# eCOMMONS

*University of Dayton's open-access institutional repository*

You publish research or produce creative works …

… but not everyone can access it.

Send us a list of your scholarly works …

**OPEN ACCESS**

We'll research what can go in eCommons …

… so your work can reach everyone who's interested.

You benefit.
UD benefits.
Knowledge grows.
Research advances.

# GOT DATA?

*New federal rules for research data are now in effect.*

University Libraries can help you share your research data ...

... with researchers around the world.

Start with our research guide, then meet with your liaison librarian to talk about ...

... data plans, file formats, curation and storage.

eCommons is one of many options for archiving your data.

Connect with your librarian today.
Call **937-229-4270**
