinical settings. Emphasis is placed on the role of the nurse manager in assuring quality of care to individuals and families in primary, secondary, and tertiary care settings. In order to meet the objectives of the course, a field trip may be required. Lab fee 5 will be assessed for this course.

**NRS 490. Complex Nursing** **2 hours**  
**Prerequisites:** TN RN Licensure; NRS 322, 328, 340, 389; **Co-requisites:** NRS 434, 485, 491, 497.  
A capstone course that employs a systemic, problem-based approach which enables the student to synthesize knowledge and principles from previous and current courses. Emphasis is placed on dealing with the physiological, psychological, sociocultural, developmental, and/or spiritual stressors of individuals, families, or aggregates. (Fall, consortium only)

**NRS 491. Senior Nursing Practicum** **2-3 hours**  
**Prerequisites:** TN RN licensure; NRS 322, 328, 340, 389; **Co-requisites:** NRS 434, 485, 490, 497.  
A practicum that focuses on health needs of aggregates in the community. It is designed to give the student opportunity to use critical thinking and decision making skills when integrating theory from previous and current courses to clinical practice within selected settings. Two-three hours clinical. Lab fee 8 will be assessed for this course.

**NRS 295/495. Directed Study** **1-3 hours**  
**Prerequisite:** Approval of school dean.  
Individual study in an area of choice shall be worked out with the school prior to registration. Either upper or lower division credit may be earned. The area of directed study will appear on the transcript. No more than six hours directed study may be applied toward a degree.

**NRS 497. Research Methods in Nursing (W)** **3 hours**  
**Prerequisites:** NRS 231, 305, 309, 316; ENGL 102.  
A course that introduces the research process and its application to the scientific investigation of nursing phenomena and problems related to systems, stressors, and preventions focused on achieving equilibrium. The learner completes a review of literature on a selected topic. Emphasis of the course is focused on skills required to understand, critically evaluate, and utilize research in practice. Lab fee 5 will be assessed for this course.

\*In AS nursing courses, one hour of clinical credit equals 3 clock hours (except NRS 191).

\*\*In BS nursing courses, one hour of clinical credit equals 2-3 clock hours.

**NON NURSING COURSE**

**NRNT 125. Nutrition (F-3)**

**3 hours**

A study of basic nutrition principles and how to reliably combat disease and achieve optimal health through nutrition and lifestyle choices. This course includes current issues in nutrition and a practical application in teaching others.

(F-3) (W) See pages 27-31 for explanation of General Education requirements.

# SCHOOL OF PHYSICAL EDUCATION, HEALTH AND WELLNESS

---

**Dean:** Phil Garver

**Faculty:** Robert Bengé, Harold Mayer, John Pangman, Richard Schwarz, Judy Sloan

**Adjunct Faculty:** Susan Dawn, Jeff Erhard, Bill Godsey, Dwight Magers, Beth Snyder,  
Dennis Thompson

## **MISSION STATEMENT**

The mission of the School of Physical Education, Health and Wellness is to provide: 1) opportunities for students to experience a balanced Christian lifestyle, 2) major courses of study leading to professional careers and/or graduate school, 3) general education courses suitable for all students, 4) recreation for all students and employees, 5) campus-wide leadership for wellness, and 6) public relations opportunities through the Gym Masters' program.

## **DEGREES OFFERED**

B.S. Health, Physical Education and Recreation  
B.S. Health Science  
B.S. Corporate/Community Wellness Management  
B.S. Sports Studies

The courses in Physical Education, Health and Wellness propose to: acquaint students with principles of healthful living, develop physical efficiency, develop life-long fitness and recreational habits, and/or prepare students for careers in physical education, health, wellness management, or related professions.

No grade lower than a C- will be accepted in cognate courses for degrees in the School of Physical Education, Health and Wellness.

To receive a B.S. degree in Health, Physical Education and Recreation, students must successfully complete ALL Teacher Education requirements including student teaching. All non teacher education track Physical Education students will be directed to a Sports Studies track of their choosing.

## **ASSESSMENT**

To help the graduates in Physical Education, Health, and Wellness evaluate their academic progress and to aid the school in evaluating teaching effectiveness, each senior is required during their final semester to:

1. Take an exit exam.
2. Review annual evaluations with advisor.

The results of the assessments are used to evaluate the school programs.

All non teacher education track Physical Education students will be directed to a Sports Studies track of their choosing.

Competency required in PEAC 143, Beginning Tumbling.

Skill deficiencies in each PETH activity unit, 113 through 119 and 214 through 219, will be indicated by grade of C- or less. Deficiencies for these units must be met by taking for no credit the corresponding general education activity course, when available.

Intramural participation is recommended for all majors and minors.

All Pro Act students will be required to dress in t-shirts provided by the school with a portion of the cost charged to the students (approximately \$50—a one time expense).

Students who desire teacher certification must meet the State of Tennessee certification requirements set forth by the School of Education and Psychology.

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s). Teaching endorsement in Health Education K-12 is available.

Non-academic classes such as Kick, Step, and Hydro Aerobics are offered at nominal fees ranging from \$40 - \$75 per semester. These are not for credit.

Students will safely learn the mechanics for flat, moving, and whitewater kayaking. The course will include but not be limited to: basic strokes for propulsion, combat roll techniques, eddy turns, peel outs, upstream and downstream ferrying, surfing, and basic river rescue. Offered on a rotating basis. Lab fee 6 will be assessed for this course.

**PEAC 160. Snow Skiing (G-3) 1 hour**

A course that involves a spring break trip to Colorado. Tuition does not cover trip expenses. Expenses will vary around \$800.

**PEAC 212. Backpacking (G-3) 1 hour**

*This course is cross-listed with EDOE 212, School of Education and Psychology. A student may receive credit for this course from only one program.*

This course is designed to increase your appreciation of hiking and camping as a life long pursuit. This course will include but not be limited to: equipment, clothing, menu planning, basic cooking skills, map and compass navigation, on-trail hiking techniques, safety, and minimum impact camping. Offered on a rotating basis. Lab fee 5 will be assessed for this course.

**PEAC 214. Mountain Biking** **1 hour**

*This course is cross-listed with EDOE 214, School of Education and Psychology. A student may receive credit for this course from only one program.*

This course is designed to acquaint students with the basics of mountain biking. The course will include but not be limited to: choosing a mountain bike, bike maintenance, choosing places to ride, safety, and equipment. A variety of rides from easy to challenging will be required. Students must provide their own bike. Minimal transportation fees may be required.

**PEAC 225. Fitness for Life (G-3)** **1 hour**

This course includes a study of the basic areas of physical fitness and training, in conjunction with a personalized long-range conditioning program for optimal well-being.

Principles of wellness are presented including assessments for nutrition, stress, and multiple areas of physical fitness. Lab fee 3 will be assessed for this course. (Fall, Winter, Summer)

**PEAC 238. Advanced Golf (G-3)** **1 hour**

**Prerequisite:** PEAC 136.

This course focuses on the short game (putting and chipping), specialty shots (fade and draw), and course management.

Advanced students must have:

- A. Own clubs
- B. Successfully completed Basic Golf
- C. Transportation to golf courses
- D. Fees required

**PEAC 243. Gymnastics Team (Gym-Masters) (G-3)** **1 hour**

A "variety show" team which emphasizes acrosport, sports acrobatics, gymnastics, physical fitness and health. Admission will be based on satisfactory performance of try-out requirements. Participation in all tours is required. This course may be repeated for credit. Due to program conflicts, second semester Gym-Masters will not enroll in classes that meet before 1:00 p.m. on Tuesdays and Thursdays.

**PEAC 254. Lifeguarding (G-3)** **1 hour**

**Prerequisite:** 500 yards continuous swim.

*This course is cross-listed with RECR 254. A student may receive credit for this course from only one program.*

Leads to Red Cross Life Guarding certification, First Aid and CPR certification. (Fall, Winter, Summer)

**PEAC 255. Water Safety Instructor (G-3)** **1 hour**

**Prerequisites:** PEAC 254 or equivalent. Must meet stroke performance standards for American Red Cross Swim Level 5.

*This course is cross-listed with RECR 255. A student may receive credit for this course from only one program.*

Leads to Red Cross Water Safety Instructor certification.

**PEAC 261. Introduction to Recreation (G-3)** **1 hour**

A course designed to promote outdoor recreation and provide experience for those interested in preparing for different phases of camp life, outdoor living and activities.

**PEAC 262. Introduction to Camping (G-3)** **1 hour**

A course designed to promote outdoor recreation and provide experience for those interested in preparing for different phases of camp life, outdoor living, and activities. A weekend camping trip with a hike is required. Lab Fee 4 will be assessed for this course.

## PHYSICAL EDUCATION THEORY

- PETH 113. ProAct — Racquetball** 1 hour  
Development of professional skills, including performance and teaching techniques for racquetball. For majors and minors only.
- PETH 114. ProAct — Softball** 1 hour  
Development of professional skills including performance and teaching techniques for softball. For majors and minors only.
- PETH 115. ProAct — Flagball** 1 hour  
Development of professional skills including performance and teaching techniques for flagball. For majors and minors only.
- PETH 116. ProAct — Volleyball** 1 hour  
Development of professional skills including performance and teaching techniques for volleyball. For majors and minors only.
- PETH 117. ProAct — Basketball** 1 hour  
Development of professional skills including performance and teaching techniques for basketball. For majors and minors only.
- PETH 119. ProAct — Soccer** 1 hour  
Development of professional skills including performance and teaching techniques for soccer. For majors and minors only.
- PETH 210. Aerobics Instructor Trainer** 2 hours  
*Prerequisite:* PEAC 225.  
*This course is cross-listed with RECR 210. A student may receive credit for this course from only one program.*  
A course that will prepare a student to take the certification exam for Aerobic Instructors. A certified Instructor will teach this course that will deal with the theory and practice of a variety of aerobic styles. Safety and correct methods will be emphasized.
- PETH 214. ProAct — Tennis** 1 hour  
Development of professional skills including performance and teaching techniques for tennis. For HPER majors and minors only.
- PETH 215. ProAct — Golf** 1 hour  
Development of professional skills including performance and teaching techniques for golf. For HPER majors and minors only.
- PETH 216. ProAct — Fitness for Life** 1 hour  
Development of professional skills including performance and teaching techniques for conditioning. For HPER majors and minors only.
- PETH 217. ProAct — Badminton** 1 hour  
Development of professional skills including performance and teaching techniques for badminton. For HPER majors and minors only.
- PETH 218. ProAct — Track and Field** 1 hour  
Development of professional skills including performance and teaching techniques for track and field. For HPER majors and minors only.
- PETH 219. ProAct — Gymnastics** 1 hour  
Development of professional skills including performance and teaching techniques for

gymnastics. For HPER majors and minors only.

**PETH 240. Coaching for Success** **2 hours**

A study and discussion into sports team organization, recruiting, picking teams, training, game preparation, travel budget, crowd control, facilities management, fund raising, game safety and control, and coaches decorum. Special emphasis will include keeping the game in a "Christian perspective" and establishing a personal coaching philosophy. (Winter)

**PETH 314. Biomechanics** **3 hours**

**Prerequisites:** BIOL 101-102 .

A study of the anatomical and mechanical variables influencing human motion for efficient, safe, and effective movement. The historical impact of leaders in physical education is studied. (Fall)

**PETH 315. Physiology of Exercise (W)** **4 hours**

**Prerequisites:** BIOL 101-102.

Emphasizing the physiological effects of muscular exercise, aerobics, and physical conditioning. Significance of these effects for health, skilled performance, and prevention of disease. Research required. (Winter)

**PETH 325. Personal Trainer** **2 hours**

**Prerequisite:** PEAC 225.

*This course is cross-listed with RECR 325. A student may receive credit for this course from only one program.*

This course is designed to prepare a student to pass a national exam to become a Certified Personal Trainer. This course requires twenty (20) hours of observation/practical experience outside of class. (Fall)

**PETH 363. An Introduction to Measurements and Research of Health and Physical Education** **3 hours**

A survey of tests used in Physical Education and an introduction to statistical procedures for analyzing data and how it may be applied to research. Test Construction and historical perspectives of physical education are dealt with. (Fall)

**PETH 364. Principles and Administration of Physical Education and Recreation (W)** **3 hours**

An integrated study of the principles and administrative concepts of Physical Education and Recreation with emphasis in management needs and skills. (Winter)

**PETH 375. Motor Learning and Development** **3 hours**

A course of study designed to examine motor development and motor behavior as it relates to an individual's maturation process, with emphasis placed on implications for the physical educator. (Winter)

**PETH 437. Adaptive Physical Education** **2 hours**

A course designed to develop an understanding of neurodevelopment and functional ability, of impairments and their implications for motor performance. Emphasis on teaching progressions and exercise programs for special populations. (Fall)

**PETH 463. Elementary School PE Methods** **2 hours**

A course of study designed to acquaint students with the unique aspects of physical education and the adolescent. Special activities include teaching and observation in an elementary school. (Fall, Summer)

**PETH 474. Psychology and Sociology of Sports 2 hours**

An exploration of sports and their involving impact on American culture. Special attention is given to current issues in sports as they relate to the individual in society. (Fall)

**PETH 495. Directed Study (W) 1-3 hours**

For Physical Education majors or minors only. Gives the student the opportunity to pursue knowledge in an area of interest related to health, PE, or recreation. Approval by School Dean required. (Fall, Winter, Summer)

### RECREATION

**RECR 210. Aerobics Instructor Trainer 2 hours**

*Prerequisite:* PEAC 225.

*This course is cross-listed with PETH 210. A student may receive credit for this course from only one program.*

See PETH 210 for course description.

**RECR 254. Lifeguarding (G-3) 1 hour**

*This course is cross-listed with RECR 254. A student may receive credit for this course from only one program.*

See PEAC 254 for course description.

**RECR 255. Water Safety Instructor (G-3) 1 hour**

*This course is cross-listed with PEAC 255. A student may receive credit for this course from only one program.*

See PEAC 255 for course description.

**RECR 268, 269. Officiating Sports Analysis 2,2 hours**

An introduction to administration of and participation in the organization of officiating in team and individual recreational activities.

**RECR 325. Personal Trainer 2 hours**

*This course is cross-listed with PETH 325. A student may receive credit for this course from only one program.*

See PETH 325 for course description.

**RECR 491. Recreation Practicum 1-3 hours**

The student will spend a minimum of 100 credit hours in observing and working with a recreation facility. Appropriate sights will be located in cooperation with your academic adviser.

### EDUCATION

**PETH 441. Secondary Physical Education Methods 2 hours**

*Prerequisite:* Admission to Teacher Education.

The class is designed to provide instruction to pre-service teachers as to the different styles of teaching secondary physical education. Other topics include teacher effectiveness, systematic observation analysis, standards based curriculum planning, and authentic assessment. The class includes observation and practice teaching at local schools

### NON PHYSICAL EDUCATION COURSE

**HLNT 135. Nutrition for Life (F-3) 3 hours**

A general education course introducing a student to the basic principles of human

nutrition. Includes study of the nutrients and the requirements for different age groups and normal physiological conditions. Attention will be given to religious and sociological influences, taking particular note of the counsel of E. G. White.

(F-3) (G-3) (W) See pages 27-31 for explanation of General Education requirements.

## PHYSICS

Many doors of service await students who study physics. Southern Adventist University physics major graduates have become academy and high school teachers, and professors and researchers in physics, in the U.S.A. and overseas. Also, one or more of them has served as aerospace researcher for the Apollo project, anesthetist, chemical researcher, computer systems manager, computer net-work manager at large factory, corporation pilot, dentist, family-practice medical doctor, full-time homemaker, geologist, historian of science, instructor for fossil-fuel power-plant operators, instructor for nuclear-reactor operators, lawyer, mathematician, nuclear-plant walk-down engineer, oceanographer, oil-drilling engineer, planner for Space Station Freedom, radiologist, reliability designer for long-distance telephone systems, radio station engineer, and researcher in educational statistics.

The Physics Department offers B.S. and B.A. degrees in Physics, B.S. in Biophysics, and A.S. in Engineering Studies (see page 133).

The B.S. degree in Physics gives the strongest physics foundation for any physics-related career. The B.A. degree in Physics with teaching certification is recommended for a career in secondary teaching. The B.S. degree in Biophysics should be considered by students planning on advanced study in the fields of medicine, biophysics, physiology, radiation biology, and bioengineering, particularly in view of a career in medical research.

## ASSESSMENT

To help the graduates in Physics evaluate their academic progress and to aid the department in evaluating teaching effectiveness, each senior is required to:

1. Take the physics portion of the GRE. A score above the 35th percentile is necessary for recommendation for graduate study.
2. Take PHYS 480 and do original research as a prerequisite.

Alumni are surveyed and studies are prepared comparing GRE results, careers, and graduate-study success. Information gained from the assessments and studies is used to evaluate departmental programs.

**Major—B.A. Physics, Teacher Certification, 7-12 (30 Hours)**

Secondary certification in Physics requires a baccalaureate degree and completion of professional education courses (page 114) for licensure. Students preparing for secondary teacher certification must also take BIOL 103; CHEM 111-112; ERSC 105; and RELT 317 or 424. See explanations in the School of Education and Psychology.

The student must apply for Initial Admission to the Teacher Education Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for Admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s).

**PHYSICS**

**PHYS 127. Exploring Physics I (E-3) 3 hours**

An in-depth exploration of various fundamental topics in physics in an activity-based, directed-inquiry (lab/lecture) format. Topics may include motion, light, sound, and energy.

**PHYS 128. Exploring Physics II (E-3) 3 hours**

An in-depth exploration of various fundamental topics in physics in an activity-based directed-inquiry (lab/lecture) format. Topics may include heat, fluids, electricity, magnetism, and mathematical modeling. (PHYS 127 is not a prerequisite for PHYS 128.)

**PHYS 155. Descriptive Astronomy: Creation and Cosmology (E-3) 3 hours**

Constellations and eclipses, astronomical instruments, time and the date line and calendars, astronomical objects with their motions and distances, energy processes in stars and quasars and pulsars, black holes, the infinity (?) and expansion (?) of the universe. Cosmology, the formation and subsequent histories of the solar system and the earth, radioactive dating, life on other worlds, as seen from observational and Biblical perspectives. Three hours lecture each week, with optional opportunities for an observation period. (Fall)

**PHYS 211-212. General Physics (E-3) 3,3 hours**

*Prerequisites:* MATH 120, 121.

The algebraic and trigonometric treatment of mechanics, heat, sound, light, electricity and magnetism, and "modern physics." Applies toward the basic science requirement as a non-laboratory science if taken alone and as a laboratory science if taken with PHYS 213-214.

**PHYS 213-214. General Physics Laboratory (E-3) 1,1 hours**

*Prerequisite:* Previous or concurrent enrollment in PHYS 211-212.

Laboratory experience designed to illustrate the material in lectures, to familiarize the student with useful measuring apparatus, and to encourage a systematic development of scientific curiosity, caution, and method. (Fall, Winter)

**PHYS 215, 216. General Physics Calculus Applications 1,1 hours**

*Prerequisites:* MATH 181; previous or concurrent enrollment in PHYS 211-212.

Derivations and problems in General Physics using differential and integral calculus will be studied. Students completing PHYS 211-212 and PHYS 215, 216 will have taken the equivalent of General Physics with calculus. Two class periods per week. (Winter)

**PHYS 310. Modern Physics 3 hours**

*Prerequisites:* PHYS 211-212; MATH 181, 182.

The origins of modern physics, quantum theory, the theory of relativity, nuclear physics. Three hours lecture each week. Laboratory experience is available in PHYS 325. (Fall)

**PHYS 313. Physical Optics 3 hours**

*Prerequisites:* PHYS 211-212, 310; MATH 182.

Refraction, reflection, interference, and absorption of light are discussed from the standpoint of the ray and especially of the wave theories of light. Laboratory experience is available in PHYS 325. (Winter, even years)

**PHYS 315. Spectroscopy 3 hours**

*Prerequisites:* PHYS 211-212, 310; MATH 182.

Interpretation of spectral line and band wavelengths, profiles, and intensities in terms of stars' composition, temperature, pressure, motions. Design of laboratory experiments to obtain atomic and molecular constants. Systematics of atomic and molecular data. Laboratory experience is available in PHYS 497. (Fall, even years)

**PHYS 316. Mathematics of Physics 3 hours**

*Prerequisites:* PHYS 213-214, 310; MATH 315.

See MATH 316 for course description.

**PHYS 317. Issues in Physical Science and Religion (E-3) 3 hours**

*Prerequisite:* One year of high school physics or chemistry or one semester of college physics or chemistry; junior standing.

*This course is cross-listed with RELT 317, School of Religion. A student may receive credit for this course from only one program.*

Scientific method, truth, reality, logic and derivability, authority/inspiration, faith and reason in mathematics and physical sciences. Non-logical factors in acceptance of scientific statements as authoritative. Arguments for the existence of God. Causality, determinism and miracles. Scientific revolutions and paradigm shifts with relation to trends in religion and philosophy. Does not apply to a major in or minor in Physics. (Winter)

**PHYS 325. Advanced Physics Laboratory I** **1 hour**

**Prerequisites:** PHYS 213-214, 310.

Laboratory experiments pertinent to areas of physics except electricity and magnetism. Meets once per week.

**PHYS 326. Advanced Physics Laboratory II** **1 hour**

**Prerequisites:** PHYS 213-214, 310.

Laboratory experiments pertinent to electricity and magnetism. Meets once a week.

**PHYS 400. Physics Portfolio** **1 hour**

Each student majoring in Physics may compile a portfolio consisting of records of participation in professional activities as suggested by departmental faculty and as initiated by the student. Examples of activities include but are not limited to the following: attendance at club meetings, professional film showings, visiting-scientist seminar, and research review sessions, reading of journals and books, participation at professional meetings, preparation for graduate school and for employment, and lists of concepts or new ideas. The portfolio is reviewed upon the student's registration for this course during the senior year. The grade earned for this credit will depend upon the persistence of the student in participation during his/her stay at Southern Adventist University and during summers, and upon the breadth and depth of the entries. It also depends upon the student having his/her portfolio reviewed by the Department at the end of each preceding semester, and the extent to which the Department's suggestions on those occasions are implemented.

**PHYS 411. Thermodynamics** **3 hours**

**Prerequisites:** PHYS 213-214, 310; MATH 182.

A study of gases, kinetic theory, and quantum statistics. Emphasis is placed on being able to use thermodynamics data in the literature. Three hours of lecture each week. This class is not open to students who have taken CHEM 411. Laboratory experience is available in PHYS 497. (Fall, even years)

**PHYS 412. Quantum Mechanics** **3 hours**

**Prerequisites:** PHYS 215, 216, 310; MATH 315.

The limits to classical physics; wave packets, the Schroedinger equation, eigenfunctions and eigenvalues, one-dimensional potentials, the solution of the Schroedinger equation in spherical-polar coordinates for the hydrogen atom; electron spin and the Pauli requirement for antisymmetric wave functions, with applications to states of light atoms; variation techniques for small atoms and molecules, Hueckel and LCAO methods. This class is not open to students who have taken CHEM 412. (Winter, odd years)

**PHYS 413. Analytic Mechanics** **3 hours**

**Prerequisites:** PHYS 215, 216, 310; MATH 182, 218, 315 (MATH 316, 317, 318, 319, 411-412 desirable).

The motion of a particle in gravitational and other classical fields is attacked using the techniques of differential equations in the Newtonian, Lagrangian and Hamiltonian forms. Special functions, vector theorems, transforms, and tensors are introduced as needed. Laboratory experience is available in PHYS 325. (Fall, odd years)

**PHYS 414-415. Electrodynamics** **3,3 hours**

**Prerequisites:** PHYS 215, 216, 310; MATH 182, 218, 315, (316, 317, 318, 319, 411-412 desirable).

Analysis of electrical circuits, electrostatic and magnetostatic fields, and the motion of charges therein. Maxwell's equations and the consequent prediction of electro-magnetic waves. Applications to modern atomic and nuclear theory are stressed. Complex mapping, vector theorems, transforms, and special functions may be used. Laboratory experience is available in PHYS 326. (Fall, even years; Winter, odd years)

**PHYS 418-419. Advanced Quantum Mechanics** **3,3 hours**

**Prerequisites:** PHYS 215, 216, 310, 412; MATH 182, 218, 315, (316, 317, 318, 319, 411-412 desirable)

The structure of quantum mechanics; review of the Thomson, Bohr, and Fermi-Thomas models; operator methods; operators, matrices, and spin; time-independent perturbation theory; corrections to the hydrogen-atom treatment; other atoms and the periodic table; emission and absorption of radiation from atoms; collision theory; elementary particles and their symmetries; group dynamics approach to particle classification. (Fall, odd years; Winter, even years)

**PHYS 265/465. Topics in Physics** **1-3 hours**

Selected topics presented in a formal classroom setting in specialty areas of physics not covered in regular courses. May be repeated for credit for different topics.

**PHYS 480. Scientific Writing and Presentation (W)** **1 hour**

**Prerequisite:** COMM 135

Principles and techniques of writing for news releases, periodicals, and research journals. Practice in scientific meeting oral and poster-session presentation. It is expected that the written reports be done with a word processor and that the student will have done some original research of an experimental, computational, or theorem-proving nature before enrolling in this course. PHYS 295/495 and 297/497 exist to fulfill this requirement and there are numerous opportunities with pay at universities and national laboratories during the student's junior-senior summer. (Fall)

**PHYS 295/495. Directed Study** **1-3 hours**

**Prerequisite:** Consent of instructor.

This course consists of individual or group work adjusted to meet particular needs in Physics. Approval must be secured from the instructor prior to registration. This course may be repeated for credit. (Fall, Winter)

**PHYS 297/497. Undergraduate Research in Physics** **1-2 hours**

**Prerequisite:** Permission of instructor.

Research under direction of a member of the staff. The topic will be assigned in accordance to the interests and capabilities of the student. It is assumed that the student is familiar with one or more spreadsheets, mathematics manipulation programs, and graphing software packages. May be repeated for up to four hours. (Fall, Winter; May be accomplished on a co-op basis during the Summer.)

## EARTH SCIENCE

**ERSC 105. Earth Science (E-4)** **3 hours**

A non-mathematical and qualitative introduction, for non-science majors, to the areas of physical geography, geology, and meteorology. Special consideration is given the environment—conservation or pollution of natural resources. (Fall, Winter, Summer)

**EDUCATION**

**EDUC 438. Curriculum Content Methods/Physics**

**1 hour**

*Prerequisite:* Admission to Teacher Education.

## RELIGION

As an integral part of Southern Adventist University the School of Religion has been given the responsibility by the Board of Trustees to prepare young men and women in theology and pastoral care for the Seminary and the field, and religious education for denominational schools. The School has also been asked to provide a degree in religious studies, one in archaeology, and courses in general religion for all students. Courses are designed to enhance students' commitment to Jesus Christ and their involvement in the mission of the Seventh-day Adventist Church.

## MISSION STATEMENT

The School of Religion provides biblical, theological, and practical courses to help all university students experience a growing relationship with Jesus Christ, understand His teachings in the context of the Seventh-day Adventist Church, and live ethical lives in harmony with the Scriptures. It also provides quality training in the fields of theology, pastoral care, religious education, religious studies, and archaeology, so its graduates, solidly grounded in Scripture and with a clear burden for others' salvation, become instruments in God's hands to impact the world.

## GOALS

### General Education Courses

1. To provide instruction in the Scriptures that enhances an intelligent faith in Jesus Christ.
2. To encourage development of a set of values that will provide a basis for moral decision-making in the Christian life.
3. To acquaint the students with the teachings, history, and global mission of the Seventh-day Adventist Church.

### Theology

1. To provide professional training that prepares graduates to serve the Seventh-day Adventist Church effectively in ministry.
2. To provide an adequate pre-Seminary training in biblical backgrounds, languages, history, theology, and church ministries to meet entrance requirements to the M.Div. degree program offered by Andrews University.
3. To provide instruction and practical experience in church ministries and public evangelism as outlined in the requirements of the Certification for

Ministry.

#### **Pastoral Care**

1. To provide comprehensive, theological, pre-Seminary training for chaplaincy and pastoral care ministries.
2. To supervise pre-Clinical Pastoral Education training for ministries requiring chaplaincy certification.
3. To furnish instruction and practical experience in pastoral and other spiritual caring ministries as outlined in the requirements for the Certification for Pastoral Care and required cognates.

#### **Religious Education**

1. To prepare the student for state and church certification (in cooperation with the School of Education and Psychology) on the elementary or secondary levels.
2. To support candidates in meeting the requirements of the School of Education and Psychology and its certifying officer by offering a course in Curriculum and Content Methods/Bible and by supervising student teaching.
3. To qualify students to pursue graduate work in biblical and religious studies.

#### **Religious Studies**

1. To provide a basic education in biblical and religious studies without meeting the professional requirements of other majors.
2. To provide a major for students who are involved in pre-professional programs or who elect a double major, one of which is Religion.
3. To prepare students to become well-informed, local church leaders.

#### **Archaeology**

1. To provide instruction in the methodology and interpretation of archaeological data as it relates to the people, places and events of the Bible.
2. To provide the necessary tools and skills for linguistic/exegetical, historical, archaeological, and anthropological analyses.
3. To qualify students to pursue graduate work in Classical or Near Eastern archaeology, museum studies and to provide a major for students involved in pre-professional programs.

#### **Bible Instructor or Literature Evangelist**

1. To provide courses in biblical and theological studies that will give the student a foundational knowledge of Scripture.
2. To provide instructional and practical experience in the student's chosen emphasis.
3. To prepare students to function within the context and structure of church organization.

#### **EFFECTIVENESS**

The School of Religion is committed to develop an ongoing assessment and strategy to measure its effectiveness in harmony with the Mission Statement of Southern Adventist University, its own mission statement, and the recommendation of the Southern Association of Colleges and Schools.

**Faculty Assessment**

The effectiveness of the School of Religion's faculty and programs is directly or indirectly assessed by:

1. Student evaluations of all classes administered regularly through the office of the vice president for Academic Administration.
2. Majors in the final semester of their senior year.
3. Periodic meetings of the faculty with the chair of the Board and the presidents of conferences within the Southern Union.

**Student Assessment**

The quality of the School's graduates as well as its general students is assessed by:

1. A 16PF taken by all Theology and Pastoral Care majors in their sophomore and senior years with norms arrived at by extensive research of the performance of successful Adventist pastors. If a student's scores differ greatly from these norms, the faculty member assigned to administer the test meets with the student to discuss potential difficulties and to suggest strategies for improvement. This may involve referral to a professional for personal or career counseling. Classes in Homiletics measure the student's proficiency in those areas. A performance evaluation is submitted by the instructor(s) and kept in the student's file for future reference. This may involve referral to a professional for personal or career counseling.
2. The 16PF is administered by the School of Education and Psychology to all Religious Education majors. If the student's scores indicate potential difficulties, the School of Religion is asked to assist in strategies for improvement.
3. A cumulative record of Religious Studies and Archaeology majors is kept as a source of information and recommendation. This record includes data needed for academic advisement and guidance for graduate work or placement.
4. The religion portion of the annual assessment testing program is prepared by the General Education Committee and is administered to all students through the office of the vice president for Academic Administration.

**NOTE:** A summary of the evaluations referred to above will be made available in the form of a check sheet to prospective employers who request it and will be signed by the School dean on behalf of the Religion faculty. The School itself cannot guarantee employment.

**PROGRAM REQUIREMENTS****ADMISSION TO THE THEOLOGY AND PASTORAL CARE PROGRAMS**

Students seeking admission to the ministerial program with its major in Theology or Pastoral Care make formal application, normally, during their sophomore year. Upper class transfer students must apply during the second semester in residence. An evaluation and decision by the religion faculty of the student's overall potential for success in ministry, including consideration of the applicant's academic progress, emotional stability, social and professional skills determine individual acceptance as a Ministerial Trainee. If at any time, after being admitted to the program, trainees give evidence of failing to maintain commitment to the criteria or preparation for

ministry, they forfeit their standing as trainees and the faculty's recognition in their senior year as Ministerial Candidates. Acceptance into the ministerial program as a trainee and a candidate is required for the completion of the Theology and Pastoral Care majors. Students not accepted into the program as trainees may choose to complete a major in Religious Studies.

**Trainees:**

Students may apply to the ministerial program for trainee status by mid-term of the first semester of their sophomore year. These applications will be considered during the last half of the first semester, and announced by the start of the second semester.

**Qualifications**

1. Successful completion of 40 hours of academic credit, including ENGL 101, 102; COMM 135; RELB 125; RELT 138; RELP 150; RELL 221.
2. An over-all grade point average of at least 2.50 and a grade point average of 2.50 in all religion classes (including biblical languages) completed at the time of application.
3. Completion of at least two semesters in residence at SAU.
4. A record of regular attendance at required activities of the SAU School of Religion.
5. Completion of the 16 PF Test within six months prior to application.
6. Completion of the JVIS Plus vocational aptitude and interest test.
7. Successful completion of the SAU School of Religion Test of Elementary Biblical Knowledge.
8. Successful completion of the SAU School of Religion Test of Elementary Doctrinal Knowledge or RELT 255, Christian Beliefs.
9. Submission of four references including at least one of each of the following:
  - A local pastor.
  - A local church elder or church leader.
  - A former employer OR work supervisor, OR supervisor of volunteer ministries.
10. Completion of a prescribed semi-structured interview with the student's adviser.
11. Development and submission of a type-written ministry experience portfolio, including the following:
  - A statement of call (similar, though not necessarily identical to the one written for Introduction to Ministry).
  - Description of church and ministry activity.
  - Description of any volunteer or employment experience in any setting.
  - A statement of personal goals and values.
  - A growth plan based on self-evaluation, the results of standardized tests, and the interview with the adviser.
12. Approval by the School of Religion Faculty Committee based on the following factors:
  - Evaluation of the Ministry Experience Portfolio.
  - Consideration of written recommendations and the recommendation of the adviser.
  - Consideration of academic performance.
  - Consideration of standardized tests.
  - Consideration of the student's reputation in the university, church, and community.

### Procedure

The process of application and admission is as follows:

1. Complete the 16PF during the first semester of the sophomore year. This test will be typically offered in early September.
2. Complete the trainee application form (available from the dean's secretary) during the month of October.
3. Applications for admission as trainees will be considered by the faculty in December. This will allow time for evaluation and additional consultation with students, if necessary.
4. Trainees will be inducted into the program officially at the time of the annual Trainee Induction weekend.

### **Candidates:**

Students will be considered for approval as ministerial candidates at the beginning of the first semester of their senior year. These applications will be considered during the early part of the first semester and announced about the end of September.

### Qualifications

Prior to admission to candidate status the student should complete the following requirements:

1. Be in the process of completing (within one academic year) the 32-hour major in Theology or the 31-hour major in Pastoral Care.
2. Be in the process of completing (within one academic year) the 20-hour minor in Biblical Languages.
3. Be in the process of completing (within one academic year) the 25 hours required for certification for ministry or the 19 hours required for certification for pastoral care, whichever may apply.
4. Be in the process of completing (within one academic year) the General Education requirements and the required cognates for the BA in Theology or Pastoral Care.
5. Maintain an overall grade point average (GPA) of 2.50, and a GPA in Religion of 2.50.
6. Complete Ministerial Candidate requirements.
7. Complete a second 16PF test within 12 months prior to application for candidate status.
8. Maintain a record of regular attendance at required activities of the SAU School of Religion.
9. Complete the first Ministerial Externship year with the assigned local congregation.
10. Submit the student's ministerial experience portfolio, including all items required for candidate status (updated to the time of the candidature interview), as well as the following:
  - A current résumé
  - A description of goals for ministry and plans for further education
  - A recommendation by the mentoring pastor
  - A recommendation by a member of the board from the mentoring church
11. Go through the candidature interview.
12. Be approved by the School of Religion Faculty Committee based on the following factors:
  - Evaluation of the ministry experience portfolio.
  - Consideration of the recommendations and the recommendation of the adviser.
  - Consideration of the student's performance in ministry activities.

- Consideration of academic performance.
- Consideration of the student's reputation in the university, church, and community.

Theology students may apply to the School for variances from #2, #3, and #4, of the above qualifications, including exemptions from one biblical language, advanced languages, HIST 364/365, and RELP 405/423, provided they meet the following criteria:

1. Must have attained the age of 35 years prior to enrolling.
2. Must transfer a minimum of 48 semester hours applicable to the program.
3. Must have been active in church work and be recommended by their local pastor or conference for ministerial training on the basis of this work.
4. Must have individualized study programs accepted by the faculty prior to being approved for variances indicated above.

#### Procedure

The process of admission is as follows:

1. Complete the 16PF during the first semester of the senior year. This test will be typically administered in early September.
2. Ministerial candidates will be considered by the faculty in September. This will allow time for evaluation and additional consultation with students, if necessary.
3. A list of candidates approved in this program will be posted about the end of September. In addition the individuals admitted as candidates will be notified by letter.
4. Candidates will be considered officially approved at the time the list is posted, and will be honored in the Ministerial Candidate Recognition service.
5. Students will be eligible to sign up for conference interviews for graduating seniors only following their approval as candidates.

If interviews for juniors are requested, students will be eligible only if they have been admitted as trainees.

### **Ministerial Externship**

The School of Religion requires field education of Theology and Pastoral Care majors.

The Ministerial Externship Program is designed to enhance professional development by acquainting the student with the multi-faceted responsibilities of ministry. It provides a laboratory setting in membership care, evangelism, church leadership, worship, and preaching for working with experienced mentoring pastors and lay leaders in a local church. The education is necessary before the student can be recommended by the School of Religion for church employment.

### **Field School of Evangelism**

Full-scale evangelistic meetings will be conducted for six weeks each summer, at least one of which will be under the direction of the Southern Union Conference of Seventh-day Adventists, or for three weeks in a mission setting overseas. All Theology majors are required to participate in one such field school. Academic credit will be offered for all field schools, and a scholarship may be provided for participants in certain field schools. Students planning to take the summer Field School program must have 55 hours with a 2.50 cumulative GPA and RELP 321, 322, 361 and 362 to be recommended for admittance. Applications and scholarship information may be obtained from the field school coordinator.

### **Pastoral Care Practicum**

All Pastoral Care majors are required to participate in a pre-approved ministry practicum, normally offered during the summer. Students planning to take the Pastoral Care practicum must have met all application requirements for consideration. Applications will be available to upper classmen and can be obtained from the School of Religion.

### **ADMISSION TO THE RELIGIOUS EDUCATION PROGRAM**

The Religious Education Program is coordinated with the School of Education and Psychology of the University. Planning for certification by the states and/or endorsement by the Seventh-day Adventist church for Bible teaching is made with the certifying officer of the School of Education and Psychology, both for admission to the Religious Education program in the sophomore year and to the professional semester before the senior year.

The student must apply for initial admission to the Teacher Education

Program (usually by the end of the sophomore year) after completing all requirements as outlined under ADMISSION PROCEDURES in the School of Education and Psychology section of the *Catalog*. Initial admission is required before the student can enroll in upper division education courses.

The student must also complete an application and all other requirements for admission to Student Teaching. Prior to the professional semester, the student must take and pass the PRAXIS II licensure exam—both the appropriate section of the Principles of Learning and Teaching, and the particular specialty test(s) for the licensure area(s).

The criteria for admission to Religious Education, requirements for secondary Bible teaching, and policies and procedures related to student teaching may be found in the University *Catalog* under the School of Education and Psychology and obtained from the secretary of the School of Education and Psychology in Summerour Hall.

#### **Teacher Certification and Endorsement**

Those seeking Tennessee State Certification must fulfill requirements listed on page 114 of this *Catalog*.

#### **ADMISSION TO RELIGIOUS STUDIES**

The Religious Studies major is a liberal arts major for students interested in pursuing a degree other than a Theology or Religious Education degree, or by students preparing for professional fields such as medicine, dentistry, law, and other graduate studies.

It provides a balanced selection of both biblical studies and theology courses. The four-year degree candidate may apply the required 12 hours of General Education courses in religion toward the hours needed for the major, thus reducing the number of extra courses needed to qualify.

#### **ADMISSION TO ARCHAEOLOGY**

The Archaeology major is a liberal arts major for students interested in preparing for graduate studies in archaeology, museum studies, of cultural resource management or as preparation for professional field such as medicine, dentistry, law, or education. Students choosing to major in archaeology must consult with the director of the Institute of Archaeology to determine their area of interest in Near Eastern or Classical Studies and to lay plans for participation in archaeological fieldwork.

The four-year degree candidate may apply the required 12 hours of General Education courses in religion towards the hours for the major, thus reducing the number of extra courses needed to qualify.

#### **ADMISSION TO THE BIBLE INSTRUCTOR OR LITERATURE EVANGELIST PROGRAM**

The Bible Worker and Literature Evangelist Program is a 64-hour, two-year degree leading to an A.A. in Religion. Students wishing to be recommended for employment as Bible instructors or literature evangelists must be approved by the School of Religion. The School of Religion cannot recommend for employment anyone whose course of study has been inadequate or unapproved.

#### **GENERAL EDUCATION COURSES IN RELIGION**

The objective in all religion courses is to enhance knowledge of and

appreciation for the Scriptures, and to assist the student in gaining and maintaining a vital involvement with Jesus Christ, and a personal commitment to serve family, church, community, and the world. Six semester hours of religion are required of the two-year graduate, and 12 semester hours of the four-year graduate. This is equivalent to one three-hour course per year which may be selected from any of the religion courses offered. Bachelor degree students must take at least three semester hours at the upper division level. (Detailed information on General Education requirements are found in the University *Catalog*.)

### GRADUATION REQUIREMENTS

The candidates for graduation in the program for **Theology** or for **Pastoral Care** must have a grade point average (GPA) of 2.50 overall, a 2.50 in their major and in the area of candidacy in order to graduate, and also a 2.50 overall for Seminary entrance. In addition to their major they must have 20 hours in Biblical Languages, 25 or 19 hours in professional training, and 12 or 19 hours in cognates to qualify for Ministerial Candidacy—whichever apply. They must also give evidence of moral, physical, social, and intellectual fitness and demonstrate professional commitment in order for the School to recommend them as prospective ministerial employees. Those students pursuing the **Religious Education** major must have a GPA of 2.75 overall and a 2.75 in education and in the field of certification as outlined by the School of Education and Psychology. The **Religious Studies** as well as the **A.A. in Religion** candidates for graduation must have a GPA of 2.25 overall and a 2.25 in their major as outlined in the University *Catalog*. **Archaeology** graduation candidates must have a cumulative GPA of 2.75 and 2.75 in their major. Where exit examinations are required, the candidate must pass with a score of 75 percent or above prior to graduation.

### BACHELOR OF ARTS DEGREE PROGRAMS

The Bachelor of Arts degrees in **Theology** and **Religious Education** require courses in biblical studies and religion of which three are introductory with others covering the Old and New Testaments, the prophetic books of Daniel and Revelation, the Spirit of Prophecy, and the Fundamental Beliefs of Seventh-day Adventists in the light of Christian theology.

## PROFESSIONAL TRAINING

**RELP 150. Introduction to Ministry 2 hours**  
**Prerequisites:** Three hours of religion courses. Students whose major does not require this course must obtain permission from instructor and School dean.  
 An introduction to the basics of ministry, focusing on issues such as the call to pastoral or teaching ministry, Christ-centered living, personal spirituality, ethical behavior, relationships with others, concern for the lost, time management, and theological study.

This course seeks to develop personal morality, spiritual growth, and practical life-skills in ministers and teachers in training. Lab fee 6 will be assessed for the IDAK career evaluation.

**RELP 251. Introduction to Youth Ministry (B-3) 3 hours**

This course will explore the biblical basis for a specialized ministry to children, youth, and young adults. The students will become acquainted with current research, contemporary approaches, and available resources to enhance ministry to youth. Practical experience in area churches will be required.

**RELP 252. Intermediate Youth Ministry 3 hours**

*Prerequisite:* RELP 251.

This course will focus on principles and strategies for specialized ministry among adolescents in the local church. Practical experience in area churches will be required.

**RELP 264. Christian Witnessing (B-3) 3 hours**

This course will focus on Christ's model of reaching people and how this approach can be integrated in one's spiritual life and implemented with interpersonal relationships and the sharing of the gospel. (Winter)

**RELP 270. Interpersonal Ministry 2 hours**

*Prerequisites:* Three hours of religion courses. Students whose major does not require this course must obtain permission from instructor and School dean.

The development of listening skills and interpersonal communication in pastoral visitation with special emphasis on revitalizing inactive members. Laboratory work in area churches will be required.

**RELP 321. Introduction to Biblical Preaching 2 hours**

*Prerequisites:* COMM 135; RELL 221; Junior status or permission of the instructor.

This introductory course examines the foundations for effective biblical preaching. Attention will be given to the call and preparation of the preacher, principles of biblical hermeneutics, the elements of sermon formulation, and principles of sermon delivery. A topical, biographical, or narrative sermon will be preached and analyzed in a peer review setting. (Fall)

**RELP 322. Intermediate Biblical Preaching 2 hours**

*Prerequisite:* RELP 321; Junior status or permission of the instructor.

This course focuses on the preparation and delivery of expository sermons. Attention will be given to the discovery of the exegetical idea of the text, the formulation of the homiletical idea, and how to preach with conviction. Expository sermons will be preached and analyzed in a peer review setting. (Winter)

**RELP 240/340. World Missions (B-3) 3 hours**

A survey of the major religious, philosophical, and cultural traditions for the purpose of enhancing Christian outreach and cross-cultural evangelism. (Winter)

**RELP 354. Introduction to Pastoral Counseling 3 hours**

This course is an introduction to pastoral redemptive care. Visitation to correctional and rehabilitation centers, hospitals, and nursing homes will be required. This course is not designed as an introduction to professional counseling.

**RELP 361. Personal Evangelism I (B-3) 2 hours**

The course covers the principles and practice of one-to-one evangelism, focusing on leading people to Christ, giving effective Bible studies, friendship evangelism, ministering to young people, and working in local church outreach endeavors. Students must take this course immediately preceding RELP 362, Personal Evangelism II. (Fall)

**RELP 362. Personal Evangelism II (B-3) 2 hours**

**Prerequisite:** RELP 361.

This course builds on the practical ministry skills introduced in Personal Evangelism I. In addition, urban evangelism, small groups outreach, and answering Bible objections will be covered. Students whose major or minor requires RELP 466, Public Evangelism, must take the course immediately before Public Evangelism. (Winter)

**RELP 291/391. Practicum 1-3 hours**

Supervised practicum in various forms of ministry as individually designed for each student. The program and the supervisor must be approved by the School of Religion prior to registration. These programs will involve a minimum of 100 hours of instruction and activity for each hour of credit. This course may be applied to a Religion minor but is not a substitute for RELP 466 Public Evangelism.

**RELP 401. Fundamentals of Biblical Preaching 3 hours**

**Prerequisite:** Permission of the School of Religion.

A basic homiletics course focusing on the preparation and delivery of expository sermons. The student will learn and implement a ten-step method for sermon preparation, and will preach it in a peer-review setting. The course is intended for students with no academic credit in preaching. (Summer as needed)

**RELP 405. Evangelistic Preaching (B-3) 1 hour**

**Prerequisite:** RELP 321.

This course concentrates on the development and delivery of distinctively Adventist messages with emphasis on soul-winning decisions and the use of multi-media. (Winter)

**RELP 423. Advanced Biblical Preaching 2 hours**

**Prerequisite:** RELP 321, 322.

This course explores further methods of biblical preaching such as the narrative plot and the inductive sermon, all the while challenging the student to a complete reliance upon Word and Spirit. Preaching is set for specific needs, situations, and the development of a sermon series. Sermons are preached and analyzed in a peer review setting. (Fall)

**RELP 450. Church Ministry I (B-3) 3 hours**

**Prerequisite:** RELP 150, 362, or permission of the instructor and school dean. Senior status only.

An introduction to church ministry, this course explores a biblical theology of church ministry, clergy, and laity roles and relationships, church administration, and the practice of some specific ministries in the local setting. Laboratory work in area churches is required. (Fall)

**RELP 452. Church Ministry II 3 hours**

**Prerequisite:** RELP 150, 362, or permission of the instructor and school dean. Senior status only.

In this course consideration is given to the personal as well as the professional life of the pastor, such as spiritual leadership, life management, worship ministry, priestly functions (baptisms, weddings, and funerals), denominational policy, church growth, and the empowerment of the Holy Spirit for ministry. The course includes the theology major exit exam. Laboratory work in area churches is required. (Winter)

**RELP 465. Topics in Professional Training 1-3 hours**

In this introductory course, Christ's model of personal evangelism will be emphasized and attention will be given to the principles and practice of one-to-one evangelism with people of Christian, secular, and non-Christian backgrounds. The presentation of the gospel and giving of Bible studies is modeled in class, and laboratory experience is required of the student. (As needed)

**RELP 466. Public Evangelism 3 hours**

**Prerequisite:** RELP 362 and Acceptance as a Ministerial Trainee.

Principles employed in preparing and conducting public evangelistic meetings are explored and experienced in connection with the Field School of Evangelism. The student learns how to plan and hold an evangelistic series as well as visit with evangelistic interests. Consent from the School of Religion must be obtained before enrollment.

**RELP 468. Health Evangelism (B-3) 3 hours**

A study of the concepts and methods of creating witnessing opportunities through taking advantage of the current interest in preventive health practices and lifestyle changes. The objective of these concepts and methods is to obtain decisions for a more abundant way of life and to lead men and women to Christ. The course also will provide future church leaders with practical ways to utilize the talents of members in health evangelism. Laboratory work in area churches and/or community settings is required.

**RELP 295/495. Directed Study 1-3 hours**

This course is limited primarily to Theology, Religious Education and Religious Studies majors and must be approved by the dean of the School of Religion. Occasionally the course may be conducted as a seminar and published in the schedule of classes. This course may be repeated for credit. (As needed)

### THEOLOGY AND RELIGION

**RELT 138. Adventist Heritage (B-2) 3 hours**

A study of the Second Advent Awakening in the nineteenth century and the subsequent development of the Seventh-day Adventist Church. Special emphasis will be placed on the contributory role in the church of the Spiritual Gift of Prophecy through the life and ministry of Ellen G. White. (Fall, Winter, Summer)

**RELT 175. Christian Spirituality I (B-2) 2 hours**

A historical and theological study of Christian spirituality. This course provides a basic introduction to the devotional life, with an emphasis on prayer and fasting, including a practical application of the dynamics of these spiritual disciplines as a means of enriching the spiritual life.

**RELT 176. Christian Spirituality II (B-2) 1 hour**

**Prerequisite:** RELT 175.

A continued study of the classic spiritual disciplines of the Christian faith with an emphasis on Scripture as a dynamic in personal spiritual development. This course will focus on contemplative reading of Scripture, journaling, meditation on Scripture, and Scripture memorization. (Winter)

**RELT 225. Last-Day Events (B-2) 3 hours**

Last-Day Events is a biblical, theological, and historical study of eschatology rooted in its Christ-centered focus. It considers the unique Seventh-day Adventist contribution over against that made by leading scholars both in the past and present. Also it examines the New Age Movement and Dispensationalism and focuses on how to be ready for the end event.

**RELT 255. Christian Beliefs (B-2) 3 hours**

Christian Beliefs is a study of Adventist doctrines in a Christ-centered context. This course will involve a study of the major teachings, with a view to enhancing the student's understanding and ability to provide biblical support for his/her faith. (Fall, Winter, Summer)

**\*RELT 317. Issues in Physical Science and Religion (B-2) 3 hours**

*This course is cross-listed with PHYS 317, Physics Department. A student may receive credit for this course from only one program.*

See PHYS 317 for course description.

**RELT 373. Christian Ethics (B-2) 3 hours**

A foundation course in moral decision-making in the fields of bio-ethics, social ethics, and personal ethics. The objective is to discover timeless norms by which to make basic ethical decisions across the professional spectrum. These norms are then applied to issues relevant to the student. Limited to students required to take Ethics for their program or students with Junior/Senior class standing.

**\*RELT 421. Issues in Science and Society (W) (B-2) 3 hours**

*This course is cross-listed with BIOL 421, Biology Department. A student may receive credit for this course from only one program.*

\*One of the "Issues" courses can apply to General Education natural science requirement for majors, and to Religion for non-majors.

**RELT 439. Prophetic Ministry of Ellen G. White (B-2) 2 hours**

**Prerequisites:** RELT 138; senior status only; and permission of instructor and School dean for non-majors.

Designed for majors in Theology and Religious Education, this is a course on the life, and in particular, the prophetic ministry of Ellen G. White, one of the founders of the Seventh-day Adventist Church. Topics will include a biblical study of the gift of prophecy, an understanding of the process of revelation and inspiration, and conflict issues often faced by congregational ministers and school teachers. (Winter)

**RELT 458. World Religions (W) (B-2) 3 hours**

**Prerequisite:** Junior or senior status only.

A study of several major representative Christian denominations and non-Christian religions, including a survey of the history and the distinctive characteristics of each. This course will also compare and contrast these religions, consider areas of commonality between them and biblical Christianity, and provide insights as to how to share Christianity with practitioners of these religions. (Fall, Winter, Summer as needed)

**RELT 465. Topics in Theological Studies (B-2) 1-3 hours**

This course is designed to provide an exposure to a wide range of religious studies dealing with issues encountered in theology. The content will change, as needed, so the course may be repeated once for credit. Open to all students. (As needed)

**RELT 467. Philosophy and the Christian Faith (W) (B-2) 3 hours**

A study of philosophical thinking as applied to understanding worldviews. Attention will be given to ancient philosophical systems and their influence on worldviews today. The student will also study current worldviews of Christian theism, deism, naturalism, nihilism, existentialism, Eastern Pantheistic monism, New Age philosophy, and postmodernism. This worldview understanding will be applied in case studies of contemporary movies. The criteria for evaluating all worldviews will be the Christian worldview in the context of the Adventist understanding of the great controversy.

**RELT 484. Christian Theology I (B-2) 3 hours**

**Prerequisite:** Junior or senior status only.

Christian Theology I is an in-depth study of the 27 Seventh-day Adventist Fundamental Beliefs to equip the student to know the doctrines of the church from Scripture and to present them to others. (Fall)

**RELT 485. Christian Theology II (W) (B-2)**

**3 hours**

**Prerequisite:** RELT 484.

Christian Theology II examines the major theological issues such as Christology, Pneumatology, Anthropology, Soteriology, Ecclesiology, and Eschatology to strengthen confidence in Scripture and to equip the student to preach with certainty. (Winter)

**RELT 295/495. Directed Study (B-2)**

Attention is given to methods and materials construction, planning, testing and evaluating student performance, and the survey and evaluation of textbooks. (As needed)

(D-1) (W) See pages 24-25 and 27-31 for explanation of General Degree and General Education requirements.

# SOCIAL WORK AND FAMILY STUDIES

---

**Chair:** Renè Drumm

**Faculty:** Christopher Atkins (Director, Social Work Program), Elizabeth Dunbar

(Director of Field), Stanley Stevenson (Director, Child Welfare Program)

**Adjunct Faculty:** Shelley Kennedy, Edward Lamb, Terrie Ruff

**Social Welfare Consortium:** Sibyl R. Beaulieu, Anita Gonzalez, Gary L. Jones, Jr.,

Evie Nogales Baker, Dawn Michelle Snow

**Website:** [swfs.southern.edu](http://swfs.southern.edu)

## PHILOSOPHY

The philosophy of the Social Work and Family Studies Department and faculty rests on the cornerstones of social justice and service. Social justice encompasses protecting human rights, caring for God's creation, peacemaking, advocating for the poor and vulnerable, and empowering individuals, families, and communities. Active service to others on campus and to the larger community demonstrates the Biblical message of peace and social justice.

## ACADEMIC STANDING

The Social Work and Family Studies Department is committed to academic excellence in both majors. A grade of a C or better is required in all core social work (SOCW) classes. Social work majors must maintain an overall GPA of 2.50 or higher to be admitted into the program and to remain in the program.

## PROGRAMS IN SOCIAL WORK AND FAMILY STUDIES

The Social Work and Family Studies Department offers a degree in Social Work (accredited by the Council on Social Work Education) and in Family Studies. Minors are also available in Behavioral Science, Family Studies, and Sociology.

The curricula for both the BSW and Family Studies degrees include computer content and hands-on experience intended to enable majors to develop elementary skills including word processing, spreadsheet, database, Internet, CD ROMS, video—interactive, and statistical analysis. Majors are encouraged to have their own personal computers (PCs) if possible.

## SOCIAL WORK

The study of social work is one of the most exciting and important fields of inquiry and practice within the people sciences. A historic and defining feature of the social work profession is its focus on individual well-being within a social context coupled with a keen interest in the well-being of society as a whole. Particular attention is given to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty. Fundamental to social work is its emphasis on environmental forces that create, contribute to, as well as ameliorate problems of human existence.

## SOCIAL WORK PROGRAM MISSION STATEMENT

The mission of the Bachelor of Social Work program is to provide a quality generalist baccalaureate education based upon a Christian service value system. The graduates of this program are expected to be able to function in entry level positions working with individuals, families, small groups, organizations, communities and with diverse peoples. The social work practice skills and theoretical orientations used by these professional social workers are informed and guided by evidence-based research findings. These professional social workers will demonstrate this professionalized value system by exemplifying a dedication to the promotion of social and economic justice through an understanding of and a commitment to social change for the benefit of the poor, the disenfranchised, and other populations-at-risk.

### **BACHELOR OF SCIENCE IN SOCIAL WORK**

The Bachelor of Science in Social Work (BSW) prepares students for entry-level social work generalist baccalaureate practice. The BSW is the foundation degree for social work careers in mental health, child welfare, health care, public welfare, schools, family service, developmental disabilities, service to the aged, industry, business and labor, and criminal justice. The degree is designed to also prepare students for informed community participation in social welfare issues. The BSW is the preferred preparation for the terminal graduate practice degree, the Masters of Social Work, (MSW). Job opportunities in the social work field are projected to grow at an above average rate during the near future.

The program makes available a number of experiences, both curricular and extracurricular, to enrich its students' academic experience. Multiple volunteer opportunities deepen understanding and compassion. A number of field experiences enhance commitment and skill building. National and international study tours are available to engender cross-cultural and global perspectives (see below). The center piece of the applied dimension of the curriculum is the 400 hour FIELD PRACTICUM in which each student participates in "real life" experience while being supervised by a seasoned and credentialed professional social worker.

Extracurricular opportunities include membership in the National Association of Social Workers and the Phi Alpha Honor Society. Social Work Month is celebrated each March. The Edward Lamb Community Scholarship Fund provides opportunity to develop fund raising skills, socialization for social service commitment, and monies for the educational expenses of exemplary students.

### **STUDENT ADVISORY COMMITTEE**

This committee is made up of two elected students from each class,

freshman through senior, and two students elected at large. This committee provides a formalized student voice concerning any aspect of the social work program (see *Student Handbook*).

### **SOCIAL WORK PROGRAM POLICIES**

Students who are admitted to the social work program are considered adequately mature to realize the importance of accepting personal responsibility for their learning and professional behavior.

The social work program *Student Handbook* outlines the policies of the program. Each student accepted into the program is responsible to become acquainted with and to abide by these policies.

Transportation for volunteer and practicum experiences is not provided by the program. Students will be expected to provide their own transportation and make arrangements to share this expense with fellow students participating in the same experiences.

The social work program reserves the right to deny admission to and to remove students from the social work program who have an unresolved felony on record in any state and who have records of misconduct, legal and otherwise, that would jeopardize their professional performance.

The social work program reserves the right to revise, add, and withdraw policies and/or courses as necessary to ensure a quality social work program.

### **ACCREDITATION**

The social work program is accredited with the Council on Social Work Education.

### **ADMISSION PROCEDURES**

Admission to Southern Adventist University does not automatically enroll the student in the social work program. Declaration as a social work major is not equivalent of acceptance to the program. The final decision on acceptance and continuation in the program is made by the program Admissions and Progressions Committee.

During the second semester of the freshmen year the student is to complete an autobiography and a written essay on a specific social issue.

During the first semester of the sophomore year the student is to file a formal application to the social work program (refer to the *Student Handbook* for specifics). Application forms may be obtained from the office manager in the program office. Minimum requirements for admission to the program and upper division courses are listed below:

1. Acceptance to Southern Adventist University.
2. Completion of application form, autobiographical statement, and a writing sample on specific social policy.
3. Submission of a current unofficial transcript.
4. Have an overall grade point average of 2.50 or higher (exceptions may be made for persons who do not meet the grade point average requirements if they are strong candidates on the basis of other

- criteria). Have completed SOCW 211: Introduction to Social Work, SOCW 212: Social Welfare as an Institution, and SOCW 213: Interviewing Skills with a grade of C or higher.
5. Show evidence of physical, mental, and moral fitness. Further references may be required regarding character, attitude, and coping ability in case of a question in this area.
  6. Students whose native language is not English must achieve at least 550 on the Test of English as a Foreign Language (TOEFL).
  7. Have taken the Taylor-Johnson Temperament Analysis Test. The student is to make arrangements with the University Counseling and Testing Center to take this test.
  8. Completion of a successful interview with the Admissions and Progressions Committee.

The Committee reviews the application material, conducts the interview, and makes a decision concerning the application. Applicants are notified of the Committee's decision by a letter from the program director. An applicant denied admission to the social work program may appeal the denial decision in person and/or in writing to the Admission and Progressions Committee. If this process is unsatisfactory to the student, the University appeals process described in this *Catalog* may be followed.

#### **FIELD PRACTICUM ADMISSION**

In the winter semester of the junior year, following the completion of most required pre-requisite courses, students begin the application process for the social work field practicum, which is a requirement for graduation with a BSW degree. All students entering the field practicum must have a GPA of 2.5 or higher in order to be considered academically eligible for the field practicum. Since the primary purpose of social work education is to prepare

students for entry-level social work positions, quality field placements are essential. The placements are designed to provide students with a chance to put into practice the theories and skills they have learned in the classroom.

All students applying to the Field Practicum must have completed these courses or have these courses completed by the end of the semester in which they apply.

These courses are:

- SOCW 311, Human Behavior and the Social Environment I
- SOCW 312, Human Behavior and the Social Environment II
- SOCW 314, Social Work Practice I
- SOCW 315, Social Work Practice II
- SOCW 318, Social Work Practice Skills Lab
- SOCW 391, Junior Field Practicum

#### **TRANSFER STUDENTS**

Students intending to major in social work who are attending other colleges or universities, or who are transferring from another major at Southern Adventist University, will be expected to apply for admission to the Social Work Program by April 1 of their sophomore year. IN ORDER TO STAY ON SCHEDULE WITH THE SEQUENCE OF SOCIAL WORK PROGRAM COURSES, AN INTRODUCTORY SOCIAL WELFARE/SOCIAL WORK COURSE, INCLUDING 40 HOURS OF DOCUMENTED VOLUNTEER EXPERIENCE, MUST BE TAKEN BEFORE ENTERING THE SOCIAL WORK PROGRAM.

Those applying to the social work major after their sophomore year will be considered on a case by case basis. If the introductory course has not been completed, it is taken the first semester after declaring social work as a major. This will delay admission consideration until the following semester and may result in graduation taking

more than four years.

The social work program seeks to maintain a heterogenous student body by enrolling students who represent diverse backgrounds and cultural perspectives.

#### **FIELD PRACTICUM**

The social work field practicum is designed to provide students with a chance to put into practice the theories and skills they have learned in the classroom. The practice of social work is a combination of theory and interpersonal skills with the field practicum a key component of the educational process. The focus of the field practicum is on the interactional process between student worker and client system(s) and the testing and use of specific interventions; students have the opportunity to connect the theory and knowledge with actual practice experience. This experience is essential to developing the entry level helping skills required of all undergraduate social work professionals. The nature of the field practicum is practice-oriented, builds on skills and theories learned in cognate social work classes, and involves direct contact and intervention with individuals, families, and groups; only social work majors may take the field practicum and must have met the required prerequisites. The field practicum experience is eight (8) credit hours which are taken concurrently with the Integrative Field Seminar.

#### **ASSESSMENT**

The social work program maintains a comprehensive assessment policy. In order to provide for evaluation of the program and monitoring teaching effectiveness, as well as measuring the achievements of graduates, all

seniors are required to:

1. Take Social Work Knowledge and Competency Skills Exam in the winter semester of the senior year.
2. Successfully complete both the oral and written sections of the Senior Exit Exam which includes presentation of a piece of original research designed in the social work research class and completed during the field practicum. This research project is part of the Field Practicum. Also included is the presentation of the completed Policy/Case Study Project which is done during the Field Practicum.

Program effectiveness will be assessed by combining the results of the above cumulative evaluations. An ongoing analysis of courses and course content required for majors is made by the social work faculty to assure that the curriculum meets the objectives of the program and the standards of the national accrediting body, the Council on Social Work Education.

#### **FAMILY STUDIES**

The Family Studies degree is interdisciplinary in nature and combines various dimensions of the social sciences along with a strong liberal arts foundation to gain an understanding of individuals and families.

The major is for those students wishing to prepare for graduate study in community and/or family counseling, law, personnel work, sociology of the family, or family life education.

#### **ASSESSMENT**

To help the graduates in Family Studies evaluate their academic progress and to aid the department in evaluating teaching

effectiveness, each senior is required to:

1. Take a written knowledge and competency skills exam during the fall semester of the senior year that will be based on selected course work.

2. Present a research paper or family life case material to the departmental faculty.

Information gained from the above assessments is used to evaluate departmental programs, but it will not affect graduation eligibility.

#### DEPARTMENT STUDY TOURS

The Social Work and Family Studies Department sponsors a study tour to New York City yearly during Thanksgiving vacation and a study tour to Europe every other summer. The objectives of these tours are to facilitate a better understanding of peoples and cultures and to enable the participants to work with people more effectively. Academic credit is given for these tours and each requires classroom time (see SOCI, SOCW 296/496).

## SOCIOLOGY

### **SOCI 125. Introduction to Sociology (F-1) 3 hours**

An objective approach to the analysis and understanding of the social world. Consideration is given to the dynamic nature of American society and social institutions. Emphasis is placed on the study of social groups including the family, its history and current place in society. (Fall, Winter, Summer)

### **SOCI 150. Cultural Anthropology (F-1) 3 hours**

*This course is cross-listed with SOCW 150. A student may receive credit for this course from only one program.*

A study of culture and cultural variation. The contemporary beliefs, values, institutions, and material dimensions of people in North America are contrasted with those of people living in other regions of the world today and in the past. (Fall)

### **SOCI 201. Parenting (F-2) 3 hours**

*This course is cross-listed with SOCW 201. A student may receive credit for this course from only one program.*

A study of the family system in preparation for parenthood and the dynamics of parent-child interaction. Attention is given to family planning, the childbirth experience, child development, techniques for developing close relationships and communication between parent and child, understanding and relating to children's individuality, common child rearing problems, and methods of modifying behavior. (Winter)

### **SOCI 224. Social Psychology (F-1) 3 hours**

*This course is cross-listed with PSYC 224. A student may receive credit for this course from only one program.*

See PSYC 224 for course description.

### **SOCI 225. Marriage and the Family (F-2) 3 hours**

*This course is cross-listed with SOCW 225. A student may receive credit for this course from only one program.*

A course in intimate human relationships, including the place of the family in society and a Christ-centered approach to marital and familial issues.

### **SOCI 230. Multicultural Relations (F-1) 3 hours**

*This course is cross-listed with SOCW 230 and PSYC 231. A student may receive credit for this course from only one program.*

A study of interactional patterns among diverse human groups. Consideration is given to the theoretical bases of inter-group relations and to class activities which promote awareness and understanding. Lab fee 1 will be assessed for this course. (Winter)

### **SOCI 233. Human Sexuality (F-1 or F-2) 3 hours**

*This course is cross-listed with SOCW 233 and PSYC 233. A student may receive credit for this course from only one program.*

A study of human sexual behavior, relationships, and values as reflected in the Christian cultural setting. (Winter)

### **SOCI 245. Appalachian Studies 2 hours**

The purpose of this course is to provide a general knowledge of Appalachian culture. Study will be given to current and past characteristics of the region. Lifestyles, subcultures, legends, myths, and stereotypes will be studied. Lab fee 1 will be assessed for this course. (Winter)

**SOCI 349. Aging and Society (F-1) (W) 3 hours**

*This course is cross-listed with PSYC 349 and SOCW 349. A student may receive credit for this course from only one program.*

The course emphasizes the reciprocal impact of societal attitudes on the process of aging and the increasing influence of "mature citizens" in contemporary society. Historical, demographic, and future trends are explored. A balance between the theoretical and the applied is sought. (Fall, Winter, Summer)

**SOCI 356. Natives and Strangers (F-1) (W) 3 hours**

*This course is cross-listed with HIST 356. A student may receive credit for this course from only one program.*

See HIST 356 for course description.

**SOCI 360. Family Life Education 3 hours**

*This course is cross-listed with SOCW 360. A student may receive credit for this course from only one program.*

A study of existing family life education programs, including computer generated resources. Focus is also given to the design and development of original family life education materials. (Fall)

**SOCI 365. Family Relations (F-2) 3 hours**

*This course is cross-listed with SOCW 365. A student may receive credit for this course from only one program.*

A sociological analysis of family structures and functions. Attention will be given to courtship, family organization and interaction, family disorganization and reorganization, and the post-parental family. Emphasis will be given to findings of recent family studies. (Winter)

**SOCI 374. Criminology (F-1) 3 hours**

This course emphasizes the scientific study of crime as a social phenomenon, of criminals, and of penal treatment. The relationship of law and crime to other trends in the social order. Research in prevention and treatment of crime. (Fall, odd years)

**SOCI 249/449 Death and Dying (F-1) 2 hours**

*This course is cross-listed with SOCW 249, PSYC 249 and NRSRG 449. A student may receive credit for this course from only one program.*

This course offers a unique and important perspective about cultural differences in death and dying. Personal attitudes and beliefs related to loss, dying, death, and bereavement will be explored. Cultural beliefs, rituals, and bereavement support strategies that may influence attitudes towards death and dying for a variety of ethnic groups are examined. Students enrolling for upper division credit will be required to write an application paper beyond the course requirements. Lab fee 1 will be assessed for this course. (Winter)

**SOCI 265/465. Topics in Sociology 1-3 hours**

Study of special topics pertinent to the field of sociology. Content will vary among various topics, based on the interests or needs of students and the department. This course may be repeated for credit.

**SOCI 491. Family Studies Practicum 1-3 hours**

**Prerequisite:** SOCI 360

Supervised volunteer/work experience in related fields of family studies. At least 50 clock hours of work experience are required for each semester hour of credit. May be repeated for credit for up to 3 hours. Grades will be assigned on an A, B, or F basis.

**SOCI 295/495. Directed Study** **1-3 hours**

*Prerequisite:* SOCI 125 or permission of the instructor.

Study of special topics pertinent to the area of sociology and family studies. Open to qualified students who want to follow a program in independent study. This course can be repeated for credit for a total of not more than three hours credit.

**SOCI 296/496. Study Tour (F-1)** **1-6 hours**

The Social Work and Family Studies Department sponsors a study tour to New York City yearly during Thanksgiving vacation and a study tour to Europe every other summer. The objectives of these tours are to facilitate a better understanding of peoples and cultures and to enable the participants to work with people more effectively. The fall trip to New York City focuses on ethnicity, social problems, urban change, and social agencies (1 or 2 hours). The European tour focuses on a comparison of cultures, current issues, and social policies (6 hours). Fees are assessed to cover the expenses of each tour.

**SOCW 311. Human Behavior and the Social Environment I 3 hours**

*Prerequisites:* BIOL 103; SOCI 125; PSYC 122; SOCW 211.

*Co-requisites:* SOCW 314.

First of a two course HBSE sequence is a study of the interaction between human behavior and the social environment from birth through adolescence and young adulthood. Relevant concepts from the behavioral sciences will be reviewed to provide students with a holistic view of human behavior. Includes such topics as systems theory, person-in-environment concepts, developmental tasks, diversity, populations-at-risk, the impact of racism and ethnocentrism, and assessment. The course will follow a life cycle model from a systems perspective. (Fall)

**SOCW 312. Human Behavior and the Social Environment II 3 hours**

*Prerequisite:* SOCW 311.

The second of a two course HBSE sequence is a study of the interaction between human behavior and the social environment from middle through later adulthood. Relevant concepts from the behavioral sciences will be reviewed to provide students with a holistic view of human behavior. Includes such topics as systems theory, person-in-environment concepts, developmental tasks, diversity, populations-at-risk, the impact of racism, ethnocentrism, and assessment. The course will follow a life cycle model from a systems perspective. (Winter)

**SOCW 314. Social Work Practice I (W) 3 hours**

*Prerequisites:* BIOL 103; SOCW 211, 212, 213; *Co-requisite:* SOCW 318.

Provides students with theoretical framework for generalist social work practice. Topics include the establishment of relationship, assessment, contracts, intervention, utilization of resources, social work values and ethics. Work with individuals and families, primarily the micro dimension of social work practice, is emphasized in this first semester of a three-semester practice sequence. Social Work practice courses can only be taken by non-social work majors if ALL prerequisites have been completed. (Fall)

**SOCW 315. Social Work Practice II (W) 3 hours**

*Prerequisites:* SOCW 314, 318.

A continuation of SOCW 314. The primary focus is on working with small groups and families, the mezzo dimension of social work practice, in this second semester of a three-semester practice sequence. Social Work practice courses can only be taken by non-social work majors if ALL prerequisites have been completed. (Winter)

**SOCW 318. Social Work Practice Skills Lab 1 hour**

*Co-requisite:* SOCW 314.

This skills lab provides students with direct field work experiences in social services agencies in the greater Chattanooga community. These field work experiences include application of assessment, intervention, and individual/family and group counseling skills. This class is to be taken concurrently with SOCW 314. (Fall)

**SOCW 326. Child Welfare I 3 hours**

This course provides a basic knowledge of federal, state, and local policies and social service programs which support and strengthen at-risk families. Specific interventions related to working with at-risk families and children in the areas of child abuse and neglect, medical neglect, and adolescent issues will be explored. Students have the opportunity to develop basic assessment and intervention skills for working with this population. (Fall)

**SOCW 327. Child Welfare II****3 hours****Prerequisite:** SOCW 326

This course is the second in a series of two courses offered as part of the TN Child Welfare Certification Program. It is designed to assist students in acquiring the practice skills to become culturally competent child welfare workers. The course will analyze the practices of various human/social service agencies that provide preventative, case management, out of home care, treatment, and rehabilitative services aimed at children, youth, and families. The role of social services in the broad context of formal and informal systems that influence the life course of the child will be addressed. This course will prepare students to practice in the child welfare field by teaching them about the various contexts in which child welfare practice takes place and the skills and modalities that are used with children, youth, and families who are the focus of child welfare intervention. Particular emphasis will be placed on the services provided by community based agencies, child welfare services and the juvenile justice system. Additional emphasis will be given to prepare the students to work with the multicultural populations including consumers of different ages, races, cultures, socioeconomic status, and sexual orientations. The student will be prepared to meet ethical issues for social workers dealing with child welfare issues. The student will be addressed with critical frameworks for resolving ethical dilemmas taught.

**SOCW 349. Aging and Society (W) (F-1)****3 hours**

*This course is cross-listed with SOCI 349 and PSYC 349. A student may receive credit for this course from only one program.*

See SOCI 349 for course description.

**SOCW 360. Family Life Education****3 hours**

*This course is cross-listed with SOCI 360. A student may receive credit for this course from only one program.*

See SOCI 360 for course description.

**SOCW 365. Family Relations (F-2)****3 hours**

*This course is cross-listed with SOCI 365. A student may receive credit for this course from only one program.*

See SOCI 365 for course description.

**SOCW 391. Junior Field Practicum****1-3 hours**

This course introduces social work students to the role of the human service professional in the community setting. Students participate in an observational learning experience in a social service agency for 120 hours during the semester. Total immersion in the agency environment will give students a chance to expand their understanding of how human needs are met by families and the social service agencies that work with them. Students will apply the knowledge and skills they have learned in previous social work courses in their field placements.

**SOCW 433. Social Work Practice III****3 hours****Prerequisite:** SOCW 315, 497; MATH 215.

In this third of a three-semester practice sequence, the primary emphasis is on community practice, the macro dimension of social work practice. Social Work practice courses can only be taken by non-social work majors if ALL prerequisites have been completed. (Winter)

**SOCW 434. Social Welfare Issues and Policies****3 hours****Prerequisite:** MATH 215; SOCW 212; PLSC 254 or ECON 213.

A study of contemporary issues and policies that influence the delivery of social services. Course requirements include a comprehensive policy analysis of a specific social policy, lobbying efforts with local elected officials, and interactions with community residents and stakeholders. A trip to Washington, DC is required to

complete the course. Lab fee 14 will be assessed for this course. (Fall)

**SOCW 435. Social Work Practicum I 4 hours**

**Prerequisite:** SOCW 315. **Co-requisite:** SOCW 497.

This course provides opportunity for students to apply practice theory and to develop skills for generalist social work practice. Through participation in the social service delivery system, the student becomes familiar with agency structures, functions, and programs. Successful completion of a research proposal for an agency-based research project is required for completion of the course. A minimum of 200 clock hours will be spent working in an agency setting for each four hours of course work. Social Work practicum courses can be taken ONLY by social work majors. (Fall)

**SOCW 436. Social Work Practicum II 4 hours**

**Prerequisites:** MATH 215; SOCW 435, 497.

This course builds on the experiences of the first semester practicum and progresses to more difficult and varied tasks. Social Work practicum courses can be taken ONLY by social work majors. (Winter)

**SOCW 441. Integrative Seminar I 1 hour**

**Prerequisites:** SOCW 315, 497. **Co-requisites:** SOCW 433, 435, 497.

Integrative Seminar I is the companion course to be taken in conjunction with the Practicum I field-based course. This course is designed to provide a forum for providing mutual support, discussing and completing departmental assignments, exploring on-going practice concerns in the field practicum, and creating an arena in which peer learning takes place. Thus, it provides a vital link between the theoretical knowledge, skills, and values derived from the social work course work and the practice realities of the field practicum. (Fall)

**SOCW 442. Integrative Seminar II 1 hour**

**Prerequisite:** SOCW 441, 497. **Co-requisites:** SOCW 433, 436.

Integrative Seminar II is the companion course to be taken in conjunction with the Practicum II field-based course. It builds on the base provided by Integrative Seminar I. It provides the same forum for mutual support, discussing and completing departmental assignments, exploring ongoing practice concerns from the field practicum, and creates an arena in which peer learning takes place. This course creates this same atmosphere, but explores the same areas in more depth. An additional major emphasis in this second course is social work record keeping and agency based research. (Winter)

**SOCW 249/449. Death and Dying (F-1) 2 hours**

*This course is cross-listed with SOCW 249/449, PSYC 249, and NRSNG 449. A student may receive credit for this course from only one program.*

See SOCI 249/449 for course description.

**SOCW 265/465. Topics in Social Work (F-1) 1-3 hours**

Study of special topics pertinent to the field of social work. Content will vary among various topics based on the interests or needs of students and the department. This course may be repeated for credit.

**SOCW 295/495. Directed Study 1-3 hours**

**Prerequisite:** SOCW 212.

A study of special topics pertinent to the field of social work. Content will vary among such topics as child welfare, income maintenance, values and ethics of social work

practice, etc. The selected topic is pursued for the entire semester. This course can be repeated for credit for a total of not more than three hours credit.

**SOCW 296/496. Study Tour (F-1)**

**1-6 hours**

The Social Work and Family Studies Department sponsors a study tour to New York City yearly during Thanksgiving vacation and a study tour to Europe every other summer. The objectives of these tours are to facilitate a better understanding of peoples and cultures and to enable the participants to work with people more effectively. The fall trip to New York City focuses on ethnicity, social problems, urban change, and social agencies (1 or 2 hours). The European tour focuses on a comparison of cultures, current issues, and social policies (6 hours). Fees are assessed to cover the expenses of each tour.

**SOCW 497. Research Methods (W)**

**3 hours**

**Prerequisite:** MATH 215; CPT 105-107 or BUAD 104.

A course which examines the basic research design and methodologies commonly used in the social sciences. Both quantitative and qualitative approaches are examined along with relevant data analysis techniques. Ethical considerations for doing research with human subjects and vulnerable populations is explored. A major research project is expected of each student. This course is closed to non-social work and family studies majors, however, a student with a GPA of 3.0 or higher may petition the instructor for admission to the course as long as the prerequisite and co-requisite requirements are met. (Fall)

(F-1) (F-2) (G-1) (W) See pages 27-31 for explanation of General Education requirements.

The Technology Department offers courses which provide opportunity to balance learning with practical experience in the areas of woods, metals, printing, drafting, and auto service. Objectives of these classes are:

1. To develop practical skills which will be useful throughout life as professional enhancement as well as hobby and recreational activities.
2. To introduce the student to opportunities in technical and service occupations.
3. To provide background for entrance into specialized technical and professional degree programs and occupations.
4. To help the student learn to meet the challenges of daily living by providing "hands-on" experiences with elements of the environment.
5. To provide opportunity for the student to develop tactile learning skills.
6. To assist the student in growing toward his potential by providing classroom and lab experiences that nurture critical thinking and creativity.

## **ASSESSMENT**

All automotive technology students will be given the NIASE (National Institute of Automotive Service Excellence) certification exams as specified by the department. Students who pass the exams become eligible for ASE certification after two years of experience following their training. Students completing the two year degree will have one year of the two years of experience required for certification completed.

**Major—A.T. Auto Service (40 Hours)**

The auto service technician program is designed to train the student to repair late model automobiles. The student is trained to provide repair services in transmission, transaxles, drivetrain/axles, heat/air-conditioning, ignitions, fuel systems, and computerized automobiles. Students will be working on projects in a live operating repair shop environment. By the end of the second year the student will have completed over 1,124 hours of instruction and lab experience. They will have developed skills in the following areas:

- Major engine repair
- Driveability diagnosis and computer systems repair
- Alignments and chassis repair
- Manual and automatic transmissions
- Brakes and drivetrain
- Heating and air conditioning
- Electrical repair

**TECHNOLOGY****TECH 114. Oxy-Acetylene Welding****1 hour**

Gas welding and brazing of sheet metal in preparation for typical body shop welding jobs. Personal goggles required. Certain specialized welding processes will be taught, such as tig, cast iron, or others to be arranged on an individual basis. Lab Fee 4will be assessed for this course. (Winter)

**TECH 115. Arc Welding****2 hours**

A class designed to give basic understanding of arc welding processes. Emphasis will be given to MIG, TIG, Heliarc, as well as conventional stick welding. Each student must purchase safety glasses and welding gloves. Lab fee 5 will be assessed for this course. (Fall)

**TECH 122. Woodworking for Artists****1 hour**

A study of woodworking shop safety, hand and machine tools, jointery, and proper methods of picture frame and stretcher construction. One period lecture and one period laboratory each week. Lab fee 4 will be assessed for this course.

**TECH 148. Methods and Materials of Construction****3 hours**

This course is designed to give the students an understanding of the methods, materials, and practices used in all phases of residential and commercial construction to include: foundations, framing, electrical, heating and plumbing, roofing, interior finishing and trim, and cabinetry. Regularly scheduled visits will be made to construction sites to see progress and practice used in industry. Lab fee 1 will be assessed for this course.

**TECH 149. Introduction to Mechanical Drawing and CADD (G-2)****3 hours**

A basic course in drafting, training the student in the use of instruments and the principles of orthographic projection, surface development, sectioning, pictorial

representation, and dimensioned working drawings. Six periods of laboratory each week. Lecture as announced by the instructor. Lab fee 3 will be assessed for this course. (Fall)

**TECH 150. Blueprint Reading 3 hours**

For first year Architectural Drafting students. Concepts of the course cover principles of technical projection, architectural applications, sections and details, pictorial drawings, linetypes, architectural symbols, and notations and specifications. The student will have a working knowledge of the various types of drawings that constitute a set of working drawings to include floor plans, foundation plans, elevations, roofing, plumbing and heating, electrical, interior elevations, and framing plans. Lab fee 1 will be assessed for this course.

**TECH 151. Introduction to Architectural Drafting and CADD 3 hours**

An introduction to skills and basic knowledge of architectural drafting. Emphasis is on lettering, orthographic projection, parallel line pictorial drawings, shades and shadows, and perspective drawing. Lab fee 2 will be assessed for this course. Open to all students.

**TECH 154. Woodworking (G-2) 3 hours**

A study of hand and machine tools, joinery, and proper methods of furniture construction. One period lecture, six periods laboratory each week. A supplies fee will be charged for the cost of the materials used in project construction. Lab fee 4 will be assessed for this course.

**TECH 164. Automotive Maintenance (G-2) 2 hours**

A course designed to help the car owner become knowledgeable in the matters of buying, servicing, and maintaining the auto. The student will work on his own car or on one belonging to the shop. One period lecture and three periods laboratory each week. (Fall)

**TECH 166. Auto Electrical Systems 2 hours**

A course designed to give a basic understanding of automotive electrical systems. Basic electrical principles and trouble shooting techniques will be taught. Emphasis will be given to lighting, charging, starting and accessory systems. One period lecture, three periods lab per week. (Fall)

**TECH 167. Suspension, Steering and Alignment 3 hours**

A course designed to give understanding of automotive suspension and steering systems. Chassis service, repair, and trouble shooting will be taught. Alignment of both two and four wheel alignment systems will be taught. One and a half period lecture and four and a half labs per week.

**TECH 168. Manual Drive Train, and Axles 3 hours**

A study of manual drive train operation, diagnosis and repair, clutches, manual transmissions and transaxles. Repair of differentials and transfer cones will be taught as well as four wheel drive theory, operation, and service.

**TECH 169. Automotive Brakes 3 hours**

A study of brake system operations, troubleshooting, and repair. Conventional and antilock brake systems will be taught.

**TECH 175/375. Engine Rebuilding and Machining 4 hours**

A course designed to acquaint the student with major engine diagnosis, decision making and overhaul procedures. Machining and measuring processes related to engine rebuilding will be taught. Each student will be required to rebuild an engine and do engine machine work. Two periods lecture, six periods of lab per week.

**TECH 178. Heating and Air Conditioning 2 hours**

A course designed to teach the principles of heating and air conditioning systems. Emphasis will be given to service and trouble shooting of manual and automatic heating systems of late model cars. One period lecture, three periods lab per week. (Winter, alternate years)

**TECH 183. Basic Electronics** **3 hours**

An introductory course to the properties of electricity/electronics as they pertain to AC and DC electrical circuits and devices such as diodes, transistors and integrated circuits. Intended to introduce the beginning student to the field of electronics. Two three-hour lecture/labs each week.

**TECH 230. Automatic Transmission** **3 hours**

A course designed to give understanding of automatic transmissions, transaxle overhaul and troubleshooting. Transmission removal, installation, rebuilding, and service will be taught. One hour lecture and five hours lab time per week. (Winter, alternate years)

**TECH 244. Graphic Production (G-2)** **3 hours**

This course is designed to meet the needs of Public Relations, Graphic Design, Journalism and Communication students who will be working with a print service provider. Students will be working (hands on) with real printing jobs, selecting paper, ink, image carriers, offset or digital presses, and screen printing to print materials from single color to four color process. The knowledge and experience gained from this class will be most beneficial in planning a print job for a service provider. Lab fee 7 will be assessed for this course. (Winter)

**TECH 249. CADD Mechanical Drafting (A-4)** **3 hours**

*Prerequisite:* TECH 149 or equivalent.

An introduction to computer-aided drafting. A study of the computer as an aid in drawing and design as it applies to technical, mechanical, architectural and electrical fields using AutoCAD and CADKEY. Six periods of laboratory each week. Lecture as announced by the instructor. Lab fee 2 will be assessed for this course. (Winter)

**TECH 264. Automotive Repair (G-2)** **3 hours**

A course designed to give basic understanding of the automobile. Main emphasis is given to power plant and drive train design, operation and service. One period lecture and three periods laboratory each week. All lab learning experience is on actual cars either from the community or personal vehicles.

**TECH 273. Estimating and Diagnosis** **1 hour**

*Prerequisite:* Minimum of 25 hours of Auto courses.

A course in estimate writing and customer relations as well as diagnostics training. Training in how to use an estimated labor time guide as well as parts purchasing will be included.

**TECH 276/377. Engine Performance and Computers** **3 hours**

Electronic and computerized ignition systems operating theory will be emphasized. Each student will be taught driveability diagnosis and trouble shooting techniques for electronic and computerized systems. Hands on diagnosis practice using diagnostic equipment on live vehicles will be given.

**TECH 277. Engine Fuel and Emission Controls** **4 hours**

Both carburetor and fuel injection operation theory, and standard and electronic carburetion systems theory will be covered. Fuel injection diagnosis and repair as well as carburetor overhaul procedures will be taught. Emission control operation as well as trouble shooting and service procedures will be taught.

**TECH 278. History of Architecture** **3 hours**

Studies of the history of architecture and urban design. Focus on religious and secular monuments and their settings. Domestic architecture and infrastructure, regional

constructional, and compositional traditions from ancient, medieval, and renaissance through to the present.

**TECH 291. Practicum 1-3 hours**

**Prerequisite:** Departmental approval and completion of 27 semester hours of Technology classes.

Supervised work experience in Auto Body or Auto Service. Procedures and guidelines are available from the department.

**TECH 299. Advanced Engine Performance 3 hours**

**Prerequisite:** TECH 276 or equivalent.

A course in advanced electronic and computerized engine control system theory and diagnostics. On board diagnostics II on 1995 and later vehicles will be taught. Lab experience will include scan tool and lab scope usage in diagnosing OBDII systems.

**TECH 328. Advanced Architectural Drafting 3 hours**

**Prerequisite:** TECH 151 or equivalent.

This course covers all aspects of the development of working drawings for complete sets of plans for residential and commercial construction. Students will use up-to-date CAD software and develop the skill to complete such plans efficiently. One hour of lecture and two hours of lab. Lab fee 2 will be assessed for this course.

**TECH 348. 3D CAD Drafting 3 hours**

**Prerequisite:** TECH 151 or equivalent.

This course is designed to give the student hands-on experience with modern 3D drafting software to produce architectural elevations, perspective drawings, walk-through animations, and presentations for applications in architectural drafting. One hour lecture and two hours of lab. Lab fee 2 will be assessed for this course.

**TECH 254/354. Furniture Design and Construction 3 hours**

**Prerequisite:** TECH 154.

Emphasis will be placed on the design and techniques necessary to construct a quality piece of furniture. Two-three hour lecture/lab each week. A supplies fee will be charged for the cost of the materials used in project construction. Lab fee 4 will be assessed for this course.

**TECH 376. Automation and Robotics 4 hours**

Basic elements and principles of computer integrated manufacturing including terminology, computer hardware/software and interfacing, system integration, flexible manufacturing, and robotic applications.

**TECH 265/465. Topics in Technology 1-3 hours**

Topics selected from areas of technology not covered in other courses. May be repeated with permission.

**TECH 492. Internship 3 hours**

**Prerequisite:** Departmental approval and completion of 21 semester hours of Technology courses.

Supervised work experience in architectural or mechanical drafting. Procedures and guidelines are available from the department.

**TECH 295/495. Directed Study 1-3 hours**

The study of a specific problem in the field of Technology. A written report of the

problem may be required by the supervising instructor. Open only to those earning a minor in Technology. Offered on demand.

(A-4) (G-2) See pages 27-31 for explanation of General Education requirements.

# SCHOOL OF VISUAL ART AND DESIGN

---

**Dean:** John Williams

**Faculty:** Aaron Adams, Randall Craven, Brian Dunne, David George, Zachary Gray, Ed Guthero, Dean Scott, Kenneth Willes

**Adjunct Faculty:** Terry Benedict, John Cline, Andrew Strong, Rik Swartzwelder

**Visiting Professor:** Hendel Butoy

**Production Manager:** Mark Thomas

**Advisory Councils:**

**Animation** - Colin Brady, Hendel Butoy, Kevin Lee

**Film** - Douglas Lively, Bill Hulsey

**Graphic Design** - Jeff Dever, Tony Romeo

## VISUAL ART AND DESIGN

Basic to the philosophy of the School of Visual Art and Design is the provision for the quality of environment most conducive to spiritual, aesthetic, and technical growth. The instructors desire to help all students become aware of their options in the field of art and to prepare them systematically to meet the needs of their respective choices, whether they are oriented commercially or aesthetically.

The Bachelor of Arts degree in **Art** is designed to prepare the fine artist to enter graduate school with a strong body of work in painting or drawing and a deep background in art history. **Art Therapy**, a pre-professional program, prepares the art student for a post-graduate degree designed to focus on the helping relationship.

The Bachelor of Fine Arts degree in **Art Education K-12** is designed to give the student the ability to teach art to elementary and secondary students with Christian values.

The **Bachelor of Fine Arts** degree is designed to prepare the fine artist to enter graduate school with a strong background in art history and painting

The Bachelor of Science Degree in **Animation** prepares the student to create performance-based animations, visual effects, and commercial art productions. Three-dimensional computer art and animation, traditional hand drawn animation, and non-character based motion design skills are emphasized.

The combined major **Technical Animation** pairs a Bachelor of Science Degree in Animation with a Bachelor of Science Degree in Computer Science. The focus of this program prepares the student to program, problem solve, and structure the technical issues in the field of computer animation.

The Bachelor of Science Degree in **Film Production** instructs young filmmakers in an environment where their Christian values are encouraged. The main areas of study include producing, cinematography, screenwriting, directing, and post-production. Resources include film and digital video cameras, lighting, grip, extensive software and hardware resources, and post-production facilities.

The Bachelor of Science degree in **Graphic Design** prepares the student in the growing field of graphic design and advertising and offers opportunities for the Christian artist hardly ventured into up to this point.

The Bachelor of Science degree in Graphic Design's concentration of **Interactive Media** prepares the student to design and create interactive solutions for the digital media culture through the use of websites, games, CD ROMs, and 3D environments.

### ASSESSMENT

Students in the School of Visual Art and Design will keep a portfolio of their work from their freshman year onward. This portfolio is reviewed on a yearly basis by the school's faculty. Recommendations are made, on the basis of these reviews, to aid in the student advisement. The effectiveness of the school is determined by the reviews of senior portfolios by visiting faculty from selected art schools and by visiting professionals in their respective fields. Due to the nature of art and the required talent and discipline for success in the field, a grade average of 3.00 (B) is required for any internship or practicum. Also, due to the degree of developed skills necessary to produce art at a competitive level in preparation for graduate school and the industry, we strongly recommend that students achieve a grade of 85% before going on to the next class in a sequence.

### Major—B.A. Art-Therapy Emphasis (31 Hours)

This emphasis is intended for those students who plan to enter a graduate program in art therapy. The program endeavors to focus the pre-art therapy student on learning to appreciate art and understand the creative process while developing artistic skills in studio art through the elaboration of a portfolio of original artwork. A basic knowledge of human development and psychological theories for understanding human behavior are gained by the completion of a psychology minor. A sensitive recognition of the professional helping relationship developed within the Christ-centered, redemptive philosophy of healing and education is nurtured as well.

The B.F.A. in Art Education K-12 prepares students for a rewarding professional career to teach art in various settings including elementary and secondary schools. Students must apply for admission to the Teacher Education program through the School of Education and Psychology prior to taking education courses.

Students enrolled in this program will be required to maintain a GPA of 2.75 for all major, cognate, education course work, and an overall GPA of 2.75. For further information see the School of Education and Psychology section in the undergraduate *Catalog*.

**Major—B.F.A. Fine Arts (62 Hours)**

The B.F.A. degree in Fine Art is designed to allow the development of a body of work in the area of drawing and painting for those who desire to further develop their artistic talent at the graduate level. A broad art history background covering the four major art periods is a necessary complement in preparation for the M.F.A. in a graduate program. Individuals with the B.F.A. degree have an appropriate preparation for entering careers as professional studio artists, illustrators, concept artists, animators, art critics, gallery directors, art professors at the university level, art administrators, art consultants or community art program coordinators.

**ANIMATION ADMISSION REQUIREMENTS**

Admission to the Animation program is required before beginning sophomore level courses. Students admitted must meet the following criteria:

1. Completion of general education: ENGL 101
2. Completion of **six** hours of drawing applicable towards the major with a "B" grade or better.
3. Completion of ART 109-110 with a "C" grade or better.
4. Completion of nine hours in animation courses with a "C" grade or better.
5. Passing the Freshman Portfolio Review.

**FRESHMAN PORTFOLIO REVIEW**

The student entering the Freshman Portfolio Review is expected to display a collection of work completed during their time at the School of Visual Art and Design and, if applicable, any work accrued prior to enrollment. A faculty panel will assess the sampled work and determine the student's acceptance into the Animation program. The review is not based on academic performance in individual courses. The review is an evaluation of the student's overall performance taking into consideration growth in artistic thinking and significant skill development.

### OPEN DRAWING SESSIONS

The animation student is expected to develop a lifestyle that includes the habit of drawing from direct observation in order to maintain their skills. An opportunity for this goal is provided through Open Drawing Sessions. These sessions are organized by the SVAD faculty to be non-graded, non-credit, required learning opportunities offered outside of regular class time. Any animation major taking a course that includes an emphasis in drawing will be required to attend these sessions. The nature of each student's time spent in these sessions will be dictated by each course's syllabus.

### PRACTICUM

The Animation Practicum of 150 clock hours is required of all animation majors before being eligible for senior level courses. This requirement may be met as soon as the completion of the sophomore level courses. Fulfillment of this requirement can include customary employment in the field or significant non-coursework projects in the visual arts. It is the student's responsibility to seek and make all arrangements towards obtaining acceptance into this practicum. The School of Visual Art and Design assists in the process but does not guarantee acceptance into any position or internship. This valuable experience in the field of animation will give the student a perspective on the workplace environment, as well as valuable job references.

### Major—B.S. Animation (63 Hours)

The B.S. in Animation is designed for students who will aggressively pursue a career in computer animation. The animation program concentrates on fundamentals, collaborative work, and personal portfolio development. Majors will focus on computer generated animation to develop professional skills for industry and graduate school placement. Both traditional and contemporary skills will be covered. The student will develop the working skills required for the visual effects, commercial, and animation industry. Two concentrations are offered: Character Animation and Commercial Animation. In the Character Animation Concentration animators will develop advanced skills in animation performance, movement, story development, and acting. Animators in the Commercial Animation Concentration focus on broadcast and industrial 3D animation, and 3D visualization and rendering.

**Major—B.S. Film Production (63 Hours)**

The major in Film Production is for those students who want to pursue a career in film, video, or commercial production. The program is designed to enable students to fill decision making positions and create or influence the content of the projects they work on. On graduating, each student portfolio will include two short film productions and a feature length screenplay.

**INTERNSHIP**

The Film Production Internship of 300 clock hours is required of all film production majors before being eligible for senior level courses. Fulfillment of this requirement can include customary employment in the field or significant non-coursework projects in the visual arts. It is the student's responsibility to seek and make all arrangements towards obtaining acceptance into this internship. The School of Visual Art and Design assists in the process but does not guarantee acceptance into any position or internship. **Major—B.S. Graphic Design (66-73 Hours)**

The Graphic Design program will prepare students to enter the exciting and competitive world of graphic design. Today's graphic designers need to have good eye-hand coordination, knowledge of art history, and the ability to work with the Macintosh computer. They also need to work with their hands in order to achieve a high professional level and a competitive place in the market. Excellence in this field depends on discipline and hard work combined with skill and talent. In graphic design, students have room to unleash their own ideas and watch them come true by creating their own universe of places, object, and characters. Students will be assisted by graphic artists in an environment that promotes the highest principles and moral values.

### **Interactive Media Concentration**

The Interactive Media program at the School of Visual Art and Design prepares students to design and create interactive solutions that meet today's communication challenges. Entering students begin with a thorough introduction to both the principles of design and the digital tools used by industry professionals. Building on this foundation, subsequent courses equip students to create websites, Christian games, dynamic sound synthesis, multimedia CD ROMs, 2D and 3D simulations, immersive environments and virtual communications. There is a great demand for people who can design creatively for the new media and as a result, students will be able to choose from a variety of high-paying career options found in companies that design and develop for interactive communications.

**STUDIO ART**

**ART 101. Introduction to Drawing (G-1) 3 hours**

A course designed for the general education student or the art student who has had no formal training in drawing or who does not have a portfolio of their art work. This course introduces the beginning student to the basic principles of drawing such as perspective, value, and form. Does not apply to the major. Lab fee 4 will be assessed for this course.

**ART 104. Drawing I (G-1) 3 hours**

The objective of this class is to introduce the beginning art student to the elements and

principles of art focusing on drawing using a ten value scale, one, two, and three point perspective, and exploring character of line using various pencils, charcoal, conte crayon, and ink. The majority of the assignments are carried on in the drawing studio using set-ups set by the instructor. In addition to drawing done in class, daily sketching and finished drawings done outside of class are required. Maintenance of a journal-sketch book documenting the creative process is required with a minimum of one sketch per school day. Lab fee 4 will be assessed for this course.

**ART 105. Drawing II (G-1) 3 hours**

*Prerequisite:* ART 104.

This course emphasizes three point and multiple perspective, modeling, and composition. During the first half of the course the students draw in the studio setting up their own lighting and still lifes. Texture, composition, and reflection is focused on during the second half of the course by drawing outdoors from the landscape. In addition to drawing in class, daily sketching, and finished drawings done outside of class are required. Maintenance of a journal-sketch book as in Drawing I is required. Lab fee 4 will be assessed for this course.

**ART 107. Drawing in Motion 3 hours**

*Prerequisite:* ART 105.

This course will focus on capturing an active figure with drawing. The course is designed to give the animation student skill in gestural drawing that incorporates the use of the line of action, weight, and force. The course includes sequence based studio time with models and observation studies in the field. Lab fee 4 will be assessed for this course.

**ART 109. Design Principles I (G-1) 3 hours**

The most fundamental course in design. The student learns how principles of design and elements are used in composition. The main focus of the course is to create an individual and separate understanding of elements and then work collectively with principles and elements for superior design. Lab fee 4 will be assessed for this course.

**ART 110. Design Principles II (G-1) 3 hours**

*Prerequisite:* ART 109.

A more advanced course in design that focuses on three dimensional design using the cube as a basic structure. The basic elements are added or subtracted to the cube to gain a more complete example of dimensional space. Lab fee 4 will be assessed for this course.

**ART 206. Drawing III - Anatomy 3 hours**

*Prerequisites:* ART 104, 105.

A course designed for fine art majors and animators that focuses on the study of the structure of the human body for the purpose of becoming visually sensitive to all the deformations on the surface with respect to form and light during movement and be able to draw from the live model both posed and during motion. This course includes a lab. Daily sketching and one portfolio quality finished drawing per week are required in addition to drawing done in class. Lab fee 4 will be assessed for this course.

**ART 207. Drawing IV 3 hours**

*Prerequisites:* ART 104, 105, 206.

This course is devoted to the advanced study of multiple point perspective in the urban setting and to drawing the landscape as well. Weekly field trips are taken to draw on location. Lab fee 4 will be assessed for this course.

- ART 221. Painting I (G-1)** **3 hours**  
*Prerequisites:* ART 104, 105, 109, 223 or permission of instructor.  
A course designed to give the student a basic understanding of the material paint. The student is exposed to portraiture, still life, landscape, and the objective forms of painting with an emphasis on basic composition. Lab fee 4 will be assessed for this course.
- ART 222. Painting II (G-1)** **3 hours**  
*Prerequisite:* ART 221.  
This intermediate course is designed to allow the painting student to explore the styles and techniques of the masters focusing on light, brush strokes, glazes, and color. Lab fee 4 will be assessed for this course.
- ART 223. Principles of Color (G-1)** **2 hours**  
A basic course in the study of the phenomenon of color as it applies to the realm of the visual arts with emphasis of the relationships and interactions of colors. Lab fee 4 will be assessed for this course.
- ART 226. Color Scripting** **2 hours**  
*Prerequisite:* ART 105.  
A course designed to enable the student to apply the principles of color theory to the process of color keying. Emphasis is placed on mood development related to environments and characters in a scene context useful for animation and film production. Lab fee 5 will be assessed for this course.
- ART 228. Watercolor I** **3 hours**  
*Prerequisites:* ART 104, 105 or permission of the instructor.  
A course designed to give the student a basic understanding of the techniques of transparent watercolor. The student studies brush-strokes, painting surfaces, paint characteristics, masking, and the overlay of colors using the white surface for tinting. A variety of subjects will be studied that require specific painting techniques in rendering surface textures such as water, clouds, and trees. Lab fee 4 will be assessed for this course.
- ART 229. Concept Development** **2 hours**  
*Prerequisite:* ART 105  
This course develops the creative process through the development of characters, environments, and props. Students will learn to research and observe as well as explore various styles in visual concept development valuable in animation and film production. Lab fee 5 will be assessed for this course.
- ART 230. Introduction to Art Experiences** **2 hours**  
A course designed to give education majors who don't have an art background an introduction to the creative art process and hands-on experience with a variety of art media and materials. Emphasis will be given to the aesthetic expression, media exploration, and art appreciation. Attention will also be given to the development of lesson plans that incorporate an artistic use of media, design, and composition. This course does not apply on a major or count toward any major or minor in the School of Visual Arts and Design. Lab fee 5 will be assessed for this course.
- ART 235. Ceramics (G-1)** **3 hours**  
Fundamentals of the preparation and use of clay. Methods of fabrication from hand building to wheel-thrown wares, chemistry and application of glazes, and stacking and firing of kilns. May be repeated for credit. Lab fee 6 will be assessed for this course.
- ART 238. Introduction to Art Therapy** **3 hours**

**Prerequisites:** ART 105, 109; PSYC 122, 128.

An introductory course designed to introduce the pre-art therapy student to the field and practice of Art Therapy. A minimum of thirty contact hours in the practice setting of Art Therapy with hands on experience is required. Lab fee 4 will be assessed for this course.

**ART 300. Printmaking (G-1) 3 hours**

**Prerequisite:** ART 104 or permission of instructor.

A course designed to give the art major experience in printmaking media. Relief, intaglio, and silk-screen will be covered. Course will be taught in odd years. Lab fee 6 will be assessed for this course.

**ART 308. Drawing V 3 hours**

**Prerequisites:** ART 104, 105, 206, 207.

An advanced course for the drawing or painting focused student where a personal style of drawing and a body of work focused on content are developed. Lab fee 4 will be assessed for this course.

**ART 310. Painting III (G-1) 3 hours**

**Prerequisite:** ART 222 or permission of instructor.

An advanced class in painting in which the student begins his or her personal idea search. It is expected that the student will develop content in this class that will be developed over the next two years. Constancy in style and focus are expected resulting in professional portfolio pieces. Lab fee 4 will be assessed for this course.

**ART 324. 3D Design Materials and Techniques 3 hours**

An exploration of various materials such as Styrofoam, fiberglass, rubber mold, plastic, and wood used to create three-dimensional forms will be focused on through the use of the primary technical methods of subtraction, manipulation, addition, and substitution. Attention to armatures and joints for making movable parts will also be given. Lab fee 9 will be assessed for this course.

**ART 325. Sculpture 3 hours**

**Prerequisite:** ART 104 or permission of instructor.

Introduction to the problems of form in sculpture and three-dimensional design using various media such as clay, plaster, wood, and metal casting. Lab fee 9 will be assessed for this course.

**ART 328. Advanced Watercolor 3 hours**

**Prerequisite:** ART 228.

Advanced problems in watercolor technique where a personal style of painting and a body work focused on content is developed. Lab fee 4 will be assessed for this course.

**ART 331. Illustration Methods 3 hours**

**Prerequisite:** ART 105.

Students will learn illustration techniques using pencils, ink, markers, colored pencils, and photo retouching. Lab fee 4 will be assessed for this course.

**ART 337. Art Education Elementary Methods 3 hours**

In this class the student/pre-service art education teacher will be introduced to lesson planning and writing for grades K-5. Pre-service art education teachers will be required to produce many demonstration art pieces for the lessons covered in class as well as writing lesson plans, observing art teachers, and student teaching experience.

**ART 367 Middle and High School Methods in Art 3 hours**

In this class the pre-service teacher will be introduced to lesson planning and writing for grades 6-12. Pre-service art education teachers will be required to produce many demonstration art pieces for the lessons covered in class as well as writing lesson plans, observing art teachers, and student teaching experience.

**ART 410. Painting IV 3 hours**

*Prerequisite:* ART 221 or permission of instructor.

A continuation of portfolio development from Painting III with an emphasis on more mature studio practices such as time and portfolio management. Continuing the same content as in Painting III. Lab fee 4 will be assessed for this course.

**ART 412. Preparing to Meet the Firms 1 hour**

This course is made up of a series of topics presented in a seminar setting to provide students with necessary tools to actively pursue and acquire internships and jobs. Topics will include but are not limited to: Résumés, Networking, Corporate Climate, Interviewing, Dress, Portfolios, Company Research, Etiquette. Besides listening to guest presentations, opportunities will exist to interact with guest lecturers and professors about thoughts and theories regarding the area of job acquisition. Lab fee 4 will be assessed for this course.

**ART 416 Art Criticism 2 hours**

In this class the student teacher will gain a broader and deeper understanding of the world of art, and the Christian artist's role in that world. The class looks at the theories of art, its criticism, and methods of teaching art criticism and aesthetic evaluation to students and assessing their criticisms. Students will be required to make observations of in service teachers, make gallery visits, and document the lessons.

**ART 265/465. Topics in Art 1-3 hours**

Selected areas in art such as watercolor, printmaking, concept drawing, stage set design, advanced figure drawing, cartooning, and other related topics are chosen each semester as the topic of focus. Lab fee 4 will be assessed for this course.

**ART 491. Graphic Design Practicum 1-3 hours**

Students will work in a graphics-related business for a minimum of 40 clock hours per credit hour with employer evaluation. Students must maintain a log sheet and samples of work.

**ART 295/495. Directed Study 1-3 hours**

For students electing to take ART 295, permission of the instructor must be obtained. ART 495 is for majors and minors only.

The course is designed for students who wish directed study or for a group of students who wish a special course not taught under the regular class offering. Students taking the class as directed study may choose from art history, ceramics, design, drawing, painting, printmaking, and sculpture. (Students must have had maximum classes offered in area.) This course also includes credit offered by the Art Department on directed study tours. May be repeated for credit up to four times. Lab fee 4 will be assessed for this course.

**ART 499. Senior Project 1 hour**

Major projects in area of interest for seniors and preparation of permanent portfolio of college art work. Lab fee 4 will be assessed for this course.

**ART HISTORY**

**ART 218/318. Art Appreciation (D-3) (W) 3 hours**

Lecture and travel seminar. Survey and appreciation course of art history from pre-historic to modern times. One class is offered in the fall semester, with two hours per week lecture, and the week of Thanksgiving spent in and New York City visiting major art museums. When offered in the first summer session, there will be one week of two-hour lectures and two weeks of travel and museum visits. There is an additional charge for travel. Students will be required to write a summary paper. Students taking the class for upper division credit will be required to write a research paper.

**ART 342. Renaissance Art History (D-3) (W) 3 hours**

A study of arts of western civilization during Renaissance times with an emphasis on the pivotal figures in Art History.

**ART 344. Ancient Art History (D-3) (W) 3 hours**

A study of the arts of western civilization from antiquity to the mid-600's A.D. with an emphasis on pivotal figures in art history.

**ART 345. Contemporary Art (D-3) (W) 3 hours**

Nineteenth- and twentieth-century developments in European and American arts. (Fall)

**ART 349. Medieval Art History (D-3) (W) 3 hours**

A study of the arts of western civilization during Medieval times with an emphasis on the pivotal figures in Art History.

## ANIMATION

**AART 104. Principles of Animation I 3 hours**

This course is an introduction to the mechanics of animation and the elementary components of motion. Hand-drawn techniques such as inbetweening and simple movements will be used to give the student experience in this medium and to equip them with skills to be applied in computer animation. Lab fee 6 will be assessed for this course.

**AART 106. Principles of Animation II 3 hours**

*Prerequisite:* AART 104.

This course is designed to broaden the student's experience of walk and run cycles through the incorporation of personality and attitude into their characters. Lab fee 6 will be assessed for this course.

**AART 108. Introduction to 3D 3 hours**

*Prerequisite:* AART 104.

This course will cover the basics of creating and manipulating assets in the 3D computer environment. The course is an introduction to basic modeling, rigging, animating, texturing, lighting, and rendering. It is designed to prepare students for further exposure to 3D work in Animation and Interactive Media. Lab fee 12 will be assessed for this course.

**AART 212. Storyboarding and Previsualization 3 hours**

*Prerequisite:* ART 105 or ART 107.

This course is constructed to give animation, film, and interactive design students the ability to effectively communicate ideas in a preproduction setting. Presentation quality and clarity are emphasized. The course will also cover traditional and experimental plot and structure issues. Lab fee 4 will be assessed for this course.

**AART 216. Character Animation I** **3 hours**

*Prerequisites:* AART 106, 108.

This course focuses on the fundamentals of animation through the exploration of body attitudes and facial expressions. The course will give students a better sense of what is needed to communicate thought and emotion. This course also covers basic rigging techniques. Lab fee 12 will be assessed for this course.

**AART 218. Character Animation II** **3 hours**

*Prerequisite:* AART 216.

This course furthers the animation student's skills with the addition of dialog based performances. The course seeks to combine the principles of facial expression and dialogue timing to create believable characters through the use of node based control and scripted rigging. Lab fee 12 will be assessed for this course.

**AART 242. Character Design** **3 hours**

*Prerequisites:* AART 106, 108.

This course teaches students the process of designing characters through the development of personas, character packs, and modeling. Character development includes extensive research, drawing matrices of character elements, settings, and accessories. Special emphasis will be placed on modeling for effective body and facial rigging for animation. Lab fee 12 will be assessed for this course.

**AART 244. Solid Modeling** **3 hours**

*Prerequisite:* AART 108.

This course deals with product modeling which describes most mechanical or generally non-deformable objects. This course will cover all surface types, their uses, and a complete understanding of modeling and the relationship between geometry, shading, and lighting technologies and techniques for object visualization. Lab fee 12 will be assessed for this course.

**AART 316. Animation Collaborative Studio** **3 hours**

*Prerequisites:* ART 345 and permission of instructor.

In this course students work together in small groups to create finished projects. Issues in effective project management, personal discipline, and focused involvement are explored. Lab fee 12 will be assessed for this course.

**AART 318. Animation Studio** **3 hours**

*Prerequisite:* AART 316.

In this course senior animation students will have the opportunity to prepare for their final projects. Various preproduction techniques and focused critiques help arrange the best possible scenario for success in future animation projects. Lab fee 12 will be assessed for this course.

**AART 322. Motion Design** **3 hours**

*Prerequisite:* ARTG 212.

In this course, graphic design, interactive design, animation, and film students will explore elements of moving compositions by incorporating the fundamentals of design and animation principles and techniques. The course covers how motion design is used by broadcast, film, interactive, and fine art professionals. Lab fee 12 will be assessed for this course.

**AART 330. 3D Motion Design** **3 hours**

*Prerequisites:* AART 108, 322.

Students in this course build on the foundation skills acquired in Motion Design by extending them into the realm of 3D computer design. This course focuses on modeling, lighting, and rendering techniques as well as basic compositing integrated with two dimensional motion graphics and digital camera approaches. Lab fee 12 will

be assessed for this course.

**AART 332. Visualization 3 hours**

*Prerequisite:* AART 244.

This course explores various techniques for organizing and procedures for presenting materials related to commercial and instructional demonstrations. Focus is placed on clarity and creative solutions in creating entertaining and compelling productions. Lab fee 12 will be assessed for this course.

**AART 426. Senior Studio I 3 hours**

*Prerequisite:* AART 318.

In this course final year students will have the opportunity to produce a significant project needed to complete their portfolio. Class time features structured labs, regular presentations, professor/student meetings, and group discussions concerning each students work. Lab fee 12 will be assessed for this course.

**AART 428 Senior Studio II 3 hours**

*Prerequisite:* AART 426.

In this course final year students will finish any projects needed to complete their portfolio. Class time features structured lab times, regular presentations, professor/student meetings, and group discussions concerning each students work. Lab fee 12 will be assessed for this course.

**AART 265/465. Topics in Animation 1-3 hours**

This course is designed to be an access point to a broad variety of subjects in animation. May be repeated with permission. Lab fee 12 will be assessed for this course.

**AART 480. Self Promotion 1 hour**

*Prerequisite:* Senior status.

Students enrolled in this course will be trained in all aspects related to presenting themselves as professionals applicable to various career settings like jobs and internships or graduate school. Skills in art preparation, job hunting, and the importance of developing an artistic statement will also be addressed. Lab fee 5 will be assessed for this course.

**AART 292/492. Internship in Animation 1-3 hours**

*Prerequisite:* Acceptance by a professional studio.

Professional work experience in an animation production environment for a minimum of 100 clock hours per credit hour with supervisor evaluation. Students will maintain a log sheet and samples of work. May be repeated.

## FILM PRODUCTION

**ARTF 112. Film Pre-Production I 3 hours**

This course introduces the film student to the principles of visual storytelling. Students will learn about storyboarding, shot flow, location scouting, and talent screening. This is a lecture course.

**ARTF 114. Film Pre-Production II 3 hours**

*Prerequisite:* ARTF 112.

This course introduces students to the standard film budgeting and scheduling processes. Attention is given to the different unions and guilds, as well as how to plan a production to meet scheduling demands. This is a lecture/studio course.

**ARTF 214. Lighting** **2 hours**

*Prerequisite:* ART 104 or permission of instructor.  
Students learn the fundamentals of how to use light to create moods and effects. Lab fee 8 will be assessed for this course. This is a lecture/lab course.

**ARTF 233. Intro to Field Production** **2 hours**

*Co-requisite:* ARTF 214.  
This course is designed to introduce students to the principles and tools of narrative filmmaking, including the use of film and digital video cameras. Lab fee 8 will be assessed for this course. This is a lecture/lab course.

**ARTF 235. Cinematography** **3 hours**

*Prerequisite:* ARTF 233. *Co-requisite:* ARTF 320.  
This course continues instruction in the craft of capturing moving images with 16mm film and digital video cameras. The course is project-oriented, and students will work with seniors enrolled in ARTF 424 to produce complete short films. Lab fee 12 and an additional \$300 will be assessed for this course. This is a studio course.

**ARTF 320. Post Production** **3 hours**

*Prerequisite:* ARTG 212. *Co-requisite:* ARTF 235.  
Students will learn non-linear film editing techniques. Special attention is paid not only to technical proficiency but to the pacing and overall flow and continuity of scenes. Lab fee 12 will be assessed for this course. This is a lecture/lab course.

**ARTF 326. Screenwriting I** **3 hours**

*Prerequisites:* ENGL 101, 102.  
This is intended for Film Production and Animation students to develop skills in the art of writing for the screen. Attention will be given to audience, theme, character, plot construction, dramatic structure, dialogue, and elements of film space and timing. This is a lecture/lab course.

**ARTF 328. Screenwriting II** **3 hours**

*Prerequisite:* ARTF 326.  
Students write several short screenplays, as well as one feature length screenplay intended for portfolio use. This is a lecture/lab course.

**ARTF 353. Documentary Filmmaking** **3 hours**

Students produce a short documentary film and analyze documentary films paying special attention to the kinds of challenges present for the documentary film maker. Lab fee 12 will be assessed for this course. This is a lecture/studio course.

**ARTF 422. Directing** **3 hours**

*Prerequisite:* ARTF 328.  
Film students will be introduced to fundamentals of acting and directing as they direct each other in short scenes. Attention will also be given to how to communicate clearly with the cast and key department heads. Lab fee 12 will be assessed for this course. This is a lecture/studio course.

**ARTF 424. Senior Project** **3 hours**

**Prerequisite:** ARTF 422.

Film majors will work with ARTF 245 students to produce complete short films suitable for portfolio use. Lab fee 12 will be assessed for this course. This is a lecture/lab course.

**ARTF 445. Self Promotion 1 hour**

**Prerequisite:** ARTF 422.

Film production majors study the industry as a whole in conjunction with preparing portfolios suitable for job placement in the area of their choice. Lab fee 12 will be assessed for this course.

**ARTF 265/465. Topics in Film Production 1-3 hours**

Full participation in workshops and seminars presented by active professionals in the field. The presentations are offered in intensive blocks over the weekends two to three times per year. Selected topics are related to all areas of the film production field. Lab fee 12 and an additional \$75 will be assessed for this course. This is a studio course.

**ARTF 492. Film Production Internship. 3 hours**

**Prerequisite:** Completion of at least half of the hours required for a major in film production.

Students will work on a project in the film industry during the summer, preferably an 8 to 12 week period between the junior and senior year. At least 300 clock hours of work experience are required.

## COMPUTER GRAPHICS

**ARTG 114. Introduction to Computer Graphics (G-2) 2 hours**

**Pre- or Co-requisite:** ART 109.

An introductory, creative imaging course for those interested in professional visual art fields such as graphic design, film, animation, and interactive visual communication. This course introduces students to Adobe Photoshop for the acquisition, creation, manipulation, and output of bitmapped digital images to use in digital composition. Lab fee 8 will be assessed for this course.

**ARTG 116. Introduction to Vector Graphics 2 hours**

**Pre- or Co-requisite:** ART 109.

An introductory course for those interested in professional visual art fields such as graphic design, film, animation, and interactive visual communication. This course focuses on creating original vector graphic elements in the industry-leading application Adobe Illustrator, and the appropriate application of those vector elements in digital compositions. Lab fee 8 will be assessed for this course.

**ARTG 118. Digital Page Design 2 hours**

**Prerequisites:** ARTG 114, 116 or permission of the instructor.

An introductory, creative composition course for those interested in professional visual art fields such as graphic design, film, animation, and interactive visual communication.

This course introduces digital page design through the industry-standard applications Quark Xpress and Adobe InDesign. Emphasis is placed on learning efficient page layout through the use of master pages, typographic controls such as style sheets and effective use of process color and spot color libraries. Lab fee 8 will be assessed for this course.

**ARTG 121. Typography I 3 hours**

**Prerequisites:** ART 109; ARTG 114, 116.

An introductory course on type history, letter anatomy, classic and modern typefaces, styles and attributes such as leading, kerning, alignment, etc. The students will design their own typeface based on an existing one or create an original. Lab fee 12 will be

assessed for this course.

**ARTG 122. Typography II** **3 hours**

*Prerequisite:* ARTG 121.

A course dealing with the introduction of other visual elements such as photographs, illustrations, graphs, and graphics into the typographical design. Emphasis is placed on the synergistic relationship between visuals and type that focuses on complementary form and style within the context of a specific message to be communicated. Lab fee 12 will be assessed for this course.

**ARTG 210. Vector Graphics Design (G-2)** **3 hours**

*Prerequisite:* ARTG 114, 116, or permission of the instructor.

A course designed to develop skills for producing vector based digital art. Students with a basic knowledge of vector graphic concepts will gain a comprehensive understanding of the uses of drawing programs such as Illustrator and FreeHand with an emphasis on the adaptation of design principles to the 2-D digital environment. Lab fee 12 will be assessed for this course.

**ARTG 212. Advanced Computer Graphics** **3 hours**

*Prerequisites:* ARTG 114, 116, 118; ART 110 or permission of the instructor.

In this course the graphic design student will address color correction, scanning resolution, image restoration, coloring photographs, collage and montage techniques, masking an effective use of filters and special effects on images that will appear on the Internet, interactive multi-media projects, and various printed media. Lab fee 12 will be assessed for this course.

**ARTG 324. Editorial Design** **3 hours**

*Prerequisite:* ARTG 212.

A course that deals with the designing of text blocks by creating columns, master pages, style sheets, drop caps, headings, etc. achieving professionally eye catching layouts and spreads. Lab fee 12 will be assessed for this course.

**ARTG 326. Digital Imaging** **3 hours**

*Prerequisite:* ARTG 212 or permission of instructor.

In this course the student will explore studio photography techniques with digital SLR cameras. Emphasis will be given to image enhancement, stylization, and compositing based on an advance knowledge of Photoshop. Lab fee 12 will be assessed for this course.

**ARTG 327. Multimedia I** **3 hours**

*Prerequisite:* ARTG 212.

This course covers the steps and issues in designing and creating an interactive multimedia presentation published on CD-ROM. Areas covered are interface design, flowcharting, software and hardware constraints, programming, and preparation of digital assets. Emphasis is on shaping an idea into a well thought-out design that works as a multimedia experience. Lab fee 12 will be assessed for this course.

**ARTG 329. Multimedia II** **3 hours**

*Prerequisite:* ARTG 327.

This course continues on with the design and refinement of a student's multimedia project from Multimedia I. Program control through Director's scripting language, Lingo, will be explored in much more detail as well as advanced media creation and acquisition, such as quicktime vs. movies. Knowledge of video and audio production, macromedia flash, and digital imaging are strongly recommended. Lab fee 12 will be assessed for this course.

**ARTG 332. Advertising Design 3 hours**

*Prerequisite:* ARTG 212.

This course deals with the development of a creative concept used to promote a product with a variety of computer generated visual images. The class is grouped in teams which create and present a professional looking advertising campaign. The course ends with a general critique of the entire project. Lab fee 12 will be assessed for this course.

**ARTG 333. Packaging 3 hours**

*Prerequisite:* ARTG 212.

A course in designing effective packaging for commercial products with consideration to color, type, and graphic images applied to 3D form with a specific message in mind directed to a specific market. Lab fee 13 will be assessed for this course.

**ARTG 339. Publication Design (G-1) 3 hours**

*Prerequisite:* ART 324.

A course in which the student deals with process and spot colors, different file formats, text and images producing portfolio quality examples of fliers, brochures, pamphlets, magazines, book covers, CD covers, and posters. Lab fee 12 will be assessed for this course.

**ARTG 420. Corporate Identity 3 hours**

*Prerequisite:* ARTG 212.

A course in which a logo is created as a base for the development of an identity system which an organization will project on various means of visual communication. Lab fee 12 will be assessed for this course.

**ARTG 430. Advanced Concepts in Graphic Design. 3 hours**

*Prerequisite:* Senior standing in Graphic Design major.

Integration of graphic design principles with research, strategic planning, creative problem solving with the objective of presenting a visual communication as applied to contemporary advertising and editorial design problems. Lab fee 12 will be assessed for this course.

**ARTG 265/465. Topics in Computer Graphics 1-3 hours**

Participation in workshops and seminars offered by active professional graphic designers and adjunct faculty. The presentations are offered in an intensive block two to three times per semester. Selected topics include all areas related to the field of Graphic Design. Lab fee 5 will be assessed for this course. (Winter)

**ARTG 491. Graphic Design Practicum 1-3 hours**

Students will work in a graphics related business for a minimum of 40 clock hours per credit hour with employer evaluation. Students must maintain a log sheet and samples of work.

**ARTG 499. Senior Project 1 hour**

Major projects in area of interest for seniors and preparation of permanent portfolio of college at work. Lab fee 4 will be assessed for this course.

## INTERACTIVE MEDIA

**ARTI 115. Introduction to Interactive Media 3 hours**

This course introduces the student to the use of the web as a medium for interactive illustration, motion, communication, dynamic publishing, and e-learning. Lab fee 12 will be assessed for this course. Three hour lecture.

**ARTI 230. Sound Design 3 hours**

Students will conduct recordings and use digital audio tools to create sound for motion pictures and interactive systems. By integrating visual design with sound theory, students will learn ADR, Foley, effects, mixing techniques, sound management, sampling, and MIDI music creation. Lab fee 12 will be assessed for this course. Three hour lecture.

**ARTI 321. Interactive Media I 3 hours**

*Prerequisites:* AART 104; ARTG 114.

Students will create aesthetically pleasing websites using XHTML, CSS, and JavaScript, with attention to accessibility, site management, web administration, graphics optimization, internet history, and the World Wide Web architecture. Lab fee 12 will be assessed for this course. Three hour lecture and studio course.

**ARTI 323. Interactive Media II 3 hours**

*Prerequisite:* ARTI 321.

Web animations, illustrations, and e-learning will be developed in this class. Lab fee 12 will be assessed for this course. Three hour lecture and one hour studio course.

**ARTI 425. Interactive Media III 4 hours**

*Prerequisite:* ARTI 323.

This course emphasizes the effective use of visual design with websites that store and retrieve information through the use of server-side scripting and databases. Lab fee 12 will be assessed for this course. Three hours of lecture and three hours lab.

**ARTI 427. Interactive Video and Sound 3 hours**

*Prerequisite:* ARTI 425.

Students will explore and express their own audio-visual experiences through interactive video and sound synthesis programming. Lab fee 12 will be assessed for this course. Five hour studio course.

**ARTI 432. 3D Environments 3 hours**

*Prerequisite:* ARTG 327.

This course teaches students to create interactive audio and visual experiences that are three dimensional with dynamic motion, programmable triggers and events, sound and animation. Lab fee 12 will be assessed for this course. Five hour studio course.

**ARTI 437. New Media Applications 3 hours**

*Prerequisites:* Senior Status; ARTG 329.

This course covers historical influences of technology and art in relation to current trends in New Media. Various artists and mediums will be researched for the application of the final project. Lab fee 9 will be assessed for this course. Three hours of lecture.

**ARTI 265/465. Topics in Art 1-4 hours**

Selected areas in art such as watercolor, printmaking, concept drawing, stage set design, advanced figure drawing, cartooning, and other related topics are chosen each semester as the topic of focus. Lab fee 12 will be assessed for this course.

(A-2) (W) See pages 24-25 and 27-31 for General Degree and General Education requirements.

# INTERDEPARTMENTAL PROGRAMS

---

## **BACHELOR OF SCIENCE IN MEDICAL SCIENCE**

Adviser: Keith Snyder

A Bachelor of Science Degree in Medical Science will be conferred upon students not already in possession of a bachelor's degree who satisfy the following three conditions:

1. Complete 93 semester hours in an accredited undergraduate university program of which at least the last 30 were taken in residence at Southern Adventist University and at least 12 of which were at the upper division level.
2. Meet the General Education and Cognate requirements equivalent to those outlined for the current Clinical Laboratory Science program, except BIOL 330 and 340 listed under the cognates. These may be replaced by any other biology elective in the Clinical Sciences or Basic Zoology areas or upper division chemistry. (See page 52)
3. Provide certification from an accredited professional school of dentistry, chiropractic, medicine, pharmacy, or optometry that the first year of the respective professional program has been successfully completed and that the applicant is eligible to continue.

Request for the conferral of this degree is made to the Director of Records and Advisement.

## **GENERAL STUDIES**

Advisement Coordinator: Sharon Rogers

The Associate of Arts and Associate of Science degrees with a major in General Studies are designed for students who have not made a career decision at the time they enter the University. These degrees offer them an opportunity to earn a large part of the general requirements for a baccalaureate degree while leaving some semester hours free for exploration in areas of their choice.

## **ASSOCIATE OF ARTS DEGREE IN GENERAL STUDIES**

Major: The completion of the General Education requirements for the Bachelor of Arts degree with the exception: Six hours instead of 12 will be required for Area B, Religion. Required courses are COMM 135, PEAC 225 and CPE 100, 106, 107. Six hours of an elementary foreign language must be included unless two units of the same language were earned in high school. A minimum total of 64 semester hours with a cumulative minimum grade point average of 2.00 is required. Students who plan to eventually complete a bachelor's degree should include some upper division credit and a "W" (writing emphasis) course in the second semester of their second year.

\*Six hours of elementary foreign language must be included unless two units of the same language were earned in high school.

# NON-DEGREE PREPROFESSIONAL PROGRAMS

---

Preprofessional and pretechnical curricula are offered in a wide variety of fields. Below are listed the curricula most frequently chosen. If other preprofessional programs are desired, faculty advisors are prepared to assist the student in working out a satisfactory sequence of courses needed to meet the admission requirements of the chosen professional school.

## **ANESTHESIA (CRNA)**

Adviser: Barbara James

Registered nurses who are experienced and comfortable working in critical care areas may become registered nurse anesthetists. Graduation from an approved program of nursing and a valid nursing license is required. Additional requirements may be determined by consulting the School of Nursing.

## **DENTISTRY**

Adviser: Keith Snyder

Pre-dental training in college/university requires a minimum of three years of study; however, a preference is given to those who have completed a fourth year, earning a bachelor's degree. Students may major in the field of their interest. Although a thorough background in the biological and physical sciences is essential to the study of dentistry, a broad educational background in the humanities is desirable. Upper division biology courses are recommended to prepare for the Dental Admissions Test and for the first year of basic science courses in dental school.

Application to dental school should be made one year previous to the one for which admission is desired. Successful applicants should have a minimum GPA of 3.00 in both science and non-science courses as well as satisfactory performance on the Dental Admissions Test. Information regarding the Dental Admission Testing Program may be obtained from the American Dental Association, 211 East Chicago Avenue, Chicago, IL 60611 or on the web (<http://www.ada.org/prof/ed/testing/dat.asp>).

The following courses must be included to meet the minimum requirements for admission to Loma Linda University School of Dentistry:

BIOL 151-152 .....	8 hours
CHEM 151-152, 311-312 .....	16 hours
ENGL 101-102.....	6 hours
MATH 120*, 121* .....	5 hours
PHYS 211-212, 213-214.....	8 hours

\*Waived if equivalent math was taken in high school with minimum grade of B.

Strongly recommended courses: Anatomy (BIOL 416), Biochemistry (CHEM 341), Animal Physiology (BIOL 420)

Recommended courses: Business classes such as Accounting/Management, and a hands-on class such as Ceramics/Sculpture.

## LAW

Adviser: Ben McArthur

Students interested in the study of law as a profession should become acquainted with the entrance requirements of various law schools. This will make possible the planning of a preprofessional program which will qualify the student for admission to several schools.

It is a general requirement that students complete a bachelor's degree before entering law school. Although no particular major is required, five fields should be especially considered by the student serious about law school. These are: business, history, English, journalism, and behavioral science. Certain courses recommended by all law schools include American history, freshman composition, principles of accounting, American government, principles of economics, English history, business law, and mathematics. Pre-law students should concentrate on developing their analytical, verbal, and writing skills.

Southern Adventist University offers a Political Economy minor, which combines an interdisciplinary selection of courses helpful for law school preparation. This eighteen-hour minor consists of:

1. ECON 224 Principles of Economics ..... 3 hours
2. PLSC 254 American Government ..... 3 hours
3. PLSC 471 Classics of Western Thought I OR  
PLSC 472 Classics of Western Thought II ..... 3 hours
4. ENGL 313 Expository Writing ..... 3 hours

Plus six hours of electives selected from the following courses:

5. ACCT 221 Principles of Accounting
6. ECON 225 Principles of Economics
7. BUAD 358 Ethical, Social, and Legal Environment of Business
8. BUAD 339 Business Law
9. HIST/PLSC 357 Modern America
10. HIST 374 History of England
11. HMNT 210 Introduction to Philosophy
12. JOUR 427 Mass Media Law and Ethics
13. COOP 265/465 Cooperative  
Education (3 Hours)

Such coops would include work with one of the following:  
a lawyer, a legal clinic, a public defender's office, a state  
or U.S. attorney's office.

Information about preparation for law school may be obtained from the Section of Legal Education and Admissions to the Bar, American Bar Association, 1155 East 60th Street, Chicago, Illinois 60637. For information about the Law School Admissions Test, see the pre-law adviser.

**MEDICINE**

Advisers: Earl Aagaard, Joyce Azevedo, Ann Foster, Rhonda Scott, Keith Snyder,  
Lee Spencer, Neville Trimm

Secondary school students who look forward to a career in medicine are advised to include mathematics and science courses during their high school years.

Most applicants complete a Bachelor's Degree prior to entrance into medical school. Exceptional students may be eligible to apply after completion of a minimum of 85 semester hours. Applicants for admission to the Loma Linda University School of Medicine should maintain a grade point average of at least 3.50 in both science and non-science courses. The following courses without an asterisk must be included in the applicant's academic program. Medical schools generally do not accept CLEP or AP credits for these basic science courses. Classes with (\*) asterisks in biology, chemistry, and mathematics are recommended.

BIOL 151-152 .....	8 hours
CHEM 151-152, 311-312 .....	16 hours
ENGL 101-102.....	6 hours
MATH 120*, 121* .....	3 hours
PHYS 211-212, 213-214.....	8 hours

\*Waived if equivalent math was taken in high school with minimum grade of B.

Strongly recommended courses: Biochemistry (CHEM 341), Cell and Molecular Biology (BIOL 412), Animal Physiology (BIOL 420), Developmental Biology (BIOL 313) Animal Histology (BIOL 417), Human Anatomy (BIOL 416).

**NOTE:** The first three of these are recommended before taking the MCAT.

Recommended courses: Microbiology (BIOL 330), Immunology (BIOL 340), Statistics (MATH 215), Calculus (MATH 181), Business courses such as Accounting/Management.

Applicants are also encouraged to obtain experience where they are directly involved in the providing of health care. The Biology Department collaborates with Chattanooga's Erlanger Medical Center in a premedical preceptorship program. This program provides the opportunity for upper division pre-medical students to shadow resident physicians in the hospital for up to 24-hour periods.

The applicant is required to have taken the new Medical College Admission Test (MCAT) prior to consideration by the admissions committee. This exam is administered twice a year—in August and April. Application for the exam is made through the Counseling and Testing Center one to two months before the exam is scheduled. For entrance into medical school following graduation, the student should plan on taking the MCAT in April of the junior year or in August preceding the senior year. All of the above required science courses should be completed by this time to insure maximum performance on the MCAT exam.

Once or twice each year representatives from LLU and other schools of medicine visit the campus to interview prospective students. Premedical students are encouraged to make appointments to speak with them.

Most medical schools are members of the American Medical College Application Service (AMCAS). Applications must be submitted through this

service. The AMCAS application may be obtained from the Counseling and Testing Office, directly from AMCAS, or filled out electronically on the web. Applications are available between May 1 and November 1 for entry into medical school the following year (<http://www.aamc.org>).

After receiving the applications from AMCAS, the admissions office of the medical school reviews the candidates and determines whether or not supplementary information is needed.

Medical schools usually require a letter of recommendation from the pre-professional recommendation committee of the applicant's undergraduate college. Senior pre-medical students are asked to provide the names and addresses of all medical schools to which they are applying to the Vice President for Academic Administration's office at Southern before October 1.

Following a careful evaluation of the supplementary application and letters of recommendation submitted to the admissions office, selected applicants may be invited for a personal interview by the medical school.

### **OPTOMETRY**

Adviser: Chris Hansen

The admission requirements to colleges of optometry vary, so the student should follow the catalog from the school of his/her choice. (See the Association of Schools and Colleges of Optometry's website for a list of accredited optometry programs—<http://www.opted.org>). However, all place emphasis on biology, chemistry, mathematics and physics. Additional courses in the areas of fine arts, language, literature, and the social sciences are usually necessary.

A minimum of two years of preoptometric study is required. However, additional study increases the prospects of acceptance into professional training.

Following is a list of preoptometry courses required by most schools:

BIOL 151-152, 330, 416, 420.....	19 hours
CHEM 151-152, 311 .....	12 hours
ENGL 101-102.....	6 hours
MATH 120, 121, 181.....	9 hours
PHYS 211-212, 213-214.....	8 hours
PSYC 122.....	3 hours

Direct individual inquiries are welcomed by the American Optometric Association (<http://www.aoanet.org>).

### **OSTEOPATHIC MEDICINE**

Adviser: Earl Aagaard, Joyce Azevedo, Ann Foster, Keith Snyder, Lee Spencer, Neville Trimm

An alternative to allopathic medical schools, which grant the M.D. degree, are the osteopathic medical schools whose graduates receive the D.O. degree.

Many Seventh-day Adventists have attended the University of Health Sciences, College of Osteopathic Medicine in Kansas City, Missouri, one of nineteen osteopathic medical colleges in this country.

Requirements for admission are similar to those for allopathic medical

schools such as Loma Linda University School of Medicine. Students apply to schools of osteopathic medicine through the American Association of Colleges of Osteopathic Medicine Application Service (AACOMAS) (<http://www.aacomas.aacom.org>).

For a reasonable chance of acceptance, a minimum grade point average of 3.00 should be maintained in both science and non-science subjects.

## PHARMACY

Adviser: Bruce Schilling

Those students interested in a career in the field of pharmacy may take their prepharmacy classes at Southern Adventist University before applying to a school of pharmacy. The doctor of pharmacy degree (PharmD) is a four year program. Prepharmacy requirements take from two to four years to complete depending on the pharmacy school and the student, and many pharmacy schools are now giving admissions preference to students with a bachelor's degree.

Admission requirements to colleges of pharmacy vary from school to school so the student should consult the catalog or web page of the school of his/her choice for specific course requirements. The American Association of Colleges of Pharmacy maintains links to all schools of pharmacy at its web page [www.aacp.org](http://www.aacp.org). All schools place a strong emphasis on chemistry, biology, physics, and mathematics.

Minimum admission requirements for the Loma Linda University School of Pharmacy include the following 72 semester credit hours:

BIOL 101, 151-152 .....	12 hours
CHEM 151-152, 311-312 .....	16 hours
COMM 135 .....	3 hours
ENGL 101-102.....	6 hours
MATH 181 .....	3 hours
PHYS 211-212, 213-214.....	8 hours
Humanities/Fine Arts .....	12 hours
Social/Behavioral Studies .....	12 hours

One semester of an introductory computer class must also be included or the student must demonstrate computer competency. Loma Linda indicates that preference will be given to students who have completed a baccalaureate degree in chemistry, biology, physics, or a related scientific field.

University of Tennessee Memphis has increased its prepharmacy requirements to a minimum of 90 semester credit hours. Minimum admission requirements to the University of Tennessee College of Pharmacy at Memphis are:

BIOL 151-152; 101-102 or 416 and 418, 225 or 330, 340 .....	23 hours
CHEM 151-152, 311-312, 341-342, 343*.....	23 hours
COMM 135 .....	3 hours
ENGL 101-102.....	6 hours
PHYS 211, 213.....	4 hours
MATH 181, 215.....	6 hours
Humanities.....	6 hours
Social Sciences .....	6 hours
General Electives.....	14 hours

\*recommended

Pharmacy is an excellent, lucrative career with a current shortage of qualified

pharmacists. However, this has led to much more competition for the available positions in pharmacy schools. The average GPA for accepted students is approaching 3.5. In addition, a satisfactory score must be achieved on the National Pharmacy Admission Test.

#### **PODIATRIC MEDICINE:**

Adviser: Keith Snyder

An alternative to allopathic (M.D.) and osteopathic (D.O.) medical schools are the podiatric medical schools whose graduates receive the D.P.M. degree. Doctors of podiatric medicine are physicians trained in the medical and surgical treatment of the human foot and ankle.

To gain acceptance to a school of Podiatric Medicine, a bachelor's degree is highly desirable. Preprofessional course work, with a minimum of 90 semester hours, is required of all students. Applicants are required to take the Medical College Admission Test (MCAT). In addition, most D.P.M. schools require the same prerequisite science classes as the M.D. and D.O. schools.

There are seven colleges of podiatric medicine, six of which participate in the American Association of Colleges of Podiatric Medicine Application Service (AACPMAS). The six schools in the AACPMAS are located in California, Florida, Illinois, Iowa, Ohio, and Pennsylvania. An application packet can be obtained by writing or calling:

AACPMAS  
1350 Piccard Drive, Suite 322  
Rockville, MD 20850-4307  
1-800-922-9266  
(301) 990-7400

#### **PRE-PHYSICIAN ASSISTANT**

Adviser: Renita Klischies

Physician assistants are trained to perform many of the essential tasks involved in patient care. They take medical histories, perform physical evaluations, order laboratory tests, make preliminary diagnoses, prescribe appropriate treatments, and recommend medications and drug therapies. They also treat minor problems such as lacerations, abrasions, and burns. Physician assistants work in a variety of practice settings and specialty areas. The most important practice setting is in a physician's office. They also work at hospitals and clinics. Specialties using PA's are family practice, internal medicine, general and thoracic surgery, emergency medicine, pediatrics, and various medical sub-specialties.

The entrance requirements to physician assistant clinical programs vary considerably from school to school. Pre-requisite course requirements range from two years of college level courses to a baccalaureate degree. Prior patient care requirements also range from being recommended through two years of direct clinical work experience.

SDA programs offering the Physician Assistant degree are:

- Kettering College of Medical Arts—[www.kcma.edu](http://www.kcma.edu)
- Loma Linda University—[www.llu.edu](http://www.llu.edu)

➤ Union College—[www.ucollege.edu/pa](http://www.ucollege.edu/pa)

Students may obtain information on these programs by contacting the schools directly, or from the Southern Adventist University pre-PA adviser. A complete list of PA programs can be found on the American Academy of Physician Assistants website at [www.aapa.org](http://www.aapa.org). Southern Adventist University can structure a course of study to meet the requirements of any clinical program to which a student wishes to apply. Students are advised to begin early in their academic studies to gather information on prospective PA schools and the pre-requisite course work required.

**VETERINARY MEDICINE**

Adviser: Earl Aagaard

Competition for admission to colleges of veterinary medicine is keen. Consequently, most successful applicants have completed a degree rather than the minimum requirements listed below. It should also be noted that it is difficult to be accepted in any veterinary institution other than the school in the state where the applicant resides.

The applicant must make a satisfactory score on the Veterinary College Admission Test (VCAT) in addition to meeting grade point average and personal qualifications for admission. Professional training involves four years of veterinary school beyond college.

Minimum admission requirements to the University of Tennessee College of Veterinary Medicine in Knoxville are:

BIOL 151-152, 316, 412.....	16 hours
CHEM 151-152, 311-312, 341 .....	20 hours
ENGL 101-102.....	6 hours
PHYS 211-212, 213-214.....	8 hours
Additional requirements include:	
Humanities and Social Sciences .....	18 hours

Admission requirements will vary between veterinary schools; therefore, it is recommended that the pre-veterinary student work closely with his/her adviser in assuring that the specific requirements for the schools of his/her choice are met.

Information on veterinary schools and applications, through the Association of American Veterinary Medical Colleges, are available online <http://www.aavmc.org>.

# FINANCING YOUR EDUCATION

---

## ENROLLMENT SERVICES OFFICE MISSION STATEMENT

Southern Adventist University is committed to providing every student with the opportunity to obtain a Christian education. To reach this goal, the Enrollment Services Office will make every effort to work together with students toward meeting the students' financial obligations.

## FINANCIAL AID POLICY

Southern Adventist University provides financial aid for students in the form of loans, grants, scholarships, and employment. The source of these funds is in most cases the United States Government (in the form of Title IV funds), the student's state, a private group or corporation, or Southern Adventist University. Financial aid applicants will not be denied assistance on the basis of sex, race, color, national origin, religion, or ethnicity. The Enrollment Services Office follows established procedures and practices which will assure equitable and consistent treatment of all applicants.

Students are urged to contact the Enrollment Services Office, P.O. Box 370, Collegedale, Tennessee 37315-0370, phone 1.800.SOUTHERN, or go to our website [studentfinance.southern.edu](http://studentfinance.southern.edu) for information about and applications for financial aid. Applications received by the priority deadline of March 31 will be given preference. To meet this deadline the FAFSA (Free Application for Federal Student Aid) should be submitted no later than March 1. Applications received after March 31 will be processed as long as time and funds permit. Southern Adventist University's Title IV code is **003518**.

## FINANCIAL AID AVAILABLE

### SCHOLARSHIPS

#### *Freshman Scholarship*

Southern Adventist University offers students a variety of opportunities to receive scholarships and awards.

The Freshman Leadership and Academic Scholarship (FLASH) is based on a combination of your ACT score\* and cumulative high school GPA. FLASH is available only to future Southern freshmen who have just graduated from high school within the past nine months **OR** who have taken no more than ten semester hours of college credit. A full-time load (12 or more hours) must be taken to be eligible for the scholarship. The FLASH will automatically be awarded once transcripts and test scores are received.

\*We'll be happy to convert your SAT score to an ACT score. Call 1.800.SOUTHERN for an Enrollment Counselor.

*Use this Points Formula to calculate your eligibility for the Freshman Scholarship:*

**Step One.** Take your high school GPA and multiply by 1,000 \_\_\_\_\_  
Points

(4000 points

max)

**Step Two.** Take your ACT\* test score and multiply by 100 \_\_\_\_\_  
Points

**Step Three.** Add all points from Step One and Two = \_\_\_\_\_ **Total Points**

**Freshman Scholarship Amount      Scholarship      Total Points**

\$2,000	Honors Scholarship	4,800-5,700
\$4,000	Dean's Scholarship	5,701-6,600
\$6,000	Presidential Scholarship	6,601-7,300
Full tuition	Full Tuition Scholarship	7,301 & higher

*The Student Transferring/Returning Scholarship*

The Transferring/Returning Scholarship (STAR) is awarded to those students who have earned more than ten hours of college credit and will be taking a full-time load (12 or more hours) through the duration of the scholarship. The scholarship is based on the cumulative GPA of all transcripts when transferring. For returning Southern students, the cumulative GPA is figured from the student's record each January. Southern does not round up numbers for this scholarship.

- Bronze Circle Scholarship \$1,500 with maintenance of 3.40-3.59 GPA
- Silver Circle Scholarship \$2,000 with maintenance of 3.60- 3.79 GPA
- Gold Circle Scholarship \$2,500 with maintenance of 3.80 and above GPA

*Placement in National Merit Scholarship Competition\**

**Placement 1st Year Scholarship Renewable for three years\*\***

Finalist Full Tuition 50% Tuition with maintenance of 3.80 GPA

Semi-Finalists and Commended placements will receive scholarships based on requirements for Freshman Scholarship or the Student Transferring/Returning Scholarships.

\* We also scholarship students in the National Hispanic Scholar Recognition Program and the National Scholarship and Fund for Negro Students.

\*\* Qualification for renewable scholarships is based on cumulative Southern Adventist GPA.

Taking the PSAT test in the junior year of high school is the first step for entering the National Merit Program. If the student qualifies as a National Merit Semi-Finalist or a PSAT Commended Scholar, he/she is notified by the National Merit Scholarship Corporation. The list of qualifying students is published and sent to U.S. colleges and universities. The semi-finalist may advance to finalist status by taking the SAT during the senior year and by meeting other requirements outlined by the National Merit Scholarship Corporation.

*Summer Ministries Leadership Scholarships*

These scholarships are available to any student who works during the summer at a Seventh-day Adventist conference-sponsored summer camp or in literature evangelism and then attends Southern during the next academic year. The Enrollment Services Office will verify with the student's employing organization that contractual obligations have been met over the course of the summer. A student who participates in multiple summer ministry projects is eligible to receive only one of the scholarships below. Southern will choose the larger of the two scholarships.

The Literature Evangelism Scholarship - Your summer earnings matched 50%, with a cap of \$2,000.

Summer Camp Scholarship - \$120 per full week worked, with a cap of \$1,320.

To apply for the camp scholarship, your camp director must submit the number of weeks you

will work based on your camp contract to the Enrollment Services Office by March 1. This information is needed early for budgeting and awarding.

#### *Endowment Fund and Other Grants*

Southern Adventist University is blessed with a growing endowment fund created by donors interested in helping students achieve their educational goals. Eligibility for this free grant money is determined by filling out the federal financial aid application referred to as the FAFSA. This application uses a common nationwide formula to determine a family's ability to pay for college. Southern uses this formula as a guideline in disbursing the Southern Endowment Fund. For a financial aid application, call 1.800.SOUTHERN. You can also file for financial aid on-line at [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

#### *Departmental Scholarships*

Some departments/schools offer scholarships for students who meet departmental criteria. These scholarships are normally awarded to sophomores, juniors, and seniors who have performed up to certain levels in the department. Scholarships are usually awarded at Awards Convocation in April of each academic year. Check with the department of your major for more information.

#### *Cut Your Costs by Working*

Working is another great way to reduce the cost of your college education.

On average, students can contribute about \$2,500 toward their yearly costs by working 15 and 20 hours a week.

#### *Student Missionary/Task Force Scholarship*

Student Missionary/Task Force Scholarships are available to qualified students who attend Southern the year following their term of service. The scholarship is \$1,500. For more information, call the Chaplain's Office at 423.236.2787. This scholarship is not available to freshmen or those with less than nine months of service.

#### *SmartStart Free Tuition Savings*

To take advantage of FREE tuition for one class (equaling 3 credit hours), entering freshmen or first-time transfer students are encouraged to apply for the special summer SmartStart session. To find out how you can benefit from this offer, call 1.800.SOUTHERN.

#### *Performance Scholarships*

Each year performance scholarships are awarded by the School of Music (for the Orchestra, the Wind Symphony, and the choirs), the Gym-Masters, and the Destiny Drama Company. Some of these performance scholarships are by audition only. The scholarships may be renewable for each year the student is in college as long as participation in the performing group continues. For more information, call the School of Music at 423.236.2880,

the Gym-Masters director at 423.236.2673, or the Destiny Drama Company coordinator at 423.236.2787.

#### *Southern Scholars Honors Program Scholarships*

The Southern Scholars Honors Program is designed to enrich the studies of academically motivated students. Students who participate in Southern Scholars for at least a year are eligible for 12 hours of tuition rebates, which are distributed over four semesters of their junior and senior years. For more information, call Wilma McClarty at 423.236.2736.

<b>TAKE NOTE</b>	<b>PLEASE</b>
<p><i>Other Potential Scholarship Sources</i></p> <p>You may qualify for scholarships from national and community organizations like the YMCA and Rotary Club, or from your parents' employers as well as Southern general funds. Check out these resources in your hometown by contacting the public library, the local Chamber of Commerce, and your pastor. You can also access scholarship and financial aid information on the Internet at <a href="http://www.finaid.org">www.finaid.org</a>. There are several searchable databases of more than 100,000 private scholarships, fellowships, grants, and loans.</p> <p>All scholarship applications are due by the first day of the fall and winter semesters. ### *Grants*

Southern Adventist University need-based institutional grants are awarded from institutional and endowment funds to students who have financial need and are achieving academically. The amount of these awards is variable per year depending upon the student's need and availability of funds.

The amount of a student's SAU need-based institutional grant award, as well as his/her federal grant award, will be determined after all the necessary federal and institutional applications are completed and processed. If the student's academic progress falls below the required level, the SAU grant may be canceled. Any requests for exceptions should be addressed to the Academic Progress Committee.

SAU Endowment Grants—Southern Adventist University is blessed with a growing endowment fund created by donors interested in helping students achieve their educational goals. Eligibility for these free grant monies is determined by filling out the FAFSA. This application uses a common nationwide formula to determine a family's ability to pay for college. Southern uses this formula as a guideline in disbursing the Southern Endowment Fund. For a financial aid application, call 1.800.SOUTHERN. You can also file for financial aid online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). These funds are awarded to students who have established financial need through the federal aid application process. Awards are made on a funds available basis. Notification to eligible recipients will be listed on the Financial Aid Award Letter.

Federal Pell Grants—Federal Pell Grants are awarded through a federal program which provides grant assistance directly to eligible first bachelor's degree undergraduate students. A student's eligibility for a Pell Grant is based on a congressionally approved formula which considers family financial circumstances. Pell Grants are available to full- and part-time students with proven financial needs who are making satisfactory progress towards a bachelor's degree.

Federal Supplemental Educational Opportunity Grant—Awarded to students with exceptional need when funds are available from the federal government.

### *Eligibility for Institutional Funds*

Eligibility for Southern Adventist University need-based funds is based upon a minimum of six credit hours (except where otherwise noted) being taken on the Southern Adventist University's Collegedale campus. Co-op, transient, directed study, distance learning, Adventist Colleges Abroad, and off-site campus classes are not eligible for SAU funds, and do not count toward the six credit hours.

### *Loans*

Federal Nursing Student Loans are available to nursing students only, with demonstrated financial need. Repayment and five percent interest assessment begin nine months after a student graduates, leaves school, drops below half-time enrollment, or drops from the nursing program.

Federal Perkins Loan—If eligible and funds are available, students can

borrow up to \$2,875 from the federal government through Southern Adventist University. Repayment and five percent interest begin nine months after a student graduates, leaves school, or drops below half-time enrollment.

Federal PLUS Loans are available to **parents** of dependent undergraduate students who have satisfactory credit histories. The student must be enrolled at least half-time. These loans, like Federal Stafford Loans, are made by a lender such as a bank, credit union, or savings and loan association. The yearly loan limit is a student's cost of education minus any estimated financial aid that s/he is eligible.

The PLUS loan interest rate is variable but not higher than nine percent. Variable interest rates are set each June. For more information on the interest rate, parents should contact the organization that holds their loan.

The "origination fee" of up to four percent of the loan principal is deducted proportionately from each disbursement made, although many lenders waive this fee. The lender may collect an insurance premium of up to one percent of the loan principal, which is deducted proportionately from each disbursement.

The procedure for applying is the same as for a Federal Stafford Loan. Southern Adventist University can refuse to certify a loan application, or can certify a loan for an amount less than a student's parents would be eligible for. The parents will be notified in writing, with a full explanation if such a circumstance should arise.

Federal law requires lenders to send the loan proceeds to the school in at least two payments. Payments will be sent either by electronic transfer or by check made co-payable to the school and to the parents.

Monthly principal and interest payments begin 60 days after the final loan disbursement. There is no "grace period" for these loans.

If a deferment—a postponement of repayment—applies (including a deferment for college enrollment), the parents' repayment of the principal amount borrowed will not begin until the deferment ends. The interest on the loan is not deferred during the time of the deferment, although the organization that holds the loan may allow the interest to accumulate until the deferment ends. In such a case, however, the interest will be added to the principal, increasing the amount of principal that will need to be repaid.

Federal Stafford Loans are low-interest loans made to students attending college at least half-time. Loans are made by a lender such as a bank, credit union, or savings and loan association. These loans are insured by a guarantee agency and reinsured by the federal government. A borrower must repay this loan.

Students enrolled at least half-time may qualify for a "subsidized" Federal Stafford Loan, which is based on financial need. Dependent students whose parents were denied a PLUS loan and independent students who enroll at least half-time may also apply for an "unsubsidized" Federal Stafford Loan regardless of need; that is, regardless of their or their family's financial status.

**Dependent undergraduate students** may borrow up to:

- \$2,625 if they are first-year students enrolled in a program of study that is a full academic year.
- \$3,500 if they have completed at least 24 credit hours, and the remainder of their program is a full academic year.
- \$5,500 a year if they have completed at least 55 credit hours and the

remainder of the program is at least one academic year.

The total Stafford Loan debt that a dependent undergraduate student may accumulate is \$23,000.

**Independent undergraduate students** may borrow up to:

- \$6,625 if they are first-year students enrolled in a program of study that is a full academic year. (At least \$4,000 of this amount must be in unsubsidized Stafford Loans.)
- \$7,500 if they have completed at least 24 credit hours and the remainder of the program is a full academic year. (At least \$4,000 of this amount must be in unsubsidized Stafford Loans.)
- \$10,500 a year if they have completed at least 55 credit hours and the remainder of their program is at least one academic year. (At least \$5,000 of this amount must be in unsubsidized Stafford Loans.)

The total Stafford Loan debt that an independent undergraduate student may accumulate is \$46,000, with no more than \$23,000 in subsidized loans.

Stafford loan interest rate is variable but not higher than eight and a quarter percent. Variable interest rates are set each June. For more information on the interest rate, students should contact the organization that holds their loan.

The “origination fee” of up to four percent of the loan principal is deducted proportionately from each disbursement made, although many lenders waive this fee. The lender may collect an insurance premium of up to one percent of the loan principal, which is deducted proportionately from each disbursement.

The amounts given are the maximum amounts that can be borrowed; however, students cannot borrow more than the cost of education at Southern Adventist University minus any other financial aid they receive.

**Associate Degree Students** will be considered as having less than 55 credit hours for loan purposes.

**Undergraduate Students Attending Less than a Full Academic Year** may borrow an amount which may be less than the amounts listed above. Information about how much may be borrowed can be obtained from the Enrollment Services Office.

### *Work*

**Federal Work-Study Program**—Federal Work-Study funds are available to undergraduate students with demonstrated financial need. Under the Federal Work-Study program, the employer pays a small part of the student’s wages, and the government pays the remainder. Most work-study positions are on campus. Students are responsible to acquire their own jobs.

Students can work part-time while they are in college. They can work full-time during the summer and other vacation periods. The basic pay rate is no less than the current minimum wage. The rate varies depending on the skill and experience needed for the job.

Students who receive Federal Work-Study earnings will receive 100% of their earnings unless they give written permission for their earnings to be applied to their student account. The Federal Work-Study Program is not a grant, but is the method of payment for a student’s eligible job. Further information is available from a Student Finance counselor.

### *Veterans' Benefits*

Southern Adventist University is approved for the training of veterans as an accredited training institution. VA benefits may not be available for students enrolled in classes offered off the Collegedale campus. Those who qualify for educational benefits should contact the nearest Department of Veterans' Affairs.

Veterans or other eligible persons are required to attend classes in order to be eligible for educational benefits. Southern Adventist University is required to report promptly to the VA the last day of attendance when an eligible student withdraws or stops attending classes regularly.

A recipient may not receive benefits for any course that does not fulfill requirements for his/her stated degree and major. Audited courses, non-credit courses (except for a required remedial course), and correspondence work cannot be certified. VA benefits cannot exceed Southern's total cost of attendance.

### *Tuition and Fee Waiver for Student Missionaries and Task Force Workers*

Those students planning to serve as Student Missionaries or Task Force Workers and enrolling in NOND 227 and 228, Christian Service I and II, will receive a full rebate of \$3,504/semester to cover 90% of the tuition for these classes (\$3,202) and the general fee (\$242).

Students enrolled in HMNT 215/415 Cross-Cultural Experience and COMM 291/391, Intercultural Communication Practicum, will be given a tuition rebate of \$403/semester hour.

Before final authorization may be obtained, all students going as Student Missionaries or Task Force Workers must be cleared by the Enrollment Services Office.

### *Collegedale Academy Students Tuition Fee Waiver*

Collegedale Academy students may take up to six credit hours at SAU at a rate of ½ of the current tuition rate per hour. Students eligible for denominational subsidy will receive the subsidy of 35% or 70% of the tuition paid. Private music lessons are at the regular SAU tuition rate.

## **FINANCIAL AID APPLICATION PROCEDURES**

### *Financial Aid Applications*

The Free Application for Federal Student Aid (FAFSA), or Renewal Free Application for Federal Student Aid (RFAFSA) for returning students must be submitted annually to apply for the federal, state, and institutional aid programs. This application should be completed at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) or mailed directly to the Federal Aid Programs in the envelope provided by the government.

Applications received by the priority deadline of March 31 will be given preference. To meet this deadline the FAFSA should be submitted no later than March 1. Applications received after March 31 will be processed as long as time and funds permit. Southern Adventist University's TITLE IV code is **003518**.

### *Verification*

The following documents must be submitted **only** if you have been selected by the government for verification. The Enrollment Services Office will notify you if these documents are needed.

1. The Federal Verification Worksheet. This worksheet should be completed, then mailed to the SAU Enrollment Services Office.
2. Copies of parents' signed income tax return (exact signed copies of all

- schedules and W-2 forms sent to the IRS). These copies should be mailed to SAU with the Federal Verification Worksheet.
3. Copies of student's signed income tax return including W-2 forms. These copies should be mailed to SAU with the Federal Verification Worksheet.
  4. A copy of FAFSA worksheets A, B, and C. This copy should be mailed to SAU with the Federal Verification Worksheet.

#### *Transfer Student Financial Aid Applications*

Financial aid for students transferring from other institutions will be determined by their academic standing, which will be calculated on all hours Southern has accepted. Students with a GPA below policy will be on financial aid probation for one semester. If the cumulative GPA or the completion rates are below the required levels at the end of the probationary period, students will be ineligible to receive financial aid. Deletion of transfer hours from Southern Adventist University academic records may affect a student's financial aid eligibility, depending on the number of hours deleted. Any change in academic program, such as changing from a baccalaureate degree program

to an associate degree program, or from an associate degree program to a one-year certificate degree program, may affect a student's eligibility for financial aid.

#### *Transient Student Financial Aid Applications*

Financial aid for transient students is available when a student receives a transient student permission letter from the Records and Advisement Office.

Eligibility for Federal Pell Grant and Federal Family Education Loans (Subsidized Stafford, Unsubsidized Stafford, and Parent PLUS) will be based on total hours enrolled at both institutions. Costs at both institutions will be a factor in determining eligibility.

## **FINANCIAL AID AWARD AND DISBURSEMENT PROCEDURES**

### *Financial Aid Award Procedures*

A Financial Aid Award Letter will be sent to each accepted applicant after the Enrollment Services Office receives the FAFSA results (electronically received from the federal processor). To confirm and reserve the funds offered, students should return the signed acceptance of the offer within **ten days** of receipt. It will be assumed that students are accepting the full award amounts if the award letter is not returned within the allotted time.

Financial aid awards are made on a rolling basis, as long as funds are available, with the most needy students receiving priority. The financial aid award package may be a combination of: 1) Federal Work-Study, 2) federal student loans, 3) federal, state, private, or institutional grants or scholarships.

### *Disbursement of Financial Aid Funds*

Financial aid awards are disbursed based on enrollment status each semester. The disbursement will show as a credit on a student's account. Loan funds received from the federal loan programs will in most cases be automatically credited to the student's account once entrance interview requirements are met. In the cases where the funds are received in the form of a check, the check will be available for signing in the Accounting Office. In addition, an entrance interview is required for first-time borrowers prior to receiving their loan funds. An exit interview is required when a student graduates or terminates his/her studies at SAU. It is the student's responsibility to notify the Enrollment Services Office if they do not plan to

return. A student's diploma and/or academic transcripts will not be released until an exit interview is completed.

#### *Financial Aid Overaward Procedures*

When financial aid recipients receive additional resources not included in the financial aid award letter, it is the student's responsibility to report these funds to the Enrollment Services Office. Federal regulations prohibit "overawards;" therefore, when the total of all resources exceeds the allowable student budget, financial aid awards must be adjusted. When financial aid funds have already been credited to the student's statement, any refunds due or overawards will be charged to the student's account.

### **FINANCIAL AID ELIGIBILITY REQUIREMENTS**

#### *General Requirements*

Financial aid awards are made for one academic year to students who are accepted for admission, demonstrate a financial need, and are enrolled for at least six credit hours on the Collegedale campus. Recipients of government aid **must hold U.S. citizenship or a permanent resident visa.**

Students desiring aid **must** reapply each year, have a GED or high school diploma on file in the Records and Advisement Office, and continue to make satisfactory academic progress toward a degree to receive financial aid.

**WARNING:** If a student purposely gives false or misleading information on the federal aid application, s/he may be fined \$10,000 by the US Department of Education, sent to prison, or both.

#### *Academic Progress Requirements*

##### Academic Progress Policy

Government regulations require all financial aid recipients to maintain satisfactory academic progress toward a degree as measured both qualitatively and quantitatively in order to receive financial aid. This requirement applies to the entire enrollment at Southern Adventist University—even periods during which a student does not receive financial aid. Failure to comply with this requirement may result in a student becoming ineligible for financial aid.

This policy defines the minimum standards for eligibility for state and/or federal financial aid.

##### Academic Progress Standards

###### ***Qualitative Standards:***

<u>Cumulative Credit Hours Attempted</u>	<u>Cumulative Grade Point Average</u>
0 - 23	1.50 or above
24 - 54	1.75 or above
55 or above	2.00 or above

###### ***Quantitative Standards:***

Students must complete and pass a minimum of **67.00 percent** of attempted credit hours toward a degree to be making satisfactory progress. Incompletes, withdrawals, and failed courses count toward the total attempted credit hours. A repeated course counts as attempted credit hours each time it is taken.

#### Time Frame for Receiving Financial Aid

<u>Degree Program</u>	<u>Degree</u>	<u>Max. Time to Receive Financial Aid</u>
General	baccalaureate	186 attempted hours
General	associate	96 attempted hours
Art	baccalaureate	190 attempted hours
Music	baccalaureate	198 attempted hours
Nursing	associate	103 attempted hours
<i>Second</i>	<i>baccalaureate</i>	<i>231 attempted hours</i>
<i>Second</i>	<i>associate</i>	<i>132 attempted hours</i>

The above maximum time frame to receive financial aid is based on 1.5 times the number of credit hours to attain a degree. *Hours from the first degree will be counted as attempted hours toward a second degree. Adding a second major does not count as a second degree.*

Time frame for transfer students will be evaluated according to the hours accepted from previous institutions and the attempted hours toward SAU's current degree program.

#### Progress Review

A financial aid recipient's progress at Southern Adventist University will be reviewed at the end of each semester and will be based on the number of attempted hours a student completes during each semester of an academic year and the cumulative grade point average (GPA).

Students who do not meet the above satisfactory GPA or completion requirements will be placed on probation. If the cumulative GPA or the completion rate is below the required level at the end of the probationary period, the student will be ineligible to receive financial aid and may file an appeal with the academic dean.

Students may enroll for the summer sessions or subsequent terms at SAU without financial aid assistance or attend another accredited institution to fulfill the progress requirements. Academic progress for these students will be reviewed prior to the release of financial aid for the following term in which the student reaches the necessary academic standard.

Students accepted to Southern Adventist University on academic probation will be eligible for financial aid for the first semester in attendance. Financial aid thereafter is based on the guidelines set on page 311.

#### Procedure for Appeal and Reinstatement of Financial Aid

Students who are found to be ineligible for financial aid based on progress will be notified in writing from the Enrollment Services Office. If unusual circumstances occur that include, but are not limited to, personal or family illness, injury, or death in the family, students may appeal in writing to the Academic Progress Committee for continuation of financial aid. Students will receive a written notification as to the committee's decision.

### **FINANCIAL AID REFUND POLICY**

The SAU refund policy for students withdrawing from classes is outlined on page 320. A \$100 administrative drop fee will be charged to students who withdraw completely during the 100% refund period.

Since financial aid is considered to be used first for direct educational costs (tuition, fees, room, board, and books), when a student withdraws from all classes and under the refund policy receives a refund of these charges, any credit will be used to reimburse financial aid programs first, and any remaining credit will be refunded to the student.

According to regulations, refunds due to Federal Title IV programs will be allocated according to the following priority:

1. Unsubsidized Federal Stafford loans
2. Subsidized Federal Stafford loans
3. Federal Perkins loans
4. Parent Federal (PLUS) loans
5. Federal Pell Grant program
6. Federal Supplemental Educational Opportunity Grant program
7. Other Title IV aid programs

#### *Amount of Title IV Aid Earned*

To calculate the amount of Title IV aid earned, the percentage of Title IV aid earned (as figured by the withdrawal date) is multiplied by the aid that has been disbursed as well as the aid that could have been disbursed.

#### *Amount of Title IV Aid to Return*

To calculate the amount of Title IV aid to return, the amount of Title IV aid earned (as figured above) is subtracted out of the aid that was disbursed as well as the aid that could have been disbursed.

For further explanation, please contact a Student Finance Counselor.

#### *Financial Aid Repayment Policy*

There are specific repayment policies for students who withdraw completely from SAU and have received financial aid in excess of their incurred educational costs. An

example would be the student who received a Stafford Loan and did not use the full amount for educational costs. An amount owing to any federally funded student aid program will be covered by SAU and then charged to the student's account.

### **DEFERMENT OF FINANCIAL AID REPAYMENT FOR STUDENT MISSIONARIES/TASK FORCE WORKERS**

Any student desiring to serve as a Student Missionary or in a Task Force position needs to apply through the Chaplain's Office. General Conference policy requires the completion of the course Student Missions Orientation Class, NOND 099, prior to placement in a volunteer position. The orientation class is taught the last nine weeks of the second semester. Students who register for NOND 099 will not receive any academic credit hours.

Those students who have not yet received their first bachelor's degree who desire deferment on their student loan payments during their mission service placement must enroll in NOND 227 Christian Service I, 6 hours, and NOND 228 Christian Service II, 6 hours.

To receive 12 hours of academic credit, the student must complete a full academic year of service. Students enrolled in NOND 227 and 228 must have taken NOND 099 as a prerequisite. A maximum of 12 hours is available during the year of service. Tuition is charged at ten percent of the current rate. Specific details regarding academic assignments may be obtained from the Chaplain's Office.

Before final authorization may be obtained, all students going as Student Missionaries or Task Force Workers must be cleared by the Enrollment Services Office.

## **STUDENT LABOR**

### *Student Labor Regulations*

Work opportunities are available in departments/schools and industries operated by the University and at local private businesses. Students seeking employment should contact the Human Resources Office or visit [hr.southern.edu](http://hr.southern.edu) for a listing of available positions or to complete an employment application.

Although Southern Adventist University cannot guarantee a student employment, the University will endeavor to find a work opportunity either at the University or at a local business. Students are urged to arrange class schedules that allow blocks of time for work.

All hiring formalities are completed in the Human Resources Office. Students must bring their Social Security cards and one identification document, such as a passport, driver's license, or original birth certificate, in order to complete the hiring process legally. Students who are not American citizens must produce an unexpired employment authorization document such as a valid I-20 or other legal document before employment can be arranged.

Students are expected to maintain satisfactory job performance and meet all work appointments, including those during examination week. Work superintendents reserve the right to dismiss students if their service and work records are unsatisfactory. Should a student find it necessary to be absent from work, s/he must make arrangements with the work supervisor and, if ill, with Student Health Services.

A student accepting employment is expected to retain it for the entire semester except in cases where changes are recommended by the school nurse or the Human Resources Office. Should a student receive opportunities for more favorable employment at another department on campus during the semester, the transfer must be made through the Human Resources Office and the two employing departments. A student must NOT drop his/her work schedule without notifying the Human Resources Office.

Students can work part-time while they are in school. They can work full-time during the summer and other vacation periods. The basic pay rate is no less than the current minimum wage. The rate varies depending on the skill and experience needed for the job.

Students who work more than 20 hours per individual week or who are enrolled for less than 12 credit hours will have Social Security taxes (FICA) withheld from their earnings.

### *International Student Labor Regulations*

International students on non-immigrant visas are required by law to secure permission before accepting any off-campus employment. Foreign

students with student visas are allowed to work on campus up to 20 hours a week. Spouses may work only if they have student visas of their own or have immigrant visas.

#### *Student Payroll Policies and Procedures*

Students will receive 25% of their net earnings for tithe and personal items directly deposited into the bank account of the student's choice.

Students who receive Federal Work-Study earnings will receive 100% of their net earnings unless they give written permission for their earnings to be applied to their student account or they voluntarily return their earnings to be applied to their student account.

The payroll period normally covers a two-week time period and students are paid every other Friday.

It is recommended that on-campus summer earnings remain on the students' accounts to accumulate toward their advance payment.

#### *Student Workers' Compensation Insurance*

As provided by the laws of the State of Tennessee, the University carries workers' compensation insurance to protect all employees in case of work-related accidents.

### **STUDENT FINANCIAL RESPONSIBILITY**

#### *Student Responsibility for University Expenses*

The Enrollment Services Office will assist students in their financial planning. Financial aid is available to qualified recipients in the form of scholarships, grants, loans, and work opportunities. However, responsibility for payment of University expenses rests with the student, regardless of any assistance which may be expected or received from federal financial aid, parents, Southern Adventist University, denominational employers, or any other source.

Before registering, each student must submit a Payment Contract to the Enrollment Services Office signed by the student indicating acknowledgment of this responsibility.

Information on student costs and means of paying those costs is given throughout this "Financial Policies" section of the *Catalog* to assist students in financial planning. Student financial responsibility includes awareness of this information.

#### *Student Check Cashing*

Students are encouraged to use their home banks or a local area bank for their personal financial services. SAU does not cash personal checks.

#### *Student Banking*

For the convenience of students and/or their financial sponsors, no-fee banking is available at the Collegedale Credit Union located in Fleming Plaza on the University campus. Service is provided six days each week. With a \$50 savings account students can open a no-fee checking account with no minimum balance. Several commercial banks close to the campus community provide similar opportunities.

#### *Student Personal Effects Liability*

When determining what to bring to campus, students should remember that the University is not responsible for the personal effects of any student even though such effects may be required by the University for student use,

or required by the University to be stored in a designated location. University-carried insurance does not insure the personal effects of any individual. The University recommends that students consider carrying insurance against possible losses.

### FEES AND CHARGES

The following fees and charges apply only to undergraduate students on the Collegedale campus. Information concerning graduate student charges is available

in the *Graduate Catalog*. Students should contact off-site campuses directly for information about their costs.

Students taking less than six credit hours must pay the full amount of tuition in advance. No discount is available for students who fall in this category.

*Approved Items to Charge to Student Account*

Any charges to a student's account, outside of the normal educational expenses, must be approved by the Enrollment Services Office. Examples of charges which will not be approved are student club dues and departmental or class tours.

#### *Food Service and Village Market Charges*

Southern's food plan allows residence hall students the privilege of choosing from a large variety of dining options. Students may eat at the Campus Kitchen, Dining Hall, KR's Place, and at the Village Market. Residence hall students will be billed \$1,000 at the beginning of each semester.

The \$1,000 food allowance for the fall semester begins August 17, 2006, and ends on December 31, 2006. The \$1,000 food allowance for the winter semester begins January 1, 2007, and ends on May 6, 2007. There are no minimum charges for the summer months (students taking classes during the summer can use their Campus Card to charge food at the Dining Hall and will be billed monthly for their charges).

Two Hundred Dollars of the \$1,000 per semester food charge is designated for purchases at the Village Market as well as for making photocopies and/or paying computer lab printing expenses. The remaining \$800 is for purchases at Food Services (Campus Kitchen, Dining Hall, and KR's Place).

Once a student has used their \$800 for purchases from Food Services, food charged to the Campus Card over that amount will be automatically billed to the student's statement on a monthly basis. Once a student has used their \$200 for purchases from the Village Market, the student will have to use cash or credit card to place additional funds onto their Campus Card to be able to make additional purchases at the Village Market using their Campus Card. Purchases at the Village Market can still be made with a personal credit card or cash.

Refunds will only be issued if the student discontinues their enrollment at Southern. The refund for the Food Service and Village Market amounts will be pro-rated based on their official total drop date as determined by the Records and Advisement Office. A student will not be refunded more than the \$1,000 minus what they have already used.

Community students may charge food at the Campus Kitchen, Dining Hall, and KR's Place as long as their school accounts are paid monthly by the due date. In order for community students to charge Village Market purchases onto their Campus Card, they will have to use cash or credit card to first place funds onto their Campus Card.

#### *Books and School Supplies Charges*

Books and school supplies may be charged at the Campus Shop. A student will be allowed to charge to their student account up to a maximum amount for books, school supplies, and miscellaneous items.

Students may not charge items from the Adventist Book Center or other book stores to their student accounts.

#### *Nursing Education Deposit and Fees*

Upon acceptance to the clinical nursing program, students are required to send a deposit of \$400 to hold their placement in the class. Requests for refund must be made through the School of Nursing no later than August 1. All A.S. nursing classes will have a \$170 Nursing Education fee assessed

per class, and B.S. nursing classes will have a \$57 Nursing Education fee assessed per class. NRSG 191, Nursing Practicum, has a \$113 Nursing Education fee assessed.

#### *Music Lesson Fees*

Private music instruction is available to all students through the School of Music. Students enrolled in lessons will be charged \$150 per semester hour (14 half-hour lessons) in addition to tuition (regular or audit rate).

Excused absences may be made up at the discretion of the teacher if previous arrangements have been made. Lessons falling on holidays or during vacations will not be made up unless this results in the student having fewer than 14 lessons for the semester.

#### *International Student Deposit*

In addition to the regular University costs, international students must provide an International Student Deposit of \$3,000 U.S. This applies to all international students except documented permanent residents of the U.S. or residents of Canada and Bermuda. The deposit must be received by the Enrollment Services Office before a U.S. Immigration Form I-20 is sent to the prospective student for entry to the U.S. Because mail service from many foreign countries takes time, this deposit should be sent at least six weeks prior to enrollment. This deposit, once paid, remains untouched (with interest paid once a year at the rate of two percent) until the student graduates, withdraws from SAU, or is unable to pay his or her student account, at which time the international deposit will be applied to the student's account. If the student's account has been paid in full, the deposit will be refunded after the final statement is issued.

#### *Health and Accident Insurance*

University policy requires all students to have adequate accident and health insurance covering both inpatient and outpatient services. The same coverage is encouraged for all spouses and dependents. All students who are taking six or more hours (three or more hours during any summer session) or who are living in University housing will automatically be enrolled in the University health and accident plan at the time of registration, and will continue to be enrolled each successive semester until a waiver form is signed and proof of insurance is received. Students who have signed a waiver form may later request enrollment at any time. The student may sign a waiver form indicating s/he does not want the University insurance because:

1. The student has adequate US insurance coverage equal to or better than the University insurance plan.
2. The student is covered under the SDA denominational health care plan.
3. The student does not live in University-owned housing and is taking **less than six semester hours** of class work during the fall and winter semesters or less than three hours of class work in the summer.

**A refund of the premium is allowed only upon entry into the military services or by providing evidence of other insurance prior to midterm.**

#### *Residence Hall/Campus Housing Charges*

##### Residence Hall Costs

Room charges are based on two students occupying one room.

Residence hall accommodations costs for each individual are \$2,564 (no bathroom) or \$2,644 (with bathroom) for the school year. Charges are made on a semester basis beginning in August and January. A student may, upon application to the residence hall dean, be allowed to room alone at a cost of \$3,906. Residence hall students living in the Southern Village apartments are charged \$2,924 for the school year. It is the student's responsibility to have arranged for a roommate unless specific arrangements have been made to room alone. No pets, firearms, or weapons are allowed in the residence hall.

No refunds are made for vacation periods or absences from the campus. When a student withdraws, a prorated portion of the semester charge, beginning with the date of non-occupancy of the room, will be refunded.

#### Residence Hall Deposit and Deposit Refund

A room deposit of \$250 is required of each resident. To guarantee a room in the residence hall, payment of this deposit must be made by July 14. After July 14, no room is held for a student whose deposit has not been paid. This deposit should be sent directly to Southern Adventist University and is held in reserve until the student graduates and/or permanently moves out of the residence hall. The deposit is in addition to any other payment, and is refundable if requested before July 14.

#### University Apartment Costs

University-owned apartments may be rented by students taking a minimum of six hours each semester (preference is given to married students). The apartments range in size from one to three bedrooms and are rented unfurnished (furniture rental available). Rents range from \$300 to \$700 and will be charged by semester in August and January. Rent will be charged monthly during the summer. Charges are based on the date of issue and return of keys and proper clearance with the office of the Vice President for Financial Administration. No pets, firearms, or weapons are allowed in University housing.

#### University Apartment Deposit and Deposit Refund

Married students and single students over 23 years of age renting an apartment from the University must pay a housing deposit of \$250 to reserve an apartment. This housing deposit is due before occupancy and is sent directly to Southern Adventist University. The deposit is in addition to any other payment.

If a student gives notice before August 1 that s/he will not be attending, the housing deposit will be refunded. Damage or cleaning charges may also be charged to the student's account if the deposit is insufficient to cover these costs. The housekeeping supervisor at the Service Department will determine whether the apartment has been left clean and undamaged. A packing and moving fee may be charged as necessary.

#### *International Trips*

Tuition for international tours/trips are charged at one-third the normal tuition rate. Students eligible for tuition subsidy will receive 70% of the tuition charge.

#### *Adventist Colleges Abroad Fees*

Students wishing to apply for study abroad under the Adventist Colleges Abroad (ACA) program must follow the procedures listed below:

1. Obtain an ACA application from Southern Adventist University's Enrollment Services Office or Modern Languages Department.
  2. Complete and return the ACA application to the Modern Languages Department.
  3. Follow one of the following payment plans:
    - a. Pay the total amount of tuition, room, board, hospital and accident insurance, personal account deposit, and tour deposit of the chosen school by August 1.
    - b. Semester System: Pay one-half of the total charges and tour charge by August 1. The remaining one-half must be paid by November 1.
    - c. Quarter System: Pay one-third of the total charges and tour charge by August 1; one-third by November 1; and the remaining one-third by February 1.
  4. Make all payments by cash, check, money order, or credit card.
- University funded scholarships are not available for ACA students. When planning their finances for the ACA program students must:
1. Have their Southern Adventist University account paid to date.
  2. Have completed all necessary paperwork for federal financial assistance and received a financial aid award letter before August 1 if relying on financial aid.
  3. Subtract tuition assistance and/or federal financial aid from the total ACA charges due.
  4. Pay SAU for charges before the University makes payment to ACA. **If payment is not received, students will be sent back from ACA.**

### SAU REFUND POLICIES

#### Refund for Complete or Partial Withdrawal

Residence hall and University apartment refunds are prorated according to the number of days the student occupies the room subtracted from the number of days charged.

A student who withdraws from school completely during the semester will receive a tuition and general fee refund based on the date the completed withdrawal form with all required signatures is filed with the Records and Advisement Office.

Tuition refunds are calculated as follows:

1 <sup>st</sup> week	100%	
2 <sup>nd</sup> and 3 <sup>rd</sup> weeks	80%	
4 <sup>th</sup> and 5 <sup>th</sup> weeks	60%	
6 <sup>th</sup> , 7 <sup>th</sup> , and 8 <sup>th</sup> weeks	40%	
9 <sup>th</sup> week		0%

Music lesson and lab fee refunds are also calculated according to the above policy.

#### Refund for Shortened School Term Withdrawal (including Summer Sessions)

1 <sup>st</sup> two school days	100%
3 <sup>rd</sup> and 4 <sup>th</sup> school days	60%
5 <sup>th</sup> day through end of term	0%

### Refund of Credit Balances

Credit balances are refundable, upon request from financial sponsor, 30 days after the monthly statement is received for the last month the student was in college in order to be certain that all charges have been processed. For example, if a student drops out of college in December, a full credit refund would not be made until after the January statement is prepared during the first week of February. When the credit balance is large, a portion may be refunded earlier upon request to the Enrollment Services Office.

If the student has a credit balance caused by a financial aid over-award, the necessary credit will be applied to the aid funds, according to the Financial Aid Refund Policy described on page 312. If any credit remains, it will be refunded as described above.

Any refund will be credited back first to any credit card that was used to make payment within 90 days of the refund. If the refund involves a credit card payment exceeding \$2,000, the refund will be credited back first to the credit card regardless of the date of payment.

### **METHODS OF PAYMENT**

The following methods of payment are available. Families who do not enroll in one of these payment plans must pay the amount due indicated on the student's monthly statement each month by the due date.

If a check is returned by a bank for insufficient funds, account closed, or any other reason, a \$25 returned check fee will be assessed to the student's account. This also forfeits the privilege of paying by check.

#### *Payment Plan I*

**Year in Advance**—SAU offers a five percent discount if payment is made by cash or check and a three percent discount if payment is made by credit card or Parent Plus Loan. Students choosing to pay the year in advance must, on or before registration, pay the full amount required by the plan. Amounts paid as a result of scholarships, grants, and/or student loans are excluded from the amount on which the discount is allowed. A worksheet for each student desiring the prepayment discount must be completed by the Enrollment Services Office.

#### *Payment Plan II*

**Semester in Advance**—SAU offers a three percent discount if payment is made by cash or check and a one percent discount if payment is made by credit card. Students choosing to pay the semester in advance must, on or before registration, pay the full amount required by the plan. Amounts paid as a result of scholarships, grants, and/or student loans are excluded from the amount on which the discount is allowed. A worksheet for each student desiring the prepayment discount must be completed by the Enrollment Services Office.

#### *Payment Plan III—Monthly Payments*

A monthly payment plan is available for the 2006-2007 academic year through the Enrollment Services Office.

#### *Credit Card Payments*

The Cashier's Office honors VISA, MasterCard, Discover, American Express and debit (if card owner is present) cards for making payments on a student's account. There are different discount rates when making payments

by credit card. **No cash withdrawal service is available from these cards**—this service may be obtained from a local bank.

When using a credit card to pay on an account, the following information must be supplied: 1) name of credit card being used; 2) cardholder's name; 3) credit card number; 4) expiration date; 5) student's name and ID number; 6) amount to be charged on card; and, 7) the billing address of the credit card.

Any refund will be credited back first to any credit card payments that were made within 90 days of the refund. The 30 day limitation does not apply when payments made by credit card exceed \$2,000. In these cases the limitation will be the entire school year.

#### *Automatic Credit Card Payments*

Payment through automatic credit card deductions may be arranged. This arrangement is made through the Enrollment Services Office. A signed written request for automatic credit card deductions, stating the amount to be deducted, the date each month the deduction should be made, the amount to be deducted each month, and the billing address of the credit card will be required.

#### *Personal Check Payments*

Payments made to a student's account by personal check should have the student's University personal identification number (ID number) written on the check. If the ID number is not written on the check when it is received by SAU, it will be written on the check by an SAU employee for posting purposes.

### **BILLING PROCEDURES**

#### *Monthly Statements*

Statements will show all monthly/semester charges and credits and will be mailed to students on or before the 5<sup>th</sup> business day of each month. The minimum payment is due the 28<sup>th</sup> of each month. In some cases, the statement may take an extended amount of mail time to reach the parent or financial sponsor. It is the responsibility of the student to communicate the minimum due to the parents/financial sponsor in these cases. Students who do not pay by the 28<sup>th</sup> will be assessed a \$25 late fee.

Before registering for a new semester, the student account balance must be paid in full.

#### *Tuition Assistance*

Please notify Enrollment Services if either parent is eligible for tuition assistance from an employer. Indicate whether the employer is an educational institution or some other organization. Upon receiving this information, Enrollment Services will bill the parent's employer for the appropriate amount. It is still the responsibility of the parents to ensure that the tuition assistance is paid by their employer. If a student receives an award letter that does not include tuition assistance, but that student is eligible for tuition assistance, the award letter must be adjusted. Please notify the Enrollment Services Office if this is the case.

#### *Transcript Requests for Currently Enrolled Students*

It is the policy of the University to withhold transcripts if a student has an unpaid or past-due account at the University, or any unpaid account for which the University has co-signed.

An official academic transcript will be issued for a currently enrolled student when the student's account is current according to the payment plan the student is on. Exceptions may be considered to receive an official academic transcript when the account is current except for a pending disbursement of a Federal student loan. A student's failure to comply with instructions can delay the release of a transcript.

When payment is made by personal check, the transcript will be held for ten working days to allow the check to clear. **TO EXPEDITE THE RELEASE OF THESE DOCUMENTS, THE STUDENT SHOULD SEND A MONEY ORDER, CASHIER'S CHECK, OR PAY BY CREDIT CARD TO COVER THE BALANCE OF THE ACCOUNT WHEN REQUESTING THE DOCUMENTS.** Under provisions of federal loan programs, Southern Adventist University withholds any records when payments for these loans become past due or are in default.

### COLLECTION POLICIES AND PROCEDURES

#### *Accounts Collection Policy*

Students completing or terminating their studies with the University are required to pay their balance in full prior to leaving. Payments due on non-current accounts that are not received by the last working day of the month will be charged a one percent service charge.

When a student who was enrolled first semester does not enroll second semester and has left with an unpaid account, that account will be designated a non-current student account and will be reported to a credit bureau, as of February 15.

When a student leaves at the end of second semester who does not return for the summer session and has left with an unpaid account, the account will be designated a non-current student account as of June 15 and reported to the credit bureau.

When a student leaves at the end of second semester with an unpaid account and plans to return the following year, the student will have until June 28 to bring the account current. If the student decides not to return, then this account will be designated a non-current account as of September 15 and reported to the credit bureau.

At the time any account is designated non-current, a carrying charge of one percent per month will apply.

When a non-current account is 90 days past due and neither satisfactory payments nor communication have been received, and unsuccessful attempts have been made by the Enrollment Services Office to contact the individual, the account will be submitted to a collection agency or attorney.

If the University deems it necessary to employ a collection agency or an attorney to collect defaulted accounts, all charges for these services, including court costs, if incurred, will be added to unpaid bills.

Any student that has an amount that has been written off due to an uncollectible account, settlement, or lost account must pay the written off amount prior to receiving transcripts, enrolling in any class, or being re-accepted as a student.

Any student with an account that has not been paid in full due to a bankruptcy filing, must be paid in full before acceptance or enrollment unless (1) the student has received a hardship discharge from the bankruptcy court and provides a copy of the same to the University or (2) the student can demonstrate to the satisfaction of the University that his or her account falls

outside of the educational benefit discharge exception of Section 523(a)(8) of the Bankruptcy Code.

*Policy on Transcript, and Diploma Requests for Non-current Students*

It is the policy of the University to withhold transcripts, diplomas, certificates of completion, and other records if a student has an unpaid or past-due account at the University or (if a federal loan borrower) has not completed an Exit Interview.

Official academic transcripts for non-enrolled students will be issued only after students' accounts are paid in full and when there are no delinquencies in the payment of student loans. No exceptions will be made.

When payment is made by personal check, the transcript will be held for ten working days to allow the check to clear. **TO EXPEDITE THE RELEASE OF THESE DOCUMENTS, THE STUDENT SHOULD SEND A MONEY ORDER, CASHIER'S CHECK OR PAY BY CREDIT CARD TO COVER THE BALANCE OF THE ACCOUNT WHEN REQUESTING THE DOCUMENTS.** Under provisions of federal loan programs, Southern Adventist University withholds any records when payments for these loans become past due or are in default.

*Policy on Legal Proceedings*

Southern Adventist University shall not render services to former students who may be involved in any legal proceedings, until court confirmation has been received with regards to the legal actions taken.

*Bankruptcy Policies and Procedures*

Recognizing that the discharge of a debt through bankruptcy proceedings prohibits a creditor from subsequently pursuing the collection of the debt, the University, upon notification by the court of such filing, will comply with this legal prohibition. No further services will be extended. The bankruptcy of the financial sponsor in no way changes the underlying financial obligation of the student to pay his or her student account.
